

COMMUNITY ENRICHMENT CLASSES SPRING 2010

The Community Enrichment division of the College seeks to facilitate the learning and participation of adults in the region in order to improve their lives and the community. Classes are designed to allow you to strengthen existing proficiencies, to experience cultural or academic enrichment, or to provide you with an opportunity to investigate a new curiosity.

Classes begin almost weekly throughout the year. We ask you to register several weeks prior to the first meeting date of the class. Many fill quickly, so it is wise to register on or near the first date of registration each semester. Community Enrichment classes are offered on an “all must pay” basis.
