

APPSTATE

Bachelor of Science Health Sciences

Your Pathway to Health Care Leadership

Health professionals with an Associate in Applied Science (AAS) degree in a health-related field can seamlessly transition to a bachelor's degree at App State that maximizes previous coursework.

Course Overview

This program provides the foundation, knowledge and skills needed to develop, manage, lead and evaluate health initiatives.

- 120 hours of coursework (30+ from AAS degree will count toward the degree requirement)
- Completion time for most full-time students is 2 years

Career Paths

Health care leaders are critical in meeting the health and wellness needs of our region and beyond. **Examples of potential careers:**

- Health Services Administrator
- Community College Allied Health Instructor
- Health Education Specialist
- Medical Office Manager

Program Locations

Boone campus
Hickory campus
Online
