

10.1.1 Security, Traffic Rules, and Parking

Revised: August 6, 2007; October 1, 2020

Rescinded: August 14, 2026

Campus Security

Anytime a suspicious activity occurs around the campus, the employee, student, or campus visitor should notify campus security. Witnesses should call Telecommunication Services (ext. 0) and relay any concerns, and the operator will contact the security officer.

Automobile Registration

Students and employees are required to register vehicles which they expect to operate on the campus. To register a vehicle, students and employees should complete the online vehicle registration application found under Student Resources. The applicants should then go to the switchboard located in the Dempsey Center to pick up the parking sticker. During peak registration periods, signs will direct applicants to the appropriate location. Persons operating automobiles on campus are expected to observe posted and announced regulations concerning parking. Violators of these regulations are subject to a fine. Non-payment of fines or repeated violations by students may result in additional disciplinary action by the appropriate dean in curriculum or student services areas.

Students and employees with disabilities may obtain accessible parking spaces. Permits are issued after presentation of appropriate documentation. Contact the Security Office in Wellard Hall for more information.

Parking

College personnel are asked to park in paved parking spaces in the following lots, which are designated for faculty and staff: Curie, Einstein, Irving, and one row in Faulkner. The Homer lot is open parking for students, faculty, and staff. Special parking permits for senior citizens and individuals with disabilities can be arranged through Telecommunication Services at extension 0. Volunteers may obtain a temporary parking permit from their immediate supervisor.

The parking sticker should be affixed to the left rear bumper or displayed in the left rear window of the vehicle.

Individuals who persist in parking in handicapped, visitor, or restricted areas will receive tickets. Those individuals who receive five tickets can expect to be towed.
