CCP PROGRAMS

CAREER & COLLEGE PROMISE COLLEGE TRANSFER PATHWAY LEADING TO THE ASSOCIATE IN FINE ARTS IN MUSIC

Career and College Promise provides a focused means for students to begin completion of college transfer credits or career training prior to their graduation from high school. Courses under Career and College Promise are offered to high school students with no charge for tuition.

Eligible high school students may earn:

- College credit, which is completely transferrable to all UNC System Institutions, as well as many private schools and out-of-state universities and colleges.
- College credit toward a credential, certificate or diploma in a technical career.
- Workforce Continuing Education credit toward an industry-recognized credential or certification.
- A high school diploma and two years of college credit in four to five years through cooperative innovative high schools (Hoke County students only).

Upon meeting eligibility requirements, students may enroll in a College Transfer pathway, a curriculum Career and Technical Education pathway, a Workforce Continuing Education pathway, or SandHoke Early College High School (Hoke County students only).

Students may be concurrently enrolled in two pathways as follows:

- Two career-technical pathways,
- Two Workforce Continuing Education pathways,
- One career-technical pathway and one Workforce Continuing Education pathway,
- One college transfer pathway (if eligible) and career technical pathway,
- One college transfer pathway (if eligible) and one Workforce Continuing Education pathway.

Students must maintain a 2.0 grade point average in college courses to participate in the program.

College Transfer Pathways

Students may earn college transfer credits that will transfer to any public North Carolina university as long as a grade of C or better is earned in each course. Credits may also be accepted for transfer by private or out-of-state schools. Courses may be offered on one of the SCC campuses, on one of the high school campuses or online. Not all courses are offered at all of the high schools.

Career & College Promise College Transfer Pathway Leading to the Associate in Fine Arts in Music (P1072C)

The CCP College Transfer Pathway Leading to the Associate in Fine Arts in Music is designed for high school students who wish to begin study toward the Associate in Fine Arts in Music and a baccalaureate degree in Music.

GENERAL EDUCATION (25-26 SHC)..... 25

The general education requirement includes study in courses selected from the Universal General Education Transfer Component (UGETC) of the Comprehensive Articulation Agreement.

English Composition (6 SHC)..... 6

The following two English Composition courses are required:

ENG-111 Writing and Inquiry (3 SHC)

ENG-112 Writing/Research in the Disc (3 SHC)

Communications and Humanities/Fine Arts (6 SHC)..... 6

Select **two** courses from **two** different disciplines:

ART-111 Art Appreciation (3 SHC)

ART-114 Art History Survey I (3 SHC)

ART-115 Art History Survey II (3 SHC)

COM-120 Intro Interpersonal Com (3 SHC)

COM-231 Public Speaking (3 SHC)

DRA-111 Theater Appreciation (3 SHC)

ENG-231 American Literature I (3 SHC)

ENG-232 American Literature II (3 SHC)

ENG-241 British Literature I (3 SHC)

ENG-242 British Literature II (3 SHC)

MUS-110 Music Appreciation (3 SHC)

MUS-112 Introduction to Jazz (3 SHC)

PHI-215 Philosophical Issues (3 SHC)

PHI-240 Introduction to Ethics (3 SHC)

Social/Behavioral Sciences (6 SHC)..... 6

Select **two** courses from **two** different disciplines:

ECO-251 Principles of Microeconomics (3 SHC)

ECO-252 Principles of Macroeconomics (3 SHC)

HIS-111 World Civilizations I (3 SHC)

HIS-112 World Civilizations II (3 SHC)

HIS-131 American History I (3 SHC)

HIS-132 American History II (3 SHC)

POL-120 American Government (3 SHC)

PSY-150 General Psychology (3 SHC)

SOC-210 Introduction to Sociology (3 SHC)

Math (3-4 SHC)..... 3

Select one course from the following:

MAT-143 Quantitative Literacy (3 SHC)

MAT-152 Statistical Methods I (4 SHC)

MAT-171 Precalculus Algebra (4 SHC)

MAT-271 Calculus I (4 SHC)

Natural Sciences (4 SHC)..... 4

Select 4 SHC from the following course(s):

AST-111 Descriptive Astronomy (3 SHC) and AST-111A Descriptive Astronomy Lab (1 SHC)

BIO-110 Principles of Biology (4 SHC)

BIO-111 General Biology I (4 SHC)

CHM-151 General Chemistry I (4 SHC)

GEL-111 Geology (4 SHC)

PHY-110 Conceptual Physics (3 SHC) and PHY-110A Conceptual Physics Lab (1 SHC)

OTHER REQUIRED HOURS..... 7

Academic Transition (1 SHC)..... 1

The following course is required:

ACA-122 College Transfer Success (1 SHC)

Music (4 SHC)..... 4

The following courses are required:

MUS-111 Fundamentals of Music (3 SHC)

MUS-151 Class Music I (1 SHC)

Ensemble (2 SHC)..... 2

Select 2 SHC from the following:

MUS-131 Chorus I (1 SHC)

MUS-132 Chorus II (1 SHC)

MUS-133 Band I (1 SHC)

MUS-134 Band II (1 SHC)

MUS-135 Jazz Ensemble I (1 SHC)

***OPTIONAL GENERAL EDUCATION HOURS (0-8 SHC) Foreign Language:**

A student may take up to 8 SHC of foreign language courses, designated as general education in the Comprehensive Articulation Agreement as a part of this pathway. These courses are not a part of the Universal General Education Transfer Component. Students who complete these courses with a grade of "C" or better will receive transfer credit. The receiving university will determine whether the courses will count as general education, premajor, or elective credit.

TOTAL SEMESTER HOURS CREDIT (SHC) IN PATHWAY..... 32-40

High school students in the CCP College Transfer Pathway Leading to the Associate in Fine Arts in Music must complete the entire pathway before taking additional course in the Associate in Fine Arts in Music degree, except for mathematics courses in the Associate in Fine Arts in Music.

CAREER & COLLEGE PROMISE COLLEGE TRANSFER PATHWAY LEADING TO THE ASSOCIATE DEGREE NURSING

Career and College Promise provides a focused means for students to begin completion of college transfer credits or career training prior to their graduation from high school. Courses under Career and College Promise are offered to high school students with no charge for tuition.

Eligible high school students may earn:

- College credit, which is completely transferrable to all UNC System Institutions, as well as many private schools and out-of-state universities and colleges.
- College credit toward a credential, certificate or diploma in a technical career.
- Workforce Continuing Education credit toward an industry-recognized credential or certification.
- A high school diploma and two years of college credit in four to five years through cooperative innovative high schools (Hoke County students only).

Upon meeting eligibility requirements, students may enroll in a College Transfer pathway, a curriculum Career and Technical Education pathway, a Workforce Continuing Education pathway, or SandHoke Early College High School (Hoke County students only).

Students may be concurrently enrolled in two pathways as follows:

- Two career-technical pathways,
- Two Workforce Continuing Education pathways,
- One career-technical pathway and one Workforce Continuing Education pathway,
- One college transfer pathway (if eligible) and career technical pathway,
- One college transfer pathway (if eligible) and one Workforce Continuing Education pathway.

Students must maintain a 2.0 grade point average in college courses to participate in the program.

College Transfer Pathways

Students may earn college transfer credits that will transfer to any public North Carolina university as long as a grade of C or better is earned in each course. Credits may also be accepted for transfer by private or out-of-state schools. Courses may be offered on one of the SCC campuses, on one of the high school campuses or online. Not all courses are offered at all of the high schools.

Career & College Promise College Transfer Pathway Leading to the Associate Degree Nursing (P1032C)

The Career and College Promise (CCP) ADN Pathway is designed for high school students who wish to begin their educational studies toward the Associate in Nursing degree and a Baccalaureate degree in Nursing. The Pathway is based on Block 1 of the Uniform Articulation Agreement between the University of North Carolina's Registered Nurse to Bachelor of Science in Nursing Programs and the North Carolina Community College Associate Degree Nursing Programs which was approved by the State Board of Community Colleges and the UNC Board of Governors in February 2015.

A student who completes an Associate in Applied Science (AAS) in Nursing, which includes courses listed below, with a GPA of at least 2.0 and a grade of C or better and completes the courses in Blocks 2-3 of the Agreement between the University of North Carolina's Registered Nurse to Bachelor of Science in Nursing Programs with a GPA of at least 2.0 and a grade of C or better, and who holds a current unrestricted license as a Registered Nurse in North Carolina will have fulfilled the

UNC institutions lower-division general education requirements as well as nursing program entry requirements. However, because nursing program admissions are competitive, no student is guaranteed admission to the program of his or her choice.

GENERAL EDUCATION (23 SHC)..... 23

The general education requirement includes study in courses selected from the Universal General Education Transfer Component (UGETC) of the Comprehensive Articulation Agreement.

English Composition (6 SHC)..... 6

The following English composition course is required:

ENG-111 Writing and Inquiry (3 SHC)

Select one English composition course from the following:

ENG-112 Writing/Research in the Disc (3 SHC)

ENG-114 Prof Research & Reporting (3 SHC)

Humanities/Fine Arts (3 SHC)..... 3

Select one course from the following:

ART-111 Art Appreciation (3 SHC)

ART-114 Art History Survey I (3 SHC)

ART-115 Art History Survey II (3 SHC)

HUM-115 Critical Thinking (3 SHC)

MUS-110 Music Appreciation (3 SHC)

MUS-112 Introduction to Jazz (3 SHC)

PHI-215 Philosophical Issues (3 SHC)

PHI-240 Introduction to Ethics (3 SHC)

Social/Behavioral Sciences (6 SHC)..... 6

CAREER & COLLEGE PROMISE COLLEGE TRANSFER PATHWAY LEADING TO THE ASSOCIATE IN ENGINEERING

Career and College Promise provides a focused means for students to begin completion of college transfer credits or career training prior to their graduation from high school. Courses under Career and College Promise are offered to high school students with no charge for tuition.

Eligible high school students may earn:

- College credit, which is completely transferrable to all UNC System Institutions, as well as many private schools and out-of-state universities and colleges.
- College credit toward a credential, certificate or diploma in a technical career.
- Workforce Continuing Education credit toward an industry-recognized credential or certification.
- A high school diploma and two years of college credit in four to five years through cooperative innovative high schools (Hoke County students only).

Upon meeting eligibility requirements, students may enroll in a College Transfer pathway, a curriculum Career and Technical Education pathway, a Workforce Continuing Education pathway, or SandHoke Early College High School (Hoke County students only).

Students may be concurrently enrolled in two pathways as follows:

- Two career-technical pathways,
- Two Workforce Continuing Education pathways,
- One career-technical pathway and one Workforce Continuing Education pathway,
- One college transfer pathway (if eligible) and career technical pathway,
- One college transfer pathway (if eligible) and one Workforce Continuing Education pathway.

Students must maintain a 2.0 grade point average in college courses to participate in the program.

College Transfer Pathways

Students may earn college transfer credits that will transfer to any public North Carolina university as long as a grade of C or better is earned in each course. Credits may also be accepted for transfer by private or out-of-state schools. Courses may be offered on one of the SCC campuses, on one of the high school campuses or online. Not all courses are offered at all of the high schools.

Career & College Promise College Transfer Pathway Leading to the Associate in Engineering (P1052C)

The CCP College Transfer Pathway Leading to the Associate in Engineering is designed for high school students who wish to begin study toward the Associate in Engineering degree and a baccalaureate degree in a STEM or technical major.

GENERAL EDUCATION (28 SHC)..... 28

The general education requirement includes study in courses selected from the Universal General Education Transfer Component (UGETC) of the Comprehensive Articulation Agreement.

English Composition (6 SHC)..... 6

The following two English Composition courses are required:

ENG-111 Writing and Inquiry (3 SHC)

Career and College Promise provides a focused means for students to begin completion of college transfer credits or career training prior to their graduation from high school. Courses under Career and College Promise are offered to high school students with no charge for tuition.

Eligible high school students may earn:

- College credit, which is completely transferrable to all UNC System Institutions, as well as many private schools and out-of-state universities and colleges.
- College credit toward a credential, certificate or diploma in a technical career.
- Workforce Continuing Education credit toward an industry-recognized credential or certification.
- A high school diploma and two years of college credit in four to five years through cooperative innovative high schools (Hoke County students only).

Upon meeting eligibility requirements, students may enroll in a College Transfer pathway, a curriculum Career and Technical Education pathway, a Workforce Continuing Education pathway, or SandHoke Early College High School (Hoke County students only).

Students may be concurrently enrolled in two pathways as follows:

- Two career-technical pathways,
- Two Workforce Continuing Education pathways,
- One career-technical pathway and one Workforce Continuing Education pathway,
- One college transfer pathway (if eligible) and career technical pathway,
- One college transfer pathway (if eligible) and one Workforce Continuing Education pathway.

Students must maintain a 2.0 grade point average in college courses to participate in the program.

Career Technical Pathways

Students may earn college credits toward a credential, certificate or diploma in a technical career. Curriculum Career Technical Pathways take the form of certificates which may be completed while in high school. These pathways allow students to explore potential career areas. Courses may be offered on one of the SCC campuses, on one of the high school campuses or online. Not all courses are offered at all of the high schools. A description of the curriculum standards can be found under the specific program in the Applied Science programs section of this Catalog.

Career and College Promise provides a focused means for students to begin completion of college transfer credits or career training prior to their graduation from high school. Courses under Career and College Promise are offered to high school students with no charge for tuition.

Eligible high school students may earn:

- College credit, which is completely transferrable to all UNC System Institutions, as well as many private schools and out-of-state universities and colleges.
- College credit toward a credential, certificate or diploma in a technical career.
- Workforce Continuing Education credit toward an industry-recognized credential or certification.
- A high school diploma and two years of college credit in four to five years through cooperative innovative high schools (Hoke County students only).

Upon meeting eligibility requirements, students may enroll in a College Transfer pathway, a curriculum Career and Technical Education pathway, a Workforce Continuing Education pathway, or SandHoke Early College High School (Hoke County students only).

Students may be concurrently enrolled in two pathways as follows:

- Two career-technical pathways,
- Two Workforce Continuing Education pathways,
- One career-technical pathway and one Workforce Continuing Education pathway,
- One college transfer pathway (if eligible) and career technical pathway,
- One college transfer pathway (if eligible) and one Workforce Continuing Education pathway.

Students must maintain a 2.0 grade point average in college courses to participate in the program.

Career Technical Pathways

Students may earn college credits toward a credential, certificate or diploma in a technical career. Curriculum Career Technical Pathways take the form of certificates which may be completed while in high school. These pathways allow students to explore potential career areas. Courses may be offered on one of the SCC campuses, on one of the high school campuses or online. Not all courses are offered at all of the high schools. A description of the curriculum standards can be found under the specific program in the Applied Science programs section of this Catalog.

CAREER AND COLLEGE PROMISE COLLEGE TRANSFER PATHWAY LEADING TO THE ASSOCIATE IN FINE ARTS IN THEATRE

Career and College Promise provides a focused means for students to begin completion of college transfer credits or career training prior to their graduation from high school. Courses under Career and College Promise are offered to high school students with no charge for tuition.

Eligible high school students may earn:

- College credit, which is completely transferrable to all UNC System Institutions, as well as many private schools and out-of-state universities and colleges.
- College credit toward a credential, certificate or diploma in a technical career.
- Workforce Continuing Education credit toward an industry-recognized credential or certification.
- A high school diploma and two years of college credit in four to five years through cooperative innovative high schools (Hoke County students only).

Upon meeting eligibility requirements, students may enroll in a College Transfer pathway, a curriculum Career and Technical Education pathway, a Workforce Continuing Education pathway, or SandHoke Early College High School (Hoke County students only).

Students may be concurrently enrolled in two pathways as follows:

- Two career-technical pathways,
- Two Workforce Continuing Education pathways,
- One career-technical pathway and one Workforce Continuing Education pathway,
- One college transfer pathway (if eligible) and career technical pathway,
- One college transfer pathway (if eligible) and one Workforce Continuing Education pathway.

Students must maintain a 2.0 grade point average in college courses to participate in the program.

College Transfer Pathways

Students may earn college transfer credits that will transfer to any public North Carolina university as long as a grade of C or better is earned in each course. Credits may also be accepted for transfer by private or out-of-state schools. Courses may be offered on one of the SCC campuses, on one of the high school campuses or online. Not all courses are offered at all of the high schools.

Career & College Promise College Transfer Pathway Leading to the Associate in Fine Arts in Theatre (P1082C)

The CCP College Transfer Pathway Leading to the Associate in Fine Arts in Theatre is designed for high school students who wish to begin study toward the Associate in Fine Arts in Theatre and a baccalaureate degree in Fine Arts-Theatre.

GENERAL EDUCATION (25-26 SHC)..... 25

The general education requirement includes study in courses selected from the Universal General Education Transfer Component (UGETC) of the Comprehensive Articulation Agreement.

English Composition (6 SHC)..... 6

The following two English Composition courses are required:

ENG-111 Writing and Inquiry (3 SHC)

ENG-112 Writing/Research in the Disc (3 SHC)

Communications and Humanities/Fine Arts (6 SHC)..... 6

Select **two** courses from at least **two** different disciplines:

ART-111 Art Appreciation (3 SHC)

ART-114 Art History Survey I (3 SHC)

ART-115 Art History Survey II (3 SHC)

COM-120 Intro Interpersonal Com (3 SHC)

COM-231 Public Speaking (3 SHC)

DRA-111 Theater Appreciation (3 SHC)

ENG-231 American Literature I (3 SHC)

ENG-232 American Literature II (3 SHC)

ENG-241 British Literature I (3 SHC)

ENG-242 British Literature II (3 SHC)

MUS-110 Music Appreciation (3 SHC)

MUS-112 Introduction to Jazz (3 SHC)

PHI-215 Philosophical Issues (3 SHC)

PHI-240 Introduction to Ethics (3 SHC)

Social/Behavioral Sciences (6 SHC)..... 6

Select **two** courses from **two** different disciplines:

ECO-251 Principles of Microeconomics (3 SHC)

ECO-252 Principles of Macroeconomics (3 SHC)

HIS-111 World Civilizations I (3 SHC)

HIS-112 World Civilizations II (3 SHC)

HIS-131 American History I (3 SHC)

HIS-132 American History II (3 SHC)

POL-120 American Government (3 SHC)

PSY-150 General Psychology (3 SHC)

SOC-210 Introduction to Sociology (3 SHC)

Math (3-4 SHC)..... 3

Select one course from the following:

MAT-143 Quantitative Literacy (3 SHC)

MAT-152 Statistical Methods I (4 SHC)

MAT-171 Precalculus Algebra (4 SHC)

MAT-271 Calculus I (4 SHC)

Natural Sciences (4 SHC)..... 4

Select 4 SHC from the following course(s):

AST-111 Descriptive Astronomy (3 SHC) and AST-111A Descriptive Astronomy Lab (1 SHC)

BIO-110 Principles of Biology (4 SHC)

BIO-111 General Biology I (4 SHC)

CHM-151 General Chemistry I (4 SHC)

GEL-111 Geology (4 SHC)

PHY-110 Conceptual Physics (3 SHC) and PHY-110A Conceptual Physics Lab (1 SHC)

OTHER REQUIRED HOURS..... 7

Academic Transition (1 SHC)..... 1

The following course is required:

ACA-122 College Transfer Success (1 SHC)

Theatre (6 SHC)..... 6

Two courses are required (choose one track):

Acting Track

DRA-130 Acting I (3 SHC)

DRA-170 Play Production I (3 SHC)

Technical Track

DRA-140 Stagecraft I (3 SHC)

DRA-170 Play Production I (3 SHC)

***OPTIONAL GENERAL EDUCATION HOURS (0-8 SHC)** Foreign Language: A student may take up to 8 SHC of foreign language courses, designated as general education in the Comprehensive Articulation Agreement as a part of this pathway. These courses are not a part of the Universal General Education Transfer Component. Students who complete these courses with a grade of “C” or better will receive transfer credit. The receiving university will determine whether the courses will count as general education, premajor, or elective credit.

TOTAL SEMESTER HOURS CREDIT (SHC) IN PATHWAY..... 32-40

High school students in the CCP College Transfer Pathway Leading to the Associate in Fine Arts in Theatre must complete the entire pathway before taking

additional course in the Associate in Fine Arts in Theatre degree, except for mathematics courses in the Associate in Fine Arts in Theatre.

WCE CCP - ABB ROBOTICS

Career and College Promise provides a focused means for students to begin completion of college transfer credits or career training prior to their graduation from high school. Courses under Career and College Promise are offered to high school students with no charge for tuition.

Eligible high school students may earn:

- College credit, which is completely transferrable to all UNC System Institutions, as well as many private schools and out-of-state universities and colleges.
- College credit toward a credential, certificate or diploma in a technical career.
- Workforce Continuing Education credit toward an industry-recognized credential or certification.
- A high school diploma and two years of college credit in four to five years through cooperative innovative high schools (Hoke County students only).

Upon meeting eligibility requirements, students may enroll in a College Transfer pathway, a curriculum Career and Technical Education pathway, a Workforce Continuing Education pathway, or SandHoke Early College High School (Hoke County students only).

Students may be concurrently enrolled in two pathways as follows:

- Two career-technical pathways,
- Two Workforce Continuing Education pathways,
- One career-technical pathway and one Workforce Continuing Education pathway,
- One college transfer pathway (if eligible) and career technical pathway,
- One college transfer pathway (if eligible) and one Workforce Continuing Education pathway.

Students must maintain a 2.0 grade point average in college courses to participate in the program.

Workforce Continuing Education Career & College Promise (WCE CCP)

Juniors and seniors may earn a state or industry-recognized credential aligned with a high school Career Cluster preparing them to enter the workforce. Students must have an unweighted GPA of 2.8 on high school courses or have the recommendation of the high school principal; and meet individual pathway requirements as appropriate. Students must be 16 years old on the first day of class. Not all courses are offered at all high schools.

(Available to students at the Hoke County High School and SandHoke Early College High School)

This course prepares students for a career as a Robotics Technician. Students will learn about robot operations, programming, and offline programming in labs performing real-world examples on an ABB Robot. Students will utilize the same software used in the industry, including the offline programming software, RobotStudio. Upon successful completion, students will earn their ABB Robotics credential

- One college transfer pathway (if eligible) and one Workforce Continuing Education pathway.

Students must maintain a 2.0 grade point average in college courses to participate in the program.

Workforce Continuing Education Career & College Promise (WCE CCP)

Juniors and seniors may earn a state or industry-recognized credential aligned with a high school Career Cluster preparing them to enter the workforce. Students must have an unweighted GPA of 2.8 on high school courses or have the recommendation of the high school principal; and meet individual pathway requirements as appropriate. Students must be 16 years old on the first day of class. Not all courses are offered at all high schools.

(Available to Pinecrest, Union Pines, and North Moore High School students)

This course is taught by a National Center for Construction Education and Research (NCCER) certified trainer. Topics include, but are not limited to, welding safety, oxyfuel cutting, plasma arc cutting, air-carbon arc cutting and gouging, base metal preparation, weld quality, SMAW equipment and setup, and joint fit-up and alignment. Successful completion of this course allows students to earn their NCCER Welding Level 1 credential from the National Center for Construction Education and Research.

Students must earn the NCCER Core Skills credential prior to enrolling in this course.

WCE CCP - NURSE AIDE I

Career and College Promise provides a focused means for students to begin completion of college transfer credits or career training prior to their graduation

from high school. Courses under Career and College Promise are offered to high school students with no charge for tuition.

Eligible high school students may earn:

- College credit, which is completely transferrable to all UNC System Institutions, as well as many private schools and out-of-state universities and colleges.
- College credit toward a credential, certificate or diploma in a technical career.
- Workforce Continuing Education credit toward an industry-recognized credential or certification.
- A high school diploma and two years of college credit in four to five years through cooperative innovative high schools (Hoke County students only).

Upon meeting eligibility requirements, students may enroll in a College Transfer pathway, a curriculum Career and Technical Education pathway, a Workforce Continuing Education pathway, or SandHoke Early College High School (Hoke County students only).

Students may be concurrently enrolled in two pathways as follows:

- Two career-technical pathways,
- Two Workforce Continuing Education pathways,
- One career-technical pathway and one Workforce Continuing Education pathway,
- One college transfer pathway (if eligible) and career technical pathway,
- One college transfer pathway (if eligible) and one Workforce Continuing Education pathway.

Students must maintain a 2.0 grade point average in college courses to participate in the program.

Workforce Continuing Education Career & College Promise (WCE CCP)

Juniors and seniors may earn a state or industry-recognized credential aligned with a high school Career Cluster preparing them to enter the workforce. Students must have an unweighted GPA of 2.8 on high school courses or have the recommendation of the high school principal; and meet individual pathway requirements as appropriate. Students must be 16 years old on the first day of class. Not all courses are offered at all high schools.

(Available to students at Hoke County High School and SandHoke Early College High School)

Students learn the required skills to earn the Nurse Aide Level I certification from the NC Department of Health Service Regulation. The class will prepare students to begin a career as a Nurse Aide. A Nurse Aid assists patients with daily activities, maintains patient hygiene and serves a vital role on the healthcare team, while supporting doctors and nurses in diagnostic procedures and technical treatments.

Students enrolled in Nurse Aide I must have successfully completed high school English Level III.

(Available to students at Hoke County High School and SandHoke Early College High School)

For high school seniors only, this course prepares students for the Pharmacy Technician Certification Exam provided by the Pharmacy Technician Board (PTCB) for entry-level employment. Topics include technical procedures for preparing and dispensing prescriptions, packaging and labeling, controlled substance procedures, inventory control, pharmacy calculations, and over-the-counter drugs. Upon completion, students should be able to perform basic supervised dispensing techniques in a community pharmacy setting.

Students may sit for the Pharmacy Technician Certification exam after obtaining a high school diploma.

Plumbing Core Skills

(Available to students at Hoke County High School)

This course is taught by a National Center for Construction Education and Research trainer. Successful completion of this course allows students to earn their NCCER Core Credential from the National Center for Construction Education and Research (NCCER). This course is a prerequisite to Plumbing Level 1.

Continuing Education Units	12.9
Total Hours	129

Plumbing Level 1

(Available to students at Hoke County High School and SandHoke Early College High School)

This course is taught by a National Center for Construction Education and Research trainer. This course covers the basic installations and maintenance of plumbing systems and components. Topics include, but are not limited to, plumbing safety, tools of the plumbing trade, introduction to plumbing math, introduction to plumbing drawings, plastic pipe and fittings, copper tube and fittings, and introduction to plumbing fixtures. Upon successful completion, students earn their NCCER Plumbing Level 1 Credential from the National Center for Construction Education and Research.

Students must earn the NCCER Core credential prior to enrolling in this course.

Continuing Education Units	14.8
Total Hours	148

NCCER Plumbing Level 1

(Available to Pinecrest, Union Pines, and North Moore High School students)

This course is taught by a National Center for Construction Education and Research trainer. Topics include, but are not limited to, plumbing safety, tools

of the plumbing trade, introduction to plumbing math, introduction to plumbing drawings, plastic pipe and fittings, copper tube and fittings, and introduction to plumbing fixtures. Successful completion of this course allows students to earn their NCCER Plumbing Level 1 Credential from the National Center for Construction Education and Research.

This course is a prerequisite to Plumbing Level 2. Students must earn the NCCER Core Skills credential prior to enrolling in this course.

Continuing Education Units	15
Total Hours	150

NCCER Plumbing Level 2

(Available to Pinecrest, Union Pines, and North Moore High School students)

This course is taught by a National Center for Construction Education and Research trainer. Topics include, but are not limited to, reading commercial drawings, installing and testing DMV piping, installing roof, floor, and area drains, installing and testing water supply piping, types of valves, and installing water heaters. Upon successful completion, students earn their NCCER Plumbing Level 2 Credential.

Students must earn the NCCER Plumbing Level 1 credential prior to enrolling in this course.

Continuing Education Units	16.8
Total Hours	168

COURSE DESCRIPTIONS BY COURSE DISCIPLINE PREFIX

ACA ACADEMIC RELATED

ACA-090	Student Success Strategies	3 (3-0)	Fall Spring Summer
----------------	-----------------------------------	----------------	-----------------------------------

Prerequisites: None

Corequisites: None

This course is intended to provide students with skills and strategies to promote success in college, career, and life. Topics include the College's physical, academic, and social environment, promotes personal development, and cultivates learning strategies essential for student success. Upon completion, students should be able to manage their learning experiences to meet educational and life goals.(2014 FA) ACA-090 is required if a student placed into both ENG-002 and MAT-003

ACA-115	Success & Study Skills	1 (0-2)	Fall Spring Summer
----------------	-----------------------------------	----------------	-----------------------------------

Prerequisites: None

Corequisites: None

This course provides an orientation to the campus resources and academic skills necessary to achieve educational objectives. Emphasis is placed on an exploration of facilities and services, study skills, library skills, self-assessment, wellness, goal-setting, and critical thinking. Upon completion, students should be able to manage their learning experiences to successfully meet educational goals.(1997 SU)

ACA-122	College Transfer Success	1 (0-2)	Fall Spring Summer
----------------	---------------------------------	----------------	-----------------------------------

Prerequisites: None

Corequisites: None

This course provides information and strategies necessary to develop clear academic and professional goals beyond the community college experience. Topics include the CAA, college policies and culture, career exploration, gathering information on senior institutions, strategic planning, critical thinking, and communications skills for a successful academic transition. Upon completion, students should be able to develop an academic plan to transition successfully to senior institutions.(2021 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or elective course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.G.E.-Nursing, A.S., and A.S. Teacher Preparation.

ACC ACCOUNTING

ACC-115 College Accounting 4 (3-2) AND

Prerequisites: None

Corequisites: None

This course introduces basic accounting principles for a business. Topics include the complete accounting cycle with end-of-period statements, bank reconciliation, payrolls, and petty cash. Upon completion, students should be able to demonstrate an understanding of accounting principles and apply those skills to a business organization.(2003 FA)

**ACC-120 Prin of Financial Accounting 4 (3-2) Fall
Spring
Summer**

Prerequisites: ENG-002^L or BSP-4002^L, MAT-003^L or BSP-4003^L

Corequisites: None

This course introduces business decision-making using accounting information systems. Emphasis is placed on analyzing, summarizing, reporting, and interpreting financial information. Upon completion, students should be able to prepare financial statements, understand the role of financial information in decision-making and address ethical considerations.(2003FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

**ACC-121 Prin of Managerial Accounting 4 (3-2) Fall
Spring
Summer**

Prerequisites: ACC-120^S

Corequisites: None

This course includes a greater emphasis on managerial and cost accounting skills. Emphasis is placed on managerial accounting concepts for external and internal analysis, reporting and decision-making. Upon completion, students should be able to analyze and interpret transactions relating to managerial concepts including product-costing systems.(2003 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

ACC-131 Federal Income Taxes 3 (2-2) Fall

Prerequisites: ENG-002^L or BSP-4002^L, MAT-003^L or BSP-4003^L

Corequisites: None

This course provides an overview of federal income taxes for individuals, partnerships, and corporations. Topics include tax law, electronic research and methodologies and the use technology for the preparation of individual and business tax returns. Upon completion, students should be able to analyze basic tax scenarios, research applicable tax laws, and complete federal tax returns for individuals, partnerships, and corporations.(2003 FA)

COURSE DESCRIPTIONS

ACC-140	Payroll Accounting	2 (1-3)	Spring
Prerequisites:	ACC-115 ^S or ACC-120 ^S		
Corequisites:	None		
This course covers federal and state laws pertaining to wages, payroll taxes, payroll tax forms, and journal and general ledger transactions. Emphasis is placed on computing wages calculating social security, income, and unemployment taxes preparing appropriate payroll tax forms and journalizing/posting transactions. Upon completion, students should be able to analyze data, make appropriate computations, complete forms, and prepare accounting entries using appropriate technology.(2018 FA)			
ACC-149	Intro to ACC Spreadsheets	2 (1-3)	Fall Summer
Prerequisites:	ACC-115 ^S or ACC-120 ^S		
Corequisites:	None		
This course provides a working knowledge of computer spreadsheets and their use in accounting. Topics include pre-programmed problems, model-building problems, beginning-level macros, graphics, and what-if analysis enhancements of template problems. Upon completion, students should be able to use a computer spreadsheet to complete many of the tasks required in accounting.(2018 FA)			
ACC-150	Accounting Software Appl	2 (1-3)	Spring
Prerequisites:	ACC-115 ^S or ACC-120 ^S		
Corequisites:	None		
This course introduces microcomputer applications related to accounting systems. Topics include general ledger, accounts receivable, accounts payable, inventory, payroll, and correcting, adjusting, and closing entries. Upon completion, students should be able to use a computer accounting package to accurately solve accounting problems.(2018 FA)			
ACC-151	Acct Spreadsheet Appl	2 (1-3)	Spring
Prerequisites:	ACC-149 ^S		
Corequisites:	None		
This course is designed to facilitate the use of spreadsheet technology as applied to accounting principles. Emphasis is placed on using spreadsheet software as a problem-solving and decision-making tool. Upon completion, students should be able to demonstrate an understanding of the principles involved and display an analytical problem-solving ability for the topics covered.(2018 FA)			
ACC-180	Practices in Bookkeeping	3 (3-0)	Spring
Prerequisites:	ACC-120 ^S		
Corequisites:	None		
This course provides advanced instruction in bookkeeping and record-keeping functions. Emphasis is placed on mastering adjusting entries, correction of errors, depreciation, payroll, and inventory. Upon completion, students should be able to conduct all key bookkeeping functions for small businesses.(2003 FA)			

ACC-220	Intermediate Accounting I	4 (3-2)	Fall
Prerequisites:	ACC-120 ^S , ACC-121 ^L		
Corequisites:	None		

This course is a continuation of the study of accounting principles with in-depth coverage of theoretical concepts and financial statements. Topics include generally accepted accounting principles and extensive analysis of balance sheet components. Upon completion, students should be able to demonstrate competence in the conceptual framework underlying financial accounting, including the application of financial standards.(2006 SP)

AER AEROSPACE AND FLIGHT TRA

AER-110	Air Navigation	3 (2-2)	Fall
Prerequisites:	None		
Corequisites:	None		

This course covers the basic elements of air navigation, fundamentals of pilotage and dead reckoning, and the use of a plotter, computer, and aerial charts. Topics include pilotage, dead reckoning, radio navigation, LORAN, Global Positioning Systems, and the use of FAA publications. Upon completion, students should be able to interpret aeronautical charts and apply navigational principles.(1997 SU)

AER-111	Aviation Meteorology	3 (3-0)	Fall
Prerequisites:	None		
Corequisites:	None		

This course covers the atmosphere, interpretation and measurement of meteorological elements, and the effects of such on aircraft operations and performance. Topics include heat exchanges in the atmosphere temperature, pressure, stability, clouds, air masses, fronts, and thunderstorms and the use and interpretation of weather data. Upon completion, students should be able to analyze weather data for flight planning and safe flying.(1997 SU)

AER-112	Aviation Laws and FARs	2 (2-0)	Spring
Prerequisites:	None		
Corequisites:	None		

This course provides an in-depth study of the state, federal, and international regulations forming the structure of aviation law. Emphasis is placed on Federal Aviation Regulations Parts 61, 91, and 135 with additional emphasis on legal issues in aviation law. Upon completion, students should be able to apply legal principles and interpret federal air regulations.(1997 SU)

AER-113	History of Aviation	2 (2-0)	Fall Spring
Prerequisites:	None		
Corequisites:	None		

This course provides a historical survey of the efforts of manned-flight. Topics include the development of aircraft, milestones in aviation, noted pioneers, and the socioeconomic impact of flight upon modern civilization. Upon completion, students should be able to demonstrate an understanding of the advancements that aviation has accrued for society and contemporary changes in aviation.(1997 SU)

COURSE DESCRIPTIONS

AER-114	Aviation Management	3 (3-0)	Spring
Prerequisites:	None		
Corequisites:	None		
This course covers operation of a flight department on a cost-effective basis and analysis of profit and loss statements. Topics include flight operations costs, aircraft acquisition analysis and cost comparisons, costs versus revenue, and break-even points. Upon completion, students should be able to calculate cost of flight operations and apply monthly and annual budget analysis.(1997 SU)			
AER-115	Flight Simulator	2 (1-3)	AND
Prerequisites:	None		
Corequisites:	None		
This course covers instrument instruction and training in a FAA-approved flight simulator. Emphasis is placed on approach and navigation procedures including holding and missed approaches. Upon completion, students should be able to plan and execute an IFR flight and smoothly transition to instrument training in the aircraft.(2023 FA)			
AER-116	Private Pilot Flight Simulato	2 (1-2)	AND
Prerequisites:	None		
Corequisites:	None		
This course provides classroom and hands-on simulator training needed to support FAA Private Pilot Certificate qualification requirements. Topics include introduction to checklists, flight procedures, radio procedures, ground and flight maneuvers that include take-offs, climbs, level flight, turns, glides, stalls, slow flight, descents, slips, landings, emergency procedures, cross country planning, and navigation. Upon completion, students should be able to log their simulator training time, transition to Private Pilot training in an actual aircraft, and successfully meet all FAA requirements for Private Pilot Certification.(2023 FA)			
AER-119	Aircraft Structures	2 (2-0)	AND
Prerequisites:	None		
Corequisites:	None		
This course introduces aircraft airframes and associated appliances. Emphasis is placed on strength of materials, aircraft standards, type certificate data sheets, basic airframe construction, and weight and balance fundamentals. Upon completion, students should be able to analyze strength of materials data and apply their analysis to semi-monocoque, full-cantilever, and truss-type airframes.(1997 SU)			
AER-150	Private Pilot Flt Theory	3 (2-2)	Fall Spring
Prerequisites:	None		
Corequisites:	None		
This course covers the aeronautical knowledge required to meet the Federal Aviation Administration regulations for private pilot certification. Topics include the principles of flight, the flight environment, basic aircraft systems and performance, basic meteorology and weather data interpretation, and FAA regulations. Upon completion, students should be able to demonstrate the competencies required for the FAA written examination for a private pilot certificate.(1997 SU)			

AER-151	Flight-Private Pilot	1 (0-3)	Fall Spring
----------------	-----------------------------	----------------	------------------------

Prerequisites: None**Corequisites:** None

This course provides the hands-on training needed to qualify for a Federal Aviation Administration private pilot certificate. Topics include flight maneuvers (ground procedures, take-offs, climbs, level flight, turns, glides, stalls, slow flight, descents, slips, landings, emergency procedures) and cross-country planning and navigation. Upon completion, students should be able to demonstrate the competencies required for the flight test practical exam for the private pilot certificate.(1997 SU) Instructional flight hours are accomplished through partnerships with the local flight schools.

AER-160	Instrument Flight Theory	3 (2-2)	Fall Spring
----------------	---------------------------------	----------------	------------------------

Prerequisites: None**Corequisites:** None

This course covers the required aeronautical knowledge of the Federal Aviation Administration Regulation Instrument Ground School. Topics include a study of instruments, systems, instrument flight charts, instrument flight planning, approach procedures, and the IFR regulations. Upon completion, students should be able to demonstrate the competencies required to complete the FAA written examination for an instrument rating.(1997 SU)

AER-161	Flight-Instrument Pilot	2 (0-6)	Fall Spring
----------------	--------------------------------	----------------	------------------------

Prerequisites: AER-151^S**Corequisites:** None

This course covers instruction and training in instrument flight planning including IFR navigation, VOR, ILS, ADF, and compliance with ATC procedures. Emphasis is placed on approach and navigation procedures, including holding and missed approaches, and development of skill in executing en route and approach procedures. Upon completion, students should be able to plan and execute an IFR flight and demonstrate competencies required for the FAA instrument pilot flight exam.(1997 SU) Instructional flight hours are accomplished through partnerships with the local flight schools.

AER-170	Commercial Flight Theory	3 (3-0)	Fall Spring
----------------	---------------------------------	----------------	------------------------

Prerequisites: AER-160^L**Corequisites:** None

This course covers advanced aircraft control, cross-country operations, and other topics required for the FAA commercial pilot written exam. Emphasis is placed on the principles of aircraft performance and operation, take-off performance, cruise performance, descent and landing performance, and weight and balance computations. Upon completion, students should be able to demonstrate commercial pilot skills and competence in the materials required for the FAA written commercial pilot examination.(1997 SU)

AER-171	Flight-Commercial Pilot	3 (0-6)	Fall Spring
----------------	--------------------------------	----------------	------------------------

Prerequisites: AER-151^S

Corequisites: None

This course provides the hands-on training needed to qualify for a Federal Aviation Administration commercial pilot certificate. Topics include flight instruction in advanced precision maneuvers, maximum performance take-off and landings, emergency procedures, operation of complex aircraft, aircraft performance, and range and fuel planning. Upon completion, students should be able to demonstrate competence in the areas of the flight test practical exam for the commercial pilot certificate.(2017 FA) Instructional flight hours are accomplished through partnerships with the local flight schools.

AER-210	Flight Dynamics	3 (3-0)	Spring
----------------	------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course covers basic and advanced principles of aerodynamic phenomena and fluid flow. Topics include airflow phenomena lift/weight/thrust/drag aircraft configuration characteristics, stability, and control subsonic, transonic, and supersonic flight critical Mach numbers and the V-g Diagram. Upon completion, students should be able to explain the elements of applied aerodynamics and aeronautical engineering which relate directly to the problems of flight operations. (1997 SU)

AER-211	Air Traffic Control	2 (2-0)	Fall
----------------	----------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course provides a detailed analysis of all aspects of air traffic control. Emphasis is placed on an in-depth analysis of air traffic control, including utilization of the air traffic environment based on the pilot's and controller's perspective. Upon completion, students should be able to operate an aircraft within the national airspace system under FAA air traffic control.(1997 SU)

AER-212	Air Transport Pilot	3 (3-0)	AND
----------------	----------------------------	----------------	------------

Prerequisites: AER-160^S, AER-170^S

Corequisites: None

This course provides advanced study for the professional pilot. Topics include an in-depth study of B-727/737 weight and balance, high altitude weather, Part 121 FARs, and performance considerations of large aircraft. Upon completion, students should be able to calculate weight and balance of large aircraft, determine performance data, and apply high altitude weather principles.(1997 SU)

AER-213	Avionics	2 (2-0)	AND
----------------	-----------------	----------------	------------

Prerequisites: None

Corequisites: None

This course covers standard navigational and communications equipment and theory. Emphasis is placed on aviation radio spectrum, VHF omnirange, ILS, ADF, transponders, weather radar, flight directors, and autopilots. Upon completion, students should be able to utilize VOR, ADF, ILS, GPS, flight directors, HSI's, and autopilots in the flight environment.(1997 SU)

AER-215 Flight Safety 3 (3-0) Spring**Prerequisites:** None**Corequisites:** None

This course covers the basic procedures and practices of aircraft accident prevention, accident investigation, and reporting. Topics include a comprehensive review of federal regulations pertinent to aviation safety and analyses of actual aviation accident cases and their causes. Upon completion, students should be able to demonstrate an understanding and respect for specific personal factors such as attitude, motivation, and skill related to flight safety.(1997 SU)

AER-216 Engines & Systems 3 (2-2) Fall**Prerequisites:** None**Corequisites:** None

This course introduces piston and turbine aircraft engines and associated systems. Topics include aircraft hydraulic, pneumatic, electrical, air conditioning, and pressurization systems along with the theory of engine operations, including power and thrust computations. Upon completion, students should be able to apply principles of engine and systems operation.(1997 SU)

AER-217 Air Transportation 3 (3-0) Spring**Prerequisites:** None**Corequisites:** None

This course covers the development and present status of the air transportation system. Topics include federal legislation, characteristics and classification of air carriers, development of the air traffic control system, and the organization and function of the FAA. Upon completion, students should be able to relate the knowledge acquired to career development.(1997 SU)

AER-218 Human Factors in Aviation 2 (2-0) Fall**Prerequisites:** None**Corequisites:** None

This course analyzes interpersonal relationships in the cockpit and related psychological factors that affect pilot performance and efficiency during flight operations. Topics include cockpit management, judgment, aircraft and flight crew coordination and control, physiological factors, responsibility, and decision-making capabilities. Upon completion, students should be able to apply work-proven routines to stress management, crew responsibility, and the team concept in the cockpit.(1997 SU)

AER-220 Airport Management 2 (2-0) AND**Prerequisites:** None**Corequisites:** None

This course examines the major functions of airport management and the concepts underlying airport planning and construction. Topics include forecasting volumes and airport size and design, including master planning, location requirements, site selection, runway configuration, zoning laws, and other considerations. Upon completion, students should be able to demonstrate basic airport management skills including an understanding of the socioeconomic effect of airports on the community.(1997 SU)

AER-280 Instructor Pilot Flt Theory 3 (3-0) Spring

Prerequisites: AER-170^S

Corequisites: None

This course covers flight instruction and the skills and knowledge necessary to work effectively as a flight instructor. Topics include fundamentals of instruction, lesson planning, instructor regulations and endorsements, and related aeronautical knowledge. Upon completion, students should be able to demonstrate competence necessary for the Federal Aviation Administration Fundamentals of Instructing Test and the appropriate instructor written examination.(1997 SU)

AER-281 Flight-CFI 1 (0-3) AND

Prerequisites: AER-171^S

Corequisites: None

This course provides experience in preparation for the flight instructor practical test. Emphasis is placed on the ability to transition to right seat flight while teaching performance maneuvers including operation of a complex aircraft. Upon completion, students should be able to demonstrate competence in right seat operation and CFI maneuvers as specified in the FAA Practical Test Standards. (1997 SU) Instructional flight hours are accomplished through partnerships with the local flight schools.

AER-285 Flight-Multi-Engine 1 (0-3) AND

Prerequisites: AER-171^S

Corequisites: None

This course provides the flight training required to obtain a multi-engine rating. Topics include multi-engine safety procedures, single-engine operations and performance, Vmc, instrument approaches (single- and multi-engine), and emergency procedures. Upon completion, students should be able to demonstrate the competencies required for the flight test practical examination for a multi-engine rating.(1997 SU) Instructional flight hours are accomplished through partnerships with the local flight schools.

ANT ANTHROPOLOGY

ANT-210 General Anthropology 3 (3-0) AND

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces the physical, archaeological, linguistic, and ethnological fields of anthropology. Topics include human origins, genetic variations, archaeology, linguistics, primatology, and contemporary cultures. Upon completion, students should be able to demonstrate an understanding of the four major fields of anthropology.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

ANT-220 Cultural Anthropology 3 (3-0) AND**Prerequisites:** ENG-002^L or BSP-4002^L**Corequisites:** None

This course introduces the nature of human culture. Emphasis is placed on cultural theory, methods of fieldwork, and cross-cultural comparisons in the areas of ethnology, language, and the cultural past. Upon completion, students should be able to demonstrate an understanding of basic cultural processes and how cultural data are collected and analyzed.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

ANT-221 Comparative Cultures 3 (3-0) AND**Prerequisites:** ENG-002^L or BSP-4002^L**Corequisites:** None

This course provides an ethnographic survey of societies around the world covering their distinctive cultural characteristics and how these relate to cultural change. Emphasis is placed on the similarities and differences in social institutions such as family, economics, politics, education, and religion. Upon completion, students should be able to demonstrate knowledge of a variety of cultural adaptive strategies.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

ANT-240 Archaeology 3 (3-0) AND**Prerequisites:** ENG-002^L or BSP-4002^L**Corequisites:** None

This course introduces the scientific study of the unwritten record of the human past. Emphasis is placed on the process of human cultural evolution as revealed through archaeological methods of excavation and interpretation. Upon completion, students should be able to demonstrate an understanding of how archaeologists reconstruct the past and describe the variety of past human cultures.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

ARC ARCHITECTURE**ARC-111 Intro to Arch Technology 3 (1-6) Fall****Prerequisites:** None**Corequisites:** None

This course introduces basic architectural drafting techniques, lettering, use of architectural and engineer scales, and sketching. Topics include orthographic, axonometric, and oblique drawing techniques using architectural plans, elevations, sections, and details reprographic techniques and other related topics. Upon completion, students should be able to prepare and print scaled drawings within minimum architectural standards.(1997 SU)

COURSE DESCRIPTIONS

ARC-112	Constr Matls & Methods	4 (3-2)	Fall
Prerequisites:	None		
Corequisites:	ARC-111 ^L		
<p>This course introduces construction materials and methodologies. Topics include construction terminology, traditional and alternative materials and their properties, manufacturing processes, construction techniques, and other related topics. Upon completion, students should be able to detail construction assemblies and identify construction materials and properties.(2013 FA)</p>			
ARC-114	Architectural CAD	2 (1-3)	Spring
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces basic architectural CAD techniques. Topics include basic commands and system hardware and software. Upon completion, students should be able to prepare and plot architectural drawings to scale within accepted architectural standards.(1998 FA)</p>			
ARC-211	Light Constr Technology	3 (1-6)	Fall
Prerequisites:	ARC-111 ^S		
Corequisites:	ARC-112 ^S		
<p>This course covers working drawings for light construction. Topics include plans, elevations, sections, and details; schedules; and other related topics. Upon completion, students should be able to prepare a set of working drawings which are within accepted architectural standards(1997SU)</p>			
ARC-213	Design Project	4 (2-6)	Spring
Prerequisites:	ARC-111 ^S , ARC-112 ^S , ARC-114 ^S		
Corequisites:	None		
<p>This course provides the opportunity to design and prepare a set of contract documents within an architectural setting. Topics include schematic design, design development, construction documents, and other related topics. Upon completion, students should be able to prepare a set of commercial contract documents.(1998 FA)</p>			
ARC-230	Environmental Systems	4 (3-3)	Spring
Prerequisites:	ARC-111 ^S ; MAT-121 ^S or MAT-171 ^S		
Corequisites:	None		
<p>This course introduces plumbing, mechanical (HVAC), and electrical systems for the architectural environment. Topics include basic plumbing, mechanical, and electrical systems for residential and/or commercial buildings with an introduction to selected code requirements. Upon completion, students should be able to develop schematic drawings for plumbing, mechanical, and electrical systems and perform related calculations.(2014 FA)</p>			

ART ART

ART-111 **Art Appreciation** **3 (3-0)** **Fall
Spring
Summer**

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces the origins and historical development of art. Emphasis is placed on the relationship of design principles to various art forms including but not limited to sculpture, painting, and architecture. Upon completion, students should be able to identify and analyze a variety of artistic styles, periods, and media.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S. and A.S. Teacher Preparation
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ART-114 **Art History Survey I** **3 (3-0)** **Fall
Spring**

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course covers the development of art forms from ancient times to the Renaissance. Emphasis is placed on content, terminology, design, and style. Upon completion, students should be able to demonstrate an historical understanding of art as a product reflective of human social development.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A. Music and Theatre, A.S. and A.S. Teacher Preparation
- Premajor and/or Elective course for A.F.A. Visual Arts
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ART-115 **Art History Survey II** **3 (3-0)** **Spring**

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course covers the development of art forms from the Renaissance to the present. Emphasis is placed on content, terminology, design, and style. Upon completion, students should be able to demonstrate an historical understanding of art as a product reflective of human social development.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A. Music and Theatre, A.S. and A.S. Teacher Preparation
- Premajor and/or Elective course for A.F.A. Visual Arts
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ART-121	Two-Dimensional Design	3 (0-6)	Fall Spring
----------------	-------------------------------	----------------	------------------------

Prerequisites: None

Corequisites: None

This course introduces the elements and principles of design as applied to two-dimensional art. Emphasis is placed on the structural elements, the principles of visual organization, and the theories of color mixing and interaction. Upon completion, students should be able to understand and use critical and analytical approaches as they apply to two-dimensional visual art.(2012 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A., A.F.A. (visual arts), and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ART-122	Three-Dimensional Design	3 (0-6)	Fall Spring
----------------	---------------------------------	----------------	------------------------

Prerequisites: None

Corequisites: None

This course introduces basic studio problems in three-dimensional visual design. Emphasis is placed on the structural elements and organizational principles as applied to mass and space. Upon completion, students should be able to apply three-dimensional design concepts.(2012 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A., A.F.A. (visual arts), and A.S.

ART-131	Drawing I	3 (0-6)	Fall Spring
----------------	------------------	----------------	------------------------

Prerequisites: None

Corequisites: None

This course introduces the language of drawing and the use of various drawing materials. Emphasis is placed on drawing techniques, media, and graphic principles. Upon completion, students should be able to demonstrate competence in the use of graphic form and various drawing processes.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A., A.F.A. (visual arts), and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ART-132	Drawing II	3 (0-6)	Fall Spring
----------------	-------------------	----------------	------------------------

Prerequisites: ART-131^S

Corequisites: None

This course continues instruction in the language of drawing and the use of various materials. Emphasis is placed on experimentation in the use of drawing techniques, media, and graphic materials. Upon completion, students should be able to demonstrate increased competence in the expressive use of graphic form and techniques.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.G.E.

ART-135	Figure Drawing I	3 (0-6)	AND
Prerequisites:	ART-131 ^S		
Corequisites:	None		
<p>This course introduces rendering the human figure with various drawing materials. Emphasis is placed on the use of the visual elements, anatomy, and proportion in the representation of the draped and undraped figure. Upon completion, students should be able to demonstrate competence in drawing the human figure.(1999 FA) This course has been approved to satisfy the following requirement(s):</p> <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			
ART-171	Digital Design I	3 (0-6)	Fall Spring
Prerequisites:	None		
Corequisites:	None		
<p>This course is designed to introduce students to the elements and principles of design through the use of digital software. Emphasis is placed on developing composition and design skills using vector, raster, and time-based media. Upon completion, students should be able to identify and use tools in digital software, understand and utilize digital and artistic vocabulary, and employ the principles and elements of design to create artwork using digital means.(2019 FA) This course has been approved to satisfy the following requirement(s):</p> <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. • Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E. 			
ART-214	Portfolio and Resume	1 (0-2)	Spring
Prerequisites:	None		
Corequisites:	None		
<p>This course covers resume writing, interview skills, and the preparation and presentation of an art portfolio. Emphasis is placed on the preparation of a portfolio of original artwork, the preparation of a photographic portfolio, approaches to resume writing, and interview techniques. Upon completion, students should be able to photograph and present a digital portfolio and write an effective resume.(2018 FA) This course has been approved to satisfy the following requirement(s):</p> <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			
ART-231	Printmaking I	3 (0-6)	Spring
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces printmaking: its history, development techniques, and processes. Emphasis is placed on basic applications with investigation into image source and development. Upon completion, students should be able to produce printed images utilizing a variety of methods.(1997 SU) This course has been approved to satisfy the following requirement(s):</p> <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			

COURSE DESCRIPTIONS

- | | | | |
|----------------|-----------------------|----------------|---------------|
| ART-232 | Printmaking II | 3 (0-6) | Spring |
|----------------|-----------------------|----------------|---------------|
- Prerequisites:** ART-231^S
Corequisites: None
- This course includes additional methods and printmaking processes. Emphasis is placed on the printed image as related to method, source, and concept. Upon completion, students should be able to produce expressive images utilizing both traditional and innovative methods.(1998 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
-
- | | | | |
|----------------|-------------------|----------------|------------------------|
| ART-240 | Painting I | 3 (0-6) | Fall
Spring |
|----------------|-------------------|----------------|------------------------|
- Prerequisites:** None
Corequisites: None
- This course introduces the language of painting and the use of various painting materials. Emphasis is placed on the understanding and use of various painting techniques, media, and color principles. Upon completion, students should be able to demonstrate competence in the use of creative processes directed toward the development of expressive form.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
 - Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.
-
- | | | | |
|----------------|--------------------|----------------|------------------------|
| ART-241 | Painting II | 3 (0-6) | Fall
Spring |
|----------------|--------------------|----------------|------------------------|
- Prerequisites:** ART-240^S
Corequisites: None
- This course provides a continuing investigation of the materials, processes, and techniques of painting. Emphasis is placed on the exploration of expressive content using a variety of creative processes. Upon completion, students should be able to demonstrate competence in the expanded use of form and variety.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
 - Humanities/Fine Arts Gen. Ed. course for A.G.E.
-
- | | | | |
|----------------|------------------------------|----------------|-------------|
| ART-264 | Digital Photography I | 3 (0-6) | Fall |
|----------------|------------------------------|----------------|-------------|
- Prerequisites:** None
Corequisites: None
- This course introduces digital photographic equipment, theory and processes. Emphasis is placed on camera operation, composition, computer photo manipulation and creative expression. Upon completion, students should be able to successfully expose, digitally manipulate, and print a well-conceived composition.(2016 FA) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.

ART-281 Sculpture I 3 (0-6) Fall**Prerequisites:** None**Corequisites:** None

This course provides an exploration of the creative and technical methods of sculpture with focus on the traditional processes. Emphasis is placed on developing basic skills as they pertain to three-dimensional expression in various media. Upon completion, students should be able to show competence in variety of sculptural approaches.(1999 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

**ART-283 Ceramics I 3 (0-6) Fall
Spring****Prerequisites:** None**Corequisites:** None

This course provides an introduction to three-dimensional design principles using the medium of clay. Emphasis is placed on fundamentals of forming, surface design, glaze application, and firing. Upon completion, students should be able to demonstrate skills in slab and coil construction, simple wheel forms, glaze technique, and creative expression.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

**ART-284 Ceramics II 3 (0-6) Fall
Spring****Prerequisites:** ART-283^S**Corequisites:** None

This course covers advanced hand building and wheel techniques. Emphasis is placed on creative expression, surface design, sculptural quality, and glaze effect. Upon completion, students should be able to demonstrate a high level of technical competence in forming and glazing with a development of three-dimensional awareness.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

ASL AMERICAN SIGN LANGUAGE**ASL-111 Elementary ASL I 3 (3-0) AND****Prerequisites:** None**Corequisites:** None

This course introduces the fundamental elements of American Sign Language within a cultural context. Emphasis is placed on the development of basic expressive and receptive skills. Upon completion, students will be able to comprehend and respond with grammatical accuracy to expressive American Sign Language and demonstrate cultural awareness.(2002 SP) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.

ASL-112 Elementary ASL II 3 (3-0) AND**Prerequisites:** ASL-111^S**Corequisites:** None

This course is a continuation of ASL 111 focusing on the fundamental elements of American Sign Language in a cultural context. Emphasis is placed on the progressive development of expressive and receptive skills. Upon completion, the students should be able to comprehend and respond with increasing accuracy to expressive American Sign Language and demonstrate cultural awareness.(2002 SP) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.

ASL-211 Intermediate ASL I 3 (3-0) AND**Prerequisites:** ASL-112^S**Corequisites:** None

This course provides a review and expansion of the essential skills of American Sign Language. Emphasis is placed on the progressive development of expressive and receptive skills, study of authentic and representative literacy and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively using American Sign Language about the past, present, and future.(2002 SP) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.

ASL-212 Intermediate ASL II 3 (3-0) AND**Prerequisites:** ASL-211^S**Corequisites:** None

This course provides a continuation of ASL 211. Emphasis is placed on the continuing development of expressive and receptive skills, with study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication.(2002 SP) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.

AST ASTRONOMY**AST-111 Descriptive Astronomy 3 (3-0) AND****Prerequisites:** ENG-002^L or BSP-4002^L, MAT-003^L or BSP-4003^L**Corequisites:** AST-111A^L

This course introduces an overall view of modern astronomy. Topics include an overview of the solar system, the sun, stars, galaxies, and the larger universe. Upon completion, students should be able to demonstrate an understanding of the universe around them.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation and A.F.A.
- Natural Science Gen. Ed. course for A.S. and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

AST-111A Descriptive Astronomy Lab 1 (0-2) AND**Prerequisites:** ENG-002^L or BSP-4002^L, MAT-003^L or BSP-4003^L**Corequisites:** AST-111^S

The course is a laboratory to accompany AST 111. Emphasis is placed on laboratory experiences which enhance the materials presented in AST 111 and which provide practical experience. Upon completion, students should be able to demonstrate an understanding of the universe around them.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation and A.F.A.
- Natural Science Gen. Ed. course for A.S. and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

AUB AUTOMOTIVE BODY REPAIR**AUB-111 Painting & Refinishing I 4 (2-6) Fall****Prerequisites:** None**Corequisites:** None

This course introduces the proper procedures for using automotive refinishing equipment and materials in surface preparation and application. Topics include federal, state, and local regulations, personal safety, refinishing equipment and materials, surface preparation, masking, application techniques, and other related topics. Upon completion, students should be able to identify and use proper equipment and materials in refinishing following accepted industry standards.(1997 SU)

AUB-112 Painting & Refinishing II 4 (2-6) Spring**Prerequisites:** AUB-111^S**Corequisites:** None

This course covers advanced painting techniques and technologies with an emphasis on identifying problems encountered by the refinishing technician. Topics include materials application, color matching, correction of refinishing problems, and other related topics. Upon completion, students should be able to perform spot, panel, and overall refinishing repairs and identify and correct refinish problems.(1997 SU)

AUB-114 Special Finishes 2 (1-2) Summer**Prerequisites:** AUB-111^S**Corequisites:** None

This course introduces multistage finishes, custom painting, and protective coatings. Topics include base coats, advanced intermediate coats, clear coats, and other related topics. Upon completion, students should be able to identify and apply specialized finishes based on accepted industry standards.(1997 SU)

AUB-121 Non-Structural Damage I 3 (1-4) Fall**Prerequisites:** None**Corequisites:** None

This course introduces safety, tools, and the basic fundamentals of body repair. Topics include shop safety, damage analysis, tools and equipment, repair techniques, materials selection, materials usage, and other related topics. Upon completion, students should be able to identify and repair minor direct and indirect damage including removal/repairing/replacing of body panels to accepted standards.(1997 SU)

AUB-122	Non-Structural Damage II	4 (2-6)	Spring
Prerequisites:	None		
Corequisites:	None		
This course covers safety, tools, and advanced body repair. Topics include shop safety, damage analysis, tools and equipment, advanced repair techniques, materials selection, materials usage, movable glass, and other related topics. Upon completion, students should be able to identify and repair or replace direct and indirect damage to accepted standards including movable glass and hardware. (1997 SU)			
AUB-131	Structural Damage I	4 (2-4)	Spring
Prerequisites:	None		
Corequisites:	None		
This course introduces safety, equipment, structural damage analysis, and damage repairs. Topics include shop safety, design and construction, structural analysis and measurement, equipment, structural glass, repair techniques, and other related topics. Upon completion, students should be able to analyze and perform repairs to a vehicle which has received light/moderate structural damage.(1997 SU)			
AUB-132	Structural Damage II	4 (2-6)	Summer
Prerequisites:	AUB-131 ^S		
Corequisites:	None		
This course provides an in-depth study of structural damage analysis and repairs to vehicles that have received moderate to heavy structural damage. Topics include shop safety, structural analysis and measurement, equipment, structural glass, advanced repair techniques, structural component replacement and alignment, and other related topics. Upon completion, students should be able to analyze and perform repairs according to industry standards.(1997 SU)			
AUB-136	Plastics & Adhesives	3 (1-4)	Summer
Prerequisites:	None		
Corequisites:	None		
This course covers safety, plastic and adhesive identification, and the various repair methods of automotive plastic components. Topics include safety, identification, preparation, material selection, and the various repair procedures including refinishing. Upon completion, students should be able to identify, remove, repair, and/or replace automotive plastic components in accordance with industry standards.(1997 SU)			
AUB-150	Automotive Detailing	2 (1-3)	AND
Prerequisites:	None		
Corequisites:	None		
This course covers the methods and procedures used in automotive detailing facilities. Topics include safety, engine, interior and trunk compartment detailing, buffing/polishing exterior surfaces, and cleaning and reconditioning exterior trim, fabrics, and surfaces. Upon completion, students should be able to improve the overall appearance of a vehicle.(1997 SU)			

AUB-162	Autobody Estimating	2 (1-2)	Fall
----------------	----------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course provides a comprehensive study of autobody estimating. Topics include collision damage analysis, industry regulations, flat-rate and estimated time, and collision estimating manuals. Upon completion, students should be able to prepare and interpret a damage report.(1997 SU)

AUC AUTOMOTIVE CUSTOMIZING

AUC-112	Auto Custom Fabrication	4 (2-4)	Fall
----------------	--------------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course covers modifications of existing vehicle components, as well as fabrication of new vehicle components. Emphasis is placed on basic customizing techniques used on factory original parts, as well as fabrication of custom components using machining processes and customizing techniques. Upon completion, students should be able to modify existing factory components and create custom-fabricated components using auto customizing techniques.(2006 FA)

AUC-114	Custom Fiberglass Skills	4 (2-4)	Fall
----------------	---------------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course will provide instruction in non-metallic customizing and repair techniques. Emphasis will be placed on diagnosis and repair of cracks, proper use of bonding agents, fiberglass body parts removal/replacement, and custom fabrication techniques using fiberglass materials. Upon completion, students should be able to identify types of fiberglass and demonstrate the ability to properly prepare, apply, and finish fiberglass components.(2006 FA)

AUM - AUTOMOTIVE MANAGEMENT

AUM-111	Managing Automotive Org	3 (3-0)	Spring
----------------	--------------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course will cover the principles and procedures involved in managing an automotive facility. Emphasis is placed on record maintenance, facility layout, technical service training, personnel management, parts management, and computer-based shop management systems. Upon completion, students should be able to demonstrate procedures used in the day-to-day operations of an automotive facility.(2007 FA)

AUT AUTOMOTIVE

AUT-113	Automotive Servicing I	2 (0-6)	AND
----------------	-------------------------------	----------------	------------

Prerequisites: TRN-110^L

Corequisites: None

This course is a lab used as an alternative to co-op placement. Emphasis is placed on shop operations, troubleshooting, testing, adjusting, repairing, and replacing components using appropriate test equipment and service information. Upon completion, students should be able to perform a variety of automotive repairs using proper service procedures and to operate appropriate equipment.(2007 FA)

AUT-116	Engine Repair	3 (2-3)	Fall
Prerequisites:	TRN-110 ^L		
Corequisites:	AUT-116A ^L		
<p>This course covers the theory, construction, inspection, diagnosis, and repair of internal combustion engines and related systems. Topics include fundamental operating principles of engines and diagnosis, inspection, adjustment, and repair of automotive engines using appropriate service information. Upon completion, students should be able to perform basic diagnosis, measurement and repair of automotive engines using appropriate tools, equipment, procedures, and service information.(2007 FA)</p>			
AUT-116A	Engine Repair Lab	1 (0-3)	Fall
Prerequisites:	TRN-110 ^L		
Corequisites:	AUT-116 ^S		
<p>This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include diagnosis, inspection, adjustment, and repair of automotive engines using appropriate service information. Upon completion, students should be able to perform basic diagnosis, measurement and repair of automotive engines using appropriate tools, equipment, procedures, and service information.(2007 FA)</p>			
AUT-141	Suspension & Steering Sys	3 (2-3)	Fall Summer
Prerequisites:	None		
Corequisites:	AUT-141A ^L		
<p>This course covers principles of operation, types, and diagnosis/repair of suspension and steering systems to include steering geometry. Topics include manual and power steering systems and standard and electronically controlled suspension and steering systems. Upon completion, students should be able to service and repair steering and suspension components, check and adjust alignment angles, repair tires, and balance wheels.(2007 FA)</p>			
AUT-141A	Suspension & Steering Lab	1 (0-3)	Fall Summer
Prerequisites:	None		
Corequisites:	AUT-141 ^S		
<p>This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include manual and power steering systems and standard and electronically controlled suspension and steering systems. Upon completion, students should be able to service and repair steering and suspension components, check and adjust alignment angles, repair tires, and balance wheels.(2007 FA)</p>			
AUT-151	Brake Systems	3 (2-3)	Spring
Prerequisites:	TRN-110 ^L		
Corequisites:	AUT-151A ^L		
<p>This course covers principles of operation and types, diagnosis, service, and repair of brake systems. Topics include drum and disc brakes involving hydraulic, vacuum boost, hydra-boost, electrically powered boost, and anti-lock and parking brake systems. Upon completion, students should be able to diagnose, service, and repair various automotive braking systems.(2007 FA)</p>			

AUT-151A Brakes Systems Lab 1 (0-3) Spring

Prerequisites: TRN-110^L

Corequisites: AUT-151^S

This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include drum and disc brakes involving hydraulic, vacuum-boost, hydra-boost, electrically powered boost, and anti-lock, parking brake systems and emerging brake systems technologies. Upon completion, students should be able to diagnose, service, and repair various automotive braking systems.(2007 FA)

**AUT-163 Adv Auto Electricity 3 (2-3) Fall
Spring**

Prerequisites: TRN-120^S

Corequisites: None

This course covers electronic theory, wiring diagrams, test equipment, and diagnosis, repair, and replacement of electronics, lighting, gauges, horn, wiper, accessories, and body modules. Topics include networking and module communication, circuit construction, wiring diagrams, circuit testing, and troubleshooting. Upon completion, students should be able to properly use wiring diagrams, diagnose, test, and repair wiring, lighting, gauges, accessories, modules, and electronic concerns.(2013 FA)

**AUT-181 Engine Performance 1 3 (2-3) Fall
Spring**

Prerequisites: None

Corequisites: None

This course covers the introduction, theory of operation, and basic diagnostic procedures required to restore engine performance to vehicles equipped with complex engine control systems. Topics include an overview of engine operation, ignition components and systems, fuel delivery, injection components and systems and emission control devices. Upon completion, students should be able to describe operation and diagnose/repair basic ignition, fuel and emission related driveability problems using appropriate test equipment/service information.(2007 FA)

**AUT-183 Engine Performance 2 4 (2-6) Fall
Spring**

Prerequisites: AUT-181^S

Corequisites: None

This course covers study of the electronic engine control systems, the diagnostic process used to locate engine performance concerns, and procedures used to restore normal operation. Topics will include currently used fuels and fuel systems, exhaust gas analysis, emission control components and systems, OBD II (on-board diagnostics) and inter-related electrical/electronic systems. Upon completion, students should be able to diagnose and repair complex engine performance concerns using appropriate test equipment and service information.(2007 FA)

AUT-221	Auto Transm/Transaxles	3 (2-3)	Summer
----------------	-------------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course covers operation, diagnosis, service, and repair of automatic transmissions/transaxles. Topics include hydraulic, pneumatic, mechanical, and electrical/electronic operation of automatic drive trains and the use of appropriate service tools and equipment. Upon completion, students should be able to explain operational theory, diagnose and repair automatic drive trains.(2007 FA)

AUT-231	Man Trans/Axles/Drtrains	3 (2-3)	Spring
----------------	---------------------------------	----------------	---------------

Prerequisites: TRN-110^L

Corequisites: None

This course covers the operation, diagnosis, and repair of manual transmissions/transaxles, clutches, driveshafts, axles, and final drives. Topics include theory of torque, power flow, and manual drive train servicing and repair using appropriate service information, tools, and equipment. Upon completion, students should be able to explain operational theory, diagnose and repair manual drive trains.(2008 SP)

BAF BANKING AND FINANCE

BAF-110	Principles of Banking	3 (3-0)	Fall
----------------	------------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course covers the fundamentals of bank functions in a descriptive fashion. Topics include banks and the monetary system, the relationship of banks to depositors, the payment functions, bank loans and accounting, regulations, and examinations. Upon completion, students should be able to demonstrate an understanding of the business of banking from a broad perspective.(2015 FA)

BAS BUSINESS ANALYTICS

BAS-120	Intro to Analytics	3 (2-3)	Fall
----------------	---------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course introduces basic concepts and applications of analytics. Topics include an overview of the analytical process and the role of the analyst, applied descriptive statistics, and exploratory data analysis. Upon completion, students should be able to demonstrate a basic understanding of analytics for decision-making in business.(2015 FA)

BIO BIOLOGY

BIO-094	Concepts of Human Biology	4 (3-2)	Fall Spring
----------------	----------------------------------	----------------	------------------------

Prerequisites: None

Corequisites: ENG-002^L or BSP-4002^L

This course focuses on fundamental concepts of human biology. Topics include terminology, biochemistry, cell biology, tissues, body systems, and other related topics. Upon completion, students should be able to demonstrate preparedness for college-level anatomy and physiology courses.(2020 FA)

BIO-110	Principles of Biology	4 (3-3)	Fall Spring Summer
----------------	------------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides a survey of fundamental biological principles for non-science majors. Emphasis is placed on basic chemistry, cell biology, metabolism, genetics, evolution, ecology, diversity, and other related topics. Upon completion, students should be able to demonstrate increased knowledge and better understanding of biology as it applies to everyday life.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, and A.F.A.
- Natural Science Gen. Ed. course for A.S. and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

BIO-111	General Biology I	4 (3-3)	Fall Spring Summer
----------------	--------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces the principles and concepts of biology. Emphasis is placed on basic biological chemistry, molecular and cellular biology, metabolism and energy transformation, genetics, evolution, and other related topics. Upon completion, students should be able to demonstrate understanding of life at the molecular and cellular levels.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.F.A., A.S., and A.S. Teacher Preparation
- Other Gen. Ed. and Premajor Elective Hour course for A.E.
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

BIO-112	General Biology II	4 (3-3)	Fall Spring Summer
----------------	---------------------------	----------------	-----------------------------------

Prerequisites: BIO-111^S, minimum grade CL

Corequisites: None

This course is a continuation of BIO 111. Emphasis is placed on organisms, evolution, biodiversity, plant and animal systems, ecology, and other related topics. Upon completion, students should be able to demonstrate comprehension of life at the organismal and ecological levels.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.S., and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A., and A.A. Teacher Preparation
- Natural Science Gen. Ed. course for A.G.E.

BIO-120 Introductory Botany 4 (3-3) AND**Prerequisites:** BIO-110^S or BIO-111^S, minimum grade CL**Corequisites:** None

This course provides an introduction to the classification, relationships, structure, and function of plants. Topics include reproduction and development of seed and non-seed plants, levels of organization, form and function of systems, and a survey of major taxa. Upon completion, students should be able to demonstrate comprehension of plant form and function, including selected taxa of both seed and non-seed plants.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Natural Science Gen. Ed. course for A.A., A.A. Teacher Preparation, A.S., and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.G.E.

BIO-130 Introductory Zoology 4 (3-3) AND**Prerequisites:** BIO-110^S or BIO-111^S, minimum grade CL**Corequisites:** None

This course provides an introduction to the classification, relationships, structure, and function of major animal phyla. Emphasis is placed on levels of organization, reproduction and development, comparative systems, and a survey of selected phyla. Upon completion, students should be able to demonstrate comprehension of animal form and function including comparative systems of selected groups.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Natural Science Gen. Ed. course for A.A., A.A. Teacher Preparation, A.S., and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.G.E.

**BIO-140 Environmental Biology 3 (3-0) Fall
Spring****Prerequisites:** ENG-002^L or BSP-4002^L**Corequisites:** BIO-140A^L

This course introduces environmental processes and the influence of human activities upon them. Topics include ecological concepts, population growth, natural resources, and a focus on current environmental problems from scientific, social, political, and economic perspectives. Upon completion, students should be able to demonstrate an understanding of environmental interrelationships and of contemporary environmental issues.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Natural Science Gen. Ed. course for A.A., A.A. Teacher Preparation, A.S., and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

BIO-140A	Environmental Biology Lab	1 (0-3)	Fall Spring
-----------------	----------------------------------	----------------	------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: BIO-140^S

This course provides a laboratory component to complement BIO 140. Emphasis is placed on laboratory and field experience. Upon completion, students should be able to demonstrate a practical understanding of environmental interrelationships and of contemporary environmental issues.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Natural Science Gen. Ed. course for A.A., A.A. Teacher Preparation, A.S., and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

BIO-155	Nutrition	3 (3-0)	Fall Spring Summer
----------------	------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course covers the biochemistry of foods and nutrients with consideration of the physiological effects of specialized diets for specific biological needs. Topics include cultural, religious, and economic factors that influence a person's acceptance of food, as well as nutrient requirements of the various life stages. Upon completion, students should be able to identify the functions and sources of nutrients, the mechanisms of digestion, and the nutritional requirements of all age groups.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

BIO-163	Basic Anat & Physiology	5 (4-2)	Fall Spring
----------------	------------------------------------	----------------	------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides a basic study of the structure and function of the human body. Topics include a basic study of the body systems as well as an introduction to homeostasis, cells, tissues, nutrition, acid-base balance, and electrolytes. Upon completion, students should be able to demonstrate a basic understanding of the fundamental principles of anatomy and physiology and their interrelationships.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Natural Sciences Gen. Ed. course for A.A.S. and A.G.E.

BIO-168	Anatomy and Physiology I	4 (3-3)	Fall Spring Summer
----------------	---------------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides a comprehensive study of the anatomy and physiology of the human body. Topics include body organization, homeostasis, cytology, histology, and the integumentary, skeletal, muscular, and nervous systems and special senses. Upon completion, students should be able to demonstrate an in-depth understanding of principles of anatomy and physiology and their interrelationships. (1998 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Natural Sciences Gen. Ed. course for A.A.S. and A.G.E.

BIO-169	Anatomy and Physiology II	4 (3-3)	Fall Spring Summer
----------------	----------------------------------	----------------	-----------------------------------

Prerequisites: BIO-169^S, minimum grade CL

Corequisites: None

This course provides a continuation of the comprehensive study of the anatomy and physiology of the human body. Topics include the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems as well as metabolism, nutrition, acid-base balance, and fluid and electrolyte balance. Upon completion, students should be able to demonstrate an in-depth understanding of principles of anatomy and physiology and their interrelationships. (1998 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Natural Science Gen. Ed. course for A.G.E.

BIO-175	General Microbiology	3 (2-2)	Spring
----------------	-----------------------------	----------------	---------------

Prerequisites: BIO-110^S, BIO-111^S, BIO-163^S, or BIO-165^S, minimum grade CL

Corequisites: None

This course covers principles of microbiology with emphasis on microorganisms and human disease. Topics include an overview of microbiology and aspects of medical microbiology, identification and control of pathogens, disease transmission, host resistance, and immunity. Upon completion, students should be able to demonstrate knowledge of microorganisms and the disease process as well as aseptic and sterile techniques. (2004 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Natural Science Gen. Ed. course for A.G.E.

BIO-275	Microbiology	4 (3-3)	Fall Spring Summer
----------------	---------------------	----------------	-----------------------------------

Prerequisites: BIO-110^S, BIO-111^S, BIO-163^S, or BIO-165^S, minimum grade CL

Corequisites: None

This course covers principles of microbiology and the impact these organisms have on man and the environment. Topics include the various groups of microorganisms, their structure, physiology, genetics, microbial pathogenicity, infectious diseases, immunology, and selected practical applications. Upon completion, students should be able to demonstrate knowledge and skills including microscopy, aseptic technique, staining, culture methods, and identification of microorganisms.(2023 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Natural Science Gen. Ed. course for A.G.E.

BMT BIOMEDICAL EQUIPMENT

BMT-111	Intro to Biomed Field	2 (2-0)	Spring
----------------	------------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course introduces the fundamental concepts of the health care delivery system. Topics include hospital organization and structure, BMET duties and responsibilities, and the professional and social interrelationships between services. Upon completion, students should be able to demonstrate an understanding of hospital organization as related to BMET duties.(2011 SU)

BMT-212	BMET Instrumentation I	6 (3-6)	Summer
----------------	-------------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course covers theory of operation, circuit analysis, troubleshooting techniques, and medical applications for a variety of instruments and devices. Topics include electrodes, transducers, instrumentation amplifiers, electrocardiographs, monitors, recorders, defibrillators, ESU units, and related equipment used in clinical laboratories, intensive care units, and research facilities. Upon completion, students should be able to calibrate, troubleshoot, repair, and certify that instrumentation meets manufacturer's original specifications.(2008 SP)

BPA BAKING & PASTRY ARTS

BPA-120	Petit Fours & Pastries	3 (1-4)	Fall
----------------	-----------------------------------	----------------	-------------

Prerequisites: CUL-110^S, CUL-160^S

Corequisites: None

This course introduces the basic principles of the preparation and plating of a variety of petit fours and individual dessert pastries. Emphasis is placed on traditional and contemporary petit fours and pastries utilizing updated production methods. Upon completion, students should be able to produce individual pastries and petit fours for buffet and special event settings.(2011 FA)

COURSE DESCRIPTIONS

BPA-130	European Cakes and Tortes	3 (1-4)	Summer
Prerequisites:	CUL-110 ^S , CUL-160 ^S		
Corequisites:	None		
<p>This course introduces the production of a wide variety of classical and modern cakes suitable for restaurants, retail shops and large-scale production. Emphasis is placed on classic cakes using the methods of mixing, filling, glazing and icing. Upon completion, students should be able to prepare, assemble, and decorate gelatin-based and layered tortes and cakes such as Bavarian, Dobos, and Sacher. (2011 FA)</p>			
BPA-150	Artisan & Specialty Bread	4 (1-6)	Spring
Prerequisites:	CUL-110 ^S , CUL-160 ^S		
Corequisites:	None		
<p>This course provides an advanced study in the art and craft of bread making. Topics include pertinent formulas and techniques associated with naturally leavened loaves, hearth breads, focaccia, flat breads, and other breads utilizing a variety of grains. Upon completion, students should be able to prepare artisan and specialty breads that meet or exceed the expectations of restaurant and retail publics.(2003 FA)</p>			
BPA-165	Hot and Cold Desserts	3 (1-4)	Spring
Prerequisites:	CUL-110 ^S , CUL-160 ^S		
Corequisites:	None		
<p>This course covers the principles and techniques of frozen desserts, souffles, cobblers, crisps, and strudel dough products. Topics include bombes, parfaits, baked Alaska, ice cream, sorbets, sherbets and granites hand-stretched strudel products, crepes, and hot/cold souffles. Upon completion, student should be able to prepare and plate hot and cold desserts with suitable sauces and garnishes. (2011 FA)</p>			
BPA-210	Cake Design & Decorating	3 (1-4)	Fall
Prerequisites:	BPA-130 ^L , CUL-110 ^S , CUL-160 ^S ; ENG-002 ^L or BSP-4002 ^L		
Corequisites:	None		
<p>This course covers advanced concepts in the design and decoration of wedding cakes and other specialty cakes. Topics include baking, filling, and assembling cakes cake design finishing techniques utilizing gum paste, fondant, and royal icing and advanced piping skills. Upon completion, students should be able to design, create, finish and evaluate the quality of wedding and specialty cakes.(2011 FA)</p>			
BPA-220	Confection Artistry	3 (1-4)	Spring
Prerequisites:	CUL-110 ^S , CUL-160 ^S ; ENG-002 ^L or BSP-4002 ^L		
Corequisites:	None		
<p>This course introduces the principles and techniques of decorative sugar work and confectionary candy. Topics include nougat, marzipan modeling, pastillage and cocoa painting, confection candy and a variety of sugar techniques including blown, spun, poured and pulled. Upon completion, students should be able to prepare edible centerpieces and confections to enhance dessert buffets and plate presentations.(2021 FA)</p>			

BPA-250	Dessert/Bread Production	5 (1-8)	Fall
----------------	---------------------------------	----------------	-------------

Prerequisites: BPA-150^S; ENG-002^L or BSP-4002^L

Corequisites: None

This course is designed to merge artistry and innovation with the practical baking and pastry techniques utilized in a production setting. Emphasis is placed on quantity bread and roll-in dough production, plated and platter presentations, seasonal/theme product utilization and cost effectiveness. Upon completion, students should be able to plan, prepare and evaluate breads and desserts within a commercial environment and determine production costs and selling prices.(2012 SU)

BPA-260	Pastry & Baking Marketing	3 (2-2)	Spring
----------------	--------------------------------------	----------------	---------------

Prerequisites: BPA-150^S, BPA-210^S

Corequisites: BPA-250^S

This course is designed to cover the marketing concepts and merchandising trends utilized in bakery and pastry operations. Emphasis is placed on menu planning, pricing products/strategies, resale and wholesale distribution methods, legal implications, and advertising techniques. Upon completion, students should be able to create a marketing plan that will serve as a basis for a capstone experience. (2011 FA)

BPR BLUEPRINT READING

BPR-130	Print Reading-Construction	3 (3-0)	Fall
----------------	-----------------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course covers the interpretation of prints and specifications that are associated with design and construction projects. Topics include interpretation of documents for foundations, floor plans, elevations, and related topics. Upon completion, students should be able to read and interpret construction prints and documents.(2013 FA)

BUS BUSINESS

BUS-110	Introduction to Business	3 (3-0)	Fall Spring Summer
----------------	---------------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides a survey of the business world. Topics include the basic principles and practices of contemporary business. Upon completion, students should be able to demonstrate an understanding of business concepts as a foundation for studying other business subjects.(2015 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

BUS-115	Business Law I	3 (3-0)	Fall Spring
----------------	-----------------------	----------------	------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces the student to the legal and ethical framework of business. Contracts, negotiable instruments, the law of sales, torts, crimes, constitutional law, the Uniform Commercial Code, and the court systems are examined. Upon completion the student should be able to identify legal and ethical issues that arise in business decisions and the laws that apply to them.(2015 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

BUS-121	Business Math	3 (2-2)	Fall Spring
----------------	----------------------	----------------	------------------------

Prerequisites: ENG-002^L or BSP-4002^L, MAT-003^L or BSP-4003^L

Corequisites: None

This course covers fundamental mathematical operations and their application to business problems. Topics include payroll, pricing, interest and discount, commission, taxes, and other pertinent uses of mathematics in the field of business. Upon completion, students should be able to apply mathematical concepts to business.(1997 SU)

BUS-125	Personal Finance	3 (3-0)	AND
----------------	-------------------------	----------------	------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides a study of individual and family financial decisions. Emphasis is placed on building useful skills in buying, managing finances, increasing resources, and coping with current economic conditions. Upon completion, students should be able to develop a personal financial plan.(1997 SU)

BUS-137	Principles of Management	3 (3-0)	Fall Spring Summer
----------------	---------------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course is designed to be an overview of the major functions of management. Emphasis is placed on planning, organizing, controlling, directing, and communicating. Upon completion, students should be able to work as contributing members of a team utilizing these functions of management.(2015 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

BUS-139	Entrepreneurship I	3 (3-0)	Fall Spring
----------------	---------------------------	----------------	------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides an introduction to the principles of entrepreneurship. Topics include self-analysis of entrepreneurship readiness, the role of entrepreneur in economic development, legal problems, organizational structure, sources of financing, budgeting, and cash flow. Upon completion, students should have an understanding of the entrepreneurial process and issues faced by entrepreneurs. (2008 FA)

BUS-148	Survey of Real Estate	3 (3-0)	Fall
Prerequisites:	None		
Corequisites:	None		
This course introduces real estate principles and practices. Topics include real estate finance, real estate law, brokerage, land use planning, property management, and valuation. Upon completion, students should be able to explain basic procedures involved in the lease, purchase, and sale of real property.(1997 SU)			
BUS-151	People Skills	3 (3-0)	Spring
Prerequisites:	None		
Corequisites:	None		
This course introduces the basic concepts of identity and communication in the business setting. Topics include self-concept, values, communication styles, feelings and emotions, roles versus relationships, and basic assertiveness, listening, and conflict resolution. Upon completion, students should be able to distinguish between unhealthy, self-destructive, communication patterns and healthy, non-destructive, positive communication patterns.(1997 SU)			
BUS-153	Human Resource Management	3 (3-0)	Fall Spring
Prerequisites:	ENG-002 ^L or BSP-4002 ^L		
Corequisites:	None		
This course introduces the functions of personnel/human resource management within an organization. Topics include equal opportunity and the legal environment, recruitment and selection, performance appraisal, employee development, compensation planning, and employee relations. Upon completion, students should be able to anticipate and resolve human resource concerns.(1997 SU)			
BUS-225	Business Finance	3 (2-2)	Spring
Prerequisites:	ACC-120 ^S		
Corequisites:	None		
This course provides an overview of business financial management. Emphasis is placed on financial statement analysis, time value of money, management of cash flow, risk and return, and sources of financing. Upon completion, students should be able to interpret and apply the principles of financial management.(1997 SU)			
BUS-230	Small Business Management	3 (3-0)	Fall Spring
Prerequisites:	ENG-002 ^L or BSP-4002 ^L		
Corequisites:	None		
This course introduces the challenges of entrepreneurship including the startup and operation of a small business. Topics include market research techniques, feasibility studies, site analysis, financing alternatives, and managerial decision making. Upon completion, students should be able to develop a small business plan.(1997 SU)			

CAT-226	CT Clinical Practicum	6	Spring
		(0-0-18)	

Prerequisites: None**Corequisites:** None

This course provides the opportunity to apply knowledge gained from classroom instruction to the computed tomography clinical setting. Emphasis is placed on patient care and positioning, scanning procedures, and image production in computed tomography. Upon completion, students should be able to assume a variety of duties and responsibilities within the computed tomography clinical environment.(1997 SU)

CEG CIVIL ENG. AND GEOMATIC

CEG-111	Intro to Gis and Gnss	4 (2-4)	Spring
----------------	------------------------------	----------------	---------------

Prerequisites: None**Corequisites:** None

This course introduces the methods and techniques used in the Geographic Information Systems (GIS) and Global Navigation Satellite Systems (GNSS) professions. Emphasis is placed on data collection and mapping using GIS software. Upon completion, students should be able to use GNSS technologies to collect field data and create GIS maps.(2013 FA)

CEG-115	Intro to Tech & Sustainability	3 (2-3)	Fall
----------------	---	----------------	-------------

Prerequisites: None**Corequisites:** CEG-115A^L

This course introduces basic skills, sustainability concepts and career fields for technicians. Topics include career options, technical vocabulary, dimensional analysis, measurement systems, engineering graphics, professional ethics, and related topics. Upon completion, students should be able to identify drawing elements and create sketches, perform basic engineering computations and identify measures of sustainable development.(2013 FA)

CEG-115A	Tech & Sustainability Lab	1 (0-3)	Fall
-----------------	--------------------------------------	----------------	-------------

Prerequisites: None**Corequisites:** CEG-115^S

This course provides a lab experience that requires students to apply principles of sustainable development and engineering computations, measurement, and drawing to hands-on activities and in actual settings. Emphasis is placed on basic engineering technology and sustainable development topics. Upon completion, students should be able to recognize appropriate technologies for particular projects and scenarios.(2013 FA)

CEG-210	Construction Mtls & Methods	3 (2-3)	Fall
----------------	--	----------------	-------------

Prerequisites: None**Corequisites:** EGR-115^L or CEG-115^L

This course covers the behavior and properties of Portland cement, asphaltic concretes, and other construction materials, including construction methods and equipment. Topics include cementing agents, aggregates, water and admixture materials with their proportions, production, placement, consolidation, curing and their inspection. Upon completion, students should be able to proportion Portland concrete mixes to attain predetermined strengths, perform standard control tests on Portland cement concrete, identify inspection criteria for concretes, identify construction equipment and applications.(2013 FA)

CEG-211	Hydrology & Erosion Control	3 (2-3)	Fall
Prerequisites:	MAT-121 ^S , MAT-171 ^S , MAT-003 w/P2S, or BSP-4003 ^S		
Corequisites:	None		
This course introduces basic engineering principles and characteristics of hydrology, erosion and sediment control. Topics include stormwater runoff, gravity pipe flow, open channel flow, low impact development (LID), erosion control devices and practices. Upon completion, students should be able to analyze and design gravitational drainage structures, identify LID and erosion control elements, and prepare a stormwater drainage plan.(2013 FA)			
CEG-212	Intro to Environmental Tech	3 (2-3)	Spring
Prerequisites:	EGR-251 ^S		
Corequisites:	None		
This course introduces basic engineering principles of hydraulics, and water and wastewater technologies. Topics include fluid statics, fluid dynamics, flow measurement, the collection, treatment, and distribution of water and wastewater. Upon completion, students should be able to identify water and wastewater system elements, describe water and wastewater system processes and perform basic hydraulics and treatment computations.(2013 FA)			
CEG-230	Subdivision Planning & Design	3 (1-6)	Spring
Prerequisites:	EGR-120 ^S , CEG-211 ^S , SRV-211 ^S		
Corequisites:	None		
This course covers the planning and design concepts related to subdivisions including analysis of development standards, engineering, and the creation of CAD drawings. Topics include applicable codes, lot creation, roadway system layout, stormwater drainage, low impact development (LID) concepts, and related topics. Upon completion, students should be able to prepare a set of subdivision plans. (2013 FA)			
CEG-235	Project Management/Estimating	3 (2-3)	Spring
Prerequisites:	CEG-115 ^S , CIS-110 ^S , CIS-111 ^S , EGR-115 ^S , or EGR-125 ^S		
Corequisites:	None		
This course covers planning and estimating practices which are applicable to the civil engineering and related construction industries. Emphasis is placed on construction project planning and management, material take-offs labor and equipment requirements in accordance with industry formats, and other economic topics. Upon completion, students should be able to accurately complete material take-offs, prepare cost estimates, and prepare construction schedules.(2014 SU)			

CET COMPUTER ENGINEERING TECH

CET-111	Computer Upgrade/Repair I	3 (2-3)	Fall Spring Summer
Prerequisites:	None		
Corequisites:	None		
This course covers repairing, servicing, and upgrading computers and peripherals in preparation for industry certification. Topics include CPU/memory/bus identification, disk subsystems, hardware/software installation/configuration, common device drivers, data recovery, system maintenance, and other related topics. Upon completion, students should be able to safely repair and/or upgrade computer systems to perform within specifications.(2007 FA)			

CHM-152	General Chemistry II	4 (3-3)	Fall Spring Summer
----------------	-----------------------------	----------------	-----------------------------------

Prerequisites: CHM-151^S, minimum grade CL

Corequisites: None

This course provides a continuation of the study of the fundamental principles and laws of chemistry. Topics include kinetics, equilibrium, ionic and redox equations, acid-base theory, electrochemistry, thermodynamics, introduction to nuclear and organic chemistry, and complex ions. Upon completion, students should be able to demonstrate an understanding of chemical concepts as needed to pursue further study in chemistry and related professional fields.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.S. and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A. and A.A. Teacher Preparation
- Other Gen. Ed. and Premajor Elective course for A.E.
- Natural Sciences Gen. Ed. course for A.G.E.

CHM-251	Organic Chemistry I	4 (3-3)	Fall
----------------	----------------------------	----------------	-------------

Prerequisites: CHM-152^S, minimum grade CL

Corequisites: None

This course provides a systematic study of the theories, principles, and techniques of organic chemistry. Topics include nomenclature, structure, properties, reactions, and mechanisms of hydrocarbons, alkyl halides, alcohols, and ethers further topics include isomerization, stereochemistry, and spectroscopy. Upon completion, students should be able to demonstrate an understanding of the fundamental concepts of covered organic topics as needed in CHM 252.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Other Gen. Ed. and Premajor Elective course for A.E.
- Natural Sciences Gen. Ed. course for A.G.E.

CHM-252	Organic Chemistry II	4 (3-3)	Spring
----------------	-----------------------------	----------------	---------------

Prerequisites: CHM-251^S, minimum grade CL

Corequisites: None

This course provides continuation of the systematic study of the theories, principles, and techniques of organic chemistry. Topics include nomenclature, structure, properties, reactions, and mechanisms of aromatics, aldehydes, ketones, carboxylic acids and derivatives, amines and heterocyclics multi-step synthesis will be emphasized. Upon completion, students should be able to demonstrate an understanding of organic concepts as needed to pursue further study in chemistry and related professional fields.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Other Gen. Ed. and Premajor Elective course for A.E.
- Natural Science Gen. Ed. course for A.G.E.

CIV-221	Steel and Timber Design	3 (2-3)	Fall
Prerequisites:	EGR-251 ^S		
Corequisites:	None		
<p>This course introduces the basic elements of steel and timber structures. Topics include strength of materials applications, the analysis and design of steel and timber beams, columns, and connections and concepts of structural detailing. Upon completion, students should be able to analyze, design, and draw simple plans using Computer Aided Drafting and Design software (CADD).(2013 FA)</p>			
CIV-222	Reinforced Concrete	3 (2-3)	Spring
Prerequisites:	EGR-251 ^S		
Corequisites:	None		
<p>This course introduces the basic elements of reinforced concrete structures. Topics include analysis and design of reinforced concrete beams, slabs, columns, footings, and retaining walls. Upon completion, students should be able to analyze and design components of a structure using reinforced concrete and draw simple plans using Computer Aided Drafting and Design software (CADD).(2013 FA)</p>			

CJC CRIMINAL JUSTICE

CJC-110	Basic Law Enforcement BLET	20 (10-30)	Fall Spring
Prerequisites:	None		
Corequisites:	None		
<p>This course covers the basic skills and knowledge needed for entry-level employment as a law enforcement officer in North Carolina. Topics include those mandated by North Carolina Administration Code as essential for functioning in law enforcement. Upon completion, the student should be able to demonstrate competence in the topics required for the state comprehensive certification examination.(2019 FA)</p>			
CJC-111	Intro to Criminal Justice	3 (3-0)	Fall
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces the components and processes of the criminal justice system. Topics include history, structure, functions, and philosophy of the criminal justice system and their relationship to life in our society. Upon completion, students should be able to define and describe the major system components and their interrelationships and evaluate career options.(1997 SU) This course has been approved to satisfy the following requirement(s):</p> <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			
CJC-112	Criminology	3 (3-0)	Fall
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces deviant behavior as it relates to criminal activity. Topics include theories of crime causation statistical analysis of criminal behavior past, present, and future social control initiatives and other related topics. Upon completion, students should be able to explain and discuss various theories of crime causation and societal response.(1997 SU)</p>			

- CJC-131 Criminal Law 3 (3-0) Spring**
Prerequisites: None
Corequisites: None
 This course covers the history/evolution/principles and contemporary applications of criminal law. Topics include sources of substantive law, classification of crimes, parties to crime, elements of crimes, matters of criminal responsibility, and other related topics. Upon completion, students should be able to discuss the sources of law and identify, interpret, and apply the appropriate statutes/elements.(1997 SU) Students who have successfully completed CJC-110, Basic Law Enforcement, may receive credit for CJC-131.
- CJC-132 Court Procedure & Evidence 3 (3-0) Spring**
Prerequisites: None
Corequisites: None
 This course covers judicial structure/process/procedure from incident to disposition, kinds and degrees of evidence, and the rules governing admissibility of evidence in court. Topics include consideration of state and federal courts, arrest, search and seizure laws, exclusionary and statutory rules of evidence, and other related issues. Upon completion, students should be able to identify and discuss procedures necessary to establish a lawful arrest/search, proper judicial procedures, and the admissibility of evidence.(1997 SU) Students who have successfully completed CJC-110, Basic Law Enforcement, may receive credit for CJC-132.
- CJC-141 Corrections 3 (3-0) Spring**
Prerequisites: None
Corequisites: None
 This course covers the history, major philosophies, components, and current practices and problems of the field of corrections. Topics include historical evolution, functions of the various components, alternatives to incarceration, treatment programs, inmate control, and other related topics. Upon completion, students should be able to explain the various components, processes, and functions of the correctional system.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
- CJC-144 Crime Scene Processing 3 (2-3) Fall**
Prerequisites: None
Corequisites: None
 This course introduces the theories and practices of crime scene processing and investigating. Topics include legal considerations at the crime scene, processing indoor and outdoor scenes, recording, note taking, collection and preservation of evidence and submission to the crime laboratory. Upon completion, the student should be able to evaluate and search various crime scenes and demonstrate the appropriate techniques.(2000 SP)
- CJC-146 Trace Evidence 3 (2-3) Fall**
Prerequisites: None
Corequisites: None
 This course provides a study of trace evidence as it relates to forensic science. Topics include collection, packaging, and preservation of trace evidence from crime scenes such as bombings, fires and other scenes. Upon completion, students should be able to demonstrate the fundamental concepts of trace evidence collection, preservation and submission to the crime laboratory.(2000 SP)

CJC-212 Ethics & Comm Relations 3 (3-0) Summer**Prerequisites:** None**Corequisites:** None

This course covers ethical considerations and accepted standards applicable to criminal justice organizations and professionals. Topics include ethical systems social change, values, and norms cultural diversity citizen involvement in criminal justice issues and other related topics. Upon completion, students should be able to apply ethical considerations to the decision-making process in identifiable criminal justice situations.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

CJC-221 Investigative Principles 4 (3-2) Fall**Prerequisites:** None**Corequisites:** None

This course introduces the theories and fundamentals of the investigative process. Topics include crime scene/incident processing, information gathering techniques, collection/preservation of evidence, preparation of appropriate reports, court presentations, and other related topics. Upon completion, students should be able to identify, explain, and demonstrate the techniques of the investigative process, report preparation, and courtroom presentation.(1997 SU) Students who have successfully completed CJC-110, Basic Law Enforcement, may receive credit for CJC-221.

CJC-222 Criminalistics 3 (3-0) Spring**Prerequisites:** None**Corequisites:** None

This course covers the functions of the forensic laboratory and its relationship to successful criminal investigations and prosecutions. Topics include advanced crime scene processing, investigative techniques, current forensic technologies, and other related topics. Upon completion, students should be able to identify and collect relevant evidence at simulated crime scenes and request appropriate laboratory analysis of submitted evidence.(1997 SU)

CJC-225 Crisis Intervention 3 (3-0) Fall**Prerequisites:** None**Corequisites:** None

This course introduces critical incident intervention and management techniques as they apply to operational criminal justice practitioners. Emphasis is placed on the victim/offender situation as well as job-related high stress, dangerous, or problem-solving citizen contacts. Upon completion, students should be able to provide insightful analysis of emotional, violent, drug-induced, and other critical and/or stressful incidents that require field analysis and/or resolution.(1997 SU)

COURSE DESCRIPTIONS

CJC-231	Constitutional Law	3 (3-0)	Fall
Prerequisites:	None		
Corequisites:	None		
<p>The course covers the impact of the Constitution of the United States and its amendments on the criminal justice system. Topics include the structure of the Constitution and its amendments, court decisions pertinent to contemporary criminal justice issues, and other related topics. Upon completion, students should be able to identify/discuss the basic structure of the United States Constitution and the rights/procedures as interpreted by the courts.(1997 SU) Students who have successfully completed CJC-110, Basic Law Enforcement, may receive credit for CJC-231.</p>			
CJC-232	Civil Liability	3 (3-0)	Summer
Prerequisites:	None		
Corequisites:	None		
<p>This course covers liability issues for the criminal justice professional. Topics include civil rights violations, tort liability, employment issues, and other related topics. Upon completion, students should be able to explain civil trial procedures and discuss contemporary liability issues.(1997 SU)</p>			
CJC-241	Community-Based Corrections	3 (3-0)	Spring
Prerequisites:	None		
Corequisites:	None		
<p>This course covers programs for convicted offenders that are used both as alternatives to incarceration and in post-incarceration situations. Topics include offenders, diversion, house arrest, restitution, community service, probation and parole, including both public and private participation, and other related topics. Upon completion, students should be able to identify/discuss the various programs from the perspective of the criminal justice professional, the offender, and the community.(1997 SU)</p>			
CJC-244	Footwear and Tire Imprint	3 (2-3)	Spring
Prerequisites:	None		
Corequisites:	None		
<p>This course provides a study of the fundamental concepts of footwear and tire imprint evidence as related to forensic science. Topics include proper photographic recording, casting, recognition of wear patterns and imprint identification. Upon completion, the student should be able to recognize, record, photograph, and identify footwear and tire imprints.(2000 SP)</p>			
CJC-245	Friction Ridge Analysis	3 (2-3)	Summer
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces the basic elements of fingerprint technology and techniques applicable to the criminal justice field. Topics include the history and meaning of fingerprints, pattern types and classification filing sequence, searching and referencing. Upon completion, the students should be able to discuss and demonstrate the fundamental techniques of basic fingerprint technology.(2000 SP)</p>			

COM-120	Intro Interpersonal Com	3 (3-0)	Fall Spring Summer
----------------	--------------------------------	----------------	-----------------------------------

Prerequisites: None

Corequisites: None

This course introduces the practices and principles of interpersonal communication in both dyadic and group settings. Emphasis is placed on the communication process, perception, listening, self-disclosure, speech apprehension, ethics, nonverbal communication, conflict, power, and dysfunctional communication relationships. Upon completion, students should be able to demonstrate interpersonal communication skills, apply basic principles of group discussion, and manage conflict in interpersonal communication situations.(2007 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.F.A., and A.S.
- Communication course for A.A.S. and A.G.E.

COM-140	Intro Intercultural Com	3 (3-0)	Fall
----------------	--------------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course introduces techniques of cultural research, definitions, functions, characteristics, and impacts of cultural differences in public address. Emphasis is placed on how diverse backgrounds influence the communication act and how cultural perceptions and experiences determine how one sends and receives messages. Upon completion, students should be able to demonstrate an understanding of the principles and skills needed to become effective in communicating outside one's primary culture.(2009 SP) This course has been approved to satisfy the following requirement(s):

- Communication Gen. Ed. course for A.A., A.A. Teacher Preparation, A.S., and A.S. Teacher Preparation
- Humanities/Fine Arts course for A.A.S. and A.G.E.

COM-150	Intro. to Mass Comm.	3 (3-0)	AND
----------------	-----------------------------	----------------	------------

Prerequisites: ENG-111^S

Corequisites: None

This course introduces print and electronic media and the new information technologies in terms of communication theory and as economic, political, and social institutions. Topics include the nature, history, functions, and responsibilities of mass communication industries in a global environment and their role and impact in American society. Upon completion, students should be able to demonstrate awareness of the pervasive nature of mass media and how media operate in an advanced post-industrial society.(2010 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

COM-231	Public Speaking	3 (3-0)	Fall Spring Summer
----------------	------------------------	----------------	-----------------------------------

Prerequisites: None

Corequisites: None

This course provides instruction and experience in preparation and delivery of speeches within a public setting and group discussion. Emphasis is placed on research, preparation, delivery, and evaluation of informative, persuasive, and special occasion public speaking. Upon completion, students should be able to prepare and deliver well-organized speeches and participate in group discussion with appropriate audiovisual support.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
- Communication course for A.A.S.

COS COSMETOLOGY

COS-111	Cosmetology Concepts I	4 (4-0)	Fall Spring
----------------	-------------------------------	----------------	------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: COS-112^S

This course introduces basic cosmetology concepts. Topics include safety, first aid, sanitation, bacteriology, anatomy, diseases and disorders, hygiene, product knowledge, chemistry, ethics, manicures, and other related topics. Upon completion, students should be able to safely and competently apply cosmetology concepts in the salon setting.(1997 SU)

COS-112	Salon I	8 (0-24)	Fall Spring
----------------	----------------	-----------------	------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: COS-111^S

This course introduces basic salon services. Topics include scalp treatments, shampooing, rinsing, hair color, design, haircutting, permanent waving, pressing, relaxing, wigs, and other related topics. Upon completion, students should be able to safely and competently demonstrate salon services.(1997 SU)

COS-113	Cosmetology Concepts II	4 (4-0)	Fall Spring
----------------	--------------------------------	----------------	------------------------

Prerequisites: COS-111^S, minimum grade CL, and COS-112^S

Corequisites: COS-114^S

This course covers more comprehensive cosmetology concepts. Topics include safety, product knowledge, chemistry, manicuring, chemical restructuring, and hair coloring. Upon completion, students should be able to safely and competently apply these cosmetology concepts in the salon setting.(2016 FA)

COURSE DESCRIPTIONS

COS-114	Salon II	8 (0-24)	Fall Spring
Prerequisites: COS-111 ^S , minimum grade CL, and COS-112 ^S			
Corequisites: COS-113 ^S			
This course provides experience in a simulated salon setting. Topics include basic skin care, manicuring, nail application, scalp treatments, shampooing, rinsing, hair color, design, haircutting, chemical restructuring, pressing, wigs, and other related topics. Upon completion, students should be able to safely and competently demonstrate these salon services.(2016 FA)			
COS-115	Cosmetology Concepts III	4 (4-0)	Summer
Prerequisites: COS-111 ^S , minimum grade CL, and COS-112 ^S			
Corequisites: COS-116 ^L			
This course covers more comprehensive cosmetology concepts. Topics include safety, product knowledge, salon management, salesmanship, skin care, electricity/light therapy, wigs, thermal hair styling, lash and brow tinting, superfluous hair removal, and other related topics. Upon completion, students should be able to safely and competently apply these cosmetology concepts in the salon setting. (2016 FA)			
COS-116	Salon III	4 (0-12)	Summer
Prerequisites: COS-111 ^S , minimum grade CL, and COS-112 ^S			
Corequisites: COS-115 ^L			
This course provides comprehensive experience in a simulated salon setting. Emphasis is placed on intermediate-level of skin care, manicuring, scalp treatments, shampooing, hair color, design, haircutting, chemical restructuring, pressing, and other related topics. Upon completion, students should be able to safely and competently demonstrate these salon services.(2016 FA)			
COS-117	Cosmetology Concepts IV	2 (2-0)	Fall Spring
Prerequisites: COS-111 ^S , minimum grade CL, and COS-112 ^S			
Corequisites: COS-118 ^L			
This course covers advanced cosmetology concepts. Topics include chemistry and hair structure, advanced cutting and design, and an overview of all cosmetology concepts in preparation for the licensing examination. Upon completion, students should be able to demonstrate an understanding of these cosmetology concepts and meet program completion requirements.(2016 FA)			
COS-118	Salon IV	7 (0-21)	Fall Spring
Prerequisites: COS-111 ^S , minimum grade CL, and COS-112 ^S			
Corequisites: COS-117 ^L			
This course provides advanced experience in a simulated salon setting. Emphasis is placed on efficient and competent delivery of all salon services in preparation for the licensing examination and employment. Upon completion, students should be able to demonstrate competence in program requirements and the areas covered on the Cosmetology Licensing Examination and meet entry-level employment requirements.(2016 FA)			

COS-223	Contemp Hair Coloring	2 (1-3)	Fall Spring
----------------	------------------------------	----------------	------------------------

Prerequisites: COS-111^S and COS-112^S

Corequisites: None

This course covers basic color concepts, hair coloring problems, and application techniques. Topics include color theory, terminology, contemporary techniques, product knowledge, and other related topics. Upon completion, students should be able to identify a clients color needs and safely and competently perform color applications and correct problems.(1998 FA)

CSC COMPUTER SCIENCE

CSC-118	Swift Programming I	3 (2-3)	Fall
----------------	----------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course introduces the development of iOS applications and Apple applications using Swift programming language. Emphasis is placed on syntax, object-oriented principles, memory management, and functional concepts of Swift programming. Upon completion, students should be able to develop fully functional iOS and Apple applications using Swift programming language.(2018 SU)

CSC-134	C++ Programming	3 (2-3)	Summer
----------------	------------------------	----------------	---------------

Prerequisites: MAT-003^L or BSP-4003^L

Corequisites: None

This course introduces computer programming using the C++ programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion, students should be able to design, code, test and debug at a beginning level.(2006 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Other Gen. Ed. and Premajor Elective Hours course for A.E.

CSC-139	Visual BASIC Programming	3 (2-3)	AND
----------------	---------------------------------	----------------	------------

Prerequisites: MAT-003^L or BSP-4003^L

Corequisites: None

This course introduces computer programming using the Visual BASIC programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion, students should be able to design, code, test and debug at a beginning level.(2006 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

CSC-151	JAVA Programming	3 (2-3)	AND
Prerequisites:	MAT-003 ^L or BSP-4003 ^L		
Corequisites:	None		
<p>This course introduces computer programming using the JAVA programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion students should be able to design, code, test, debug JAVA language programs.(2006 SP) This course has been approved to satisfy the following requirement(s):</p> <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. • Other Gen. Ed. and Premajor Elective Hours course for A.E. 			
CSC-153	C# Programming	3 (2-3)	Spring
Prerequisites:	MAT-003 ^L or BSP-4003 ^L		
Corequisites:	None		
<p>This course introduces computer programming using the C# programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion, students should be able to design, code, test, debug, and implement objects using the appropriate environment at the beginning level.(2006 SP)</p>			
CSC-218	Swift Programming II	3 (2-3)	Spring
Prerequisites:	CSC-118 ^S		
Corequisites:	None		
<p>This course introduces advanced iOS application development using the Swift programming language. Emphasis is placed on navigation, data manipulation, web services, prototyping, debugging, and project planning. Upon completion, students should be able to develop advanced multifunctional iOS and Apple applications using the Swift programming language.(2018 SU)</p>			
CSC-253	Advanced C# Programming	3 (2-3)	Fall
Prerequisites:	CSC-153 ^S		
Corequisites:	None		
<p>This course is a continuation of CSC 153 using the C# programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion, students should be able to design, code, test, debug, and implement objects using the appropriate environment.(2006 SP)</p>			
CSC-289	Programming Capstone Project	3 (1-4)	Spring
Prerequisites:	CTI-110 ^S , CTI-120 ^S , and CTS-115 ^S		
Corequisites:	None		
<p>This course provides an opportunity to complete a significant programming project from the design phase through implementation with minimal instructor support. Emphasis is placed on project definition, testing, presentation, and implementation. Upon completion, students should be able to complete a project from the definition phase through implementation.(2016 FA)</p>			

CST CONSTRUCTION

- | | | | |
|---|------------------------------|----------------|---------------|
| CST-111 | Construction I | 4 (3-3) | Fall |
| Prerequisites: None | | | |
| Corequisites: None | | | |
| This course covers standard and alternative building methods to include wall framing. Topics include safety and footings, foundations, floor framing systems, and wall framing systems commonly used in the construction industry. Upon completion, students should be able to safely erect all framing necessary to begin roof framing.(1997 SU) | | | |
| | | | |
| CST-112 | Construction II | 4 (3-3) | Spring |
| Prerequisites: CST-111 ^S | | | |
| Corequisites: None | | | |
| This course covers building methods and materials used to dry-in a building. Topics include safety, ceiling/roof framing applications, roof finishes, windows, and exterior doors. Upon completion, students should be able to safely erect different roof types and properly install windows and exterior doors, roofing, and exterior finish materials.(1997 SU) | | | |
| | | | |
| CST-221 | Statics/Structures | 4 (3-3) | Summer |
| Prerequisites: ARC-112 ^S or CST-112 ^S ; MAT-110 ^S , MAT-121 ^S , or MAT-171 ^S | | | |
| Corequisites: None | | | |
| This course covers the principles of statics and strength of materials as applied to structural building components. Topics include forces on columns, beams, girders, and footings and connection points when timber, steel, and concrete members are used. Upon completion, students should be able to accurately analyze load conditions present in structural members.(2016 SP) | | | |
| | | | |
| CST-231 | Soils & Site Work | 4 (3-2) | Fall |
| Prerequisites: MAT-121 ^S or MAT-171 ^S | | | |
| Corequisites: None | | | |
| This course covers site conditions and soil types and their physical properties. Topics include site preparation, access, mechanical analysis, classification of soils, and hydrostatics of groundwater. Upon completion, students should be able to adequately prepare a building site according to plans and specifications.(2014 FA) | | | |
| | | | |
| CST-241 | Planning/Estimating I | 3 (2-2) | Spring |
| Prerequisites: BPR-130 ^S or MAT-121 ^S or MAT-171 ^S | | | |
| Corequisites: None | | | |
| This course covers the procedures involved in planning and estimating a construction/building project. Topics include performing quantity take-offs of materials necessary for a building project. Upon completion, students should be able to accurately complete a take-off of materials and equipment needs involved in a construction project.(2014 FA) | | | |

CTI COMPUTER TECH INTEGRATION

CTI-110 **Web, Pgm, & Db Foundation** **3 (2-2)** **Fall
Spring**

Prerequisites: None

Corequisites: None

This course covers the introduction of the tools and resources available to students in programming, mark-up language and services on the Internet. Topics include standard mark-up language Internet services, creating web pages, using search engines, file transfer programs and database design and creation with DBMS products. Upon completion students should be able to demonstrate knowledge of programming tools, deploy a web-site with mark-up tools, and create a simple database table.(2009 FA)

CTI-120 **Network & Sec Foundation** **3 (2-2)** **Fall
Spring**

Prerequisites: None

Corequisites: None

This course introduces students to the Network concepts, including networking terminology and protocols, local and wide area networks, and network standards. Emphasis is placed on securing information systems and the various implementation policies. Upon completion, students should be able to perform basic tasks related to networking mathematics, terminology, media and protocols. (2009 FA)

CTI-140 **Virtualization Concepts** **3 (1-4)** **AND**

Prerequisites: None

Corequisites: None

This course introduces operating system virtualization. Emphasis is placed on virtualization terminology, virtual machine storage, virtual networking and access control. Upon completion, students should be able to perform tasks related to installation, configuration and management of virtual machines.(2012 SU)

CTS COMPUTER INFORMATION TECH

CTS-115 **Info Sys Business Concepts** **3 (3-0)** **Spring**

Prerequisites: None

Corequisites: None

The course introduces the role of IT in managing business processes and the need for business process and IT alignment. Emphasis is placed on industry need for understanding business challenges and developing/managing information systems to contribute to the decision making process based on these challenges. Upon completion, students should be able to demonstrate knowledge of the 'hybrid business manager' and the potential offered by new technology and systems. (2006 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

COURSE DESCRIPTIONS

CUL-130	Menu Design	2 (2-0)	Summer
Prerequisites: None			
Corequisites: None			
This course introduces menu design and its relationship to foodservice operations. Topics include layout, marketing, concept development, dietary concerns, product utilization, target consumers and trends. Upon completion, students should be able to design, create and produce menus for a variety of foodservice settings.(2011 FA)			
CUL-135	Food & Beverage Service	2 (2-0)	Fall Spring
Prerequisites: None			
Corequisites: CUL-135A ^L			
This course is designed to cover the practical skills and knowledge necessary for effective food and beverage service in a variety of settings. Topics include greeting/service of guests, dining room set-up, profitability, menu sales and merchandising, service styles and reservations. Upon completion, students should be able to demonstrate competence in human relations and the skills required in the service of foods and beverages.(2011 FA)			
CUL-135A	Food & Beverage Serv Lab	1 (0-2)	Fall Spring
Prerequisites: None			
Corequisites: CUL-135 ^S			
This course provides a laboratory experience for enhancing student skills in effective food and beverage service. Emphasis is placed on practical experiences including greeting/service of guests, dining room set-up, profitability, menu sales and merchandising, service styles and reservations. Upon completion, students should be able to demonstrate practical applications of human relations and the skills required in the service of foods and beverages.(2011 FA)			
CUL-140	Culinary Skills I	5 (2-6)	Fall Spring
Prerequisites: MAT-003 ^L or BSP-4003 ^L			
Corequisites: CUL-110 ^S			
This course introduces the fundamental concepts, skills and techniques in basic cookery, and moist, dry and combination heat. Emphasis is placed on recipe conversion, measurements, terminology, classical knife cuts, safe food/equipment handling, flavorings/seasonings, stocks/sauces/soups, and related topics. Upon completion, students should be able to exhibit the basic cooking skills used in the foodservice industry.(2011 FA)			
CUL-160	Baking I	3 (1-4)	Fall Spring
Prerequisites: MAT-003 ^L or BSP-4003 ^L			
Corequisites: CUL-110 ^S			
This course covers basic ingredients, techniques, weights and measures, baking terminology and formula calculations. Topics include yeast/chemically leavened products, laminated doughs, pastry dough batter, pies/tarts, meringue, custard, cakes and cookies, icings, glazes and basic sauces. Upon completion, students should be able to demonstrate proper scaling and measurement techniques, and prepare and evaluate a variety of bakery products.(2011 FA)			

CUL-170	Garde Manger I	3 (1-4)	Fall Spring Summer
----------------	-----------------------	----------------	-----------------------------------

Prerequisites: MAT-003^L or BSP-4003^L

Corequisites: CUL-110^S

This course introduces basic cold food preparation techniques and pantry production. Topics include salads, sandwiches, appetizers, dressings, basic garnishes, cheeses, cold sauces, and related food items. Upon completion, students should be able to present a cold food display and exhibit an understanding of the cold kitchen and its related terminology.(2011 FA)

CUL-214	Wine Appreciation	2 (1-2)	Fall
----------------	--------------------------	----------------	-------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides an introduction to information about wine from all the major wine producing regions. Emphasis is placed on the history of wine, production, characteristics, wine list development, laws, purchasing and storing requirements. Upon completion, students should be able to evaluate varietal wines and basic food pairings.(2011 FA)

CUL-230	Global Cuisines	5 (1-8)	Spring
----------------	------------------------	----------------	---------------

Prerequisites: CUL-110^S, CUL-110A^L, CUL-140^S, CUL-160^L, CUL-240^L

Corequisites: None

This course provides practical experience in the planning, preparation, and presentation of representative foods from a variety of world cuisines. Emphasis is placed on indigenous ingredients and customs, nutritional concerns, and cooking techniques. Upon completion, students should be able to research and execute a variety of international and domestic menus.(2011 FA)

CUL-240	Culinary Skills II	5 (1-8)	Spring
----------------	---------------------------	----------------	---------------

Prerequisites: CUL-110^S, CUL-110A^L, CUL-140^S; ENG-002^L or BSP-4002^L

Corequisites: None

This course is designed to further students' knowledge of the fundamental concepts, skills, and techniques involved in basic cookery. Emphasis is placed on meat identification/fabrication, butchery and cooking techniques/methods appropriate vegetable/starch accompaniments compound sauces plate presentation breakfast cookery and quantity food preparation. Upon completion, students should be able to plan, execute, and successfully serve entrees with complementary side items.(2017 FA)

CUL-260	Baking II	3 (1-4)	Fall
----------------	------------------	----------------	-------------

Prerequisites: CUL-110^S, CUL-110A^L, CUL-160^S; ENG-002^L or BSP-4002^L

Corequisites: None

This course is designed to further students' knowledge in ingredients, weights and measures, baking terminology and formula calculation. Topics include classical desserts, frozen desserts, cake and torte production, decorating and icings/glazes, dessert plating and presentation. Upon completion, students should be able to demonstrate pastry preparation, plating, and dessert buffet production skills.(2011 FA)

CUL-283	Farm-To-Table	5 (2-6)	Fall
----------------	----------------------	----------------	-------------

Prerequisites: CUL-110^S, CUL-140^S

Corequisites: None

This course introduces students to the cooperation between sustainable farmers and foodservice operations. Emphasis is placed on environmental relationships, including how foods are grown, processed, and distributed, as well as related implications on quality and sustainability. Upon completion, students should be able to demonstrate an understanding of environmental stewardship and its impact on cuisine.(2011 FA)

DBA DATABASE MANAGEMENT TECH

DBA-110	Database Concepts	3 (2-3)	Fall
----------------	--------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course introduces database design and creation using a DBMS product. Emphasis is placed on data dictionaries, normalization, data integrity, data modeling, and creation of simple tables, queries, reports, and forms. Upon completion, students should be able to design and implement normalized database structures by creating simple database tables, queries, reports, and forms.(2006 SP)

DBA-120	Database Programming I	3 (2-2)	Fall
----------------	-------------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course is designed to develop SQL programming proficiency. Emphasis is placed on data definition, data manipulation, and data control statements as well as on report generation. Upon completion, students should be able to write programs which create, update, and produce reports.(2006 SP)

DBA-221	SQL Server DB Prog II	3 (2-2)	Spring
----------------	------------------------------	----------------	---------------

Prerequisites: DBA-120^S

Corequisites: None

This course is designed to enhance programming skills developed in DBA 120. Topics include application development with GUI front-ends and embedded programming. Upon completion, students should be able to develop a SQL Server DBMS application which includes a GUI front-end and report generation.(2006 SP)

DFT DRAFTING

DFT-119	Basic CAD	2 (1-2)	AND
----------------	------------------	----------------	------------

Prerequisites: None

Corequisites: None

This course introduces computer-aided drafting software for specific technologies to non-drafting majors. Emphasis is placed on understanding the software command structure and drafting standards for specific technical fields. Upon completion, students should be able to create and plot basic drawings.(1997 SU)

DFT-170 Engineering Graphics 3 (2-2) AND**Prerequisites:** None**Corequisites:** None

This course introduces basic engineering graphics skills and applications. Topics include sketching, selection and use of current methods and tools, and the use of engineering graphics applications. Upon completion, students should be able to demonstrate an understanding of basic engineering graphics principles and practices.(2005 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Other Gen. Ed. and Premajor Elective Hours course for A.E.

DME DIGITAL MEDIA TECHNOLOGY

DME-110 Intro to Digital Media 3 (2-2) Fall**Prerequisites:** None**Corequisites:** None

This course introduces students to key concepts, technologies, and issues related to digital media. Topics include emerging standards, key technologies and related design issues, terminology, media formats, career paths, and ethical issues. Upon completion, students should be able to demonstrate the various media formats that are used in digital media technology.(2004 FA)

DME-115 Graphic Design Tools 3 (2-2) Summer**Prerequisites:** None**Corequisites:** None

This course provides students with an introduction to creative expression and art/design techniques in a digital environment. Emphasis is placed on designing, creating, editing and integrating visual components consisting of bit-mapped and vector-based images, drawings, banners, text, simple animations, and multiple layers. Upon completion, students should be able to design and produce a range of visual products using digital processing techniques.(2023SP)

DME-120 Intro to Multimedia Appl 3 (2-2) Summer**Prerequisites:** None**Corequisites:** None

This course introduces storyboarding and multimedia application design. Topics include vector and bit-mapped graphics, interactive multimedia interfaces, layering techniques, image and animation libraries, and scripting. Upon completion, students should be able to produce basic high-quality interactive multimedia applications.(2019 FA)

DME-130 Digital Animation I 3 (2-2) Fall**Prerequisites:** DME-110^S**Corequisites:** None

This course introduces concepts for planning and developing animation sequences. Emphasis will be placed on review of digital animation concepts and exploration of various animation software packages. Upon completion, students should be able to produce simple animations.(2004 FA)

DME-140 Intro to Audio/Video Media 3 (2-3) AND**Prerequisites:** None**Corequisites:** None

This course is designed to teach students how to manipulate digital and audio content for multimedia applications. Topics include format conversion and a review of current technologies and digital formats. Upon completion, students should be able to modify existing audio and video content to meet a range of production requirements associated with digital media applications.(2023 SP)

DME-215 Adv Graphic Design Tools 3 (2-3) AND**Prerequisites:** DME-115^S**Corequisites:** None

This course provides students with advanced design techniques in a digital environment. Emphasis is placed on understanding principles of design and typography, and applying them effectively in projects. Upon completion, students should be able to design and produce a range of visual products using advanced digital design techniques and principles.(2023 SP)

DME-285 Systems Project 3 (2-2) Spring**Prerequisites:** DME-120^S, DME-130^S**Corequisites:** None

This course provides an opportunity to complete a significant digital media project from the design phase through implementation with minimal instructor support. Emphasis is placed on project definition, testing, presentation, and implementation. Upon completion, students should be able to complete, maintain and implement a digital media project.(2004 FA)

DRA DRAMA/THEATRE**DRA-111 Theatre Appreciation 3 (3-0) AND****Prerequisites:** None**Corequisites:** None

This course provides a study of the art, craft, and business of the theatre. Emphasis is placed on the audience's appreciation of the work of the playwright, director, actor, designer, producer, and critic. Upon completion, students should be able to demonstrate a vocabulary of theatre terms and to recognize the contributions of various theatre artists.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.F.A., A.S., and A.S. Teacher Preparation
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

DRA-120 Voice for Performance 3 (3-0) Spring**Prerequisites:** None**Corequisites:** None

This course provides guided practice in the proper production of speech for the theatre. Emphasis is placed on improving speech, including breathing, articulation, pronunciation, and other vocal variables. Upon completion, students should be able to demonstrate effective theatrical speech.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

DRA-126 Storytelling 3 (3-0) AND**Prerequisites:** None**Corequisites:** None

This course introduces the art of storytelling and the oral traditions of folk literature. Topics include the history of storytelling, its value and purpose, techniques of the storyteller, and methods of collecting verbal art. Upon completion, students should be able to present and discuss critically stories from the world's repertory of traditional lore.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

DRA-128 Children's Theatre 3 (3-0) Spring**Prerequisites:** DRA-130^L**Corequisites:** None

This course introduces the philosophy and practice involved in producing plays for young audiences. Topics include the selection of age-appropriate scripts and the special demands placed on directors, actors, designers, and educators in meeting the needs of young audiences. Upon completion, students should be able to present and critically discuss productions for children.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

DRA-130 Acting I 3 (0-6) Fall**Prerequisites:** None**Corequisites:** None

This course provides an applied study of the actor's craft. Topics include role analysis, training the voice, and body concentration, discipline, and self-evaluation. Upon completion, students should be able to explore their creativity in an acting ensemble.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

DRA-131 Acting II 3 (0-6) Fall**Prerequisites:** DRA-130^L**Corequisites:** None

This course provides additional hands-on practice in the actor's craft. Emphasis is placed on further analysis, characterization, growth, and training for acting competence. Upon completion, students should be able to explore their creativity in an acting ensemble.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

DRA-135 Acting for the Camera I 3 (1-4) Spring**Prerequisites:** DRA-130^L**Corequisites:** None

This course provides an applied study of the camera actor's craft. Topics include commercial, dramatic, and print performance styles. Upon completion, students should be able to explore their creativity in on-camera performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

- | | | | |
|----------------|---------------------|----------------|-------------|
| DRA-140 | Stagecraft I | 3 (0-6) | Fall |
|----------------|---------------------|----------------|-------------|
- Prerequisites:** None
Corequisites: None
- This course introduces the theory and basic construction of stage scenery and properties. Topics include stage carpentry, scene painting, stage electrics, properties, and backstage organization. Upon completion, students should be able to pursue vocational and avocational roles in technical theatre.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
-
- | | | | |
|----------------|----------------------|----------------|---------------|
| DRA-141 | Stagecraft II | 3 (0-6) | Spring |
|----------------|----------------------|----------------|---------------|
- Prerequisites:** DRA-140^S
Corequisites: None
- This course provides additional hands-on practice in the elements of stagecraft. Emphasis is placed on the design and implementation of the arts and crafts of technical theatre. Upon completion, students should be able to pursue vocational or avocational roles in technical theatre.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
-
- | | | | |
|----------------|----------------------|----------------|------------|
| DRA-145 | Stage Make-Up | 2 (1-2) | AND |
|----------------|----------------------|----------------|------------|
- Prerequisites:** None
Corequisites: None
- This course covers the research, design, selection of materials, and application of stage make-up, prosthetics, wigs, and hairpieces. Emphasis is placed on the development of techniques, style, and presentation of the finished make-up. Upon completion, students should be able to create and apply make-up, prosthetics, and hairpieces.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
-
- | | | | |
|----------------|--------------------------|----------------|---------------|
| DRA-170 | Play Production I | 3 (0-9) | Spring |
|----------------|--------------------------|----------------|---------------|
- Prerequisites:** None
Corequisites: None
- This course provides an applied laboratory study of the processes involved in the production of a play. Topics include fundamental practices, principles, and techniques associated with producing plays of various periods and styles. Upon completion, students should be able to participate in an assigned position with a college theatre production.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
-
- | | | | |
|----------------|---------------------------|----------------|-------------|
| DRA-171 | Play Production II | 3 (0-9) | Fall |
|----------------|---------------------------|----------------|-------------|
- Prerequisites:** DRA-170^S
Corequisites: None
- This course provides an applied laboratory study of the processes involved in the production of a play. Topics include fundamental practices, principles, and techniques associated with producing plays of various periods and styles. Upon completion, students should be able to participate in an assigned position with a college theatre production.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.

DRA-211 Theatre History I 3 (3-0) Fall**Prerequisites:** None**Corequisites:** None

This course covers the development of theatre from its origin to the closing of the British theatre in 1642. Topics include the history, aesthetics, and representative dramatic literature of the period. Upon completion, students should be able to trace the evolution of theatre and recognize the styles and types of world drama. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.

DRA-212 Theatre History II 3 (3-0) Spring**Prerequisites:** None**Corequisites:** None

This course covers the development of theatre from 1660 through the diverse influences which shaped the theatre of the twentieth century. Topics include the history, aesthetics, and representative dramatic literature of the period. Upon completion, students should be able to trace the evolution of theatre and recognize the styles and types of world drama. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.

DRA-240 Lighting for the Theatre 3 (2-2) Spring**Prerequisites:** None**Corequisites:** None

This course is an applied study of theatre lighting and is designed to train theatre technicians. Emphasis is placed on lighting technology including the mechanics of lighting and light control equipment by practical work with lighting equipment. Upon completion, students should be able to demonstrate competence with lighting equipment. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

ECM ELECTRONIC COMMERCE**ECM-210 Intro. to E-Commerce 3 (2-2) Spring****Prerequisites:** ENG-002^L or BSP-4002^L; CIS-110^L or CIS-111^L**Corequisites:** None

This course introduces the concepts and tools to implement electronic commerce via the Internet. Topics include application and server software selection, securing transactions, use and verification of credit cards, publishing of catalogs, and site administration. Upon completion, students should be able to setup a working e-commerce Internet web site. (2003 FA)

ECO ECONOMICS

ECO-151 Survey of Economics 3 (3-0) Fall

Prerequisites: ENG-002^L or BSP-4002^L, MAT-003^L or BSP-4003^L

Corequisites: None

This course, for those who have not received credit for ECO 251 or 252, introduces basic concepts of micro- and macroeconomics. Topics include supply and demand, optimizing economic behavior, prices and wages, money, interest rates, banking system, unemployment, inflation, taxes, government spending, and international trade. Upon completion, students should be able to explain alternative solutions for economic problems faced by private and government sectors.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

**ECO-251 Prin of Microeconomics 3 (3-0) Fall
Spring
Summer**

Prerequisites: ENG-002^L or BSP-4002^L, MAT-003^L or BSP-4003^L

Corequisites: None

This course introduces economic analysis of individual, business, and industry in the market economy. Topics include the price mechanism, supply and demand, optimizing economic behavior, costs and revenue, market structures, factor markets, income distribution, market failure, and government intervention. Upon completion, students should be able to identify and evaluate consumer and business alternatives in order to efficiently achieve economic objectives.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.F.A., A.E., A.S., and A.S. Teacher Preparation
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

**ECO-252 Prin of Macroeconomics 3 (3-0) Fall
Spring**

Prerequisites: ENG-002^L or BSP-4002^L, MAT-003^L or BSP-4003^L

Corequisites: None

This course introduces economic analysis of aggregate employment, income, and prices. Topics include major schools of economic thought aggregate supply and demand economic measures, fluctuations, and growth money and banking stabilization techniques and international trade. Upon completion, students should be able to evaluate national economic components, conditions, and alternatives for achieving socioeconomic goals.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.F.A., A.S., and A.S. Teacher Preparation
- Other Gen. Ed. and Premajor Elective course for A.E.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

EDU-144 Child Development I 3 (3-0) Fall**Prerequisites:** None**Corequisites:** None

This course includes the theories of child development, observation and assessment, milestones, and factors that influence development, from conception through approximately 36 months. Emphasis is placed on knowledge, observation and assessment of developmental sequences in approaches to play/learning, emotional/social, health/physical, language/communication and cognitive domains. Upon completion, students should be able to compare/contrast typical/atypical developmental characteristics, explain biological and environmental factors that impact development, and identify evidence-based strategies for enhancing development for children that are culturally, linguistically, and ability diverse.(2020 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

EDU-145 Child Development II 3 (3-0) Spring**Prerequisites:** None**Corequisites:** None

This course includes the theories of child development, observation and assessment, milestones, and factors that influence development, from preschool through middle childhood. Emphasis is placed on knowledge, observation and assessment of developmental sequences in approaches to play/learning, emotional/social, health/physical, language/communication and cognitive domains. Upon completion, students should be able to compare/contrast typical/atypical developmental characteristics, explain biological and environmental factors that impact development, and identify evidence-based strategies for enhancing development for children that are culturally, linguistically, and ability diverse.(2020 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

EDU-146 Child Guidance 3 (3-0) Spring**Prerequisites:** None**Corequisites:** None

This course introduces evidence-based strategies to build nurturing relationships with each child by applying principles and practical techniques to facilitate developmentally appropriate guidance. Topics include designing responsive/supportive learning environments, cultural, linguistic and socio-economic influences on behavior, appropriate expectations, the importance of communication with children/families including using technology and the use of formative assessments in establishing intentional strategies for children with unique needs. Upon completion, students should be able to demonstrate direct/indirect strategies to encourage social skills, self-regulation, emotional expression and positive behaviors while recognizing the relationship between children's social, emotional and cognitive development.(2020 FA)

EDU-151	Creative Activities	3 (3-0)	Fall
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces developmentally supportive creative learning environments with attention to divergent thinking, creative problem-solving, evidence-based teaching practices, and open-ended learning materials while applying NC Foundations for Early Learning and Development. Emphasis is placed on observation of process driven learning experiences in art, music, creative movement, dance, and dramatics for every young child age birth through eight, integrated through all domains and academic content. Upon completion, students should be able to examine, create, and adapt developmentally creative learning materials, experiences, and environments for children that are culturally, linguistically, and ability diverse.(2022 FA)</p>			
EDU-153	Health, Safety and Nutrition	3 (3-0)	Spring
Prerequisites:	None		
Corequisites:	None		
<p>This course covers promoting and maintaining the health and well-being of every child. Topics include health and nutritional guidelines, common childhood illnesses, maintaining safe and healthy learning environments, health benefits of active play, recognition and reporting of abuse/neglect, and state regulations. Upon completion, students should be able to apply knowledge of NC Foundations for Early Learning and Development for health, safety, nutritional needs and safe learning environments.(2020 FA)</p>			
EDU-157	Active Play	3 (2-2)	Fall
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces physical activities to promote the development of the whole child, birth through middle childhood. Topics include active play, outdoor learning, design of the environment, development of play skills, loose parts play, nature play, risk benefit assessment, advocacy, and family/community connection. Upon completion, students should be able to discuss the stages of play, the role of teachers in play, active play environments, advocate for the child's right to play, and plan and assess appropriate experiences using NC Foundations for Early Learning and Development.(2022 FA)</p>			
EDU-184	Early Child Intro Pract	2 (1-3)	AND
Prerequisites:	EDU-119 ^S		
Corequisites:	None		
<p>This course introduces students to early childhood settings and applying skills in a three star (minimum) or NAEYC accredited or equivalent, quality early childhood environment. Emphasis is placed on observing children and assisting in the implementation of developmentally appropriate activities/environments for all children and modeling reflective/professional practices. Upon completion, students should be able to demonstrate developmentally appropriate interactions with children and ethical/professional behaviors as indicated by assignments and onsite faculty visits.(2022 FA)</p>			

EDU-187 Teaching and Learning for All 4 (3-3) Fall**Prerequisites:** None**Corequisites:** None

This course introduces students to knowledge, concepts, and best practices needed to provide developmentally appropriate, effective, inclusive, and culturally responsive educational experiences in the classroom. Topics include growth and development, learning theory, student motivation, teaching diverse learners, classroom management, inclusive environments, student-centered practices, instructional strategies, teaching methodologies, observation/assessment techniques, educational planning, reflective practice, collaboration, cultural competence, ethics, professionalism, and leadership. Upon completion, students should be able to identify the knowledge, skills, roles, and responsibilities of an effective educator as defined by state and national professional teaching standards.(2020 FA) This course has been approved to satisfy the following requirement(s):

- Other Required Hours/Universal Ed. course for A.A. Teacher Preparation and A.S. Teacher Preparation

EDU-216 Foundations of Education 3 (3-0) Fall**Prerequisites:** None**Corequisites:** None

This course introduces the examination of the American educational systems and the teaching profession. Topics include the historical and philosophical influences on education, various perspectives on educational issues, and experiences in birth through grade 12 classrooms. Upon completion, students should be able to reflect on classroom observations, analyze the different educational approaches, including classical/traditional and progressive, and have knowledge of the various roles of educational systems at the federal, state and local level.(2020 FA) This course has been approved to satisfy the following requirement(s):

- Other Required Hours for A.A. Teacher Preparation and A.S. Teacher Preparation
- Premajor and/or Elective course for A.A. and A.S.

EDU-221 Children With Exceptionalities 3 (3-0) Spring**Prerequisites:** EDU-144^S, EDU-145^S**Corequisites:** None

This course covers atypical patterns of child development, inclusive/diverse settings, evidenced-based educational/family plans, differentiated instruction, adaptive materials, and assistive technology. Emphasis is placed on the characteristics of exceptionalities and delays, early intervention/special education, transitions, observation, developmental screening, formative assessment of children, and collaborating with families and community partners. Upon completion, students should be able to recognize diverse abilities, describe the referral process, identify community resources, explain the importance of collaboration with families/professionals, and develop appropriate strategies/adaptations to support children in all environments with best practices as defined by laws, policies and the NC Foundations for Early Learning and Development. (2020 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

-
- EDU-259 Curriculum Planning 3 (3-0) Fall**
Prerequisites: EDU-119^S
Corequisites: None
 This course is designed to focus on using content knowledge to build developmentally effective approaches for culturally/linguistically/ability diverse young children. Topics include components of curriculum, a variety of curriculum models, authentic observation and assessment, and planning developmentally appropriate experiences aligned with the NC Foundations for Early Learning and Development. Upon completion, students should be able to understand, evaluate, and use curriculum to plan for individual/group needs.(2022 FA)
- EDU-261 Early Childhood Admin I 3 (3-0) Summer**
Prerequisites: None
Corequisites: EDU-119^S
 This course introduces principles and practices essential to preparing and supporting child care administrators. Topics include program philosophy, policies and procedures, NC Child Care Law and Rules, business planning, personnel and fiscal management, and NAEYC Code of Ethical Conduct Supplement for Early Childhood Program Administration. Upon completion, students should be able to articulate a developmentally appropriate program philosophy, locate current state licensing regulations, analyze a business plan and examine comprehensive program policies and procedures.(2020 FA)
- EDU-262 Early Childhood Admin II 3 (3-0) Summer**
Prerequisites: EDU-119^S, EDU-261^S
Corequisites: None
 This course focuses on advocacy/leadership, public relations/community outreach and program quality/evaluation for diverse early childhood programs. Topics include program evaluation/accreditation, involvement in early childhood professional organizations, leadership/mentoring, family, volunteer and community involvement and early childhood advocacy. Upon completion, students should be able to define and evaluate all components of early childhood programs, develop strategies for advocacy and integrate community into programs.(2020 FA)
- EDU-271 Educational Technology 3 (2-2) AND**
Prerequisites: None
Corequisites: None
 This course introduces the ethical use of technology to enhance teaching and learning in all educational settings. Emphasis is placed on technology concepts, ethical issues, digital citizenship, instructional strategies, assistive technology, and the use of technology for professional development and communication. Upon completion, students should be able to discuss technology concepts, ethically use a variety of technology resources, demonstrate appropriate technology skills in educational environments, and identify assistive technology.(2020 FA)

EGR ENGINEERING

EGR-110 **Intro to Engineering Tech** **2 (1-2)** **Fall**
Spring

Prerequisites: None

Corequisites: None

This course introduces general topics relevant to engineering technology. Topics include career assessment, professional ethics, critical thinking and problem solving, usage of college resources for study and research, and using tools for engineering computations. Upon completion, students should be able to choose a career option in engineering technology and utilize college resources to meet their educational goals.(2005 SP)

EGR-115 **Intro to Technology** **3 (2-3)** **Fall**

Prerequisites: None

Corequisites: EGR-115A^L

This course introduces the basic skills and career fields for technicians. Topics include career options, technical vocabulary, dimensional analysis, measurement systems, engineering graphics, calculator applications, professional ethics, safety practices, and other related topics. Upon completion, students should be able to demonstrate an understanding of the basic technologies, prepare drawings and sketches, and perform computations using a scientific calculator.(2005 SP)

EGR-115A **Intro to Technology Lab** **1 (0-3)** **Fall**

Prerequisites: None

Corequisites: EGR-115^S

This course provides a laboratory setting for EGR 111. Emphasis is placed on developing skills in dimensional analysis, measurement systems, engineering graphics, and calculator applications. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in EGR 115.(2005 SP)

EGR-120 **Eng and Design Graphics** **3 (2-2)** **Spring**

Prerequisites: None

Corequisites: None

This course introduces the graphical tools for engineering and design communications. Emphasis is placed upon selecting the appropriate methods and tools and conveying ideas using sketches, orthographic views and projections, and computer graphics applications. Upon completion, students should be able to communicate essential features or two-dimensional and three-dimensional objects using the proper tools and methods.(2013 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

EGR-125 **Appl Software for Tech** **2 (1-2)** **AND**

Prerequisites: None

Corequisites: None

This course introduces personal computer software and teaches students how to customize the software for technical applications. Emphasis is placed on the use of common office applications software programs such as spreadsheets, word processing, graphics, and internet access. Upon completion, students should be able to demonstrate competency in using applications software to solve technical problems and communicate the results in text and graphical formats.(2005 SP)

EGR-150	Intro to Engineering	2 (1-2)	Fall Spring
----------------	-----------------------------	----------------	------------------------

Prerequisites: None**Corequisites:** None

This course is an overview of the engineering profession. Topics include goal setting and career assessment, ethics, public safety, the engineering method and design process, written and oral communication, interpersonal skills and team building, and computer applications. Upon completion, students should be able to understand the engineering process, the engineering profession, and utilize college resources to meet their educational goals.(2005 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Other Required Hours course for A.E.

EGR-220	Engineering Statics	3 (3-0)	AND
----------------	----------------------------	----------------	------------

Prerequisites: PHY-251^S**Corequisites:** MAT-272^S

This course introduces the concepts of engineering based on forces in equilibrium. Topics include concentrated forces, distributed forces, forces due to friction, and inertia as they apply to machines, structures, and systems. Upon completion, students should be able to solve problems which require the ability to analyze systems of forces in static equilibrium.(1997 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Other Gen. Ed. and Premajor Elective course for A.E.

EGR-251	Statics	3 (2-2)	Summer
----------------	----------------	----------------	---------------

Prerequisites: ARC-111^L, CEG-115^L or EGR-115^L**Corequisites:** MAT-121^L or MAT-171^L

This course covers the concepts and principles of statics. Topics include systems of forces and moments on structures in two- and three-dimensions in equilibrium. Upon completion, students should be able to analyze forces and moments on structures.(2013 FA)

ELC ELECTRICITY

ELC-113	Residential Wiring	4 (2-6)	AND
----------------	---------------------------	----------------	------------

Prerequisites: None**Corequisites:** None

This course introduces the care/usage of tools and materials used in residential electrical installations and the requirements of the National Electrical Code. Topics include NEC, electrical safety, and electrical print reading planning, layout and installation of electrical distribution equipment lighting overcurrent protection conductors branch circuits and conduits. Upon completion, students should be able to properly install conduits, wiring, and electrical distribution equipment associated with residential electrical installations.(2013 FA)

COURSE DESCRIPTIONS

EMS-120	Advanced EMT	6 (4-6)	AND
Prerequisites:	EMS-110 ^S		
Corequisites:	EMS-121 ^S		
This course is designed to provide the essential information on pre-hospital management techniques appropriate to the level of the Advanced EMT. Topics must meet current credentialing and/or regulatory guidelines for the Advanced EMT as outlined by the NC Office of EMS. Upon completion, students should be able to demonstrate competency at the Advanced EMT level.(2019 SP)			
EMS-121	AEMT Clinical Practicum	2 (0-0-6)	AND
Prerequisites:	EMS-110 ^S		
Corequisites:	EMS-120 ^S		
This course provides the hospital and field internship/clinical experiences required in preparation for the Advanced EMT certification. Emphasis is placed on performing patient assessments, treatments, and interactions appropriate at the Advanced EMT level of care. Upon completion, students should be able to demonstrate competency at the Advanced EMT skill level.(2019 SP)			
EMS-122	EMS Clinical Practicum I	1 (0-0-3)	Spring
Prerequisites:	EMS-110 ^S		
Corequisites:	None		
This course provides the introductory hospital clinical experience for the paramedic student. Emphasis is placed on mastering fundamental paramedic skills. Upon completion, students should be able to demonstrate competency with fundamental paramedic level skills.(2019 SP)			
EMS-125	EMS Instructor Methodology	3 (2-2)	AND
Prerequisites:	None		
Corequisites:	None		
This course covers the information needed to develop and instruct EMS courses. Topics include instructional methods, lesson plan development, time management skills, and theories of adult learning. Upon completion, students should be able to teach EMS courses and meet the North Carolina EMS requirements for instructor methodology.(2019 SP)			
EMS-130	Pharmacology	4 (3-3)	Spring
Prerequisites:	EMS-110 ^S		
Corequisites:	None		
This course introduces the fundamental principles of pharmacology and medication administration and is required for paramedic certification. Topics include medical terminology, pharmacological concepts, weights, measures, drug calculations, vascular access for fluids and medication administration and legislation. Upon completion, students should be able to accurately calculate drug dosages, properly administer medications, and demonstrate general knowledge of pharmacology.(2019 SP)			

EMS-131	Advanced Airway Management	2 (1-2)	Spring
----------------	-----------------------------------	----------------	---------------

Prerequisites: EMS-110^S

Corequisites: None

This course is designed to provide advanced airway management techniques and is required for paramedic certification. Topics must meet current guidelines for advanced airway management in the pre-hospital setting. Upon completion, students should be able to properly utilize all airway adjuncts and pharmacology associated with airway control and maintenance.(2019 SP)

EMS-140	Rescue Scene Management	2 (1-3)	Spring
----------------	--------------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course introduces rescue scene management. Topics include response to hazardous material conditions, incident command, and extrication of patients from a variety of situations. Upon completion, students should be able to recognize and manage rescue operations based upon initial and follow-up scene assessment. (2014 SP)

EMS-150	Emergency Vehicles & EMS Comm	2 (1-3)	AND
----------------	--	----------------	------------

Prerequisites: None

Corequisites: None

This course covers the principles governing emergency vehicles, maintenance of emergency vehicles, and EMS communication equipment. Topics include applicable motor vehicle laws affecting emergency vehicle operation, defensive driving, collision avoidance techniques, communication systems, and information management systems. Upon completion, students should have a basic knowledge of emergency vehicles, maintenance, and communication needs.(2014 SP)

EMS-160	Cardiology I	3 (2-3)	Spring
----------------	---------------------	----------------	---------------

Prerequisites: EMS-110^S

Corequisites: None

This course introduces the study of cardiovascular emergencies and is required for paramedic certification. Topics include anatomy and physiology, pathophysiology, electrophysiology, and rhythm interpretation. Upon completion, students should be able to recognize and interpret rhythms.(2019 SP)

EMS-210	Adv. Patient Assessment	2 (1-3)	Spring
----------------	--------------------------------	----------------	---------------

Prerequisites: EMS-110^S

Corequisites: None

This course covers advanced patient assessment techniques and is required for paramedic certification. Topics include initial assessment, medical-trauma history, field impression, complete physical exam process, on-going assessment, and documentation skills. Upon completion, students should be able to utilize basic communication skills and record and report collected patient data.(2019 SP)

EMS-220	Cardiology II	3 (2-3)	Summer
----------------	----------------------	----------------	---------------

Prerequisites: EMS-122^S, EMS-130^S, and EMS-160^S

Corequisites: None

This course provides an in-depth study of cardiovascular emergencies and is required for paramedic certification. Topics include assessment and treatment of cardiac emergencies, cardiac pharmacology, and patient care. Upon completion, students should be able to manage the cardiac patient.(2019 SP)

EMS-221	EMS Clinical Practicum II	2 (0-0-6) Summer
Prerequisites:	EMS-121 ^S or EMS-122 ^S	
Corequisites:	None	
This course provides clinical experiences in the hospital and/or field. Emphasis is placed on increasing the proficiency of students' skills and abilities in patient assessments and the delivery of care. Upon completion, students should be able to demonstrate continued progress in advanced-level patient care.(2019 SP)		
EMS-231	EMS Clinical Pract III	3 (0-0-9) Fall
Prerequisites:	EMS-221 ^S	
Corequisites:	None	
This course provides clinical experiences in the hospital and/or field. Emphasis is placed on enhancing the students' skills and abilities in providing advanced-level care. Upon completion, students should be able to demonstrate continued progress in advanced-level patient care.(2014 SP)		
EMS-235	EMS Management	2 (2-0) AND
Prerequisites:	None	
Corequisites:	None	
This course stresses the principles of managing a modern emergency medical service system. Topics include structure and function of municipal governments, EMS grantsmanship, finance, regulatory agencies, system management, legal issues, and other topics relevant to the EMS manager. Upon completion, students should be able to understand the principles of managing emergency medical service delivery systems.(1997 SU)		
EMS-240	Patients W/ Special Challenges	2 (1-2) Fall
Prerequisites:	EMS-122 ^S and EMS-130 ^S	
Corequisites:	None	
This course includes concepts of crisis intervention and techniques of interacting with patients with special challenges and is required for paramedic certification. Topics include appropriate intervention and interaction for neglected, abused, terminally ill, chronically ill, technology assisted, bariatric, physically challenged, mentally challenged, or assaulted patients as well as behavioral emergencies. Upon completion, students should be able to recognize and manage the care of patients with special challenges.(2014 SP)		
EMS-241	EMS Clinical Practicum IV	4 (0-0-12) Spring
Prerequisites:	EMS-231 ^S	
Corequisites:	None	
This course provides clinical experiences in the hospital and/or field. Emphasis is placed on mastering the skills/competencies required of the paramedic providing advanced-level care. Upon completion, students should be able to provide advanced-level patient care as an entry-level paramedic.(2014 SP)		

EMS-243	Wilderness EMT	2 (1-2)	AND
Prerequisites:	EMS-110 ^S		
Corequisites:	None		
<p>This course provides an overview of emergency care when separated from definitive care by distance, time, or circumstance. Topics include principles of long-term patient care, wilderness patient assessment system, medical and environmental emergencies, medication administration, modified CPR, and spine management. Upon completion, students should be able to demonstrate the knowledge and skills necessary to gain Wilderness-EMT certification.(2012 SP)</p>			
EMS-250	Medical Emergencies	4 (3-3)	Fall
Prerequisites:	EMS-122 ^S and EMS-130 ^S		
Corequisites:	None		
<p>This course provides an in-depth study of medical conditions frequently encountered in the prehospital setting and is required for paramedic certification. Topics include appropriate interventions/treatments for disorders/diseases/injuries affecting the following systems: respiratory, neurological, abdominal/gastrointestinal, endocrine, genitourinary, musculoskeletal, and immunological as well as toxicology, infectious diseases and diseases of the eyes, ears, nose and throat. Upon completion, students should be able to recognize, assess and manage the care of frequently encountered medical conditions based upon initial patient assessment.(2014 SP)</p>			
EMS-260	Trauma Emergencies	2 (1-3)	Summer
Prerequisites:	EMS-122 ^S and EMS-130 ^S		
Corequisites:	None		
<p>This course provides in-depth study of trauma including pharmacological interventions for conditions frequently encountered in the prehospital setting and is required for paramedic certification. Topics include an overview of thoracic, abdominal, genitourinary, orthopedic, neurological, and multi-system trauma, soft tissue trauma of the head, neck, and face as well as environmental emergencies. Upon completion, students should be able to recognize and manage trauma situations based upon patient assessment and should adhere to standards of care. (2014 SP)</p>			
EMS-270	Life Span Emergencies	4 (3-3)	Fall
Prerequisites:	EMS-122 ^S and EMS-130 ^S		
Corequisites:	None		
<p>This course covers medical/ethical/legal issues and the spectrum of age-specific emergencies from conception through death required for paramedic certification. Topics include gynecological, obstetrical, neonatal, pediatric, and geriatric emergencies and pharmacological therapeutics. Upon completion, students should be able to recognize and treat age-specific emergencies.(2019 SP)</p>			
EMS-280	EMS Bridging Course	3 (2-2)	AND
Prerequisites:	None		
Corequisites:	None		
<p>This course is designed to provide currently credentialed state or national Paramedic students with the most current education trends in Paramedic Practice. Emphasis is placed on transitions in healthcare. Upon completion, students should be able to integrate emerging trends in pre-hospital care.(2019 SP)</p>			

COURSE DESCRIPTIONS

EMS-285	EMS Capstone	2 (1-3)	Spring
----------------	---------------------	----------------	---------------

Prerequisites: EMS-220^S, EMS-250^S, EMS-260^S

Corequisites: None

This course provides an opportunity to demonstrate problem-solving skills as a team leader in simulated patient scenarios and is required for paramedic certification. Emphasis is placed on critical thinking, integration of didactic and psychomotor skills, and effective performance in simulated emergency situations. Upon completion, students should be able to recognize and appropriately respond to a variety of EMS-related events.(1997 SU)

ENG ENGLISH

ENG-002	Transition English	3 (0-6)	Fall Spring Summer
----------------	---------------------------	----------------	-----------------------------------

Prerequisites: None

Corequisites: ACA-090^L

This course provides an opportunity to customize foundational English content in specific areas and will include developing a growth mindset. Topics include developing the academic habits, learning strategies, social skills, and growth mindset necessary to be successful in college-level English. Upon completion, students should be able to build a stronger foundation for success in their gateway level English courses by obtaining skills through a variety of instructional strategies with emphasis placed on the most essential prerequisite knowledge.(2018 FA)

ENG-011	Writing and Inquiry Support	2 (1-2)	Fall Spring Summer
----------------	------------------------------------	----------------	-----------------------------------

Prerequisites: None

Corequisites: ENG-111^L

This course is designed to support students in the development of skills necessary for success in ENG 111 by complementing, supporting, and reinforcing ENG 111 Student Learning Outcomes. Emphasis is placed on developing a growth mindset, expanding skills for use in active reading and writing processes, recognizing organizational relationships within texts from a variety of genres and formats, and employing appropriate technology when reading and composing texts. Upon completion, students should be able to apply active reading strategies to college-level texts and produce unified, well-developed writing using standard written English.(2018 FA)

ENG-111	Writing and Inquiry	3 (3-0)	Fall Spring Summer
----------------	----------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^S or BSP-4002^S

Corequisites: ENG-011^S

This course is designed to develop the ability to produce clear writing in a variety of genres and formats using a recursive process. Emphasis includes inquiry, analysis, effective use of rhetorical strategies, thesis development, audience awareness, and revision. Upon completion, students should be able to produce unified, coherent, well-developed essays using standard written English.(2020 FA)

This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
- English Composition Gen. Ed. course for A.A.S. and A.G.E.

ENG-112	Writing/Research in the Disc	3 (3-0)	Fall Spring Summer
----------------	-------------------------------------	----------------	-----------------------------------

Prerequisites: ENG-111^S

Corequisites: None

This course, the second in a series of two, introduces research techniques, documentation styles, and writing strategies. Emphasis is placed on analyzing information and ideas and incorporating research findings into documented writing and research projects. Upon completion, students should be able to evaluate and synthesize information from primary and secondary sources using documentation appropriate to various disciplines.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
- English Composition Gen. Ed. course for A.A.S. and A.G.E.

ENG-114	Prof Research & Reporting	3 (3-0)	Fall Spring Summer
----------------	--------------------------------------	----------------	-----------------------------------

Prerequisites: ENG-111^S

Corequisites: None

This course, the second in a series of two, is designed to teach professional communication skills. Emphasis is placed on research, listening, critical reading and thinking, analysis, interpretation, and design used in oral and written presentations. Upon completion, students should be able to work individually and collaboratively to produce well-designed business and professional written and oral presentations. (1997 SU) This course has been approved to satisfy the following requirement(s):

- English Composition Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.
- English Composition Gen. Ed. course for A.A.S. and A.G.E.

- ENG-125 Creative Writing I 3 (3-0) Fall**
Prerequisites: ENG-111^S
Corequisites: None
 This course is designed to provide students with the opportunity to practice the art of creative writing. Emphasis is placed on writing, fiction, poetry, and sketches. Upon completion, students should be able to craft and critique their own writing and critique the writing of others.(2001 FA) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
 - Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.
- ENG-126 Creative Writing II 3 (3-0) AND**
Prerequisites: ENG-125^S
Corequisites: None
 This course is designed as a workshop approach for advancing imaginative and literary skills. Emphasis is placed on the discussion of style, techniques, and challenges for first publications. Upon completion, students should be able to submit a piece of their writing for publication.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
- ENG-131 Introduction to Literature 3 (3-0) AND**
Prerequisites: ENG-111^S
Corequisites: ENG-112^S or ENG-114^S
 This course introduces the principal genres of literature. Emphasis is placed on literary terminology, devices, structure, and interpretation. Upon completion, students should be able to analyze and respond to literature.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.
 - Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.
- ENG-231 American Literature I 3 (3-0) Fall
Spring
Summer**
Prerequisites: ENG-112^S or ENG-114^S
Corequisites: None
 This course covers selected works in American literature from its beginnings to 1865. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to analyze and interpret literary works in their historical and cultural contexts.(2014 FA) This course has been approved to satisfy the following requirement(s):
- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
 - Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-232	American Literature II	3 (3-0)	Spring Summer
----------------	-------------------------------	----------------	--------------------------

Prerequisites: ENG-112^S or ENG-114^S

Corequisites: None

This course covers selected works in American literature from 1865 to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to analyze and interpret literary works in their historical and cultural contexts.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-241	British Literature I	3 (3-0)	Fall
----------------	-----------------------------	----------------	-------------

Prerequisites: ENG-112^S or ENG-114^S

Corequisites: None

This course covers selected works in British literature from its beginnings to the Romantic Period. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to literary works in their historical and cultural contexts.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-242	British Literature II	3 (3-0)	Spring Summer
----------------	------------------------------	----------------	--------------------------

Prerequisites: ENG-112^S or ENG-114^S

Corequisites: None

This course covers selected works in British literature from the Romantic Period to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to literary works in their historical and cultural contexts.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-261	World Literature I	3 (3-0)	AND
----------------	---------------------------	----------------	------------

Prerequisites: ENG-112^S or ENG-114^S

Corequisites: None

This course introduces selected works from the Pacific, Asia, Africa, Europe, and the Americas from their literary beginnings through the seventeenth century. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to selected works.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-262 World Literature II 3 (3-0) AND**Prerequisites:** ENG-112^S or ENG-114^S**Corequisites:** None

This course introduces selected works from the Pacific, Asia, Africa, Europe, and the Americas from the eighteenth century to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to selected works.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-273 African-American Literature 3 (3-0) AND**Prerequisites:** ENG-112^S or ENG-114^S**Corequisites:** None

This course provides a survey of the development of African-American literature from its beginnings to the present. Emphasis is placed on historical and cultural context, themes, literary traditions, and backgrounds of the authors. Upon completion, students should be able to interpret, analyze, and respond to selected texts.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENV ENVIRONMENTAL SCIENCE**ENV-226 Environmental Law 3 (3-0) Spring****Prerequisites:** None**Corequisites:** None

This course covers federal laws and acts concerning environmental quality standards and the use of resources, legal procedures for enforcing laws, and problems concerning enforcement. Emphasis is placed on environmental law basics, water quality laws, air quality laws, waste disposal laws, and biological resource protection laws. Upon completion, students should be able to demonstrate an understanding of federal/state environmental laws and their importance to the protection of environmental quality.(2013 FA)

EPT EMERGENCY PREPAREDNESS**EPT-140 Emergency Management 3 (3-0) Fall****Prerequisites:** None**Corequisites:** None

This course covers the four phases of emergency management: mitigation, preparedness, response, and recovery. Topics include organizing for emergency management, coordinating for community resources, public sector liability, and the roles of government agencies at all levels. Upon completion, students should be able to demonstrate an understanding of comprehensive emergency management and the integrated emergency management system.(2014 FA)

-
- FIP-220** **Fire Fighting Strategies** **3 (3-0)** **Spring**
Prerequisites: None
Corequisites: None
This course provides preparation for command of initial incident operations involving emergencies within both the public and private sector referenced in NFPA standards 1561, 1710, and 1720. Topics include incident management, fire-ground tactics and strategies, incident safety, and command/control of emergency operations. Upon completion, students should be able to describe the initial incident system as it relates to operations involving various emergencies in fire and non-fire situations.(2014 FA)
- FIP-224** **Fire Instructor I & II** **4 (4-0)** **Fall**
Prerequisites: None
Corequisites: None
This course covers the knowledge, skills, and abilities needed to train others in fire service operations. Topics include planning, presenting, and evaluating lesson plans, learning styles, use of media, communication, and other related topics. Upon completion, students should be able to meet the requirements of the Fire Instructor I and II objectives from National Fire Protection Association (NFPA) 1041.(2014 FA)
- FIP-228** **Local Govt Finance** **3 (3-0)** **Spring**
Prerequisites: None
Corequisites: None
This course introduces local governmental financial principles and practices. Topics include budget preparation and justification, revenue policies, statutory requirements, audits, and the economic climate. Upon completion, students should be able to comprehend the importance of finance as it applies to the operations of a department.(2014 FA)
- FIP-230** **Chem of Hazardous Mat I** **5 (5-0)** **Fall**
Prerequisites: None
Corequisites: None
This course covers the evaluation of hazardous materials referenced in NFPA standard 1072. Topics include use of the periodic table, hydrocarbon derivatives, placards and labels, parameters of combustion, and spill and leak mitigation. Upon completion, students should be able to demonstrate knowledge of the chemical behavior of hazardous materials.(2014 FA)
- FIP-232** **Hydraulics & Water Dist** **3 (2-2)** **Fall**
Prerequisites: None
Corequisites: None
This course covers the flow of fluids through fire hoses, nozzles, appliances, pumps, standpipes, water mains, and other devices reference in NFPA standard 25. Emphasis is placed on supply and delivery systems, fire flow testing, hydraulic calculations, and other related topics. Upon completion, students should be able to perform hydraulic calculations, conduct water availability tests, and demonstrate knowledge of water distribution systems.(2014 FA)

FIP-240 **Fire Service Supervision** **3 (3-0)** **Spring**

Prerequisites: None

Corequisites: None

This course covers supervisory skills and practices in the fire protection field. Topics include the supervisor's job, supervision skills, the changing work environment, managing change, organizing for results, discipline and grievances, and safety. Upon completion, students should be able to demonstrate an understanding of the roles and responsibilities of effective fire service supervision, meeting elements of NFPA 1021.(2014 FA)

FIP-256 **Munic Public Relations** **3 (3-0)** **Spring**

Prerequisites: None

Corequisites: None

This course is a general survey of municipal public relations and their effect on the governmental process referenced in NFPA standard 1035. Topics include principles of public relations, press releases, press conferences, public information officers, image surveys, and the effects of perceived service on fire protection delivery. Upon completion, students should be able to manage public relations functions of organizations which meet elements of NFPA 1021 for Fire Officer I and II.(2014 FA)

FIP-276 **Managing Fire Services** **3 (3-0)** **Spring**

Prerequisites: None

Corequisites: None

This course provides an overview of fire department operative services referenced in NFPA standard 1021. Topics include finance, staffing, equipment, code enforcement, management information, specialized services, legal issues, planning, and other related topics. Upon completion, students should be able to understand concepts and apply fire department management and operations principles.(2014 FA)

FRE FRENCH

FRE-111 **Elementary French I** **3 (3-0)** **Fall
Spring
Summer**

Prerequisites: None

Corequisites: None

This course introduces the fundamental elements of the French language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written French and demonstrate cultural awareness.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.

FRE-112	Elementary French II	3 (3-0)	Fall Spring Summer
----------------	-----------------------------	----------------	-----------------------------------

Prerequisites: FRE-111^S

Corequisites: None

This course is a continuation of FRE 111 focusing on the fundamental elements of the French language within a cultural context. Emphasis is placed on the progressive development of listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written French and demonstrate further cultural awareness.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.

FRE-211	Intermediate French I	3 (3-0)	Spring Summer
----------------	------------------------------	----------------	--------------------------

Prerequisites: FRE-112^S

Corequisites: None

This course provides a review and expansion of the essential skills of the French language. Emphasis is placed on the study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.

FRE-212	Intermediate French II	3 (3-0)	AND
----------------	-------------------------------	----------------	------------

Prerequisites: FRE-211^S

Corequisites: None

This course is a continuation of FRE 211. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation, and A.S.

GEL GEOLOGY

GEL-111	Geology	4 (3-2)	AND
----------------	----------------	----------------	------------

Prerequisites: None

Corequisites: None

This course introduces basic landforms and geological processes. Topics include rocks, minerals, volcanoes, fluvial processes, geological history, plate tectonics, glaciers, and coastal dynamics. Upon completion, students should be able to describe basic geological processes that shape the earth.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, and A.F.A.
- Natural Science Gen. Ed. course for A.S. and A.S. Teacher Preparation
- Other Gen. Ed. And Premajor Elective course for A.E.
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

HFS-210	Personal Training	3 (2-2)	Spring
----------------	--------------------------	----------------	---------------

Prerequisites: HFS-110^S and HFS-111^S

Corequisites: None

This course introduces the student to the aspects of personal (one-on-one) training. Topics include training systems, marketing, and program development. Upon completion, students should be able to demonstrate personal training techniques and competencies of same.(2017 FA)

HFS-212	Exercise Programming	3 (2-2)	Fall
----------------	-----------------------------	----------------	-------------

Prerequisites: HFS-110^S

Corequisites: None

This course provides information about organizing, scheduling, and implementation of physical fitness programs. Topics include programming for various age groups, competitive activities and special events, and evaluating programs. Upon completion, students should be able to organize and implement exercise activities in a competent manner.(2017 FA)

HFS-214	Health and Fitness Law	3 (3-0)	Spring
----------------	-------------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course is designed to build a greater awareness and understanding of laws and legal issues encountered in the health and fitness industry. Topics include federal/state regulations, historical/current practices, risk management, torts, employment, discrimination, contracts, waivers, health/fitness screening, client confidentiality, facility safety, equipment liability, and emergency procedures. Upon completion, students should be able to demonstrate an understanding of the legal system to prevent or minimize liability in a fitness setting.(2017 FA)

HFS-218	Lifestyle Chng & Wellness	4 (3-2)	Fall
----------------	--------------------------------------	----------------	-------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces health risk appraisals and their application to lifestyle changes. Topics include nutrition, weight control, stress management, and the principles of exercise. Upon completion, students should be able to conduct health risk appraisals and apply behavior modification techniques in a fitness setting. (2017 FA)

HIS HISTORY

HIS-111	World Civilizations I	3 (3-0)	Fall Spring Summer
----------------	------------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces world history from the dawn of civilization to the early modern era. Topics include Eurasian, African, American, and Greco-Roman civilizations and Christian, Islamic and Byzantine cultures. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in pre-modern world civilizations.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

HIS-112	World Civilizations II	3 (3-0)	Fall Spring Summer
----------------	-------------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces world history from the early modern era to the present. Topics include the cultures of Africa, Europe, India, China, Japan, and the Americas. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in modern world civilizations. (1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

HIS-121	Western Civilization I	3 (3-0)	Fall
----------------	-------------------------------	----------------	-------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces western civilization from pre-history to the early modern era. Topics include ancient Greece, Rome, and Christian institutions of the Middle Ages and the emergence of national monarchies in western Europe. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in early western civilization. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

HIS-122	Western Civilization II	3 (3-0)	Spring
----------------	--------------------------------	----------------	---------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces western civilization from the early modern era to the present. Topics include the religious wars, the Industrial Revolution, World Wars I and II, and the Cold War. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in modern western civilization. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

HIS-131	American History I	3 (3-0)	Fall Spring Summer
----------------	---------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course is a survey of American history from pre-history through the Civil War era. Topics include the migrations to the Americas, the colonial and revolutionary periods, the development of the Republic, and the Civil War. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in early American history.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

HIS-132	American History II	3 (3-0)	Fall Spring Summer
----------------	----------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course is a survey of American history from the Civil War era to the present. Topics include industrialization, immigration, the Great Depression, the major American wars, the Cold War, and social conflict. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in American history since the Civil War.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S., and A.S. Teacher Preparation
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

HIS-151	Hispanic Civilization	3 (3-0)	Fall
----------------	------------------------------	----------------	-------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course surveys the cultural history of Spain and its impact on the New World. Topics include Spanish and Latin American culture, literature, religion, and the arts. Upon completion, students should be able to analyze the cultural history of Spain and Latin America.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

HIS-221	African-American History	3 (3-0)	Spring
----------------	---------------------------------	----------------	---------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course covers African-American history from the Colonial period to the present. Topics include African origins, the slave trade, the Civil War, Reconstruction, the Jim Crow era, the civil rights movement, and contributions of African Americans. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in the history of African Americans.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

HOR HORTICULTURE

HOR-112 Landscape Design I 3 (2-3) Fall
Prerequisites: HOR-160^L; MAT-110^L, MAT-121^L, MAT-143^L, MAT-152^L, or MAT-171^L
Corequisites: None

This course covers landscape principles and practices for residential and commercial sites. Emphasis is placed on drafting, site analysis, and common elements of good design, plant material selection, and proper plant utilization (encouraged use of native plants and discouraged use of invasive species). Upon completion, students should be able to read plans and draft a landscape design according to sustainable practices.(2013 FA)

HOR-114 Landscape Construction 3 (2-2) Spring
Prerequisites: MAT-110^L, MAT-121^L, MAT-143^L, MAT-152^L, or MAT-171^L
Corequisites: None

This course introduces the design and fabrication of landscape structures/features. Emphasis is placed on safety, tool identification and use, material selection, construction techniques, and fabrication. Upon completion, students should be able to design and construct common landscape structures/features.(1997 SU)

HOR-134 Greenhouse Operations 3 (2-2) Spring
Prerequisites: None
Corequisites: None

This course covers the principles and procedures involved in the operation and maintenance of greenhouse facilities. Emphasis is placed on the operation of greenhouse systems, including the environmental control, record keeping, scheduling, and production practices. Upon completion, students should be able to demonstrate the ability to operate greenhouse systems and facilities to produce greenhouse crops.(1997 SU)

HOR-142 Fruit & Vegetable Prod 2 (1-2) Summer
Prerequisites: None
Corequisites: None

This course introduces the principles and techniques of growing fruits and field-grown vegetables. Topics include site selection, proper varietal selection, nutritional values, cultural techniques, harvesting and marketing, and insect and disease control. Upon completion, students should be able to demonstrate an understanding of the principles related to the production of selected fruits and vegetables.(1997 SU)

HOR-160 Plant Materials I 3 (2-2) Fall
Prerequisites: None
Corequisites: None

This course covers identification, culture, characteristics, and use of plants in a sustainable landscape. Emphasis is placed on nomenclature, identification, growth requirements, cultural requirements, soil preferences, and landscape applications. Upon completion, students should be able to demonstrate knowledge of the proper selection and utilization of plant materials, including natives and invasive plants.(2013 FA)

HOR-161 Plant Materials II 3 (2-2) Spring**Prerequisites:** HOR-160^L**Corequisites:** None

This course provides a supplementary opportunity to cover identification, culture, characteristics, and use of plants in a sustainable landscape, giving students a broader knowledge of available landscape plants for utilization in landscapes and plant production. Emphasis is placed on nomenclature, identification, growth requirements, cultural requirements, soil preferences, landscape applications and expansion of the plant palette. Upon completion, students should be able to demonstrate knowledge of the proper selection and utilization of plant materials, including natives and invasive plants.2015 FA

HOR-164 Hort Pest Management 3 (2-2) Spring**Prerequisites:** TRF-110^L and HOR-160^L**Corequisites:** None

This course covers the identification and management of plant pests including insects, diseases, and weeds. Topics include pest identification and beneficial organisms, pesticide application safety and use of least toxic methods of management. Upon completion, students should be able to manage common landscape pests using least toxic methods of control and be prepared to sit for North Carolina Commercial Pesticide Ground Applicators license.(2013 FA)

HOR-166 Soils & Fertilizers 3 (2-2) Spring**Prerequisites:** MAT-110^L, MAT-121^L, MAT-143^L, MAT-152^L, or MAT-171^L**Corequisites:** None

This course covers the physical and chemical properties of soils and soil fertility and management. Topics include soil formation classification physical, chemical, and biological properties (including microorganisms) testing and fertilizer application. Upon completion, students should be able to analyze, evaluate, and properly amend soils/media according to sustainable practices.(2013 FA)

HOR-168 Plant Propagation 3 (2-2) Fall**Prerequisites:** HOR-160^L, LSG-111^L**Corequisites:** None

This course is a study of sexual and asexual reproduction of plants. Emphasis is placed on seed propagation, grafting, stem and root propagation, micro-propagation, and other propagation techniques. Upon completion, students should be able to successfully propagate ornamental plants.(1997 SU)

HOR-213 Landscape Design II 3 (2-2) Spring**Prerequisites:** HOR-112^S, HOR-161^L**Corequisites:** None

This course covers residential and commercial landscape design, cost analysis, and installation. Emphasis is placed on job cost estimates, installation of the landscape design, and maintenance techniques. Upon completion, students should be able to read landscape design blueprints, develop cost estimates, and implement the design.(1997 SU)

COURSE DESCRIPTIONS

-
- HOR-215 Landscape Irrigation 3 (2-2) Spring**
Prerequisites: HOR-160^L, LSG-111^L, TRF-110^L; MAT-110^L, MAT-121^L, MAT-143^L, MAT-152^L or MAT-171^L
Corequisites: None
 This course introduces basic irrigation design, layout, and installation. Topics include site analysis, components of irrigation systems, safety, types of irrigation systems, and installation techniques. Upon completion, students should be able to design and install basic landscape irrigation systems.(1997 SU)
- HOR-225 Nursery Production 3 (2-2) Spring**
Prerequisites: HOR-161^L
Corequisites: None
 This course covers all aspects of nursery crop production. Emphasis is placed on field production and covers soils, nutrition, irrigation, pest control, and harvesting. Upon completion, students should be able to produce a marketable nursery crop. (2009 SP)
- HOR-235 Greenhouse Production 3 (2-2) Fall**
Prerequisites: HOR-134^L
Corequisites: None
 This course covers the production of greenhouse crops. Emphasis is placed on product selection and production based on market needs and facility availability, including record keeping. Upon completion, students should be able to select and make production schedules to successfully produce greenhouse crops.(1997 SU)
- HOR-257 Arboriculture Practices 2 (1-3) Spring**
Prerequisites: HOR-160^L
Corequisites: None
 This course covers the culture and maintenance of trees and shrubs. Topics include fertilization, pruning, approved climbing techniques, pest control, and equipment use and safety. Upon completion, students should be able to properly prune trees and shrubs and perform arboricultural practices.(2013 SU)
- HOR-265 Advanced Plant Materials 2 (1-2) Summer**
Prerequisites: HOR-161^L
Corequisites: None
 This course covers important landscape plants. Emphasis is placed on identification, plant nomenclature, growth characteristics, cultural requirements, and landscape uses. Upon completion, students should be able to correctly select plants for specific landscape uses.(2001 FA)

HUM HUMANITIES

**HUM-110 Technology and Society 3 (3-0) Fall
Spring
Summer**

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course considers technological change from historical, artistic, and philosophical perspectives and its effect on human needs and concerns. Emphasis is placed on the causes and consequences of technological change. Upon completion, students should be able to critically evaluate the implications of technology.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Other Gen. Ed. and Premajor Elective course for A.E.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

**HUM-115 Critical Thinking 3 (3-0) Fall
Spring
Summer**

Prerequisites: ENG-002^S or BSP-4002^S

Corequisites: None

This course introduces the use of critical thinking skills in the context of human conflict. Emphasis is placed on evaluating information, problem solving, approaching cross-cultural perspectives, and resolving controversies and dilemmas. Upon completion, students should be able to demonstrate orally and in writing the use of critical thinking skills in the analysis of appropriate texts.(2020 FA) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-120 Cultural Studies 3 (3-0) AND

Prerequisites: None

Corequisites: None

This course introduces the distinctive features of a particular culture. Topics include art, history, music, literature, politics, philosophy, and religion. Upon completion, students should be able to appreciate the unique character of the study culture.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-122	Southern Culture	3 (3-0)	Fall Spring Summer
----------------	-------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course explores the major qualities that make the South a distinct region. Topics include music, politics, literature, art, religion, race relations, and the role of social class in historical and contemporary contexts. Upon completion, students should be able to identify the characteristics that distinguish Southern culture.

(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-130	Myth in Human Culture	3 (3-0)	Fall Spring Summer
----------------	------------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides an in-depth study of myths and legends. Topics include the varied sources of myths and their influence on the individual and society within diverse cultural contexts. Upon completion, students should be able to demonstrate a general familiarity with myths and a broad-based understanding of the influence of myths and legends on modern culture.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-150	American Women's Studies	3 (3-0)	AND
----------------	---------------------------------	----------------	------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides an inter-disciplinary study of the history, literature, and social roles of American women from Colonial times to the present. Emphasis is placed on women's roles as reflected in American language usage, education, law, the workplace, and mainstream culture. Upon completion, students should be able to identify and analyze the roles of women as reflected in various cultural forms.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-160	Introduction to Film	3 (2-2)	Fall Spring Summer
----------------	-----------------------------	----------------	-----------------------------------

Prerequisites: ENG-111^L

Corequisites: None

This course introduces the fundamental elements of film artistry and production. Topics include film styles, history, and production techniques, as well as the social values reflected in film art. Upon completion, students should be able to critically analyze the elements covered in relation to selected films.(1999 FA) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-161	Advanced Film Studies	3 (2-2)	AND
----------------	------------------------------	----------------	------------

Prerequisites: HUM-160^S

Corequisites: None

This course provides an advanced study of film art and production, building on skills learned in HUM 160. Topics include advanced film production techniques, film genres, examination of master directors' styles, and the relation of film to culture. Upon completion, students should be able to recognize and critically analyze advanced elements of film production.(2002 SP) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-170	The Holocaust	3 (3-0)	Fall
----------------	----------------------	----------------	-------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides a survey of the destruction of European Jewry by the Nazis during World War II. Topics include the anti-Semitic ideology, bureaucratic structures, and varying conditions of European occupation and domination under the Third Reich. Upon completion, students should be able to demonstrate an understanding of the historical, social, religious, political, and economic factors which cumulatively resulted in the Holocaust.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-180	Internat Cultural Explor	3 (2-3)	AND
----------------	---------------------------------	----------------	------------

Prerequisites: None

Corequisites: None

This course provides a framework for students to visit, examine, and analyze a country/region outside the United States to learn about the place and people. Emphasis is placed on the distinctive cultural characteristics of a country or region. Upon completion, students should be able to identify similarities/differences, analyze causes/effects, and clearly articulate the impact of one or more cultural elements.(2009 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

HUM-211 Humanities I 3 (3-0) AND**Prerequisites:** ENG-111^S**Corequisites:** None

This course introduces the humanities as a record in literature, music, art, history, religion, and philosophy of humankind's answers to the fundamental questions of existence. Emphasis is placed on the interconnectedness of various aspects of cultures from ancient through early modern times. Upon completion, students should be able to identify significant figures and cultural contributions of the periods studied.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-212 Humanities II 3 (3-0) AND**Prerequisites:** ENG-111^S**Corequisites:** None

This course introduces the humanities as a record in literature, music, art, history, religion, and philosophy of humankind's answers to the fundamental questions of existence. Emphasis is placed on the interconnectedness of various aspects of cultures from early modern times to the present. Upon completion, students should be able to identify significant figures and cultural contributions of the periods studied.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-220 Human Values and Meaning 3 (3-0) AND**Prerequisites:** ENG-111^S**Corequisites:** None

This course presents some major dimensions of human experience as reflected in art, music, literature, philosophy, and history. Topics include the search for identity, the quest for knowledge, the need for love, the individual and society, and the meaning of life. Upon completion, students should be able to recognize interdisciplinary connections and distinguish between open and closed questions and between narrative and scientific models of understanding.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-230	Leadership Development	3 (3-0)	Fall Spring
----------------	-------------------------------	----------------	------------------------

Prerequisites: ENG-111^S

Corequisites: None

This course explores the theories and techniques of leadership and group process. Emphasis is placed on leadership styles, theories of group dynamics, and the moral and ethical responsibilities of leadership. Upon completion, students should be able to identify and analyze a personal philosophy and style of leadership and integrate these concepts in various practical situations.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

LDD LIGHT DUTY DIESEL

LDD-112	Intro Light-Duty Diesel	3 (2-2)	AND
----------------	--------------------------------	----------------	------------

Prerequisites: None

Corequisites: None

This course covers the history, evolution, basic design and operational parameters for light-duty diesel (LDD) engines used in on-road applications. Topics include familiarization with the light-duty diesel, safety procedures, engine service and maintenance procedures, and introduction to combustion and emission chemistry. Upon completion, students should be able to describe the design and operation of the LDD, perform basic service operations, and demonstrate proper safety procedures.(2013 FA)

LDD-181	Ldd Fuel Systems	4 (2-6)	AND
----------------	-------------------------	----------------	------------

Prerequisites: None

Corequisites: None

This course covers the light-duty diesel fuel delivery systems in on-road applications including hydraulic electronically controlled unit injectors, common-rail, mechanical pumps, and emerging technologies. Topics include diesel combustion theory, fuel system components, electronic and mechanical controls, and fuel types and chemistries that are common to the light-duty diesel engines. Upon completion, students should be able to demonstrate skills necessary to inspect, test, and replace fuel delivery components using appropriate service information and tools.(2013 FA)

LSG LANDSCAPE GARDENING

LSG-111	Basic Landscape Technique	2 (2-0)	Fall
----------------	----------------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course introduces basic principles essential to sustainable landscape gardening. Topics include soils, propagation, watering, fertilizing, pruning, pest control, and planting. Upon completion, students should be able to perform basic sustainable gardening techniques essential to maintaining a sustainable landscape. (2013 FA)

LSG-121 Fall Gardening Lab 2 (0-6) Fall

Prerequisites: None

Corequisites: LSG-111^L

This course provides basic hands-on experience in fall gardening techniques. Emphasis is placed on pruning, irrigation, planting, fertilizing, pest control, equipment operation, and turf maintenance. Upon completion, students should be able to perform various techniques essential to maintaining the fall landscape. (2001 FA)

LSG-122 Spring Gardening Lab 2 (0-6) Spring

Prerequisites: LSG-121^L

Corequisites: None

This course provides familiarization with basic gardening techniques by performing practical hands-on exercises required for the spring season. Emphasis is placed on pruning, irrigation, planting, fertilizing, pest control, equipment operation, turf maintenance, and landscape construction. Upon completion, students should be able to satisfactorily perform various practices essential to maintaining the landscape in the spring season. (2001 FA)

LSG-123 Summer Gardening Lab 2 (0-6) Summer

Prerequisites: LSG-122^L

Corequisites: None

This course provides basic hands-on experience in summer gardening techniques. Emphasis is placed on pruning, irrigation, planting, fertilizing, pest control, equipment operation, turf maintenance, landscape construction, and maintaining fruits and vegetables. Upon completion, students should be able to perform various techniques essential to maintaining the summer landscape. (2001 FA)

LSG-231 Landscape Supervision 4 (2-6) Fall

Prerequisites: LSG-123^S and HOR-161^S

Corequisites: None

This course provides experience in planning, implementing, and supervising various landscape management projects. Emphasis is placed on supervisory skills, organizing, and scheduling. Upon completion, students should be able to supervise employees in various landscape management jobs. (2014 FA)

LSG-244 Advanced Issues/LSG 2 (2-0) Spring

Prerequisites: None

Corequisites: None

This course covers advanced topics and issues in landscape gardening. Emphasis is placed on current issues, emerging technology, professional growth experiences, and other related topics. Upon completion, students should be able to demonstrate an understanding of advanced topics and critically analyze issues in landscape gardening. (2008 SP)

MAT MATHEMATICS

MAT-003 **Transition Math** **3 (0-6)** **Fall**
Spring
Summer

Prerequisites: None

Corequisites: ACA-090^L

This course provides an opportunity to customize foundational math content in specific math areas and will include developing a growth mindset. Topics include developing the academic habits, learning strategies, social skills, and growth mindset necessary to be successful in mathematics. Upon completion, students should be able to build a stronger foundation for success in their gateway level math courses by obtaining skills through a variety of instructional strategies with emphasis placed on the most essential prerequisite knowledge.(2018 FA)

MAT-010 **Math Measurement & Literacy Su** **1 (0-2)** **Fall**

Prerequisites: None

Corequisites: MAT-110^L

This course provides an opportunity to customize foundational math content specific to Math Measurement & Literacy. Topics include developing the academic habits, learning strategies, social skills, and growth mindset necessary to be successful in mathematics. Upon completion, students should be able to build a stronger foundation for success in Math Measurement & Literacy by obtaining skills through a variety of instructional strategies with emphasis placed on the most essential prerequisite knowledge.(2018 FA)

MAT-021 **Algebra/Trigonometry I Support** **2 (1-2)** **Spring**
Summer

Prerequisites: None

Corequisites: MAT-121^L

This course provides an opportunity to customize foundational math content specific to Algebra and Trigonometry I. Topics include developing the academic habits, learning strategies, social skills, and growth mindset necessary to be successful in mathematics. Upon completion, students should be able to build a stronger foundation for success in Algebra/Trigonometry I by obtaining skills through a variety of instructional strategies with emphasis placed on the most essential prerequisite knowledge.(2018 FA)

MAT-043 **Quantitative Literacy Support** **2 (1-2)** **Fall**
Spring
Summer

Prerequisites: None

Corequisites: MAT-143^L

This course provides an opportunity to customize foundational math content specific to Quantitative Literacy. Topics include developing the academic habits, learning strategies, social skills, and growth mindset necessary to be successful in mathematics. Upon completion, students should be able to build a stronger foundation for success in Quantitative Literacy by obtaining skills through a variety of instructional strategies with emphasis placed on the most essential prerequisite knowledge.(2018 FA)

MAT-052	Statistical Methods I Support	2 (1-2)	Fall Spring
----------------	--------------------------------------	----------------	------------------------

Prerequisites: None**Corequisites:** MAT-152^L

This course provides an opportunity to customize foundational math content specific to Statistical Methods I. Topics include developing the academic habits, learning strategies, social skills, and growth mindset necessary to be successful in mathematics. Upon completion, students should be able to build a stronger foundation for success in Statistical Methods I by obtaining skills through a variety of instructional strategies with emphasis placed on the most essential prerequisite knowledge.(2018 FA)

MAT-071	Precalculus Algebra Support	2 (0-4)	Fall Spring
----------------	------------------------------------	----------------	------------------------

Prerequisites: None**Corequisites:** MAT-171^L

This course provides an opportunity to customize foundational math content specific to Precalculus Algebra. Topics include developing the academic habits, learning strategies, social skills, and growth mindset necessary to be successful in mathematics. Upon completion, students should be able to build a stronger foundation for success in Precalculus Algebra by obtaining skills through a variety of instructional strategies with emphasis placed on the most essential prerequisite knowledge.(2018 FA)

MAT-110	Math Measurement & Literacy	3 (2-2)	Fall
----------------	--	----------------	-------------

Prerequisites: MAT-003^S or BSP-4003^S**Corequisites:** MAT-010^S

This course provides an activity-based approach that develops measurement skills and mathematical literacy using technology to solve problems for non-math intensive programs. Topics include unit conversions and estimation within a variety of measurement systems ratio and proportion basic geometric concepts financial literacy and statistics including measures of central tendency, dispersion, and charting of data. Upon completion, students should be able to demonstrate the use of mathematics and technology to solve practical problems, and to analyze and communicate results.(2020 FA)

MAT-121	Algebra/Trigonometry I	3 (2-2)	Spring Summer
----------------	-------------------------------	----------------	--------------------------

Prerequisites: MAT-003^S or BSP-4003^S, minimum grade P2S**Corequisites:** MAT-021^S

This course provides an integrated approach to technology and the skills required to manipulate, display, and interpret mathematical functions and formulas used in problem solving. Topics include the properties of plane and solid geometry, area and volume, and basic proportion applications simplification, evaluation, and solving of algebraic equations and inequalities and radical functions complex numbers right triangle trigonometry and systems of equations. Upon completion, students will be able to demonstrate the ability to use mathematics and technology for problem-solving, analyzing and communicating results.(2020 FA) This course has been approved to satisfy the following requirement(s):

- Mathematics Gen. Ed. course for A.A.S. and A.G.E.

MAT-143	Quantitative Literacy	3 (2-2)	Fall Spring Summer
----------------	------------------------------	----------------	-----------------------------------

Prerequisites: MAT-003^S or BSP-4003^S; ENG-002^S or BSP-4002^S

Corequisites: MAT-043^S

This course is designed to engage students in complex and realistic situations involving the mathematical phenomena of quantity, change and relationship, and uncertainty through project- and activity-based assessment. Emphasis is placed on authentic contexts which will introduce the concepts of numeracy, proportional reasoning, dimensional analysis, rates of growth, personal finance, consumer statistics, practical probabilities, and mathematics for citizenship. Upon completion, students should be able to utilize quantitative information as consumers and to make personal, professional, and civic decisions by decoding, interpreting, using, and communicating quantitative information found in modern media and encountered in everyday life.(2020 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, and A.F.A.
- Mathematics Gen. Ed. course for A.S. and A.S. Teacher Preparation
- Mathematics Gen. Ed. course for A.A.S. and A.G.E.

MAT-152	Statistical Methods I	4 (3-2)	Fall Spring Summer
----------------	------------------------------	----------------	-----------------------------------

Prerequisites: MAT-003^S or BSP-4003^S; ENG-002^S or BSP-4002^S

Corequisites: MAT-052^S

This course provides a project-based approach to introductory statistics with an emphasis on using real-world data and statistical literacy. Topics include descriptive statistics, correlation and regression, basic probability, discrete and continuous probability distributions, confidence intervals and hypothesis testing. Upon completion, students should be able to use appropriate technology to describe important characteristics of a data set, draw inferences about a population from sample data, and interpret and communicate results.(2020 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation and A.F.A. (visual arts and theatre)
- Mathematics Gen. Ed. course for A.S. and A.S. Teacher Preparation
- Mathematics Gen. Ed. course for A.A.S. and A.G.E.

MAT-171	Precalculus Algebra	4 (3-2)	Fall Spring Summer
----------------	----------------------------	----------------	-----------------------------------

Prerequisites: MAT-003^S or BSP-4003^S, minimum grade P2S or MAT-121, minimum grade CS

Corequisites: MAT-071^S

This course is designed to develop topics which are fundamental to the study of Calculus. Emphasis is placed on solving equations and inequalities, solving systems of equations and inequalities, and analysis of functions (absolute value, radical, polynomial, rational, exponential, and logarithmic) in multiple representations. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to algebra-related problems with and without technology.(2020 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.F.A. (visual arts and theatre), A.S. and A.S. Teacher Preparation
- Mathematics Gen. Ed. course for A.A.S. and A.G.E.

MAT-172	Precalculus Trigonometry	4 (3-2)	Fall Spring Summer
----------------	---------------------------------	----------------	-----------------------------------

Prerequisites: MAT-171^S, minimum grade CL

Corequisites: None

This course is designed to develop an understanding of topics which are fundamental to the study of Calculus. Emphasis is placed on the analysis of trigonometric functions in multiple representations, right and oblique triangles, vectors, polar coordinates, conic sections, and parametric equations. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to trigonometry-related problems with and without technology.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.S. and A.S. Teacher Preparation
- Mathematics Gen. Ed. course for A.A. and A.A. Teacher Preparation

MAT-263	Brief Calculus	4 (3-2)	Fall Spring Summer
----------------	-----------------------	----------------	-----------------------------------

Prerequisites: MAT-171^S, minimum grade CL

Corequisites: None

This course is designed to introduce concepts of differentiation and integration and their applications to solving problems. Topics include graphing, differentiation, and integration with emphasis on applications drawn from business, economics, and biological and behavioral sciences. Upon completion, students should be able to demonstrate an understanding of the use of basic calculus and technology to solve problems and to analyze and communicate results.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.S. and A.S. Teacher Preparation
- Mathematics Gen. Ed. course for A.A. and A.A. Teacher Preparation

COURSE DESCRIPTIONS

MAT-271	Calculus I	4 (3-2)	Fall Spring Summer
----------------	-------------------	----------------	-----------------------------------

Prerequisites: MAT-172^S, minimum grade CL

Corequisites: None

This course is designed to develop the topics of differential and integral calculus. Emphasis is placed on limits, continuity, derivatives and integrals of algebraic and transcendental functions of one variable. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to derivative-related problems with and without technology.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.E., A.S. and A.S. Teacher Preparation
- Mathematics Gen. Ed. course for A.A. and A.A. Teacher Preparation
- A student may place directly into MAT 271 if the student has met at least one (1) of the following criteria within the past five (5) years:
 1. A score of 2 or higher on the AP Calculus AB Exam.
 2. A grade of C or higher in an AP Calculus course and an unweighted HS GPA of 3.0 or higher.
 3. A score of 90 or higher on the ACCUPLACER College-Level Math (CLM) test.
 4. A score of 46 or higher on the trigonometry section of the ACT Compass Math Placement Test.
 5. A score of 580 or higher on the old (prior to March 2016) SAT Math and a grade of C or higher in the North Carolina Standard Course of Study Pre-Calculus course or an equivalent course from another state.
 6. A score of 600 or higher on the new (March 2016 and beyond) SAT Math and a grade of C or higher in the North Carolina Standard Course of Study Pre-Calculus course or an equivalent course from another state.
 6. A score of 600 or higher on the new (March 2016 and beyond) SAT Math and a grade of C or higher in the North Carolina Standard Course of Study Pre-Calculus course or an equivalent course from another state.
 7. A score of 24 or higher on the ACT Math and a grade of C or higher in the North Carolina Standard Course of Study Pre-Calculus course or an equivalent course from another state.
 8. A score of 560 or higher on the SAT Subject Test in Mathematics Level 2.
 9. Local diagnostic exam or challenge exam which demonstrates proficiency in Pre-Calculus course(s) competencies.
 10. An unweighted HS GPA of 3.5 or higher and a grade of C or higher in the North Carolina Standard Course of Study Pre-Calculus course or an equivalent course from another state.

MAT-272	Calculus II	4 (3-2)	Fall Spring
----------------	--------------------	----------------	------------------------

Prerequisites: MAT-271^S, minimum grade CL

Corequisites: None

This course is designed to develop advanced topics of differential and integral calculus. Emphasis is placed on the applications of definite integrals, techniques of integration, indeterminate forms, improper integrals, infinite series, conic sections, parametric equations, polar coordinates, and differential equations. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to integral-related problems with and without technology.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.E., A.S. and A.S. Teacher Preparation
- Mathematics Gen. Ed. course for A.A. and A.A. Teacher Preparation

MAT-273	Calculus III	4 (3-2)	Spring
----------------	---------------------	----------------	---------------

Prerequisites: MAT-272^S, minimum grade CL

Corequisites: None

This course is designed to develop the topics of multivariate calculus. Emphasis is placed on multivariate functions, partial derivatives, multiple integration, solid analytical geometry, vector valued functions, and line and surface integrals. Upon completion, students should be able to select and use appropriate models and techniques for finding the solution to multivariate-related problems with and without technology.(2014 FA) This course has been approved to satisfy the following requirement(s):

- Mathematics Gen. Ed. course for A.A., A.A. Teacher Preparation, A.E., A.S. and A.S. Teacher Preparation

MAT-285	Differential Equations	3 (2-2)	Spring
----------------	-------------------------------	----------------	---------------

Prerequisites: MAT-272^S, minimum grade CL

Corequisites: None

This course provides an introduction to topics involving ordinary differential equations. Emphasis is placed on the development of abstract concepts and applications for first-order and linear higher-order differential equations, systems of differential equations, numerical methods, series solutions, eigenvalues and eigenvectors, and LaPlace transforms. Upon completion, students should be able to demonstrate understanding of the theoretical concepts and select and use appropriate models and techniques for finding solutions to differential equations-related problems with and without technology.(2014 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Other Gen. Ed. and Premajor Elective Hour course for A.E.

MED MEDICAL ASSISTING

MED-120 **Survey of Med Terminology** **2 (2-0)** **Fall
Spring
Summer**

Prerequisites: None

Corequisites: None

This course introduces the vocabulary, abbreviations, and symbols used in the language of medicine. Emphasis is placed on building medical terms using prefixes, suffixes, and word roots. Upon completion, students should be able to pronounce, spell, and define accepted medical terms.(1997 SU)

MED-121 **Medical Terminology I** **3 (3-0)** **Fall
Spring**

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces prefixes, suffixes, and word roots used in the language of medicine. Topics include medical vocabulary and the terms that relate to the anatomy, physiology, pathological conditions, and treatment of selected systems. Upon completion, students should be able to pronounce, spell, and define medical terms as related to selected body systems and their pathological disorders.(1997 SU)

MED-122 **Medical Terminology II** **3 (3-0)** **Spring**

Prerequisites: MED-121^S

Corequisites: None

This course is the second in a series of medical terminology courses. Topics include medical vocabulary and the terms that relate to the anatomy, physiology, pathological conditions, and treatment of selected systems. Upon completion, students should be able to pronounce, spell, and define medical terms as related to selected body systems and their pathological disorders.(1997 SU)

MKT MARKETING AND RETAILING

MKT-120 **Principles of Marketing** **3 (3-0)** **Fall
Spring**

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course introduces principles and problems of marketing goods and services. Topics include promotion, placement, and pricing strategies for products. Upon completion, students should be able to apply marketing principles in organizational decision making.(2015 FA)

MKT-223 **Customer Service** **3 (3-0)** **Fall**

Prerequisites: None

Corequisites: None

This course stresses the importance of customer relations in the business world. Emphasis is placed on learning how to respond to complex customer requirements and to efficiently handle stressful situations. Upon completion, students should be able to demonstrate the ability to handle customer relations.(1997 SU)

COURSE DESCRIPTIONS

- | | | | |
|----------------|-----------------------------|----------------|---------------|
| MLT-130 | Clinical Chemistry I | 4 (3-3) | Spring |
|----------------|-----------------------------|----------------|---------------|
- Prerequisites:** None
Corequisites: None
- This course introduces the quantitative analysis of blood and body fluids and their variations in health and disease. Topics include clinical biochemistry, methodologies, instrumentation, and quality control. Upon completion, students should be able to demonstrate theoretical comprehension of clinical chemistry, perform diagnostic techniques, and correlate laboratory findings with disorders. (1997 SU)
-
- | | | | |
|----------------|------------------------------|----------------|-------------|
| MLT-140 | Intro to Microbiology | 3 (2-3) | Fall |
|----------------|------------------------------|----------------|-------------|
- Prerequisites:** None
Corequisites: None
- This course introduces basic techniques and safety procedures in clinical microbiology. Emphasis is placed on the morphology and identification of common pathogenic organisms, aseptic technique, staining techniques, and usage of common media. Upon completion, students should be able to demonstrate theoretical comprehension in performing and interpreting basic clinical microbiology procedures.(1997 SU)
-
- | | | | |
|----------------|----------------------------|----------------|---------------|
| MLT-215 | Professional Issues | 1 (1-0) | Spring |
|----------------|----------------------------|----------------|---------------|
- Prerequisites:** None
Corequisites: None
- This course surveys professional issues in preparation for career entry. Emphasis is placed on work readiness and theoretical concepts in microbiology, immunohematology, hematology, and clinical chemistry. Upon completion, students should be able to demonstrate competence in career entry-level areas and be prepared for the national certification examination.(1997 SU)
-
- | | | | |
|----------------|---------------------------------|----------------|---------------|
| MLT-220 | Hematology/Hemostasis II | 3 (2-3) | Spring |
|----------------|---------------------------------|----------------|---------------|
- Prerequisites:** None
Corequisites: None
- This course covers the theories and techniques used in the advanced analysis of human blood cells and hemostasis. Emphasis is placed on the study of hematologic disorders, abnormal cell development and morphology, and related testing. Upon completion, students should be able to demonstrate a theoretical comprehension and application of abnormal hematology and normal and abnormal hemostasis. (1997 SU)
-
- | | | | |
|----------------|----------------------------------|----------------|---------------|
| MLT-240 | Special Clin Microbiology | 3 (2-3) | Spring |
|----------------|----------------------------------|----------------|---------------|
- Prerequisites:** MLT-140^S
Corequisites: None
- This course is designed to introduce special techniques in clinical microbiology. Emphasis is placed on advanced areas in microbiology. Upon completion, students should be able to demonstrate theoretical comprehension in performing and interpreting specialized clinical microbiology procedures.(1997 SU)

MTH THERAPEUTIC MASSAGE

MTH-110	Fundamentals of Massage	10 (6-9-3)	Fall
Prerequisites: None			
Corequisites: BIO-163 ^L or BIO-165 ^L			
This course introduces concepts basic to the role of the massage therapist in a variety of clinical settings. Emphasis is placed on beginning theory and techniques of body work as well as skill in therapeutic touch. Upon completion of the course, the student should be able to apply basic practical massage therapy skills.(2008 SP)			
MTH-120	Ther Massage Applications	10 (6-9-3)	Spring
Prerequisites: BIO-163 ^L or BIO-165 ^L ; MTH-110 ^S			
Corequisites: BIO-166 ^L (unless student completed BIO-163), ENG-111 ^L			
This course provides an expanded knowledge and skill base for the massage therapist in a variety of clinical settings. Emphasis is placed on selected therapeutic approaches throughout the lifespan. Upon completion, students should be able to perform entry level therapeutic massage on various populations.(2008 SP)			
MTH-125	Ethics of Massage	2 (2-0)	Summer
Prerequisites: MTH-110 ^L			
Corequisites: MTH-130 ^L			
This course is designed to explore issues related to the practice of massage therapy. Emphasis is placed on ethical, legal, professional, and political issues. Upon completion of this course the student should be able to discuss issues relating to the practice of massage therapy, client/therapist relationships as well as ethical issues.(2005 FA)			
MTH-130	Therapeutic Massage Mgmt	2 (2-0)	Summer
Prerequisites: MTH-110 ^S			
Corequisites: MTH-125 ^L			
This course introduces the basic responsibilities in the development and administration of a professional massage therapy practice. Emphasis is placed on identifying successful practice management methods such as selecting a business structure, negotiating a contract/lease, developing a business/marketing plan, designing a massage space, differentiating spa from clinical practice, management of client/financial records and physician referral. Upon completion, students should be able to demonstrate the knowledge and skills necessary to develop and manage a massage therapy practice.(2012 FA)			
MTH-210	Adv Skills of Massage	8 (4-9-3)	Fall
Prerequisites: MTH-120 ^S			
Corequisites: None			
This course provides knowledge and skills in diverse body work modalities in a variety of clinical settings. Emphasis is placed on selected techniques such as Neuromuscular Therapy, Sports Massage, Soft Tissue Release, Spa Approaches, Oriental Therapies, and energy techniques. Upon completion, students should be able to perform basic skills in techniques covered.(2008 SP)			

MTH-220 Outcome-Based Massage 7 (4-6-3) Spring**Prerequisites:** MTH-120^S**Corequisites:** WBL-111^L

This course provides knowledge and skills in more complex body works modalities in a variety of clinical settings. Emphasis is placed on developing advanced skills in outcome-based Massage. Upon completion, students should be able to perform basic skills in techniques covered.(2008 SP)

MUS MUSIC**MUS-110 Music Appreciation 3 (3-0) Fall
Spring
Summer****Prerequisites:** None**Corequisites:** None

This course is a basic survey of the music of the Western world. Emphasis is placed on the elements of music, terminology, composers, form, and style within a historical perspective. Upon completion, students should be able to demonstrate skills in basic listening and understanding of the art of music.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S. and A.S. Teacher Preparation
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

MUS-111 Fundamentals of Music 3 (3-0) AND**Prerequisites:** None**Corequisites:** None

This course is an introductory course for students with little or no music background. Emphasis is placed on music notation, rhythmic patterns, scales, key signatures, intervals, and chords. Upon completion, students should be able to demonstrate an understanding of the rudiments of music.(1999 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective Course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

**MUS-112 Introduction to Jazz 3 (3-0) Fall
Spring****Prerequisites:** None**Corequisites:** None

This course introduces the origins and musical components of jazz and the contributions of its major artists. Emphasis is placed on the development of discriminating listening habits, as well as the investigation of the styles and structural forms of the jazz idiom. Upon completion, students should be able to demonstrate skills in listening and understanding this form of American music. (1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S. and A.S. Teacher Preparation
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

MUS-121 Music Theory I 3 (3-0) Fall**Prerequisites:** None**Corequisites:** MUS-125^L

This course provides an introduction to the musical elements of melody, rhythm, and harmony. Emphasis is placed upon the interaction of these elements through fundamental analysis and an introduction to part writing. Upon completion, students should be able to demonstrate understanding of melodic voice leading, rhythmic functions within simple and compound meters, and simple harmonic progressions.(2018 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.G.E.

MUS-122 Music Theory II 3 (3-0) Spring**Prerequisites:** MUS-121^S**Corequisites:** MUS-126^L

This course provides a comprehensive study of diatonic harmony. Emphasis is placed on voice leading tasks, part writing, and analysis using various labeling systems. Upon completion, students should be able to demonstrate harmonic principles through four-voice part writing, recognize and label non-harmonic tones, analyze chords using Roman numerals, figured bass, and lead sheet symbols, and classify small-scale phrase structure and cadence types.(2018 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.G.E.

MUS-125 Aural Skills I 1 (0-2) Fall**Prerequisites:** None**Corequisites:** MUS-121^L

This course provides an introduction to the fundamentals in aural skills. Emphasis is placed on the study of basic melodies, harmonies, and rhythms through sight singing and ear training. Upon completion, students should be able to identify diatonic intervals, scales, and chords and perform and dictate simple melodies and rhythmic patterns.(2018 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.G.E.

MUS-126 Aural Skills II 1 (0-2) Spring**Prerequisites:** MUS-125^S**Corequisites:** MUS-122^L

This course provides a foundation in aural skills. Emphasis is placed on the development of sight singing and ear training skills in diatonic melody, diatonic harmonic progression, and rhythmic patterns. Upon completion, students should be able to fluently read music in treble and bass clefs utilize any solmization system while sight singing simple diatonic melodies identify elementary diatonic chord progressions perform rhythms in simple and compound meters and dictate diatonic melodic, diatonic harmonic, and advanced rhythmic patterns.(2018 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.G.E.

MUS-131	Chorus I	1 (0-2)	Fall Spring
----------------	-----------------	----------------	------------------------

Prerequisites: None**Corequisites:** None

This course provides an opportunity to gain experience singing in a chorus. Emphasis is placed on vocal techniques and the study and performance of a variety of styles and periods of choral literature. Upon completion, students should be able to demonstrate skills needed to participate in choral singing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-132	Chorus II	1 (0-2)	Fall Spring
----------------	------------------	----------------	------------------------

Prerequisites: MUS-131^S**Corequisites:** None

This course provides a continuation of studies begun in MUS 131. Emphasis is placed on vocal techniques and the study and performance of a variety of styles and periods of choral literature. Upon completion, students should be able to demonstrate skills needed to participate in choral singing leading to performance. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-133	Band I	1 (0-2)	Fall Spring
----------------	---------------	----------------	------------------------

Prerequisites: None**Corequisites:** None

This course provides an opportunity for those who play a band instrument to gain experience playing in an ensemble. Emphasis is placed on band techniques and the study and performance of a variety of styles and periods of band literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-134	Band II	1 (0-2)	Fall Spring
----------------	----------------	----------------	------------------------

Prerequisites: MUS-133^S**Corequisites:** None

This course is a continuation of MUS 133. Emphasis is placed on band techniques and the study and performance of a variety of styles and periods of band literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-135	Jazz Ensemble I	1 (0-2)	Fall Spring
----------------	------------------------	----------------	------------------------

Prerequisites: None

Corequisites: None

This course provides an opportunity for those who play an appropriate instrument to gain experience playing in a jazz ensemble. Emphasis is placed on jazz ensemble techniques and the study and performance of a variety of styles of jazz literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-136	Jazz Ensemble II	1 (0-2)	Fall Spring
----------------	-------------------------	----------------	------------------------

Prerequisites: MUS-135^S

Corequisites: None

This course is a continuation of MUS 135. Emphasis is placed on jazz ensemble techniques and the study and performance of a variety of styles and periods of jazz literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-137	Orchestra I	1 (0-2)	Fall Spring
----------------	--------------------	----------------	------------------------

Prerequisites: None

Corequisites: None

This course provides an opportunity for those who play an orchestral instrument to gain experience playing in an ensemble. Emphasis is placed on orchestral techniques and the study and performance of a variety of styles and periods of orchestral and string ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-138	Orchestra II	1 (0-2)	Fall Spring
----------------	---------------------	----------------	------------------------

Prerequisites: MUS-137^S

Corequisites: None

This course is a continuation of MUS 137. Emphasis is placed on orchestral techniques and the study and performance of a variety of styles and periods of orchestral and string ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-141	Ensemble I	1 (0-2)	Fall Spring
----------------	-------------------	----------------	------------------------

Prerequisites: None**Corequisites:** None

This course provides an opportunity to perform in any combination of instrumental, vocal, or keyboard groups of two or more. Emphasis is placed on the development of performance skills and the study of a variety of styles and periods of ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU)

This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-142	Ensemble II	1 (0-2)	Fall Spring
----------------	--------------------	----------------	------------------------

Prerequisites: MUS-141^S**Corequisites:** None

This course is a continuation of MUS 141. Emphasis is placed on the development of performance skills and the study of a variety of styles and periods of ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-151	Class Music I	1 (0-2)	Fall Spring
----------------	----------------------	----------------	------------------------

Prerequisites: None**Corequisites:** None

This course provides group instruction in skills and techniques of the particular instrument or voice for those with little or no previous experience. Emphasis is placed on techniques and styles and the exploration and study of appropriate literature. Upon completion, students should be able to demonstrate proficiency in the studied skills and repertoire through performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-152	Class Music II	1 (0-2)	Fall Spring
----------------	-----------------------	----------------	------------------------

Prerequisites: MUS-151^S**Corequisites:** None

This course is a continuation of MUS 151. Emphasis is placed on techniques and styles and the exploration and study of appropriate literature. Upon completion, students should be able to demonstrate proficiency in the studied skills and repertoire through performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-161	Applied Music I	2 (1-2)	Fall Spring
----------------	------------------------	----------------	------------------------

Prerequisites: None

Corequisites: MUS-121^L

This course provides individual instruction in the skills and techniques of the particular instrument or voice. Emphasis is placed on techniques and styles and the exploration and study of appropriate literature. Upon completion, students should be able to demonstrate proficiency in the studied skills and repertoire through performance.(1999 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective Course for A.A. and A.S.

MUS-162	Applied Music II	2 (1-2)	Fall Spring
----------------	-------------------------	----------------	------------------------

Prerequisites: MUS-161^S

Corequisites: None

This course is a continuation of MUS 161. Emphasis is placed on techniques and styles and the exploration and study of appropriate literature. Upon completion, students should be able to demonstrate proficiency in the studied skills and repertoire through performance.(1999 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective Course for A.A. and A.S.

MUS-210	History of Rock Music	3 (3-0)	AND
----------------	------------------------------	----------------	------------

Prerequisites: None

Corequisites: None

This course is a survey of Rock music from the early 1950's to the present. Emphasis is placed on musical groups, soloists, and styles related to the evolution of this idiom and on related historical and social events. Upon completion, students should be able to identify specific styles and to explain the influence of selected performers within their respective eras.(2003 FA) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

MUS-221	Music Theory III	3 (3-0)	Fall
----------------	-------------------------	----------------	-------------

Prerequisites: MUS-122^S

Corequisites: MUS-225^L

This course provides a comprehensive study of chromatic harmony. Emphasis is placed on advanced voice leading tasks, part writing, and analysis of chord progressions, modulations, and large-scale forms. Upon completion, students should be able to identify, notate, and analyze an array of chromatic chords, recognize the function and movement of chromatic harmonies, identify modulatory procedures, analyze formal structures including, but not limited to, binary, ternary, sonata, and rondo.(2018 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-222 Music Theory IV 3 (3-0) Spring**Prerequisites:** MUS-221^S**Corequisites:** MUS-226^L

This course provides an advanced study of chromatic harmony, scale systems, and an introduction to twentieth-century music. Emphasis is placed on advanced part writing and analysis of chromatic harmony and basic twentieth-century compositional and analytical techniques. Upon completion, students should be able to analyze complex chord progressions, advanced modulations, and elemental serial procedures build an array of synthetic scales and identify characteristics of twentieth-century topics including, but not limited to, atonality, serialism, minimalism, indeterminacy, and electronic music.(2018 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-225 Aural Skills III 1 (0-2) Fall**Prerequisites:** MUS-126^S**Corequisites:** MUS-221^L

This course provides advanced aural skills training in diatonicism and basic aural skills training in chromaticism. Emphasis is placed on the development of sight singing and ear training skills in complex rhythmic patterns, diatonic melodies and harmonies, and basic chromaticism. Upon completion, students should be able to utilize any solmization system while sight singing diatonic melodies with functional and non-functional chromaticism, fluently read music in multiple clefs in addition to treble and bass, identify modulations, perform complex rhythmic patterns in various meters, and dictate tonal melodies and harmonies including chromaticism. (2018 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-226 Aural Skills IV 1 (0-2) Spring**Prerequisites:** MUS-225^S**Corequisites:** MUS-222^L

This course provides advanced aural skills training in diatonicism and chromaticism. Emphasis is placed on the development of sight singing and ear training skills in chromatic melodies, chromatic harmonies, and complex rhythmic patterns. Upon completion, students should be able to utilize any solmization system while sight singing melodies containing significant chromaticism fluently read music in multiple clefs, including treble, bass, alto, and tenor perform and dictate rhythmic patterns in irregular and changing meters and dictate diatonic and chromatic melodies and harmonic progressions.(2018 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-231 Chorus III 1 (0-2) Fall Spring**Prerequisites:** MUS-132^S**Corequisites:** None

This course is a continuation of MUS 132. Emphasis is placed on vocal techniques and the study and performance of a variety of styles and periods of choral literature. Upon completion, students should be able to demonstrate skills needed to participate in choral singing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-232	Chorus IV	1 (0-2)	Fall Spring
Prerequisites: MUS-231 ^S			
Corequisites: None			
This course is a continuation of MUS 231. Emphasis is placed on vocal techniques and the study of styles and periods of choral literature. Upon completion, students should be able to demonstrate skills needed to participate in choral singing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):			
<ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			
MUS-233	Band III	1 (0-2)	Fall Spring
Prerequisites: MUS-134 ^S			
Corequisites: None			
This course is a continuation of MUS 134. Emphasis is placed on band techniques and the study and performance of a variety of styles and periods of band literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):			
<ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			
MUS-234	Band IV	1 (0-2)	Fall Spring
Prerequisites: MUS-233 ^S			
Corequisites: None			
This course is a continuation of MUS 233. Emphasis is placed on band techniques and the study and performance of a variety of styles and periods of band literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):			
<ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			
MUS-235	Jazz Ensemble III	1 (0-2)	Fall Spring
Prerequisites: MUS-136 ^S			
Corequisites: None			
This course is a continuation of MUS 136. Emphasis is placed on jazz ensemble techniques and the study and performance of a variety of styles and periods of jazz literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):			
<ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			

MUS-236	Jazz Ensemble IV	1 (0-2)	Fall Spring
----------------	-------------------------	----------------	------------------------

Prerequisites: MUS-235^S

Corequisites: None

This course is a continuation of MUS 235. Emphasis is placed on jazz ensemble techniques and the study and performance of a variety of styles and periods of jazz literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-237	Orchestra III	1 (0-2)	Fall Spring
----------------	----------------------	----------------	------------------------

Prerequisites: MUS-138^S

Corequisites: None

This course is a continuation of MUS 138. Emphasis is placed on orchestral techniques and the study and performance of a variety of styles and periods of orchestral and string ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-238	Orchestra IV	1 (0-2)	Fall Spring
----------------	---------------------	----------------	------------------------

Prerequisites: MUS-237^S

Corequisites: None

This course is a continuation of MUS 237. Emphasis is placed on orchestral techniques and the study and performance of a variety of styles and periods of orchestral and string ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-241	Ensemble III	1 (0-2)	Fall Spring
----------------	---------------------	----------------	------------------------

Prerequisites: MUS-142^S

Corequisites: None

This course is a continuation of MUS 142. Emphasis is placed on the development of performance skills and the study of a variety of styles and periods of ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-242	Ensemble IV	1 (0-2)	Fall Spring
----------------	--------------------	----------------	------------------------

Prerequisites: MUS-241^S

Corequisites: None

This course is a continuation of MUS 241. Emphasis is placed on the development of performance skills and the study of styles of ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-251	Class Music III	1 (0-2)	Fall Spring
----------------	------------------------	----------------	------------------------

Prerequisites: MUS-152^S

Corequisites: None

This course is a continuation of MUS 152. Emphasis is placed on techniques and styles and the exploration and study of appropriate literature. Upon completion, students should be able to demonstrate proficiency in the studied skills and repertoire through performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-252	Class Music IV	1 (0-2)	Fall Spring
----------------	-----------------------	----------------	------------------------

Prerequisites: MUS-251^S

Corequisites: None

This course is a continuation of MUS 251. Emphasis is placed on techniques and styles and the exploration and study of appropriate literature. Upon completion, students should be able to demonstrate proficiency in the studied skills and repertoire through performance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-261	Applied Music III	2 (1-2)	Fall Spring
----------------	--------------------------	----------------	------------------------

Prerequisites: MUS-162^S

Corequisites: None

This course is a continuation of MUS 162. Emphasis is placed on techniques and styles and the exploration and study of appropriate literature. Upon completion, students should be able to demonstrate proficiency in the studied skills and repertoire through performance.(1999 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective Course for A.A. and A.S.

MUS-262	Applied Music IV	2 (1-2)	Fall Spring
----------------	-------------------------	----------------	------------------------

Prerequisites: MUS-261^S

Corequisites: None

This course is a continuation of MUS 261. Emphasis is placed on techniques and styles and the exploration and study of appropriate literature. Upon completion, students should be able to demonstrate proficiency in the studied skills and repertoire through performance.(1999 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective Course for A.A. and A.S.

MUS-271	Music History I	3 (3-0)	Fall
----------------	------------------------	----------------	-------------

Prerequisites: MUS-122^S

Corequisites: None

This course is the first of a two-semester, in-depth study of music history. Emphasis is placed on the history and literature of music from Antiquity through the Baroque Period. Upon completion, students should be able to trace important musical developments and demonstrate an understanding of the composers' styles.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

MUS-272	Music History II	3 (3-0)	Spring
----------------	-------------------------	----------------	---------------

Prerequisites: MUS-271^S

Corequisites: None

This course is the second of a two-semester, in-depth study of music history. Emphasis is placed on the history and literature of music from the Classical Period to the present. Upon completion, students should be able to trace important musical developments and demonstrate an understanding of the composers' styles.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

NAS NURSING ASSISTANT

NAS-101	Nurse Aide I	6 (3-4-3)	Fall Spring
----------------	---------------------	------------------	------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course includes basic nursing skills required to provide safe, competent personal care for individuals. Emphasis is placed on person-centered care, the aging process, communication, safety/emergencies, infection prevention, legal and ethical issues, vital signs, height and weight measurements, elimination, nutrition, basic restorative care/rehabilitation, dementia, mental health and end-of-life care. Upon completion, students should be able to demonstrate knowledge and skills and be eligible to test for listing on the North Carolina Nurse Aide I Registry.(2015 SP) This is a certificate-level course.

NAS-102	Nurse Aide II	6 (3-2-6)	Fall Spring
----------------	----------------------	------------------	------------------------

Prerequisites: NAS-101^S; ENG-002^L or BSP-4002^L

Corequisites: None

This course provides training in Nurse Aide II tasks. Emphasis is placed on the role of the Nurse Aide II, sterile technique and specific tasks such as urinary catheterization, wound care, respiratory procedures, ostomy care, peripheral IV assistive activities, and alternative feeding methods. Upon completion, students should be able to demonstrate knowledge and skills and safe performance of skills necessary to be eligible for listing on the North Carolina Nurse Aide II Registry. (2015 SP) This is a certificate-level course.

NET NETWORKING TECHNOLOGY

NET-125	Introduction to Networks	3 (1-4)	Fall Spring
----------------	---------------------------------	----------------	------------------------

Prerequisites: None

Corequisites: None

This course introduces the architecture, structure, functions, components, and models of the Internet and computer networks. Topics include introduction to the principles of IP addressing and fundamentals of Ethernet concepts, media, and operations. Upon completion, students should be able to build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes.(2016 FA)

NET-126	Switching and Routing	3 (1-4)	Fall Spring Summer
----------------	------------------------------	----------------	-----------------------------------

Prerequisites: None

Corequisites: None

This course covers the architecture, components, and operations of routers and switches in small networks and introduces wireless local area networks (WLAN) and security concepts. Emphasis is placed on configuring and troubleshooting routers and switches for advanced functionality using security best practices and resolving common network issues utilizing both IPv4 and IPv6 protocols. Upon completion, students should be able to configure VLANs and Inter-VLAN routing applying security best practices, troubleshoot inter-VLAN routing on Layer 3 devices, configure redundancy on a switched network using STP and EtherChannel, configure WLANs using a WLC and L2 security best practices and configure IPv4 and IPv6 static routing on routers.(2021 FA)

NET-225	Enterprise Networking	3 (1-4)	Fall Spring
----------------	------------------------------	----------------	------------------------

Prerequisites: None**Corequisites:** None

This course is designed to cover the architecture, components, operations, and security to scale for large, complex networks, including wide area network (WAN) technologies. Emphasis is placed on configuring, troubleshooting, and securing enterprise network devices and understanding how application programming interfaces (API) and configuration management tools enable network automation. Upon completion, students should be able to configure link state routing protocols, implement ACLs to filter traffic and secure administrative access, configure NAT services on the router to provide address scalability, explain techniques to provide address scalability and secure remote access for WAN, and explain how automation affects evolving networks.(2021 FA)

NOS NETWORK OPERATING SYSTEMS

NOS-120	Linux/UNIX Single User	3 (2-2)	Spring Summer
----------------	-------------------------------	----------------	--------------------------

Prerequisites: None**Corequisites:** None

This course develops the necessary skills for students to develop both GUI and command line skills for using and customizing a Linux workstation. Topics include Linux file system and access permissions, GNOME Interface, VI editor, X Window System expression pattern matching, I/O redirection, network and printing utilities. Upon completion, students should be able to customize and use Linux systems for command line requirements and desktop productivity roles.(2016 FA)

NOS-130	Windows Single User	3 (2-2)	Fall Spring Summer
----------------	----------------------------	----------------	-----------------------------------

Prerequisites: None**Corequisites:** None

This course introduces operating system concepts for single-user systems. Topics include hardware management, file and memory management, system configuration/optimization, and utilities. Upon completion, students should be able to perform operating systems functions at the support level in a single-user environment.(2016 FA)

NOS-230	Windows Administration I	3 (2-2)	Spring
----------------	---------------------------------	----------------	---------------

Prerequisites: None**Corequisites:** None

This course covers the installation and configuration of a Windows Server operating system. Emphasis is placed on the basic configuration of core network services, Active Directory and group policies. Upon completion, students should be able to install and configure a Windows Server operating system.(2014 FA)

NUR NURSING

- NUR-111 Intro to Health Concepts 8 (4-6-6) Fall**
Prerequisites: ENG-002 w/P2L, BSP-4002 w/P2L or ENG-011^L; MAT-003 w/P2L, BSP-4003 w/P2L, MAT-021^L, MAT-043^L, MAT-052^L or MAT-071^L;
Corequisites: BIO-165^L, PSY-150^L, ENG-111^L
 This course introduces the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts within each domain including medication administration, assessment, nutrition, ethics, interdisciplinary teams, informatics, evidence-based practice, individual-centered care, and quality improvement. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.(2009 FA)
- NUR-112 Health-Illness Concepts 5 (3-0-6) Spring**
Prerequisites: NUR-111^S; BIO-165^L, PSY-150^L, ENG-111^L; all minimum grade C
Corequisites: BIO-166^L, ENG-112^L or ENG-114^L
 This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of acid-base, metabolism, cellular regulation, oxygenation, infection, stress/coping, health-wellness-illness, communication, caring interventions, managing care, safety, quality improvement, and informatics. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.(2009 FA)
- NUR-113 Family Health Concepts 5 (3-0-6) Fall**
Prerequisites: NUR-111^S, NUR-112^L, NUR-114^L, NUR-211^L, BIO-165^L, BIO-166^L, PSY-150^L, PSY-241^L, ENG-111^L, ENG-112^L or ENG-114^L; all minimum grade C
Corequisites: BIO-275^L, SOC-210^L
 This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of oxygenation, sexuality, reproduction, grief/loss, mood/affect, behaviors, development, family, health-wellness-illness, communication, caring interventions, managing care, safety, and advocacy. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course. (2009 FA)
- NUR-114 Holistic Health Concepts 5 (3-0-6) Summer**
Prerequisites: NUR-111^S, NUR-112^L, NUR-211^L, BIO-165^L, BIO-166^L, PSY-150^L, ENG-111^L, ENG-112^L or ENG-114^L; all minimum grade C
Corequisites: PSY-241^L
 This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of cellular regulation, perfusion, inflammation, sensory perception, stress/coping, mood/affect, cognition, self, violence, health-wellness-illness, professional behaviors, caring interventions, and safety. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.(2009 FA)

NUR-211 Health Care Concepts 5 (3-0-6) Spring**Prerequisites:** NUR-111^S, NUR-112^L, BIO-165^L, PSY-150^L, ENG-111^L; all minimum grade C**Corequisites:** BIO-166^L, ENG-112^L or ENG-114^L

This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of cellular regulation, perfusion, infection, immunity, mobility, comfort, behaviors, health-wellness-illness, clinical decision-making, caring interventions, managing care, and safety. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.(2009 FA)

NUR-212 Health System Concepts 5 (3-0-6) Fall**Prerequisites:** NUR-111^S, NUR-112^L, NUR-114^L, NUR-211^L, BIO-165^L, BIO-166^L, PSY-150^L, PSY-241^L, ENG-111^L, ENG-112^L or ENG-114^L; all minimum grade C**Corequisites:** BIO-275^L, SOC-210^L

This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of grief/loss, violence, health-wellness-illness, collaboration, managing care, safety, advocacy, legal issues, policy, healthcare systems, ethics, accountability, and evidence-based practice. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course(2009 FA)

NUR-213 Complex Health Concepts 10 Spring (4-3-15)**Prerequisites:** NUR-111^S, NUR-112^{SC-LP}, NUR-113^{SC-LP}, NUR-114^{SC-LP}, NUR-211^{SC-LP}, NUR-212^{SC-LP}, BIO-165^L, BIO-166^L, PSY-150^L, PSY-241^L, ENG-111^L, ENG-112^L or ENG-114^L, BIO-275^L, SOC-210^L; all minimum grade C**Corequisites:** ART-111^L, ART-114^L, ART-115^L, MUS-110^L, MUS-112^L, HUM-115^L, PHI-215^L or PHI-240^L

This course is designed to assimilate the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of fluid/electrolytes, metabolism, perfusion, mobility, stress/coping, violence, health-wellness-illness, professional behaviors, caring interventions, managing care, healthcare systems, and quality improvement. Upon completion, students should be able to demonstrate the knowledge, skills, and attitudes necessary to provide quality, individualized, entry level nursing care.(2011 FA)

NUR-214 Nsg Transition Concepts 4 (3-0-3) Spring**Prerequisites:** ENG-111^L, BIO-165^L, PSY-150^L**Corequisites:** BIO-166^L, ENG-112^L or ENG-114^L

This course is designed to introduce concepts within the three domains of the individual, healthcare, and nursing as the LPN transitions to the ADN role. Emphasis is placed on the concepts within each domain including evidenced-based practice, quality improvement, communication, safety, interdisciplinary team, clinical decision-making, informatics, assessment, caring, and health-wellness-illness. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.(2009 SU)

OPH-118	Ophthalmic Patient Care	2 (2-0)	Spring
Prerequisites:	OPH-150 ^S , OPH-151 ^S		
Corequisites:	None		
This course is an overview of the care of the ophthalmic patient. Topics include systemic diseases in the eye, review of first aid, emergency equipment and supplies, infection control, identification and sterilization of minor surgical equipment, and aseptic technique. Upon completion, the students should be able to apply these principles in their interactions with patients.(2018 FA)			
OPH-119	Ophtha Optics & Basic Refract	2 (2-0)	Fall
Prerequisites:	OPH-150 ^S , OPH-151 ^S		
Corequisites:	None		
This course introduces basic theoretical and clinical optics. Topics include interaction of light and lenses, refractive states of the eye, and principles of retinoscopy and refractometry. Upon completion, the student will demonstrate physical and geometric optics, and basic refractometry techniques.(2018 FA)			
OPH-120	Ophtha Med Assist Pract II	6 (0-0-18)	Spring
Prerequisites:	OPH-116 ^S		
Corequisites:	None		
This course provides additional clinical experience in ophthalmic patient care procedures. Topics include interpersonal skills with patients, work and legal ethics, confidentiality, appearance and performance. Upon completion, the student will be able to perform basic and intermediate clinical skills, working towards competence and efficiency.(2018 FA)			
OPH-150	Intro to Ophth Med Assist	2 (2-0)	Summer
Prerequisites:	None		
Corequisites:	OPH-151 ^S		
This course introduces the role, scope, and duties of the ophthalmic assistant. Topics include medical ethics, duties of assistant, medical history, basic medical terminology, and an overview of human anatomy and physiology. Upon completion, students should be able to demonstrate knowledge of medical history taking and show an understanding of the role of ophthalmic medical personnel in patient care.(2018 FA)			
OPH-151	Ocular Anat. & Physiology	2 (2-0)	Summer
Prerequisites:	None		
Corequisites:	OPH-150 ^S		
This course studies the normal anatomy and physiology of eye and orbit. Topics include structures of the eye, functioning process of the eye and correct medical terminology of the structures and functions of the eye. Upon completion, the student should demonstrate a basic understanding and fundamental principles of anatomy and physiology of the eye.(1999 FA)			

OST OFFICE SYSTEMS TECHNOLOGY

**OST-131 Keyboarding 2 (1-2) Fall
Spring
Summer**

Prerequisites: None

Corequisites: None

This course covers basic keyboarding skills. Emphasis is placed on the touch system, correct techniques, and development of speed and accuracy. Upon completion, students should be able to key at an acceptable speed and accuracy level using the touch system.(1997 SU)

**OST-134 Text Entry & Formatting 3 (2-2) Fall
Spring
Summer**

Prerequisites: OST-131, minimum grade BL

Corequisites: None

This course is designed to provide skills needed to increase speed, improve accuracy, and format documents. Topics include letters, memos, tables, and business reports. Upon completion, students should be able to produce documents and key timed writings at speeds commensurate with employability.(2008 FA)

OST-136 Word Processing 3 (2-2) Summer

Prerequisites: None

Corequisites: None

This course is designed to introduce word processing concepts and applications. Topics include preparation of a variety of documents and mastery of specialized software functions. Upon completion, students should be able to work effectively in a computerized word processing environment.(2008 FA)

OST-137 Office Applications I 3 (2-2) Summer

Prerequisites: None

Corequisites: None

This course introduces the concepts and functions of software that meets the changing needs of the community. Emphasis is placed on the terminology and use of software through a hands-on approach. Upon completion, students should be able to use software in a business environment.(2017 FA)

**OST-148 Med Ins & Billing 3 (3-0) Spring
Summer**

Prerequisites: None

Corequisites: MED-121^L

This course introduces fundamentals of medical insurance and billing. Emphasis is placed on the medical billing cycle to include third party payers, coding concepts, and form preparation. Upon completion, students should be able to explain the life cycle of and accurately complete a medical insurance claim.(2017 FA)

OST-149	Medical Legal Issues	3 (3-0)	Fall
Prerequisites:	None		
Corequisites:	None		
This course introduces the complex legal, moral, and ethical issues involved in providing health-care services. Emphasis is placed on the legal requirements of medical practices the relationship of physician, patient, and office personnel professional liabilities and medical practice liability. Upon completion, students should be able to demonstrate a working knowledge of current medical law and accepted ethical behavior.(1999 FA)			
OST-164	Office Editing	3 (3-0)	Fall Spring
Prerequisites:	None		
Corequisites:	None		
This course provides a comprehensive study of editing skills needed in the workplace. Emphasis is placed on grammar, punctuation, sentence structure, proofreading, and editing. Upon completion, students should be able to use reference materials to compose and edit text.(2017 FA)			
OST-184	Records Management	3 (2-2)	Spring
Prerequisites:	None		
Corequisites:	None		
This course includes the creation, maintenance, protection, security, and disposition of records stored in a variety of media forms. Topics include alphabetic, geographic, subject, and numeric filing methods. Upon completion, students should be able to set up and maintain a records management system.(2008 FA)			
OST-236	Adv Word Processing	3 (2-2)	Fall
Prerequisites:	OST-136 ^S		
Corequisites:	None		
This course develops proficiency in the utilization of advanced word processing functions. Emphasis is placed on advanced word processing features. Upon completion, students should be able to produce a variety of complex business documents.(2017 FA)			
OST-243	Med Office Simulation	3 (2-2)	Fall
Prerequisites:	OST-148 ^S		
Corequisites:	None		
This course introduces medical systems used to process information in the automated office. Topics include traditional and electronic information resources, storing and retrieving information, and the billing cycle. Upon completion, students should be able to use the computer accurately to schedule, bill, update, and make corrections.(1998 FA)			
OST-247	Procedure Coding	3 (2-2)	Fall
Prerequisites:	MED-121 ^S or OST-141 ^S ; OST-148 ^L		
Corequisites:	None		
This course provides in-depth coverage of procedural coding. Emphasis is placed on CPT and HCPCS coding systems. Upon completion, students should be able to properly code procedures and services performed in a medical facility.(2017 FA)			

COURSE DESCRIPTIONS

OST-248	Diagnostic Coding	3 (2-2)	Fall
Prerequisites:	MED-121 ^S or OST-141 ^S ; OST-148 ^L		
Corequisites:	None		
This course provides an in-depth study of diagnostic coding. Emphasis is placed on ICD coding system. Upon completion, students should be able to properly code diagnoses in a medical facility.(2017 FA)			
OST-249	Med Coding Certification Prep	3 (2-3)	Spring
Prerequisites:	OST-247 ^S , OST-248 ^S		
Corequisites:	None		
This course provides instruction that will prepare students to sit for a national coding certification exam. Topics include diagnostic and procedural coding. Upon completion, students should be able to sit for various medical coding certification exams.(2017 FA)			
OST-250	Long-Term Care Coding	3 (2-2)	Spring
Prerequisites:	MED-121 ^S or OST-141 ^S		
Corequisites:	None		
This course covers diagnostic coding as it applies to long-term care facilities and home care. Topics include diagnostic coding and reimbursement in long-term care facilities and home care. Upon completion, students should be able to properly code conditions for long-term care and home care services.(2017 FA)			
OST-284	Emerging Technologies	2 (1-2)	Fall
Prerequisites:	None		
Corequisites:	None		
This course provides opportunities to explore emerging technologies. Emphasis is placed on identifying, researching, and presenting current technological topics for class consideration and discussion. Upon completion, students should be able to understand the importance of keeping abreast of technological changes that affect the office professional.(1999 FA)			
OST-286	Professional Development	3 (3-0)	Spring
Prerequisites:	None		
Corequisites:	None		
This course covers the personal competencies and qualities needed to project a professional image in the office. Topics include interpersonal skills, health lifestyles, appearance, attitude, personal and professional growth, multicultural awareness, and professional etiquette. Upon completion, students should be able to demonstrate these attributes in the classroom, office, and society.(1999 FA)			
OST-288	Medical Office Admin Capstone	3 (2-2)	Spring
Prerequisites:	OST-148 ^S		
Corequisites:	None		
This course is designed to be a capstone course for the medical office professional and provides a working knowledge of medical office procedures. Emphasis is placed on written and oral communication skills, practice management, electronic health records, medical office procedures, ethics, and professional development. Upon completion, students should be able to demonstrate the skills necessary to manage a medical office.(2017 FA)			

OST-289 Office Admin Capstone 3 (2-2) Spring

Prerequisites: OST-134^S or OST-136^S; OST-164^S

Corequisites: None

This course is designed to be a capstone course for the office professional and provides a working knowledge of administrative office procedures. Emphasis is placed on written and oral communication skills, office software applications, office procedures, ethics, and professional development. Upon completion, students should be able to adapt in an office environment.(2017 FA)

PED PHYSICAL EDUCATION

**PED-110 Fit and Well for Life 2 (1-2) Fall
Spring
Summer**

Prerequisites: None

Corequisites: None

This course is designed to investigate and apply the basic concepts and principles of lifetime physical fitness and other health-related factors. Emphasis is placed on wellness through the study of nutrition, weight control, stress management, and consumer facts on exercise and fitness. Upon completion, students should be able to plan a personal, lifelong fitness program based on individual needs, abilities, and interests.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Other Gen. Ed. and Premajor Elective course for A.E.

PED-111 Physical Fitness I 1 (0-3) AND

Prerequisites: None

Corequisites: None

This course provides an individualized approach to physical fitness utilizing the five major components. Emphasis is placed on the scientific basis for setting up and engaging in personalized physical fitness programs. Upon completion, students should be able to set up and implement an individualized physical fitness program.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-112 Physical Fitness II 1 (0-3) AND

Prerequisites: PED-111^S

Corequisites: None

This course is an intermediate-level fitness class. Topics include specific exercises contributing to fitness and the role exercise plays in developing body systems. Upon completion, students should be able to implement and evaluate an individualized physical fitness program.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

COURSE DESCRIPTIONS

PED-113	Aerobics I	1 (0-3)	Fall Spring
Prerequisites: None			
Corequisites: None			
This course introduces a program of cardiovascular fitness involving continuous, rhythmic exercise. Emphasis is placed on developing cardiovascular efficiency, strength, and flexibility and on safety precautions. Upon completion, students should be able to select and implement a rhythmic aerobic exercise program.(1997 SU) This course has been approved to satisfy the following requirement(s):			
<ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			
PED-117	Weight Training I	1 (0-3)	Fall Spring Summer
Prerequisites: None			
Corequisites: None			
This course introduces the basics of weight training. Emphasis is placed on developing muscular strength, muscular endurance, and muscle tone. Upon completion, students should be able to establish and implement a personal weight training program.(1997 SU) This course has been approved to satisfy the following requirement(s):			
<ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			
PED-118	Weight Training II	1 (0-3)	Fall Spring
Prerequisites: PED-117 ^S			
Corequisites: None			
This course covers advanced levels of weight training. Emphasis is placed on meeting individual training goals and addressing weight training needs and interests. Upon completion, students should be able to establish and implement an individualized advanced weight training program.(1997 SU) This course has been approved to satisfy the following requirement(s):			
<ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			
PED-119	Circuit Training	1 (0-3)	AND
Prerequisites: None			
Corequisites: None			
This course covers the skills necessary to participate in a developmental fitness program. Emphasis is placed on the circuit training method which involves a series of conditioning timed stations arranged for maximum benefit and variety. Upon completion, students should be able to understand and appreciate the role of circuit training as a means to develop fitness.(1997 SU) This course has been approved to satisfy the following requirement(s):			
<ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. 			

PED-120	Walking for Fitness	1 (0-3)	Fall Spring Summer
----------------	----------------------------	----------------	-----------------------------------

Prerequisites: None**Corequisites:** None

This course introduces fitness through walking. Emphasis is placed on stretching, conditioning exercises, proper clothing, fluid needs, and injury prevention. Upon completion, students should be able to participate in a recreational walking program.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-121	Walk, Jog, Run	1 (0-3)	AND
----------------	-----------------------	----------------	------------

Prerequisites: None**Corequisites:** None

This course covers the basic concepts involved in safely and effectively improving cardiovascular fitness. Emphasis is placed on walking, jogging, or running as a means of achieving fitness. Upon completion, students should be able to understand and appreciate the benefits derived from these activities.(1997 SU)

This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-122	Yoga I	1 (0-2)	Fall Spring Summer
----------------	---------------	----------------	-----------------------------------

Prerequisites: None**Corequisites:** None

This course introduces the basic discipline of yoga. Topics include proper breathing, relaxation techniques, and correct body positions. Upon completion, students should be able to demonstrate the procedures of yoga.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-123	Yoga II	1 (0-2)	AND
----------------	----------------	----------------	------------

Prerequisites: PED-122^S**Corequisites:** None

This course introduces more detailed aspects of the discipline of yoga. Topics include breathing and physical postures, relaxation, and mental concentration. Upon completion, students should be able to demonstrate advanced procedures of yoga.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-125	Self-Defense: Beginning	1 (0-2)	AND
----------------	--------------------------------	----------------	------------

Prerequisites: None**Corequisites:** None

This course is designed to aid students in developing rudimentary skills in self-defense. Emphasis is placed on stances, blocks, punches, and kicks as well as non-physical means of self-defense. Upon completion, students should be able to demonstrate basic self-defense techniques of a physical and non-physical nature.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

COURSE DESCRIPTIONS

- | | | | |
|----------------|-----------------------|----------------|-------------|
| PED-128 | Golf-Beginning | 1 (0-2) | Fall |
|----------------|-----------------------|----------------|-------------|
- Prerequisites:** None
Corequisites: None
- This course emphasizes the fundamentals of golf. Topics include the proper grips, stance, alignment, swings for the short and long game, putting, and the rules and etiquette of golf. Upon completion, students should be able to perform the basic golf shots and demonstrate a knowledge of the rules and etiquette of golf.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
-
- | | | | |
|----------------|--------------------------|----------------|-------------|
| PED-129 | Golf-Intermediate | 1 (0-2) | Fall |
|----------------|--------------------------|----------------|-------------|
- Prerequisites:** PED-128^S
Corequisites: None
- This course covers the more advanced phases of golf. Emphasis is placed on refining the fundamental skills and learning more advanced phases of the games such as club selection, trouble shots, and course management. Upon completion, students should be able demonstrate the knowledge and ability to play a recreational round of golf.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
-
- | | | | |
|----------------|-------------------------|----------------|------------------------|
| PED-130 | Tennis-Beginning | 1 (0-2) | Fall
Spring |
|----------------|-------------------------|----------------|------------------------|
- Prerequisites:** None
Corequisites: None
- This course emphasizes the fundamentals of tennis. Topics include basic strokes, rules, etiquette, and court play. Upon completion, students should be able to play recreational tennis.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
-
- | | | | |
|----------------|----------------------------|----------------|------------|
| PED-131 | Tennis-Intermediate | 1 (0-2) | AND |
|----------------|----------------------------|----------------|------------|
- Prerequisites:** PED-130^S
Corequisites: None
- This course emphasizes the refinement of playing skills. Topics include continuing the development of fundamentals, learning advanced serves, and strokes and pace and strategies in singles and doubles play. Upon completion, students should be able to play competitive tennis.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.
-
- | | | | |
|----------------|--------------------------|----------------|------------|
| PED-135 | Fencing-Beginning | 1 (0-2) | AND |
|----------------|--------------------------|----------------|------------|
- Prerequisites:** None
Corequisites: None
- This course introduces the fundamentals of fencing. Emphasis is placed on grip, stance, and establishment of good techniques for attacks and parries. Upon completion, students should be able to perform elementary foil techniques and demonstrate the basic skills of fencing.(1997 SU) This course has been approved to satisfy the following requirement(s):
- Premajor and/or Elective course for A.A. and A.S.

- | | | | |
|--|-----------------------------|----------------|------------------------|
| PED-137 | Badminton | 1 (0-2) | AND |
| Prerequisites: None | | | |
| Corequisites: None | | | |
| This course covers the fundamentals of badminton. Emphasis is placed on the basics of serving, clears, drops, drives, smashes, and the rules and strategies of singles and doubles. Upon completion, students should be able to apply these skills in playing situations.(1997 SU) This course has been approved to satisfy the following requirement(s): | | | |
| <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. | | | |
| | | | |
| PED-138 | Archery | 1 (0-2) | AND |
| Prerequisites: None | | | |
| Corequisites: None | | | |
| This course introduces basic archery safety and skills. Topics include proper techniques of stance, bracing, drawing, and releasing as well as terminology and scoring. Upon completion, students should be able to participate safely in target archery.(1997 SU) This course has been approved to satisfy the following requirement(s): | | | |
| <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. | | | |
| | | | |
| PED-142 | Lifetime Sports | 1 (0-2) | AND |
| Prerequisites: None | | | |
| Corequisites: None | | | |
| This course is designed to give an overview of a variety of sports activities. Emphasis is placed on the skills and rules necessary to participate in a variety of lifetime sports. Upon completion, students should be able to demonstrate an awareness of the importance of participating in lifetime sports activities.(1997 SU) This course has been approved to satisfy the following requirement(s): | | | |
| <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. | | | |
| | | | |
| PED-143 | Volleyball-Beginning | 1 (0-2) | Fall
Spring |
| Prerequisites: None | | | |
| Corequisites: None | | | |
| This course covers the fundamentals of volleyball. Emphasis is placed on the basics of serving, passing, setting, spiking, blocking, and the rules and etiquette of volleyball. Upon completion, students should be able to participate in recreational volleyball.(1997 SU) This course has been approved to satisfy the following requirement(s): | | | |
| <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. | | | |
| | | | |
| PED-145 | Basketball-Beginning | 1 (0-2) | Fall
Spring |
| Prerequisites: None | | | |
| Corequisites: None | | | |
| This course covers the fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. Upon completion, students should be able to participate in recreational basketball.(1997 SU) This course has been approved to satisfy the following requirement(s): | | | |
| <ul style="list-style-type: none"> • Premajor and/or Elective course for A.A. and A.S. | | | |

 COURSE DESCRIPTIONS

PED-147 Soccer 1 (0-2) AND

Prerequisites: None

Corequisites: None

This course introduces the basics of soccer. Emphasis is placed on rules, strategies, and fundamental skills. Upon completion, students should be able to participate in recreational soccer.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-149 Flag Football 1 (0-2) AND

Prerequisites: None

Corequisites: None

This course introduces the fundamentals and rules of flag football. Emphasis is placed on proper techniques and strategies for playing in game situations. Upon completion, students should be able to participate in recreational flag football. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-152 Swimming-Beginning 1 (0-2) AND

Prerequisites: None

Corequisites: None

This course is designed for non-swimmers and beginners. Emphasis is placed on developing confidence in the water, learning water safety, acquiring skills in floating, and learning elementary strokes. Upon completion, students should be able to demonstrate safety skills and be able to tread water, back float, and use the crawl stroke for 20 yards.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-153 Swimming-Intermediate 1 (0-2) AND

Prerequisites: PED-152^S

Corequisites: None

This course is designed for those who have mastered basic swimming skills. Emphasis is placed on refining basic skills and learning new swim strokes. Upon completion, students should be able to demonstrate the four basic strokes, the scissors kick, the underwater swim, and other related skills.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-154 Swimming for Fitness 1 (0-3) AND

Prerequisites: None

Corequisites: None

This course introduces lap swimming, aquacises, water activities, and games. Emphasis is placed on increasing cardiovascular efficiency through aquatic exercise. Upon completion, students should be able to develop an individualized aquatic fitness program.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-157 Pickleball 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course covers the fundamentals of pickleball. Emphasis is placed on the basics of serving, ground strokes (drives, drops, dinks, punches, and lobs), overhead strokes (smashes and slams), and the rules and strategies of singles and doubles play. Upon completion, students should be able to apply these skills in pickleball playing situations. (2017 FA) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-160 Canoeing-Basic 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course provides basic instruction for the beginning canoeist. Emphasis is placed on safe and correct handling of the canoe and rescue skills. Upon completion, students should be able to demonstrate basic canoeing, safe-handling, and self-rescue skills.(2007 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-161 Canoeing-Rivers 1 (0-2) AND**Prerequisites:** PED-160^S**Corequisites:** None

This course provides practice in the basic skills of river and whitewater canoeing. Emphasis is placed on river running, safety, and care of equipment. Upon completion, students should be able to demonstrate navigation in a moving current, canoe safety, and self-rescue skills.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-162 Angling 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course introduces the sport of angling. Emphasis is placed on fishing with the use of artificial lures. Upon completion, students should be able to cast and retrieve using baitcaster and spinning reels and identify the various types of artificial lures.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-163 Kayaking-Basic 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course is designed to teach the basic skills of kayaking. Topics include forward and reverse strokes, sweeps, Eskimo roll, and self-rescue skills. Upon completion, students should be able to maneuver and demonstrate safe kayaking practices.(2007 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-169 Orienteering 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course introduces the various types of orienteering and proper orienteering techniques. Emphasis is placed on defining various types of orienteering and recognizing and drawing topographic map symbols. Upon completion, students should be able to draw topographic map symbols and negotiate a 3-5 km cross-country orienteering course in a specified time period.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-170 Backpacking 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course covers the proper techniques for establishing a campsite, navigating in the wilderness, and planning for an overnight trip. Topics include planning for meals, proper use of maps and compass, and packing and dressing for extended periods in the outdoors. Upon completion, students should be able to identify quality backpacking equipment, identify the principles of no-trace camping, and successfully complete a backpacking experience.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-173 Rock Climbing 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course teaches the fundamental skills and safety of rock climbing. Topics include rock climbing, bouldering, rappelling, the correct method of belaying for climbing and rappelling, and knowledge of equipment. Upon completion, students should be able to demonstrate strong and skillful techniques in climbing and rappelling.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-174 Wilderness Pursuits 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course covers the skills necessary to prepare for and participate in a wilderness trip. Emphasis is placed on planning, preparing, and participating in a wilderness pack trip. Upon completion, students should be able to safely participate in overnight wilderness pack trips.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-181 Snow Skiing-Beginning 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course introduces the fundamentals of snow skiing. Topics include basic techniques, safety, and equipment involved in snow skiing. Upon completion, students should be able to ski a down slope, enter and exit a ski lift, and perform basic maneuvers on skis.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-186 Dancing for Fitness 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course is designed to develop movement and recreational dance skills, safety, fitness, coordination, and techniques used to teach various groups. Emphasis is placed on participation and practice with adapting dances for ages and ability levels. Upon completion, students should be able to demonstrate knowledge of fitness through social, folk, and square dance participation and instruction.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-187 Social Dance-Beginning 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course introduces the fundamentals of popular social dances. Emphasis is placed on basic social dance techniques, dances, and a brief history of social dance. Upon completion, students should be able to demonstrate specific dance skills and perform some dances.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-212 Snowboarding-Beginning 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course is designed to develop the basic knowledge and skills of snowboarding. Topics include equipment, conditioning exercises, terminology, safety, rules, fundamental skills, and the use of lifts. Upon completion, students should be able to snowboard downhill, enter and exit a ski lift, and perform basic maneuvers on a snowboard.(2002 SP) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-217 Pilates I 1 (0-2) AND**Prerequisites:** None**Corequisites:** None

This course provides an introduction to the pilates method of body conditioning exercise. Topics include instruction in beginning and intermediate pilates exercises using a mat or equipment, history of pilates method, and relevant anatomy and physiology. Upon completion, students should be able to perform beginning and intermediate exercises, and possess an understanding of the benefits of conditioning the body's core muscles.(2005 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

 COURSE DESCRIPTIONS

PED-218 Pilates II 1 (0-2) AND

Prerequisites: PED-217^S

Corequisites: None

This course provides continued instruction to the pilates method of body conditioning exercise. Topics include instruction in intermediate and advanced pilates exercises using a mat or equipment, relevant anatomy and physiology, and further discussion of related concepts. Upon completion, students should be able to perform intermediate and advanced exercises, and possess the autonomy to maintain their own personal pilates practice.(2005 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-219 Disc Golf 1 (0-2) AND

Prerequisites: None

Corequisites: None

This course introduces the fundamentals of disc golf. Emphasis is placed on basic throwing techniques, putting, distance driving, scoring, and single and doubles play. Upon completion, students should be able to perform the skills required in playing situations.(2009 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PED-254 Coaching Basketball 2 (1-2) AND

Prerequisites: None

Corequisites: None

This course introduces the theory and methods of coaching basketball. Emphasis is placed on rules, game strategies, and selected techniques of coaching basketball. Upon completion, students should be able to demonstrate competent coaching skills in basketball.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PHI PHILOSOPHY

**PHI-215 Philosophical Issues 3 (3-0) Fall
Spring
Summer**

Prerequisites: ENG-111^S

Corequisites: None

This course introduces fundamental issues in philosophy considering the views of classical and contemporary philosophers. Emphasis is placed on knowledge and belief, appearance and reality, determinism and free will, faith and reason, and justice and inequality. Upon completion, students should be able to identify, analyze, and critically evaluate the philosophical components of an issue.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S. and A.S. Teacher Preparation
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

PHI-240	Introduction to Ethics	3 (3-0)	Fall Spring Summer
----------------	-------------------------------	----------------	-----------------------------------

Prerequisites: ENG-111^S

Corequisites: None

This course introduces theories about the nature and foundations of moral judgments and applications to contemporary moral issues. Emphasis is placed on moral theories such as consequentialism, deontology, and virtue ethics. Upon completion, students should be able to apply various ethical theories to moral issues such as abortion, capital punishment, poverty, war, terrorism, the treatment of animals, and issues arising from new technologies.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S. and A.S. Teacher Preparation
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

PHY PHYSICS

PHY-110	Conceptual Physics	3 (3-0)	Fall Spring
----------------	---------------------------	----------------	------------------------

Prerequisites: MAT-003^L or BSP-4003^L

Corequisites: PHY-110A^L

This course provides a conceptually-based exposure to the fundamental principles and processes of the physical world. Topics include basic concepts of motion, forces, energy, heat, electricity, magnetism, and the structure of matter and the universe. Upon completion, students should be able to describe examples and applications of the principles studied.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, and A.F.A.
- Natural Science Gen. Ed. course for A.S. and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

PHY-110A	Conceptual Physics Lab	1 (0-2)	Fall Spring
-----------------	-------------------------------	----------------	------------------------

Prerequisites: MAT-003^L or BSP-4003^L

Corequisites: PHY-110^S

This course is a laboratory for PHY 110. Emphasis is placed on laboratory experiences that enhance materials presented in PHY 110. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in PHY 110.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, and A.F.A.
- Natural Science Gen. Ed. course for A.S. and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

COURSE DESCRIPTIONS

PHY-131 Physics-Mechanics 4 (3-2) Summer

Prerequisites: MAT-121^S or MAT-171^S

Corequisites: None

This algebra/trigonometry-based course introduces fundamental physical concepts as applied to engineering technology fields. Topics include systems of units, problem-solving methods, graphical analysis, vectors, motion, forces, Newton's laws of motion, work, energy, power, momentum, and properties of matter. Upon completion, students should be able to apply the principles studied to applications in engineering technology fields.(2014 FA) This course has been approved to satisfy the following requirement(s):

- Natural Science Gen. Ed. course for A.G.E.

**PHY-151 College Physics I 4 (3-2) Fall
Summer**

Prerequisites: MAT-171^S or MAT-271^S

Corequisites: None

This course uses algebra- and trigonometry-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include units and measurement, vectors, linear kinematics and dynamics, energy, power, momentum, fluid mechanics, and heat. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered.(2018 SP) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.S. and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A. and A.A. Teacher Preparation
- Natural Science Gen. Ed. course for A.G.E.

PHY-152 College Physics II 4 (3-2) Spring

Prerequisites: PHY-151^S

Corequisites: None

This course uses algebra- and trigonometry-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include electrostatic forces, electric fields, electric potentials, direct-current circuits, magnetostatic forces, magnetic fields, electromagnetic induction, alternating-current circuits, and light. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.S. and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A. and A.A. Teacher Preparation
- Natural Science Gen. Ed. course for A.G.E.

PHY-251 General Physics I 4 (3-3) Fall**Prerequisites:** MAT-271^S**Corequisites:** MAT-272^S

This course uses calculus-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include units and measurement, vector operations, linear kinematics and dynamics, energy, power, momentum, rotational mechanics, periodic motion, fluid mechanics, and heat. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.E., A.S. and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A. and A.A. Teacher Preparation

PHY-252 General Physics II 4 (3-3) Spring**Prerequisites:** MAT-272^S and PHY-251^S**Corequisites:** None

This course uses calculus-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include electrostatic forces, electric fields, electric potentials, direct-current circuits, magnetostatic forces, magnetic fields, electromagnetic induction, alternating-current circuits, and light. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered.(1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.E., A.S. and A.S. Teacher Preparation
- Natural Science Gen. Ed. course for A.A. and A.A. Teacher Preparation

POL POLITICAL SCIENCE**POL-110 Intro Political Science 3 (3-0) AND****Prerequisites:** ENG-002^L or BSP-4002^L**Corequisites:** None

This course introduces basic political concepts used by governments and addresses a wide range of political issues. Topics include political theory, ideologies, legitimacy, and sovereignty in democratic and non-democratic systems. Upon completion, students should be able to discuss a variety of issues inherent in all political systems and draw logical conclusions in evaluating these systems.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

POL-120	American Government	3 (3-0)	Fall Spring Summer
----------------	----------------------------	----------------	-----------------------------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course is a study of the origins, development, structure, and functions of American government. Topics include the constitutional framework, federalism, the three branches of government including the bureaucracy, civil rights and liberties, political participation and behavior, and policy process. Upon completion, students should be able to demonstrate an understanding of the basic concepts and participatory processes of the American political system.(2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.A. Teacher Preparation, A.E., A.F.A., A.S. and A.S. Teacher Preparation
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E

POL-210	Comparative Government	3 (3-0)	AND
----------------	-------------------------------	----------------	------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides a cross-national perspective on the government and politics of contemporary nations such as Great Britain, France, Germany, and Russia. Topics include each country's historical uniqueness, key institutions, attitudes and ideologies, patterns of interaction, and current political problems. Upon completion, students should be able to identify and compare various nations' governmental structures, processes, ideologies, and capacity to resolve major problems.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

POL-220	International Relations	3 (3-0)	AND
----------------	--------------------------------	----------------	------------

Prerequisites: ENG-002^L or BSP-4002^L

Corequisites: None

This course provides a study of the effects of ideologies, trade, armaments, and alliances on relations among nation-states. Emphasis is placed on regional and global cooperation and conflict, economic development, trade, non-governmental organizations, and international institutions such as the World Court and UN. Upon completion, students should be able to identify and discuss major international relationships, institutions, and problems.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E

PSY-231 Forensic Psychology 3 (3-0) Spring**Prerequisites:** PSY-150^S**Corequisites:** None

This course introduces students to concepts which unite psychology and the legal system. Topics include defining competency, insanity, involuntary commitment, as well as introducing forensic assessment techniques, such as interviewing process, specialized assessments, and collecting collateral information. Upon completion, students should be able to demonstrate knowledge in areas of forensic psychology: risk assessment, criminal competencies, insanity, psychopathology, and mentally disordered offenders.(2004 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

PSY-237 Social Psychology 3 (3-0) AND**Prerequisites:** PSY-150^S or SOC-210^S**Corequisites:** None

This course introduces the study of individual behavior within social contexts. Topics include affiliation, attitude formation and change, conformity, altruism, aggression, attribution, interpersonal attraction, and group behavior. Upon completion, students should be able to demonstrate an understanding of the basic principles of social influences on behavior.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

PSY-239 Psychology of Personality 3 (3-0) Fall**Prerequisites:** PSY-150^S**Corequisites:** None

This course covers major personality theories and personality research methods. Topics include psychoanalytic, behavioristic, social learning, cognitive, humanistic, and trait theories including supporting research. Upon completion, students should be able to compare and contrast traditional and contemporary approaches to the understanding of individual differences in human behavior.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

**PSY-241 Developmental Psych 3 (3-0) Fall
Spring
Summer****Prerequisites:** PSY-150^S**Corequisites:** None

This course is a study of human growth and development. Emphasis is placed on major theories and perspectives as they relate to the physical, cognitive, and psychosocial aspects of development from conception to death. Upon completion, students should be able to demonstrate knowledge of development across the life span.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

PSY-243 Child Psychology 3 (3-0) AND**Prerequisites:** PSY-150^S**Corequisites:** None

This course provides an overview of physical, cognitive, and psychosocial development from conception through adolescence. Topics include theories and research, interaction of biological and environmental factors, language development, learning and cognitive processes, social relations, and moral development. Upon completion, students should be able to identify typical and atypical childhood behavior patterns as well as appropriate strategies for interacting with children.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

PSY-249 Psychology of Aging 3 (3-0) AND**Prerequisites:** PSY-150^S**Corequisites:** None

This course covers the particular needs and behaviors of the maturing adult. Emphasis is placed on psychosocial processes biological and intellectual aspects of aging adjustments to retirement, dying, bereavement and the stereotypes and misconceptions concerning the elderly. Upon completion, students should be able to show an understanding of the psychological factors related to the aging process.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

PSY-259 Human Sexuality 3 (3-0) AND**Prerequisites:** PSY-150^S**Corequisites:** None

This course provides the biological, psychological, and sociocultural aspects of human sexuality and related research. Topics include reproductive biology, sexual and psychosexual development, sexual orientation, contraception, sexually transmitted diseases, sexual disorders, theories of sexuality, and related issues. Upon completion, students should be able to demonstrate an overall knowledge and understanding of human sexuality.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

PSY-263 Educational Psychology 3 (3-0) Summer**Prerequisites:** PSY-150^S**Corequisites:** None

This course examines the application of psychological theories and principles to the educational process and setting. Topics include learning and cognitive theories, achievement motivation, teaching and learning styles, teacher and learner roles, assessment, and developmental issues. Upon completion, students should be able to demonstrate an understanding of the application of psychological theory to educational practice.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

 COURSE DESCRIPTIONS

PSY-271 Sports Psychology 3 (3-0) AND

Prerequisites: PSY-150^S

Corequisites: None

This course provides an overview of the field of sports and exercise psychology. Topics include concentration, goal setting, arousal level, exercise psychology, mental imagery, confidence, and other issues related to sport and exercise performance. Upon completion, students should be able to demonstrate a knowledge of psychological factors involved in sport and exercise.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

PSY-275 Health Psychology 3 (3-0) AND

Prerequisites: PSY-150^S

Corequisites: None

This course covers the biopsychosocial dynamics of stress and the maintenance of good health. Topics include enhancing health and well-being, stress management, lifestyle choices and attitudes, the mind-body relationship, nutrition, exercise, and fitness. Upon completion, students should be able to demonstrate an understanding of the psychological factors related to health and well-being.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

**PSY-281 Abnormal Psychology 3 (3-0) Fall
Spring
Summer**

Prerequisites: PSY-150^S

Corequisites: None

This course provides an examination of the various psychological disorders, as well as theoretical, clinical, and experimental perspectives of the study of psychopathology. Emphasis is placed on terminology, classification, etiology, assessment, and treatment of the major disorders. Upon completion, students should be able to distinguish between normal and abnormal behavior patterns as well as demonstrate knowledge of etiology, symptoms, and therapeutic techniques.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

RAD RADIOGRAPHY

RAD-110 Rad Intro & Patient Care 3 (2-3) Fall

Prerequisites: None

Corequisites: RAD-111^L and RAD-151^L

This course provides an overview of the radiography profession and student responsibilities. Emphasis is placed on basic principles of patient care, radiation protection, technical factors, and medical terminology. Upon completion, students should be able to demonstrate basic skills in these areas.(2022 SU)

RAD-111	RAD Procedures I	4 (3-3)	Fall
Prerequisites:	None		
Corequisites:	RAD-111 ^L and RAD-151 ^L		
This course provides the knowledge and skills necessary to perform standard radiographic procedures. Emphasis is placed on radiography of the chest, abdomen, extremities, bony thorax and pelvis. Upon completion, students should be able to demonstrate competence in these areas.(2017 FA)			
RAD-112	RAD Procedures II	4 (3-3)	Spring
Prerequisites:	RAD-110 ^L , RAD-111 ^L and RAD-151 ^L		
Corequisites:	RAD-121 ^L and RAD-161 ^L		
This course provides the knowledge and skills necessary to perform standard radiographic procedures. Emphasis is placed on radiography of the skull, spine, and gastrointestinal, biliary, and urinary systems. Upon completion, students should be able to demonstrate competence in these areas.(2022 SU)			
RAD-121	Image Production I	3 (2-3)	Spring
Prerequisites:	RAD-110 ^L , RAD-111 ^L and RAD-151 ^L		
Corequisites:	RAD-112 ^L and RAD-161 ^L		
This course provides the basic principles of radiographic image production. Emphasis is placed on image production, x-ray equipment, receptor exposure, and basic imaging quality factors. Upon completion, students should be able to demonstrate an understanding of basic principles of radiographic image production.(2022 SU)			
RAD-122	Image Production II	2 (1-3)	Summer
Prerequisites:	RAD-112 ^L , RAD-121 ^L and RAD-161 ^L		
Corequisites:	RAD-141 ^L and RAD-171 ^L		
This course is designed to continue to develop the concepts and principles in the field of radiologic technology. Emphasis is placed on advanced digital principles and production. Upon completion, students should be able to demonstrate an understanding of advanced principles of digital imaging production.(2022 SU)			
RAD-141	Radiation Safety	2 (2-0)	Summer
Prerequisites:	RAD-112 ^L , RAD-121 ^L and RAD-161 ^L		
Corequisites:	RAD-122 ^L and RAD-171 ^L		
This course covers the principles of radiation protection and radiobiology. Topics include the effects of ionizing radiation on body tissues, protective measures for limiting exposure to the patient and personnel, and radiation monitoring devices. Upon completion, students should be able to demonstrate an understanding of the effects and uses of radiation in diagnostic radiology.(2022 SU)			
RAD-151	RAD Clinical Ed I	2 (0-0-6)	Fall
Prerequisites:	None		
Corequisites:	RAD-110 ^L and RAD-111 ^L		
This course introduces patient management and basic radiographic procedures in the clinical setting. Emphasis is placed on mastering positioning of the chest and extremities, manipulating equipment, and applying principles of ALARA. Upon completion, students should be able to demonstrate successful completion of clinical objectives.(2022 SU)			

COURSE DESCRIPTIONS

RAD-161	RAD Clinical Ed II	5 (0-0-15)	Spring
Prerequisites: RAD-110 ^L , RAD-111 ^L and RAD-151 ^L			
Corequisites: RAD-112 ^L and RAD-121 ^L			
This course provides additional experience in patient management and in more complex radiographic procedures. Emphasis is placed on mastering positioning of the spine, pelvis, head and neck, and thorax and adapting procedures to meet patient variations. Upon completion, students should be able to demonstrate successful completion of clinical objectives.(2022 SU)			
RAD-171	RAD Clinical Ed III	3 (0-0-9)	Summer
Prerequisites: RAD-112 ^L , RAD-121 ^L and RAD-161 ^L			
Corequisites: RAD-122 ^L and RAD-141 ^L			
This course provides experience in patient management specific to advanced radiographic procedures. Emphasis is placed on applying appropriate technical factors to all studies and transitioning to mastering positioning of advanced studies. Upon completion, students should be able to demonstrate successful completion of clinical objectives.(2022 SU)			
RAD-211	RAD Procedures III	3 (2-3)	Fall
Prerequisites: RAD-122 ^L , RAD-141 ^L , and RAD-171 ^L			
Corequisites: RAD-231 ^L and RAD-251 ^L			
This course provides the knowledge and skills necessary to perform standard and specialty radiographic procedures. Emphasis is placed on radiographic specialty procedures, advanced imaging, radiographic pathology and image analysis. Upon completion, students should be able to demonstrate an understanding of these areas.(2022 SU)			
RAD-231	Image Production III	2 (1-3)	Fall
Prerequisites: RAD-122 ^L , RAD-141 ^L , and RAD-171 ^L			
Corequisites: RAD-211 ^L and RAD-251 ^L			
This course is designed to continue to develop the concepts and principles in the field of radiologic technology. Emphasis is placed on complex imaging production and principles, quality control and quality assurance in the imaging sciences. Upon completion, students should be able to demonstrate an understanding of advanced radiographic equipment and quality control programs.(2022 SU)			
RAD-251	RAD Clinical Ed IV	7 (0-0-21)	Fall
Prerequisites: RAD-122 ^L , RAD-141 ^L , and RAD-171 ^L			
Corequisites: RAD-211 ^L and RAD-231 ^L			
This course provides the opportunity to continue mastering all basic radiographic procedures and to attain experience in advanced areas. Emphasis is placed on equipment operation, pathological recognition, pediatric and geriatric variations, and further awareness of radiation protection requirements. Upon completion, students should be able to demonstrate successful completion of clinical objectives.(2022 SU)			

RAD-261	RAD Clinical Ed V	7	Spring
		(0-0-21)	

Prerequisites: RAD-211^L, RAD-231^L, and RAD-251^L

Corequisites: RAD-271^L

This course is designed to enhance expertise in all radiographic procedures, patient management, radiation protection, and image production and evaluation. Emphasis is placed on developing an autonomous approach to the diversity of clinical situations and successfully adapting to those procedures. Upon completion, students should be able to demonstrate successful completion of clinical objectives.(2022 SU)

RAD-271	Radiography Capstone	3 (2-3)	Spring
----------------	-----------------------------	----------------	---------------

Prerequisites: RAD-211^L, RAD-231^L, and RAD-251^L

Corequisites: RAD-261^L

This course provides an opportunity to exhibit problem-solving skills required for certification. Emphasis is placed on critical thinking and integration of didactic and clinical components. Upon completion, students should be able to demonstrate the knowledge required of an entry-level radiographer.(2022 SU)

RCP RESPIRATORY CARE

RCP-110	Intro to Respiratory Care	4 (3-3)	Fall
----------------	----------------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course introduces the role of the respiratory care practitioner within interprofessional teams and interacting with diverse populations. Topics include medical gas administration, basic patient assessment, infection control, and medical terminology using proper written and oral communication methods to prepare students for clinical practice. Upon completion, students should be able to demonstrate competence in respiratory therapy concepts and procedures through written and laboratory evaluations.(2017 FA)

RCP-111	Therapeutics/Diagnostics	5 (4-3)	Spring
----------------	---------------------------------	----------------	---------------

Prerequisites: RCP-110^S

Corequisites: None

This course provides emphasis on therapeutic and diagnostic procedures. Topics include applying problem solving strategies in the patient care setting, applying ethical principles in decision making, and practicing professional responsibilities, which will prepare students for clinical practice. Upon completion, students should be able to demonstrate competence in respiratory therapy concepts and procedures through written and laboratory evaluations.(2017 FA)

RCP-113	RCP Pharmacology	2 (2-0)	Spring
----------------	-------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course covers the drugs used in the treatment of cardiopulmonary diseases. Emphasis is placed on the uses, actions, indications, administration, and hazards of pharmacological agents. Upon completion, students should be able to demonstrate competence though written evaluations.(1997 SU)

RCP-114	C-P Anatomy & Physiology	3 (3-0)	Fall
Prerequisites: None			
Corequisites: None			
This course provides a concentrated study of cardiopulmonary anatomy and physiology essential to the practice of respiratory care. Emphasis is placed on cardiovascular and pulmonary physiology, acid/base balance, and blood gas interpretation. Upon completion, students should be able to demonstrate competence in these concepts through written evaluation. C-P A & P(2008 SP)			
RCP-115	C-P Pathophysiology	2 (2-0)	Summer
Prerequisites: None			
Corequisites: None			
This course introduces the etiology, pathophysiology, clinical signs and symptoms, diagnoses, prognoses, complications, and management of cardiopulmonary diseases. Emphasis is placed on developing, evaluating, and modifying respiratory care plans based on evidence-based medicine protocols and clinical practice guidelines. Upon completion, students should be able to demonstrate competence in cardio-pulmonary disease concepts through written evaluations.(2017 FA)			
RCP-139	RCP Clinical Practice I	9 (0-0-27)	Fall
Prerequisites: None			
Corequisites: RCP-110 ^S			
This course provides entry-level clinical experience. Emphasis is placed on therapeutic and diagnostic patient care. Upon completion, students should be able to demonstrate clinical competence in required performance evaluations.(1997 SU)			
RCP-149	RCP Clinical Practice II	9 (0-0-27)	Spring
Prerequisites: RCP-110 ^S			
Corequisites: RCP-111 ^S			
This course provides entry-level clinical experience. Emphasis is placed on therapeutic and diagnostic patient care. Upon completion, students should be able to demonstrate clinical competence in required performance evaluations.(1997 SU)			
RCP-210	Critical Care Concepts	4 (3-3)	Summer
Prerequisites: RCP-111 ^L			
Corequisites: None			
This course provides further refinement of acute patient care and underlying pathophysiology. Topics include a continuation in the application and management of mechanical ventilation, assessment underlying pathophysiology, and introduction of critical care monitoring. Upon completion, students should be able to demonstrate competence in respiratory therapy concepts and procedures through written, laboratory and/or clinical simulation evaluations.(2017 FA)			

RCP-211 Adv Monitoring/Procedures 4 (3-3) Fall
Prerequisites: RCP-210^S**Corequisites:** None

This course includes advanced information gathering and decision making for the respiratory care professional using evidence-based respiratory care protocols. Topics include advanced cardiac monitoring, special procedures, respiratory care protocols, and disease management. Upon completion, students should be able to assess, recommend, and independently modify respiratory care protocols through written, laboratory and/or clinical simulation evaluations.(2017 FA)

RCP-213 Neonatal/Ped's Concepts 2 (2-0) Fall
Prerequisites: RCP-111^S**Corequisites:** None

This course provides comprehensive coverage of the concepts of neonatal and pediatric respiratory care. Emphasis is placed on pathophysiology, patient assessment and special therapeutic needs of neonates and children based on evidence-based medicine protocols and clinical practice guidelines. Upon completion, students should be able to demonstrate competence in the neonatal and pediatric respiratory care concepts through written evaluations.(2017 FA)

RCP-215 Career Preparation 1 (0-3) Spring
Prerequisites: None**Corequisites:** None

This course provides an overview of respiratory therapy concepts in preparation for credentialing exam. Emphasis is placed on registry preparation. Upon completion, students should be able to demonstrate a comprehensive knowledge of respiratory therapy and be prepared for successful completion of the credentialing process.(2017 FA)

REL RELIGION

**REL-110 World Religions 3 (3-0) Fall
Spring
Summer**
Prerequisites: None**Corequisites:** None

This course introduces the world's major religious traditions. Topics include Primal religions, Hinduism, Buddhism, Islam, Judaism, and Christianity. Upon completion, students should be able to identify the origins, history, beliefs, and practices of the religions studied.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

SEC INFO SYSTEMS SECURITY

SEC-110 **Security Concepts** **3 (2-2)** **Fall
Spring**

Prerequisites: None

Corequisites: None

This course introduces the concepts and issues related to securing information systems and the development of policies to implement information security controls. Topics include the historical view of networking and security, security issues, trends, security resources, and the role of policy, people, and processes in information security. Upon completion, students should be able to identify information security risks, create an information security policy, and identify processes to implement and enforce policy.(2013 SP)

SEC-160 **Security Administration I** **3 (2-2)** **Spring**

Prerequisites: None

Corequisites: None

This course provides an overview of security administration and fundamentals of designing security architectures. Topics include networking technologies, TCP/IP concepts, protocols, network traffic analysis, monitoring, and security best practices. Upon completion, students should be able to identify normal network traffic using network analysis tools and design basic security defenses.(2016 FA)

SEC-210 **Intrusion Detection** **3 (2-2)** **Fall**

Prerequisites: None

Corequisites: None

This course introduces the student to intrusion detection methods in use today. Topics include the types of intrusion detection products, traffic analysis, and planning and placement of intrusion detection solutions. Upon completion, students should be able to plan and implement intrusion detection solution for networks and host-based systems.(2016 FA)

SGD SIMULATION & GAME DEVELOP

SGD-112 **SGD Design I** **3 (2-3)** **Summer**

Prerequisites: None

Corequisites: None

This course introduces the fundamentals of simulation and game design. Topics include industry standards and design elements for simulation and games. Upon completion, students should be able to design simple simulations and/or games. (2022 SP)

SGD-113 **SGD Programming I** **3 (2-3)** **Fall**

Prerequisites: None

Corequisites: None

This course introduces the fundamentals of programming languages and tools employed in simulation and game development. Emphasis is placed on programming concepts used to create simulations and games. Upon completion, students should be able to program simple games and/or simulations.(2022 SP)

COURSE DESCRIPTIONS

SGD-114	SGD 3D Modeling I	3 (2-3)	Summer
Prerequisites:	None		
Corequisites:	None		
This course introduces the tools required to create three-dimensional (3D) models. Emphasis is placed on exploring tools used to create 3D models. Upon completion, students should be able to create and animate 3D models using 3D modeling tools. (2022 SP)			
SGD-162	SGD 3D Animation I	3 (2-3)	Spring
Prerequisites:	SGD-214 ^L		
Corequisites:	None		
This course introduces the fundamental principles of 3D animation used in simulation and game development. Emphasis is placed on a historical survey of 3D animation, aspects of the 3D animation techniques. Upon completion, students should be able to produce 3D character sketches, morph simple objects, create walk and run cycles and develop professional storyboards.(2022 SP)			
SGD-174	SGD Level Design I	3 (2-3)	Summer
Prerequisites:	None		
Corequisites:	None		
This course introduces the tools used to create levels for real-time simulation and games. Topics include level design, architecture theory, modeling for 3D engines, and texturing methods. Upon completion, students should be able to design simple levels using industry-standard tools.(2022 SP)			
SGD-212	SGD Design II	3 (2-3)	Fall
Prerequisites:	SGD-112 ^S		
Corequisites:	None		
This course covers the advanced principles of simulation and game design. Topics include advanced design concepts in simulation and game development. Upon completion, students should be able to design an advanced simulation or game. (2006 SP)			
SGD-214	SGD 3D Modeling II	3 (2-3)	Fall
Prerequisites:	SGD-114 ^S		
Corequisites:	None		
This course introduces the tools used to create and animate advanced 3-dimensional models. Emphasis is placed on identifying and utilizing the tools required to create and animate advanced 3D models. Upon completion, students should be able to create and animate advanced 3D models using 3D modeling tools.(2022 SP)			
SGD-289	SGD Project	3 (2-3)	Spring
Prerequisites:	SGD-212 ^S , SGD-213 ^S , SGD-214 ^S , or SGD-285 ^S		
Corequisites:	None		
This course provides students with the opportunity to create a functional simulation or game with minimal instructor support. Emphasis is placed upon verbal and written communication, skill documentation, professional presentation and user training. Upon completion, students should be able to create and professionally present a fully functional simulation or game.(2009 FA)			

SOC-225 Social Diversity 3 (3-0) AND**Prerequisites:** ENG-002^L or BSP-4002^L**Corequisites:** None

This course provides a comparison of diverse roles, interests, opportunities, contributions, and experiences in social life. Topics include race, ethnicity, gender, sexual orientation, class, and religion. Upon completion, students should be able to analyze how cultural and ethnic differences evolve and how they affect personality development, values, and tolerance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A. and A.S.
- Social/Behavioral Science/Other Required Gen. Ed. course for A.A. Teacher Preparation and A.S. Teacher Preparation
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

SOC-230 Race and Ethnic Relations 3 (3-0) AND**Prerequisites:** ENG-002^L or BSP-4002^L**Corequisites:** None

This course includes an examination of the various aspects of race and ethnicity and how these lead to different experiences, opportunities, problems, and contributions. Topics include prejudice, discrimination, perceptions, myths, stereotypes, and intergroup relationships. Upon completion, students should be able to identify and analyze relationships among racial and ethnic groups within the larger society.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

SOC-234 Sociology of Gender 3 (3-0) AND**Prerequisites:** ENG-002^L or BSP-4002^L**Corequisites:** None

This course examines contemporary roles in society with special emphasis on recent changes. Topics include sex role socialization, myths and stereotypes, gender issues related to family, work, and power. Upon completion, students should be able to analyze modern relationships between men and women.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

SOC-240 Social Psychology 3 (3-0) AND**Prerequisites:** ENG-002^L or BSP-4002^L**Corequisites:** None

This course examines the influence of culture and social groups on individual behavior and personality. Emphasis is placed on the process of socialization, communication, conformity, deviance, interpersonal attraction, intimacy, race and ethnicity, small group experiences, and social movements. Upon completion, students should be able to identify and analyze cultural and social forces that influence the individual in a society.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

SOC-242 Sociology of Deviance 3 (3-0) AND
Prerequisites: ENG-002^L or BSP-4002^L
Corequisites: None

This course provides an overview of deviant behavior and the processes involved in its definition, causation, prevention, control, and treatment. Topics include theories of causation, social control, delinquency, victimization, criminality, the criminal justice system, punishment, rehabilitation, and restitution. Upon completion, students should be able to identify and analyze issues surrounding the nature and development of social responses to deviance.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

SPA SPANISH

**SPA-111 Elementary Spanish I 3 (3-0) Fall
Spring
Summer**
Prerequisites: None

Corequisites: None

This course introduces the fundamental elements of the Spanish language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written Spanish and demonstrate cultural awareness.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.

**SPA-112 Elementary Spanish II 3 (3-0) Fall
Spring
Summer**
Prerequisites: SPA-111^S
Corequisites: None

This course is a continuation of SPA 111 focusing on the fundamental elements of the Spanish language within a cultural context. Emphasis is placed on the progressive development of listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written Spanish and demonstrate further cultural awareness.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.

SPA-120 Spanish for the Workplace 3 (3-0) AND
Prerequisites: None

Corequisites: None

This course offers applied Spanish for the workplace to facilitate basic communication with people whose native language is Spanish. Emphasis is placed on oral communication and career-specific vocabulary that targets health, business, and/or public service professions. Upon completion, students should be able to communicate at a functional level with native speakers and demonstrate cultural sensitivity.(1997 SU)

SPA-161 Cultural Immersion 3 (2-3) AND**Prerequisites:** SPA-111^S**Corequisites:** None

This course explores Hispanic culture through intensive study on campus and field experience in a host country or comparable area within the United States. Topics include an overview of linguistic, historical, geographical, sociopolitical, economic, and/or artistic concerns of the area visited. Upon completion, students should be able to exhibit first-hand knowledge of issues pertinent to the host area and demonstrate understanding of cultural differences.(2014 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

**SPA-211 Intermediate Spanish I 3 (3-0) Fall
Spring
Summer****Prerequisites:** SPA-112^S**Corequisites:** None

This course provides a review and expansion of the essential skills of the Spanish language. Emphasis is placed on the study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.

SPA-212 Intermediate Spanish II 3 (3-0) AND**Prerequisites:** SPA-211^S**Corequisites:** None

This course provides a continuation of SPA 211. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication.(1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A., A.A. Teacher Preparation and A.S.

SRV SURVEYING**SRV-110 Surveying I 4 (2-6) Summer****Prerequisites:** ARC-111^L or EGR-115^L**Corequisites:** MAT-003^S, BSP-4003^S, MAT-121^S, or MAT-171^S

This course introduces the theory and practice of plane surveying. Topics include the precise measurement of distances, angles, and elevations bearing, azimuth and traverse computations topography and mapping. Upon completion, students should be able to use/care for surveying equipment, collect field survey data, perform traverse computations and create a contour map.(2020 FA)

SRV-111	Surveying II	4 (2-6)	Fall
Prerequisites:	SRV-110 ^S		
Corequisites:	None		
This course introduces route surveying and roadway planning and layout. Topics include simple, compound, reverse, spiral, and vertical curves geometric design and layout planning of cross-section and grade line drainage earthwork calculations and mass diagrams. Upon completion, students should be able to calculate and lay out highway curves prepare roadway plans, profiles, and sections and perform slope staking.(1997 SU)			
SRV-210	Surveying III	4 (2-6)	Spring
Prerequisites:	SRV-110 ^S		
Corequisites:	None		
This course introduces boundary surveying, land partitioning, and calculations of areas. Topics include advanced traverses and adjustments, preparation of survey documents, and other related topics. Upon completion, students should be able to research, survey, and map a boundary.(1997 SU)			
SRV-220	Surveying Law	3 (2-2)	Fall
Prerequisites:	SRV-110 ^S		
Corequisites:	None		
This course introduces the law as related to the practice of surveying. Topics include surveyors' responsibilities, deed descriptions, title searches, eminent domain, easements, weight of evidence, riparian rights, and other related topics. Upon completion, students should be able to identify and apply the basic legal aspects associated with the practice of land surveying.(1997 SU)			
SRV-240	Topo/Site Surveying	4 (2-6)	Spring
Prerequisites:	SRV-110 ^S		
Corequisites:	None		
This course covers topographic, site, and construction surveying. Topics include topographic mapping, earthwork, site planning, construction staking, and other related topics. Upon completion, students should be able to prepare topographic maps and site plans and locate and stake out construction projects.(1997 SU)			

SST SUSTAINABILITY TECH

SST-140	Green Bldg & Design Concepts	3 (3-0)	Fall
Prerequisites:	None		
Corequisites:	None		
This course is designed to introduce the student to sustainable building design and construction principles and practices. Topics include sustainable building rating systems and certifications, energy efficiency, indoor environmental quality, sustainable building materials and water use. Upon completion, students should be able to identify the principles and practices of sustainable building design and construction.(2013 FA)			

SUR SURGERY

SUR-110 **Intro to Surg Tech** **3 (3-0)** **Fall**

Prerequisites: None

Corequisites: SUR-111^S

This course provides a comprehensive study of peri-operative care, patient care concepts, and professional practice concepts within the profession of surgical technology. Topics include: introductory concepts, organizational structure and relationships, legal, ethical and moral issues, medical terminology, pharmacology, anesthesia, wound healing management concepts, and the technological sciences. Upon completion, students should be able to apply theoretical knowledge of the course topics to the practice of surgical technology.(2012 SP)

SUR-111 **Periop Patient Care** **7 (5-6)** **Fall**

Prerequisites: None

Corequisites: SUR-110^S

This course provides the surgical technology student the theoretical knowledge required to function in the pre-operative, intra-operative, and post-operative role. Topics include asepsis, disinfection and sterilization, physical environment, instrumentation, equipment, peri-operative patient care, and peri-operative case management. Upon completion, students should be able to apply the principles and practice of the peri-operative team member to the operative environment. (2012 SP)

SUR-122 **Surgical Procedures I** **6 (5-3)** **Spring**

Prerequisites: SUR-110^S, SUR-111^S

Corequisites: SUR-123^S

This course provides an introduction to selected basic and intermediate surgical specialties that students are exposed to the first clinical rotation. Emphasis is placed on related surgical anatomy, pathology, and procedures that enhance theoretical knowledge of patient care, instrumentation, supplies, and equipment. Upon completion, students should be able to correlate, integrate, and apply theoretical knowledge of the course topics to the clinical operative environment. (2016 SP)

SUR-123 **Sur Clinical Practice I** **7** **Spring**
(0-0-21)

Prerequisites: SUR-110^S, SUR-111^S

Corequisites: SUR-122^S

This course provides clinical experience with a variety of perioperative assignments to build upon skills learned in SUR 111. Emphasis is placed on the scrub and circulating roles of the surgical technologist including aseptic technique and basic case preparation for selected surgical procedures. Upon completion, students should be able to prepare, assist with, and dismantle basic surgical cases in both the scrub and circulating roles.(1997 SU)

SUR-134	Surgical Procedures II	5 (5-0)	Summer
----------------	-------------------------------	----------------	---------------

Prerequisites: SUR-123^S

Corequisites: None

This course provides a comprehensive study of intermediate and advanced surgical specialties that students are exposed to in the second clinical rotation. Emphasis is placed on related surgical anatomy, pathology, and procedures that enhance theoretical knowledge of patient care, instrumentation, supplies, and equipment. Upon completion, students should be able to correlate, integrate, and apply theoretical knowledge of the course topics to the clinical operative environment.(2016 SP)

SUR-135	SUR Clinical Practice II	4 (0-0-12)	Summer
----------------	---------------------------------	-----------------------	---------------

Prerequisites: SUR-123^S

Corequisites: SUR-134^S

This course provides clinical experience with a variety of perioperative assignments to build skills required for complex perioperative patient care. Emphasis is placed on greater technical skills, critical thinking, speed, efficiency, and autonomy in the operative setting. Upon completion, students should be able to function in the role of an entry-level surgical technologist.(2010 FA)

SUR-137	Professional Success Prep	1 (1-0)	Summer
----------------	----------------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course provides employability skills and an overview of theoretical knowledge in preparation for certification. Topics include test-taking strategies, resume preparation, interviewing strategies, communication skills, and teamwork concepts. Upon completion, students should be able to prepare a resume, demonstrate appropriate interview techniques, and identify strengths and weaknesses in preparation for certification.(2016 SU)

SUR-210	Adv SUR Clinical Practice	2 (0-0-6)	Spring
----------------	----------------------------------	------------------	---------------

Prerequisites: None

Corequisites: None

This course is designed to provide individualized experience in advanced practice, education, circulating, and managerial skills. Emphasis is placed on developing and demonstrating proficiency in skills necessary for advanced practice. Upon completion, students should be able to assume leadership roles in a chosen specialty area.(2010 FA)

SUR-211	Adv Theoretical Concepts	2 (2-0)	Fall
----------------	---------------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course covers theoretical knowledge required for extension of the surgical technologist role. Emphasis is placed on advanced practice in complex surgical specialties, educational methodologies, and managerial skills. Upon completion, students should be able to assume leadership roles in a chosen specialty area. (2010 FA)

TRF TURFGRASS MANAGEMENT

TRF-110 Intro Turfgrass Cult & ID 4 (3-2) Spring

Prerequisites: LSG-111^L; MAT-110^L, MAT-121^L, MAT-143^L, MAT-152^L, or MAT-171^L

Corequisites: None

This course covers the principles of reproduction, growth development, species characteristics, establishment and maintenance of golf courses and sports fields, and lawns. Topics include principles of reproduction, growth development, species characteristics, establishment and maintenance of golf courses and sports fields, and lawn applications. Upon completion, students should be able to identify turfgrass species and develop an establishment and maintenance plan for high quality turf areas in accordance with sustainable practices.(2013 FA)

TRF-152 Landscape Maintenance 3 (2-2) Summer

Prerequisites: HOR-160^L, LSG-111^L, LSG-123^L, TRF-110^L; MAT-110^L, MAT-121^L, MAT-143^L, MAT-152^L, or MAT-171^L

Corequisites: None

This course introduces the tasks of landscape maintenance. Emphasis is placed on lawns, shrubs, trees, flowers, and ground covers. Upon completion, students should be able to maintain a landscape area on a year-round schedule.(1997 SU)

TRF-210 Turfgrass Eqmt Mgmt 3 (1-4) Fall

Prerequisites: HOR-160^L, LSG-111^L, LSG-123^L, TRF-110^L; MAT-110^L, MAT-121^L, MAT-143^L, MAT-152^L, or MAT-171^L

Corequisites: None

This course covers the operation and maintenance of specialized turfgrass management equipment. Topics include small engine use and repair operation, maintenance, and repair of turfgrass management equipment organization of shop areas and safety considerations. Upon completion, students should be able to operate and maintain turfgrass management equipment.(1997 SU)

TRF-220 Turfgrass Calculations 2 (2-0) Fall

Prerequisites: HOR-160^L, LSG-111^L, LSG-123^L, TRF-110^L; MAT-110^L, MAT-121^L, MAT-143^L, MAT-152^L, or MAT-171^L

Corequisites: None

This course introduces the specific math concepts and calculations necessary in the turfgrass industry. Emphasis is placed on calibration of equipment used in the application of fertilizers and pesticides and calculation of solid materials used in construction. Upon completion, students should be able to correctly perform basic calculations and calibrations and estimate materials needed in specific professional turfgrass management situations.(1997 SU)

TRF-230 Turfgrass Mgmt Apps 2 (1-2) Fall

Prerequisites: HOR-166^L; MAT-110^L, MAT-121^L, MAT-143^L, MAT-152^L, or MAT-171^L

Corequisites: None

This course introduces specific sports field design, installation, and maintenance. Topics include natural grass croquet courts and baseball, soccer, and football fields. Upon completion, students should be able to perform specific tasks in layout, field marking, and preparing for tournament play.(1997 SU) Major emphasis will be placed on golf courses.

TRF-260	Adv Turfgrass Mgmt	4 (3-2)	Spring
----------------	---------------------------	----------------	---------------

Prerequisites: ENG-112^L or ENG-114^L; TRF-110^L

Corequisites: None

This course covers the principles and practices involved in turfgrass management. Topics include choosing the best management practice in mowing, pest control, fertilization, irrigation, traffic control, air control, budgeting, and materials procurement. Upon completion, students should be able to demonstrate knowledge of the principles covered and select and apply the best practices in turfgrass management.(1997 SU)

TRN TRANSPORTATION TECHNOLOGY

TRN-110	Intro to Transport Tech	2 (1-2)	Fall Spring
----------------	--------------------------------	----------------	------------------------

Prerequisites: None

Corequisites: None

This course covers workplace safety, hazardous materials, environmental regulations, hand tools, service information, basic concepts, vehicle systems, and common transportation industry terminology. Topics include familiarization with major vehicle systems, proper use of various hand and power tools, material safety data sheets, and personal protective equipment. Upon completion, students should be able to demonstrate appropriate safety procedures, identify and use basic shop tools, and describe government regulations regarding transportation repair facilities.(2013 FA)

TRN-112	Powertrain Maint/Light Repair	4 (2-6)	Fall
----------------	--------------------------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course covers maintenance and light repair of transportation engines, automatic and manual transmission/transaxles, engine performance systems, and HVAC systems. Topics include general servicing and inspection procedures of engines, engine lubrication and cooling systems, automatic and manual transmission/transaxles, HVAC components, and fuel, air induction, and exhaust systems. Upon completion, students should be able to perform maintenance and light repair of transportation engines, automatic and manual transmission/transaxles, engine performance systems, and HVAC systems.(2015 SU)

TRN-120	Basic Transp Electricity	5 (4-3)	Fall Spring
----------------	---------------------------------	----------------	------------------------

Prerequisites: None

Corequisites: None

This course covers basic electrical theory, wiring diagrams, test equipment, and diagnosis, repair and replacement of batteries, starters, and alternators. Topics include Ohm's Law, circuit construction, wiring diagrams, circuit testing, and basic troubleshooting. Upon completion, students should be able to properly use wiring diagrams, diagnose, test, and repair basic wiring, battery, starting, charging, and electrical concerns.(2013 FA)

 COURSE DESCRIPTIONS

TRN-140 **Transp Climate Control** **2 (1-2)** **Spring
Summer**

Prerequisites: None

Corequisites: None

This course covers the theory of refrigeration and heating, electrical/electronic/pneumatic controls, and diagnosis and repair of climate control systems. Topics include diagnosis and repair of climate control components and systems, recovery/recycling of refrigerants, and safety and environmental regulations. Upon completion, students should be able to diagnose and repair vehicle climate control systems.(2013 FA)

TRN-140A **Transp Climate Cont Lab** **2 (1-2)** **Spring
Summer**

Prerequisites: None

Corequisites: TRN-140^S

This course provides experiences for enhancing student skills in the diagnosis and repair of transportation climate control systems. Emphasis is placed on reclaiming, recovery, recharging, leak detection, climate control components, diagnosis, air conditioning equipment, tools and safety. Upon completion, students should be able to describe the operation, diagnose, and safely service climate control systems using appropriate tools, equipment, and service information.(2013 FA)

TRN-180 **Basic Welding for Transp** **3 (1-4)** **AND**

Prerequisites: None

Corequisites: None

This course covers the terms and procedures for welding various metals used in the transportation industry with an emphasis on personal safety and environmental health. Topics include safety and precautionary measures, setup/operation of MIG equipment, metal identification methods, types of welds/joints, techniques, inspection methods, cutting processes and other related issues. Upon completion, students should be able to demonstrate a basic knowledge of welding operations and safety procedures according to industry standard(2013 FA)

UAS UNMANNED AIRCRAFT SYSTEMS

UAS-110 **Intro to UAS Operations** **3 (3-0)** **AND**

Prerequisites: None

Corequisites: None

This course provides an introduction to the history, various technologies, and capabilities of unmanned aircraft systems (UAS). Topics include UAS history, operational design and capabilities, popular applications, and the science of flight. Upon completion, students should be able to identify and explain common aspects of unmanned aircraft systems including their historical development, commonly utilized technologies, applications, and unit flight capabilities.(2015 FA)

UAS-115 Small UAS Certification 2 (2-0) AND**Prerequisites:** None**Corequisites:** None

This course prepares learners for small Unmanned Aircraft Systems (UAS) flight certification to promote compliance with the requirements of Title 14 of the Code of Federal Regulations (14 CFR). Topics include FAA Title 14 CFR Part 107 study guide and NCDOT UAS flight standards to provide guidance in the areas of remote pilot certification, aircraft registration and marking, aircraft airworthiness, basic piloting skills, and the operation of small UAS. Upon completion, students should be able to meet requirements for small UAS certification through the NCDOT and perform basic small UAS piloting in accordance with FAA Title 14 CFR Part 107 regulations.(2018 SU)

WBL WORK-BASED LEARNING**WBL-110 World of Work 1 (1-0) Fall****Prerequisites:** None**Corequisites:** None

This course covers basic knowledge necessary for gaining and maintaining employment. Topics include job search skills, work ethic, meeting employer expectations, workplace safety, and human relations. Upon completion, students should be able to successfully make the transition from school to work.(2014 FA)

WBL-111-ARC Work-Based Learning I 1 (0-10) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

**WBL-111-BPA Work-Based Learning I 1 (0-10) Fall
Summer****Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-111-BUS Work-Based Learning I 1 (0-10) Fall**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

- WBL-111-CET Work-Based Learning I 1 (0-10) AND**
Prerequisites: None
Corequisites: None
 This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)
- WBL-111-CIV Work-Based Learning I 1 (0-10) AND**
Prerequisites: None
Corequisites: None
 This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)
- WBL-111-CJC Work-Based Learning I 1 (0-10) Summer**
Prerequisites: ENG-002^L or BSP-4002^L; CJC-241^L, CJC-132^L, CJC-141^L, or CJC-121^L
Corequisites: WBL-115^L
 This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA) Students should plan their prerequisite course based upon where they plan to complete their co-op work: CJC-132, Courthouse; CJC-141, Department of Corrections; CJC-121, Law Enforcement Agency; CJC-241, Community Corrections.
- WBL-111-CUL Work-Based Learning I 1 (0-10) Fall
Spring
Summer**
Prerequisites: None
Corequisites: None
 This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)
- WBL-111-FIP Work-Based Learning I 1 (0-10) Fall**
Prerequisites: None
Corequisites: None
 This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-111-GEO Work-Based Learning I 1 (0-10) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-111-HFS Work-Based Learning I 1 (0-10) Fall**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-111-ITS Work-Based Learning I 1 (0-10) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-111-LSG Work-Based Learning I 1 (0-10) Spring**Prerequisites:** LSG-111^L and LSG-121^L; MAT-110^L, MAT-121^L, MAT-143^L, MAT-152^L, or MAT-171^L**Corequisites:** HOR-134^L, LSG-122^L, TRF-110^L

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-111-MTH Work-Based Learning I 1 (0-10) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-111-TRF Work-Based Learning I 1 (0-10) Spring**Prerequisites:** ENG-111^L, LSG-121^L**Corequisites:** HOR-166^L

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA) Approved situations will include golf courses within ten (10) miles of Sandhills Community College.

WBL-112-ARC Work-Based Learning I 2 (0-20) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-112-AUT Work-Based Learning I 2 (0-20) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-112-CET Work-Based Learning I 2 (0-20) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-112-CIV Work-Based Learning I 2 (0-20) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-112-CUL Work-Based Learning I 2 (0-20) Spring**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-112-GEO Work-Based Learning I 2 (0-20) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-112-ITS Work-Based Learning I 2 (0-20) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-113-ARC Work-Based Learning I 3 (0-30) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-113-CET Work-Based Learning I 3 (0-30) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

WBL-113-CIV Work-Based Learning I 3 (0-30) AND**Prerequisites:** None**Corequisites:** None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

- WBL-113-GEO Work-Based Learning I 3 (0-30) AND**
Prerequisites: None
Corequisites: None
 This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.(2014 FA)

<p>This course provides an introduction to web development tools. Topics include creating websites using web development tools and web standards. Upon completion, students should be able to create small web sites and upload files to a web server.(2020 FA)</p>		

WEB-151	Mobile Application Dev I	3 (2-3)	Summer
----------------	---------------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course introduces students to programming technologies, design, and development related to mobile applications. Topics include accessing device capabilities, compliance with industry standards, and programming for mobile applications. Upon completion, students should be able to develop basic applications for mobile devices.(2022 FA)

WEB-182	PHP Programming	3 (2-3)	AND
----------------	------------------------	----------------	------------

Prerequisites: None

Corequisites: None

This course introduces students to the server-side, HTML-embedded scripting language PHP. Emphasis is placed on programming techniques required to create dynamic web pages using PHP scripting language features. Upon completion, students should be able to design, code, test, debug, and create a dynamic web site using the PHP scripting language.(2022 FA)

WEB-210	Web Design	3 (2-3)	Fall
----------------	-------------------	----------------	-------------

Prerequisites: None

Corequisites: None

This course introduces intermediate to advanced web design techniques. Topics include customer expectations, advanced markup language, multimedia technologies, usability and accessibility practices, and techniques for the evaluation of web design. Upon completion, students should be able to employ advanced design techniques to create high impact and highly functional web sites. (2023 SP)

WEB-214	Social Media	3 (2-3)	Spring
----------------	---------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course introduces students to social media for organizations. Topics include social media, marketing strategy, brand presence, blogging, social media analytics and technical writing. Upon completion, students should be able to utilize popular social media platforms as part of a marketing strategy, and work with social media analytics tools.(2022 FA)

WEB-225	Content Management Sys	3 (2-3)	Spring
----------------	-------------------------------	----------------	---------------

Prerequisites: None

Corequisites: None

This course introduces students to Content Management Systems (CMS) designed for the publication of Web content to Web sites. Topics include individual user accounts, administration menus, RSS-feeds, customizable layout, flexible account privileges, logging, blogging systems, creating online forums, and modules. Upon completion, students should be able to register and maintain individual user accounts and create a business website and/or an interactive community website. (2023 SP)

WLD WELDING

WLD-111 Oxy-Fuel Welding 2 (1-3) AND

Prerequisites: None

Corequisites: None

This course introduces the oxy-fuel welding process. Topics include safety, proper equipment setup, and operation of oxy-fuel welding equipment with emphasis on bead application, profile, and discontinuities. Upon completion, students should be able to oxy-fuel weld fillets and grooves on plate and pipe in various positions. (1997 SU)

WLD-112 Basic Welding Processes 2 (1-3) AND

Prerequisites: None

Corequisites: None

This course introduces basic welding and cutting. Emphasis is placed on beads applied with gases, mild steel fillers, and electrodes and the capillary action of solder. Upon completion, students should be able to set up welding and oxy-fuel equipment and perform welding, brazing, and soldering processes.(1997 SU)

Accreditation

Sandhills Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, diplomas, and certificates. Contact the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of Sandhills Community College.

Visitors

Sandhills Community College welcomes visitors to campus and encourages them to explore the gardens, to use the Katharine Boyd Library, and to attend various public college functions. The Campus Map on page 4 provides directions. It is important that visitors respect the educational mission of the College and the necessity for campus safety and tranquility. If disruptive visitors are observed, those noting the behavior are asked to relay that information to the switchboard located in the Dempsey Student Center (910) 692-6185 or (800) 338-3944. The College reserves the right to ask disruptive visitors to leave the campus.

Non-Discrimination Statement

Sandhills Community College does not and shall not discriminate in its educational programs, activities, and employment practices on the basis of race, color, national or ethnic origin, ancestry, age, religion or religious creed, disability or handicap, sex or gender, gender identity and/or expression (including a transgender identity), sexual orientation, military or veteran status, genetic information, or any other characteristic protected under applicable federal, state or local law, regulations and orders, including those that promote equal protection and equal opportunity for students, employees, and applicants. More detailed policies and procedures on this topic may be found in the Policies and Procedures Handbook accessible on our website.

MISSION AND PROGRAMS

College History

Sandhills Community College was established in December 1963 under authority of the 1963 State Community College Act. Following the leadership of Representative H. Clifton Blue, Moore County citizens petitioned the State Board of Education for approval to establish a community college in the county and voted overwhelmingly for a one-million-dollar bond issue for construction and a tax levy for operation and maintenance of facilities. Before the end of 1963, a board of trustees had been named, an organizational meeting held, an architect selected, and Dr. Raymond Stone chosen as first President of the College.

In 1964, construction of facilities began on land given for the campus by Mrs. Mary Luman Meyer of Pinehurst. Temporary college offices were located in downtown Southern Pines. Classes began on October 1, 1965, in nine scattered locations. The first building on the Pinehurst campus was completed in 1965. Of the 20 buildings on the current campus, five were completed by 1966, including Meyer Hall for sciences, Stone Hall, Blue Hall, Sirotek Hall, and the President's residence.

Following Dr. Stone's retirement in 1989, Dr. John R. Dempsey was selected to serve as President of the College.

The College's main campus in Moore County has expanded significantly since the 1960s. Kennedy Hall, the current home of the Art Department and most Health Science programs, was constructed in 1978. The 1980s were a time of campus expansion with the addition of four new buildings, to include Causey Hall, Boyd Library, Owens Auditorium, and Wellard Hall. In 1997, Van Dusen Hall was opened to house Continuing Education, Public Services programs, and the Social and Behavioral Science Department.

The early and mid-2000s was a time of continued growth and renovation. The Ball Visitors Center opened in 2000 and continues to serve as a welcome and educational center for the community members visiting the Horticultural Gardens. Little Hall, a facility for culinary technology and the engineering and computer programs, and Dempsey Student Center opened in 2006. In addition, Steed Hall, home of the Landscape Gardening program, opened in 2010 to replace its former home, Huette Hall. Logan Hall, a 36,000 square-foot general purpose office and classroom building, opened in 2012. Blue Hall, one of the earlier structures on campus, underwent a major renovation in 2012 and is now the home to Career

Services, Planning & Research, Basic Law Enforcement Training, and Health and Fitness Technology classes. The 2012 opening of the McKean Campus Services Center allowed the old maintenance facility to become the focal point of Continuing Education advanced manufacturing programs. In 2022, Foundation Hall opened its doors for the first time and is home to the Nursing and Emergency Medical Science (EMS) programs.

The College's Hoke County Center in Raeford, opened a third classroom building in fall 2010 to house the SandHoke Early College High School, adding to Johnson and Upchurch Halls, in which Continuing Education and Curriculum classes are provided to Hoke County citizens. Mobile classroom cottages were added in spring 2013 to house an expansion of the SandHoke Early College High School.

The Caddell Public Safety Training Center serves as a hub for continuing education public safety and construction instruction. Caddell opened in 2011 with four buildings-control tower, drill tower, residential burn building, and a classroom facility. In 2021, a fifth building was added to provide space for Construction classrooms.

Sandhills has been fortunate in attracting a highly competent faculty and staff. Experienced faculty members bring to the classroom a spirit of dedication to teaching and a willingness to advise students in course selection and academic planning. Professional staff provide assistance with admissions, counseling, financial aid, and student life.

Mission Statement

The Mission of Sandhills Community College is to provide educational opportunities of the highest quality to all we serve.

Core Values

Integrity

The Mission of Sandhills Community College is to provide educational opportunities of the highest quality to all we serve.

Helpfulness

The faculty and staff of Sandhills are genuinely and eagerly helpful to the college's students and to each other. Going the 'extra mile' is expected behavior at Sandhills.

Excellence

Sandhills provides educational programs of the highest quality and then provides the support necessary to promote student success. Similarly, the college employs faculty and staff who are exceptionally well-qualified to promote educational excellence and, in addition, encourages and supports them in the performance of their jobs.

Respect

The atmosphere of Sandhills Community College is one of respect, friendliness, and civility — values that are taught to students by the way in which faculty and staff interact with them and with each other.

Opportunity

Opportunity is at the core of Sandhills' mission. The college provides educational opportunities to the students who enter through its open doors, opportunities for growth to the area's businesses and lifelong learners, and opportunities for professional and personal development to its faculty and staff.

Equity Statement

Sandhills is committed to advancing access and opportunity in an inclusive environment that creates a sense of belonging by actively dismantling equity barriers and eliminating disparities historically underrepresented students face.

College Goals

Access and Opportunity

To ensure access for students of all abilities to credit and noncredit courses through various delivery modes; and to provide opportunities for students in curriculum studies and workforce training as well as in adult literacy and personal enrichment.

For-Credit Academic Programs

To educate and prepare students for professional and personal opportunities by providing relevant technical and transfer programs that include distinct general education competencies through a variety of course delivery modes.

Support Services

To provide comprehensive academic and student support services and resources that facilitate engagement, support student success, and help students meet their academic, career, and personal goals.

Economic Development

To provide training for local businesses and to contribute constructively to the economic well-being of the region.

Campus and Community Life

To foster an inclusive environment that encourages student involvement, celebrates faculty and staff, contributes to the cultural richness of the community, and promotes community service while honoring our core values.

Campus Resources

To ensure that the college has the necessary financial, technological, and physical and human resources to advance a culture of excellence and opportunity; to hire personnel of the highest quality who reflect its diverse community and exhibit its core values; and to create a welcoming campus with a sense of belonging.

Performance Measures and Standards, 2022-2023

North Carolina Community College System

The North Carolina Community College System released the most recent data in July 2022.

Basic Skills Student Progress

- Percentage of Basic Skills periods of participation (PoP) with a measurable skill gain (MSG) (program year of July 1 – June 30)
- Data Source: LEIS annual data file; Comprehensive Curriculum Student Report; Continuing Education data file
- System Average Band: 0.816 to 1.171
- SCC Performance: .0942

Student Success Rate in College-Level English Courses

- Percentage of first-time associate degree-seeking and transfer pathway students passing a credit-bearing English course with a “C” or better within three years.
- Data Source: Comprehensive Curriculum Student Report; National Student Clearinghouse
- System Average Band: 0.947 to 1.081
- SCC Performance: 0.973

Student Success Rate in College-Level Math Courses

- Percentage of first-time fall associate degree-seeking and transfer pathway students passing a credit-bearing Math course with a “C” or better within three years.
- Data Source: Comprehensive Curriculum Student Report; National Student Clearinghouse
- System Average Band: 0.927 to 1.104
- SCC Performance: 0.934

First Year Progression

- Percentage of first-time fall credential-seeking curriculum students who graduate prior to or enroll in postsecondary education during the subsequent fall term.
- Data Source: Comprehensive Curriculum Student Report; Graduation Extract data file; National Student Clearinghouse
- System Average Band: 0.970 to 1.036
- SCC Performance: 1.100

Curriculum Completion

- Percentage of first-time fall credential-seeking students who have graduated, transferred, or are still enrolled during the fourth academic year with 42 successfully completed non-developmental hours.
- Data Source: Comprehensive Curriculum Student Report; Graduation Extract data file; National Student Clearinghouse
- System Average Band: 0.973 to 1.054
- SCC Performance: 1.023

Licensure and Certification Passing Rate

-
- Percentage of first-time test-takers passing licensure and certification exams within each exam. Exams included in this measure are state mandated exams which candidates must pass before becoming active practitioners.
 - Data Source: Licensing agencies
 - System Average Band: 0.937 to 1.027
 - SCC Performance: 0.886

Transfer Performance

- Percentage of community college students (Associate Degree completers and those who have completed 30 or more articulated transfer credits) transferring at a four-year university or college during the fall semester who remain enrolled at any four-year university or college the subsequent fall semester or graduate prior to.
- Data Source: Comprehensive Curriculum Student Report; Graduation Extract data file; National Student Clearinghouse
- System Average Band: 0.973 to 1.007
- SCC Performance: 1.004

Campus Services

Bookstore

Students can purchase textbooks, school supplies, sportswear, and other accessories at the college bookstore located in the Dempsey Student Center. The bookstore is owned and operated by Barnes and Noble. Students may also locate course textbook selection and ISBN information online at sandhills.bncollege.com. Bookstore hours of operation are posted online at sandhills.bncollege.com and posted in the Dempsey Center. During the add/drop period, the bookstore will keep hours comparable to those of day and evening registration.

Cafeteria

The Sandhills cafeteria, located in the Dempsey Student Center, is operated to provide a quality assortment of reasonably priced breakfast and lunch items for students, employees, and visitors. Food sales are supplemented by vending machine selections. Cafeteria hours and service availability may vary by semester.

Disability Services

Consistent with the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973, Sandhills Community College is committed to equality of educational opportunity and ensures that no qualified person shall, by reason of a disability, be denied access to, participation in, or the benefit of any program or activity operated by the College. Each qualified person with a disability shall receive necessary, reasonable accommodations to ensure equal access to educational opportunities, programs, and activities in the most integrated setting appropriate.

To obtain additional information or to read documentation guidelines and/or Policies and Procedures, please go to the Office of Disability Services web page at

www.sandhills.edu/disability-services-sandhills-community-college-2/ or call us at (910) 246-4138.

SCC Website

Interested parties may visit the Sandhills Community College website at www.sandhills.edu for a wide range of information about the college and its services. In addition to information regarding SACSCOC and specific programs subject to accreditation, visitors to the website will find class schedules, admissions and registration information for both college credit and continuing education classes, and information pages for academic and extension departments and programs. Sandhills.edu also provides links to information about student resources and library services. A calendar of upcoming events and news articles related to the college are also accessible from the site.

The MySCC page is designed specifically to be the information portal for students and acts as the central location for valuable resources. To support that role it contains the links for students to log into their online courses, email and Self-Service. In addition, students can access other material that will allow them to plan and be successful in their academic courses. Current students should access this page often for time-sensitive college announcements.

Student Printing

As part of student technology fees, students are allotted \$10 toward printing on campus each semester. To print using a campus printer, students will enter their username and password and select the account they will use for the print job. If the student exhausts their allotment of copies, he/she will have the option of adding money to their account either using a credit card online or through cash kiosks located in various locations on campus. Black and white copies are \$0.05 each and color copies are \$0.15 each.

Technology fee funds expire at the end of each semester. There will be no refund/carryover of unused technology fee funds. Money added by the student to their printing account will carryover from semester to semester as long as a break in enrollment does not exceed two years.

Instructional Programs and Delivery

College credit and career credit classes and programs are offered for citizens with varied educational needs and backgrounds using traditional (classroom) settings and non-traditional (hybrid and eLearning) instructional methods. Courses are taught day and evening throughout the year on and off the main campus.

Credit Programs

University Studies Program

Courses that lead to the Associate in Arts, Associate in Arts in Teacher Preparation, Associate in Engineering, Associate in Fine Arts, Associate in Science, and Associate in Science in Teacher Preparation degrees are offered at the freshmen and sophomore levels. Credits earned in college transfer courses may be transferred to senior colleges and universities where students may pursue a program of study leading to a baccalaureate degree. Advisors assist students in selecting courses that will be appropriate for baccalaureate degree programs at senior institutions.

Applied Science Programs

Two-year programs are offered leading to the Associate in Applied Science degree. These programs are comprised of specialized and related courses required for successful employment in business, industry, health, horticulture, and service occupations.

Diploma Programs

One-year diploma programs are offered, leading to employment in health, business, industry, and service occupations. These programs include occupational specialty and related courses selected to give students the knowledge and skills needed for successful employment.

Certificate Options

Several of the occupational education programs have a certificate option that includes specialized courses but omits related and general education courses. Students who complete these programs are awarded a program certificate. Students not seeking a college degree, diploma, or certificate may enroll in selected occupational courses as long as the specific course prerequisites are met.

General Education Program

The College offers a non-transferable general education degree for students who want a more flexible two-year college degree. General education students are assisted in the selection of courses that will meet their own special needs and are awarded the Associate in General Education degree upon completion of the program requirements.

In addition, the college offers the Associate in General Education in Nursing which is designed for students who wish to begin their study toward the Associate in Nursing degree and Baccalaureate degree in Nursing.

Special Credit Courses

The College encourages the enrollment of students who are not seeking a degree but wish to further their education by taking courses of special interest. Courses may be audited or taken for college credit. Students will qualify for special credit status only during the first 16 credit hours of course work. To enroll in additional course work, students must reapply to the college, declare a major, and meet enrollment requirements.

Workforce Continuing Education (WCE) Career Credit

Workforce Continuing Education (WCE) training programs are designed to provide training and certification for individuals to gain new or upgraded occupational skills. Training programs are delivered as a single course or bundled as a series of courses and are designed to provide instruction around skill competencies leading to a recognized credential (licensure, renewal, registry listing) and/or meeting local workforce labor needs.

WCE courses are offered on and off campus to meet the expressed needs of adults wishing to continue their education. The Workforce Continuing Education division awards Continuing Education Units (CEUs) for appropriate programs and courses.

Personal Enrichment

Personal Enrichment classes at Sandhills Community College are designed to enhance the intellectual, physical, and personal well-being of the Sandhills community. The Center for Creative Living and the Lifelong Learning Institute facilitates innovative programs that are designed to promote access to services and community resources and to encourage participation and collaboration with various community organizations and agencies.

Instructional Delivery

In addition to offering traditional classroom instruction, the College also offers classes in non-traditional formats and at non-traditional times. All courses use the college's LMS to support learning through online assignments and/or posted course information.

The College currently requires no additional fees related to verification of student identification in courses using the Learning Management System (currently OpenLMS). The student's identification is verified through the LDAP Authentication system each time the student enters the system. In addition, while

completing instructional activities on the system, biometric and facial recognition technology is used to validate a student's identity. A proctoring system is also available for instructor use.

Hybrid Courses

College curriculum or continuing education courses in which the instruction for some course contact hours of instruction is delivered when the student and the instructor are separated by distance are classified as hybrid courses. Instructional delivery methods may include, but are not limited to, Internet, LMS, licensed instructional videos, CD, TV, DVD, instructional software, or other media. Hybrid courses are advertised in the class schedules and are designated with an H in the section number. The hours offered through the online format are listed on the course syllabi. Students enrolled in these classes must follow the regular admissions and registration process, pay regular tuition and fees, and meet all course prerequisites.

Online Courses

College curriculum or continuing education course in which 100% of the instruction is delivered via the Internet/online are classified as online courses. Courses may have proctored testing, but instruction is delivered online. Although there may not be specific access times, most online courses have a specific schedule of assignments with due dates. To establish enrollment, students must log into the course and submit the orientation assignment by the deadline designated by the instructor. Students are required to log into the course several times a week for the duration of the semester, and they must also meet course deadlines specified by the instructor, as would be the case in a traditional campus course. In some online sections, faculty use a conferencing application to meet virtually with the class at a specified time. This information is communicated on the posted online course schedule. Online courses are identified in the class schedules by an N in the section number. Students enrolled in these classes must follow the regular admissions and registration process, pay regular tuition and fees, and meet all course prerequisites. As noted earlier, information related to online student support and procedures is found in the Online Education at SCC guide available on the MySCC page of the website at MySCC.sandhills.edu.

ADMISSION AND REGISTRATION

Admission to the General College

Sandhills Community College maintains an open-door admission policy for high school graduates and others 16 years of age or older who hold a high school equivalency or an adult high school diploma. Additionally, those who are at least 18 years of age but who do not have a high school diploma or equivalency may be accepted for admissions to an adult basic education or adult secondary education program; students may also enroll in continuing education classes or as a special, non-degree-seeking student. Admission to the College does not guarantee placement into a specific program of study.

Sandhills Community College reserves the right to deny admission or readmission to students whose presence on campus is construed by the administration as harmful or potentially harmful to Sandhills Community College students, faculty, and/or staff. Students admitted to the College must adhere to the Student Code of Conduct, which prohibits conduct that significantly impairs the welfare or the educational opportunities of others in the college community.

Exceptions to the admissions policy may be determined after a conference with the Vice President of Student Service & Enrollment Management.

Admission to Continuing Education

Detailed information regarding enrollment into Continuing Education programs and courses is available in the "Continuing Education" section of this Catalog.

Admission to Curriculum Education

Non-Degree-Seeking Student (Special and Visiting Students)

Admission as a Special or Visiting Student requires the following:

- Submit a completed official admissions application form.
- Submit documentation supporting that any applicable course prerequisites have been met.

Special students may register for courses if course prerequisites are met and if space exists in the class. Further admission information concerning special and visiting students is available below in the "Student Classifications – Guidelines for Admission" section.

Degree-Seeking Student

Admission to associate's degree, diploma, and certain certificate programs requires the following:

- Submit a completed official admissions application form.
- Submit an official high school transcript indicating graduation with a diploma, a high school equivalency certificate (HSE), an adult high school diploma, or college transcript(s) showing the award of an associate degree or higher from a regionally accredited institution.

NOTE: Applicants seeking admission into programs or placement into courses with pre-requisites met at the high school level are required to submit an official high school transcript.

- Submit official college transcripts from all previously attended institutions if:
 - Applying for veteran's benefits
 - Applying to a health science program
 - Wishing to have previous college credit(s) evaluated for transfer credit to SCC
- Meet with your assigned College Navigator.

It is the responsibility of the student to make certain the required documents are sent; however, the Student Services & Enrollment Management Division will provide guidance with admissions and placement.

Further admission information concerning specific student populations is available in the “Student Classifications – Guidelines for Admission” section.

Placement Determination

Placement determination is required for students who plan to enter an instructional program; special students who enroll in English, mathematics, or other restricted courses; and high school students taking college courses.

- Students will be placed based on the highest of the following placement methods:
 - Unweighted GPA reflected on a high school transcript;
 - Qualifying minimum score on high school equivalency exam;
 - RISE, ACUPLACER, ASSET or COMPASS scores, or qualifying SAT or ACT scores;
 - College credits in English and mathematics awarded as transfer credit;
 - Associate degree or bachelor's degree.

Students who do not achieve college-level placement will be advised to enroll in transition courses to prepare them for future program placement. **Please note:** In some instances, students may challenge a course by passing a departmental exam and earning Credit by Exam (CE). Such requests must be made through the appropriate department chair.

For further details, contact the Admissions Office at (910) 695-3725.

Program Placement

Students who desire to enter a specific instructional program and who meet the testing and placement criteria will be placed in the program of their choice as long as vacancies exist. Placement of qualified candidates into the programs will be made according to the published program admission requirements, which may include the date by which the candidates successfully meet testing and placement criteria and the date by which all required records are received by the college. Program placement requirements and special program requirements are outlined on program sheets that can be obtained online through the Programs link located on the SCC homepage.

Registration for Curriculum Classes

Registration dates for each semester are listed in the academic calendar located in the front of this Catalog and online at www.sandhills.edu. Admission and program placement requirements must be met before students may register. Students are not officially registered for classes until tuition and fees have been paid.

Last Day to Register

Academic integrity dictates that the “last day to register” (as noted in the Academic Calendar), generally, is the final opportunity for previously enrolled or new students to register for classes in any given semester.

Student Classifications – Guidelines for Admission

New Students

New students enrolling in curriculum classes must meet the admissions requirements outlined above.

Readmitted Students

A student will maintain an active application status provided a break in enrollment does not equal or exceed 2 years. Students returning after an absence of 2 years, and those students who applied but never attended must be readmitted following this procedure:

- Submit a completed official admission application form.
- If a current high school diploma is not on file, students may be required to re-submit an official high school transcript indicating graduation with a diploma, a high school equivalency certificate (HSE), an adult high school diploma, or college transcript(s) showing the award of an associate degree or higher from a regionally accredited institution.

NOTE: Applicants seeking admission into programs or placement into courses with pre-requisites met at the high school level are required to submit an official high school transcript.

- Submit official college transcripts from all previously attended institutions if:
 - Applying for veteran's benefits
 - Applying to a health science program
 - Wishing to have previous college credit(s) evaluated for transfer credit to SCC
- Meet with your assigned College Navigator
- Meet the admission and graduation requirements of the Catalog in effect at the time of readmission.

In addition, students changing from Special Student status to Degree Seeking must submit an Enrollment Status Change eForm and submit any required documents to the Office of Records and Registration to become eligible for readmission.

Students returning to Sandhills after a break of two semesters may be required to submit a new residency application. Contact Student Services for questions at [\(910\) 695-3725](tel:9106953725).

Foreign Students

Permanent Residents

Applicants must provide current valid documentation from the U.S. Citizenship and Immigration Service (USCIS) before being admitted and placed under regular admissions policies.

Other Visas

Applicants must provide current valid documentation from the U.S. Citizenship and Immigration Service (USCIS) before being admitted — as allowed — and placed under regular admissions policies.

F-1 Visas

The International Student Office located in Blue Hall 101 assists F-1 visa students and students who desire to apply for F-1 visas. The office assists F-1 visa students in communication with U.S. Citizenship and Immigration Services (USCIS) regarding appropriate employment authorization, extension of Form I-20 expiration dates, foreign student transfers of Form I-20s from other colleges, and international student advising. Further, all F-1 students and other non-immigrant visa holders who wish to change to the F-1 student status are mandated by USCIS regulations to have a current record of local and an international address on file with the college.

Applicants seeking an F-1 student visa must provide a satisfactory academic record. Further, an Affidavit of Support form and a letter from your sponsor's bank giving specific current account balance information is needed. Please limit your bank documentation to no more than 10 pages. The minimum current balance should be at least \$26,154 (US dollars) available for your tuition, fees, transportation, housing, meals, books, and other living expenses for one academic year for an individual student. For dependents, add \$5,000 for the spouse and \$2,000 per child. Applicants seeking an F-1 student visa must provide documentation showing graduation from a secondary school that is equivalent to secondary schools in the United States. English as Foreign Language (EFL) students must submit a Test of English as a Foreign Language (TOEFL) score as evidence of ability to use English at a level of competence necessary for college work. Students can view TOEFL exams and dates at <https://www.ets.org/toefl.html>. A minimum score of 68 is required for the Internet-based TOEFL exam (iBT - with no less than grade 17 on each section), and a minimum score of 213 on the computer-based TOEFL exam (CBT). However, exceptions to the college policy may be granted in rare instances. Applicants seeking an F-1 student visa should contact the Admissions and Community Recruitment Department at Sandhills Community College for additional information. New F-1 students have 72 hours upon arrival in the state to report to the Admissions and Community Recruitment Department - please bring your travel documents (e.g., passport, F-1 visas, I-94 card or online print out and Form I-20). Additionally, F-1 students are required to make an appointment with the Principal Designated School Official (PDSO) for international student affairs within a week of their arrival to complete international student orientation. To schedule an international student orientation, please contact the PDSO, Rosa McAllister-McRae, at (910) 246-4944 or mcallisterr@sandhills.edu. All applicants seeking an F-1 student visa should contact the Admissions Department at Sandhills Community College for additional information.

Undocumented Immigrants

According to North Carolina and federal legislation, community colleges are responsible for ensuring that a student who is lawfully present in the U.S. will always have priority for a space in a class or program of study over a student who is not lawfully present in the U.S., if there are space limitations. As such, Sandhills

Community College follows these admission requirements for undocumented immigrants:

- Colleges should neither enroll undocumented students into a class or program of study for which there are waiting lists, nor should colleges register undocumented students for classes until the conclusion of the last published registration period.
- Colleges shall admit an undocumented immigrant only if they attended and graduated from a U.S. public high school, private high school, or home school that operates in compliance with State or local law. Undocumented immigrants with a HSE diploma are not considered to have "graduated from a U.S. public high school, private high school, or home school" and therefore are not eligible to be admitted to a community college. An undocumented immigrant with a diploma from an Adult High School that is located in the U.S. and operates or operated in compliance with State or local law is eligible to be admitted to a community college.
- Undocumented immigrants may not be admitted into a program of study that requires a professional license since federal law prohibits states from granting professional licenses to undocumented immigrants.
- Undocumented immigrants will be charged out-of-state tuition whether or not they reside in North Carolina.

Foreign College Transcripts

Foreign college transcripts must be translated into English with a comprehensive course-by-course report before the Office of Records and Registration at Sandhills will evaluate these documents for potential transfer credits. Sandhills will accept official course-by-course foreign college transcript reports from companies that are members of either the Association of International Credential Evaluators (AICE) or the National Association of Credential Evaluation Services (NACES).

Students must contact the company directly and instruct them to mail an official report directly to Sandhills. Students also must request a course-by-course evaluation. Document-by-document evaluations will not be accepted by Sandhills for transfer credit. The Office of Records and Registration, (910) 695-3739, provides further information.

Transfer Students

Transfer students must meet the same admission criteria as all new students. In addition to submitting all other application materials, transfer students must submit official transcripts of all post-secondary credits previously earned at other accredited institutions. Students will not be allowed to register beyond their first semester unless all required transcripts are received. These official transcripts become a part of the student's permanent record and cannot be sent to other institutions or returned to the student.

Sandhills Community College will consider granting credit for work done at other regionally accredited institutions of higher education. Courses accepted for transfer credit must parallel course offerings at Sandhills Community College as determined by the Director of Records and Registration, the Vice President of Instruction, and/or the appropriate Department Chair. The Higher Education Directory is used for verification that institutions are regionally accredited. This allows SCC to determine whether to accept transfer credits from that college. Upon review of the approved transfer credits, the Director of Records and Registration enters course information for any transferred classes into Colleague.

Transfer credits are indicated by TR in the student record. The Director then files the official transcript from the accredited college in the student's permanent academic file. Courses approved to satisfy the NCCCS Comprehensive Articulation Agreement general education, pre-major or elective course requirement will also be considered for acceptance as transfer credit. Transfer credit may be allowed only for courses in which a student has earned a grade of a "C" or higher. Transfer credit for master's level coursework is not transferrable. Any exception to this policy must be approved by the Vice President of Instruction.

Special Students

Any high school graduate or anyone 18 years of age or older who does not plan to earn a degree, diploma, or certificate but who wishes to enroll in a college credit course may be admitted as a special student. Special students may register for courses if course prerequisites are met and if space exists in the class. A current SCC student's registration may take precedence over a special student's registration. Exceptions to any of the above statements must be approved by the Vice President of Instruction.

Special students will be required to show proof of placement or course completion prior to enrolling in English, mathematics, or other restricted college-level courses. Students who have not met one of these requirements will be allowed to register only for non-restricted course.

Special students are not eligible to receive financial aid or veteran's benefits.

After successfully completing 16 semester hours of course work, a special student should meet with a counselor or with a Transfer Center Advisor concerning possible placement into a curriculum. Upon a later decision to pursue a degree, diploma, or certificate at Sandhills Community College, the special student will be asked to complete a new application, submit proof of high school graduation, and meet certain placement criteria.

Special students planning to transfer credits to another institution are encouraged to obtain written permission with specific course information from the institution from which graduation is planned.

Home-Schooled Degree-Seeking Students

Students who have graduated from a home school must provide the following documentation for admission:

- Proof that the home school is listed with the NC Division of Non-Public Education. This can be verified by the admissions office at <http://www.ncdnpe.org/homechool.aspx> or a copy of the Certificate of Inspection issued by the State of North Carolina can be provided as verification.
- A final high school transcript, which includes the official school's name and the principal's signature. The transcript must also include the graduation date and both the state and home school established minimum scores required on a Nationally Standardized Test.

If the above criteria cannot be met, home school applicants may also elect to take and pass the HSE exam in lieu of a high school diploma.

Career and College Promise

Career and College Promise offers structured opportunities for qualified high school juniors and seniors to enroll in community college courses. These provide pathways that lead to a certificate, diploma, or degree as well as provide entry-level job skills and industry certifications. Academic credits earned through Career and College Promise shall enable students who continue into postsecondary education after graduating from high school to complete a postsecondary credential in less time than would normally be required. Sandhills Community College offers three types of pathways: Career and Technical Education to include Workforce Continuing Education, College Transfer, and Cooperative Innovative High Schools Program.

Career Technical Education Pathways

The Career Technical Education Pathways lead to a certificate aligned with one or more high school Career Clusters. Additional information on these pathways is available online at the College Programs for High School Students at www.sandhills.edu/programs/high-school.

The Workforce Continuing Education Pathways lead to credentials from national, state, or industry-recognized associations making them eligible to enter the workforce or continue to earn an advanced degree.

College Transfer Pathways

The College Transfer Pathway allows a student to complete 32-35 semester hours of transfer courses, including English and mathematics, for qualified junior and senior high school students. College Transfer Pathways are also open to freshman and sophomore high school students identified as academically or intellectually gifted in Math and English and who meet specific requirements. Additional information on these pathways is available online at www.sandhills.edu/career-and-college-promise-program-for-high-school-students-2/.

Cooperative Innovative High Schools Pathway

SandHoke Early College High School (SECHS) represents a partnership between the Hoke County School System and Sandhills Community College to implement a Cooperative Innovative High Schools program. SECHS is designed to introduce students to the college setting in their sophomore year of high school by taking Sandhills Community College courses along with honors-level high school courses. The school offers a five-year program through which students have the opportunity to earn both their high school diploma and an Associate in Arts degree or an Associate in Science degree by successfully completing two years of transferable college credit.

Admissions and Registration Procedures revised January 11, 2024. See [previous procedure](#) if you applied prior to the revision.

TUITION AND FEES

Residence Status for Tuition Purposes

All residency determinations are made by the NC Residency Determination Service. The basis for determining the appropriate tuition charges is contingent upon whether a student is a resident or a nonresident for tuition purposes. To qualify as a resident for tuition purposes, a person must become a legal resident and remain a legal resident for at least twelve consecutive months immediately prior to classification. Thus, there is a distinction between legal residence and residence for tuition purposes. Furthermore, “twelve months legal residence” means more than simple abode in North Carolina. In particular, it means maintaining a domicile (permanent home of indefinite duration) as opposed to “maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education.” The burden of establishing facts that justify classification of a student as a resident entitled to in-state tuition rates is on the applicant for such classification.

For more information and to obtain residency classification, go to www.ncresidency.org. The Admissions Office provides further information at (910) 695-3725.

Tuition

Tuition for all courses is set by the North Carolina General Assembly and subject to change by its actions. The in-state curriculum tuition rate for the year 2022-2023 for all college credit courses was set at \$76.00 per credit hour up to a maximum of \$1,216.00 for sixteen (16) or more credits during the fall and spring semesters and up to a maximum of \$912 for twelve (12) or more credits during the summer semester; however, at the time of publication of this document, the State of North Carolina had not set 2023-2024 tuition rates.

Out-of-state tuition for 2022-2023 was set at the rate of \$268.00 per credit hour each semester up to a maximum of \$4,288.00 for sixteen (16) or more credit hours for the fall and spring semesters and up to a maximum of \$3,216 for twelve (12) or more credits during the summer semester; however, at the time of publication of this document, the State of North Carolina had not set 2023-2024 tuition rates.

Student Activity and Technology Fees

The fee structure at Sandhills Community College is in accordance with policies established by the State Board of Community Colleges and is subject to change without notice. All students enrolled are charged a student activity fee of \$35.00, a technology fee of \$48, an a college access, parking, and security fee of \$25 each semester. The student activity fee covers the cost of a parking sticker, an I.D. card, accident insurance coverage, library and audiovisual privileges, activities sponsored by the Student Government Association, a diploma for graduates, intramural and intercollegiate athletics, the use of the college fitness center, and other ancillary student-related college expenditures. The technology fee covers the cost of maintaining the computer labs, providing student printing, and supporting software updates. The college access, parking, and security fee provides support for campus safety.

Special Program/Course Expenses

Some programs and courses require miscellaneous expenses for supplies, tools, uniforms, equipment, liability insurance, or travel. The schedule of classes or the class instructor for the following programs will provide specific information about such costs:

Programs Requiring Additional Expenses

- Architectural Technology
- Automotive Systems Technology
- Aviation Management & Career Pilot Technology
- Baking and Pastry Arts
- Basic Law Enforcement Training
- Building Construction Technology
- Business Administration
- Civil Engineering Technology
- Collision Repair & Refinishing
- Computed Tomography Imaging Technology
- Computer Engineering Technology
- Construction Management Technology
- Cosmetology
- Criminal Justice Technology
- Culinary Arts
- Emergency Medical Science
- Environmental Engineering Technology
- Geomatics Technology
- Health and Fitness Science
- Landscape Gardening
- Medical Laboratory Technology
- Medical Office Administration
- Nurse Aide
- Nursing
- Radiography
- Respiratory Care
- Surgical Technology
- Therapeutic Massage

Courses Requiring Additional Expenses

- ART-111, 122, 135, 231, 232, 281, 283, 284
- ASL-111, 112, 211, 212
- AST-111A
- BIO-094, 110, 111, 112, 120, 130, 140A, 163, 168, 169, 175, 275
- CHM-130A, 151, 152, 251, 252
- DRA-145
- ENG-111, 112
- GEL-111
- HEA-112
- HIS-111, 112, 121, 122
- HUM-120, 180, 220
- MUS-110, 112
- PED-125, 163, 170, 173, 181, 212
- PHY-110A, 131, 151, 152, 251, 252
- SCI-110

Students in Health Science and Nursing Programs (excluding Nurse Aide and Therapeutic Massage) will be assigned a \$28 fee for medical record tracking in their first curriculum course. This fee is required for clinical participation in these classes:

- CAT-225 CT Clinical Practicum
- EMS-121 AEMT Clinical Practicum
- EMS 122 EMS Clinical Practicum I
- MLT-110 Intro to MLT
- NUR-111 Introduction to Health Concepts
- NUR-214 Nursing Transition Concepts
- RAD-110 Rad Intro & Patient Care
- RCP-110 Intro to Respiratory Care
- SUR-110 Intro to Surgical Technology

In addition, students enrolled in courses that take part in personal service or medical-related situations such as clinical or work-based learning experiences will be required to pay a fee of \$18 per year for professional liability insurance.

Criminal Background Check and Drug Screen Testing

It is the procedure of Sandhills Community College Health Sciences and the Nursing Departments to adhere to all policies of clinical agencies with which the College contractually affiliates for student clinical learning experiences. Drug screens and criminal background checks are required by clinical healthcare affiliates in order to attend clinical rotations. Therefore, students admitted to programs with a clinical component are also required to pay for an official criminal background check and drug screen to meet the requirements of the clinical agencies.

Tuition Payments

Students have a number of options when paying tuition:

- They can pay online by accessing their account through Self-Service.
- They can make payments in person Monday–Friday during business office hours. Additional payment dates and times are located on or attached to the back of each student’s registration form and are also posted online at .
- A drop box is located on the outside wall of Stone Hall and is available for payment twenty-four (24) hours a day, seven (7) days a week, unless otherwise posted.
- Students can mail payments to SCC, Attn: Business Office, 3395 Airport Road, Pinehurst, NC 28374.

Students should not make out checks in advance as payment is required in full and cash refunds are not given. When making or scheduling payments, students must include fines and fees in the total balance. An unpaid balance on an account can cause a student’s schedule to be cleared of classes.

Students with account balances after the “last payment day” will be dropped from their classes.

Tuition and Fees Waivers for Qualified High School Students and Full-Time College Employees

Qualified students may receive a tuition or fees waiver, which will automatically post upon registration. High school students enrolled through one of the pathways of Career and College Promise will receive a waiver of tuition, activity fees, and technology fees for each fall and/or spring semester, subject to change by action of the North Carolina General Assembly. Full-time employees of Sandhills do not receive a waiver of tuition, but the college may pay for one class (up to 3 credits) each fall and/or spring semester.

Payment Responsibility

Students are responsible to pay for classes from which they do not officially withdraw prior to the first day of classes. If financial aid is removed or the third-party sponsor does not pay due to a student's lack of attendance, the student is liable for the tuition and/or fee charges. It is important that official withdrawal occur if a student does not plan to attend class so that the class seat is available for other students.

Graduation Fee

Graduating students are encouraged to participate in commencement exercises. All students participating in are required to wear a cap and gown. These are available for purchase in the Bookstore located in the Dempsey Student Center in late April. The approximate cost for the package is \$45.00.

Refund of Tuition and Fees: State Refund Policy

The refund policy is set by the North Carolina General Assembly and is subject to change by its actions. A pre-registered curriculum student who officially drops one or more classes prior to the first day of the semester will be eligible for a one hundred percent (100%) tuition refund. The student activity and technology fee will also be refunded if the student drops all classes prior to the first day of the semester. Thereafter, a refund of seventy-five percent (75%) of only the tuition will be made through the ten percent (10%) date of the semester. Students do not qualify for a refund of fees after the one hundred percent (100%) date. All tuition will be refunded if a class is canceled. The 100% and 75% dates are published on or attached to the back of the schedule form and are posted online at .

Refunds will be processed within four weeks of the 10% date. Students should ensure that their address is correct with the Admissions Office so that they receive their refund check in a timely manner. Payments made by credit card will be refunded directly to the credit card account on file in the Business Office.

Refund Policies for Financial Aid Students Who Withdraw from Courses

North Carolina Policy

If a student receives North Carolina grant aid and drops all of his or her classes, a state refund calculation must be performed to determine how much aid the student has earned. The earned amount is determined by calculating the number of class days prior to the date of withdrawal. The unearned portion must be returned. This may require repayment by the student of all or part of any State money that the student received. The return of State funds required by this policy will be applied in the following order up to the maximum amount of funds disbursed from each program:

1. Education Lottery Scholarship Program (ELS);
2. Institution-Specific State Grants:
 - a. UNC Need-Based Grant (UNC NBG);
 - b. North Carolina Community College Grant; or
 - c. North Carolina Need-Based Scholarship Programs (NBS);
3. North Carolina National Guard Tuition Assistance Program
4. UNC Campus Scholarships;
5. North Carolina School of Science and Mathematics Tuition Grant for UNC;
6. John B. McLendon Scholarship Fund.

Federal Refund Policy

The Federal Refund Policy applies to all students receiving federal financial aid funds, including those who qualify for the state refund policy mentioned above. This policy requires the school to determine the amount of Title IV aid a student has earned. The earned amount is determined by calculating the number of class days prior to the date of withdrawal. The unearned portion must be returned. This may require repayment by the student of all or part of any federal money that the student received.

Refunds will be allocated by law according to the following order:

1. Loans	2. Grants
Federal Unsub Direct loans	Federal Pell Grant
Federal Subsidized Direct loans	FSEOG
Federal Perkins loans	TEACH
Federal Direct PLUS loans	Iraq/Afghan Service Grant

Students may obtain further information regarding these refund policies and refund calculations from the Financial Aid Office located in Stone Hall.

Military Refund Policy

Upon request of the student, the College shall:

1. Grant a full refund of tuition and registration fees to military reserve and National Guard personnel called to active duty or active duty personnel

who have received temporary or permanent reassignments as a result of military operations that make it impossible for them to complete their course requirements; and

2. Buy back textbooks through the Colleges' bookstore operations to the extent allowable under the College's buy back procedures.
3. The College shall use distance learning technologies and other educational methodologies, to the extent possible as determined by the college, to help active duty military students, under the guidance of faculty and administrative staff, complete their course requirements.

STUDENT RECORDS

The personal records of students are supervised by the Director of Records and Registration. Material contained in students' personal file, with the exception of confidential letters of recommendation written prior to January 1, 1975, may be reviewed by students upon request to the Director of Records and Registration. In accordance with the Family Rights and Privacy Act of 1974, certain student information categorized as "directory information" may be provided to persons other than the student. Directory information includes the student's name, city & county of residence, photograph, major field of study, participation in officially recognized activities and sports, dates of attendance, grade level, student email address, degrees and awards received, and the most recent educational agency or institution attended by the student. A student who desires that any or all of the above-stated directory information not be released must submit a Request to Block Directory Information through student eForms no later than two (2) weeks after the first day of class each semester. More information related to the privacy of student records can be found in the "Compliance" section of this Catalog.

Name Change

Students must notify the College of any legal name change by completing the Name Change form online through eForms. When completing the eForm, you must attach a copy of your new Social Security Card with the updated name to this form. Name changes are completed in the College systems in between semesters.

Student may request to be identified by a chosen name by completing the Chosen Name Request form online through eForms. The College acknowledges the need and preference for those identifying by a first name other than their legal first name. A chosen name will be used where possible in college systems and records and in the course of college business and education, except when the use of an individual's legal name is required by law or state policy and as long as the use of a chosen name is not intended to avoid legal obligations, for misrepresentation, or as otherwise prohibited.

Address Change

Students must notify the College of any mailing address change by updating their address under User Profile in Self Service.

Grades

Students can view their grades online at the end of each semester through Self Service under Grades. If a student believes an error or omission has been made, the student should contact the instructor of the class as quickly as possible. All

errors and any pursuant corrections must be reported to the Office of Records and Registration within two weeks of the close of the semester.

Grades are provided to other schools, parents, guardians, or others only with the written and signed authorization of the student. This authorization must be given to the Office of Records and Registration.

Graduation Requirements

Upon recommendation of the faculty and the approval of the Director of Records and Registration, degrees, diplomas, and/or certificates will be awarded to students successfully completing the requirements of the program in which they are enrolled.

To be eligible for graduation, all students must do the following:

- Successfully complete course requirements as prescribed in the Catalog in effect at the time of entry into the program. If students have an interruption in enrollment from their designated program of study of two or more years, they will be subject to the program requirements prescribed in the Catalog in effect upon their re-entry into the program.
- Earn a minimum of a 2.0 grade point average in the required courses of the program of study for which they are applying for graduation. ***With the exception of Health and Fitness Science, all health science, nursing, and transfer degree students must complete all courses required in their program of study for graduation with a letter grade of C or better. Health and Fitness Science students must earn a minimum grade of C or better for all HFS prefix courses.***
- Successfully complete a minimum of 25 percent of course credit hours of the certificate, diploma, or associate degree requirements at Sandhills Community College, with that 25 percent coming from **major and other major hours**, and not from general education hours, for the program of study. The Director of Records and Registration verifies completion of 25 percent as part of the graduation application process.
- In accordance with accreditation standards, all associate degree students must either place out of DMA-010 through 030 or MAT-003 or successfully complete DMA-010 through 030 or MAT-003 to demonstrate competence in fundamental mathematical skills.
- Meet with their advisor to review academic progress and verify eligibility for graduation in the 2023-24 academic year. Fall completers apply for graduation by November 3, 2023; Spring/Summer completers apply by February 1, 2024. To apply for graduation log into Self Service, then Graduation Overview to begin the process. In order to participate in the May commencement and be considered a 2024 Sandhills Community College candidate for graduation, all of the above academic requirements must be met by the end of the summer semester 2024. Those who submit late applications for graduation run the risk of not being included in the commencement program. Honor distinctions for late applicants will not be recognized during commencement.
- Clear all financial obligations to the College.

Students are eligible to graduate with honors if their major GPA is a 3.5 or higher.

Students may apply to graduate with both a certificate and associate degree in the same program for the same academic year if the certificate contains technical electives not specified by course in the degree program.

Students cannot apply to graduate from both the Associate in Science and Associate in Arts degree programs for the same academic year. Students cannot apply to graduate from both the Associate in Engineering and either the Associate in Arts or Associate in Science degree programs for the same academic year.

Students cannot apply to graduate with the Associate of General Education degree if they are graduating or have graduated with another associate degree (A.A.S, A.S. or A.A).

Students are required to wear academic regalia during commencement. Regalia (caps and gowns) should be purchased from the Sandhills Community College Logan Bookstore in the Dempsey Student Center.

Transcripts

Transcripts are issued at the request of the student. Sandhills Community College has authorized the National Student Clearinghouse to provide transcript ordering via the web. Orders may be placed 24 hours a day, 7 days a week and transcripts can be sent by electronic exchange, electronic PDF, or mail. Sandhills Community College certifies that an electronic transcript issued by the National Student Clearinghouse is an official college transcript. The acceptability of an electronic transcript will be determined by the recipient in accordance with their policies and procedures.

For those who choose not to use the National Student Clearinghouse, orders may be placed in person in the Business Office located in Stone Hall. No official transcript will be issued to or for an enrolled or former student who is indebted to the College

FINANCIAL AID

Financial assistance at SCC is available for degree-seeking students in qualified programs through grants, scholarships, and/or work-study employment. A student must apply for financial assistance and may be offered a single type of assistance or a combination package depending on the level of need and eligibility requirements. Aid may be provided by or through the college, federal and state agencies, foundations, or corporations. The student or the student's family is considered primarily responsible for paying for educational expenses. Financial assistance from the College and other sources should be considered only as a supplement to the efforts of the student or family. All policies pertaining to financial aid regulations and procedures are available for viewing in the Financial Aid Office and on our website. Most financial aid is awarded on a first-come, first-served basis, so students are encouraged to apply for financial aid as early as possible.

Financial Aid Programs

Federal Pell Grant

The Federal Pell Grant Program is the largest federal student financial aid program. Pell grants are awarded to help undergraduates who are in curriculum programs pay for their education after high school. These grants may require repayment if the student does not fully complete the term. A student is eligible to receive the Federal Pell Grant for the equivalent of six (6) years or twelve (12) full-time semesters of combined enrollment at all institutions; enrollment is not limited to time spent at Sandhills. To apply for a Federal Pell Grant, students need to complete the Free Application for Federal Student Aid (FAFSA). The grant amount is determined by the federal government and awarded based on need. Students must complete the financial aid process prior to their last date of attendance in an academic year.

Federal Supplemental Opportunity Grant

Federal Supplemental Educational Opportunity Grants (FSEOG) are awarded to Federal Pell Grant recipients with exceptional financial need. These grants may require repayment if the student does not fully complete the term. Candidates for this grant are selected from applicants who have completed the FAFSA, and funding is limited.

Federal and Institutional Work-Study Program

The Federal and Institutional College Work-Study (WS) Programs provide jobs for students who need additional financial aid. WS gives students a chance to earn money to pay for their educational expenses and is a great way for students to gain valuable work experience. WS students are paid at a rate determined by the institution. Current job descriptions can be found at www.sandhills.edu.

The student must complete an online WS application found at www.sandhills.edu. The WS Coordinator will then determine financial eligibility and send the application to the hiring supervisor. Hiring supervisors are responsible for conducting interviews and making candidate selections for their positions. Before beginning work, all participants must review the Work-Study Handbook and complete all required employment paperwork. WS students are required to complete a monthly timesheet and are paid at the end of the following month. Eligible students are placed in WS positions for each academic year based upon available funds.

Student Loans

Sandhills Community College does not participate in the Federal Direct Loan Program. Alternative loans may be available for curriculum students. Please contact the Financial Aid Office for more information.

NC Scholarship

The NC Scholarship is awarded to NC residents. These grants may require repayment if the student does not fully complete the term. Eligibility is determined by the State. Students enrolling at a North Carolina Community College with an Adjusted Gross Income (AGI) of \$75,000 or less and an Expected Family Contribution (EFC) of \$7,500 or less, as reported on the FAFSA, are guaranteed at least \$2,800 from combined federal and state aid. Consideration for funding is automatic once the FAFSA is filed. The FAFSA filing priority date is August 15 for North Carolina Community Colleges. Applicants completing the FAFSA after these dates may be denied if insufficient funds are available.

Childcare Grants

Limited childcare subsidies are available to economically disadvantaged students. An application may be obtained online or in the Financial Aid Office. The open application period begins in June, and the process of awarding childcare subsidies starts in July. Applications are received on a continuing basis during the school year, and a waiting list is maintained until the following June. All students must re-apply for each academic year. A history of satisfactory academic progress is required, and the student must maintain satisfactory academic progress to continue receiving a childcare subsidy.

Endowed and Donor Scholarships

SCC offers many endowed and donor scholarships. A student completes a single application to apply for all SCC Scholarships. The application must be completed online at www.sandhills.edu beginning in November of each year. There are two deadlines for scholarships. The early consideration deadline is February 28, and the late consideration/final deadline is May 1. Selection of recipients is made by the College during the spring term for scholarship funds to be used for the upcoming school year beginning in the fall.

The Sandhills Promise Program

The Sandhills Promise Program is for Moore and Hoke County residents who graduate from a public/private high school or registered home school having completed four dual enrollment courses at Sandhills with a cumulative GPA of at least 2.0 and a 67% completion rate by the time of high school graduation. For students who qualify, the College will pay the tuition, technology and activity fees up to the in-state rate for two years, including summer terms. The two years of eligibility begin in the fall semester after high school graduation and end following the summer semester of the second year. To apply, students must complete both the Free Application for Federal Student Aid (FAFSA) and the SCC Scholarship Application annually. For more information, students may contact the Sandhills Promise Office.

Other Funds and Outside Scholarships

Other outside scholarships and funds are available to assist students. Some of these include employer-paid tuition, the Workforce Investment Act through the Employment Security Commission, Vocational Rehabilitation, Department of Social Services, and Veterans Administration. Please see the appropriate agency to determine qualification for any of these programs.

Federal Aid Eligibility Requirements

To receive aid, a student must follow these guidelines:

- File a Free Application for Federal Student Aid (FAFSA) application each school year.
- Take only courses that are needed to fulfill graduation requirements.
- Enroll as a degree-seeking student in an eligible program.
- Have an official high school or HSE transcript on file with the Admissions Office.
- Have all college transcripts on file with the Admissions Office within the timeframe required by college policy.
- Be a U. S. citizen or an eligible non-citizen.
- Demonstrate financial need.
- Make satisfactory academic progress.
- Not be in default on a federally subsidized education loan.
- Not owe a federal refund due to a withdrawal from all courses during a term of enrollment.

Federal Aid Enrollment Classification

For all semesters of enrollment (fall, spring, summer), full-time credit hours for financial aid are 12 or more credit hours. Financial Aid for students registered for fewer than 12 total credit hours per semester will be prorated as follows:

- 9 to 11 credit hours = # time or 75% of the award
- 6 to 8 credit hours = # time or 50% of the award
- Fewer than 6 credit hours = 25% of the award or less — see below

Students who are enrolled for fewer than 6 credit hours per semester may be eligible for only a small amount of Pell Grant, or no Pell Grant at all. Students enrolled for fewer than 6 credit hours are not eligible to receive certain State and Federal grants. NC Scholarship is not awarded to students who are less than half-time credit hours. NC Scholarship is not funded in the summer terms.

Unusual Enrollment History (UEH)

Purpose

In order to prevent fraud and abuse in the Federal Pell Grant and Federal Direct Loan Programs, the Federal Department of Education (DOE) identifies students with unusual enrollment histories. This policy describes what steps a student must take to resolve questions about their enrollment history and how Sandhills

Community College (SCC) will handle the review process to determine the student's future eligibility for federal and state financial aid at SCC.

Scope

When the Department of Education identifies a student with an unusual enrollment history with regard to the receipt of Pell Grant funds and/or Federal Direct Loan funds, SCC must examine the student's academic and enrollment records to determine whether there are valid reasons for the unusual enrollment history. The outcome of the review will determine whether the evidence supports the continuation of Title IV, HEA program assistance eligibility for the student (which includes but is not limited to the Pell Grant, Federal Work Study, the Federal Supplemental Educational Opportunity Grant, as well as all state grants). SCC may also review the enrollment history of a student not identified by DOE as having an unusual enrollment history if it believes the student's prior academic history warrants such a review.

Unusual Enrollment History Comment Codes

After a student submits a FAFSA (or makes a change to their FAFSA) or the Department of Education generates an update that reflects a change in student eligibility, the student receives a Student Aid Report (SAR). If the SAR shows a Comment Code 359 or 360, SCC must review the student's academic and enrollment records to determine if additional information must be collected about the student's prior enrollment. A student selected by SCC for UEH review will be treated as though DOE had assigned Comment Code 360. Examples of unusual enrollment histories that must be reviewed are when a student received Pell Grant and/or Federal Direct Loan funds at three institutions over two award years or at three or more institutions in one award year. Any federal or state aid that has already been awarded for the current award year will be placed on hold pending the outcome of the student's review by the Financial Aid Office. If a student is deemed ineligible, all funds will be sent back to the government, and the student will owe SCC for all semester costs.

Resolving Unusual Enrollment Histories

SCC Financial Aid must review a student identified as having an unusual enrollment history when the student has indicated intent to enroll at SCC using financial aid. The student must complete an **Unusual Enrollment History Form** from SCC Financial Aid and provide copies of academic transcripts to the Financial Aid Office for each institution attended (other than SCC) where the Pell Grant and/or Federal Direct Loan funds were received during the review period which includes the four award years prior to the current award year. A student may view their Pell Grant and/or Federal Direct Loan history by going to www.nsls.ed.gov and logging in using their Federal Student Aid PIN. Official academic transcripts for all other institutions attended during the review period must be sent to the SCC Admissions Department (if not already on file) before the student's record can be reviewed by SCC Financial Aid. Students may obtain copies of the official transcripts already on file with SCC by completing a **Request for Unofficial Copy of Other College Transcripts Form** available from SCC Admissions or Registrar.

During the review, SCC Financial Aid will use information from the National Student Loan Data System (NSLDS) to identify/verify the institutions where the student received Pell Grant and/or Federal Direct Loan funding over the past four award years.

SAR Comment Code 359

The institution must review the student's enrollment and financial aid records to determine if, during the four award years prior to the current award year, the student received a Pell Grant at SCC that is performing the review. (Federal Direct Loans are not included in this section because SCC has not participated in the Federal Direct Loan Program during the review period.)

- If the student received the Pell Grant at SCC during the review period, SCC would look to see if the student successfully completed any credits and, if the student dropped or withdrew from classes, the last date of attendance. No additional action is required unless SCC has reason to believe that the student is one who remains enrolled just long enough to collect student aid funds. In this case, SCC must follow the guidance that is provided below for Comment Code 360.
- If the student did not receive the Pell Grant at SCC during the review period, SCC must follow the guidance provided below for Comment Code 360.

SAR Comment Code 360

SCC must review the student's academic records to determine if the student received academic credit at the institutions the student attended during the four award years prior to the current award year. Based upon the academic transcripts provided by the student, SCC must determine, for each of the previously attended institutions, whether academic credit was earned during the award year in which the student received Pell Grant and/or Federal Direct Loan funds. Academic credit is considered to have been earned if the academic records show that the student completed any credit hours or clock hours, or if a grade was earned for any remedial classes.

- **Academic Credit Earned:** If SCC determines that the student earned any academic credit at each of the previously attended institutions during the relevant award years, no further action is required unless SCC has other reasons to believe that the student is one who enrolls just to receive the credit balance. In such instances, SCC must require the student to provide additional information as discussed below under "Academic Credit Not Earned." If it is determined that academic credit was not earned at one or more of the previously attended institutions, SCC must follow the "Academic Credit Not Earned" guidance below.
- **Academic Credit Not Earned:** If the student did not earn academic credit at a previously attended institution and, if applicable, at the institution performing the review, SCC must obtain documentation from the student explaining why the student failed to earn academic credit.
 - **Documentation Required:** The student must have completed an **Unusual Enrollment History Form** from SCC Financial Aid to explain the failure to earn academic credit. Personal reasons may include illness, family emergency, a change where the student is living, and military obligations.

Academic reasons may include unexpected academic challenges or that the academic program did not meet the student's needs. Whatever the reason, the student must, to the extent possible, submit third party documentation to support their claims. SCC may be unable to approve a claim that is submitted without supporting documentation.

SCC UEH Review Process

The SCC Financial Aid administrator will determine whether the circumstances of the failure of the student to receive academic credit, as evidenced by the student's academic records and other documentation, support the continuation of Title IV, HEA program assistance eligibility. Specifically, the institution must determine whether the documentation supports (1) the reasons given by the student for the student's failure to earn academic credit; and (2) that the student did not enroll only to receive credit balance funds. The Financial Aid administrator will review the student's documentation, and the student will be informed of the decision in writing.

Denial of Continued Eligibility

If a student did not earn academic credit at one or more of the relevant institutions and does not provide, to the Financial Aid administrator's satisfaction, an acceptable explanation and documentation for each of those failures, SCC must deny the student any additional Title IV, HEA program assistance and any state grants. If a student disagrees with the determination by the Financial Aid administrator, the student may appeal the decision to the Vice President of Student Services. This appeal must be submitted in writing within five (5) business days from the date of the letter from the Financial Aid administrator. The decision of the Vice President of Student Services is final and is not appealable to the Department of Education.

Regaining Aid Eligibility

If SCC denies a student continued Title IV, HEA program assistance under the circumstances described above, the student who attends Sandhills Community College (without federal or state financial aid) may regain financial aid eligibility upon successful completion of academic credit and their subsequent written request to the Financial Aid Office for renewal of Title IV, HEA program eligibility. Once approved, the student would regain eligibility for the Pell Grant, campus-based aid programs, and state grants beginning with the payment period in which the student met the eligibility requirements.

Veterans Benefits, Programs, and Guidelines

Veterans Affairs

Sandhills Community College education programs are approved by the North Carolina State Approving Agency for the enrollment of persons eligible for

education assistance benefits from the U.S. Department of Veterans Affairs (VA). Those entitled to VA benefits are eligible veterans, participants in the Montgomery G.I. Bill® contributory program, active-duty military in voluntary education programs, drilling National Guard, drilling Reservists, and spouses and children of disabled or deceased veterans. The VA certifying official in the on-campus Veterans Center provides information and assistance to students applying for VA education benefits. Following is a general description of the veteran benefit programs available at SCC. Please see the VA certifying official regarding any specific questions regarding these programs.

Sandhills Community College is a member of the Service Members Opportunity Colleges (SMOC), a participant in the Concurrent Admissions Program (ConAP), and a Principles of Excellence educational institution.

Montgomery GI Bill® (MGIB)

The MGIB program provides up to 36 months of education benefits. This benefit may be used for approved degree and certificate programs at SCC. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Generally, benefits are payable for 10 years following an individual's release from active duty. This program is also commonly known as Chapter 30.

Montgomery GI Bill® - Selected Reserve (MGIB-SR)

The MGIB-SR program may be available to a student if he/she is a member of the Selected Reserve. The Selected Reserve includes the Army Reserve, Navy Reserve, Air Force Reserve, Marine Corps Reserve and Coast Guard Reserve, and the Army National Guard and the Air National Guard. This benefit may be used for approved degree and certificate programs here at SCC. Remedial, deficiency, and refresher courses may be approved under certain circumstances.

Post-9/11 GI Bill® (Chapter 33)

The Post-9/11 GI Bill® provides up to 36 months of education benefit. This benefit is for eligible individuals who served on active duty after 09/10/01. This benefit may be used for approved degree and certificate programs at SCC. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Generally, benefits are payable for 15 years following an individual's eligibility date, unless a student qualifies for the Forever GI Bill® detailed below. There is a transferability component for eligible individuals to transfer this benefit to spouse or dependents. This program is known as Chapter 33.

The Veterans Benefits and Transaction Act of 2018 (Public Law 115-407) provides provisions regarding GI Bill® processes. GI Bill® beneficiaries (Chapter 33) are allowed to attend their course(s) of education or training without paying tuition and fees out of pocket if the beneficiary provides the school certifying official a Certificate of Eligibility (CoE) or a valid VA Form 22-1990. The college will not impose a penalty or payment requirement on the beneficiary based on late (more than 90 days) payments from VA. However, the CoE or VA Form 22-1990 must be received no later than the first day of the program.

Forever GI Bill®

The Forever GI Bill® eliminates the 15-year time limitation for service members (and dependents) discharged on or after January 1, 2013. As with the Post-9/11 GI Bill®, the benefit may be used for approved degree and certification programs at SCC. Remedial, deficiency, and refresher courses may be approved under certain circumstances.

Survivors' and Dependents' Educational Assistance Program (DEA)

DEA provides education and training opportunities to eligible dependents of veterans who are permanently and totally disabled due to a service-related condition or who died while on active duty or as a result of a service-related condition. The program offers up to 36 months of education benefits. These benefits may be used for approved degree and certificate programs at SCC. Remedial, deficiency, and refresher courses may be approved under certain circumstances.

Veteran Readiness and Employment (Chapter 31)

The Veterans Benefits and Transaction Act of 2018 (Public Law 115-407) provides provisions regarding Chapter 31 processes. VR&E beneficiaries (Chapter 31) are allowed to attend their course(s) of education or training without paying tuition and fees out of pocket if their assigned VR&E Counselor send the SCO an approved authorization letter. The college will not impose a penalty or payment requirement on the beneficiary based on late (more than 90 days) payments from VA. However, the authorization letter must be received no later than the first day of the program.

VA Work-Study Program

Work-study is available on a limited basis to students receiving VA education benefits and attending school at least three-quarter time. An individual working under this program may work at the college's VA office or at approved state employment offices. Work-study is paid at the minimum wage rate, and students can work up to 25 hours a week.

NC National Guard Tuition Assistance Program (NC TAP)

NC TAP is available to any student who is a member of the North Carolina National Guard and pays tuition/fees. Students who wish to apply for the benefits must do so through the website <http://nc.ng.mil/ESO/Pages/NCTAP.aspx>.

The Yellow Ribbon Program

The Yellow Ribbon Program offers tuition assistance to Chapter 33 veterans whose out-of-state tuition costs are not fully covered by their benefits and their maximum benefit payable is 100%. It is a federal program funded by both the Department of Veterans Affairs and Sandhills Community College. The program is administered on a first-come, first-served basis each academic year. For questions regarding the program, please contact the Veterans Affairs Office.

VA General Eligibility Requirements

To be eligible for educational benefits, the student must be enrolled in an approved curriculum, taking only those courses required for graduation in the chosen curriculum. Students must make and maintain academic progress in their program of study for their benefits to be continuously certified.

The VA will not pay for enrollment in the following: (1) course audits, (2) repeated courses previously passed unless a higher grade is required for approved program of study, (3) credit by examination, (4) courses not required in chosen curriculum, (5) continuing education classes, and (6) dropped or withdrawn classes.

VA Documentation

VA regulations governing institution-approved training of veterans and/or dependents of veterans require that certain documents be on file prior to certification of enrollment. Certification will not be made until the VA certifying official receives all documentation. It takes 60-90 days from the date of certification for benefits to start. Required documentation is as follows:

1. Application for admission with all required documentation;
2. Proper Application for VA benefits (form 22-1990, 22-5490, or 28-1990) and all required supporting documentation, including but not limited to the following items:
 - a. Copy of Member 4 of the DD-214 or National Guard form DD-2384 "NOBE" signed by the Unit Commander;
 - b. Copy of marriage certificate (if applicable);
 - c. Copy of divorce decree (if applicable);
 - d. Dependent children's birth certificates (if applicable);
3. Official high school transcript or HSE scores and all academic transcripts from each college or trade school previously attended.

If VA benefits have been received for prior training, the student must submit form 22-1995, Change of Program or Place of Training.

All veterans and dependents of veterans are required to submit a VA Certification Request to the institution's VA office each semester. A student will not be certified for their enrollment until this form is submitted and approved.

Students receiving VA benefits must notify the VA certifying official of any changes in course load, attendance, or enrollment status within three days of the change. Failure to notify the VA certifying official of these changes may result in termination of benefits and certification of future benefits at the end of the subsequent term upon receipt of the student's official grade report.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

STUDENT SERVICES

Campus Health and Safety

Sandhills Community College is committed to maintaining a safe, healthy, and positive work and learning environment. Toward that end, in a good faith effort to ensure the safety and welfare of all the campus community, the college has adopted codes, statements, and policies that are detailed in the college's Catalog and the Policy and Procedures Manual, as well as being posted online at www.sandhills.edu.

Campus Health and Safety Awareness Activities

Guest speakers, hosted by Student Services, provide workshops on such topics as alcohol/substance abuse, campus security, crime and crime prevention, stress management, financial awareness and credit management, and safety issues. Referrals are made, as needed, to local agencies such as hospitals, mental health centers, social services, Friend-to-Friend, private counselors, and self-help groups. Literature on many health and safety issues is provided in the Dempsey Student Center and in the Counseling Center in Stone Hall. Every other year, the Safety and Environmental Committee hosts a health fair for faculty, staff, students, and community.

Communicable Disease

Any individual who knows or has a reasonable basis for believing that they are infected with a communicable disease (including but not limited to chickenpox, hepatitis, measles, Acquired Immune Deficiency Syndrome [AIDS], meningitis, mononucleosis, and whooping cough) has an obligation to protect himself or herself and others from the ramifications of the disease. Specifically, such individuals should report this information to the appropriate person (see below). Every effort will be made to try to keep the matter confidential. Only persons with a need to know will be informed and only with prior direct knowledge of the individual who is or believes they may be infected.

Curriculum students should report a communicable disease condition to the Vice President of Student Services. Continuing Education students should report such conditions to the Vice President for Continuing Education and Workforce Development. The Director of Moore County Health Department will be immediately notified. At the Hoke Center, communicable disease conditions should be reported to the Associate Vice President of the Hoke Center who will then report them to the Vice President of Student Services and to the Hoke County Health Department.

The appropriate Vice President will take necessary steps to ensure the medical safety of the student and the college community; if deemed necessary for the good of all, the student may be asked to remove himself or herself from the

campus until a necessary evaluation of the condition is completed and the President of the College issues a final ruling concerning the enrollment status of the student.

This policy is one part of the College's on-going attempt to promote awareness, education, and counseling on communicable diseases. More information is available in the "Compliance" section of this Catalog.

Student Accident Insurance

Each year, the Student Government Association (SGA) purchases a student accident insurance plan, an excess policy that may cover medical expenses of students caused by accidental bodily injury during college-related academic and social activities. The provisions governing this policy are contained in the master policy issued to the school and may be viewed during the school's office hours. A brief description of the policy, which varies from year to year, will be available through the Office of Student Services at the beginning of each academic year. Students may obtain a brochure or file a claim with the Administrative Assistant to the Executive Vice President in Stone Hall, 105A, 695-3702.

Counseling and Career Services

Personal Counseling

At Sandhills Community College, your personal wellness is important. Licensed clinical mental health counselors are on campus and are available to assist all enrolled students with issues that may affect wellbeing. Our counselors provide a safe and confidential counseling space. Counseling sessions are scheduled by appointment and may last up to forty-five (45) minutes. Students are encouraged to schedule an appointment on the counseling services webpage.

Sandhills Community College does not charge students a fee for counseling sessions. For students who choose to seek professional counseling services from off-campus providers, our counselors can assist with appropriate referrals. Counselors are located in the Counseling Center on the Pinehurst campus in 229 Stone Hall and 100 Blue Hall (inside the Career Center). At the Hoke Center, the Counseling Center is located in 112 Johnson Hall.

High School students who are on campus for classes will be served by their assigned school counselor. If a crisis occurs, our counselors will assist and then follow up with the counseling department at the student's high school. For all other students under the age of 18 on campus, North Carolina law requires the consent of a parent or legal guardian in order to receive mental health services.

Exceptions include:

1. The student is married.
2. The student serves in the armed forces.
3. The student is legally emancipated.

Career Development

The Career Development professionals provide services that prepare college graduates for a successful transition into the workforce. Our staff provides training to ensure competency in the following areas: oral/written communication skills, professionalism/work ethic, resume writing, interviewing skills and career management. The Career Resource Library provides career-related materials to assist students in further developing their career competencies

Career Services

Student career services are available for current, alumni, and prospective students. The services offered are career assessments, job searching strategies, career counseling, student engagement (career meetups/roundtable), career workshops, business referrals, networking, and a shared online job search link, www.collegecentral.com/sandhills/student.cfm. Our job link provides access to current job market information. Guidance related to student employment is available in Blue Hall, room 103.

Job Fairs

The SCC Career Center hosts two job fairs each year on campus, Fall and Spring semesters. Job Fairs provide an opportunity for a variety of employers to visit campus to provide networking and job considerations with our students. The Director of Career Development Services develops relationships with both local and regional employers to develop job opportunities for Sandhills Community College students.

Guarantee to Employers

Sandhills Community College guarantees that its graduates are proficient in the knowledge and skills covered by their educational programs. In the event that an employer finds a Sandhills graduate deficient in such an area, the employer should — within 90 days of the graduate's employment — contact the Senior Vice President of Academic Affairs. The Senior Vice President of Academic Affairs will arrange to re-enroll the graduate in up to three (3) courses at the College at no charge to the graduate or the employer. This guarantee applies to graduates of two-year associate in applied science degree programs and one-year diploma programs.

Campus Diversity and Inclusion Organizations

The College promotes campus commitment to belonging through two efforts: the Cultural Outreach Office and the Office of the Dean of Cultural Affairs and Diversity. The Cultural Outreach Center is a social center for student cultural outreach. This is a space for sharing the unique perspectives at Sandhills

Community College of all student cultures and to recognize areas of common ground. The students' active collaboration and perspectives in the Cultural Outreach Center will help the Diversity Inclusion Committee to promote inclusion throughout Sandhills Community College.

Promoting diversity, equity, and inclusion on our campus is vital to our success as an institution. These words are not "buzz words," but commitments that create outcomes. Through listening, participating, and collaborating, we have goals, new investments, accountability, and a passion for making us better. These efforts are directed through the Office of the Dean of Cultural Affairs and Diversity. The Dean, along with the Diversity Inclusion Committee, aspire to achieve the highest excellence levels and serve as a liaison for all campus constituents. By valuing others, we all benefit. This group's mission continues to promote an institutional culture that is fluid and proactive in addressing diversity, equity, and inclusion.

Student Involvement in the Institution

Student Government Association (SGA)

Many student activities at Sandhills Community College are sponsored by the Student Government Association (SGA). Efforts are made to provide students with cultural, social, recreational, and service-oriented activities. Activities sponsored by the SGA include free food days, national days, the annual Fall Fest and Spring Fling, holiday festivities, coffee and doughnuts during exams, and a variety of other events.

The SGA is always looking for new ideas and new Senators. To become a Senator, students must complete a simple online application via Engage at <https://sandhills.campuslabs.com/engage/submitter/form/start/578511>, maintain at least a 2.0 GPA, contribute at least four hours per week to SGA activities, and possess high motivation. Every student on campus is a member of the SGA, and the SGA acts as the students' voice at SCC. Not only does the SGA sponsor fun events and activities, but it also presents student comments and concerns to the administration and the Board of Trustees. In fact, the SGA President is a trustee of the College.

The SGA office is located upstairs in the Dempsey Student Center, inside the Ewing Leadership Wing.

Student's Role in Institutional Decision-Making

By statutory requirement, the President of the Student Government Association serves ex officio on the Board of Trustees, the governing body of the College. Students are appointed to the following standing committees: Safety and Environmental, Scholarships, and Student Grievance Committee. In these committees, students have opportunities to study and comment on proposed policies and procedures and to rule on appeals related to student disciplinary cases.

Most significantly, the Student Government Association gives students experience in representative government. Officers are elected by the student body. Students

interested in serving in the SGA can get information directly from the Sandhills website or the Director of Student Life located in the Dempsey Student Center.

Student Publications

The Student Government Association produces an in-house, weekly bulletin written by and designed for students.

This bulletin, published weekly, and sent via SCC student email accounts, is overseen by the SGA Public Information Officer and the Director of Student Life, with content by members of the SGA, the student body and SCC Faculty/Staff. While it is an informal publication, this bulletin, like all student publications, is expected to observe the guidelines for student publications.

Student Publications Guidelines

Student publications guidelines at Sandhills Community College are expected to represent the student body at its best. The content of such publications must be in concert with the college Student Code of Conduct. Specifically, all contributors to such publications are bound by the elements of this code:

- Writing that communicates a true threat to an individual or group is prohibited.
- Writing that communicates harassment that rises to the level of severe or pervasive is prohibited.
- Writing that involves libelous charges is prohibited.
- Writing that makes use of obscene language and/or expletives is prohibited.

Because this is an educational institution, writing that appears in student created publications is expected to be clear, correct, and well-reasoned. Documents should be well-designed and inviting to the reader.

All materials for student publications must be approved prior to publication by the Director of Student Life. Any disputes about content may be taken to the Vice President of Student Services for resolution in concert with the Director of Student Life, the SGA President, and the student-writer. There is an inherent right to appeal. The appeal shall be in accordance with the Student Grievance Procedure.

Photo and Video Use

Sandhills Community College does not collect photo/video release forms. Instead, the College assumes that faculty, staff, students and those visiting our campus are the best resources for marketing the College and are willing to participate in college promotions.

All photographic/video images become the property of Sandhills Community College. Marketing and Public Relations staff members will add the photos or video footage to the College's library of images (maintained by Marketing & Public Relations), which becomes a resource for the College's online and print

publications. These images and videos may be used for years after obtaining. The College reserves the right to release images for use by outside agencies for publication by news outlets, magazines, and digital outlets as the College sees fit.

In addition to print use, images may be posted to the college's social media outlets (Facebook, Twitter, Instagram and others).

Still or video photo shoots may be informal (candid photos of campus scenes, athletic events, performances, events, or activities) or formal (planned visits to classrooms, headshots or photo/video shoots on campus).

Students participating in a formal photo shoot (flightPath magazine, billboards, viewbooks, etc.) are giving their permission for their image to be used. Students may opt out of a photo. If a student does not wish to be photographed but fails to identify himself or herself to the photographer, it will be difficult to exclude that person from the resulting images.

Concerns about the uses of individual images may be communicated to the Marketing & Public Relations Department, which will try to resolve individual complaints while still meeting the institutional goals of visually representing the College. Expense is sometimes a consideration in the ability to change a photograph; usually an inventory of printed publications must be exhausted before the change can be implemented.

Supervisory Role of the Institution over Student Activities

While Sandhills Community College takes very seriously its commitment to creating an atmosphere that encourages maximum student self-governance and a range of stimulating activities, the College is also mindful of its responsibility to oversee student life in a responsible and proactive fashion. The supervision of student activities is a function of the Division of Student Services. The Vice President of Student Services charges the Director of Student Life to direct student activities and serve as advisor to the Student Government Association (SGA). The Advisor attends all SGA meetings and sponsored activities and serves as a liaison between the SGA and the Vice President of Student Services. A description of the supervisory role of the SGA Advisor over the SGA and student activities is found in the Student Government Association Constitution and Bylaws.

The SGA is the official sanctioning body for all campus clubs and organizations. The SGA Constitution and Bylaws notifies students of their responsibility in initiating and participating in a student club or organization, which must be recognized as such in order to be permitted to use college facilities. Each club or organization has a full-time faculty or staff member who serves as advisor and meets regularly with the group. Additional information may be found in the Student Club and Advisor Handbook which may be obtained through the Director of Student Life.

Student activities at Sandhills Community College are evaluated regularly through student surveys and Campus Labs/Engage student participation data. Results provide insight into student needs, interests, satisfaction, and level of participation. These insights are used in determining and planning appropriate student activities.

Student Fundraisers

All student fundraiser events must be approved by the Director of Student Life prior to the event. Proper scheduling will help prevent the possibility of two events occurring on the same day. Activities on campus, including requests for donations or funds, must be submitted in writing using the Fundraising Request Form via Engage (<http://sandhills.campuslabs.com/engage/>). Before approval is given for soliciting prizes, funds, or donations from the public, the Director of Student Life will consult the Sandhills Community College Foundation Office to ensure the activity relates directly to the purpose of the College and does not conflict with other fundraising activities or plans (More information is available under “Fundraising Procedure” in the Club Handbook.)

Student Life

There is something special for everyone at SCC. Sandhills Community College sponsors a wide variety of organizations and clubs designed to enhance the educational opportunities available to our students. If you do not see a club that interests you and would like to know more about starting a new club on campus, contact our Director of Student Life at 910-695-3858.

ACES (The Architecture, Construction, Engineering and Surveying Club)

- Ed Spitler, Little 163, 695-3797, spitlere@sandhills.edu
- Matthew Sheffield, Little 170, 246-4940, sheffieldm@sandhills.edu
- Lindsay McManamon, Little 167, 695-3799, mcmamanonl@sandhills.edu

The Architecture, Construction, Engineering and Surveying Club, otherwise known as the ACES Club, extends learning opportunities about these and other related fields outside of the classroom. Each year, the ACES members participate in the Experience Industry Project, through which students explore exciting projects and sites related to their industries. Students have toured the Washington Nationals Baseball Stadium construction, the Freedom Tower construction, the Brooklyn Bridge, the Smithsonian Air & Space Museum, the Skyscraper Museum, the Hoover Dam, the Chunnel, the Big Dig, as well as many other interesting sites.

Alliance for Black Culture (ABC)

- Jeffrey Quick, Stone 113, 695-3787, quickj@sandhills.edu
- Kimberly Aliago, Stone 115A, 695-3738, aliagok@sandhills.edu
- Tonelli Hackett, Stone 228, 695-3737, hackettto@sandhills.edu

The Alliance for Black Culture (ABC) promotes global diversity, equity and inclusion starting with our community. All races are cordially invited to join this organization. We strive to service our community, learn about Black history and culture, and increase success of Black graduate at Sandhills Community College.

Athletics

- **Mike Apple, Dempsey 107, 246-2864, apple@m@sandhills.edu**

Sandhills Athletics works to support the mission and purpose of Sandhills Community College. As a member of the National Junior College Athletic Association (NJCAA), SCC athletics provide opportunities for development and competition that support the educational goals of the College. Athletics were founded to serve the individual student as well as to enrich the college environment for all students, faculty, and staff. The Athletics Department works with students to promote leadership and involvement within our community through public service outreach. The Flyers have won NJCAA regional and district titles in volleyball, men's basketball, men's and women's cross country/track and field, and men's and women's golf. The Flyers have won national titles in men's basketball and men's golf. While many of our athletes will likely continue competing at a four-year college or university, it is our purpose to inspire all student athletes to better themselves academically, socially, and physically.

Chess Club

- **Daniel Regalado, Logan 208, 246-4946, regaladod@sandhills.edu**

The SCC Chess Club provides an opportunity for students to socialize, learn, and grow through playing chess. Alongside regular meetings, the Chess Club also hosts opportunities for students to teach the game of chess to their fellow peers and holds chess tournaments (for charity). Our main objectives are to teach, learn, and to play chess – and to help people out along the way.

Circle K Club

- **Tammy Stewart, Boyd 107, 695-3821, stewart@sandhills.edu**

The SCC chapter of Circle K International will be a prominent, inclusive, and impactful student-led organization helping to improve the quality of life for the people in the Sandhills and SCC students through service, leadership, and fellowship.

Computer Technology Club

- **Paul Steel, Little 213, 695-3815, steelp@sandhills.edu**

The Computer Technology Club gives students the opportunity to meet others with similar interests in computer technology. The club facilitates communication, discussion and dispersion of information relating to computer applications, services and technologies. The club includes students from all areas of computer instruction offered on the campus including, but not limited to, computer programming, computer engineering, digital media, networking, and simulation and game development. Club members are encouraged, through outreach programs, to give back to the SCC campus community and the Sandhills community at large. Above all else this club is open to all who WANT to know more....

Creative Writing Club

- **Renee Whitmore, Logan 133, 695-3867, whitmores@sandhills.edu**

The Creative Writing Club is all about writing creatively. Writing is one of those niche interests that only a small percentage of people take part in. As such, finding like-minded individuals who share a literary passion can be a challenge. The Creative Writing Club makes that challenge negligible. All that a literature-loving student will have to do to get involved with other writers is join up! Members of the club will be given the opportunity to share their work with others, and, naturally, have others' work shared with themselves. Peer reviews have been instrumental in my come-up as a writer, and it goes both ways. When my work is analyzed, I get to see what I did right and what I did wrong; perfect information for improvement. When analyzing another's work, I get to see what they did right and what they did wrong; perfect information for improvement.

CRU

- **TBA**

CRU is a caring community passionate about connecting people to Jesus Christ. The purpose of CRU is helping to fulfill the Great Commission in the power of the Holy Spirit by winning people to faith in Jesus Christ, building them in their faith and sending them to win and build others and helping the body of Christ to do evangelism and discipleship through a variety of creative ways.

C-Step Club

- **Matthew Dial, Meyer 218, 695-3960, dialm@sandhills.edu**

Students that are accepted into the UNC-CH Student Transfer Excellence Program (C-STEP) at Sandhills Community College are eligible to be members of this organization. The club will educate student interested in applying to the program, provide support to students currently in C-STEP, and participate in campus and community events to provide leadership opportunities for members.

Fellowship of Christian Athletes

- **J.P. Easterly, McKean 117, 695-3812, easterlyj@sandhills.edu**
- **Lauren Easterly, Logan 216, 695-3855, easterlyl@sandhills.edu**

FCA is a Christian community that is led by those who serve FCA's mission as its representatives, including all of FCA's directors, officers, employees and volunteer leaders, each of whom is an integral part of the community (and are described in this Manual as "FCA representatives"). Both of FCA's mission and the association of FCA's representatives are an exercise and an expression of FCA's Christian beliefs. The mission of the Sandhills Community College Fellowship of Christian Athletes is "to present to athletes and coaches, and all whom they influence, the challenge and adventure of receiving Jesus Christ as Savior and Lord, serving Him in their relationships and in the fellowship of the church."

Flying Club

- Keith Davies, Little 243, 693-2076, daviesk@sandhills.edu

The purpose of the club is to provide SCC students access to a growing industry and bridge the gap between the establishes Ground Training Aviation Program at SCC and Flight Training opportunities. The club will educate students on how to take their ground training learned at SCC to the skies and connect them with local Flight Training facilities.

GST*A (Gay, Straight, Transgender Alliance)

- Sue Senior, Kennedy 145, 695-3922, seniors@sandhills.edu
- Jami Dandridge, Stone 126, 693-2072, dandridgej@sandhills.edu

GST*A is a support group for the LGBT community and allies. The club offers a unique setting in which students, faculty, and staff at SCC can share their true identities. We offer support through weekly meetings as well as scheduled activities throughout the Fall and Spring semesters. GST*A participates in many of the events held on campus to ensure that SCC maintains a friendly and helpful space for all people attending the college as well as people residing in the community. GST*A also supports numerous campus events as well as promoting awareness and education that pertain to LGBT issues.

Health & Fitness Club

- Shelby Basinger, Blue 109, 246-4961, basingers@sandhills.edu

The SCC Health & Fitness Club helps to gather individuals who appreciate fitness and living a healthy lifestyle. In this club individuals are encouraged to share their ideas and new information that will help to improve the overall health of the group and those around them. Students of all levels/abilities are encouraged and welcomed to join.

Horticulture Club

- Hilarie Blevins, Steed 209, 695-3885, blevinsh@sandhills.edu

One of the oldest and most renowned organizations on the SCC campus is the Sandhills Horticulture Club. The club's primary purpose is to provide a vehicle to support outside activities and competitions in which the Landscape Gardening students participate. The club hosts special events such as bedding plant sales and other creative projects to support student trips, competitions, and student career days.

Intramurals

- Ryan Riggan, Dempsey 232, 246-4121, rigganr@sandhills.edu

Interested in starting a club sport? Club sports that have been popular in the past include soccer, tennis, and sand volleyball. Sandhills club sports are student

led meaning students assume the role of captain or co-captain and assist with the recruitment of other students to play. Students of all levels/abilities are encouraged to start a sport and/or participate.

Lacrosse Club

- Dr. Laura Hill, Van Dusen 224, 695-3770, hill@sandhills.edu
- Michael Sassano, Little 153, 695-3940, sassanom@sandhills.edu

The purpose of the Lacrosse Club is to provide opportunities for students to learn and develop an appreciation for the game. The club is inclusive and wants to support the development of anyone who is interested in learning more about lacrosse with the goal of growing the game on campus and generating greater campus and community awareness.

Latin X

- Bill Pope, Van Dusen 220, 246-4978, popew@sandhills.edu

Latin X is a club dedicated to raising awareness about the Latin X and Hispanic culture by providing resources for our campus community. Club participants do not need to identify as Latino/a/x in order to join as we aim to actively participate in the expression and inclusion of diversity among campus. The club welcomes anyone and everyone! Our objective is to educate the student body on traditions and cultures they may not be familiar with, along with raising awareness and celebration for marginalized groups on campus.

Phi Theta Kappa – Alpha Tau Beta

- Jackie Babb, Little 207, 695-3802, babbj@sandhills.edu
- Scott Robinson, Little 206, 695-3869, robinsons@sandhills.edu

Phi Theta Kappa is the international honor society for two-year colleges. Membership is available to students by invitation only and requires a 3.7 GPA based on 16+ hours of college credit courses (100 level or higher) in a degree-granting program. Invitees who choose to join are inducted in the spring or fall semesters. The hallmarks of Phi Theta Kappa are scholarship, leadership, fellowship, and service. Kappans serve as hosts for the college lecture series, as marshals at graduation, and as assistants with on campus activities.

Radiography Club

- Robin Garner, Kennedy 158, 695-3916, garnerr@sandhills.edu

The Radiography Technology Club includes students that are enrolled in SCC's Radiography Program. Club members are encouraged to give back to the community through school and community sponsored events. Club members also host fundraisers to support workshops and attendance at State Radiography conferences, where students are encouraged to network, build relationships with peers, reach for higher professional goals, and support patient safety initiatives. This club provides opportunities for students to get involved in school, community, and professional initiatives to give back and raise standards affecting

our healthcare profession. Students host fundraising events to provide funding for NCSRT conference and ARRT Registry preparation.

Sandhills Association of Nursing Students

- TBA

The Sandhills Association of Nursing Students (SANS) seeks to introduce participants to the nursing profession through their professional organization and to provide a setting for professional socialization. Active membership is available to all ADN (Associate Degree Nursing) students. SANS also promotes and encourages participation in community affairs and activities related to improving healthcare. SANS provides opportunities for state and national networking with their professional organization. Fundraisers, service projects, social events, educational programs, and mentoring and recruitment opportunities are all part of the experience available to SANS members.

Student Government Association

- Dana Cuellar, Dempsey 223, 695-3858, cuellard@sandhills.edu

The student activities program at SCC is sponsored by the Student Government Association. Members of the SGA make a concerted effort to provide students with cultural, social, recreational, and service-oriented experiences. Activities sponsored by the SGA include free food days, national days, the annual Fall Fest and Spring Fling, holiday festivities, exam fuel during exams, student accident insurance, and scholarships and awards. The SGA is always looking for new ideas and is the students' voice at SCC.

Students for Life

- Ginny Ferguson, Steed 114, 695-3885, fergusonv@sandhills.edu

Members of Sandhills Students for Life work to save lives threatened by induced abortion, euthanasia, and the destruction of human embryos for research. In furtherance of these goals, members seek to promote respect for life at Sandhills and on a local, state, and national level, to educate on life issues, to help those in need so that life is a promising choice, and to work with others who share common goals.

Tennis Club

- Alicia Riggan, Dempsey 114, 246-4122, riggana@sandhills.edu

The Sandhills Tennis Club provides an inclusive environment where students can feel welcome while enjoying the game of Tennis. College life can at times seem overwhelming and every now and then college students may feel the need to have a break from their typical school day. The tennis club is open to all students regardless of experience in playing tennis.

Veterans Club

- [Emily Davis, Stone 221A, 695-3732, davise@sandhills.edu](mailto:davise@sandhills.edu)

Sandhills Community College Veterans Club, SCCVC, is a community first focused organization, organized with similar interest students to provide a common sense of esprit de corps amongst Southern Pines, Pinehurst, West End, and Carthage. Volunteer opportunities include hospitality services conducted at the Lee County Veterans Affairs Clinic in Sanford, NC, Community Beautification Drives, Volunteer opportunities at First Health of the Carolinas in Pinehurst, NC, and Weekend Training Clinics. This club works in conjunction with the Veterans department at Sandhills Community College and is in place to guide and encourage recently separated veterans to participate in career bettering opportunities in their community.

STUDENT CONDUCT

Student Conduct in the Instructional Environment

Faculty teaching courses for Sandhills Community College and students taking courses at Sandhills Community College have the right to an instructional environment that is conducive to study, thought, and full concentration on study topics selected by the instructor. It is expected that students conduct themselves in a manner that does not disrupt the learning and teaching environment. The faculty and administration reserve the right to remove a student from a course or a program or to deny his or her admission to a course or a program if the student's behavior is determined to be detrimental to the teaching environment.

The Sandhills Community College faculty, staff, and administration expect student behavior that assures an instructional environment:

- where students arrive and depart on time,
- where there is no disruptive behavior,
- where the rights of others are respected and where students treat each other with politeness and respect,
- that is free from menacing or threatening language or disrespectful behavior directed at either the professor or other students,
- where a student's attire is within the generally accepted bounds of good taste and does not disrupt the learning process, and
- where students are allowed to bring guests (including children) only with the expressed permission of the professor.

Part of Sandhills Community College's responsibility is to prepare students for the world of work, where they will be expected to dress appropriately. Students at Sandhills are therefore expected to dress in a manner that reflects generally accepted standards of modesty and good taste. Faculty members have the right to establish dress standards for their classrooms, and — after appropriate counseling — to ban or remove students who do not meet those standards.

In certain educational settings, such as work-based learning, practicum courses and clinical, student grades are determined, at least in part, based on student behavior. Therefore, violation of the student code of conduct may result in a failing grade as outlined in individual program handbooks.

Student Code of Conduct

Students are adults and are, of course, expected to know what constitutes “acceptable” behavior. The College prefers to emphasize counseling and guidance in promoting good student conduct. However, when this approach fails, our only option is disciplinary action. If a student has any questions concerning appropriate conduct, he/she should see a college counselor, the Vice President of Instruction or the Safety and Student Conduct Officer (curriculum students), Associate Vice President for Continuing Education and Workforce Development (continuing education students), or the Associate Vice President of the Hoke Center (Hoke Center/SandHoke students).

Sandhills Community College reserves the right to deny admission or readmission to students whose presence on campus is construed by the administration as harmful or potentially harmful to Sandhills Community College students, faculty, and/or staff. Moreover, Sandhills Community College may refuse to admit any applicant **during any period of time that the student is suspended or expelled from any other education entity**. Students admitted to the College must adhere to the Student Code of Conduct, which prohibits conduct that impairs significantly the welfare or the educational opportunities of others in the college community. The college may disclose educational information (which includes disciplinary information/records) with postsecondary institutions where the student seeks to enroll, intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student’s enrollment or transfer. Students may request a copy of their records by contacting the Vice President of Enrollment Management.

The Student Code of Conduct has one purpose: to ensure the existence at Sandhills Community College of opportunities and conditions that are conducive to effective learning, teaching and living together. This document is the product of the cooperative thought and dialogue of students, instructors and administrators of the College.

The following Code of Conduct applies to all students enrolled in courses with Sandhills Community College. The code should not be considered an exclusive list of acceptable and unacceptable behavior.

1. Each student is held responsible for information in the college Catalog and Student Handbook published online at www.sandhills.edu.
2. Students who lose, damage, deface, destroy, sell, vandalize, or otherwise dispose of college property placed in their possession or entrusted to them will be charged for the full extent of the damage or loss and are subject to disciplinary action.
3. Under no conditions will students be in possession of alcoholic beverages, narcotics, or illicit drugs on college property or at college sponsored events on or off campus. This includes athletic events, field trips, and conferences. Students under the influence of or possessing alcohol or drugs will be in violation of this policy and subject to disciplinary action. The College will comply fully with local and state laws concerning the possession of and/or sale of alcohol and drugs. In addition, students might not be able to receive federal student aid if they are or have been convicted of selling or possessing illegal drugs, if the drug offense for which they are/were convicted occurred while they were receiving federal student aid. To regain eligibility, students must provide to the Safety and Student Conduct Officer documentation of a

- minimum of six months rehabilitation and an ongoing plan to remain drug or alcohol-free.
4. Acts such as stealing, fraud, forgery, falsifying documents, gambling, fighting, and destruction of property will not be permitted. Any violation of this regulation may result in expulsion from the College on the FIRST offense.
 5. Under no condition will the possession of a dangerous weapon, including but not limited to handguns, be permitted on college property. Such acts of possession may result in expulsion from the college on the first offense.
 6. The College will comply fully with existing North Carolina laws that make possession of firearms or explosives on campus a Class I Felony and ALL weapons on campus unlawful. Sandhills Community College will immediately report ANY and ALL violations to local authorities.
 7. In the interest of protecting students, faculty, staff, or property from harm, the College reserves the right to take disciplinary action in response to behavior off-campus that violates college expectations and policies or could be detrimental to the College.
 8. Smoking is permitted only in the following locations on the main campus: Picnic Shelter near Causey Hall; and parking lots. The use of tobacco is prohibited by students, staff, faculty, or visitors in all campus buildings at all campus locations and in any college owned vehicles. For purposes of this policy, tobacco is defined as any type of tobacco product including, but not limited to, cigarettes, cigars, cigarillos, e-cigarettes, pipes, smokeless or spit tobacco, or snuff.
 9. Students are not to bring children, or anyone not enrolled to class except under exceptional circumstances and with prior approval of the faculty member.
 10. Pets, except for service animals, are not allowed on campus to include classrooms.
 11. All vehicles must be properly registered, display appropriate stickers, and abide by posted and announced parking and traffic regulations. Violators of traffic and parking regulations are subject to fines, wheel locks, towing, or possible revocation of campus parking privileges. Student records may also be withheld until fines are paid.
 12. Fiscal irresponsibility such as failure to pay college-levied fines, failure to repay college-funded loans, or the passing of worthless checks to college officials is subject to disciplinary action.
 13. True threats directed at a student or faculty/staff member are prohibited. Any or all verbal, written, or physical injury from violence to oneself or others will be taken seriously.
 14. Prospective students visiting campus must report to Student Services or the Continuing Education Division upon arrival. Those failing to do so may be asked to leave.
 15. The Dempsey Student Center and other campus facilities are for student use and for authorized activities. Thus, unauthorized individuals may be asked to leave.
 16. All curriculum students are required to have and to carry a student ID. Students may be asked to show their ID at random. Failure to comply may result in disciplinary action.
 17. Language or behavior that is harassing that rises to the level of severe or pervasive is prohibited by Sandhills Community College.
 18. Faculty and students at Sandhills Community College – on the main campus or off-campus locations, including online – have the right to an instructional environment that is conducive to study, thought, and full concentration on study topics. Student behavior that substantially disrupts learning and

- teaching activities--including unauthorized use of technology--will be subject to disciplinary actions.
- 19Part of Sandhills Community College's responsibility is to prepare students for the world of work, where they will be expected to dress appropriately. Students at Sandhills are therefore expected to dress in a manner that reflects generally accepted standards of modesty and good taste. Faculty members have the right to establish dress standards for their classrooms, and – after appropriate counseling – to ban or remove students who do not meet those standards.
- 20f, in the opinion of college officials, clothing and/or behavior (including droops or the presence of gang colors, signs, and/or symbols) is deemed obscene or incites an immediate breach of peace, sanctions may be imposed immediately.
- 21For the safety of all concerned, the college campus is open during the following hours: Monday through Thursday, 6 a.m. to 12 a.m.; Friday, 6 a.m. to 10 p.m.; Saturday, 7 a.m. to 7 p.m.; Sunday, 7 a.m. to 5 p.m. The college is closed during holidays and times not listed above, except for special events. Students using classrooms and laboratories after scheduled class hours must obtain prior approval from the appropriate faculty/staff member.
- 22Failure to abide by the SCC Acceptable Use Policy for Information Technology Resources may lead to disciplinary action, including loss of computer privileges, dismissal from the College, and/or criminal prosecution. The college expects and requires ethical and responsible behavior of individuals using information services.
- 23Providing false information or fraudulent documents to college officials or procuring any money, goods, or services under false pretense is prohibited.
- 24Rudeness and lying to school officials as well as failing to comply with instructions of college officials acting in performance of their duties are subject to disciplinary action.
- 25Coed accommodations on any club, class, or SCC sponsored trip is prohibited in the interest of civility, privacy, and safety.
- 26For the student's and public's safety, wheeled vehicles, to include but not limited to mopeds, bicycles, roller skate/blades, skateboards, hoverboards, etc., are prohibited for use on sidewalks and pedestrian walkways. Failure to comply may result in disciplinary action.
- 27Any and all other offenses that may need the attention of the Safety and Student Conduct Officer or Vice President of Instruction (all curriculum students), the Associate Vice President for Continuing Education and Workforce Development (all continuing education students), or the Associate Vice President of the Hoke Center (all students taking classes at the Hoke Center) are subject to this code.

Student Code of Conduct - Academic Honesty

Sandhills Community College believes that the pursuit of knowledge requires honesty. Academic dishonesty includes but is not limited to the following:

1. Copying the work of another.
2. Collaboration: Working with another person on a test, examination, or paper without expressed authorization and without indicating that collaboration has occurred.
3. Plagiarism: The representation of the work of another person as one's own; the failure to cite the source of an idea, information, or words that come from someone other than the author of the paper or the exam.

4. Use of books, notes and/or electronic devices in examinations without the explicit permission of the professor.

Penalties for academic dishonesty may include the following:

1. Zero grade on the test or assignment on which cheating occurs.
2. Failing grade of an F or FW for the course depending on the point in the semester as well as immediate dismissal from the course.
3. For repeated breaches of academic honesty, a student may be suspended or expelled from the college.

When a student is accused of academic dishonesty, the resolution of the accusation is between the professor and the student. If the solution is unsatisfactory, there is an inherent right to appeal, however, while the accusation of academic dishonesty may be appealed, the penalty may not. The appeal shall be in accordance with the Student Grievance Procedure.

Student Code of Conduct - Veteran Affairs

Beneficiaries, any individuals entitled to receive VA education benefits, are expected to remain in compliance with Sandhills Community College's Student Code of Conduct. In addition to faculty and administration reserving the right to remove a student from a course, a program of study, or deny his or her admission to a course or a program of study, the Department of Military & Veterans Affairs has the right to execute appropriate disciplinary actions towards any beneficiaries found out of compliance with the college's Student Code of Conduct. This may include termination of existing enrollment certifications. Beneficiaries are expected to respect all personnel and conduct themselves in a manner that does not disrupt the working environment.

Disciplinary Procedures

1. Report of offenses: Students, faculty members, staff or administrators should immediately report incidents that violate the Student Code of Conduct to the Safety and Student Conduct Officer or the Vice President of Instruction (all curriculum students), Associate Vice President for Continuing Education and Workforce Development (continuing education students) or Associate Vice President of the Hoke Center (all students taking classes at the Hoke Center). When possible, the report should be documented through the Report a Concern icon on the homepage (via the Tools tab on the top left section of the homepage).
2. The Safety and Student Conduct Officer/Vice President/AVPs will confer with all parties involved and decide on one of the following options:
 1. To declare the case closed immediately for lack of evidence and to notify in writing the accused and the accuser.
 2. To refer the case to the Behavior Intervention Team (BIT) for review and recommendation.
 3. To issue warning that repeated violation of the Code of Conduct may necessitate further disciplinary action.
 4. To reserve the right to deny admission or readmission to any student whose presence on campus is disruptive to other students.
 5. To invoke penalties. A student may be placed on probation, suspended, or expelled from the College for conduct or personal behavior that is in violation

of the Student Code of Conduct. The Safety and Student Conduct Officer/Vice President/AVP will, in writing, identify the claimed misconduct and present a statement of any penalty imposed. There is an inherent right to appeal. The appeal shall be in accordance with the Student Grievance Procedure.

6. As a general rule, the status of a student accused of a violation of these regulations should not be altered until a final determination has been made in regard to the charges. Interim suspension may be imposed, however, upon a finding by the appropriate institutional official that the continued presence of the accused on campus constitutes an immediate threat to the physical safety and well-being of the accused or any other member of the institution's community or its guests, poses a threat of destruction of property, or shows a potential for substantial disruption of classroom or other campus activities.

Student Grievance

Student grievance is defined as a matter of student concern or dissatisfaction within the control of the College. Items that do not fall under the Student Grievance Procedure include:

- Academic matters including grades, attendance policies, course and academic program dismissal which fall under the Academic Grievance procedure.
- matters involving Title IX, which are addressed elsewhere in this Catalog and published online at www.sandhills.edu;
- residency classification, which is subject to the residency appeal process outlined by the North Carolina Residency Determination Service (RDS); and
- Financial Aid awards and eligibility, which is subject to review by the Financial Aid Appeals Committee with a final ruling by the Vice President of Student Services.

Student Grievance Procedure

The purpose of the Student Grievance Procedure is to assure students of Sandhills Community College that their grievances will be considered fairly, rapidly, and in a non-threatening atmosphere. This process is designed to be used by students - not their surrogates. In keeping with the college practice of addressing all grievances informally prior to resorting to formal procedures, it is expected that, prior to embarking on the formal Student Grievance Procedure, students will initially address problems and matters of concern informally with the faculty and/or staff members involved.

However, the College recognizes that not all student grievances will be satisfactorily settled on an informal basis. Therefore, this Student Grievance Procedure has been adopted and applies to all appeals of disciplinary actions, appeals regarding student records and privacy rights. Appeals based on charges of discrimination will be handled by the Title IX coordinator in Human Resources. Students should follow these procedures first in all applicable situations.

Any student electing initially to pursue a grievance outside of these procedures has thereby waived the ability to pursue his or her grievance hereunder. A complete copy of the Student Grievance Procedure may be obtained from the Student Conduct Officer, Vice President of Instruction, or the SCC website.

Student grievances resulting from academic practices or learning environment activities other than disruptive student behavior should be referred to the

attention of the Student Conduct Officer (curriculum students), Associate Vice President for Continuing Education and Workforce Development (continuing education students), or Associate Vice President of the Hoke Center (Hoke Center students) after the student has met with the faculty member or department chair and attempted an informal resolution of the problem.

Student grievances that affect an individual's welfare and are not directly related to academic or classroom activities of the College should be brought to the attention of the Student Conduct Officer (curriculum students), Associate Vice President for Continuing Education and Workforce Development (continuing education students), or Associate Vice President of the Hoke Center (Hoke Center students) after the student has made every effort to resolve the problem in an informal basis through conversation with the individuals involved.

Student Grievance Procedure Steps

- 1. Informal Resolution:** In non-academic disciplinary issues initiated by the student of the college, the informal grievance procedure begins with a meeting with the Student Conduct Officer, Associate Vice President of Continuing Education and Workforce Development, or the Associate Vice President of the Hoke Center (all Hoke Center students). In academic disciplinary issues, the student must meet with the instructor and department chair and, if needed, the Vice President of Instruction to seek an informal resolution. If a satisfactory informal resolution is achieved at any point, the grievance process stops.
- 2. Formal Resolution:** If an informal resolution is not achieved, the student may elect to pursue a formal grievance.
 - The student obtains the Grievance Appeal Form using the eForms icon located on the MySCC Student Portal landing page. Within the eForms portal, the student should select Etrieve Central, select Forms, and then choose the Grievance Appeal Form within the Student Affairs section.
 - When completing the Grievance Appeal Form, the students must select whose decision they are appealing (Student Conduct Officer, Associate Vice President or Continuing Education and Workforce Development, Associate Vice President of the Hoke Center (all Hoke Center students), or Vice President of Instruction). Additionally, they must provide the nature of their appeal.
 - Students must submit the Grievance Appeal Form within three (3) business days of the Student Conduct Officer, Associate Vice President of Continuing Education and Workforce Development, Associate Vice President of the Hoke Center (all Hoke Center students), or Vice President of Instruction's resolution decision.
- 3. Student Grievance Committee Hearing:** Upon submission of the Grievance Appeal Form by the student, the form is routed to the Student Grievance Committee Chair.
 - The Student Grievance Committee reviews the appeal, meets with the student (and others) if applicable, and renders a decision within ten (10) business days. (The Student Grievance Committee may choose to discontinue a hearing if the student fails to attend two or more scheduled meetings.)

-
4. **President's Review:** Based on the decision of the Student Grievance Committee, the student may elect to continue the appeal to the College President
- Students intending to appeal to the College President must submit the Grievance Appeal Form within three (3) business days of being notified of the Student Grievance Committee's decision.
 - The College President reviews the appeal, meets with the student (and others) if applicable, and renders a decision within ten (10) business days.
 - The President's decision is final.
5. **Final Resolution:** The College President will indicate the final decision on the Grievance Appeal Form.
1. • Upon making the final decision, the Grievance Appeal Form will route back to the student's college email inbox notifying the student of the final resolution decision and effectively ending the student grievance procedure steps.

Academic Grievance

Student grievances resulting from academic practices or learning environment activities should be referred to the attention of the Vice President of Instruction (curriculum students), or Associate Vice President for Workforce Continuing Education (continuing education students) after the student has met with the faculty member or department chair and attempted an informal resolution of the problem.

Curriculum: In academic disciplinary issues in curriculum courses, the student must meet with the instructor and department chair, and if needed, the Vice President of Instruction to seek a resolution. Based on the decision of the Vice President of Instruction, the student may elect to continue the appeal to the Senior Vice President of Academic Affairs and Institutional Planning. If a satisfactory resolution is achieved at any point, the academic grievance process stops. The Senior Vice President's decision is final.

Workforce Continuing Education: In academic disciplinary issues in workforce continuing education courses, the student must meet with the instructor and program director, and if needed, the Associate Vice President of Workforce Continuing Education to seek a resolution. Based on the decision of the Associate Vice President of Workforce Continuing Education, the student may elect to continue the appeal to the Vice President of Workforce Continuing Education. If a satisfactory resolution is achieved at any point, the academic grievance process stops. The Vice President's decision is final.

Sexual Harassment Policy

Sexual harassment is unacceptable behavior and a violation of the law. Language or behavior that is sexually harassing and rises to the level of severe, persistent, and pervasive is prohibited by Sandhills Community College. The College prohibits any form of harassment of employees and/or students based upon age, race, sex, color, creed, handicap/disability, religion, national origin, political affiliation, gender identity, genetic information, and marital status. Students have the responsibility to bring any such incident (via written as well as verbal report) to the attention of an administrator so that the matter can be resolved informally. Curriculum students should contact the Safety and Student Conduct Officer; Continuing Education students should contact the Associate

Vice President of Continuing Education and Workforce Development; students at the SCC Hoke Center should contact the Associate Vice President of the Hoke Center. The administrator will then contact the Title IX coordinator in the Human Resources Department. Any student who feels uncomfortable going to the Safety and Student Conduct Officer or AVPs should go directly to Human Resources Office or the Executive Vice President. Grievances regarding sexual harassment will be handled by the Title IX coordinator and Title IX investigators.

There are two categories of sexual harassment:

1. Sexual harassment in which a person in authority makes sexual demands upon another individual in exchange for favors, and
2. Sexual harassment in which a hostile or uncomfortable college environment is created by unwelcome or offensive sexual conduct.

Thus, it is important to understand that sexual harassment does not require physical contact. A hostile environment may be created by, but certainly is not limited to, the following unwelcome and offensive behaviors: repeated and unwelcome sexual advances, comments, contact, jokes, flirtations or any abuse of a sexual nature.

Students may reference information about sexual violence on the Safe at SCC website, <http://www.sandhills.edu/title-ix>.

CAMPUS POLICE AND PUBLIC SAFETY

Traffic Rules and Regulations

All students, faculty, and staff are required to adhere to all rules and regulations related to vehicle use on campus. The complete guide to those rules and regulations can be found on the SCC Homepage under the quick links to Security.

Automobile Registration

All students who park vehicles on campus must register their vehicles at the time of course registration. The cost of parking stickers is included in the student fees payable at registration.

Parking Regulations

Students are required to park in paved parking spaces that are not reserved for visitors or for faculty/staff. Reserved parking applies to vehicles 8 a.m.-3 p.m., Monday-Friday, after which time anyone may park in these spaces. This does not apply to visitor parking. A one-hour time limit applies to all visitor spaces. When paved parking spaces are filled, the College will provide designated unpaved areas for temporary student use. Restricted parking, including handicapped parking, is marked with appropriate signs.

Parking Permit

All students are required to obtain a permit that enables them to park at the College. Students must register for the permit through the MySCC page prior to pick up in the Dempsey Center. **The permit must be affixed to the left rear bumper or displayed in the left rear window of the vehicle.** This permit will also enable staff to notify the student in the event of an emergency (e.g., **someone hits the car**). If a student temporarily drives a vehicle without a permit, he/she must obtain a temporary permit from the switchboard receptionist in Dempsey Hall. Vehicles parked on campus without permits will be in violation. Repeated violations of the campus parking regulation will be considered an offense of the Student Code of Conduct. Disabled students may receive handicapped parking permits after presenting appropriate DMV documentation to the campus switchboard receptionist. Campus parking lots have designated areas for the disabled.

Temporary Parking

For the first few days of the fall/spring semesters, staff members may need to direct vehicles into temporary parking areas. Students should follow the instructions given during this time period.

Parking Violations

Violations of parking regulations will result in fines and/or the vehicle's being towed. Violations that are potentially dangerous, such as speeding and reckless driving, are subject to disciplinary action in addition to any fines levied. Violations for which citations may be issued include, but are not limited to the following:

Fines

The Business Office is hereby authorized to collect a \$25.00 fine for any of the following violations:

- Parked in visitor space
- Parked in faculty space
- Parked in student space
- Failure to display current parking decal
- Failure to register vehicle
- Improper display of parking decal

The following violations shall be considered infractions. The Business Office is hereby authorized to collect fines at the rates noted below for any of the following violations:

Driving in a hazardous manner/ speeding/careless and reckless	\$100
--	-------

Driving wrong way in drives lane	\$50
Exceeding a safe speed	\$25
Failure to heed a stop or yield sign	\$25
Parking incorrectly in a parking space	\$25
Parked in driveway/access	\$50
Parking in manner creating a hazard	\$50
Parking in more than one space	\$25
Parked in no parking space/area	\$25
Parked in unauthorized/handicap space	\$100
Unsafe movement	\$25
Any traffic violation (not listed)	\$25

The student is responsible for any violation incurred by individuals who bring the student to campus. Payments of fines should be made to cashier in Stone Hall. Failure to pay parking tickets will result in the fines' being added to the student registration fees. **Persons who have received five (5) or more tickets may have the vehicle towed or may be subject to other disciplinary action.**

Identification Card

During registration, the student will need to obtain a student ID. An ID is required – the student must carry it at all times on campus! ID cards issued during a student's initial enrollment should be used during the student's entire academic career at Sandhills Community College. This card allows students to checkout library books, use the Learning Resource Computer Lab, use college equipment, and participate in SCC activities. Financial aid recipients will be able to purchase books more easily from the Logan Bookstore using an ID card. Curriculum students may receive one card per school year at no charge. A replacement card costs \$10. A paid receipt and a valid government photo ID or passport are necessary to have an ID made. ID cards are made 8 a.m.–9 p.m. Monday–Thursday and 8 a.m.–4 p.m. Friday in the Dempsey Student Center during fall and spring semesters. Students that are enrolled for the fall semester do not need to renew their card for the spring semester. **Please note:** Online students use their assigned student ID number to gain their password-protected user account that then allows them to access campus resources and services via electronic means. Online students are encouraged to obtain an ID card upon their first visit to campus.

Campus Crime

In accordance with the Student Right-to-Know, Campus Crime Security Act of 1990, and the Clery Act, SCC exhibits “zero tolerance” toward violence on campus, including sexual assault, aggravated assault, physical confrontations of any kind, verbal threats of intent to cause harm, harassment designed to intimidate another, hate crimes, robbery, burglary, and property crimes such as destruction, theft, and sabotage. The “Compliance” section of this Catalog provides more information.

Security and Access to Campus Facilities

The college campus is open during the following hours:

Monday through Thursday	6 a.m. to 12 p.m.
Friday	6 a.m. to 10 p.m.
Saturday	7 a.m. to 7 p.m.
Sunday	7 a.m. to 5 p.m.

The college is closed during holidays and times not listed above, except for special events. Students using classrooms and laboratories after scheduled class hours must obtain prior approval from the appropriate faculty/staff member.

Campus Law Enforcement Authority

Sandhills Community College retains its own police department. Campus police officers have full police powers on Sandhills Community College property and all public property immediately adjacent to the college property. Campus officers are responsible for all law-enforcement-related matters on campus property to include the enforcement of applicable North Carolina criminal and traffic laws.

Campus police personnel work closely with local, state and federal police agencies and have direct radio communication with Moore County “911.”

Emergency Services

Campus police, security and maintenance employees are the primary First Responders. They respond to campus emergencies such as injury, illness, fire, and tornadoes. In the event of an emergency, students and campus visitors should follow the instructions of college officials. In addition, emergency instructions are posted throughout the campus.

Reporting Crimes

Because the College operates in multiple venues, these specific instructions apply when reporting crimes.

- **Main [Moore County] Campus:** To report a crime/emergency, individuals should call 911. Sandhills Community College encourages accurate and prompt reporting of incidents.
- **Hoke Center:** During hours of operation all crimes/emergencies are to be reported to Hoke Center police Officer or the Associate Vice President of the Hoke Center (910-875-8589). After hours, individuals should contact "911."
- **Off-Campus Crimes:** Students in off-campus classes should follow the same procedures outlined above for reporting crimes. Immured students are encouraged to review and follow emergency procedures specific to their institution of residence. After College hours, individuals should call 911. Campus Police and Public Safety is to be notified of the details of the incident as soon as possible.

Investigation of Crime Reports

All reasonable efforts will be made to maintain confidentiality. Upon receiving the report, an investigation into the incident will begin immediately, involving Campus Police and Public Safety, who will determine if other law enforcement authorities should be involved. The Campus Police and Public Safety Director and the Chief Operating Officer will determine if a campus and/or community alert should be issued in the interest of public safety.

Students who participate in campus violence will be subject to disciplinary actions up to and including expulsion (as noted in "Student Code of Conduct"). There is an inherent right to appeal.

Documentation of Crime Reports

Campus Police and Public Safety will maintain a daily log documenting all crimes reported to Campus Police and Public Safety or other law enforcement agencies. The information found in this report shall be open for public knowledge within two business days, except when the release of the information is prohibited by law or would jeopardize an investigation or the victim's confidentiality.

Crime Statistics

In accordance with the Student Right-to-Know, the Campus Crime Security Act of 1990, and the Clery Act, the College is required to provide information about serious crimes on campus, as defined by the acts, which have occurred during the last three (3) calendar years. This report is updated annually to the U.S. Department of Education, in accordance with the law, in October of each year. Copies of the Campus Crime Statistics Report and Annual Security Report may be obtained by contacting the main campus switchboard ((910) 692-6185) or the

Associate Vice President of the Hoke Center ((910) 875-8589). Information can also be found online at www.sandhills.edu/security.

Sexual Assault Policy

In accordance with the U.S. Department of Education requirements of Section 485 of the Higher Education Act (also known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act [20 U.S.C. Section 1092]), SCC recognizes that sexual offenses, forcible and non-forcible, are violent, demeaning crimes and will not be tolerated. SCC will support this policy and increase awareness through educational prevention seminars, special literature, and counseling. Services and resources for victims will also be provided. The State Bureau of Investigation maintains a registry of convicted sex offenders that can be accessed online at www.sexoffender.ncdoj.gov. Students may reference information about sexual violence on the Safe at SCC website, <http://www.sandhills.edu/safety-security/what-is-sexual-assault/>.

Reporting Sexual Assault

The College encourages all victims of sexual offenses to report the incident as soon as possible. The College understands the sensitive issues involved with this type of crime; therefore, the following individuals may be contacted: Campus Police and Public Safety ((910) 695-3831 or "0"), Vice President for Continuing Education and Workforce Development ((910) 695-3767), Vice President of Instruction ((910) 695-3715), or Vice President of Enrollment Management ((910) 695-3714), who will also contact the Title IX coordinator in the Human Resources Department.

Individuals at the Hoke Center should follow the same procedures; however, they may feel more comfortable making the initial report to one of the following: Hoke Center Police Officer or the Associate Vice President of the Hoke Center ((910) 875-8589). Reports may also be made online on the website at <https://www.sandhills.edu/incident-reporting/>.

In an emergency or after hours, students should call 911. They should contact the designated college officials as soon as possible if assistance is needed. The College emphasizes the importance of preserving all evidence for the proof of a criminal offense.

Options: There are several options and resources for individuals who have been sexually assaulted. Seeking assistance does not require the victim to take further legal or disciplinary actions; it allows the victim to receive private and confidential treatment and emotional and psychological support. Students may reference information about sexual violence on the safety-security webpage, <http://www.sandhills.edu/safety-security/what-is-sexual-assault/>.

Disciplinary and/or Legal Actions Related to Sexual Assault

The process against the alleged assailant will begin immediately. An investigation will be conducted in a timely manner. All parties will be treated with confidentiality and respect. Both the accuser and the accused will be given equal opportunity to present their views of the incident. A determination will be made by the Title IX team. Both parties involved will be informed of the determination or outcome and will have the right to appeal. **With the final determination, the appropriate corrective actions will be implemented.** The College reserves the right to make changes to either party's academic situations if deemed necessary or if the request is a reasonable option. Disciplinary actions may include expulsion from the College. The College will retain as confidential all documentation of allegations, investigations, and determinations. In addition, both parties must maintain the confidentiality of all aspects of the incident, disclosing no information whatsoever without the written consent of the other party.

The college is required to inform both the accuser and accused in writing of the final results within one business day of the outcome of the investigation.

The victim has the option to report the assault to the appropriate law enforcement authority. Reporting an assault does not obligate the victim to proceed with legal prosecution. It is the victim's right to decide whether or not to continue with or to halt legal proceedings.

College personnel will assist the victim with whatever services or support is available, as appropriate.

Telephone Calls

The College cannot accept incoming calls for students except in extreme emergencies. Students should let their families know that, if a genuine crisis arises, Student Services is the office to call to contact that student. The College does not have a paging system; therefore, it is difficult to deliver messages to students. If a student has a child in daycare or school, it is essential to have an additional contact person listed with the daycare or school in the event that the SCC student cannot be reached.

Lost and Found

The switchboard receptionist in the Dempsey Student Center keeps all items found on campus. Students should see the College Receptionist in the Dempsey Student Center if they have lost any belongings while on campus.

Pets on Campus

The campus is not an appropriate place for the pets of students or for the pets of faculty/staff members. For the safety of the pets and the campus community, the College requires that pets not be on campus during regular hours of operation. In addition, pet owners should not leave unattended pets in vehicles during their time on campus. Pets, except for service animals, are not allowed in campus buildings.

Walking Track

For student and public safety, the track is for walking or jogging. Wheeled vehicles — mopeds, bicycles, roller skates/blades, skateboards, hoverboards, etc. — are prohibited.

Smoking Policy

Smoking is permitted only in the following locations on the main campus: Picnic Shelter near Causey Hall and parking lots. The use of tobacco is prohibited by students, staff, faculty, or visitors in all campus buildings at all campus locations, in any college-owned vehicles, or in other posted locations. For purposes of this policy, tobacco is defined as any type of tobacco product including, but not limited to, cigarettes, cigars, cigarillos, pipes, smokeless or spit tobacco, snuff, and “vaping” with e-cigarettes.

Inclement Weather

Decisions to close the College for adverse weather and other emergency situations will be made by the college administration. Missed classes and assignments will be made up in accordance with the best judgment of college officials and the guidelines promulgated by the North Carolina Community College System Office.

“Colleges have an obligation to deliver the instructional services for which students pay tuition and fees. Therefore, curriculum and continuing education classes that are missed or not held for any reason — including inclement weather — should be rescheduled or the instruction should be made-up by some other alternative. Alternatives may include extra class sessions, extended class sessions, individual conferences, or other options approved by the college’s administration. It is assumed that alternative arrangements for making-up missed class time will be made by the College.” NCCCS Numbered Memo March 8, 1996.

When severe weather forces a departure from regular scheduling, announcements will be posted on the SCC homepage and the MySCC page. Students enrolled in eLearning and hybrid courses are also notified via the Internet course delivery system (Open LMS). The College also notifies students of inclement weather via telephone or text message through its ReGroup system.

Students may also call the College at [\(910\) 246-2865](tel:9102462865) to hear a recorded message indicating whether the College will have a delayed opening or will be closed.

INFORMATION TECHNOLOGY

Information Technology Resources Acceptable Use Policy

Purpose

To enhance its educational, cultural, and economic missions in service to the community, Sandhills Community College provides students, faculty, staff, and community members with computers, tools, instruments, and facilities that provide access to campus and global information resources. The College expects and requires ethical and responsible behavior of individuals using information resources. This policy statement identifies acceptable uses of these resources and includes circumstances in which the interests and rights of others must be protected and preserved.

This procedure applies to all users including faculty, students, staff and visitors using College computing and network resources and to all systems owned by the College and any systems connecting to the College's network. Use of College systems signifies your understanding and agreement with these terms.

Information Technology

Information technology (IT) includes but is not limited to all computers, tools, instruments, or facilities which enable individuals to access or interact with information available through the library system, the internet, or local campus networks. Resources may be individually controlled or shared, stand-alone or networked. Included in this definition are classroom technologies, computing and electronic communication devices and services, email, telephones (including cellular), voice mail, multimedia, instructional materials, and related supporting devices or technologies.

User Agreement

By using College-supplied information technology resources, individuals, groups, or organizations agree to abide by all policies and procedures adopted by Sandhills Community College, as well as all current federal, state, and local laws. These include College policies and procedures against harassment, plagiarism, and unethical conduct, as well as local, state, and federal laws prohibiting theft, copyright infringement, insertion of malicious software into computer systems, and other unlawful intrusions. When individuals accept College issued user accounts, they agree to comply with this and all other computing related policies.

General Responsibilities

All users of the College's computing resources are presumed to have read and understood the following standards.

The College's information technology acceptable use standards require that each user:

- **Respect software copyright laws.** Software licensed by the College must only be used in accordance with the applicable license agreements.
- **Abide by all security provisions.** Users are not permitted to share authentication details or provide access to their college accounts to anyone else. The owner is responsible for all usage on their assigned account.
- **Respect the rights of others to have freedom from harassment or intimidation.** Sending abusive or unwanted materials is a violation of college policies, may violate the law and is prohibited. Targeting another person, group or organization to cause distress, embarrassment, injury, unwanted attention or other substantial discomfort is harassment. Personal attacks or other actions to threaten, intimidate or embarrass an individual, group or organization, or attacks based on a person's race, color, national origin, creed, disability, religion, gender, veteran status, sexual orientation, age, arrest record, or marital status are prohibited.

- **Identify yourself clearly and accurately in electronic communication.** Anonymous or pseudo-anonymous communications do not dissociate any user from responsibility for their actions and are inappropriate. Communication under a false name or designation or a name or designation which the user is not authorized to use, including instances in conjunction with representing that the user is somehow acting on behalf of or under the auspices of Sandhills Community College is prohibited.
- **Recognize the College reserves the right to access, review, and monitor the use of computing resources.** This includes but is not limited to equipment and usage, as well as the data that is stored or transmitted.
- **Observe proper online etiquette.** Online networks shall be used only as permitted by the College, only in accordance with applicable College policies and only for lawful purposes. Any conduct that in the College's discretions restricts or inhibits others from using an online network or violates College policies or applicable law is not permitted. Users are prohibited from posting on or transmitting through any online network any unlawful, harmful, threatening, abusive, harassing, defamatory, vulgar, obscene, profane, hateful, racially or ethnically demeaning or threatening or otherwise objectionable material of any kind, including without limitation, any material which encourages conduct that would constitute a criminal offense, give rise to civil liability or otherwise violate any applicable law or college policies. Transmission of chain letters and pyramid schemes of any kind are prohibited. Use of any online network to send unsolicited advertising, promotional materials or other forms of solicitation to others is prohibited. The College reserves the right to restrict and/or interrupt communications through or by use of any College computers or information technology services, which the College believes to be harmful to the College or to others.
- **Refrain from using applications that inhibit or interfere with the use of the network by others.** This includes but is not limited to applications which use an unusually high portion of network bandwidth for extended periods of time.

Enforcement

Violations of this policy shall be cause for discipline. Alleged violations of this policy shall be subject to the College's existing disciplinary procedures. Sandhills Community College treats access and use violations of information technology resources seriously. Unauthorized or improper use will lead to the possible revocation of a user's access. The College may also require restitution for any use which is in violation of the usage guidelines. Sandhills Community College will pursue criminal and civil prosecution of violators when appropriate.

Privacy

Users should recognize that limitations to the privacy of electronic documents. The College cannot guarantee privacy of any accounts. **Violation** of this policy grants the operator of the system the right to review a user's usage and waives all rights of privacy the user (including students, faculty, staff, and community members) may claim or may have. The College retains the right to release the names of users to appropriate authorities in accordance with college procedures.

Network Access

All equipment attached to the College network, including wireless networks, must be approved by the Chief Information Officer except in specifically identified public access areas.

Special Situations

Additional limitations or prohibitions may exist in departmental facilities. Individuals are responsible for adhering to these policies and observing posted guidelines. Refer all inquires to the specific department. In addition, all interactions outside the College are subject to the acceptable use policies of the outside agencies such as network access providers, telecommunications companies, or software developers.

The user agrees to indemnify and hold harmless Sandhills Community College, its Board of Trustees, and college employees from and against any claim, lawsuit, cause of action, damage judgement, loss, expense, or liability resulting from any claim, including reasonable attorney's fees, arising out of or related to the use of the College's hardware, software, and network facilities. This indemnity shall include without limitation, those claims based on trademark or service mark infringement, trade name infringement, copyright infringement, defamation, unlawful discrimination or harassment, rights of publicity, and invasion of privacy.

Establishing Procedures

Individual organizations within the College may establish and define procedures or conditions for use of information technology resources under their control. Established procedures or conditions must be consistent with this overall policy but may provide additional detail, guidelines, or restrictions. In addition, all interactions outside the College are subject to the acceptable use policies of the outside agencies such as network access providers, telecommunications companies, or software developers.

Please note: College adherence to NCCCS IIPS Information Security Manual (and any subsequent revisions): the College will reference the NCCCS IIPS Information Security Manual in developing any procedures related to employee use of system access and data management. The manual is housed in the office of the Chief Information Officer and Human Resources.

Intellectual Property, Copyright and Fair Use

As a public, non-profit institution, the College recognizes that its resources must be used for the express purpose of the college mission, must be allocated wisely, and must recover the cost for use of its resources. This policy supports the College's mission while it encourages and supports the intellectual property rights of the faculty, staff, and students at the College, including its facilities, equipment, and all other resources. Sandhills Community College complies with all federal and

state laws governing the educational use of copyrighted material. It is the policy of Sandhills Community College to comply with the U.S. Copyright Act of 1976. All Sandhills Community College faculty, staff, and students are expected to act as responsible users of the copyrighted works of others which includes making informed decisions based on the fair use exemptions to the copyright laws.

Sandhills Community College provides an environment that supports the academic activities of the faculty, staff, and students. The College encourages the development, writing, invention, and production of intellectual property designed to improve the productivity of the College and/or to enhance the teaching/learning environment. It is the intent of the College to maintain a positive atmosphere for scholarly development.

Definitions

As used in this Policy, the following words shall have the following meanings:

1. Intellectual property: Intellectual property is defined as intellectual and creative works that can be copyrighted or patented, such as literary, dramatic, musical and artistic works, computer software, multimedia presentations, inventions, etc. Intellectual Property includes any materials specifically created for use in a distance education course. These materials could include, but are not limited to study guides, software, videotaped lectures, databases, lectures, transparencies, visual aids, lab manuals, syllabi, bibliographies, glossaries, tests, assignments, course documents, and other instructional materials.
2. Copyrightable work: Copyrightable work includes all creative work that is protectable under the copyright laws of the United States or other countries. Copyright protection is available for most literary, musical, dramatic, and other types of creative works, including but not limited to computer software, teaching materials, multimedia works, proposals, and research reports.
3. Significant college support: Significant college support means the use of specialized, experimental equipment, or computer facilities; or the use of any College resource in a way that leads to an appreciable expenditure of college funds if that expenditure would not otherwise have occurred. Occasional use of office or classroom space, libraries, or general computer hardware and software will not ordinarily constitute significant use.

Please note that notwithstanding the following information and conditions; a student retains portfolio rights to works created by the student as a class assignment or as part of a pro-bono commission approved as a student project by an instructor. A pro-bono commission is work that an instructor may approve for students to undertake as a skill-building opportunity. Students may receive token payments provided by the person or group that commissions such a work.

The ownership of a copyright resulting from the development of intellectual property and any rewards or recognition attributed to the copyright or patent will be determined according to the following conditions:

Ownership of Intellectual Property

1. Ownership resides with the employee or student: Ownership resides with the employee or student if the following criteria are met:
 - a. The work is the result of individual initiative, not requested by the college.
 - b. The work is not the product of a specific contract or assignment made as a result of employment or enrollment at the college.
 - c. The work is not prepared within the scope of the employee's job duties or the student's enrollment.
 - d. The work involves no use of significant college support including facilities, time, and/or other resources.
2. Ownership resides with the College: Ownership resides with the College if the following criteria apply:
 - a. The work is prepared within the scope of the employee's job duties or the student's enrollment.
 - b. The work is the product of a specific contract or assignment made in the course of the employee's employment with the college or the student's enrollment.
 - c. The development of the work involved significant college resources including the use of facilities, time, and/or other resources of the college including, but not limited to, released time, grant funds, college personnel, salary supplement, leave with pay, equipment or other materials, or financial assistance.
 - d. The college and the employee or student may enter into an agreement for an equitable arrangement for joint ownership, sharing of royalties, or reimbursement to the college for its costs and support. When it can be foreseen that commercially valuable property will be created, the college and the employee or student shall negotiate an agreement for ownership and the sharing of benefits prior to creation of the property. In all such cases, the agreement shall provide that the college will have a perpetual license to use the work without compensation to the employee or student for such use.
 - e. If an employee is granted full or partial leave with pay (e.g. release time or educational leave), to write, develop, produce, or invent intellectual property, the employee and the college will share in any financial gain, and the college's share will be negotiated prior to the time the leave is taken.
 - f. The College owns all rights to its logo, seal, and other related materials.
 - g. The College, at its sole discretion, may release its rights of ownership in Intellectual Property. However, the College shall retain a royalty-free license to use said Intellectual Property for research and education.
 - h. Notwithstanding the provisions of this policy, in the case of a work created under a grant accepted by the college, the ownership provisions of the grant shall prevail.

Liability Issues

All College faculty and staff will ensure that the intellectual property created by them are original except for such materials from copyrighted sources that are reproduced with the written permission of the copyright holder; that the intellectual property in no way constitute a violation of or an infringement upon any copyright belonging to any other party; that the intellectual property will

contain no information previously published or copyrighted by the faculty member unless such information is noted in the material; and that the it contains no matter which is libelous or in any way contrary to law.

Disciplinary Action

Individuals are responsible and liable for their own actions in the creation, use, and distribution of intellectual property. Violations of this policy may also result in disciplinary action by the College including expulsion from the College and/or termination of employment.

COMPLIANCE STATEMENTS

Sandhills Community College is committed to the elimination of all discrimination based on race, color, national origin, religion, sex, age, sexual orientation, gender identity, or disability. While aware that the College bears a significant responsibility for aggressively pursuing an equal opportunity policy designed to ensure the employment of qualified men and women, Sandhills Community College is also firmly committed to day-by-day policies that ensure that students, faculty, and staff members of any race, color, national or ethnic origin, ancestry, age, religion or religious creed, disability or handicap, sex or gender, gender identity and/or expression (including a transgender identity), sexual orientation, military or veteran status, genetic information, or any other characteristic protected under applicable federal, state or local law will receive fair, courteous, and congenial treatment commensurate with the atmosphere of the College as a whole. Denial of such treatment to any individual on the Sandhills campus will not be tolerated.

In terms of hiring practices, the College has established policies and procedures to ensure that no person who is qualified shall be excluded from employment on the basis of any race, color, national or ethnic origin, ancestry, age, religion or religious creed, disability or handicap, sex or gender, gender identity and/or expression (including a transgender identity), sexual orientation, military or veteran status, genetic information, or any other characteristic protected under applicable federal, state or local law. In addition, Sandhills has established a college-wide outcome that states, "The diversity of Sandhills faculty and staff will reflect the respective diversity in the college service areas of Moore and Hoke Counties." Employees should at least be equal to their proportionate representation in the relevant labor markets for faculty, administrative, and non-academic staff positions. This outcome has been approved by the Trustees of the College. The President of the College shall oversee and monitor the use of this outcome assessment through the Senior Director of Human Resources in cooperation with the faculty and staff.

Equal employment opportunity is viewed as an integral part of the mission and purpose of Sandhills Community College. The College is dedicated to the upward mobility and advancement of all people within its reach and seeks to comply with all federal, state, and local statutes, regulations, and orders, including those that promote equal protection and equal opportunity for students, employees, and applicants.

It shall be the policy of Sandhills Community College to comply with all federal and state statutes that are pertinent to the operation of institutions of higher learning. These statutes include but are not limited to those listed on the following pages.

Civil Rights Act of 1964

Sandhills Community College complies with the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, religion, sex, national origin, sexual orientation, and gender identity in programs and activities.

Age Discrimination in Employment Act of 1967

Sandhills Community College complies with the Age Discrimination in Employment Act of 1967 (ADEA), which protects certain applicants and employees 40 years of age and older from discrimination on the basis of age in hiring, promotion, discharge, and compensation; or in the terms, conditions, and privileges of employment.

Age Discrimination Act of 1975

Sandhills Community College complies with the Age Discrimination Act of 1975, which prohibits discrimination on the basis of age in programs and activities receiving federal financial assistance. The Act, which applies to all ages, permits the use of certain age distinctions and factors other than age that meet the Act's requirements.

Occupational Safety and Health Act of 1970

Sandhills Community College complies with the Federal Occupational Safety and Health Act of 1970 (PL 91-596). The College shall comply with occupational safety and health standards and all rules, regulations, and orders issued pursuant to college policies developed for the purpose of implementation of the Act.

Hepatitis B Vaccine Policy

Sandhills Community College complies with OSHA regulations requiring that college employees who may encounter occupational exposure to Hepatitis B through contact with blood and/or other bodily fluids be provided - at no cost- the Hepatitis B vaccine.

Section 504 of the Rehabilitation Act of 1973

Sandhills Community College provides equality of treatment and access for disabled students as required by Section 504 of the Rehabilitation Act of 1973, which guarantees protection of disabled persons against discrimination. Employees and students are expected to assist disabled students in ways that

will facilitate their participation in campus life and their access to programs and activities.

Pregnancy Discrimination Act of 1973

Amendment to Title VII of the Civil Rights Act of 1964 to prohibit sex discrimination on the basis of pregnancy (P.L. 95-555).

The Genetic Information Nondiscrimination Act of 2008 (GINA)

To prohibit discrimination on the basis of genetic information with respect to health insurance and employment.

Family Educational Rights and Privacy Act of 1974

Definition of the Law

The Family Educational Rights and Privacy Act of 1974 (FERPA) protects the privacy and accessibility rights of eligible students enrolled in a postsecondary institution in relation to their education records.

- “Eligible student” is defined as a student 18 years of age or older, or a student who enters a postsecondary institution at any age.
- “Education record” is defined as those records that contain information directly related to the student and that are maintained by the educational institution.

Specific FERPA Rights

The law provides eligible students with specific rights under FERPA:

- The right to inspect and review information contained in their education records within 45 days after the institution receives the request.
- The right to challenge the contents of their education records, which are believed to be inaccurate, misleading, or in violation of the student's privacy right under FERPA.
- The right to have a hearing if the outcome of the challenge is unsatisfactory.
- The right to submit explanatory statements for inclusion in their files if they feel that the decisions of the hearing panel are unacceptable.
- The right to file a complaint with the U.S. Department of Education (Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC, 20202) concerning alleged failures by the institution to comply with FERPA requirements.
- The right to provide written consent prior to the institution disclosing personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Limitations for Record Review

Students may not inspect and review the following:

-
- Education records of other students, even if they are contained within the same record of the student requesting the review
 - Financial information, including parental records
 - Confidential letters and recommendations associated with admission, employment, or academic honors

Directory Information

FERPA permits the release of some general student information known as “directory information” without written approval of students.

Sandhills Community College considers the following directory information:

- The student’s name
- City and county of residence
- Photograph
- Major field of study
- Participation in officially recognized activities and sports
- Dates of attendance
- Grade level
- Degrees, honors, and awards received
- The most recent educational agency or institution attended by the student
- Student email address

Students who do not want any or all of this information released to the general public must sign a request form in the Office of Records and Registration no later than two (2) weeks after the first day of class each semester.

Third Parties Exempt from Consent Requirements

The College does not provide access to or disclose a student’s education records to third parties without the student’s written consent except in cases of:

- Authorized personnel within the institution, including administrators, faculty, and staff members with legitimate educational interest seeking to fulfill their job responsibilities.
- Authorized officials of other institutions in which student seeks to enroll.
- Persons or organizations providing the student financial aid.
- Accrediting agencies carrying out their accreditation function.
- Persons involved in an emergency situation in order to protect the health or safety of students or of other persons.
- Persons in compliance with a judicial order or lawfully issued subpoena.
- Federal, state and local authorities involved in the audit or evaluation of compliance with educational programs.
- Organizations conducting studies for or on behalf of the institution.
- Parents of a dependent student as defined by the IRS for tax purposes.
- Directory information being released
- An alleged victim of a violent crime or non-forcible sex offense, to whom the results of a disciplinary hearing may be disclosed.
- Parents of a student related to the student’s violation of any Federal, State, local or institutional law or policy regarding the use or possession of alcohol or controlled substance if the student perpetrated a disciplinary violation, as determined by the institution, and the student is under that age of 21 years of age.

Personnel Contact Information

- The Director of Records and Registration directs the procedures for students interested in inspecting or reviewing their education records and for student who do not want their directory information released by the institution.
- The Administrative Assistant to the Vice President of Student Services has been designated by the College to consider and coordinate inspection and review requests from third parties for students' educational records.
- The Administrative Assistant to the Vice President of Student Services oversees the process and maintains the records of FERPA release forms for eligible students.

Drug-Free Workplace Act and the Drug-Free Schools & Communities Act of 1988

In accordance with the Drug-Free Workplace Act of 1998 and the Drug-Free Schools and Communities Act of 1989 (Public Law 101-226), as well as the Underage Drinking Laws and the laws of the state of North Carolina, the College has endorsed the following drug and alcohol policy.

The abuse and use of drugs and alcohol are subjects of immediate concern in our society. These problems are extremely complex and ones for which there are no easy solutions.

From a safety perspective, the users of drugs or alcohol may impair the well-being of all employees, students, and the public at large; drug and alcohol uses may also result in damage to college property. Therefore, it is the policy of this College that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance or alcohol is prohibited while in the workplace, on college premises, or as part of any college-sponsored activities. Any employee or student violating this policy will be subject to disciplinary action up to and including termination or expulsion and referral for prosecution.

The specifics of this policy are as follows:

1. Sandhills Community College does not differentiate between drug users or sellers. Any employee* or student who possesses, uses, sells, gives, or in any way transfers a controlled substance to another person or manufactures a controlled substance while in the workplace, on college premises, or as part of any college-sponsored activity will be subject to disciplinary action up to and including termination or expulsion and referral for prosecution.
2. The term "controlled substance" means any drug listed in 21 CFR PART-1308 and other federal regulations, as well as those listed in Article V, Chapter 90 of the North Carolina General Statutes. Generally, these are drugs that have a high potential for abuse. Such drugs include, but are not limited to, heroin, marijuana, cocaine, PCP, and "crack." They also include "legal drugs" that are not prescribed by a licensed physician.
3. If any employee or student is convicted of violating any criminal drug statute while in the workplace, on college premises, or as part of any college-sponsored activity, the employee will be subject to disciplinary action up to and including termination or expulsion. Alternatively, the College may require the employee or student to successfully finish a drug abuse program sponsored by an approved private or governmental institution as a precondition for continued employment or enrollment at the College.
4. Each employee or student is required to inform the College, in writing, within five (5) days after they are convicted for violation of any federal, state, or local

criminal drug statute wherein such violation occurred while in the workplace, on college premises, or as part of any college-sponsored activity. A conviction means a finding of guilt (including a plea of nolo contendere) or the imposition of a sentence by a judge or jury in any federal or state court. Students may lose federal student aid eligibility as a result of drug violations. The institution must provide notice describing the ways in which the student can regain eligibility.

5. Convictions of employees working under federal grants, for violating drug laws in the workplace, on college premises, or as part of any college-sponsored activity shall be reported to the appropriate federal agency. The Senior Director of Human Resources must notify the U. S. government agency with which the grant was made within ten (10) days after receiving notice from the employee or otherwise receives actual notice of a violation of a criminal drug statute occurring in the workplace. The College shall take appropriate disciplinary action within 30 calendar days from receipt of notice. As a condition of further employment on any federal government grant, the law requires all employees to abide by this policy.
6. Any employee or student who unlawfully possesses, uses, sells, or transfers alcoholic beverages to another person while in the workplace, on college premises, or as part of any college-sponsored activity will be subject to disciplinary action up to and including termination or expulsion and referral for prosecution.
7. If an employee or student is convicted of violating any alcoholic beverage control statute while in the workplace, on college premises, or as part of any college-sponsored activity, they will be subject to disciplinary action up to and including termination or expulsion. Alternatively, the College may require the employee or student to complete successfully an alcoholic rehabilitation program sponsored by an approved private or governmental institution as a precondition for continued employment or enrollment at the College.
8. The term "alcoholic beverage" includes beer, wine, whiskey, and any other beverage listed in Chapter 18B of the General Statutes of North Carolina.
9. Each employee or student is required to inform the College, in writing, within five (5) days after they are convicted of any alcoholic beverage control statute where such violation occurred while in the workplace, on college premises, or as part of any college-sponsored activity.

*Students employed under the College Work Study Program are considered to be employees of the College if the work is performed for the College in which the student is enrolled. For work performed for a federal, state, local public agency, a private non-profit or a private for-profit agency, students are considered to be employees of the College unless the agreement between the College and the organization specifies that the organization is considered to be the employer.

Educational Programs & Activities: The College provides a variety of opportunities for students to learn more about the dangers of alcohol and drug abuse.

1. Annual written notification during registration informing every student of the college policy concerning alcohol and substance abuse.
2. A variety of special events, speakers, workshops, and programs that address current issues as related to alcohol and substance abuse.
3. Academic courses in health, physical education, and wellness.
4. Academic courses in drug abuse prevention, chemical dependency, and family therapy.
5. Academic courses in student success.

Counseling Provisions: In addition to providing counseling for students with alcohol/drug-related problems by members of the counseling staff of the Student

Services Division, the College also provides the following assistance to those with abuse issues.

- Referral resource for students requiring long-term counseling or hospitalization
- Schedules for area meetings of AA, NA, Al-Anon support groups
- Schedule AA meeting on campus upon request
- Materials for dissemination on related topics

Student Right-to-Know, the Campus Crime and Security Act, and the Jeanne Clery Act

Sandhills Community College fully complies with the disclosure and reporting requirements of the Student Right-to-Know, the Campus Crime and Security Act of 1990, and the Jeanne Clery Act, 1990, amended 1992, 1998, and 2000. These requirements include graduation or completion rates, campus security policies and procedures, and statistical reports on security matters. The Jeanne Clery Act expands on the security requirements and affords victims of campus sexual assault certain basic rights. SCC stands in full compliance with this Act.

The SCC sexual assault policy is detailed in the Sandhills Community College Catalog and in the Policy and Procedures Manual. It is also published online at www.sandhills.edu. Further information or copies of this policy can be obtained by calling (910) 692-6185.

The College endeavors to provide an environment that is safe for all students, faculty, staff, and visitors. Under the reporting provisions of the Student Right-to-Know, the Campus Crime and Security Act, and the Clery Act, the College is required to provide information about serious crimes on campus, as defined by the Act, which have occurred within the last three years. A full copy of the college's annual report on this subject is available free of charge to all students, potential students, and other interested parties. Those interested are invited to call the College at (910) 692-6185. The full annual security report is also published online at www.sandhills.edu.

Violence Against Women Act and the Sexual Violence Elimination (SaVE) Act

The College complies with the Violence Against Women Act (1994; Renewed 2013, reauthorized in 2021) and the SAVE Act in providing campus awareness of these acts. "SaVE requires that incidents of domestic violence, dating violence, sexual assault, and stalking be disclosed in annual campus crime statistic reports. Additionally, students or employees reporting victimization will be provided with their written rights to:

- Be assisted by campus authorities if reporting a crime to law enforcement;
- Change academic, living, transportation, or working situations to avoid a hostile environment;
- Obtain or enforce a no contact directive or restraining order;
- Have a clear description of their institution's disciplinary process and know the range of possible sanctions;

- Receive contact information about existing counseling, health, mental health, victim advocacy, legal assistance, and other services available both on-campus and in the community.”

Students may reference information about sexual violence at <http://www.sandhills.edu/safety-security/what-is-sexual-assault/>.

IPEDS Graduation Rate

To determine its graduation rate, Sandhills Community College used the Federal cohort of students who entered fall 2019 as first-time diploma or degree-seeking full-time students and who graduated by August 2022. This graduation rate was 40%.

This rate is comparable with those of other community colleges. Students enrolled in community colleges often take several years to complete a degree as they balance studies with employment and other activities. Some choose to transfer instead of completing a degree.

Americans with Disabilities Act (ADA)

Sandhills Community College seeks to comply fully with the Americans with Disabilities Act (ADA), enacted July 26, 1991, as an extension of the Civil Rights Act of 1964 to the disabled and as amended in 2009 and 2011. The College is committed to removal of physical barriers, psychological barriers, and policies or procedures that hinder full access to enrollment or employment opportunities.

The Office of Disability Services also manages services for disabled students. Responsibilities of this office include advising the administration concerning academic barriers and the adequacy of policies and procedures for protecting and providing access for disabled students and prospective students, planning and developing training for ADA awareness concerning accommodations for the disabled, and providing suggestions for “reasonable accommodations” to faculty and staff members.

The College expects that all students and employees will be aware of, and sensitive to, the needs of persons with disabilities and that the administration and staff will make every effort to make those “reasonable accommodations” that permit disabled persons to participate in the various programs and services offered by the College.

Procedure for Complaints of Discrimination

In accordance with Federal and State Guidelines, any staff member or student who believes that a Sandhills Community College employee has discriminated against him/her on the basis of gender, gender identity, genetic information, or disability, thus violating Title IX of the Education Amendment Act of 1972 including the SaVE Act, which is an amendment to the Cleary Act regarding sexual assault and other intimate partner violence, Title VII of the 1964 Civil Rights Act (race, color, national origin, sexual orientation, and gender identity), The Pregnancy

Discrimination Act, The Age Discrimination in Employment Act of 1967 (ADEA), Title I of the Americans with Disabilities Act of 1990 (ADA), Sections 501 and 505 of the Rehabilitation Act of 1973 (disability), and The Genetic Information Nondiscrimination Act of 2008 (GINA) may file a complaint.

Complainants should be made through our online Incident Reporting Form (<http://www.sandhills.edu/incident-reporting/>) or to the Senior Director of Human Resources, who is the designated Title IX Coordinator, at (910)246-2868 or at scchr@sandhills.edu. The title IX policy and procedures are located at www.sandhills.edu/title-ix/.

Constitution and Citizenship Day

On September 17 of each year (or at the first opportunity should that date fall on a weekend), Sandhills Community College commemorates the September 17, 1787, signing of the United States Constitution by holding a variety of educational programs for students, faculty and staff. This Congressional initiative is authorized by Section 111 of Division J of Pub. L. 108-447, the Consolidated Appropriations Act, 2005, "Dec. 8, 2004."

Public Complaints

In accordance with its Policies and Procedures Manual, Sandhills Community College offers a range of policies and procedures to address both student and public complaints.

- The Student Grievance Policy,
- The Student Grievance Procedure,
- The Mission Statement commitment to public satisfaction with the practices of the institution, and
- The associated Public Complaint Policy.

Procedure for Responding to Public Complaints

Sandhills Community College recognizes its obligation as a tax-supported member of the North Carolina Community College System (NCCCS) to provide the public the opportunity to direct both informal and formal complaints related to its adherence to its core values and its mission. To that end, the College has established the following procedure for addressing such complaints:

1. When a member of the public wishes to address an informal or formal complaint, that person should contact the Office of Human Resources, who will gather information as necessary and convene the appropriate dean or administrator from that area of the college to which the complaint is linked.
2. When possible, the Senior Director of Human Resources will convene the concerned parties to reach an informal resolution to the complaint. If an informal resolution cannot be reached, complainant will be apprised of his or her right to initiate a formal complaint.
3. The member of the public will draft and submit a letter to the Senior Director of Human Resources detailing the nature of the complaint. In instances in

which the complaint is related to Human Resources, the letter should be submitted to the Chief Operating Officer.

4. The Senior Director of Human Resources will submit a written response to the complainant acknowledging receipt of that complaint and will provide a copy of the complaint and the written response to the academic or administrative officer under whose purview the complaint is directed.
5. In such cases, the administrative officer will gather information and provide a written response to the complainant within one week of receiving the complaint, addressing the issue and, where applicable, offering reasonable resolution to the complaint.
6. If the complainant is not satisfied with the response, the complainant may file a written complaint with the President. In such cases, the President will gather information and provide a final written response to the complainant.

Individuals are strongly encouraged to make every attempt to resolve matters through the aforementioned administrative processes. However, when matters cannot be resolved through these, the student or member of the public has these avenues of further recourse:

- For complaints associated with the institution's compliance with academic program quality, fulfillment of its mission, or adherence to accrediting standards, individuals should complete the Student Complaint Form (NCCCS) found at www.sandhills.edu/about/general/ and send it to the NCCCS per directions in the text of the form.
- For issues related to specific compliance with SACSCOC Principles of Accreditation, Core Requirements and Standards, and policies and procedures, individuals should compose written evidence that all remedies available at the institution have been exhausted and then submit that evidence with the SACSCOC Complaints Against Institutions: Information Sheet and Form to the Southern Association of Colleges and Schools Commission on Colleges as directed in the front of the college Catalog and online at www.sandhills.edu. The Commission should be contacted only if there is evidence that appears to support SCC's non-compliance with a SACSCOC requirement or standard.
- Residents outside the state of North Carolina enrolled in online courses from SCC who wish to resolve a grievance should first follow the college's student grievance procedure outlined in the college Catalog. If the complaint is still not satisfactorily resolved, the final step would be for the student to file a complaint with his or home state.

Each year, Sandhills Community College (Institution #199364) files an annual report via survey in accordance with the federal government's Equity in Athletic Disclosure Act (outlined below):

Equity in Athletics Disclosure Act (EADA) Survey

The 2014 Equity in Athletics Disclosure Act is designed to make prospective students aware of a school's commitment to providing equitable athletic opportunities for its men and women students. Any co-educational institution of higher education that participates in a federal student aid program must prepare an EADA report by October 15. Institutions must also report data to the U.S. Department of Education via this online survey. This is a mandatory survey.

Data collected in this survey will be published by the Office of Postsecondary Education on the Equity in Athletics Data Analysis Cutting Tool website located at <http://ope.ed.gov/athletics>.

As part of the federally mandated Equity in Athletics Disclosure Act, information about athletic programs available at the college – including annual coaching participation specifics – can be found by visiting <https://www.sandhills.edu/equity-in-athletics/>.

EADA and Title IX Compliance

The data collected in this survey are provided by institutions in accordance with the EADA and may not be the same as data used for determining compliance with other Federal or state laws, including Title IX of the Education Amendments of 1972.

The compiled data for the most recent academic term is posted on the SCC website so that students and the public have access to this information related to SCC compliance; it is updated prior to October 1st each year.

Completion/Graduation and Transfer-Out Rates for Students Receiving Athletics-Related Student Aid

Information on Sandhills Community College's completion/graduation, retention, and transfer-out rates can be found by visiting the National Center for Education Statistics website at <https://nces.ed.gov/collegenavigator/?q=sandhills+community+college&s=NC&id=199634>.

Graduation and Transfer-out rates must be provided to student-athletes, their parents, high school coaches, and guidance counselors when an athletics-related student aid offer is made. As an NJCAA Division III institution, Sandhills Community College does not offer financial aid to student based on athletic ability. For more information, please contact the Athletic Director at (910) 246-2864.

The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA 38 U.S.C. 4301-4335)

The Uniformed Services Employment and Reemployment Rights Act of 1994 was passed by U.S. Congress and signed into law by U.S. President Bill Clinton on October 13, 1994, to protect the civilian employment of active and reserve military personnel in the United States called to active duty. USERRA is a federal statute that protects servicemembers' and veterans' civilian employment rights. Among other things, under certain conditions, USERRA requires employers to put individuals back to work in their civilian jobs after military service.

Immigration Reform and Control Act (IRCA) of 1986

The Immigration Reform and Control Act (IRCA) was passed by Congress in 1986 and signed into law by President Ronald Reagan on November 6, 1986. The law made it illegal for employers to knowingly hire individuals unauthorized to work

in the United States and established a system for verifying the legal status of employees.

State Authorization

Sandhills Community College has been approved by North Carolina to participate in the National Council for State Authorization Reciprocity Agreements (NC-SARA). SARA is an agreement among member states, districts, and territories that establishes comparable national standards for interstate offering of postsecondary distance education. SCC is approved to serve students in 49 states (all but California), the District of Columbia, Puerto Rico and the U.S. Virgin Islands (St. Thomas, St. Croix, and St. John).

Students who live in a state or pursue programs of study other than those for which we are approved will be admitted to SCC but will not be allowed to register until authorization has been obtained. Students are encouraged to consult with their state prior to enrolling in programs that require licensure or certification.

Sandhills Community College determines a student's location for the purposes of state authorization at the time of a student's initial enrollment. If a student's location changes, a Change of Student Information Form is completed by the student and is processed by the Registrar's Office.

POLICIES AND PROCEDURES

Academic Advising

Upon enrollment at Sandhills, all regular students are assigned an academic advisor to assist in course scheduling, registration, and program planning, as well as to evaluate academic progress periodically.

Classes selected by first semester students must be approved by the academic advisor prior to registration. After the first semester, students may register in Self Service but are encouraged to consult with their faculty advisor. It is the intent of the advisor to place students receiving financial aid into only classes required for their program of study. Once the semester begins, the advisor must also approve registration changes, such as dropping and adding classes. Students receiving financial aid should always consult with a financial aid staff member prior to dropping or adding a class.

Although the academic advisor will help students become familiar with degree and diploma requirements in a chosen field, each student is ultimately responsible for the proper completion of his or her academic program, for familiarity with the college Catalog, for maintaining the grade average required, and for meeting all other degree requirements. The advisor will advise, but the final responsibility remains that of the student. In addition, college transfer students should know the requirements of both Sandhills Community College and the transferring institution.

Academic Freedom and Integrity

The faculty and staff at SCC recognize that student learning lies at the heart of all they do. To support student learning, they abide by the principles of academic freedom and integrity. Faculty and students must be free to examine all pertinent data, question assumptions, be guided by the evidence of scholarly research, and teach and study the substance of their discipline. Instructors are afforded the freedom to manage the learning environment of their courses. At the same time, students will be afforded a quality educational experience where learning is encouraged, evaluations are substantive and meaningful, and grades are awarded fairly.

College General Education Requirements

Sandhills Community College faculty has identified three primary goals of general education: reading comprehension, communication, and critical thinking. For each of these three goals, competencies have been developed to assess student attainment. Course-embedded assessments are used to measure the three competencies in the appropriate general education courses. The general education courses used for assessment are selected from various disciplines (humanities, science, mathematics, etc.) to capture a variety of ways to assess each of the core general education goals. Standard rubrics are used to assess student attainment of competencies.

Reading Comprehension

Reading comprehension is the ability to understand, dissect, and apply the meaning of a body of written text(s).

Demonstrated competencies:

- Students will be able to read and demonstrate comprehension of written materials.

Communication

Communication is the ability to apply college-level language skills individually and collaboratively to discover, organize, and convey information, ideas, and arguments in a manner appropriate to audience and purpose.

Demonstrated competencies:

- Students will demonstrate college-level language skills.
- Students will create and present original work using discipline specific material.

Critical Thinking

Critical Thinking is the ability to use appropriate inquiry to reach a reasoned conclusion.

Demonstrated competencies:

- Students will demonstrate analytical reasoning abilities by drawing inferences. General education outcomes assessment results will be reported in the aggregate because the results represent the college and not individual students or faculty. In addition, assessment results will be shared with faculty, staff, and students. The assessment results are to be regularly and systematically considered by the faculty, staff, and administrators in order to take action to improve student learning. General education assessment tools (tasks and scoring rubrics) and the process will be reviewed every four years to improve process validity and efficiency.

Alternative Methods for Achieving Course Credit

Credit by Examination

Students enrolled in Sandhills Community College may have developed knowledge and skills that match the knowledge and skills to be achieved in certain courses in the College. These achievements may be the result of work experience, military experience, or informal study.

To receive credit by examination, students must demonstrate proficiency by taking challenge examinations developed by departmental faculty or a standardized examination such as the College Level Examination Program (CLEP) or the United States Armed Forces Institute (USAFI).

Although any faculty advisor or counselor may initiate a credit by examination request, the specific courses to which credit by examination applies will be determined by the instructional departments. Students who seek consideration for credit by examination must obtain permission from the chairperson of the department in which the course is offered. Where applicable, the chairperson will arrange for the examination to be administered. The Vice President of Instruction must approve all credit awarded by challenge examination.

Students who wish to receive credit by examination through CLEP or USAFI should submit such certifications to the Director of Records and Registration. The Office of Records and Registration will evaluate the certifications in consultation with the appropriate department chairperson.

Currently approved CLEP exams:	
CLEP Exam Name	SCC Equivalent Course
America Government	POL-120
College Mathematics	MAT-143
History of the United States I	HIS-131
History of the United States II	HIS-132
Human Growth and Development	PSY-241
Humanities	HUM-211

Introductory Psychology	PSY-150
Introductory Sociology	SOC-210
Principles of Macroeconomics	ECO-252
Principles of Microeconomics	ECO-251
Spanish Language Level 1	SPA-111 and SPA-112
Spanish Language Level 2	SPA-111, SPA-112, and SPA-211
Western Civilization I	HIS-121
Western Civilization II	HIS-122

Upon the student's successful completion of credit by examination, the symbol "CE" will be shown on academic transcripts, and credit hours will be awarded; however, no quality points will be assigned. Students should note that, typically, credit by examination hours do not transfer.

Continuing Education to Curriculum Prior Learning Credit

In some instances, Workforce Training courses in continuing education (CE) allow for matriculation to curriculum credit (CU) into A.A.S. programs through a prior learning CE-to-CU Crosswalk review. Every CE-to-CU Crosswalk is developed in coordination with the Senior Vice President of Academic Affairs, the Vice President of Instruction, and the Vice President of Workforce Development and Continuing Education.

Credit can be awarded when CE subject matter experts provide clear documentation outlining course content in specialized/customized training programs that contain parallel course content and class/lab hours to CU courses offered in SCC curriculum programs. In such instances, the Director of Customized Training prepares a CE-to-CU Crosswalk for a specific CE Course and submits the CE-to-CU Crosswalk to the Vice President of Workforce Development and Continuing Education for further review.

The Vice President for Workforce Development and Continuing Education reviews the crosswalk to ensure that the workforce training has parallel content and hours to NCCCS Common Course Library courses required in CU certificate, diploma, and/or degree programs offered at SCC.

After review, the Vice President of Workforce Development and Continuing Education submits this crosswalk to the Senior Vice President of Academic Affairs and the Vice President of Instruction. The Vice President consults with program coordinators and department chairs to review subject matter content to ensure parallel student learning outcomes and course requirements. The Senior Vice President of Academic Affairs then approves the CE-to-CU Crosswalk to be used as documentation for this and future requests for each identified CE-to-CU course considered for matriculation. These CE-to-CU Crosswalks are housed in the Office of the Dean of Instruction.

The Vice President of Instruction provides the Registrar with a CE-to-CU Crosswalk approval for awarding credit for prior learning to be added to the student's record as a TR grade for the appropriate curriculum course(s).

As is the case will all instances of alternatives credit, the student is responsible for initiating the request based on information provided students upon enrollment to the college.

ACA Credit by Exam

The College requires most incoming first-year students to take one of two first-year student orientation courses: (1) ACA-115 for students pursuing the A.A.S. degree, or (2) ACA-122 for students pursuing the A.A., A.A.T.P., A.E., A.F.A., A.G.E.-Nursing, A.S., and A.S.T.P. transfer degrees. Students who have earned an A.A.S. or higher may be eligible for Credit by Examination for ACA-115 and should see their academic program advisor. Students who have earned credit for ACA-122 may be eligible for an Academic Petition for ACA-115 and should see their academic program advisor. Students who transfer in 18 or more hours from an accredited four-year college or university may be eligible for Credit by Examination for ACA-122 and should contact the Coordinator of University Studies. Exceptions to the credit by exam requirement may be determined after a conference with the Senior Vice President of Academic Affairs.

Advanced Placement Courses

Students who have taken any of the following Advanced Placement courses in high school and who have made the appropriate score on the AP exam can receive credit for the courses as part of the general education courses under the Comprehensive Articulation Agreement (CAA). The AP exam must be administered by the College Board and an official score report must be submitted to the SCC Office of Records and Registration. It is the responsibility of the student to contact the College Board to request that exam scores be sent to SCC. The Director of Records and Registration will verify AP examination scores and record appropriate credit on the student's transcript. One exception to this policy is the AP Art and Design course. Determination of credit for AP Art and Design will be made by the appropriate department chair with approval by the Vice President of Instruction. **Please note:** Students should be aware that if they receive AP course credit at Sandhills Community College but "do not complete the associate in arts or associate in science degree" before transferring to a UNC university, their AP scores will be evaluated on the "basis of the receiving institution's AP policy," according to the CAA. For the Associate in Engineering, the Associate in Fine Arts (Music, Theatre, Visual Arts), the Associate in Arts Teacher Preparation, and the Associate in Science Teacher Preparation degrees, AP course credits "awarded for a score of three or higher, are acceptable as part of a student's successfully completed degree" under its respective agreement.

AP Course	College Course and Required AP Exam Score
Art and Design	ART-121, ART-122, or ART-131, based upon portfolio
Art History	ART-114 and 115 with a score of 5; ART-114 only with a score of 3 or 4

AP Course	College Course and Required AP Exam Score
Biology	BIO-111 and 112 with a score of 5; BIO-111 only with a score of 3 or 4
Calculus AB	MAT-271 with a score of 3, 4, or 5
Calculus BC	MAT-271 and MAT-272 with a score of 3, 4, or 5
Chemistry	CHM-151 and 152 with a score of 5; CHM-151 only with a score of 3 or 4
Computer Science A or Computer Science AB	CIS-115 with a score of 3, 4, or 5
Macroeconomics	ECO-252 with a score of 3, 4, or 5
Microeconomics	ECO-251 with a score of 3, 4, or 5
English Language	ENG-111 with a score of 3, 4, or 5
English Literature	ENG-112 with a score of 3, 4, or 5
Environmental Science	BIO-140 with a score of 3, 4, or 5
French Language	FRE-211 with a score of 3, 4, or 5
French Literature	FRE-212 with a score of 3, 4, or 5
Comp Government & Politics	POL-210 with a score of 3, 4, or 5
U.S. Government & Politics	POL-120 with a score of 3, 4, or 5
Human Geography	GEO-111 with a score of 3, 4, or 5
Music Theory	MUS-114 with a score of 3, 4, or 5
Physics 1	PHY-151 with a score of 3, 4, or 5
Physics 2	PHY-152 with a score of 3, 4, or 5
Physics C: Mechanics	PHY 251 with a score of 3, 4, or 5
Physics C: Electricity and Magnetism	PHY 252 with a score of 3, 4, or 5
Psychology	PSY-150 with a score of 3, 4, or 5
Spanish Language	SPA-211 with a score of 3, 4, or 5
Spanish Literature	SPA-212 with a score of 3, 4, or 5
Statistics	MAT-152 with a score of 3, 4, or 5
Studio Art	ART-121, ART-122, or ART-131, based upon portfolio

AP Course	College Course and Required AP Exam Score
U.S. History	HIS-131 and HIS-132 with a score of 5; HIS-131 only with a score of 3 or 4
World History	HIS-111 and HIS-112 with a score of 5; HIS-111 only with a score of 3 or 4.

College Credit for High School Career and Technical Education (CTE) Courses

Students who successfully completed high school CTE courses with a grade of B or higher in the course and a score of 93 or higher on the course post-assessment may receive credit for Sandhills Community College courses that cover the same content or skills development as identified in the North Carolina High School to Community College Articulation Agreement. For some college courses, students must also demonstrate proficiency of course knowledge and skills by passing an examination administered by college personnel. To receive articulated credit, students must enroll in the community college within two years of their high school graduation date.

Credit for Experiential Learning

Students enrolled in degree, certificate, or diploma programs that have had career experience that they believe duplicates that required for a course may apply for credit by contacting the Director of Records and Registration and requesting the form on which the students will document the career experience. The Director of Records and Registration assesses the career experience in consultation with faculty in a program and the Vice President of Instruction. In some instances, that assessment includes a review of state, regional, or national certifications that verify a student's knowledge in content parallel to a course.

If these parties determine that the experience duplicates the knowledge required for a course, the faculty member will recommend credit be given for courses for which required knowledge and skills have been demonstrated. Credit will be awarded by the Director of Records and Registration upon approval by the appropriate Department Chair and the Vice President of Instruction. The symbol "EL" on academic transcripts will indicate credit earned for experiential learning. Credit hours will be awarded for such credit; however, no quality points will be assigned. In determining experiential credit for coursework completed in continuing education non-credit coursework, the college references the NCCCS Continuing Education Master Course Listing and Business and Industry Guidelines.

The College periodically validates the evaluation process for awarding credit for experiential learning by reviewing the performance of students receiving such credit in follow-on courses or their program of study.

Credit for Military Training

Sandhills Community College prides itself in being a military friendly institution. The college recognizes prior military training and is often able to award college credit based on recommendations from the American Council on Education.

Students seeking credit for military experience should request a Joint Services Transcript (JST). To find out more information on how to request a JST, please visit <https://jst.doded.mil/>, or contact our Veterans Affairs Office at 910-695-3902. For Air Force transcripts, visit <http://www.au.af.mil/au/ccaf/transcripts.asp>. Upon receipt of the transcript, the Director of Records and Registration will evaluate the transcript and determine any applicable credit. Credit hours will be awarded for such credit; however, no quality points will be assigned.

Academic Petition/Course Substitution

Students may, under unusual circumstances, petition that one course substitute for another in a curriculum program. The Academic Petition form via eForms must have the approval of the academic advisor, the Program Coordinator, the Department Chair, and the Vice President of Instruction.

Course Prerequisite Waiver

A student who has not completed the prerequisite or corequisite courses may satisfy those requirements by demonstrating that he/she has the appropriate knowledge and skills required for admission to the course. The student's advisor must submit the Prerequisite Waiver form via eForms with supporting documentation attached. The form will route to the Director of Curriculum Operations and Leadership Development and the Director of Records and Registration for review and registration of the student. The form will then route to the Vice President of Instruction and Senior Vice President of Academic Affairs and Institutional Planning for final approval. If approval is not granted the waiver will be revoked and the student will be dropped from the class.

Special Course Enrollment

Enrollment in Courses Unique to Concentration Programs

Some programs in the North Carolina Community College System have "concentrations" identified, such as the Hospitality Management concentration of the Business Administration program. Each concentration has certain "concentration courses" identified that must be unique to the concentration. These courses are identified by a sentence in the course description that reads, "This course is a unique concentration requirement of...."

Students who are not enrolled in the particular concentration program may enroll in and take unique concentration courses for credit if the students are otherwise eligible to participate in the class by, for example, meeting prerequisite and corequisite requirements. Such classes may be counted as elective credits for other applied science programs. Students not enrolled in the concentration program must receive approval from the instructor of the course. The instructor will indicate consent by approving a student's Course Plan in Self Service or forwarding an electronic Course Change Form.

Independent Study

Under unusual circumstances, a student may have a need to enroll in a course of independent study under the guidance of an instructor. A student must first substantiate the need to the instructor. Next, an Independent Study Contract must be prepared by the instructor with whom the work will be done. The contract

will be sent to the Department Chair and student for signatures and then will be processed in the Curriculum Office and the student will be enrolled. Enrollment in more than one independent study course per semester will be allowed only under exceptional circumstances.

Auditing Courses

Students who do not desire credit or a grade may audit any course for which prerequisites are met. Students who wish to audit a course must submit an Audit Permission form through student eForms prior to the end of the drop period. Requirements for auditing will be determined by the instructor. Auditors will register and pay the same tuition and fees as students who take the course for credit. Students with a recorded audit grade for a course may repeat the course one time on an audit basis.

Senior Citizen Waiver

Students at least 65 years of age may be eligible for a waiver of tuition and registration fees. Qualified students will be responsible for local fees. Classes that are waived will receive a grade of SR (senior audit) which indicates attendance only. All pre-requisites must be met. Registration for applied music classes and restricted program classes is not permitted. A student may utilize a senior waiver on a space available basis after final registration is complete. Eligible students should contact the Admissions Department for verification of eligibility.

External Instruction

The College maintains full responsibility for the academic requirements and standards of students who participate in credit courses that require work-site experiences, such as clinical, practicum, or work-based learning courses. Each program using such courses will provide written policies and requirements to students and will maintain reporting and monitoring procedures that are consistent with program standards.

Course Load

Depending on the program, the usual course load for students is 12 to 18 semester hours during fall and spring terms. The usual course load for students during any entire summer session (two five-week sessions or one ten-week session) is 6 to 12 semester hours. Registration for more than 18 hours in the fall and spring or 12 hours for the entire summer (7 semester hours for a single five-week session) must carry the approval and signature of the Advisor and the Vice President of Instruction.

Students enrolling in 8-week courses may take **no more than three 8-week courses per session**. Students may combine 8-week courses with the regular 16-week sessions. Students may **not exceed 18 credit hours** without approval from their advisor and the Vice President of Instruction.

Classification of Students

For purposes of administration, excluding financial aid, the following student classifications have been specified:

- Full-time student: The student is enrolled in 12 or more credit hours. During the summer semester, a full-time student must be enrolled with 9 or more credit hours.
- Part-time student: The student is enrolled in fewer than 12 credit hours. During the summer semester, a part-time student is enrolled in fewer than 9 credit hours.
- First-year student: The student has successfully completed 32 or fewer semester hours.
- Sophomore: The student has successfully completed more than 32 semester hours.

Attendance Procedures

Entry into Courses

Students must complete an assignment/activity as directed by the instructor for the course during the first 10 percent of the semester to be considered entered into the course for academic and financial aid purposes. Students in a traditional, fully seated course must also attend class during the first 10 percent of the semester. If a student does not meet this criterion, the student will be recorded as having never attended (NA) the course and will be ineligible for course completion and no refund will be given.

Attendance

Because the College realizes that academic success is tied to regular attendance, students are expected to attend all class sessions, laboratories, and clinical experiences. A student who fails to attend two consecutive weeks worth of class is in violation of the college's attendance policy and will be dropped or withdrawn from the course. Faculty members are responsible for informing students in writing at the first-class meeting of additional attendance expectations and identifying all classes, laboratories, and clinical experiences that must be attended at the scheduled times. Faculty members will inform students at the first-class period if tardiness is to be computed as an absence. Absence from class must be satisfactorily explained to and/or documented for the instructor, and the student is held responsible for all work missed.

Unsatisfactory attendance may adversely affect a student's grade for the course. Any student who violates the attendance policy of the course before the 65% point of a semester (or summer session) may be required to drop the course. Any student who violates the attendance policy of the course after the 65% point of the semester (or summer session) may be required to withdraw from the course with a grade of "WP" or "FW," depending upon his or her grade in the course at the time of withdrawal. Attendance policies for online courses are detailed in the course syllabi for the individual courses. Generally, these attendance policies reflect the instructor's expectations regarding the frequency of posted interactions.

Class sessions that are missed by late-enrolling students may be counted as absences.

Sandhills Community College will excuse two days each academic year for religious observances required by the faith of a student. Students must provide a written notice to the instructor at least two weeks prior to the absence. Students are required to make up work missed due to absences.

Students will not be charged when an absence is due to participation in an activity specifically approved by the Vice President of Instruction or the Vice President of Student Services and Enrollment Management.

Schedule of Last Class Sessions

The last four days of each semester are used to provide classes with a concluding session used for final examinations or for other activities that are designed to bring the course to a successful conclusion. Meeting times for classes during the last four days of the semester are provided in the final exam schedule which is posted on the Sandhills website at www.sandhills.edu. The last class sessions meet the requisite contact hours for the course. Last class sessions must meet whether or not a final examination is to be given.

Grading Policies and Procedures

Grading

Grading the performance of students in course work is the responsibility of individual faculty members.

Grade Categories for Completing a Course

Categories of institutional grades and symbols for students who have met minimum course requirements are as follows:

Course Completion Grade Chart		
Superior	A	Superior academic performance
Good	B	Good academic performance
Average	C	Average academic performance. Students in zero-prefix courses must earn a "C" or better to enter subsequent foundation or curriculum course(s).
Passing	D	Academic performance that has met minimum course requirements and

Course Completion Grade Chart		
		that will allow students to enter the subsequent course or courses in a series, unless a higher grade is specified in the course prerequisite. Students who make a "D" grade in a zero-prefix course may not progress to the next course. Credits for courses in which a "D" is earned do not transfer.
Pass	P	Proficiency (Math and English co-requisite courses only)
Pass	P1-P3	Level of Proficiency (MAT 003 and ENG 002 courses only)
Credit by Examination	CE	Credit earned by examination procedures of the College
Experiential Learning	EL	Credit earned for life experience
Transfer Credit	TR	Credit earned from courses taken at other accredited educational institutions or military education experiences in the armed services
Audit	AU	Participation as an auditor of a course
Senior Audit	SR	Participation as a senior citizen auditor with tuition waived

Grade Categories for Not Completing a Course

Categories of institutional grades and symbols for students who have not met minimum course requirements are as follows:

Course Non-Completion Grade Chart		
Failure to Meet Course Requirements	F	Student performance judged to require repetition of the course. Students who make an "F" grade in a zero-prefix course may not progress to the next course.
Re-enroll	R	Non-punitive grade used when: <ul style="list-style-type: none"> · the student fails to make at least an 85% on the Tier 1 Test. (MAT 003 courses only) · the student fails to make at least an 80% on the Tier 1 Test and Essay. (ENG 002 courses only)
Drop	DR	Courses dropped during the first 10% of the class will not appear on the transcript. Between the 10% and 65% date, the class will be listed on the transcript as "DR."
Withdraw Passing	WP	Used to indicate that a student currently passing a course has withdrawn or been withdrawn from a course after the 65% date of the semester.
Withdraw Emergency	WE	Used to indicate that a student has withdrawn from the course due to an emergency such as a pandemic or natural disaster.
Failing Withdraw	FW	Used to indicate that a student currently failing a course has withdrawn or been withdrawn from a course after the 65% date of the semester. FW grades may also be given prior to the 65% date in cases of violation

Course Non-Completion Grade Chart		
		of the student code of conduct.
Incomplete	I	Punitive grade used when the instructor determines that at least the minimum course requirements may be met by a student during the next consecutive semester without repeating the course.
Incomplete Emergency	IE	Used to indicate that a student received an incomplete due to an emergency such as a pandemic or natural disaster.

Removing Incomplete “I” Grades

1. When grades are reported, it is the responsibility of the instructor and the student to determine the work to be completed and the timeframe of completion within the next consecutive semester (fall/spring) for the removal of the “I” grade.
2. When removing an “I” grade during the next consecutive semester, a student should continue working under the instructor’s direction and should not re-register for the course.
3. If a student has not removed the “I” grade by the end of the next consecutive semester, it may be necessary to re-register and re-take the course. “I” grades not removed during the next consecutive semester will be converted to an “F”. “I” grades have the same effect as “F” grades while on the transcript.
4. When a student performs the work that allows the removal of the grade of “I”, the instructor will submit a grade change form and the “I” will be deleted from the transcript, and the new grade will be entered.
5. If a student receives an “I” and the instructor is not at the institution the next consecutive semester, the student should meet the requirements of the course under the supervision of the department chairperson.
6. A grade of “I” may be replaced by a grade of “F” if a student, in attempting to remove an “I”, completes the work required but averages an “F” in the course.

Grade Point Average

Grade point averages are based on points assigned as follows:

Grade	Grade Points
A	4
B	3

Grade	Grade Points
C	2
D	1
F	0
FW	0
I	0
WP	Not computed
DR	Not computed
P	Not computed
P1 – P3	Not computed
R	Not computed

A minimum major grade point average of 2.0 is required for graduation. In addition, students enrolled in health science programs will be required to achieve a letter grade of “C” or better in all required courses of the student’s program of study with the exception of the students in the Health and Fitness Science program of study. All transfer degree students must earn a “C” or better in all courses applied toward the degree requirements.

In the computation of the grade point average for determining graduation eligibility, only grades for courses required for the completion of the current program of study will be computed. All other grades will remain on the student’s record but will not be computed. Grades earned in foundation courses (indicated by numbers ranging from 002 through 098) will not be used in the computation of the grade point average for graduation, but those grades will be included in the grade point average to determine academic progress.

Students who plan to transfer to a four-year college/university should be aware that many four-year colleges/universities re-compute the grade point average based on all college-level hours that the student attempts. Students who have a cumulative grade point average of less than 2.0 may not be accepted by the University of North Carolina System institutions.

Course Repetition

A student who has earned a grade of “C” or better in a course may repeat the course one time in an effort to earn a higher grade or to add to his or her mastery of course content. A student who has not earned a grade of “C” or better may repeat the course as many times as necessary in order to earn a higher grade. When a course is repeated, only the higher grade will be counted in determining the hours earned and the institutional grade point average at Sandhills Community College. Both the original grade and the grade when the course was repeated count in the grade point average calculation for financial aid purposes.

Students planning to transfer should realize that universities do not have consistent policies regarding grade forgiveness. University admissions personnel will review the transcripts of transfer applicants and may re-compute grade point averages and could include forgiven low grades. The Comprehensive Articulation Agreement (CAA) with the University of North Carolina System requires that a student earn a grade of “C” or better in each transfer course completed.

Students who earn a grade of “P1” in a transition-level course may repeat the course two times in an effort to earn a higher grade or to add to his or her mastery of course content. If the student does not successfully complete the transition course, he or she may repeat the course as many times as necessary to achieve a higher grade.

Students with a recorded “Audit” (or grade of “AU”) for a course may repeat the course one time on an “Audit” basis. Exceptions to this must be approved by the Vice President of Instruction.

Inter-Curricular Transfer of Credit

When a student transfers from one curriculum program to another within the College, all courses with passing grades that are applicable to the new program will be transferred and included in the computation of the student’s grade point average.

Course Change Procedures

Self-Service

Students can utilize Self-Service to make adjustments to their course schedule during authorized time periods. Typically, students can add courses to or delete courses from an upcoming semester between the opening of registration and the date published as the “last day to pay tuition”. After this date, students must utilize the electronic Course Change form to add or drop courses. Online students as well as on-campus students will have access to electronic forms via the MySCC webpages.

Adding Courses

Once the first day of the semester has begun, a student must use the electronic Course Change form to request adding a course. The student will initiate the form, indicating the course section to be added. The form will be routed to the instructor. If approved, the Office of Records and Registration will enroll the student in the section. The student will be notified by email once processing is complete. If the instructor does not approve the request, the student will be notified by email of the denial. No registration will be permitted after the 10% census date of the semester.

Dropping or Withdrawing from Courses

Instructor permission and the student’s last date of attendance (LDA) are required before a drop can be processed; therefore, students must use the electronic Course Change form to request to be dropped from a class. A student can request to drop (DR) a course at any time during the first 65% of the term. After the 65% point, a student can request to withdraw (WP or FW) from a course. See

“Important Guidelines” below for more details. After the student initiates the form, it will be routed to the instructor to provide the required information, then forwarded to the Office of Records and Registration for processing, the student will be notified by email once processing is complete.

Please note: If the semester has begun and a student would like to drop a class but replace it with a different class (or a different section of the class) prior to the 10% census date, an electronic Course Change form must be submitted, and it must include both the course to be dropped and the course to be added. Failure to include the drop and add on the same form may result in forfeiting any applicable refund.

Important Guidelines

Students should familiarize themselves with these important guidelines for dropping/withdrawing from a class. Any questions regarding the impact on financial aid due to dropping one or more classes should first be addressed with the Financial Aid Department before initiating the electronic form.

1. If a course is dropped during the first 10% of the semester, the student will not receive a grade for the class and no record of enrollment in the class will appear on the student’s transcript.
2. If the student drops the course after the 10% census date, but prior to the 65% point of the term, the class will be listed on the student’s transcript with a grade of “DR”. The “DR” grade will not be computed in the calculation of the student’s grade point average. Instructor initiated drops during this time period, due to a violation of the student code of conduct may result in an “FW”.
3. Emergency situations may arise that make it necessary for a student to withdraw from one or more courses after the 65% point of the semester. In this case, the instructor will assign a grade of “WP” or “FW”; the grade will not be a “DR” for drop. If the student is passing at the time of withdrawal, the student may receive a grade of “WP” (withdraw passing). If the student is failing, the student may receive a grade of “FW” (failing withdrawal). The “WP” grade will not be computed in the calculation of the student’s grade point average. The “FW” grade will be computed in the calculation of the student’s grade point average and will have the same effect as a grade of “F”.

In addition to regular, 16-week Fall and Spring semesters, the college offers other abbreviated terms such as 8-week modules in Fall and Spring semesters and Summer A, B, and C Sessions. The drop/add procedure will be the same, however, refund dates, add periods and drop periods for each of these sessions will vary. Specific dates for each session will be published in the Catalog.

Instructor-Initiated Drop or Withdrawal

An instructor will drop a student if the student has failed to attend two consecutive weeks’ worth of class. Additionally, an instructor may drop or withdraw a student from a course under any of the following conditions:

- Student fails to meet the attendance policy of the course, if that policy is more restrictive than what is stated above.
- Student fails to meet the course requirements as established by the instructor including attendance, class participation, and/or completion of assignments in the classroom or in the online environment.
- Student is absent from the final exam without the instructor’s permission.
- Student violation of the student code of conduct.

Withdrawal from a Course, Program, or the College

As noted above, emergency situations may arise after the no-penalty drop period (after the 65% point) whereby students must leave involuntarily. When withdrawing from a program and/or the college, students must officially request to withdraw from all their courses by initiating the electronic Course Change form. This form will be routed to instructors for approval and to the Office of Records and Registration for processing. This information will also be shared with the Financial Aid Office.

Change of Major, Re-entry, and Readmission

Change of Major

Students are never “locked in” a program of study for longer than one semester. Any time a student considers making a change, the student should immediately meet with a counselor, instructor, or advisor to discuss the advantages and disadvantages of the proposed change. Students should explore all program offerings at SCC, and Career Counseling located in Blue Hall is prepared to help in that exploration.

If a student wishes to change from one instructional program to another, the student must complete a Change of Major Form. This form is available online on the MySCC page through the eForms link. Students may change their major at any time during the academic year, but the students who are on financial aid should seek counsel from a Financial Aid official in Stone Hall.

Re-entry into a Program

When a student wishes to be considered for re-entry into a program that has special placement requirements or enrollment limitations, these procedures will be followed:

1. The student should check with the Admissions Office to see if his or her application is current. If necessary, a new advisor will be assigned at that time.
2. The student should schedule an appointment with the assigned advisor to discuss re-entry into the desired program.
3. The advisor may recommend to the appropriate department chairperson that the student be permitted to re-enter the program. Such recommendation should be based upon the student's demonstration that remedial action has been taken that would prevent a repeat of earlier failure to succeed in the program.
4. The department chairperson will have responsibility for approving a student's re-entry into a program within that department.
5. Nursing and Health Science students should consult the department chair and/or program coordinator to review specific re-entry requirements as detailed in the program policy manual that applies.
6. Students who interrupt their program of study will be subject to the program requirements of the Catalog in effect at the time of their re-entry into the program.

Academic Forgiveness

A student may request academic forgiveness for grades lower than a “C,” if the following conditions are met:

1. The student has not been enrolled in curriculum courses for 36 consecutive months.
2. During the previous enrollment period, the student experienced extenuating circumstances that contributed to grades lower than a “C.”

The student requesting academic forgiveness must contact the Vice President of Instruction and verify conditions 1 and 2 above.

If a student is granted academic forgiveness, the following conditions apply:

1. The student’s entire academic record at Sandhills Community College will be recorded on any subsequent transcript.
2. The subsequent institutional grade point average of a student who is granted academic forgiveness will be computed without inclusion of previous coursework in which a grade below “C” was received. However, unless the courses are completed with a better grade, this work may be included in calculations for consideration for honors.
3. A student may be granted academic forgiveness only one time.
4. This forgiveness policy is used for academic purposes only. Due to federal regulations, the Financial Aid Office is required to count all courses listed on a student’s transcript when calculating financial aid eligibility.

Academic Progress

Students who enroll in curriculum programs, or who enroll as special students, are expected to maintain satisfactory academic progress.

Academic Probation and Suspension

The purpose of the academic probation and suspension program is to identify when students are having academic difficulties that might jeopardize the reaching of their educational goals. Since a 2.0 GPA in a program is required for completion, students who fall below this standard are placed on academic probation.

At the end of Fall and Spring semesters, a student’s cumulative and semester grade point averages are examined. The semester GPA is based on all courses taken during a single semester for which a grade is given. The cumulative GPA is based on all courses taken at SCC. Curriculum students who have a cumulative grade point average below a 2.0 after a total of ten credit hours have been attempted at the college will be placed on academic probation. When a student is placed on probation, they are notified in writing.

Students on academic probation will not be permitted to participate in early or pre-registration through Self-Service without approval from an assigned advisor.

Any student on academic probation must complete all required interventions to maintain enrollment. Possible interventions include meetings with the appropriate program coordinator, academic advisor, and/or counselor. Failure to comply may result in academic suspension.

Students will be returned to normal academic status upon attaining a 2.0 or better cumulative GPA. Students on probation who achieve a 2.0 or greater semester GPA following being put on probation, but whose cumulative GPA is not 2.0 or greater, will remain on probation.

Curriculum students on probation who fail to make satisfactory improvement in their grade point average by earning at least a 2.0 semester grade point average will be suspended and must attend an advising session with the Vice President of Instruction, who will determine the limits to be placed on their registration of curriculum courses the following semester including not enrolling in any classes that semester. To be readmitted, the student must interview with a counselor and obtain permission from the Vice President of Instruction.

Academic Progress Policy for Students Receiving Financial Aid

Purpose

All financial aid recipients are required to meet Satisfactory Academic Progress (SAP) according to Federal regulations and policies set by Sandhills Community College (SCC). The intent of these policies is to ensure that students who are receiving financial aid are making measurable progress toward completion of an approved degree, diploma, or certificate program in a reasonable period of time and within a reasonable number of credit hours attempted in their program of study.

Scope

Regulations require a student's progress for financial aid purposes to be measured both quantitatively and qualitatively. In addition to a student's cumulative grade point average, students are also required to pass a percentage of all attempted coursework, and to complete their program of study within the maximum time frame established by the institution. To reasonably measure a student's academic progress for financial aid, the student's academic record will be evaluated including credit hours earned at other post-secondary institutions and transferred into the student's program of study at SCC. This requirement applies to all students who apply for financial assistance from Federal, State and Institutional Aid.

For students receiving financial aid, Satisfactory Academic Progress will be reviewed at the end of each semester of enrollment. Students who have attended SCC in the past without receiving financial aid will be evaluated for SAP based on their prior academic record, and subsequently, at the end of each semester of enrollment. Returning students are evaluated on a continuing basis from the first enrollment at Sandhills. Returning students who were previously enrolled under a Satisfactory Academic Progress Policy other than the current Satisfactory Academic Progress Policy will be required to meet the standards of the current policy upon returning. There is no requirement in the federal regulations for institutions to notify students who are not applying for or receiving Title IV, HEA aid of their eligibility under SAP.

Standards of Progress

To receive financial aid, the student must maintain Satisfactory Academic Progress toward an eligible program of study. There are two standards in the Financial Aid Office's standards of progress that students receiving financial aid must meet in order to maintain Satisfactory Academic Progress:

1. **Qualitative Standard:** The minimum **cumulative** grade point average (GPA) requirement the student must maintain to receive and/or continue receiving financial aid assistance is **Q**. This includes all degree, diploma and certificate programs.
2. **Quantitative Standard:** 67 % Completion Rate and 150% Maximum Time Frame. (Normal rounding rules apply. Example: 66.5% = 67%)

The student must maintain the minimums as listed below:

- **Completion Rate Requirement:** The student must successfully complete 67% of the cumulative credit hours attempted to meet the minimum requirement. Example: if the student attempts 59 credit hours during enrollment, the student must successfully complete 40 credit hours (40 hours completed ÷ 59 hours attempted = .67 or 67%). Successful completion is defined as receiving a grade of A, B, C, D, or P (Pass).
- **Maximum Time Frame:** The maximum timeframe for a student to complete a program is 150% of the published length of the program. Example: if 75 credit hours are required to complete a degree, the student must complete the program, prior to the maximum of 113 credit hours before the student exceeds his eligibility for financial aid (75 credit hour program x 150% = 113). One academic year of credit (30 credit hours) may be added for required remedial coursework. If a student is pursuing more than one program of study, maximum time frame standards of 150% will be applied toward each program for all attempted hours. If a student should need additional periods of enrollment to complete their program or if the student has a valid reason for pursuing an additional program of study, appeal procedures noted within this Satisfactory Academic Progress policy may be applied.

Please note: Both pace and maximum time frame are measured in credit hours (except for Clock Hour programs – see below), regardless of full time or part time attendance.

If a student does not meet any ONE of the above three criteria, the student has failed to maintain Satisfactory Academic Progress, and failure to do so will result in termination of eligibility to receive funds from federal Title IV, state, and institutional financial aid programs.

Treatment of Selected Grades

Withdrawals/Drops

Credit hours in which a student receives a grade of Drop (DR) and Withdraw Passing (WP) do not affect a student's GPA; however, Failing Withdraw (FW) is calculated as 0.0 in the GPA calculation for SAP. Grades of DR, WP, and FW are included in the number of attempted hours, but do not count toward successfully completed hours. Students who withdraw may have difficulty meeting the satisfactory academic progress requirements. Courses dropped during the official

add/drop period (usually the first 8 days of the semester) are not included as attempted and/or unsuccessful credits.

Incomplete and Failing Grades

Credit hours in which a student receives a grade of Incomplete (I), Repeat (R), or Fail (F) are included in the number of attempted hours, but do not count toward successfully completed hours. All three grades are calculated as 0.0 in the GPA calculation for SAP. Students with incompletes may have difficulty meeting the satisfactory academic progress requirements at the time of evaluation but may request reevaluation upon completion.

Incomplete Emergency and Withdraw Emergency (COVID-19)

In response to the national emergency due to the COVID-19 pandemic, SCC added two new grades to the curriculum grading schemes for the Spring 2020 semester only, the Incomplete Emergency (IE) and Withdraw Emergency (WE) grades, which are only applied to students in response to COVID-19. IE and WE grades are not included in the quantitative component of the Satisfactory Academic Progress calculation. If a student receives a final grade for a class, the new grade and number of credits attempted will be used to determine if the student is making SAP.

Transfer Credit

Students transferring from another college will be considered making satisfactory progress at the time of initial enrollment at SCC. Grades from courses taken at other institutions are not included in the GPA calculation for SAP. Any such transfer credits will be included in the completion rate requirement as both attempted and completed credits, while a student's maximum time to receive financial aid will be reduced by the equivalent transfer of credit hours.

Audit and Never Attend

Audit (AU), Never Attend (NA) or Senior Audit (SR) grades are not considered attempted course work and are not included in the grade point average or completion rate determinations. A student cannot receive financial aid for courses that the student audits or is considered a no show (AU, NA, or SR).

Repeat Courses

For financial aid purposes, all hours attempted will continue to be counted in each component of the student's academic progress.

Credit by Exam

While Credit by Exam (CE) is not included in enrollment status for purposes of awarding financial aid, the attempted and completed credits are counted in each component of the quantitative standard. The grade CE has no numerical value at SCC and, therefore, does not affect the GPA.

Experiential Learning

When a student earns credit for Experiential Learning (EL) which is given for career experience and military training that duplicates experience required for a course, it is not included in enrollment status for purposes of awarding

financial aid; however, the attempted and completed credits are counted in each component of the quantitative standard. The grade EL has no numerical value at SCC and, therefore, does not affect the GPA.

Foundation Courses

Courses taken at SCC and are numbered less than 100 are included in GPA calculations for SAP, as well as when calculating the 67% Completion Rate. One academic year of credit (30 credit hours) may be added for required foundation coursework when calculating the 150% Maximum Time Frame. Only 30 credits of foundation coursework will be included in a student's enrollment status for federal financial aid.

When calculating the cumulative GPA for foundation coursework, a P grade is the equivalent of a grade of A. An R grade is the equivalent of a grade of F and is calculated as 0.0 in the GPA calculation for SAP. Credit hours in which a student receives a grade of R are included in the number of attempted hours but do not count toward successfully completed hours.

Summer Session

Credit hours attempted and earned during summer session will be included in the calculation of Satisfactory Academic Progress, just as any other enrollment period. For purposes of financial aid, full time enrollment in summer is 12 credit hours.

Clock Hour Programs

Students enrolled in clock hour programs will have SAP evaluated at the end of each payment period. At the time of review, students must have successfully completed both the clock hours and weeks of instructional time required for the payment period. Maximum Time Frame is measured in cumulative clock hours required to complete the program and expressed in calendar time. (Note that a student in a clock hour program cannot receive aid for hours beyond those in the program; the maximum time frame applies to the amount of calendar time the student takes to complete those hours.) For example, if the program is 1200 clock hours and meets 30 clock hours per week, that means the program is 40 weeks in length. 150% of 40 weeks is 60 weeks. A student may receive aid while enrolled in this program for up to 60 weeks to complete the 1200 clock hours required for graduation.

Complete Academic Record

In order to measure a student's satisfactory progress toward degree, diploma, or certificate requirements, the student's total academic record at Sandhills Community College must be evaluated whether or not the student received financial aid for the entire time of enrollment. This includes, but is not limited to, courses taken through dual enrollment, the Career and College Promise program, and the Sandhoke Early College program. When students complete course work for more than one major, college and financial aid academic progress standards must be met to receive student financial aid.

Financial Aid Eligibility Status

Eligibility Status

Satisfactory status is achieved when all the criteria explained above are met.

Financial Aid Warning

Students (not currently on Warning, Suspension, or Probation) who do not have the required cumulative grade point average of 2.0 and/or have not successfully completed 67% of their attempted credit hours, will be placed on Warning for the following semester. A student on financial aid Warning may continue to receive Title IV aid for one payment period. Satisfactory progress will be monitored at the end of the semester to determine if the student has met the standards of progress and is eligible to continue to receive financial aid.

Financial Aid Suspension

Students on financial aid Warning who have not attained at least a cumulative 67% completion rate and/or earned the minimum required cumulative grade point average of 2.0 will have their financial aid suspended at the conclusion of the Warning period.

Financial Aid Probation

If a status of Suspension is appealed and approved, a status of Probation is assigned. This status requires students to maintain both a term GPA greater than or equal to 2.0 and a term completion rate equal to 100%. In order to achieve a completion rate equal to 100%, a student must successfully complete each course enrolled in for the term. The pace component may also require a course-by-course plan toward degree completion. If a student withdraws or fails a course during the Probation term dropping the term completion rate below 100% or does not maintain a term GPA greater than or equal to 2.0, the appeal is terminated, and the student will be placed on a financial aid Suspension status.

Warning Near Maximum Time Frame

Students who have attempted approximately 100% of the maximum allowable credit hours for their program of study will receive a courtesy notification status of Warning Near Maximum Time Frame.

Maximum Time Frame

Students will have their financial aid suspended when it becomes mathematically impossible for them to complete their program within 150% of its length.

Notification of Financial Aid Warning, Suspension, Probation, Warning Near Maximum Time Frame, or Maximum Time Frame

The Financial Aid Office will send correspondence to any student who is placed on financial aid Warning, Suspension, Warning Near Maximum Time Frame, or Maximum Time Frame.

Eligibility for Retaking Coursework

A student may receive financial aid to retake a course as long as the student has never passed the course. A student who previously passed a course with a grade higher than an “F” and wishes to retake it may receive financial aid to retake it one time only.

Regaining Eligibility

Students who attend Sandhills Community College (without federal financial aid) may regain financial aid eligibility by achieving a 67% completion rate and earning the required GPA based on hours attempted. A student may request reconsideration of eligibility for financial aid by submitting a written request to the Financial Aid Office once all requirements are met. Paying for a semester or sitting out a semester does NOT permit you to regain satisfactory academic progress.

Appeal of Satisfactory Academic Progress Standards

Students who have been disqualified from receiving financial aid may appeal to the Financial Aid Office to waive the satisfactory progress requirements only where there are extenuating circumstances. A student may submit written documentation to the Financial Aid Office by completing the Satisfactory Academic Progress Appeal Request form explaining the circumstances that have affected academic performance and what has changed that will allow the student to make Satisfactory Academic Progress at the end of the next term of enrollment or within a reasonable period of time prior to program graduation. Supporting documentation, must be presented for the semester at SCC that the student did not successfully complete/pass 67% of their classes and/or the semester GPA was below 2.0.

Examples of circumstances outside of your control that may be considered include death in the family, accident, illness, military deployment, or other serious personal problems that were beyond the control of the student and can be supported with proper documentation from involved third party sources.

Examples of circumstances within your control that will not be considered include returning to school after an extended period of absence, changing academic programs, and immaturity. An appeal may not be based on a student's financial need or lack of understanding of actions that put the student's financial aid in jeopardy.

Students who have exceeded the maximum allowable time frame to complete a program of study may also appeal. These students must explain what caused them to exceed the Maximum Time Frame allowed for their major and how many credits are required to complete it. They must provide a graduation plan completed and signed by their academic advisor that lists the courses needed to graduate and when each course will be taken. If the plan is considered reasonable, the student may receive financial aid with his or her progress being monitored for one or more semesters until the degree is completed, as long as the conditions set forth are met.

A student whose appeal is approved and is allowed to continue on Financial Aid Probation based on extenuating circumstances may receive Title IV funds for one payment period. At that point, to maintain Title IV eligibility, the student must meet SCC's SAP standards or the requirement of an established individual academic plan.

Appeal Process

A student may appeal in writing to the Financial Aid Office using the Satisfactory Academic Progress Appeal Request form explaining why satisfactory academic progress requirements were not met and what has changed that will allow the student to make Satisfactory Academic Progress. Supporting documentation for the extenuating circumstance is required and specified according to the student's situation on the Satisfactory Academic Progress Appeal Request form. The Financial Aid Appeals Committee will review the appeal and a decision will be rendered within fifteen (15) business days. The student will be informed of the committee's appeal decision by letter.

Approved Appeals

A student whose appeal is approved and is allowed to continue on Financial Aid Probation based on extenuating circumstances may receive Title IV funds for one payment period. At that point, to maintain Title IV eligibility, the student must meet SCC's SAP standards or the requirement of an established individual academic plan that will ensure that the student is able to meet SAP standards by a specific time prior to graduation.

Denied Appeals

If your appeal is denied or if you do not meet the conditions of an approved appeal, you will be asked to attend at your own expense until you achieve the required completion rate, GPA, or both (you cannot make up a deficiency if your appeal was due to exceeding the maximum timeframe to earn a degree).

Second Appeals

A second appeal may be considered but you will not be allowed to submit it for the same issue that led to the first appeal, such as the same medical condition. A student must have very unusual circumstances to warrant a second appeal. As a result, very few second appeals are approved.

If a student disagrees with the determination by the Financial Aid Appeals Committee, the student may appeal their decision to the Vice President of Student Services. This appeal must be submitted in writing within five (5) business days from the date of the letter from the Financial Aid Appeals Committee. The decision of the Vice President of Student Services is final.

NOTE: All notices regarding academic progress for financial aid purposes will be sent to SCC student email account. The student is responsible for monitoring the mailbox.

Academic Progress of Health Sciences and Nursing

Academic Progress Standards for Health Science Programs

To remain in good academic standing, health science students must satisfy the general academic progress requirements with a letter grade of C or better in all required courses of the student's program of study. All health science students must maintain an institutional GPA of 2.0 or higher.

Academic Progress Standards for Health and Fitness Science Program

To remain in good academic standing, health and fitness science students must satisfy the general academic progress requirements and maintain an Institutional GPA or 2.0 or higher **and** have a letter grade of C or better in all the HFS prefix required core courses.

Academic Progress Standards for Nursing Programs

To remain in good academic standing, nursing students must satisfy the general academic progress requirements with a letter grade of C or better in all required courses of the student's program of study. Students who do not achieve this will not be allowed to progress and will be subject to program suspension.

Academic Progress Standards for the Therapeutic Massage Program

To remain in good academic standing, therapeutic massage students must satisfy the general academic progress requirements with a letter grade of C or better in all required courses of the student's program of study.

In the event that a student withdraws from the program due to academic shortfall or life circumstance, the Therapeutic Massage program follows these guidelines for readmission:

Students who receive a "C" or better in one portion of the curriculum but who fail out of or leave the program during subsequent semesters must demonstrate proficiency in completed courses in order to be given credit for the courses taken earlier.

Recognition of Outstanding Academic Performance**President's List**

The names of students who have achieved a 4.0 grade point average (for all non-foundation courses attempted) on twelve or more semester hours of college-level work during the semester will be placed on the President's List. Foundation courses (indicated by prefix number 002-098) are not considered college-level work and will not be included in the computation of the grade point average for the President's List. The list will be published following the reporting of semester grades for the fall and spring academic semesters.

Dean's List

The names of students who have achieved a grade point average of 3.5 or higher (for all non-foundation courses attempted) on twelve or more semester hours of college-level work during the semester will be placed on the Dean's List. The student can have no grade below a "C" on any college-level course. Foundation courses (indicated by prefix number 002-098) are not considered college-level work and will not be included in the computation of the grade point average for the Dean's List. The list will be published following the reporting of semester grades for the fall and spring academic semesters.

Honors Graduates

Students who will receive a degree or diploma and have earned a cumulative grade point average of 3.5 or higher in their major by the end of the semester preceding their graduation semester will be recognized during graduation exercises for having achieved one of the following honors designations, which will also be noted on their diploma:

- **Cum Laude:** Grade point average between 3.5 and 3.74.
- **Magna Cum Laude:** Grade point average between 3.75 and 3.89.
- **Summa Cum Laude:** Grade point average between 3.9 and 4.0.

Foundation courses (indicated by prefix number (002-098) are not considered college-level work and will not be included in the computation of the grade point average for honors designation.

Resources for Learning and Support

Disability Services

Consistent with the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973, Sandhills Community College is committed to equality of educational opportunity and ensures that no qualified person shall, by reason of a disability, be denied access to, participation in, or the benefit of any program or activity operated by the College. Each qualified person with a disability shall receive necessary, reasonable accommodations to ensure equal access to educational opportunities, programs, and activities in the most integrated setting appropriate.

To obtain additional information or to read documentation guidelines and/or Policies and Procedures, please go to the Office of Disability Services web page at www.sandhills.edu/disability-services-sandhills-community-college-2/ or call us at (910) 246-4138.

eLearning Students

In order to accommodate the needs of eLearning students, Sandhills Community College has implemented policies and procedures to protect student rights and online student privacy (SCC Procedure 4.10.2) and to provide Student and Curriculum Support Services. These procedures are available on the Sandhills website at www.sandhills.edu and on the MySCC page at <http://www.sandhills.edu/myscc/>.

Information Technology Resources

Sandhills Community College provides up-to-date information technology resources for students, faculty, staff, and community members. There are many on-campus microcomputer laboratories that are available for use by students and community members. All of the main buildings on the campus are networked, providing access to the Internet and the administrative computer system. A wide variety of software is available for use on these computers. (More information is available in the Information Technology Resources Acceptable Use Policy in this Catalog and online at www.sandhills.edu.)

Katharine L. Boyd Library

The Katharine L. Boyd Library houses the Peter and Regina Yellin Learning Resources Center made up of the Learning Resources Computer Lab, the Barbara H. Cole Children's Literature Center, and the library collection. The library is also home to the Teresa Wood Reading Room, the Jeanne Hastings Gallery, the Peter J. Golden Teaching and Learning Center operated by the VP for Instruction office, and the Luke Joseph Ryan Veteran's Center operated by the Student Services division. Boyd Library also contains Boyd Room 101, a 24-seat computer classroom, available for reservation on a "First come" basis.

The library's physical collection includes 69,787 books, 36 print periodicals, 4,037 DVDs and 144 databases containing thousands of resources in various formats. Several reserve instructional materials are available at the circulation desk for student use. These items are designated for on-site use or special checkout periods as prescribed by individual instructors. The library also houses study guides for entrance exams such as the HESI, and licensing exams such as the NCLEX. Some of these materials (or similar) can also be accessed through the NCLIVE database LearningExpress Library Complete/ PrepSTEP Academic and the StatRef database.

The Boyd Library provides comfortable, pleasant surroundings for study and reading in a 26,000- square-foot building. The library also includes a quiet area, access granted by the Veteran's Center, for people to reflect, read, or study without the intrusion of electronic devices. The rear of the library is designated as a quiet zone where students may study or read with minimal interruption. The Barbara H. Cole Children's Literature Center houses 3,360 books and DVDs for children. Through a generous donation, the Weiss special collection was established to enhance the children's area through a display of Caldecott Medal winner and honor books, as well as updated furnishings for the area. Other special books acquired through philanthropic donation include the Military and Veterans, Ralph and Vivian Jacobson Holocaust and World War II and the Peyton and Anne Cook Military collections.

Faculty, staff, and students are provided an SCC ID card, which also serves as their library card. Library and inter-library loan privileges are also available to Moore and Hoke County residents (and those who work in Moore and Hoke County but reside elsewhere). Community patron cards are issued to those 18 years of age or older. A photo ID and/or proof of residence must be presented during sign-up. Boyd Library is open 54 hours per week under the guidance of MSLS and/or MLS credentialed staff and has a seating capacity of 300.

The library provides 7 public-access computer stations for using the online catalog to find library materials and/or community patron "general use." In addition, patrons are also able to print documents from these workstations. The library also provides no-cost Notary services to all campus personnel, students, and community library patrons.

Boyd Library provides online access to library research databases to all on-campus and distance learning students at <https://www.sandhills.edu/library/index.html>.

There is also a library guide for easy navigation of all databases, along with associated video tutorials for searching the databases and other student help topics at <https://sandhills.libguides.com/boydintro> academic. Off-campus access to research databases is gained by logging in with the "MySCC" username and password. On-site research assistance from librarians on the main campus can be arranged by appointment for students at both Pinehurst and Hoke campuses. Off-

site assistance via live chat or by scheduling a face-to-face virtual meeting with screen sharing capability in ConexEd is also available during hours of operation. After hours reference assistance via live online chat with credentialed librarians is available through ChatStaff.

Learning Resources Computer Lab

The Learning Resources Computer Lab (LRCL), located inside the Boyd Library/ Peter and Regina Yellin Learning Resource Center, is a staffed, student computer lab with access to 17 computers. All computers are equipped with internet access, word processing, computer-based tutorials, printers, and a wide variety of software applications. Additionally, the LRCL is a designated support site that offers test proctoring and WorkKeys testing, assistance with e-Learning platforms and MySCC login issues.

The LRCL is limited to use by students with valid SCC ID cards and Continuing Education/HSE students. Local college/university students in attendance at other institutions may also sign in to use the LRCL when space permits. The LRCL is also a certified proctoring site for use by faculty and students in need of exam proctoring services. Those in need of proctoring services can contact an LRCL staff member for scheduling.

Students in attendance at SCC' Hoke Center campus, including those enrolled at the SandHoke Early College High School, can access computer resources online or by using one of five computers in the LRCL located in Upchurch Hall. Further support is available through staff at both the Hoke and Pinehurst campuses.

Transfer Center

The Transfer Center is designed to support students who enroll in the Associate in Science (AS), A10400, or Associate in Arts (AA), A10100, degree with the goal of transferring to a four-year college or university. All students enrolled in the AA or AS transfer degree will be assigned to an academic advisor from the Transfer Center in their first year and will help guide the student in setting up an education plan to meet the transfer requirements and to successfully navigate the transfer process. The Transfer Center also serves students enrolled in the Associate in General Education (AGE), A10300, degree and students who are considered a Special Student (T90990).

Testing

The College administers the General Education Development (HSE) high school equivalency test, and a variety of academic achievement and screening examinations requested by instructional departments. HSE testing is located in Van Dusen Hall.

Tutorial Services

An organized program of free tutorial assistance is provided to supplement the instruction given in the classroom. These services are provided by students and community volunteers. The Kelly Tutoring Center is located in Room 115 in Logan Hall. Online tutoring is also available. More information regarding Tutoring Services can be found on the MySCC page.

There are also drop-in labs on campus to assist students with their course work. Students should see their instructors for information regarding these labs.

WORKFORCE CONTINUING EDUCATION (WCE) CAREER CREDIT

The Workforce Continuing Education Division offers a wide variety of courses designed to meet the needs and interests of the citizens of Moore and Hoke Counties. Through this division, students may acquire or enhance basic academic skills and general knowledge and/or earn industry-recognized credentials and/or train or retrain for employment.

Some courses are offered on a continuing basis while others are developed and offered in response to requests by individuals, business and industry or other community and public service groups. A printed class schedule is available prior to the beginning of a term and offerings are also posted and updated on the Sandhills website at www.sandhills.edu/wce.

Personal Enrichment

Personal Enrichment classes at Sandhills Community College are designed to enhance the intellectual, physical, and personal well-being of the Sandhills community. The Center for Creative Living and the Lifelong Learning Institute facilitate innovative programs that are designed to promote access to services and community resources and to encourage participation and collaboration with various community organizations and agencies.

Admission

Any person 18 years or older may enroll in continuing education classes throughout the year. During summer months while local schools are not in operation, persons under 18 can enroll in continuing education classes as specified by the class offering. During the school year, exceptions can be made for 16- and 17-year-old students who have not completed high school. Students who request admission under these exceptions should contact the Continuing Education Division for special instructions concerning admission and registration.

High school juniors and seniors may enroll in a WCE Career and College Promise (CCP) course offered at their high school in accordance with the CCP guidelines (see College Programs for High School Students).

Registration

Registration for continuing education classes may be completed by contacting our registration office at 910-695-3980 or by visiting sandhills.edu/cereg. Class registration is ongoing and start dates are announced in the printed class schedule and on the Sandhills website at sandhills.edu/wce.

Fees

The NC Legislature establishes all tuition fees charged except for self-supporting classes. Additional specialty fees that cover specific course materials vary according to specific programs in Continuing Education. College and Career Readiness, Career Development (for those students who qualify), and most small business seminars are offered to students at no cost. Tuition fees for occupational classes are determined by the Legislature. Classes designated “self-supporting” require varying registration fees. All registration fees are advertised in the printed class schedules. A \$5.00 technology fee and a \$2.50 accident insurance fee is charged for some classes.

A full refund can be made if the class is canceled by the College or if the student requests the refund before the class starts. After the class begins, 75% of the registration fee can be refunded if requested by the 10% attendance point.

Workforce Continuing Education students with any outstanding balance may still enroll in occupational extension certification classes and receive continuing education units (CEUs) **1)** if the course section is offered for the benefit of a company or agency and **2)** when course attendance is limited to employees of said company/agency, and **3)** the company/agency pays the tuition. The students will be made aware that the outstanding balance remains on their account. They will be restricted to taking company/agency sponsored classes until the outstanding balance is paid in full.

Location of Classes

Classes are held on the campuses of Sandhills Community College in both Moore and Hoke Counties, and at designated locations throughout the communities.

Continuing Education Units (CEUs)

The Workforce Continuing Education Division awards Continuing Education Units (CEUs) for appropriate programs. The Commission on Colleges defines the CEU as follows: “One Continuing Education Unit (CEU) is ten (10) contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified instruction.”

Scholarships

The Workforce Continuing Education Division has a variety of scholarships made available by donors and various state and local partners. Applications are available through the Office of Workforce Continuing Education located in Van Dusen Hall and on our website at www.sandhills.edu/available-funds-for-your-training/.

Student Records

In accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA), student records are maintained in the college's information system. Student information requested by the College, at the time of registration, consists of social security number, name, address, telephone number, date of birth, county of residence, email address, employment status, race, gender, emergency contact information, and level of education completed.

Transcripts

Workforce Continuing Education transcripts will be issued only upon students' written authorization to the Office of Workforce Continuing Education. A transcript request form and directions can be found online at www.sandhills.edu/continuing-education/wce/transcripts.

A separate process is required for High School Equivalency (HSE) and Adult High School (AHS) transcripts.

All requests for an HSE (to include GED® and HiSET®) transcripts should be directed to Diploma Sender, www.diplomasender.com. Fees may be applied.

Requests for an AHS transcript should be directed to the Office of Workforce Continuing Education. The request form is located online at www.sandhills.edu/wce/transcripts.

WORKFORCE CONTINUING EDUCATION (WCE) PROGRAMS (CAREER CREDIT)

Advanced Manufacturing

The Advanced Manufacturing Program provides training for students seeking to learn new job skills in the construction and industrial trades. Included are National Center for Construction Education and Research (NCCER) certification programs in electrical and welding as well as training in the Manufacturing Skills Standards Council (MSSC) and the Certified Production Technician (CPT) certification programs. Additional certification preparation programs are provided in the programmable logics, industrial electronics, mechatronics, ABB Robotics, and manual and CNC machining fields. Training is provided at both the **Palmer Advanced Manufacturing Center** on the main campus and the **Hoke Trades Center** at the Hoke Center. The program provides employment preparation and job opportunity identification for the students.

Business and Industry Support Customized Training Program

The Customized Training Program, part of the Business and Industry Support initiative, administers the North Carolina Community College System Customized Training Program for its service area. This program provides training at no cost to qualifying companies new to the service area or those companies expanding their employment base, implementing innovative technology, or enhancing the skills of their current workforce to increase their productivity. Through consultation

with the Center, the company creates a customized training program specific to the needs of the company. This program is then funded by the North Carolina Community College Customized Training Program and implemented by the Center and the company.

Career Readiness Assessment Center

Sandhills Community College has been designated a Career Readiness Assessment Center by the North Carolina Community College System. Through the Career Assessment Readiness Center, the department is authorized to assess individuals for the Career Readiness Certificate (CRC) workforce credentialing system. The credentialing system is based on three ACT WorkKeys assessments: Workplace Documents, Graphic Literacy, and Applied Mathematics. CRCs are awarded on four levels (Bronze, Silver, Gold and Platinum) and are based on the levels scored on the assessments. Sandhills Community College is an authorized ACT WorkKeys assessment site.

Career Training

Career Training courses provide instruction and training necessary to compete in today's workforce. Classes are offered to individuals seeking to improve their job marketability by learning new skills, those seeking to earn an industry-recognized credential and for seasoned professionals seeking CEU credit courses to stay abreast of new business practices. Other classes are provided for those who desire understanding of innovative technologies or who may need to comply with State and/or Federal licensing regulations. For the individual seeking to learn new job skills, courses are offered in areas such as automotive, health care, hospitality, business, construction trades, real estate, and languages. Professional development opportunities range from one-day workshops to certification programs in both traditional and online delivery. Sandhills Community College is an authorized Prometric Testing Center for the Automotive Service Excellence (ASE) assessments.

Construction Trades

Our new Breakthrough Construction Center, located at the Larry Caddell Public Training Center in Carthage, holds National Center for Construction Education and Research (NCCER) certification programs in Core, Plumbing and HVAC. We also offer a new summer Construction Academy, and we partner with Habitat for Humanity to build a tiny home several times a year.

Ed2Go® Online Training

Continuing Education Ed2Go® online courses provide an option for those seeking a convenient or self-paced option. There are hundreds of online courses available for professional development or personal interests in the following categories: Arts and Design, Business, Computer Science, Construction and Trades, Health and

Fitness, Hospitality, Information Technology, Language and Arts, Legal, Math and Science, Teacher Professional Development, Test Prep, and Writing.

Healthcare Training

Healthcare Training courses provide a broad scope of specialized training to meet the local demand of area healthcare industry providers. Included are courses and certification in areas such as Nurse Aide, Phlebotomy, EKG (Electrocardiogram Monitoring), Medication Aide, Medical Coding, Medical Terminology and Anatomy, CMAA (Medical Administrative Assistant), Central Sterile Processing, Pharmacy Technician, Medical Assisting, and NC Community Health Worker.

Medical Assisting

The Medical Assisting Program at SCC is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon the recommendation of the Medical Assisting Education Review Board (MAERB). Graduates of a CAAHEP accredited medical assisting program may be eligible to sit for the American Association of Medical Assistants' (AAMA) Certification Examination to become a Certified Medical Assistant (CMA). Students who successfully pass the MA program are also eligible to sit for the Registered Medical Assistant (RMA) with American Medical Technologies (AMT).

Technology Training

The **Frick Technology and Innovation Center** Technology Training programs provide up-to-date instruction in many areas of technology for adult learners of all experience levels. The program provides instruction in both Apple and personal computer platforms including such topics as operating systems; applications software; personal computer safety; maintenance and repair; 3D printing; tablets; photography and cyber security.

Workforce Skills Training

The Workforce Skills Training Program provides skill assessment services, employability skills training, and career development counseling to unemployed and underemployed adults hoping to advance their careers. Workforce Skills Training classes assist students in assessing their interests, personality traits and abilities, in setting career and/or educational goals, and in creating a pathway leading to economic, social, and educational success. These goals are achieved through individual classes, coaching, and counseling. The program is fee-waived for those who qualify.

Larry R. Caddell Public Safety Training Center

The Larry R. Caddell Public Safety Training Center serves the training needs of approximately thirty (30) fire departments in Moore and Hoke counties.

Fire and Rescue Training

Under the auspices of the North Carolina Fire Commission, the college provides certification and training programs (and regional and state training) for fire and rescue personnel. The College offers biannual Fire Academies each year that provide cadets their Firefighter certification as well as additional Office of the State Fire Marshall certifications.

Emergency Medical Services

Emergency Medical Services training emphasizes initial and upgrade certification programs from the basic First Responder to Advance Life Support. Specialized lifesaving programs are offered to the general public and on site for business and industry.

Law Enforcement Training

The College provides upgrade and re-certification training programs for law enforcement and corrections personnel. Emphasis is placed on officer skills and duties necessary to enhance job performance and courses required for continued certification in these careers. Special law enforcement topic classes are offered to respond to a rapidly changing environment and based on the needs of the community. These classes equip law enforcement personnel with the information and skills necessary to serve. Instructional delivery is offered in both traditional and eLearning formats.

College and Career Readiness (CCR)

The **Furches Center for Lifelong Learning** offers a variety of College and Career Readiness (CCR) Programs. These Basic Skills programs provide educational opportunities at no cost to adults who would like to improve their academic skills to function more effectively in society or on the job. In accordance with the Workforce Innovation and Opportunity Act guidelines, students have the option to enroll in a career pathway program while attending a literacy program so they may reach their career goals sooner. Each of the CCR literacy programs are designed to meet students' unique learning needs. Classes are available during day and evening hours at several convenient locations in Moore and Hoke counties, as well as online offerings. Specific program areas are described below.

Adult Basic Education (ABE)

Adult Basic Education (ABE) classes provide adults, 18 or older, an opportunity to learn basic reading, writing, and math skills. Students experience firsthand how these skills relate to daily living and the workplace by completing such tasks as reading a newspaper, helping their children with homework, writing a letter, calculating a budget and so much more. Upon completion of eighth grade level work, students may progress into the High School Equivalency (HSE) program to pursue their HSE diploma.

High School Equivalency (HSE)

The High School Equivalency program offers classes at no cost to students providing the knowledge and skills needed to successfully complete the high school equivalency test credential. Students have the option to take either the GED[®] test or the HiSET[®] test. Successful completion of either test results in the same High School Equivalency Diploma issued by the North Carolina Board of Community Colleges.

Applicants ages 16 and 17 may apply to the HSE program contingent upon an interview with a Coordinator. All accepted minor applicants must present a signed and notarized Petition for Admission of a Minor Form which can be obtained prior to the minor applicant's interview.

The completed petition will indicate applicant's parents, legal guardian, or other person or agency having legal custody and control. It will certify residency and date of birth and appropriate legal relationship of the petitioner to the applicant and official school drop date as determined by the previous school.

English Language Acquisition (ELA)

English Language Acquisition (ELA) classes are offered at no cost to adults 18 or older having limited skills in the English language. Instruction is provided in life skills, communication, family and workplace literacy, reading and writing, U.S. culture, and civics. Preparation for the U.S. citizenship test is also available through the ELA class.

C. Harlan McCaskill Center

The C. Harlan McCaskill Center offers programs to meet the training needs of the public service sector and to enhance the cultural, academic, and social enrichment of area citizens.

Small Business Center

The mission of the Small Business Center is to increase the success rate and the number of viable small businesses in North Carolina by providing high quality, readily accessible assistance to prospective and existing small business owners ultimately leading to business start-ups, job creation and retention. The Sandhills Community College Small Business Center is a community-based provider offering seminars, workshops, and business counseling at no cost to the participants.

Dedman Center for Business Leadership

Designed to prepare individuals to become effective leaders in their respective businesses or organizations, the Dedman Center offers an annual Dedman Institute for Business Leadership. Participants are given a well-rounded look at the elements of leadership in corporate and institutional settings, including academia.

Those completing the program are designated a Dedman Fellow in Leadership from the Sandhills Community College Division of Workforce Continuing Education. Participation in the program is made possible through scholarships underwritten by the Robert Dedman Permanent Endowment to Benefit Sandhills Community College, an endowment created by the late Robert H. Dedman to support programs at Sandhills.

Personal Enrichment

The Center for Personal Enrichment and the Lifelong Learning Institute, both part of the C. Harlan McCaskill Center, facilitate the learning and participation of individuals in the region. Short-term courses are offered throughout the year allowing participants to strengthen proficiencies; experience cultural, personal, or academic enrichment; and investigate new curiosities promoting self-expansion and lifelong learning. Course topics and offerings range from academics such as foreign languages, art history or debates on issues regarding our current legal processes to developing cultural and personal enrichment through healthy living, art, film, literature, horticulture and culinary.

College for Kids

College for Kids is a series of exciting summer youth enrichment and educational programs for students ages 8-14. Programs are designed to provide fun, hands-on learning activities promising to develop and build skills, encourage creativity and fuel a passion for lifelong learning.

Alive@25

Alive@25 is a program designed for those ages 16-25 and recommended for those who have received a traffic violation. The Safety and Health Council of North Carolina has recognized Sandhills Community College as a National Safety Council Public Training Agency accredited to offer defensive driving courses to the public.

PROGRAMS

ACCOUNTING

The Accounting curricula is designed to provide students with the knowledge and the skills necessary for employment and growth in the accounting and finance profession. Accountants and finance professionals assemble and analyze, process, and communicate essential information about financial operations.

Course work may include accounting, finance, ethics, business law, computer applications, financial planning, insurance, marketing, real estate, selling, and taxation. Related skills are developed through the study of communications, computer applications, financial analysis, critical thinking skills, and ethics.

Graduates should qualify for entry-level accounting positions in many types of organizations including accounting firms, small businesses, manufacturing firms, banks, hospitals, school systems, and governmental agencies.

ADVANCED EMT

The Emergency Medical Science curriculum provides individuals with the knowledge, skills and attributes to provide advanced emergency medical care as a paramedic for critical and emergent patients who access the emergency medical system and prepares graduates to enter the workforce.

Students will gain complex knowledge, competency, and experience while employing evidence-based practice under medical oversight and serve as a link from the scene into the healthcare system.

Graduates of this program may be eligible to take state and/or national certification examinations. Employment opportunities include providers of emergency medical services, fire departments, rescue agencies, hospital specialty areas, industry, educational and government agencies.

The Emergency Medical Services – Paramedic program at Sandhills Community College is accredited by the Commission of Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Committee of Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

ARCHITECTURAL TECHNOLOGY

These curriculums are designed to prepare individuals to apply technical knowledge and skills to the fields of architecture, construction, construction management, and other associated professions.

Course work includes instruction in sustainable building and design, print reading, building codes, estimating, construction materials and methods, and other topics related to design and construction occupations.

Graduates of this pathway should qualify for entry-level jobs in architectural, engineering, construction and trades professions as well as positions in industry and government.

Construction Management Technology: A program that prepares individuals to supervise, manage, and inspect construction sites, buildings, and associated facilities. Includes instruction in site safety, personnel supervision, labor relations, diversity training, construction documentation, scheduling, resource and cost control, bid strategies, rework prevention, construction insurance and bonding,

accident management and investigation, applicable law and regulations, and communication skills.

ARCHITECTURAL TECHNOLOGY

Engineering and Technology Pathway: These curriculums are designed to prepare students through the study and application of principles from mathematics, natural sciences, and technology and applied processes based on these subjects.

Course work includes mathematics, natural sciences, engineering sciences and technology.

Graduates should qualify to obtain occupations such as technical service providers, materials and technologies testing services, engineering technicians, construction technicians and managers, industrial and technology managers, or research technicians.

Environmental Engineering Technology: A course of study that prepares students to use mathematical and scientific principles to modify, test, and operate equipment and devices used in the prevention, control and remediation of environmental problems and development of environmental remediation devices. Includes instruction in environmental safety principles, environmental standards, testing and sampling procedures, laboratory techniques, instrumentation calibration, safety and protection procedures, equipment maintenance, and report preparation.

ARCHITECTURAL TECHNOLOGY

Engineering and Technology Pathway: These curriculums are designed to prepare students through the study and application of principles from mathematics, natural sciences, and technology and applied processes based on these subjects.

Course work includes mathematics, natural sciences, engineering sciences and technology.

Graduates should qualify to obtain occupations such as technical service providers, materials and technologies testing services, engineering technicians, construction technicians and managers, industrial and technology managers, or research technicians.

Civil Engineering Technology: A course of study that prepares students to use basic engineering principles and technical skills to carry out planning, documenting and supervising tasks in sustainable land development and public works and facilities projects. Includes instruction in the communication and computational skills required for materials testing, structural testing, field and laboratory testing, site analysis, estimating, project management, plan preparation, hydraulics, environmental technology, and surveying. Graduates should qualify for technician-level jobs with both public and private engineering, construction, and surveying agencies.

Course work includes mathematics, natural sciences, engineering sciences and technology.

Graduates should qualify to obtain occupations such as technical service providers, materials and technologies testing services, engineering technicians, construction technicians and managers, industrial and technology managers, or research technicians.

Geomatics Technology: A course of study that prepares students to use mathematical and scientific principles for the delineation, determination, planning and positioning of land tracts, boundaries, contours and features applying principles of route surveying, construction surveying, photogrammetry, mapping, global positioning systems, geographical information systems, and other kinds of property description and measurement to create related maps, charts and reports.

Includes instruction in applied geodesy, computer graphics, photointerpretation, plane and geodetic surveying, mensuration, traversing, survey equipment operation and maintenance, instrument calibration, and basic cartography.

Graduates should qualify for jobs as survey party chief, instrument person, surveying technician, highway surveyor, mapper, GPS technician, and CAD operator. Graduates will be prepared to pursue the requirements necessary to become a Registered Land Surveyor in North Carolina.

ARCHITECTURAL TECHNOLOGY

Architectural and Construction Pathway: These programs are designed to prepare individuals to apply technical knowledge and skills to the fields of architecture, construction, construction management, and other associated professions.

Course work includes instruction in sustainable building and design, print reading, building codes, estimating, construction materials and methods, and other topics related to design and construction occupations.

Graduates of this pathway should qualify for entry-level jobs in architectural, engineering, construction and trades professions as well as positions in industry and government.

Architectural Technology: A program that prepares individuals to assist architects, engineers, and construction professionals in developing plans and related documentation for residential and commercial projects in both the private and public sectors. Includes instruction in architectural drafting, computer-assisted drafting, construction materials and methods, environmental systems, codes and standards, structural principles, cost estimation, planning, graphics, and presentation.

ASSOCIATE IN APPLIED SCIENCE GENERAL EDUCATION ELECTIVES

Candidates for the Associate in Applied Science degree must complete general education and major courses required for the program in which they are enrolled. Students must successfully complete a minimum of 25 percent of course credit hours of the certificate, diploma, or associate degree requirements at Sandhills Community College, with that 25 percent coming from major and other major hours, and not from general education hours, for the program of study.

Please note: In accordance with accreditation standards, 1) All associate degree students must either place out of DMA-010 through 030 or MAT-003 or successfully complete DMA-010 through 030 or MAT-003 to demonstrate

competence in fundamental mathematical skills. 2) All graduates of associate degree programs are required to complete successfully at least one mathematic or laboratory-based quantitative science course.

Associate in Applied Science General Education Electives

General Education electives for Associate in Applied Science degrees should be chosen from the list below:

GENERAL EDUCATION COURSES	SEMESTER HOURS
----------------------------------	-----------------------

Communication.....	6
---------------------------	----------

Select **two** courses from the following:

COM-110, COM-120, COM-231, ENG-111, ENG-112, ENG-114

Humanities/Fine Arts.....	3
----------------------------------	----------

Select **one** of the following:

ART-111, 114, 115, 121, 131, 171, 240, 281, 283

COM-140

DRA-111, 120, 126, 130, 211, 212

ENG-125, 131, 231, 232, 241, 242, 261, 262, 273

HUM-110, 115, 120, 122, 130, 150, 160, 170, 211, 212, 220, 230

MUS-110, 111, 112, 210

PHI-215, 240

REL-110, 211, 212, 221

Natural Sciences and Mathematics.....	3
--	----------

Select **one** of the following:

SOC-210, 213, 220, 225, 230, 234, 240, 242

Contact the coordinator for the appropriate Associate in Applied Science degree

ASSOCIATE IN ARTS

The Associate in Arts degree is designed for students who wish to transfer to a university to earn a Bachelor of Arts (or Bachelor of Science, depending upon the university) degree in one of the following fields of study: anthropology, architecture, business administration (accounting, finance, and marketing), communication, economics, education, English language and literature, foreign languages, geography, linguistics, history, humanities, interdisciplinary studies, journalism, library science, philosophy, political science, psychology, religion, social sciences, and visual and performing arts. Students who are interested in a career in dentistry, law, medicine, theology or ministry, optometry, pharmacy, physical therapy, or veterinary medicine are usually required or at least strongly encouraged to earn a bachelor's degree before applying to one of these graduate or professional degree programs.

The Associate in Arts degree shall be granted for a planned program of study consisting of a minimum of 60 and a maximum of 61 semester hours of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic computer use. More specifically, students foster a greater understanding of reading comprehension, communication, and critical thinking as student learning outcomes.

Courses are approved for transfer through the Comprehensive Articulation Agreement (CAA). To be eligible for the transfer of credits under the CAA, A.A. graduates must obtain a grade of "C" or better in all CAA courses and an overall GPA of at least 2.0 on a 4.0 scale. A.A. graduates who have met these criteria will receive at least 60 semester hours of academic credit upon admission to a university. A.A. transfer students are strongly encouraged to align their course work to the Baccalaureate Degree Plan (BDP) of their intended major at their intended university. Baccalaureate Degree Plans are available at www.northcarolina.edu. Courses may also transfer through bilateral agreements between institutions. Courses offered through bilateral agreements may not transfer to all receiving universities.

Through careful selection of courses with your advisor and/or the University Studies Coordinator, this degree can be completed as an eLearning Online Degree Program. Note that the only Mathematics courses offered online are MAT-143 and MAT-152.

Associate in Arts Degree

Courses

Semester Hours

UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT (31-32 SHC) 31-32

The Universal General Education Component (UGETC) includes study in the areas of humanities, fine arts, communication, social and behavioral sciences, natural sciences, mathematics, and English composition.

English Composition (6 SHC)..... 6

Two English composition courses are required:

ENG-111 and ENG-112

Humanities/Fine Arts (9 SHC)..... 9

Select **three** courses. Those courses must be from at least **two** different disciplines areas:

Art (ART-111, 114, 115)

Communication (COM-120, 231)

Drama (DRA-111)

Literature (ENG-231, 232, 241, 242)

Music (MUS-110, 112)

Philosophy (PHI-215, 240)

Social/Behavioral Sciences (9 SHC)..... 9

Select **three** courses. Those courses must be from at least **two** different disciplines areas:

Economics (ECO-251, 252)

History (HIS-111, 112, 131, 132)

Political Science (POL-120)

Psychology (PSY-150)

Sociology (SOC-210)

Mathematics (3-4 SHC)..... 3-4

Select one course from the following: MAT-143, 152, 171

Natural Sciences (4 SHC)..... 4

Select 4 SHC from the following:

Astronomy (AST-111 & 111A)

Biology (BIO-110, 111)

Chemistry (CHM-151)

Geology (GEL-111)

Physics (PHY-110 & 110A)

ADDITIONAL GENERAL EDUCATION HOURS (13-14 SHC)*.. 13-14

An additional 13-14 SHC of courses should be selected from the list below. Those courses are classified as general education within the Comprehensive Articulation Agreement. Students should select these courses based on their intended major and transfer university. While most of these are not UGETC courses, UGETC courses may also be used in this category, if not used elsewhere.

ANT-210, 220, 221, 240

ASL-111, 112, 211, 212

BIO-112, 120, 130, 140 and 140A

CHM-152

CIS-110, 115

COM-110, 140

DRA-126, 211, 212

ECO-151

ENG-114, 131, 261, 262

FRE-111, 112, 211, 212

ASSOCIATE IN ARTS IN TEACHER PREPARATION

The Associate in Arts in Teacher Preparation degree shall be granted for a planned program of study consisting of a minimum of 60 semester hours of credit (SHC) of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and basic computer use.

The Associate in Arts in Teacher Preparation is based on the Uniform Articulation Agreement for Teacher Preparation. This agreement enables North Carolina community college graduates of two-year Associate in Arts in Teacher Preparation programs who are admitted to constituent institutions of The University of North Carolina and to Signatory Institutions of North Carolina Independent Colleges and Universities to transfer into an educator preparation program with junior status. The Uniform Articulation for Teacher Preparation was founded on the Comprehensive Articulation Agreement (CAA) and the Independent Comprehensive Articulation Agreement (ICAA).

Community college graduates must obtain a grade of “C” or better in each course and an overall GPA of at least 2.7 on a 4.0 scale in order to transfer with a junior status. Courses may also transfer through bilateral agreements between institutions.

Students must meet individual institutional requirements and application deadlines for entrance into an Educator Preparation Program, including a minimum GPA and required testing benchmarks. Admission to an EPP leading to licensure requires passing and obtaining competitive scores on the Praxis exam. Admission into a specific EPP is not guaranteed.

Associate Degree Program

Courses

Semester Hours

UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT (28-29 SHC) 28-29

The Universal General Education Component (UGETC) includes study in the areas of humanities, fine arts, communication, social and behavioral sciences, natural sciences, mathematics, and English composition.

English Composition (6 SHC)..... 6

Two English composition courses are required:

ENG-111 and ENG-112

Humanities/Fine Arts (9 SHC)..... 9

Required Communication course:

Communication (COM-231)

Select **two** courses. Those courses must be from at least **two** different disciplines areas:

Art (ART-111, 114, 115)

Communication (COM-120)

Drama (DRA-111)

Literature (ENG-231, 232, 241, 242)

Music (MUS-110, 112)

Philosophy (PHI-215, 240)

Social/Behavioral Sciences (6 SHC)..... 6

Select **two** courses. Those courses must be from at least **two** different disciplines areas:

Economics (ECO-251, 252)

History (HIS-111, 112, 131, 132)

Political Science (POL-120)

Psychology (PSY-150)

Sociology (SOC-210)

Mathematics (3-4 SHC)..... 3-4

Select one course from the following: MAT-143, 152, 171

Natural Sciences (4 SHC)..... 4

Select 4 SHC from the following:

Astronomy (AST-111 & 111A)

Biology (BIO-110, 111)

Chemistry (CHM-151)

Geology (GEL-111)

Physics (PHY-110 & 110A)

ADDITIONAL GENERAL EDUCATION HOURS (17-18 SHC)*.. 17-18

Other Required General Education (3 SHC)..... 3

The following course is required:

SOC 225 Social Diversity..... 3

An additional 14-15 SHC of courses should be selected from the list below. Those courses are classified as general education within the Comprehensive Articulation Agreement. Students should select these courses based on their intended major and transfer university. While most of these are not UGETC courses, UGETC courses may also be used in this category, if not used elsewhere.

ASSOCIATE IN ENGINEERING

The Associate in Engineering degree is designed for students who wish to transfer to a state funded university with a Bachelor of Engineering program and earn a Bachelor of Science in Engineering. Baccalaureate Engineering Programs within the UNC system are offered at: East Carolina University, North Carolina Agricultural and Technical University, North Carolina State University, University of North Carolina at Charlotte, and Western Carolina University.

The Associate in Engineering shall be granted for a planned program of study consisting of a minimum of 60 and a maximum of 61 semester hours of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and basic computer use. More specifically, students foster a greater understanding of reading comprehension, communication, and critical thinking as student learning outcomes.

The degree plan includes required general education and prerequisite courses that are acceptable to all state funded Bachelor of Engineering programs. Students who follow the degree progression plan will meet the entrance requirements at all of the North Carolina public Bachelor of Science Engineering programs. Associate in Engineering graduates may then apply to any of these programs without taking additional and sometimes duplicative courses. Admission to Engineering programs is highly competitive and admission is not guaranteed. To be eligible for the transfer of credits under the Associate in Engineering to the Bachelor of Science in Engineering Articulation Agreement (A.E. to B.S.E. AA), A.E. graduates must obtain a grade of "C" or better in each course **and** an overall GPA of at least 2.5 on a 4.0 scale.

Associate Degree Program

Courses	Semester Hours
----------------	-----------------------

GENERAL EDUCATION (45-46 SHC)*	45-46
---	--------------

The general education courses include study in the areas of English composition; humanities and fine arts; social and behavioral sciences; natural sciences and mathematics.

UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT (UGETC) Courses that are not classified as UGETC are italicized

English Composition (6 SHC) 6

Two English composition courses are required:

ENG-111 and ENG-112

Humanities/Fine Arts and Communication (6 SHC) 6

Humanities: Choose one:

Literature (ENG-231, 232, 241, 242)

Philosophy (PHI-215, 240)

Fine Arts and Communication: Choose one:

Art (ART-111, 114, 115)

Communication (COM-231)

Music (MUS-110, 112)

Social/Behavioral Sciences (6 SHC)..... 6

One course required:

Economics (ECO-251)

Select second course from the following:

History (HIS-111, 112, 131, 132)

Political Science (POL-120)

Psychology (PSY-150)

Sociology (SOC-210)

Mathematics (12 SHC)..... 12

Calculus I (MAT-271) is the lowest level math course that will be accepted by the engineering programs for transfer as a math credit. Students who are not calculus-ready must take additional math courses.

Calculus (MAT-271, 272, 273) Note: MAT-273 is not a UGETC course.

Natural Sciences (12 SHC)..... 12

Take all of the following:

Chemistry (CHM-151)

Physics (PHY-251, 252)

ADDITIONAL GENERAL EDUCATION HOURS (3-4 SHC)* 3-4

Select one course (not used elsewhere) from the following:

Biology (BIO-111)

Chemistry (CHM-152)**

Communication (COM-110, 231)

Economics (ECO-252)

Geology (GEL-111)**

Humanities (HUM-110)

Philosophy (PHI-240)

TOTAL GENERAL EDUCATION HOURS REQUIRED (45-46 SHC) 45-46

OTHER REQUIRED HOURS (15 SHC)..... 15

Academic Transition (1 SHC)

The following course is required:

ACA-122 College Transfer Success..... 1

Students must complete ACA-122 within the first 30 hours of enrollment.

Pre-major Elective (2 SHC)

EGR-150 Introduction to Engineering..... 2

Other General Education and Pre-major Elective Hours (12 SHC)

Select 12 SHC from the following courses classified as pre-major, elective, or general education courses (not used elsewhere) within the Comprehensive Articulation Agreement. Students should choose courses appropriate to the specific university and engineering major requirements.

Biology (BIO-111)

Chemistry (CHM-152, 251, 252)**

Communication (COM-110, 231)

Computer Science (CSC-134, 151)

Drafting (DFT-170)

Economics (ECO-252)

Engineering (EGR-220)

Geology (GEL-111)**

Humanities (HUM-110)

Mathematics (MAT-285)

Physical Education (PED-110)

TOTAL SEMESTER HOURS CREDIT (SHC) IN PROGRAM 60-61***

*Students must meet the receiving university's foreign language and/or health and physical education requirements, if applicable, prior to or after transfer to the senior institution.

**Students pursuing a 4-year Chemical Engineering degree will need CHM-251 and CHM-252. CHM-152 is a prerequisite to CHM-251.

**Students pursuing a 4-year Civil Engineering degree will need GEL-111.

***One semester hour of credit may be included in a 61 SHC associate in engineering program of study. The transfer of this hour is not guaranteed.

ASSOCIATE IN FINE ARTS IN MUSIC

The Associate in Fine Arts in Music (A.F.A. in Music) degree is designed for students who wish to transfer to one of the UNC Bachelor in Music (B.M.) programs under the Associate in Fine Arts in Music to Bachelor in Music Articulation Agreement (A.F.A. in Music to B.M. AA). There are ten B.M.-granting institutions within the UNC system: Appalachian State University, East Carolina University, North Carolina Central University, UNC Chapel Hill, UNC Charlotte, UNC Greensboro, UNC Pembroke, UNC School of the Arts, UNC Wilmington, and Western Carolina University.

A.F.A. in Music graduates must meet the admission requirements and associated timelines as published by each B.M. program. In addition to meeting entrance requirements, A.F.A. in music graduates may also be required to audition depending on the entrance requirements of each institution. Acceptance into any B.M. program is not guaranteed. Each student must follow the admissions process of the specific receiving university.

The Associate in Fine Arts in Music degree shall be granted for a planned program of study consisting of 61 semester hours of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and basic computer use. More specifically, students foster a greater understanding of reading comprehension, communication, and critical thinking as student learning outcomes.

To be eligible for the transfer of credits under the A.F.A. in Music to B. M. A.A., A.F.A. in Music graduates must obtain a grade of "C" or better in each course and an overall GPA of at least 2.0 on a 4.0 scale. Courses may also transfer through bilateral agreements between institutions. Courses offered through bilateral agreements may not transfer to all receiving universities.

ASSOCIATE IN FINE ARTS IN THEATRE - ACTING

The Associate in Fine Arts (A.F.A.) in Theatre degree is designed for students who wish to transfer to one of the UNC Bachelor in Arts (B.A.) in Theatre programs under the Associate in Fine Arts in Theatre to Bachelor in Arts Articulation Agreement (A.F.A.T. to B.A.). There are eleven B.A.-granting institutions within the UNC system whose focus is on theatre: Appalachian State University (B.A. in Theatre Generalist), East Carolina University (B.A. in Theater Arts), Fayetteville State University (B.A. in Theatre), North Carolina Central University (B.A. in Theatre), UNC Asheville (B.A. in Drama), UNC Chapel Hill (B.A. in Dramatic Art), UNC Charlotte (B.A. in Theatre), UNC Greensboro (B.A. in Drama), UNC Pembroke (B.A. in Theater Arts), UNC Wilmington (B.A. in Theatre), and Western Carolina University (B.A. in Arts in Stage and Screen).

The agreement enables students who have graduated from a NCCCS institution with an A.F.A. in Theatre to complete a common list of courses that meet the entrance requirements at all of the B.A. in Theatre programs at UNC institutions. However, because theatre program admissions are competitive, no student is guaranteed admission to a UNC theatre program. In addition to meeting entrance requirements, transfer students may also be required to submit evidence of their creative work, depending on the requirements for each institution.

The Associate in Fine Arts in Theatre degree shall be granted for a planned program of study consisting of a minimum of 60 semester hours of credit (SHC) of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and basic computer use. More specifically, students foster a great understanding of reading comprehension, communication, and critical thinking as student learning outcomes.

To be eligible for the transfer of credits under the A.F.A.T. to B.A. AA., A.F.A. in Theatre graduates must obtain a grade of “C” or better in each course and an overall GPA of at least 2.0 on a 4.0 scale. Courses may also transfer through bilateral agreements between institutions. Courses offered through bilateral agreements may not transfer to all receiving universities.

Associate Degree Program

Courses

Semester Hours

UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT (31-32 SHC)* 31-32

The universal general education transfer component (UGETC) includes study in the areas of humanities, fine arts, communication, social and behavioral sciences, natural sciences, mathematics, and English composition.

English Composition (6 SHC)..... 6

ENG-111 and ENG-112

Humanities/Fine Arts (9 SHC)..... 9

Select **three** courses. Those courses must be from at least **two** different discipline areas:

Art (ART-111, 114, 115)

Communication (COM-120, 231)

Drama (DRA-111)

Literature (ENG-231, 232, 241, 242)

Music (MUS-110, 112)

Philosophy (PHI-215, 240)

Social/Behavioral Sciences (9 SHC)..... 9

Select **three** courses. Those courses must be from at least **two** different discipline areas:

Economics (ECO-251, 252)

History (HIS-111, 112, 131, 132)

Political Science (POL-120)

Psychology (PSY-150)

Sociology (SOC-210)

Mathematics (3-4 SHC)..... 3-4

Select one from the following:

MAT-143

MAT-152

MAT-171

Natural Sciences (4 SHC)..... 4

Select 4 SHC from the following:

Astronomy (AST-111 & 111A)

Biology (BIO-110, 111)

Chemistry (CHM-151)

Geology (GEL-111)

Physics (PHY-110 & 110A)

OTHER REQUIRED HOURS (30 SHC)..... 30

Major Core 15

DRA-130 Acting I (3 SHC)

DRA-135 Acting for the Camera I (3 SHC)

DRA-170 Play Production I (3 SHC)

DRA-211 Theatre History I (3 SHC)

DRA-212 Theatre History II (3 SHC)

Acting Track Electives 14-15

The following courses are required:

DRA-120 Voice for Performance (3 SHC)

DRA-131 Acting II (3 SHC)

DRA-140 Stagecraft I (3 SHC)

Select **two** of the following:

DRA-128 Children's Theater (3 SHC)

DRA-145 Stage Make-up (2 SHC)

DRA-171 Play Production II (3 SHC)

Academic Transition (1 SHC)

The following course is required:

ACA-122 College Transfer Success..... 1

TOTAL SEMESTER HOURS CREDIT (SHC) IN PROGRAM..... 61

*One semester hour of credit may be included in a 61 SHC Associate in Fine Arts in Theatre program of study. The transfer of this hour is not guaranteed.

ASSOCIATE IN FINE ARTS IN THEATRE - TECHNICAL

The Associate in Fine Arts (A.F.A.) in Theatre degree is designed for students who wish to transfer to one of the UNC Bachelor in Arts (B.A.) in Theatre programs under the Associate in Fine Arts in Theatre to Bachelor in Arts Articulation Agreement (A.F.A.T. to B.A.). There are eleven B.A.-granting institutions within the UNC system whose focus is on theatre: Appalachian State University (B.A. in Theatre Generalist), East Carolina University (B.A. in Theater Arts), Fayetteville State University (B.A. in Theatre), North Carolina Central University (B.A. in Theatre), UNC Asheville (B.A. in Drama), UNC Chapel Hill (B.A. in Dramatic Art), UNC Charlotte (B.A. in Theatre), UNC Greensboro (B.A. in Drama), UNC Pembroke (B.A. in Theater Arts), UNC Wilmington (B.A. in Theatre), and Western Carolina University (B.A. in Arts in Stage and Screen).

The agreement enables students who have graduated from a NCCCS institution with an A.F.A. in Theatre to complete a common list of courses that meet the entrance requirements at all of the B.A. in Theatre programs at UNC institutions. However, because theatre program admissions are competitive, no student is guaranteed admission to a UNC theatre program. In addition to meeting entrance requirements, transfer students may also be required to submit evidence of their creative work, depending on the requirements for each institution.

The Associate in Fine Arts in Theatre degree shall be granted for a planned program of study consisting of a minimum of 60 semester hours of credit (SHC) of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and basic computer use. More specifically, students foster a great understanding of reading comprehension, communication, and critical thinking as student learning outcomes.

To be eligible for the transfer of credits under the A.F.A.T. to B.A. AA., A.F.A. in Theatre graduates must obtain a grade of "C" or better in each course and an overall GPA of at least 2.0 on a 4.0 scale. Courses may also transfer through bilateral agreements between institutions. Courses offered through bilateral agreements may not transfer to all receiving universities.

ASSOCIATE IN FINE ARTS IN VISUAL ARTS

The Associate in Fine Arts (A.F.A.) in Visual Arts degree is designed for students who wish to transfer to one of the UNC Bachelor in Fine Arts (B.F.A.) in Visual Arts programs under the Associate in Fine Arts in Visual Arts to Bachelor in Fine Arts Articulation Agreement (A.F.A.V.A. to B.F.A. AA). There are seven B.F.A.-granting institutions within the UNC system whose focus is on the visual arts: Appalachian State University (B.F.A. in Studio Art), East Carolina University (B.F.A. in Arts), UNC Asheville (B.F.A. in Art), UNC Chapel Hill (B.F.A. in Studio Art), UNC Charlotte (B.F.A. in Art), UNC Greensboro (B.F.A. in Studio Art), and Western Carolina University (B.F.A. in Art).

A.F.A. in Visual Arts graduates must meet the portfolio submission requirements and associated timelines as published by each B.F.A. program. Admission to a visual arts program is competitive and acceptance into any B.F.A. program is not guaranteed. Each student must follow the admissions process of the specific receiving university.

The Associate in Fine Arts in Visual Arts degree shall be granted for a planned program of study consisting of a minimum of 60 semester hours of credit (SHC) of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and basic computer use. More specifically, students foster a great understanding of reading comprehension, communication, and critical thinking as student learning outcomes.

To be eligible for the transfer of credits under the A.F.A.V.A. to B.F.A. AA, A.F.A. in Visual Arts graduates must obtain a grade of "C" or better in each course and an overall GPA of at least 2.0 on a 4.0 scale. Courses may also transfer through bilateral agreements between institutions. Courses offered through bilateral agreements may not transfer to all receiving universities.

ASSOCIATE IN GENERAL EDUCATION

The Associate in General Education degree is designed for the academic enrichment of students who wish to broaden their education, with emphasis on personal interest, growth and development.

Course work includes study in the areas of humanities and fine arts, social and behavioral sciences, natural sciences and mathematics, and English composition. Opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic use of computers will be provided.

Through these skills, students will have a sound base for lifelong learning. Graduates are prepared for advancements within their fields of interest and become better qualified for a wide range of employment opportunities. Although Associate in General Education is not a transfer degree, students who decide to continue their studies at a senior institution may receive transfer credit for some of the courses taken at Sandhills. Acceptance of courses for transfer credit will be evaluated on a course-by-course basis by the receiving institution.

Program Requirements

Courses

Semester Hours

English Composition..... 6

ENG-111 and **one** of the following: COM-110, COM-120, COM-140, ENG-112 or ENG-114

Humanities/Fine Arts..... 3

Select **one** course from the approved general education courses in the following areas:

Art (ART-111, 114, 115, 121, 131, 132, 171, 240, 241, 283)

Drama (DRA-111, 126)

Humanities (HUM-110, 115, 120, 122, 130, 150, 160, 170, 180, 211, 212, 220, 230)

Literature (ENG-125, 131, 231, 232, 241, 242, 261, 262, 273)

Music (MUS-110, 111, 112, 121, 122, 125, 126, 210)

Philosophy (PHI-215, 240)

Religion (REL-110, 211, 212, 221)

Social/Behavioral Sciences..... 3

Select **one** course from the approved general education courses in the following areas:

Anthropology (ANT-210, 220, 221, 240)

Economics (ECO-151, 251, 252)

History (HIS-111, 112, 121, 122, 131, 132, 151, 221)

Political Science (POL-110, 120, 210, 220)

Psychology (PSY-118, 150, 230, 237, 239, 241, 243, 249, 259, 263, 271, 275, 281)

Sociology (SOC-210, 213, 220, 225, 230, 234, 240, 242)

Natural Sciences/Mathematics..... 3-4

Select **one** course from the approved general education courses in the following areas. In addition, you must also place out of or successfully complete MAT-003 to demonstrate competence in fundamental mathematical skills.

Astronomy (AST-111 and 111A)

Biology (BIO-110, 111, 112, 120, 130, 140 and 140A, 163, 168, 169, 175, 275)

Chemistry (CHM-130 and 130A, 151, 152, 251, 252)

Computer Science (CIS-110, 115)

Geology (GEL-111)

Mathematics (MAT-121, 143, 152, 171)

Physics (PHY-110 and 110A, 131, 151, 152)

Science (SCI-110)

Other Required Hours..... 49-50

Other required hours include additional general education and professional courses.

ACA-115 or 122 (1 SHC) is required at Sandhills Community College for college orientation.

A maximum of 7 SHC in health (HEA 112), physical education (any PED course), and college orientation and/or study skills (ACA-115 and 122) may be included as other required hours.

Any 100-level or higher curriculum course taught by the College.

ASSOCIATE IN GENERAL EDUCATION NURSING

The Associate in General Education (AGE)-Nursing is designed for students who wish to begin their study toward the Associate in Nursing degree and a Baccalaureate degree in Nursing as based on Blocks 1 through 3 of the Uniform Articulation agreement between the University of North Carolina's Registered Nurse (RN) to Bachelor of Science in Nursing (BSN) programs and the North Carolina Community College Associate Degree Nursing Programs which was approved by the State Board of Community colleges and the UNC Board of Governors in February 2015. The AGE-Nursing shall be granted for a planned program of study consisting of a minimum of 60 semester hours of credit (SHC) of courses.

A student who completes an Associate in Applied Science (AAS) in Nursing with a GPA of at least 2.0 and a grade of C or better in the AGE-Nursing courses listed below and who holds a current unrestricted license as a Registered Nurse in North Carolina will have fulfilled the UNC institutions lower-division general education requirements as well as nursing program entry requirements. However, because nursing program admissions are competitive, no student is guaranteed admission to the program of his or her choice.

Courses

Semester Hours

English Composition..... 6

ENG-111 and **one** of the following: ENG-112 or 114

Humanities/Fine Arts..... 9

Select **one** course from **each** of the following approved general education course groups:

Group One:

Art (ART-111, 114, 115)

Music (MUS-110, 112)

Group Two:

Humanities (HUM-115)

Philosophy (PHI-215, 240)

Group Three:

Literature (ENG-231, 232)

Social/Behavioral Sciences..... 15

Take **all** of the following approved general education courses:

Psychology (PSY-150, 241)

Sociology (SOC-210)

Select **one** course from **each** of the following approved general education course groups:

Group One:

Sociology (SOC-213, 220, 225, 230, 240)

Group Two:

History (HIS-111, 112, 131, 132)

Natural Sciences..... 16

Take **all** of the following approved general education courses:

Biology (BIO-168, 169, 275)

Select **one** sequence from the following approved general education courses:

Chemistry (CHM-151)

Chemistry (CHM-130 and 130A)

Mathematics..... 7-8

Take **all** of the following approved general education courses:

Mathematics (MAT-152)

Select **one** of the following approved general education courses:

Mathematics (MAT-143, 171)

Other Required Hours..... 7-8

Other required hours include additional general education and professional courses.

ACA-122 (1 SHC)

Select **one** course from **each** category below:

Social Behavioral Science:

Economics (ECO-251, 252)

Political Science (POL-120)

Electives - must take three credits (3 SHC) from the following:

Anthropology (ANT-220)

Art (ART-111, 114, 115)

Biology (BIO-111, 155)

Chemistry (CHM-152)

Communication (COM-120, 140, 231)

English (ENG-231, 232)

History (HIS-111, 112, 131, 132)

Humanities (HUM-115, 122, 130, 211, 212)

Mathematics (MAT-143, 171)

Music (MUS-110, 112)

Physical Education (PED-110)

Philosophy (PHI-215, 240)

Psychology (PSY-281)

Religion (REL-110)

Sociology (SOC-213, 220, 225, 230, 240)

*Additional elective choices may be selected from the Transfer Course List in the Comprehensive Articulation Agreement.

ASSOCIATE IN GENERAL EDUCATION RADIOGRAPHY

The Associate in General Education (AGE) degree is designed for the academic enrichment of students who wish to broaden their education, with emphasis on personal interest, growth and development.

Course work includes study in the areas of humanities and fine arts, social and behavioral sciences, natural sciences and mathematics, and English composition. Opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic use of computers will be provided.

Through these skills, students will have a sound base for lifelong learning. Graduates are prepared for advancements within their fields of interest and become better qualified for a wide range of employment opportunities.

Students who have completed the AGE – Radiography program of study will have completed all required general education and non-program specific courses prior to the application process for program entry. Students should refer to the Radiography program webpage for specific program entry requirements.

ASSOCIATE IN SCIENCE

The Associate in Science degree is designed for students who wish to transfer to a university to earn a Bachelor of Science degree in one of the following fields: architecture; agriculture; biological and life sciences; business, management, and marketing; computer and information sciences; corrections and criminal justice; engineering; engineering technologies; health professions and clinical sciences; mathematics and statistics; parks, recreation, and fitness studies; physical sciences; science education; social sciences; and transportation and materials moving. Students who are interested in a career in dentistry, law, medicine, theology or ministry, optometry, pharmacy, physical therapy, or veterinary medicine are usually required or at least strongly encouraged to earn a bachelor's degree before applying to one of these graduate or professional degree programs.

The Associate in Science degree shall be granted for a planned program of study consisting of a minimum of 60 and a maximum of 61 semester hours of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic computer use. More specifically, students foster a greater understanding of reading comprehension, communication, and critical thinking as student learning outcomes.

Courses are approved for transfer through the Comprehensive Articulation Agreement (CAA). To be eligible for the transfer of credits under the CAA,

A.S. graduates must obtain a grade of “C” or better in all CAA courses and an overall GPA of at least 2.0 on a 4.0 scale. A.S. graduates who have met these criteria will receive at least 60 semester hours of academic credit upon admission to a university. A.S. transfer students are strongly encouraged to align their course work to the Baccalaureate Degree Plan (BDP) of their intended major at their intended university. Baccalaureate Degree Plans are available at www.northcarolina.edu. Courses may also transfer through bilateral agreements between institutions. Courses offered through bilateral agreements may not transfer to all receiving universities.

Associate Degree Program

Courses	Semester Hours
UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT (34 SHC)	34

The Universal General Education Transfer Component (UGETC) includes study in the areas of humanities, fine arts, communication, social and behavioral sciences, natural sciences, mathematics, and English composition.

English Composition (6 SHC) 6

Two English composition courses are required:

ENG-111 and ENG-112

Humanities/Fine Arts (6 SHC) 6

Select **two** courses. Those courses must be from **two** different discipline areas:

Art (ART-111, 114, 115)

Communication (COM-120, 231)

Drama (DRA-111)

Literature (ENG-231, 232, 241, 242)

Music (MUS-110, 112)

Philosophy (PHI-215, 240)

Social/Behavioral Sciences (6 SHC)..... 6

Select **two** courses. Those courses must be from **two** different discipline areas:

Economics (ECO-251, 252)

History (HIS-111, 112, 131, 132)

Political Science (POL-120)

Psychology (PSY-150)

Sociology (SOC-210)

Mathematics (8 SHC)..... 8

Select **two** courses from the following. One course must be a 200-level course:

MAT-171, 172, 263, 271, 272

Natural Sciences (8 SHC)..... 8

Select an 8 SHC two-course sequence from the following:

BIO-111 General Biology I (4 SHC) **and** BIO-112 General Biology II (4 SHC) or

CHM-151 General Chemistry I (4 SHC) **and** CHM-152 General Chemistry II (4 SHC) or

PHY-151 College Physics I (4 SHC) **and** PHY-152 College Physics II (4 SHC) or

PHY-251 General Physics I (4 SHC) **and** PHY-252 General Physics II (4 SHC)

ADDITIONAL GENERAL EDUCATION HOURS (11 SHC)..... 11

Select an additional 11 SHC of courses from the list below. Those courses are classified as mathematics, natural sciences, or computer science general education courses from the Comprehensive Articulation Agreement. Some are UGETC courses. Students should select these courses based on their intended major and transfer university.

AST-111 and 111A

BIO-110, 111, 112, 120, 130, 140 and 140A

CHM-151, 152

CIS-110, 115

GEL-111

MAT-143, 152, 171, 172, 263, 271, 272, 273

PHY-110 and 110A, 151, 152, 251, 252

TOTAL GENERAL EDUCATION HOURS REQUIRED (45 SHC).... 45

Note: If students have more than 45 credits in the General Education section, the extra credits can be applied to the Other Required Hours section.

OTHER REQUIRED HOURS (15 SHC)*..... 15

Academic Transition (1 SHC)

The following course is required:

ACA-122 College Transfer Success..... 1

An additional 14 SHC of courses should be selected from the list below. Those courses are classified as pre-major, elective or general education courses within the Comprehensive Articulation Agreement. Students should select these courses based on their intended major and transfer university. UGETC courses and Additional General Education Hours courses may also be used in this category, if not used elsewhere.

ASSOCIATE IN SCIENCE IN TEACHER PREPARATION

The Associate in Science in Teacher Preparation degree shall be granted for a planned program of study consisting of a minimum of 60 semester hours of credit (SHC) of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic computer use.

The Associate in Science in Teacher Preparation is based on the Uniform Articulation Agreement for Teacher Preparation. This agreement enables North Carolina community college graduates of two-year Associate in Science in Teacher Preparation programs who are admitted to constituent institutions of The University of North Carolina and to Signatory Institution of North Carolina Independent Colleges and Universities to transfer into an educator preparation program with junior status. The Uniform Articulation for Teacher Preparation was founded on the Comprehensive Articulation Agreement (CAA) and the Independent Comprehensive Articulation Agreement (ICAA).

Community college graduates must obtain a grade of "C" or better in each course and an overall GPA of at least 2.7 on a 4.0 scale in order to transfer with a junior status. Courses may also transfer through bilateral agreements between institutions.

Students must meet individual institutional requirements and application deadlines for entrance into an Educator Preparation Program, including a minimum GPA and required testing benchmarks. Admission to an EPP leading to licensure requires passing and obtaining competitive scores on the Praxis exam. Admission into a specific EPP is not guaranteed.

Associate Degree Program

Courses	Semester Hours
UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT (31 SHC)	31

The Universal General Education Transfer Component (UGETC) includes study in the areas of humanities, fine arts, communication, social and behavioral sciences, natural sciences, mathematics, and English composition.

English Composition (6 SHC) 6

Two English composition courses are required:

ENG-111 and ENG-112

Humanities/Fine Arts (6 SHC) 6

Required Communication course:

Communication (COM-231)

Select **one** course:

Art (ART-111, 114, 115)

Drama (DRA-111)

Literature (ENG-231, 232, 241, 242)

Music (MUS-110, 112)

Philosophy (PHI-215, 240)

Social/Behavioral Sciences (3 SHC)..... 3

Select **one** course:

Economics (ECO-251, 252)

History (HIS-111, 112, 131, 132)

Political Science (POL-120)

Psychology (PSY-150)

Sociology (SOC-210)

Mathematics (8 SHC)..... 8

Select **two** courses from the following. One course must be a 200-level course:

MAT-171, 172, 263, 271, 272

Natural Sciences (8 SHC)..... 8

Select an 8 SHC two-course sequence from the following:

BIO-111 General Biology I (4 SHC) **and** BIO-112 General Biology II (4 SHC) or

CHM-151 General Chemistry I (4 SHC) **and** CHM-152 General Chemistry II (4 SHC) or

PHY-151 College Physics I (4 SHC) **and** PHY-152 College Physics II (4 SHC) or

PHY-251 General Physics I (4 SHC) **and** PHY-252 General Physics II (4 SHC)

ADDITIONAL GENERAL EDUCATION HOURS (14-15 SHC).... 14-15

Other Required General Education (3 SHC)..... 3

The following course is required:

SOC 225 Social Diversity..... 3

Select an additional 11-12 SHC of courses from the list below. Those courses are classified as mathematics, natural sciences, or computer science general education courses from the Comprehensive Articulation Agreement. Some are UGETC courses. Students should select these courses based on their intended major and transfer university.

AST-111 and 111A

BIO-110, 111, 112, 120, 130, 140 and 140A

CHM-151, 152

CIS-110, 115

GEL-111

MAT-143, 152, 171, 172, 263, 271, 272, 273

PHY-110 and 110A, 151, 152, 251, 252

TOTAL GENERAL EDUCATION HOURS REQUIRED (45 SHC).... 45

OTHER REQUIRED HOURS (15 SHC)*..... 15

Education (14 SHC)

The following courses are required:

EDU 187 Teaching and Learning for All..... 4

EDU 216 Foundations of Education..... 3

EDU 250 Teacher Licensure Preparation..... 3

EDU 279 Literacy Develop and Instruct..... 4

*Students who have completed Teacher Cadet or Teaching as a Profession courses in high school with a B or better may substitute that course for EDU 187 Teaching and Learning for All.

Academic Transition (1 SHC)

The following course is required:

ACA-122 College Transfer Success..... 1

TOTAL SEMESTER HOURS CREDIT (SHC) IN PROGRAM..... 60-61

*Students must meet the receiving university's foreign language and/or health and physical education requirements, if applicable, prior to or after transfer to the senior institution.

Associate in Science in Teacher Preparation Course Sequence Example

		Course Hours Per Week		Semester Hours
First Semester (Fall)		Class	Lab	Credit
ACA-122	College Transfer Success	0	2	1
EDU-187	Teaching and Learning for All	3	3	4
ENG-111	Writing and Inquiry	3	0	3
MAT***	Math UGETC course**			4
***	BIO, CHM, or PHY I UGETC course			4
	Credit Hours	6	5	16

 Programs

		Course Hours Per Week		Semester Hours
Second Semester (Spring)				
EDU-279	Literacy Develop and Instruct	3	3	4
MAT***	Math UGETC course**			4
SOC-225	Social Diversity	3	0	3
***	BIO, CHM, or PHY II UGETC course			4
	Credit Hours	6	3	15
Third Semester (Fall)				
EDU-216	Foundations of Education	3	0	3
ENG-112	Writing/Research in the Disc	3	0	3
***	Hum/FA UGETC course	3	0	3
***	Soc/Beh Science UGETC course	3	0	3
***	Additional Gen Ed courses			4
	Credit Hours	12	0	16
Fourth Semester (Spring)				
COM-231	Public Speaking	3	0	3
EDU-250	Teacher Licensure Preparation	3	0	3
***	Additional Gen Ed Courses			7
	Credit Hours	6	0	13
Total Required Minimum Semester Hours Credit				60

**At least one math UGETC course must be a 200-level course.

AUTOMOTIVE SYSTEMS TECHNOLOGY

Curriculums in the Mobile Equipment Maintenance and Repair pathway prepare individuals for employment as entry-level transportation service technicians. The program provides an introduction to transportation industry careers and increases student awareness of the diverse technologies associated with this dynamic and challenging field.

Course work may include transportation systems theory, braking systems, climate control, design parameters, drive trains, electrical/electronic systems, engine repair, engine performance, environmental regulations, materials, product finish, safety, steering/suspension, transmission/transaxles, and sustainable transportation, depending on the program major area chosen.

Graduates of this pathway should be prepared to take professional licensure exams, which correspond to certain programs of study, and to enter careers as entry-level technicians in the transportation industry.

Automotive Systems Technology: A program that prepares individuals to apply technical knowledge and skills to repair, service, and maintain all types of automobiles. Includes instruction in brake systems, electrical systems, engine performance, engine repair, suspension and steering, automatic and manual transmissions and drive trains, and heating and air conditioning systems

Upon completion of this curriculum, students should be prepared to take the ASE exams and be ready for full-time, entry-level employment in dealerships and repair shops in the automotive service industry.

AVIATION MANAGEMENT

The Aviation Management and Career Pilot Technology curriculum prepares individuals for a variety of aviation and aviation-related careers including the commercial airlines, general aviation, the aerospace industry, the military, unmanned aircraft systems industries, and state and federal aviation organizations.

Course work includes fundamentals of flight, aerodynamics, aircraft performance, meteorology, navigation, federal regulations, aviation management, unmanned aircraft systems, and instrument and commercial ground training, flight and simulator training, and entrepreneurship or business management training.

Graduates may earn a commercial pilot certificate with an instrument rating, specialize in aviation management or in unmanned air systems, and may find employment as commercial, corporate, and military pilots, fixed base operators and airport managers, as pilots or technicians in the unmanned aircraft systems industry, or as flight instructors, and flight dispatchers.

Students in the Aviation Management and Career Pilot Technology program will be required to fly simulator hours during the Air Navigation course and within the Flight-Private Pilot, -Instrument Pilot, -Commercial Pilot and -Certified Flight Instructor courses toward their FAA certification which are required to receive credit for flight courses. There will be a per hour fee for simulator use that will be set by the department.

The Aviation Management track focuses on the skills and knowledge required for aviation related careers including those in general aviation, the aerospace industry and state and federal aviation organizations.

BAKING AND PASTRY ARTS

This Baking and Pastry Arts Curriculum is designed to provide students with the skills and knowledge required for employment in the baking/pastry industry, including restaurants, hotels, independent bakeries/pastry shops, wholesale/retail markets, and high-volume bakeries, and/or further academic studies.

Students will be provided theoretical knowledge/practical applications that provide critical competencies to meet industry demands, including environmental stewardship, operational efficiencies and professionalism. Course work includes specialty/artisanal breads, desserts/pastries, decorative work, high-volume production, and food marketing.

Graduates should qualify for entry-level positions, such as pastry/bakery assistant, area pastry chef and assistant pastry chef. American Culinary Federation certification may be available to graduates.

BASIC LAW ENFORCEMENT TRAINING

Basic Law Enforcement Training (BLET) is designed to give students essential skills required for entry-level employment as law enforcement officers with state, county or municipal governments, or with private enterprise.

This program utilizes State-Commission-mandated topics and methods of instruction. General subjects include, but are not limited to, criminal, juvenile, civil, traffic, and alcoholic beverage laws; investigative, patrol, custody, and court procedures; emergency responses; and ethics and community relations.

Students must successfully complete and pass all units of study mandated by the North Carolina Criminal Justice Education and Training Standards Commission and the North Carolina Sheriffs' Education and Training Standards Commission to receive a certificate.

Student successfully completing a Basic Law Enforcement Training course, accredited by the North Carolina Justice Education and Training Standards Commission and the North Carolina Sheriffs' Education and Training Standards Commission will receive credit for CJC-113 Juvenile Justice, CJC-120 Interviews and Interrogations, CJC-131 Criminal Law, CJC-132 Court Procedure and Evidence,

CJC-221 Investigative Principles, and CJC-231 Constitutional Law toward the Associate in Applied Science degree in Criminal Justice Technology. Students must have successfully passed the Commissions' comprehensive certification examination and completed Basic Law Enforcement Training since 1985.

BUSINESS ADMINISTRATION

The Business Administration Curriculum is designed to introduce students to the various aspects of the free enterprise system. Students will be provided with a fundamental knowledge of business functions, processes, and an understanding of business organizations in today's global economy.

Course work includes business concepts such as accounting, business law, economics, management, and marketing. Skills related to the application of these concepts are developed through the study of computer applications, communication, team building, and decision making.

Through these skills, students will have a sound business education base for lifelong learning. Graduates are prepared for employment opportunities in government agencies, financial institutions, and large to small businesses or industries.

Through careful selection of courses, both the Business Administration and Business Administration Hospitality Management Concentration degrees can be completed as an eLearning Online Degree Program.

Special Options for students graduating with the A.A.S. in Business

Administration: The Department of Management and Business Technologies has articulation agreements with Fayetteville State University, UNC Pembroke, Methodist University, Pfeiffer University, and St. Andrews University. Students can earn their A.A.S. at Sandhills CC and then continue to earn a B.S.B.A.

COLLISION REPAIR & REFINISHING TECHNOLOGY

Curriculums in the Mobile Equipment Maintenance and Repair pathway prepare individuals for employment as entry-level transportation service technicians. The program provides an introduction to transportation industry careers and increases student awareness of the diverse technologies associated with this dynamic and challenging field.

Course work may include transportation systems theory, braking systems, climate control, design parameters, drive trains, electrical/electronic systems, engine repair, engine performance, environmental regulations, materials, product finish, safety, steering/suspension, transmission/transaxles, and sustainable transportation, depending on the program major area chosen.

Graduates of this pathway should be prepared to take professional licensure exams, which correspond to certain programs of study, and to enter careers as entry-level technicians in the transportation industry.

Collision Repair and Refinishing Technology: A program that prepares individuals to apply technical knowledge and skills to repair, reconstruct and finish automobile bodies, fenders, and external features. Includes instruction in structural analysis, damage repair, non-structural analysis, mechanical and electrical components, plastics and adhesives, painting and refinishing techniques, and damage analysis and estimating.

Upon completion of this curriculum, students should be prepared to take the ASE exams and be ready for full-time, entry-level employment in dealerships and repair shops in the automotive service industry.

Course work may include transportation systems theory, braking systems, climate control, design parameters, drive trains, electrical/electronic systems, engine repair, engine performance, environmental regulations, materials, product finish, safety, steering/suspension, transmission/transaxles, and sustainable transportation, depending on the program major area chosen.

Graduates of this pathway should be prepared to take professional licensure exams, which correspond to certain programs of study, and to enter careers as entry-level technicians in the transportation industry.

Collision Repair and Refinishing Technology: A program that prepares individuals to apply technical knowledge and skills to repair, reconstruct and finish automobile bodies, fenders, and external features. Includes instruction in structural analysis, damage repair, non-structural analysis, mechanical and electrical components, plastics and adhesives, painting and refinishing techniques, and damage analysis and estimating.

Upon completion of this curriculum, students should be prepared to take the ASE exams and be ready for full-time, entry-level employment in dealerships and repair shops in the automotive service industry.

Certificate Program

		Course Hours Per Week		Semester Hours

**COLLISION REPAIR AND REFINISHING TECHNOLOGY -
AUTOMOTIVE FABRICATION**

Curriculums in the Mobile Equipment Maintenance and Repair pathway prepare individuals for employment as entry-level transportation service technicians. The program provides an introduction to transportation industry careers and increases student awareness of the diverse technologies associated with this dynamic and challenging field.

Course work may include transportation systems theory, braking systems, climate control, design parameters, drive trains, electrical/electronic systems, engine repair, engine performance, environmental regulations, materials, product finish, safety, steering/suspension, transmission/transaxles, and sustainable transportation, depending on the program major area chosen.

Graduates of this pathway should be prepared to take professional licensure exams, which correspond to certain programs of study, and to enter careers as entry-level technicians in the transportation industry.

COMPUTED TOMOGRAPHY IMAGING TECHNOLOGY

The Computed Tomography Imaging Technology curriculum prepares the individual to use specialized equipment to visualize cross-sectional anatomical structures and aid physicians in the demonstration of pathologies and disease processes. Individuals entering this curriculum must be registered or registry- eligible radiologic technologist, radiation therapist, or nuclear medicine technologist.

Course work prepares the technologist to provide patient care and perform studies utilizing imaging equipment, professional communication, and quality assurance in scheduled and emergency procedures through academic and clinical studies.

Graduates may be eligible to sit for the American Registry of Radiologic Technologist Advanced-Level testing in Computed Tomography Imaging examinations. They may find employment in facilities which perform these imaging procedures.

COMPUTER ENGINEERING TECHNOLOGY - GENERALIST

Pathway Description: These curriculums are designed to prepare students through the study and application of principles from mathematics, natural sciences, and technology and applied processes based on these subjects.

Course work includes mathematics, natural sciences, engineering sciences and technology.

Graduates should qualify to obtain occupations such as technical service providers, materials and technologies testing services, process improvement technicians, engineering technicians, construction technicians and managers, industrial and technology managers, or research technicians.

Computer Engineering Technology: A course of study that prepares the students to use basic engineering principles and technical skills for installing, servicing, and maintaining computers, peripherals, networks, and microprocessor and computer-controlled equipment. Includes instruction in mathematics, computer electronics and programming, prototype development and testing, systems installation and testing, solid state and microminiature circuitry, peripheral equipment, and report preparation.

Graduates should qualify for employment opportunities in electronics technology, computer service, computer networks, server maintenance, programming, and other areas requiring knowledge of electronic and computer systems. Graduates may also qualify for certification in electronics, computers, or networks.

Certificate Program

		Course Hours Per Week		Semester Hours
First Semester (Fall)		Class	Lab	Credit
ELC-131	Circuit Analysis I	3	3	4
NET-125	Introduction to Networks	1	4	3

COSMETOLOGY

The Cosmetology curriculum is designed to provide competency-based knowledge, scientific/artistic principles, and hands-on fundamentals associated with the cosmetology industry. The curriculum provides a simulated salon environment which enables students to develop manipulative skills.

Course work includes instruction in all phases of professional imaging, hair design, chemical processes, skin care, nail care, multi-cultural practices, business/computer principles, product knowledge, and other selected topics.

Graduates should qualify to sit for the State Board of Cosmetic Arts examination. Upon successfully passing the State Board exam, graduates will be issued a license. Employment is available in beauty salons and related businesses.

parkst@sandhills.edu**COSMETOLOGY**

The Cosmetology curriculum is designed to provide competency-based knowledge, scientific/artistic principles, and hands-on fundamentals associated with the cosmetology industry. The curriculum provides a simulated salon environment which enables students to develop manipulative skills.

Course work includes instruction in all phases of professional imaging, hair design, chemical processes, skin care, nail care, multi-cultural practices, business/computer principles, product knowledge, and other selected topics.

Graduates should qualify to sit for the State Board of Cosmetic Arts examination. Upon successfully passing the State Board exam, graduates will be issued a license. Employment is available in beauty salons and related businesses.

CRIMINAL JUSTICE TECHNOLOGY

The Criminal Justice Technology Curriculum is designed to provide knowledge of criminal justice systems and operations. Study will focus on local, state, and federal law enforcement, judicial processes, corrections, and security services. The criminal justice system's role within society will be explored.

Emphasis is on criminal justice systems, criminology, juvenile justice, criminal and constitutional law, investigative principles, ethics, and community relations. Additional study may include issues and concepts of government, counseling, communications, computers, and technology.

Employment opportunities exist in a variety of local, state, and federal law enforcement, corrections, and security fields. Examples include police officer, deputy sheriff, county detention officer, state trooper, intensive probation/parole surveillance officer, correctional officer, and loss prevention specialist.

Student successfully completing a Basic Law Enforcement Training course, accredited by the North Carolina Justice Education and Training Standards Commission and the North Carolina Sheriffs' Education and Training Standards Commission will receive credit for CJC-113 Juvenile Justice, CJC-120 Interviews and Interrogations, CJC-131 Criminal Law, CJC-132 Court Procedure and Evidence, CJC-221 Investigative Principles, and CJC-231 Constitutional Law toward the Associate in Applied Science degree in Criminal Justice Technology. Students must have successfully passed the Commissions' comprehensive certification examination and completed Basic Law Enforcement Training since 1985.

Students successfully completing the North Carolina Department of Public Safety Basic Correctional Officer Training course, accredited by the North Carolina Justice Education and Training Standards Commission, will receive credit for CJC-132 Court Procedure and Evidence, CJC-141 Corrections, and CJC-232 Civil Liability.

CRIMINAL JUSTICE TECHNOLOGY - FORENSIC SCIENCE

Forensic Science is a concentration under the curriculum of Criminal Justice Technology, which focuses on the application of the physical, biomedical, and social sciences to the analysis and evaluation of physical evidence, human testimony and criminal suspects. Study will focus on local, state, and federal law enforcement, evidence processing and procedures.

Students will learn both theory and hands-on analysis of latent evidence. They will learn fingerprint classification, identification, and chemical development. Students will record, cast, and recognize footwear and tire-tracks; and process crime scenes. Issues and concepts of communications and the use of computers and computer assisted design programs in crime scene technology will be discussed.

Graduates should qualify for employment in a variety of criminal justice organizations especially in local, state, and federal law enforcement, and correctional agencies.

Student successfully completing a Basic Law Enforcement Training course, accredited by the North Carolina Justice Education and Training Standards Commission and the North Carolina Sheriffs' Education and Training Standards Commission will receive credit for CJC-113 Juvenile Justice, CJC-120 Interviews and Interrogations, CJC-131 Criminal Law, CJC-132 Court Procedure and Evidence, CJC-221 Investigative Principles, and CJC-231 Constitutional Law toward the Associate in Applied Science degree in Criminal Justice Technology. CULINARY ARTS

This curriculum provides specific training required to prepare students to assume positions as trained culinary professionals in a variety of foodservice settings including full-service restaurants, hotels, resorts, clubs, catering operations, contract foodservice and health care facilities.

Students will be provided theoretical knowledge/practical applications that provide critical competencies to meet industry demands, including environmental stewardship, operational efficiencies and professionalism. Courses include sanitation/safety, baking, garde manger, culinary fundamentals/production skills, nutrition, customer service, purchasing, wine appreciation, and human resource management.

Graduates should qualify for entry-level opportunities including prep cook, line cook, and station chef. American Culinary Federation certification may be available to graduates. With experience, graduates may advance to positions including sous chef, pastry chef, executive chef, or foodservice manager.

EARLY CHILDHOOD EDUCATION

The Early Childhood Education curriculum prepares individuals to work with children from birth through eight in diverse learning environments. Students will

combine learned theories with practice in actual settings with young children under the supervision of qualified teachers.

Course work includes child growth and development, physical/nutritional needs of children, care and guidance of children, and communication skills with families and children. Students will foster the cognitive/language, physical/motor, social/emotional, and creative development of young children.

Graduates are prepared to plan and implement developmentally appropriate programs in early childhood settings. Employment opportunities include child development and childcare programs, preschools, public and private schools, recreational centers, Head Start Programs, and school-age programs.

This is a 2-year degree only and **does not** transfer to a 4-year university. Students who choose this degree pathway may teach in childcare centers, serve as an assistant teacher in the public schools or work in after-school care programs.

Course work includes child growth and development, physical/nutritional needs of children, care and guidance of children, and communication skills with families and children. Students will foster the cognitive/language, physical/motor, social/emotional, and creative development of young children.

Graduates are prepared to plan and implement developmentally appropriate programs in early childhood settings. Employment opportunities include child development and childcare programs, preschools, public and private schools, recreational centers, Head Start Programs, and school-age programs.

This is a 2-year degree that transfers to any NC state 4-year university that offers a bachelor's degree in "Birth through Kindergarten". Students who choose this degree pathway plan to become a licensed teacher.

*This degree is required to be the lead preschool teacher in the public schools or a Kindergarten teacher. If students want to teach a grade higher than kindergarten, an additional Praxis exam would be required.

EARLY CHILDHOOD EDUCATION - INFANT/TODDLER CARE

The Early Childhood Education curriculum prepares individuals to work with children from birth through eight in diverse learning environments. Students will combine learned theories with practice in actual settings with young children under the supervision of qualified teachers.

Course work includes child growth and development, physical/nutritional needs of children, care and guidance of children, and communication skills with families and children. Students will foster the cognitive/language, physical/motor, social/emotional, and creative development of young children.

Graduates are prepared to plan and implement developmentally appropriate programs in early childhood settings. Employment opportunities include child development and childcare programs, preschools, public and private schools, recreational centers, Head Start Programs, and school-age programs.

EMERGENCY MEDICAL SCIENCE

The Emergency Medical Science curriculum provides individuals with the knowledge, skills and attributes to provide advanced emergency medical care as a paramedic for critical and emergent patients who access the emergency medical system and prepares graduates to enter the workforce.

Students will gain complex knowledge, competency, and experience while employing evidence-based practice under medical oversight and serve as a link from the scene into the healthcare system.

Graduates of this program may be eligible to take state and/or national certification examinations. Employment opportunities include providers of emergency medical services, fire departments, rescue agencies, hospital specialty areas, industry, educational and government agencies.

The Emergency Medical Services – Paramedic program at Sandhills Community College is accredited by the Commission of Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Committee of Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

FIRE PROTECTION TECHNOLOGY

The Fire Protection Technology curriculum is designed to provide students with knowledge and skills in the technical, managerial, and leadership areas necessary for advancement within the fire protection community and related firefighting industries, and to provide currently employed firefighters with knowledge and skills often required for promotional consideration.

Course work includes diverse fire protection subject areas, including fire prevention and safety, public education, building construction, fire ground strategies and tactics, and local government finance and laws, as they apply to emergency services management. Emphasis includes understanding fire characteristics and the structural consequences of fire; risk assessment and management; and relevant research, communications, and leadership methodologies.

Employment opportunities exist with fire departments, governmental agencies, industrial firms, insurance rating organizations, and educational organizations.

HEALTH INFORMATION TECHNOLOGY

The Health Information Technology Curriculum is designed to provide individuals with the technical knowledge and skills to process, analyze, maintain, and report health information data in compliance with legal, accreditation, licensure and certification standards.

Course work includes diagnosis and procedure coding/classification systems, privacy and security strategies, health informatics, data analytics and use, revenue cycle management, regulatory compliance, and organizational leadership.

Graduates of this program may be eligible to write the national certification exam to become a Registered Health Information Technician (RHIT). Employment opportunities include hospitals, rehabilitation facilities, nursing homes, health insurance organizations, outpatient clinics, physicians' offices, hospice, and mental health facilities.

This program is an NCCCS partner program delivered under an Instructional Service Agreement that allows SCC to offer general education courses related to degree completion, but Pitt Community College awards the degree.

Because the use of computers is integral to this curriculum, some courses are delivered in an online hybrid format.

Pitt CC/Sandhills CC Partner Program

Pitt Community College (PCC) has entered into a unique learning partnership with SCC to provide SCC students the opportunity to complete up to 34 credit hours at SCC to be used toward completion of the 71-hour A.A.S. in the PCC Health Information Technology program.

Students accepted into this program can explore two options:

1. Complete the 34 hours of general requirements prior to application to the program, or
2. Complete some or all of those courses at SCC while concurrently enrolled in the PCC program online.

PLEASE NOTE: Entry into the HIT program is contingent upon PCC requirements and acceptance. Application to the program must be made with PCC.

The Health Information Technology Program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

HEALTH AND FITNESS SCIENCE

The Health and Fitness Science program is designed to provide students with the knowledge and skills necessary for employment in the fitness and exercise industry.

Students will be trained in exercise science and be able to administer basic fitness tests and health risk appraisals, teach specific exercise and fitness classes and provide instruction in the proper use of exercise equipment and facilities.

Graduates should qualify for employment opportunities in commercial fitness clubs, YMCA's/YWCA's, wellness programs in business and industry, Parks & Recreation Departments and other organizations implementing exercise & fitness programs.

HEALTH AND FITNESS SCIENCE

The Health and Fitness Science program is designed to provide students with the knowledge and skills necessary for employment in the fitness and exercise industry.

Students will be trained in exercise science and be able to administer basic fitness tests and health risk appraisals, teach specific exercise and fitness classes and provide instruction in the proper use of exercise equipment and facilities.

Graduates should qualify for employment opportunities in commercial fitness clubs, YMCA's/YWCA's, wellness programs in business and industry, Parks & Recreation Departments and other organizations implementing exercise & fitness programs.

INFORMATION TECHNOLOGY - APPLE SWIFT PROGRAMMING

The Information Technology (IT) curriculum prepares graduates for employment in the technology sector as designers, testers, support technicians, system administrators, developers, or programmers who use computer software and/or hardware to design, process, implement and manage information systems in specialties such as database services, security, business intelligence, healthcare informatics and others depending on the technical path selected within this curriculum.

Course work includes development of a student's ability to create, store, communicate, exchange and use information to solve technical issues related to information support and services, interactive media, network systems, programming and software development, information security and other emerging technologies based on the selected area of study.

Graduates should qualify for employment in entry-level positions with businesses, educational systems, and governmental agencies which rely on computer

systems to design and manage information. The program will incorporate the competencies of industry-recognized certification exams.

Certificate Program

LANDSCAPE GARDENING

These curricula are designed to prepare individuals for various careers in horticulture. Classroom instruction and practical laboratory applications of horticultural principles and practices are included in the program of study.

Course work includes plant identification, pest management, plant science and soil science. Also included are courses in sustainable plant production and management, landscaping, and the operation of horticulture businesses.

Graduates should qualify for employment in a variety of positions associated with nurseries, garden centers, greenhouses, landscape operations, government agencies/parks, golf courses, sports complexes, highway vegetation, turf maintenance companies, and private and public gardens. Graduates should also be prepared to take the North Carolina Pesticide Applicator's Examination and/or the North Carolina Certified Plant Professional Examination.

Landscape Gardening: A program that prepares individuals to manage and maintain indoor and/or outdoor ornamental and recreational plants and groundcovers and related conceptual designs established by landscape architects, interior designers, enterprise owners or managers, and individual clients. Potential course work includes instruction in applicable principles of horticulture, gardening, plant and soil irrigation and nutrition, turf maintenance, plant maintenance, equipment operation and maintenance, personnel supervision, and purchasing.

MEDICAL LABORATORY TECHNOLOGY

The Medical Laboratory Technology curriculum prepares individuals to perform clinical laboratory procedures in chemistry, hematology, microbiology, and immunohematology that may be used in the maintenance of health and diagnosis/treatment of disease.

Course work emphasizes mathematical and scientific concepts related to specimen collection, laboratory testing and procedures, quality assurance and reporting/recording and interpreting findings involving tissues, blood, and body fluids.

Graduates may be eligible to take the examination given by the Board of Certification of the American Society of Clinical Pathology. Employment opportunities include laboratories in hospitals, medical offices, industry, and research facilities.

The MLT program is accredited by the:

NURSE AIDE

The Nurse Aide curriculum prepares individuals to work under the supervision of licensed nursing professionals in performing nursing care and services for persons of all ages.

Topics include growth and development, personal care, vital signs, communication, nutrition, medical asepsis, therapeutic activities, accident and fire safety, household environment and equipment management, family resources and services, and employment skills.

Upon completion, the student may be eligible for listing as a Nurse Aide I and other selected Nurse Aide registries as determined by the local program of study.

NURSING

The Associate Degree Nursing (ADN) curriculum provides knowledge, skills, and strategies to integrate safety and quality into nursing care, to practice in a dynamic environment, and to meet individual needs which impact health, quality of life, and achievement of potential.

Course work includes and builds upon the domains of healthcare, nursing practice, and the holistic individual. Content emphasizes the nurse as a member of the interdisciplinary team providing safe, individualized care while employing evidence-based practice, quality improvement, and informatics.

Graduates of this program are eligible to apply to take the National Council Licensure Examination (NCLEX-RN). Employment opportunities are vast within the global health care system and may include positions within acute, chronic, extended, industrial, and community health care facilities.

The Associate Degree Nursing program at Sandhills is approved by the North Carolina Board of Nursing.

OPHTHALMIC MEDICAL PERSONNEL

The Ophthalmic Medical Personnel Program prepares individuals to perform ophthalmic procedures under the supervision of a licensed physician specializing in Ophthalmology. Course work includes lecture, laboratory, and clinical training in ocular measurements; ocular testing; lensometry; administering topical and oral medications; eye care; and caring for instruments.

Graduates are employed in medical institutions, clinics, or physician practices.

Graduates may qualify as candidates to take the International Joint Commission on Allied Health Personnel in Ophthalmology's exam for the Certified Assistant level.

PROFESSIONAL PILOT

The Aviation Management and Career Pilot Technology curriculum prepares individuals for a variety of aviation and aviation-related careers including the commercial airlines, general aviation, the aerospace industry, the military, unmanned aircraft systems industries, and state and federal aviation organizations.

Course work includes fundamentals of flight, aerodynamics, aircraft performance, meteorology, navigation, federal regulations, aviation management, unmanned aircraft systems, and instrument and commercial ground training, flight and simulator training, and entrepreneurship or business management training.

Graduates may earn a commercial pilot certificate with an instrument rating, specialize in aviation management or in unmanned air systems, and may find employment as commercial, corporate, and military pilots, fixed base operators and airport managers, as pilots or technicians in the unmanned aircraft systems industry, or as flight instructors, and flight dispatchers.

Students in the Aviation Management and Career Pilot Technology program will be required to fly simulator hours during the Air Navigation course and within the Flight-Private Pilot, -Instrument Pilot, -Commercial Pilot and -Certified Flight Instructor courses toward their FAA certification which are required to receive credit for flight courses. There will be a per hour fee for simulator use that will be set by the department.

The Professional Pilot track focuses on the skills and knowledge required to be a successful commercial pilot. Graduates may earn a commercial pilot certificate with an instrument rating.

The Instrument Pilot Certificate program will provide the student with the opportunity to qualify for a FAA Instrument Pilot Rating. The student must complete their Private Pilot Certificate and receive credit for AER-151 prior to entering the instrument flight training portion of the certificate program. SCC does not offer the flight training for the private certificate. Students must go to a FAA approved flight training school and qualify under FAR Part 61 or Part 141 to receive their FAA Private Pilot Certificate.

The flight portion of AER-161 is not offered on campus, however, there is an Advanced Aviation Training Device that the student can train in AER-115 and credit up to 20 instrument flight hours toward their instrument rating. The flight portion of the Instrument Rating must be taken at a Part 61 or Part 141 flight school and the student must receive their FAA Instrument Rating through the flight training and FAA testing and evaluation process.

RADIOGRAPHY

The Radiography curriculum prepares the graduate to be a radiographer, a skilled health care professional who uses radiation to produce images of the human body.

Course work includes clinical rotations to area health care facilities, radiographic exposure, image processing, radiographic procedures, physics, pathology, patient care and management, radiation protection, quality assurance, anatomy and physiology, and radiobiology.

Graduates of accredited programs are eligible to apply to take the American Registry of Radiologic Technologists' national examination for certification and registration as medical radiographers. Graduates may be employed in hospitals, clinics, physicians' offices, medical laboratories, government agencies, and industry.

The Radiography program is accredited by the:

RESPIRATORY THERAPY

The Respiratory Therapy Curriculum prepares individuals to function as respiratory therapists. In these roles, individuals perform diagnostic testing, treatments, and management of patients with heart and lung diseases.

Students will master skills in patient assessment and treatment of cardiopulmonary diseases. These skills include life support, monitoring, drug administration, and treatment of patients of all ages in a variety of settings.

Graduates of accredited programs may be eligible to take entry-level examinations from the National Board of Respiratory Care. Therapy graduates may also take the Advanced Practitioner examination. Graduates may be employed in hospitals, clinics, nursing homes, education, industry, and home care.

The Respiratory Therapy program at Sandhills is accredited by the

SURGICAL TECHNOLOGY

The Surgical Technology curriculum prepares individuals to assist in the care of the surgical patient in the operating room and to function as a member of the surgical team.

Students will apply theoretical knowledge to the care of patients undergoing surgery and develop skills necessary to prepare supplies, equipment, and instruments; maintain aseptic conditions; prepare patients for surgery; and assist surgeons during operations.

Employment opportunities include labor/delivery/emergency departments, inpatient/outpatient surgery centers, dialysis units/facilities, physicians' offices, and central supply processing units.

Students of Commission on Accreditation of Allied Health Education Programs (CAAHEP) accredited programs are required to take the national certification exam administered by the National Board on Certification in Surgical Technology and Surgical Assisting (NBSTSA) within a four-week period prior to or after graduation.

The Surgical Technology Curriculum offers two options – a degree and a diploma program. Completion of a diploma program from an accredited college will qualify students for entry into the Associate Degree program. Certification in Surgical Technology is preferred but not mandatory. Completion of the associate degree program is highly recommended as it prepares the graduate to be a practitioner with a broader knowledge base in the field of Surgical Technology.

SURGICAL TECHNOLOGY

The Surgical Technology curriculum prepares individuals to assist in the care of the surgical patient in the operating room and to function as a member of the surgical team.

Students will apply theoretical knowledge to the care of patients undergoing surgery and develop skills necessary to prepare supplies, equipment, and instruments; maintain aseptic conditions; prepare patients for surgery; and assist surgeons during operations.

Employment opportunities include labor/delivery/emergency departments, inpatient/outpatient surgery centers, dialysis units/facilities, physicians' offices, and central supply processing units.

Students of Commission on Accreditation of Allied Health Education Programs (CAAHEP) accredited programs are required to take the national certification exam administered by the National Board on Certification in Surgical Technology and Surgical Assisting (NBSTSA) within a four-week period prior to or after graduation.

The Surgical Technology Curriculum offers two options - a degree and a diploma program. Completion of a diploma program from an accredited college will qualify students for entry into the Associate Degree program. Certification in Surgical Technology is preferred but not mandatory. Completion of the associate degree program is highly recommended as it prepares the graduate to be a practitioner with a broader knowledge base in the field of Surgical Technology.

THERAPEUTIC MASSAGE

The Therapeutic Massage Curriculum prepares graduates to work in direct client care settings to provide manipulation, methodical pressure, friction and kneading of the body for maintaining wellness or treating alterations in wellness throughout the lifespan.

Courses will include content in normal human anatomy and physiology, therapeutic massage, ethical/legal issues, business practices, nutrition, and psychology.

Employment opportunities include hospitals/rehabilitation centers, health departments, home health, medical offices, nursing homes, spas/health/sports clubs, and private practice. Graduates may be eligible to take the Massage and Bodywork Licensing Exam.

The North Carolina Board of Massage and Bodywork Therapy may deny a license to practice massage and bodywork therapy if an applicant has a criminal record or there is other evidence that indicates the applicant lacks good moral character.
