Mr. Hayter referred the Trustees to the **Project Updates** and stated that he visited both the Physical Plant and General Classroom Building sites. Logan Hall is ahead of schedule, and the Physical Plant is behind due to a delay in the supply of steel components for this building. During the Buildings and Grounds Committee meeting there was a discussion of performance contracting. This will be looked into further before any decisions are made. Mr. Hayter then reported that at the moment there will be no cosmetic changes to Causey Hall.

Mr. Little asked if there were any other questions related to Buildings and Grounds. Hearing none, he moved to the next agenda item the **Educational Programs Committee Report**. Mr. Brown was not present so Dr. Turner gave a short report for this committee. He stated that we are close to establishing a pathway for college transfer, and career and technical education for high school students to choose from and then move forward on that pathway. Planning Committee to approve the College Strategic Plan as presented. Mr. Hayter seconded the motion and it carried.

Mr. Clendenin then reported for the Planning Committee. He pointed out some important dates coming up to the trustees. On November 1, 2011, there will be a Community Listening Forum beginning at 7:30 a.m. for breakfast. The second is the Quality Conference which will be held on November 22, 2011, from 11:00 a.m. until 2:00 p.m. Following the Quality Conference the Planning Committee will meet to cover items picked up in the conference. Dr. Turner explained the focus for the breakfast and Community Listening Forum will be to get community input for the Quality Enhancement Plan. The QEP will involve an activity; we must do a research project that is focused around learning but first we need a topic. The community must be a part of choosing this topic for SACS requirements. He explained that Rick Smith and John Stacey will identify appropriate people to be at the meeting. In essence, it is open to anyone in the community, but specific people will be asked to attend. We will have suggested topics and then ask what will enhance student learning at Sandhills Community College. Dr. Turner asked the trustees to please let Dr. Kristie Sullivan know if they plan to attend, and emphasized that it would be nice to have a trustee at each table. SACS will look at whether or not the trustees were involved in this process as well. The visiting SACS Committee will be here in the winter of 2013; at that time we have to give them two years worth of data. The college is developing extensive software documents such as faculty credentials which can be viewed through the web. Mr. Clendenin then stated that faculty, staff, and trustees are invited to planning meetings. At the Quality Conference we look at the Strategic Plan and establish what major goals to set. We also look at benchmarks and re-examine the Strategic Plan on success. Mr. Hayter recommended all the trustees be there and expressed how informative it had been for him in previous years. Mr. Clendenin reminded everyone that following the conference the Planning Committee will meet at 2:30 p.m.

Mr. Clendenin presented the next item which was the updated college mission statement to be incorporated into the Personnel and Policy Manual.

Mr. Little introduced Mr. Washington to present for the **Personnel Committee**. Mr. Washington reported on the **Personnel Action** items and asked the trustees if they had any questions. Mr. Washington made a motion from the Personnel Committee to approve the new mission statement, and the updated Personnel and Policy Manual for 2011-12 to include this mission statement. Mrs. Graham seconded the motion and it passed unanimously.

Mr. Washington then went over the list of **Personnel Information** with the trustees explaining that these were a summation of part-time faculty, resignations, retirements and other promotions or new hires.

With no other personnel items to address Mr. Washington deferred to Chairman Little to proceed with the meeting.

Mr. Little then introduced Mrs. McCaskill to report for the **Student Affairs Committee**. Mrs. McCaskill stated that the committee had not met at this time.

Chairman Little then introduced Mr. Smith to give the **Foundation** report. Mr. Smith stated that the annual golf tournament last month had sixty-four representatives from South Atlantic and it was very successful. He then reported that our Homecoming event was over the weekend and there were over three hundred people there. He reminded the trustees that the Scholarship Dinner nights are September 26<sup>th</sup> and 27<sup>th</sup> and invited them to come to both. Dr. Dempsey remarked that this is the one event to attend as it is a very moving experience. Mr. Smith agreed that it never fails to choke you up, and the emotional crescendo is when the student speakers take the podium. He emphasized this is really the time to come and see what we do in action. Mr. Smith reported that there is a Foundation Board meeting a week from today. Stan Bradshaw is the new chair, and Susan Leader the new vice chair. He mentioned that Ms. Leader will also help to plan the College's 50<sup>th</sup> celebration. In closing, he gave kudos to Cheryl McNeill who articulated the need for the simulation lab, Germaine Elkins for coordinating funding, and Dr. Dempsey for his pitch to Charles Frock from FirstHealth for support of this project.

President Dempsey gave the **President's Report**. Dr. Dempsey reported that he had a meeting with Harris Blake and representatives from China for students to come in future years. He then stated that Donnie Hunter and others are currently conducting a "Spirit of Sandhills" program to acquaint employees with leadership, management, and other important topics. They meet every two weeks for about sixteen sessions. Most of these sessions will be conducted by Mr. Hunter and staff; however, they are also using some Foundation directors. The sessions are on Thursday afternoons from 1:00 – 4:00 p.m. He noted that there were twice the number of applicants than could be taken, but hopefully the college will do it again in the next couple of years. Mr. Little expressed that this was very good; faculty and staff will benefit tremendously from this opportunity.

With no further business, Chairman Little made a motion to adjourn the meeting. It was seconded by Mr. Horne and the meeting adjourned at 6:53p.m.

Respectfully submitted,

George W. Little, Chairman
