ASSOCIATE IN GENERAL EDUCATION THERAPEAUTIC MASSAGE (A10300MT)

The Associate in General Education degree is designed for the academic enrichment of students who wish to broaden their education, with emphasis on personal interest, growth and development.

Course work includes study in the areas of humanities and fine arts, social and behavioral sciences, natural sciences and mathematics, and English composition. Opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic use of computers will be provided.

Through these skills, students will have a sound base for lifelong learning. Graduates are prepared for advancements within their fields of interest and become better qualified for a wide range of employment opportunities.

Students who have completed the AGE – Therapeutic Massage program of study will have completed all required general education and non-program specific courses prior to the application process for program entry. Students should refer to the Therapeutic Massage program webpage for specific program entry requirements.
