The provisions of this publication are not to be regarded as an irrevocable contract between the student and Sandhills Community College. The College reserves the right to change any provision or requirement at any time within the student's term of residence or to add or withdraw course offerings. The College further reserves the right, at any time, to request that a student withdraw when such action is considered to be in the best interest of the institution.

UNIVERSITY STUDIES PROGRAM

The University Studies Program provides opportunities for students to complete coursework that will transfer as baccalaureate credit to four-year colleges and universities. By completing courses in the Arts and Sciences, students can earn Associate in Arts, Associate in Science, or Associate in Fine Arts degrees. These degrees are designed to prepare students to continue their education as juniors in their field of study. By completing the 44-semester-hour General Education Core, students can earn the Transfer Core Diploma in Arts or in Science.

Sandhills actively and fully complies with the 1997 Comprehensive Articulation Agreement between the North Carolina Community College System (NCCCS) and the University of North Carolina (UNC) System. This agreement establishes college transfer courses, degrees and policies that are accepted by all 58 community colleges and all 16 UNC colleges and universities. Students who complete degree requirements and are admitted to a UNC university will have certain guarantees that credits earned will transfer. These guarantees are discussed in the “degree requirements” sections that follow.

Students who do not complete all degree or general education requirements of the Comprehensive Articulation Agreement (CAA) will be able to transfer credit on a course-by-course basis and must comply with the requirements of the receiving institution. In all cases, it remains the responsibility of the student to be aware of special requirements of a particular institution or program. (Detailed information is available at www.northcarolina.edu.)

Special Note: Students planning to transfer to four-year UNC institutions must comply with the University of North Carolina Minimum Course Requirements (MCR), published at www.northcarolina.edu. Students who do not satisfy these requirements in high school may comply with the MCR in one of the following ways:

- They can receive an Associate in Arts or Science, Associate in Fine Arts, Bachelor of Arts or Science, or any higher degree.
- They may complete the 44-semester-hour CAA General Education Core as described in the Transfer Core Diploma information or as described in the associate’s degree requirements that follow.
- They may complete at least 6 semester hours of credit in each of the following subjects: English, mathematics, natural sciences, social and behavioral sciences, and (for students who graduate high school in or after 2004) a second language.

Associate’s Degree Requirements

To be awarded an associate’s degree, a student must complete 64 to 65 semester hours of credit, which include all requirements applicable to a particular degree program or pre-major agreement. At least 18 semester hours of credit must be completed at Sandhills Community College. A 2.0 grade point average must be maintained, and only courses completed with a grade of “C” or higher will qualify for transfer.

Courses required are either part of the **General Education Core** or are considered **Other Required Hours**.

General Education Core

The General Education Core includes study in the areas of the humanities and fine arts, social and behavioral sciences, natural sciences and mathematics, and English composition. Within the core, students receive opportunities to achieve competence in reading, writing, communicating, demonstrating mathematical skills, understanding science concepts, and using computers.

Other Required Hours

Other Required Hours provide the opportunity for students to specialize and tailor their degree programs to particular interests, majors or career fields.

Transfer Core Diploma

Students who **successfully** complete the 44-hour General Education Core **with a grade of “C” or higher in each course** may be awarded the Transfer Core Diploma. As defined by the Comprehensive Articulation Agreement between the UNC System and the North Carolina Community College System and approved by the North Carolina Legislature, the 44-hour General Education Core includes study in the areas of the humanities and fine arts, social and behavioral sciences, natural sciences and mathematics, and English composition. Completion of the general education core **with a grade of “C” or higher in each course** for either the Associate in Arts or the Associate in Science degrees as described in this *Catalog*, will fulfill the requirements of this diploma.

Pre-Major Agreements

Pre-major agreements have been developed statewide as advising aids in several major areas. These agreements specify, in greater detail, which courses students may take to be prepared to enter major programs at the junior level. Any student who successfully completes the requirements of an approved pre-major agreement will be awarded the Associate’s Degree appropriate to the major from Sandhills Community College.

Sandhills Community College offers the following Pre-Major Articulation Agreements. Details of these agreements are available to students from their advisors, the college transfer counselor, www.northcarolina.edu, or www.sandhills.edu.

TRANSFER CORE DIPLOMA PROGRAM

The General Education Core requirement of 44 semester hours of credit has been established under the Comprehensive Articulation Agreement. Any student who successfully completes the entire 44-hour core with a grade of “C” or higher in each course will be able to transfer all 44 hours as a block to any UNC institution, upon acceptance to that UNC institution. This 44-hour core will fulfill the lower-division general education requirements of the receiving UNC institution even if specific course requirements at the institution are different. Upon successful completion of the 44-hour core with a grade of “C” or higher in each course, a student will be awarded the Transfer Core Diploma. Earning this Diploma makes transferring to the UNC system and to many private four-year institutions easy and seamless.

ASSOCIATE IN FINE ARTS IN ART DEGREE REQUIREMENTS (A1020A)

The Associate in Fine Arts in Art degree is designed to prepare students to transfer to a Bachelor of Fine Arts degree program at a senior college or university. Students will receive a foundation in color, design, drawing and fundamentals of studio techniques. Upon completion, they should be able to present a portfolio of work that is strong enough to allow them to continue their work as juniors and begin an area of concentration at the senior transfer institution. Because the AFA curriculum standard includes only 28 semester hour credits for general education, AFA students who transfer must meet the general education requirements of the receiving institution

ASSOCIATE IN FINE ARTS IN MUSIC AND MUSIC EDUCATION DEGREE REQUIREMENTS (A1020D)

The Associate in Fine Arts in Music and Music Education degree is designed to prepare students for transfer to a Bachelor of Fine Arts degree program at a senior college or university. Students will receive a foundation in music theory, music history, and applied music performance skills. They should be able to audition on their primary instrument or voice and complete theory and history placement exams to allow them to continue work as juniors and to begin an area of concentration at the transfer institution.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.
