

## PROGRAMS

### EARLY CHILDHOOD EDUCATION - NON-TEACHING LICENSURE TRANSFER

The Early Childhood Education curriculum prepares individuals to work with children from birth through eight in diverse learning environments. Students will combine learned theories with practice in actual settings with young children under the supervision of qualified teachers.

Course work includes child growth and development, physical/nutritional needs of children, care and guidance of children, and communication skills with families and children. Students will foster the cognitive/language, physical/motor, social/emotional, and creative development of young children.

Graduates are prepared to plan and implement developmentally appropriate programs in early childhood settings. Employment opportunities include child development and childcare programs, preschools, public and private schools, recreational centers, Head Start Programs, and school-age programs.

This is a 2-year degree that transfers to any NC state 4-year university for a bachelor's degree in a program such as "Early Care and Education". Students who choose this degree pathway **do not** plan to become a licensed teacher, but rather plan to work with children and families in various community settings.

#### Associate in Applied Science Degree Program

		Course Hours Per Week		Semester Hours
First Semester (Fall)		Class	Lab	Credit
ACA-115	Success & Study Skills	0	2	1
EDU-119	Intro to Early Child Educ	4	0	4
EDU-144	Child Development I	3	0	3
