No Charge for Admission

Did you save enough?

If not, we have over $500,000 in scholarships to award.

Applications accepted beginning Dec.13.
Current high school seniors and SCC students can apply.
Early consideration deadline is Feb. 28.

Please do not assume you are not eligible — you will only know if you apply (and it is very easy to do online).

www.sandhills.edu/scholarships

THE Lifelong Learning Institute

The Lifelong Learning Institute (LLI), a partnership with St. Joseph of the Pines.

Community members are invited to become students of the LLI. You will be invited to participate in campus and community programs designed to expand your creativity, sharpen skills, and enhance overall intellectual wellness.

Members will receive special notices regarding:

Classes • Campus Events
Seminars • Concerts • Lectures
Plays & Musicals • Exhibits & Displays
Culinary Luncheons

SJP
ST. JOSEPH of the PINES

LLI classes and events will be held on the Sandhills Community College campus, at Belle Meade and Pine Knoll and at other locations throughout the community.

To become a member go to lli.sandhills.edu and register or call Rose George at (910) 695-3861.

Look for this icon throughout the listing of Continuing Education classes. It will indicate courses that may be of interest to LLI members.

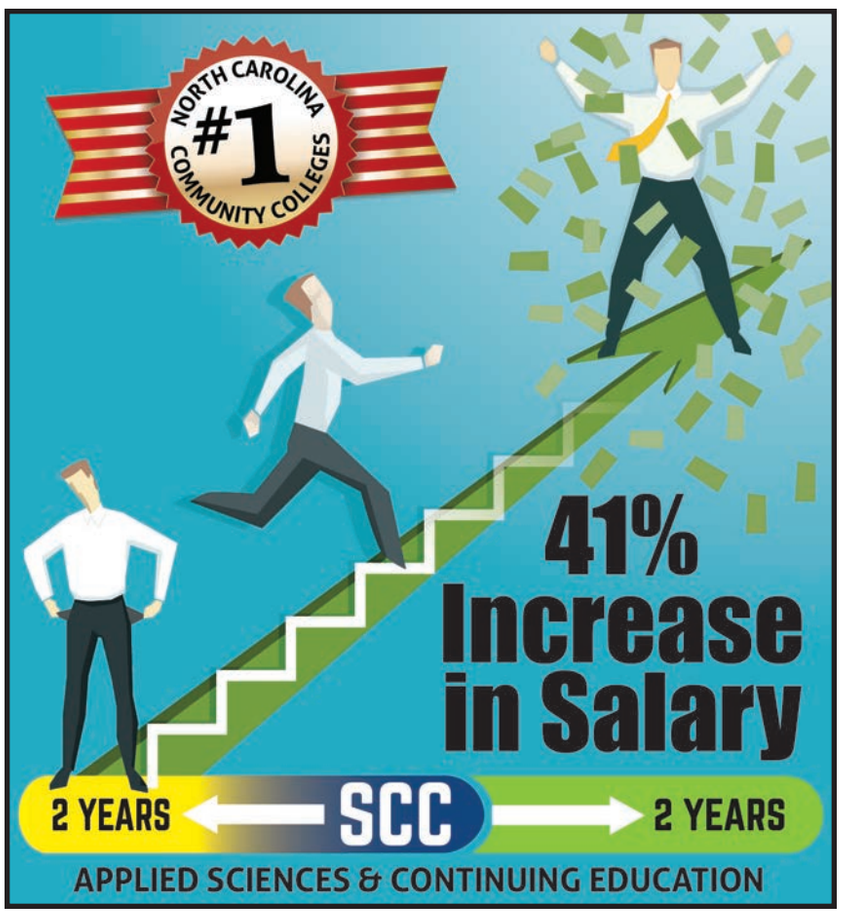
ALIVE AT 25®

Ages 16 to 21

Improve Driving Skills • Avoid Traffic Accidents
Avoid Violations

The Safety and Health Council of North Carolina has recognized Sandhills Community College as a National Safety Council Public Training Agency accredited to offer defensive driving courses to the public.

For more information, click the link under Continuing Education at www.sandhills.edu or email Teresa Reynolds at reynoldst@sandhills.edu.



*flight*Path

Is seems our new publication, ***flight*Path**, was a pleasing hit according to initial feedback. Last semester, we combined the traditional Continuing Education schedule of classes with our curriculum Career Focus magazine and introduced ***flight*Path**. We want this to be a publication you look forward to receiving and one from which you learn not only about upcoming classes, but more about the college and those who guide individuals into new careers and seeing brighter futures. We have also included campus events in order for you to have the dates handy.

In this issue, we are profiling the employees of the college who keep our campus the most beautiful of all NC community colleges. One can't help but be impressed with the grounds when visiting and we are most grateful for this group of men. We are also featuring our engineering program and one of the instructors who make this program most exceptional. Our revived ceramics program in the fine arts program is also featured, as well as the story behind two bricks in our Graduate Walk.

Autumn on our campus is exceptionally lovely. Our cover shows one of our recent gorgeous days when Chloe Brady and Dylan Hennings were enjoying time outdoors in between their classes. Chloe is planning to enroll in the therapeutic massage program and Dylan is beginning at Sandhills and plans to transfer to NC State.

Who Keeps Our Campus Beautiful?

The team that makes the SCC campus the envy of all NC community colleges.

Without a doubt, the campus of Sandhills Community College rivals those of the finest universities in the world. Anyone who has been to the college can attest to the lovely grounds and tranquil atmosphere. One can not walk through the campus without noticing the picturesque landscaping and magnificent trees.

It doesn't matter the season, our campus is gorgeous. Summer shows its beauty through flowering perennials and crepe myrtles and abelia sprinkled throughout campus while winter is continually green with the multitude of evergreens and stately pines. Spring yields azaleas, rhododendrons and dogwoods with the scent from the mighty magnolia tree blossoms wafting over every graduation ceremony.

The team that keeps our campus the envy of all other NC community colleges is to be highly commended on a job well done.

Front row from left to right: Thomas Burns, Obie Blue, Mark Pracht; back row: Eddie Brown, Dennis Holder, Daniel Kennedy.

Dennis Holder

Dennis Holder graduated from the Sandhills Landscape Gardening program in 1986. After graduation he served an internship in Monrovia Nursery in Azuza, CA and then accepted a position with Greenscape, Inc. as a Grounds Maintenance Crew Leader.

Dennis moved up the ranks at Greenscape and worked as a Grounds Maintenance Supervisor, a Landscape Installation Crew Leader, and went on to become a Landscape Department Manager.

In 2000 he began his own business, Rainbow Irrigation and Lighting.

Dennis found himself working on various projects for the college and in 2012 came on board as a Grounds Technician for Sandhills.

Long-time Grounds Supervisor Andy Thompson retired in the spring of 2015 and Dennis was promoted to his position. He currently manages the day-to-day grounds maintenance

tasks, the grounds equipment fleet, and the irrigation system which also includes the pumping system. He and his crew also help around campus with any number of tasks. Additionally, Dennis tests back-flow assemblies that protect the drinking water on campus.

He recently served on the Carolina's Irrigation Association board of Directors and the Moore County Voluntary Agriculture District board of Directors. Dennis loves camping, trout fishing, golf and watching either the Dallas Cowboys or the Carolina Panthers.

Thomas Burns

Getting an early start in his career, Thomas Burns began working at Reaves Landscaping and Design when he was only 14. Fifteen years later, he began his own landscaping business. Now he is putting his talents to use with the grounds crew at the college.

Like most in his field, Burns would rather be outdoors that inside. He enjoys camping, hunting and fishing in his spare time.

Daniel Kennedy

A North Moore High School graduate and native of High Falls, Daniel Kennedy has been with Sandhills for three years. In addition to taking pleasure in being able to work outdoors, Daniel enjoys the atmosphere of the college, especially the friendliness of the people on campus.

Daniel's family keeps him busy when he is not at work. He has three children who seem to always have some sort of sports practice or game. If he has time, he tries to play a round of golf, which lately brings him more pleasure than watching his beloved Redskins.

Obie Blue

Whenever something needs doing at the Sandhills Hoke Center, Obie Blue is the man everyone calls.

Obie came to Sandhills four years ago after working with the Moore County Schools. He is in charge of the grounds as well as the buildings at the Hoke Center. You can find him setting up for a special event, training a new custodial staff employee, planting trees or mowing the grounds.

If your youngster has ever played basketball, baseball, softball or even kickball in Moore County, you probably recognize Obie. He officiates youth sports in his off-hours away from the college.

Eddie Brown

Another North Moore graduate, Eddie Brown takes care of the James H. Garner Center in Robbins. Like Obie, he does a bit of everything pertaining to buildings and grounds.

Eddie also takes care of the Larry R. Caddell Public Safety Training Center in Carthage. One of his more challenging tasks is cleaning up after crashed and burned autos and the simulated rescues.

Eddie has been with Sandhills for three years, beginning as a part-time security officer. He stays busy attending youth league football, basketball and baseball to watch his son play. He, his wife and son also enjoy camping.

Mark Pracht

New to the landscaping and grounds career, Mark Pracht began in May and works part-time with the crew on the Pinehurst campus. He is very fond of the environment and crew at Sandhills.

From Laurinburg, Mark is a Steelers fan and enjoys disc golf and tennis.

Top: Mark Pracht and Daniel Kennedy take on some of the leaves that litter the campus during the fall.

Left: Dennis Holder rebuilds a large area of the walkway outside Meyer and Stone Halls after repairing a drain culvert that was invaded by tree roots.

SCC Core Values

Integrity

Sandhills Community College treats its students, faculty and staff fairly and stands behind the commitments that are stated or implied in its policy documents and promotional materials. The college demands academic work that is honest and rigorous and that meets the expectations of employers and baccalaureate-level institutions.

Helpfulness

The faculty and staff of Sandhills are genuinely and eagerly helpful to the college's students and to each other. Going the extra mile is expected behavior at Sandhills.

Excellence

Sandhills provides educational programs of the highest quality and then provides the support necessary to promote student success. Similarly, the college employs faculty and staff who are exceptionally well-qualified to promote educational excellence and, in addition, encourages and supports them in the performance of their jobs.

Respect

The atmosphere of Sandhills Community College is one of respect, friendliness, and civility — values that are taught to students by the way in which faculty and staff interact with them and with each other.

Opportunity

Opportunity is at the core of Sandhills' mission. The college provides educational opportunities to the students who enter through its open doors, opportunities for growth to the area's businesses and lifelong learners, and opportunities for professional and personal development to its faculty and staff.

Are You a Military Spouse?

The MyCAA Scholarship Program Can Help You Get the Credentials You Need to Achieve Your Career Goals!

As a spouse of an active duty service member you may be eligible for up to $4000 in educational training assistance.

Sandhills has 37 programs that qualify!

Begin at: https://aiportal.acc.af.mil/mycaa/

Continuing Education Scholarships

We are able to award scholarships to help remove financial barriers for students seeking to gain new job skills or upgrade current skills.

Scholarships have specific requirements and uses. Please do not assume you do not qualify, you won't know unless you apply.

Golden LEAF FOUNDATION

To apply or for additional information, contact Jason Levister at 695-3778 or levisterj@sandhills.edu or Terrie Williams at 695-3974 or williamst@sandhills.edu.

Continuing Education

SPRING SEMESTER CLASSES

Registration for Continuing Education Career Training classes is on-going — classes begin throughout the semester. Call today. Seats are limited! (910) 695-3980.

CAREER Training

careertraining.sandhills.edu

The Continuing Education Career Training program is a perfect local resource for adult learners who want to improve workplace skills, achieve job certification or recertification, improve employment marketability or explore new opportunities.

Career Training courses meet the criteria for Continuing Education Units (CEUs). All Career Training courses are Lifelong Learning Institute eligible.

For additional information, contact Lori Degre at (910) 695-3939 or degrel@sandhills.edu.

HEALTH CARE OCCUPATIONS

Activity Director

This course is designed to provide basic training to individuals desiring to become an Activity Director in a healthcare related setting, such as long term care or assisted living facilities or adult care homes. This course follows the state approved course outline. Students successfully completing the entire 85 hours of training (60 hours in class and 25 practical experience hours) will receive a Certificate of Completion and can use this course as a step toward a national certification for Activity Coordinators.

Trades EDUCATION

trades.sandhills.edu

Trades Education at SCC is made possible in part due to the generous contributions of these supporters:

Our local manufacturing industry is on the rise and employers are looking for skilled workers to meet the growing need for in-demand, entry level positions. Our Trades Education programs are designed to provide a workforce trained through hands-on, high quality, certified instruction with state-of-the-art equipment in welding, electrical and certified production technician.

Using National Center for Construction Education and Research (NCCER) based curriculum for electrical and welding, our students learn fundamental, high-tech training skills that will prepare them for well-paying employment.

Job placement assistance and career coaching is offered to students who successfully complete the course.

Opportunities are also available for high school students (see guidance counselor).

For more information, contact Trades Coordinator Belinda McFerrin at (910) 246-4117 or mcferrinb@sandhills.edu.

NCCER Welding Level 1

The Welding Program is based on the National Center for Construction Education and Research (NCCER) curriculum and is designed to train students for mastery of basic welding skills and techniques including safety, metal cutting and fitting, and welding skills using generally recognized industry processes. Upon successful completion, students will earn the Level 1 NCCER Welding Certification and be prepared to work in entry-level positions.
Instructor: Brett Dysart
107 Palmer Trades Center
$185+$200 consumables fee

Fall 2016	TTH	6-9pm
Fall 2016	Sa	9am-3pm

NCCER Welding Level 2

This course builds upon content learned in Welding Level 1. Topics include physical and mechanical properties of metal, flux cored arc welding, and interpreting detailed welding drawings. Upon successful completion, students will earn the Level 2 NCCER Welding Certification.
Instructor: Brett Dysart
107 Palmer Trades Center
$185 plus $200 consumables fee

Certified Production Technician (CPT)

The Certified Production Technician (CPT) program is designed to train students for mastery of manufacturing production systems and minor manufacturing equipment maintenance and repair as specified by the Manufactures' Skills Standards Council. The course will prepare the student to compete for four MSSC certifications: Safety, Quality Practices and Measurement, Manufacturing Processes and Production, and Maintenance Awareness leading to the comprehensive CPT credential. The program also prepares students for higher paying jobs.

This program is endorsed as a quality training program for potential entry-level employment by Unilever HPC in Raeford and Coty, Inc. in Sanford.

The Golden LEAF Foundation awarded Sandhills Community College a grant to fund equipment and pay lease on a modular unit where advanced manufacturing skills are taught. Shown from left to right are President John Dempsey, President of the Golden Leaf Foundation Dan Gerlach, Vice President of Continuing Education and Workforce Development Andrea Korte, Board of Trustees Chair George Little and Dean of Business and Industry Alan Duncan.

Equipping Students with 21st Century Skills

A $442,242 Golden LEAF grant funded Sandhills Hoke Center's state-of-the-art manufacturing equipment and provides money for leasing one of its buildings.

Today's manufacturing company uses high-tech, automated equipment to improve product quality and production efficiency. Sandhills Community College, with support from the Golden LEAF Foundation, is helping its students gain the skills they need to meet industry demands.

The Hoke Initiative for Advanced Manufacturing Skills (HIAMS) program is located on the Raeford campus in Hoke County. The HIAMS development program trains students for manufacturing production systems and minor manufacturing equipment maintenance and repair. It also provides the capacity to deliver targeted and customized skills required for local industry to train both new and incumbent workers. The college participates with Hoke High School on an advanced manufacturing training partnership.

"Hoke County has never had a training program like this before," said Ronnie Patton, manager at Unilever. "The program provides a workforce ready environment and helps provide students with a solid skill set for a production environment. Graduates have a step-up when applying for employment because SCC is working directly with our needed skill sets. I have heard nothing but positive things about our new employees coming from this program."

"The Golden LEAF Foundation provided the bulk of the funding for the facility, with support of the Hoke County school system," said Sandhills' Dean of Business and Industry Services Alan Duncan. "The school system donated one modular unit, and Golden LEAF provided funding for leasing the other."

Registration for Continuing Education Technology classes is on-going – classes begin throughout the semester. Call today. Seats are limited! (910) 695-3980.

Technology TRAINING

technologytraining.sandhills.edu

Whether you need a little byte of knowledge or a terabyte of advanced technology education, we have classes for you in Continuing Education. Course topics range from the most basic information for the absolute beginner to highly technical skills needed in the workplace.

Whatever your stage in computer use, your classmates will be right there with you. Have fun, make new friends and learn how to use computers and computer software.

For additional information, contact Teresa Reynolds at (910) 695-3775 or reynoldst@sandhills.edu.

WINDOWS OPERATING SYSTEM

Windows 7: Introduction

This is your LAST CHANCE to take a Windows 7 course. Sign up early; space is limited. Students will be introduced to the world of computing while learning to use the Windows operating system. Topics include: computer terminology, navigating the Desktop, creating, formatting, and saving files, with a brief introduction to using the Internet and email. A flash drive 8GB or larger is required.
Instructor: Pete McLendon

INSTRUCTOR SPOTLIGHT

Natasha Holmes

Natasha Holmes is an artist from California who received her MFA in photography from Indiana University in Bloomington. She holds a BFA in both creative photography and ceramics from California State University - Fullerton. She has a minor in Anthropology, and while on dig sites, she learned to observe and appreciate the very small details.

While in community college and as an undergraduate, Natasha worked for several years in print shops doing pre-press and graphic design.

Natasha has exhibited in Italy, Japan, the southwest, and currently lives and teaches in North Carolina.

She is also very technologically savvy and will be teaching in both the Technology Training and Creative Living programs during spring semester.

INSTRUCTOR SPOTLIGHT

Scott Zimmerman

Scott Zimmerman helps individuals and businesses with computing needs through his local business, Zimware Consulting. Working with people in the home and business allows him to constantly revise his methods and approaches in teaching people of all ages.

Originally from Lorain, Ohio, Scott lives in Pinehurst and provides his services to Moore and surrounding counties.

Scott will be teaching three new computer security classes during spring semester.

NEW! Photo Editing Using Photoshop Elements 14 Level 1

Using the gold standard of home photo editing, students will learn what's new in Elements 14, including how to create catalogs and albums, how to import and organize photos, do basic editing in the Organizer, as well as how to use the Editor's Quick and Guided modes. Learning the basics of layers, layer mask, blends, effects and text will open up a whole new world of image editing. Images will be provided. A flash drive 8GB or larger is required. Prerequisite: a good working knowledge of computers, using a mouse or pen tablet, and file management.
Instructor: Darrell Kirchmann
105 Van Dusen Hall
$75

1086	Feb 2-Mar 10	TTH	10am-Noon

NEW! Photo Editing Using Photoshop Elements 14 Level 2

This course will bring out the artist in you! Students will learn about editing in Raw format, using the Expert mode in Editor, including using blends and layers, as well as creating a type mask and montages that blend two or more images into one. Learn to frame photos, create twirl effects, push a photo though text, add texture, and make a photo look like a painting. A flash drive 8GB or larger is required. Prerequisite: Elements 14 Level 1 or prior experience and a good working knowledge of computers, using a mouse or pen tablet, file management, and a creative mind.
Instructor: Darrell Kirchmann

creativeliving.sandhills.edu

Whatever your age, keeping your mind actively engaged is one of the most important things you can do to ensure a fulfilled lifetime. Exercise your mind with Creative Living courses. We are dedicated to helping our students achieve their personal goals by offering a bounty of diverse classes.

For additional information, contact Teresa Reynolds at (910) 695-3775 or reynoldst@sandhills.edu.

Registration for Continuing Education Creative Living classes is on-going — classes begin throughout the semester. Register today — seats are limited! (910) 695-3980.

ART

Oil Painting Workshop

Learn basic oil painting using the Old Masters method. All levels welcome. To the first class, bring a good grade of Burnt Sienna oil paint, Bristle Filbert Brushes 2, 4, 6, & 10, odorless turpenoid thinner, 9x12 canvas, Viva paper towels, 12x16 disposable paper palette, H or HB pencil, white eraser, Prismacolor matt fixative spray, Krylon or Grumbacher retouch varnish spray, and two empty jars with lids. View instructor's website at jeanfrostoilpaintings.com.
Instructor: Jean Frost
109 Van Dusen Hall
$60

1001	Jan 21-Feb25	Th	1-4pm

An Exploration in Painting

NEW

Join this fun exploration in acrylic painting, mono printing, linocut printing, and gel printing. Students will gain a better knowledge of composition, printmaking, collage and layering techniques. Each student will purchase a $25 artist's kit at the first class. Cash only. Bring a 9x12 or larger spiral sketchpad. Other class supplies will be provided. This class is for intermediate painters. Visit instructor's website at www.marywrightoriginals.com. *Space is limited; register early!*
Instructor: Mary Wright
109 Van Dusen Hall

1003	Feb 2-Mar 29	T	5:30-7:30pm

Hand Building Pottery

NEW

Get your hands in the clay as you work with soft slab and coil building to make functional art forms. Learn about design, materials, and methods—not only traditional, but a variety of techniques used by many of the nearby potteries. Each student will come away with the primary skills of making a table setting. Includes a visit to local potteries. A starter kit of materials is provided for each student. To the first class, bring an apron, towel, large sponge, small bucket or recycled kitchen container such as for 32 oz yogurt. No experience needed. No class March 9.
Instructor: Natasha Holmes
002 Kennedy Hall
$95

1004	Feb 3-Apr 6	W	6-8pm

Drawing Essentials

NEW

An introduction of observation techniques that increases drawing and sketching skills. Students begin with reviewing and developing abilities for observing and drawing from life. Learn to cultivate the usage of line variation as well as promoting ways of rendering to increase the range of light and shadow. Establishing a habit of drawing and sketching daily is a crucial focus of skill building. To the first class, bring an 11x14 drawing paper pad or newsprint, a 5x7 or larger spiral bound hardcover sketchbook, HB, 2B, 4B & 8B drawing pencils, and a ruler. No class March 10.
Instructor: Natasha Holmes
109 Van Dusen Hall
$60

1005	Feb 4-Apr 7	Th	6-8pm

Handmade Artist's Books

NEW

Design your own sketchbook, graphic novel, or photo book by cutting, stitching, and binding by hand to create a very personal form of art. Endless possibilities exist within this craft, from linear and pictorial narrative, to more sculptural 3-dimensional work. Centuries old techniques are shared, including a Japanese Stab Binding, simple Accordion folding, and signature composition. Contemporary styles of altered & re-purposed books will also be demonstrated.
Instructor: Natasha Holmes
109 Van Dusen Hall
$45

1006	Apr 13-May 4	W	6-8:30pm

CRAFTS & HOBBIES

Floral Design with Carl

Join master floral designer Carl Klabbatz and learn to craft stunning creations with containers and accessories in relation to design, color and texture. Carl has been teaching floral design at SCC for over 30 years.
Instructor: Carl Klabbatz
109 Van Dusen Hall
$60

1007	Jan 25-Mar 14	M	6-8:30pm

Jewelry Creations

Create simple, elegant pieces of jewelry with designer Candace Marsh of Denise Nicole Designs, LLC. Learn to make earrings, bracelets and necklaces using basic fundamentals of jewelry design. To the first class, bring a set of pliers (round nose, side cutter, crimper, long nose), beads, headpins and ear wires. No experience needed.
Instructor: Candace Marsh
109 Van Dusen Hall
$35

1008	Feb 1-29	M	2-4pm

Creative Beading

Create one-of-a-kind bead designs, including beautiful jewelry, with seed beads and other creative bead types. Instructor Tammy Rogers, of Native American Heritage, is committed to preserving this ancient art form. Bring seed beads in sizes 6/0 & 11/0, a collapsible needle or regular beading needle, and plain beading thread to the first class. No experience needed.
Instructor: Tammy Rogers
109 Van Dusen Hall
$40

1009	Mar 1-Apr 19	T	3-5pm

Photography: Learn the Basics

Do you have a compact digital camera, bridge compact digital camera, a mirrorless interchangeable lens camera, or a digital single lens reflex camera and you want to learn how to use it on settings other than "auto"? This class will cover the exposure triangle (ISO, aperture and shutter speed) which makes understanding how to use a camera to its greatest potential much easier. Learn about all those little images on the dial, what the megapixel count represents, and what it means to shoot in Raw vs. JPG. If you have interchangeable lenses, which lens should you be using, and when and how do you use a flash?
Instructor: Darrell Kirchmann
105 Van Dusen Hall
$75

1085	Apr 4-20	MW	2-4 pm

DANCE, FILM & MUSIC

No class April 19.
Instructor: Rosalind Wirsing
109 Van Dusen Hall
$60

1014	Feb 9-May 3	T	Noon-1:30pm

The Buddy System in American Cinema

As winter gives way to spring, we revisit American cinema classics structured on the inextricable bonds found in unlikely friendships. In the long tradition—Laurel and Hardy, Martin and Lewis, Hope and Crosby, and Thelma and Louise—Hollywood has structured countless films in this way. These friends, borne of shared history, dramatic circumstance, or mutual quests, deal with polar personalities and find "the best in each other," as they battle a sometimes indifferent world. The series promises to leave you wondering, "Where's my Tonto?"
Instructor: Ron Layne
Clement Dining Room, Dempsey Student Ctr
$20

1015	Mar 9-Apr 6	W	2-4:30pm

The Rise & Fall of Pop Music & Rock 'n' Roll

After World War II, Pop music ruled radio airwaves and jukeboxes. Johnny Ray, Jo Stafford, Dean Martin, and other artists dominated *Your Hit Parade* until Rock 'n' Roll challenged that dominance in the mid-1950s. Through music and video, Dr. John Turner presents artists and songs we love, putting them in context by examining their impact on sexual attitudes, family, segregation/integration, the economy and religion. It's a fun time of music, videos and stories exploring the singers and songs of the late 1940s, the 1950s and the 1960s.
Instructor: Dr. John Turner
Clement Dining Room, Dempsey Student Ctr
$20

1031	Jan 26	T	1-2:30pm

A Decade of Arts Advocacy

Bruce Ridge, North Carolina Symphony double bassist, has served as the Chairman of the International Conference of Symphony and Opera Musicians (ICSOM) since 2006, becoming the organization's longest serving chairman. In that time, Ridge has traveled to visit with virtually every major orchestra in the United States, testified before the United States Congress on the value of the arts, and delivered speeches before numerous international gatherings of artists. Ridge will address some of the myths and realities of the future of the arts and orchestras in America, and through anecdotes from a decade of travel, explain why he thinks the future can be very bright.
Instructor: Bruce Ridge
109 Van Dusen Hall
FREE but ***registration is required.***

1032	Feb 2	T	1-2:30pm

Inside the Mind of a Killer

This extraordinary two-part series will explore the dark world of criminal defendants who are charged with the ultimate act of murder. Peter Yellin, an experienced Federal criminal trial attorney, who served as Chief Prosecutor for military trials with the 2nd Marine Division at Camp Lejeune and as Chief of Staff to New York and Arkansas Attorneys General, will lead these discussions. *Space is limited; register early!*

109 Van Dusen Hall
$20

1033	Feb 17 & Mar 2	W	1-3pm

Camelot: Myth & Mystique of the Kennedys

Dr. Melinda Ratchford explores the myth and mystique surrounding the life and times of the Kennedy family. This presentation will discuss a brief history of the Kennedy family and what led them to be either reviled or revered. John Kennedy has now been deceased longer than he lived. What causes this continued fascination with a man who died over 50 years ago at the age of 46? What do we really believe five decades after those gunshots in Dallas?
Sponsored by the NC Humanities Road Scholars Series.
Instructor: Melinda Ratchford, Ed.D
109 Van Dusen Hall
FREE but ***registration is required.***

1034	Feb 24	W	1-2:30pm

Why Does North Carolina Have So Many Writers?

North Carolina's Literary Lineage
Visitors to North Carolina often ask, "How can there be so many writers in North Carolina?" The late Louis D. Rubin, Jr., founder of Algonquin Books of Chapel Hill, put it this way: "Like bad checks and grapes, writers tend to come in bunches." Throughout our state's history, writers have sprung up in clusters, usually around a central mentor or teacher. North Carolina has also produced multiple writers within a single family. In this fast-paced presentation with historic photos and lively anecdotes, Georgann Eubanks explores North Carolina's literary lineage and the conditions and attitudes that have made our state such fertile territory for the production of stories, novels, plays and poems.
Sponsored by the NC Humanities Road Scholars Series.
Instructor: Georgann Eubanks

THE SMALL Business CENTER

sbc.sandhills.edu

The mission of the Small Business Center at Sandhills Community College is to increase the success rate and numbers of viable small businesses in North Carolina by providing high quality, readily accessible assistance to prospective and existing small business owners that will lead to job creation and retention.

The NC Community College's Small Business Center Network assists in starting an average of more than 600 businesses each year. Small Business Centers have an economic impact in 90% of all NC Counties each year, helping to create and retain nearly 3,000 jobs annually.

Seminars

The Small Business Center offers free seminars targeted for the needs of small business owners and startups. Register for free seminars by visiting our website at sbc.sandhills.edu, calling (910) 695-3980 or emailing williamslo@sandhills.edu.

Resources

A computer in our resource center is available for your use and we will help you locate information you need for your business. We have access to the NC Live database leading you to a demographic data profiler called Simply Map to assist you in defining your market. We also have information on area businesses and numerous books and magazines and will assist you in obtaining a free Boyd Library membership for additional resources.

Counseling

For free one on one counseling services, if you would like information about starting a business or to discuss specific needs regarding your business, please call Lori Williams at (910) 695-3938 or email williamslo@sandhills.edu. You can also visit our website at sbc.sandhills.edu and click on the "Request for Counseling" link and schedule an appointment by using the "Book Now" link.

SCORE BUSINESS SERIES

Attendance at all 6 of these seminars will result in a certificate of completion and eligibility for the Marilyn Neely Award.

How to Start a Business: The Right Stuff?

To persevere through the trials and tribulations of starting and running your own business, you need the spirit and will of those original Mercury astronauts...The Right Stuff! Free	March 30	1:30-4:30 pm

"I thought that this was wonderful training. Mr. Collins is an excellent presenter."

This is not a comprehensive listing of seminars. To be sure you are notified of all upcoming seminars, visit our website at sbc.sandhills.edu and join our email distribution list.

OTHER FREE SEMINARS

Sales for the Nonsales Entrepreneur

No matter what you do for a living, you are in Sales. Whether you realize it or not, no matter what job you have or role you hold, you are in Sales. Why? Because our days are filled with interactions and negotiations that are required for us to get our personal and/or professional needs met. Most people can think of a time when they had to convince someone to do, or help them do something. Even people who hold non-selling positions within large organizations have to engage in a basic selling process to get their jobs done, and importantly, to progress. It's All Sales!

In this interactive "SalesShop" participants will learn to:

- Understand a basic sales process.
- Learn a strength-based approach to building a successful customer partnership.
- Look at ways to integrate sales into everyday activities. • Face fears that stand in the way of successful selling at any level, e.g., cold calling, overcoming objections and closing sales

Facilitator: Lisa Mashburn of Areion, LLC
102 Van Dusen Hall

Free	December 8	6-8 pm

End Your Small Business Struggle - Let's Find the Solution

This presentation will help you connect the dots for the missing pieces in your business startup. Are your marketing techniques failing? Are you driving traffic to your website? This seminar will give you that "Aha" you have been looking for.
Facilitator: Brian Sykes of Adjourney
102 Van Dusen Hall

Free	January 19	6-9 pm

"I feel this is a great service to the public. Thank you."

"Outstanding speaker. Loved her enthusiasm and practical examples."

Planning Your Future for Small Business Owners

Can I afford a match for my employees? What are tax advantages? How much can I save? These and many more questions need to be on the mind of small business owners at the time of business plan preparation. Come learn more about these scenarios to plan for your future.
Facilitators: Tom Dreher and Michael White
102 Van Dusen Hall

Free	January 21	6-8 pm

Learn How the Intersection of Radio Broadcasting and Digital Media Can Boost Your Business

Not getting the push you need from trying to maintain your own social media accounts for your business? Learn to strategize and enhance those efforts by incorporating radio broadcasting and a digital media campaign to give your business an immediate boost.
Facilitators: Amy Albert and Scott Murphy of Star 102.5
102 Van Dusen Hall

Free	January 25	6-8 pm

How to Start a New Business - 500 Home Based Business Ideas

Starting a small business requires determination, motivation, planning and know-how. One of the safest ways to start a new business is to start out working from home. Not only will your overhead be low, it gives you an opportunity to try out your idea before plunging in. This seminar is designed to help you determine if you are ready to start your own business, and if so, learn just what it is going to take.
Facilitator: Ed Ormsby of Ormsbyte and Associates
102 Van Dusen Hall

Free	February 4	6-9 pm

Social Media Basics for Your Small Business

Blogs, Facebook, Twitter, Pinterest Youtube… the list goes on and on but the potential for growing your business, expanding your customer base and making more money is just as huge. In this seminar we'll discuss your presence and where it should be. Join us for this hands on seminar to put you in the driver's seat of your social media campaign. More in-depth study of social media management will be covered in an offering in our Technology Training Program (see page 13).
Facilitator: Lori Williams, Small Business Center at Sandhills Community College
105 Van Dusen Hall

Free	February 23	3-5 pm

Fifteen Common Mistakes That Will Undermine Any Business

We have all heard the old saying "learn from other's mistakes." The presenter, Bob Moore, created this seminar from his experiences of owning his own businesses and working for medium and large domestic and international corporations. Opening and operating a small business normally involves a great deal of time and a substantial financial investment. During this seminar, you will learn the fifteen most common mistakes made by entrepreneurs and many corporations that ultimately undermine the business. Regardless of whether you are opening or operating a business, regardless of the size of your company, this seminar will prove to be invaluable in helping you form a legal, profitable, and growing business. Make a solid investment in the future survival of your business by planning to attend this informative seminar!
Facilitator: Bob Moore of Bob Moore Seminars
102 Van Dusen Hall

Career Development

careerdevelopment.sandhills.edu

The Career Development Program at Sandhills Community College is a workforce development program that provides skills assessment services, employability skills training, and career development counseling to individuals in transition and the emerging workforce.

Our goal is to assist students in assessing their interests, personality traits, and abilities, in setting career and/or educational goals, and in creating a pathway that will lead to economic, social, and educational success.

Career Development classes are available to all and may be free for qualified students. Students may also be eligible for a Continuing Education scholarship.

Sandhills' Ceramics Program Resurrected

The SCC Foundation purchases a new kiln for ceramics classes.

The 43-mile stretch of road where N.C. 211 takes you north from Pinehurst to NC 705 and ends in Seagrove is known as the Pottery Road Scenic Byway. There are nearly 80 potteries in the vicinity of this byway including Seagrove, home of the nation's largest community of potters. The early settlers of the area would appreciate the thriving world of traditional and modern pottery found along this route. Many were from Staffordshire, the pottery center of England, and settled in the North Carolina Sandhills in the 1700s.

Residents of the Sandhills area will now be able to become more involved in the local heritage of ceramics as offerings are being expanded at the college.

William Fillmore, who has a Master of Fine Arts in Sculpture from Indiana University, began as an art instructor at Sandhills last year.

"We once had a kiln at the college," Fillmore said, "but it was long gone when I arrived. UNC-Pembroke generously allowed us to use their kiln and facilities for ceramics projects, but I began asking around to see if we could have our own kiln at Sandhills."

Fillmore applied for and was granted funding from the Sandhills Community College Foundation.

The new kiln is now installed in Kennedy Hall and is being used by students in the Fine Arts classes, particularly the 3D Art classes, which use it for sculptures and ceramic work. Even more exciting is that the art department is adding ceramics and sculpture to the 2016-17 academic schedule.

"Plus, we want to offer Continuing Education ceramics classes for community members as well as weekend workshops for people to learn how to work with clay," reports Fillmore.

"I've never been to a college where ceramics classes weren't full, and I expect that in an area as rich in ceramic history as this region, we can expect great things from the artists here," says Fillmore, who lives in Southern Pines with his wife, artist and photographer Natasha Holmes.

Shoot this code with a smartphone QR reader to view works by Billy Fillmore.

Colombia Experience Broadens Fine Art Instructor's Ceramic Art Appreciation

This past summer, art instructor William Fillmore was in Medellin, Colombia as a ceramics Visual Artist in Residence at Campos De Gutierrez, an art center.

It took a competitive application process to be invited to create and promote ceramic art. "A residency is an opportunity for an artist to explore new methodologies and develop skills as an artist," Fillmore says.

While in Colombia, Fillmore was invited to be a visiting artist in Lab 48, an annual cultural event to promote ceramics, produced by Campos De Gutierrez and Colombia Americano. He conducted working-with-clay workshops for college art students and traveled around Colombia, delivering lectures to high school and college students. He created an 8-foot high landscape installation piece, The Lonely Tower, made from raw clay, a primitive process few artists use. This piece was part of the Lab 48 exhibition.

"My time in Colombia was quite valuable and I learned many insights and techniques that I hope will benefit my students at Sandhills," he said.

The trip was supported through Sandhills Community College's International Committee and The Center for Teaching and Learning.

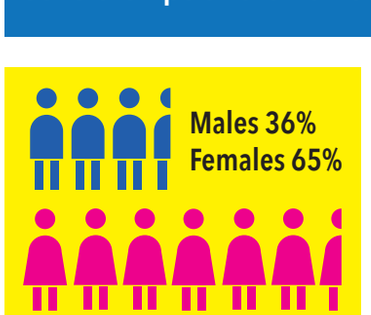
Free Tutoring

Free Tutoring is available to our students in the Kelly Tutoring Center located in Logan Hall.

One-on-one help from volunteers or peer tutors help our students become responsible learners by helping them stay on track, assisting them in understanding assignments and offering ways to improve study skills.

Sandhills Community College promises that no deserving student will be denied a college education because of inability to pay.

In addition to financial aid, $890,287 will be awarded in scholarships and on an as needed basis to students this year.



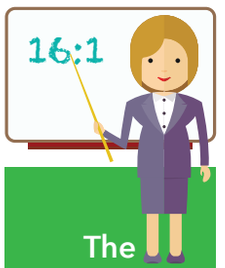
By successfully completing the C-Step program, students are guaranteed transfer to UNC-CH as a junior.

All who teach collge transfer courses hold a master's degree or higher.

There are 225 arches on the Sandhills campus in Pinehurst.

Full-time tuition and fees at Sandhills is $1,907/2 semesters. UNC-Chapel Hill tuition and fees are $8,562/2 semesters.

The basketball team won the NJCAA National Championship in 2012.

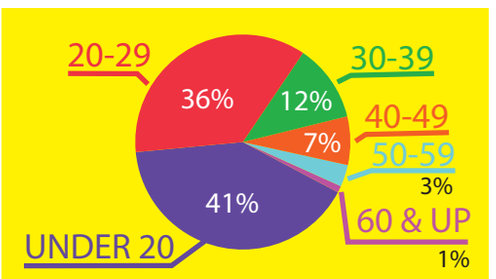


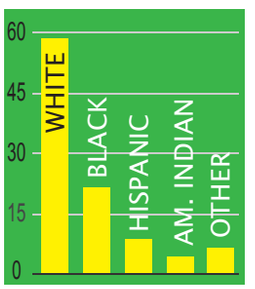
The Sandhills Community College student to teacher ratio is 16:1.

A single SCC graduating class will increase their lifetime earnings by $162.6 million.

50+ Sandhills has over 50 programs for career options.

The men's golf team won the NJCAA National Championship in 2014.





Sandhills offers over 670 college credit courses each year with about 2000 sections.

Multiple Paths for Careers in Engineering

engineering.sandhills.edu

Three technical programs, 2 + 2 transfer arrangements and a new Associate in Engineering degree are offered at Sandhills.

Ed Spitler works with students as they learn about and utilize a 3D printer.

For Professor Ed Spitler, the favorite part of his job as chair of the Department of Engineering Technologies at Sandhills Community College is when graduates return to let him know how well they are doing. Over the years, he has heard wonderful success stories.

"About 75 percent of our Engineering Technologies graduates join the workforce right away, prepared for entry level positions in civil engineering, geomatics (surveying) and architecture," he reports. "The other 25 percent go on to a four-year university to earn their bachelor's degree. Either way, an associate's degree from Sandhills started them on their way to success."

Indeed, preparing students for careers in civil engineering technologies, architectural technology, and geomatics technology is a top priority for Professor Spitler.

"The job market is full of well-paying job opportunities for our graduates," he says. "Historically, we see more job openings than graduates to fill them.

"For Engineering Technologies students, we offer exciting hands-on learning. Many demands are put upon people in engineering technology fields and we make sure our students have the skills they need, including knowing how to work with modern surveying equipment and sophisticated software including computer-aided drafting and design software.

"Sometimes we have students who want to enter the field, but have had trouble with some of the math requirements," Professor Spitler said. "One of the biggest benefits of beginning with us is that we have math labs, math tutors and such a low student-to-instructor ratio that our students receive the instruction and assistance they need to get over the hump and well on their way to the more difficult courses to come."

SCC Honors Spitler

Professor Spitler's skills and enthusiasm for teaching led not only to his becoming chair of the Engineering Department in 2010 but also made him the recipient of Sandhills' 2014-15 Excellence in Teaching award, now named in honor of Raymond and Rachel Stone. He is currently a semi-finalist for the state 2016 Excellence in Teaching Award.

The Sandhills Alumni Association also named Ed The 2015 Notable Alumni.

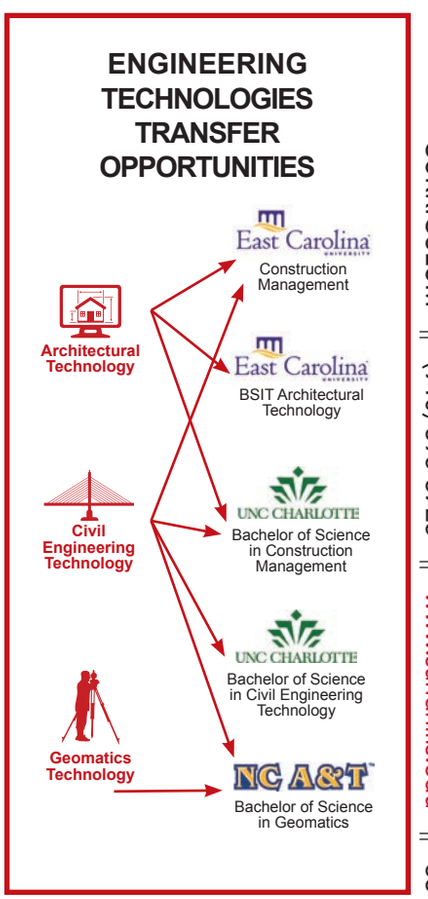
Engineering Programs at SCC

The **Architectural Technology** program prepares graduates to assist architects, engineers, and construction professionals in developing plans and related documentation for projects.

The **Civil Engineering Technology** program prepares graduates to use basic engineering principles and technical skills to carry out planning, documenting and supervising tasks in sustainable land development and public works and facilities projects.

Geomatics Technology prepares graduates for the planning and positioning of land tracts, boundaries, and features applying principles of construction surveying, global positioning systems, geographical information systems, and other kinds of property description and measurement to create related maps, charts and reports.

New to Sandhills is an **Associate in Engineering** (AE) degree through the University Studies program. This degree is designed for students who wish to begin at Sandhills, earn an associate degree, transfer to a state-funded university in North Carolina and earn a Bachelor of Science in Engineering. Students who follow the degree progression plan will meet the entrance requirements at all of the North Carolina public Bachelor of Science Engineering programs. Because engineering program admissions are competitive, graduates are not guaranteed admission to an engineering program.



A Brand New Look Coming Soon

Sandhills Community College is in the middle of an exciting endeavor. The college has partnered with a leading ad agency to brand the college. The big reveal will happen within the first few months of the new year.

A to Z Communications from Pittsburgh, PA has branded dozens of colleges and universities and are experts in marketing and advertising for higher education institutions.

A strong and well-managed brand is of utmost importance for the college. The brand promise, a compelling logo and thoughtful messaging will result from months of work and will be part of the reveal.

The college has many positive attributes – we provide high quality education, enjoy deep community engagement, promote a friendly, personal atmosphere, and facilitate it all on one of the states most beautiful campuses. Sandhills is affordable due to the generosity of our community. Additionally, students experience a positive college transfer process. Boiling all this down into the brand is the task set before A to Z Communications.

Completed thus far are several days of community focus groups and an extensive survey of faculty and staff. Presentations of ideas have taken place and finalization of the new brand is underway.

Be on the lookout as we unveil our new brand and subsequent messaging in the near future.

Jobs Abound for OMA Grads

Retired Army Aviator Carroll Dexter can't say enough good things about the Ophthalmic Medical Assistant (OMA) program at Sandhills. The hands-on learning and clinical experience are providing invaluable educational opportunities.

"Our clinical rotations are fantastic for giving us skills, knowledge and real-world practice within the various functions of becoming an OMA," Carroll said. "They also provide a good look at places we could find employment once we graduate. Best of all, most students have jobs waiting on them when they graduate from the places they did their clinical rotations."

The OMA program takes only three semesters to complete. According to program coordinator Alberta Purvis, "Of those who enter their third semester of the program, 100% graduate, 100% become certified and 100% become employed."

Fascination with eyes and vision runs in Carroll's family. Not only is he intrigued and eager to enter the field, his daughter is working on a Ph.D. at the Duke Eye Center research labs.

Carroll highly recommends the OMA program at Sandhills, especially for those coming out of the military and seeking a second career. "Soldiers are taught values like respect and selfless service and these are needed to succeed in this job," he said.

If interested in learning more about the program and employment opportunities, contact Alberta Purvis at (910) 695-3937 or purvisa@sandhills.edu.

Curriculum Programs & Majors at Sandhills

All associate degree program classes are eligible for federal and state financial aid.

We offer general education requirements that allow application to this program at Pitt Community College in Winterville, NC.

Tips for Applying for Financial Aid

The Department of Education (DOE) has simplified the online Free Application for Federal Student Aid (FAFSA) form, but the process *after* submission may be confusing.

The DOE requires that many students complete a process called verification. Not all students are selected; however, those who are must compile and return specific documentation to the SCC Financial Aid Office. Documents may include tax return transcripts, child support information and personal identification.

If documentation required for verification is required from outside agencies such as the IRS, requests may take weeks to process, which can slow down the financial aid process.

Students must submit one FAFSA form for each academic year. Deadlines for the FAFSA form and required documentation submission are set each term: fall semesters—early July, spring semesters—early December, and summer semesters—early May. Check the SCC website, or call the SCC Financial Aid Office for specific dates prior to each semester.

Keys to a Smooth Process

Begin early. *The earlier you begin the application process, the more likely your aid will be processed in a timely manner.*

- **File your federal taxes as early as possible.** *If the IRS has processed the federal tax return before completing the FAFSA, you may be eligible to use the IRS data retrieval tool on the FAFSA. If you are able to link your federal tax return to your FAFSA form through the data retrieval tool, many of the tax questions will be populated. In addition, use of the data retrieval tool may make the verification process, if selected, less complicated.*
- **Allow yourself ample time to request and receive all required additional forms.**

Respond promptly to all requests.

Thoroughly complete all financial aid forms.

Be patient with the process.

Spring Semester Begins on January 11 for Curriculum Classes! Register on January 7.

Curriculum

SPRING SEMESTER CLASSES

On the next few pages you will find a list of the curriculum classes we are offering for spring semester. The semester begins on January 11 and Mini-Mester begins on February 16.

Curriculum classes are open to both non-degree and degree-seeking students. If you are taking classes in order to earn a degree, diploma or certificate, you must be at least 16 years old, have a high school diploma and meet the required prerequisite classes.

If you plan to earn a degree, please apply online and make arrangements to take a placement test. This allows you to begin in the proper level class. You do not need to take the SAT or ACT to attend, but we can use qualifying scores to exempt you from the placement test.

For course times, locations, instructors and prerequisites please refer to the *Course Schedule* at www.sandhills.edu.

GRADUATE SPOTLIGHT

Kim Freigo

Kim Friego earned an Associate in Appled Science in Baking & Pastry Arts and opened her own business in Carthage, Aroma Cafe and Bakery. She graduated magna cum laude and received the Anthony E. "Tony" Parker Memorial Entrepreneurship Award and one from the Bakery and Pastry Program.

"Having my own business is what I have wanted for a long time," says Freigo. "I am very grateful to Sandhills, especially Chef Brunner and the other excellent instructors who taught me, encouraged me, and believed in me.

EVENING ONLINE HYBRID

Many SCC curriculum degrees, diplomas and certificates can be completed during evening hours, through online or hybrid classes or a combination.

DEGREES

Associate of Arts
Business Administration
Networking Technology
Cosmetology

DIPLOMAS

Automotive Technology
Collision Repair and Refinishing
Cosmetology

CERTIFICATES

Basic Law Enforcement Training
Collision Repair and Refinishing
Cosmetology
Web Design
Digital Media
Print Design

Cosmetology Services by SCC Students

Day and Evening Services
Affordable Prices
Walk-in Basis Only

Shampoos • Cuts • Styles
Treatments • Perms • Color
Ethnic Soft Curl
Straighters and Relaxers

Day Services:
Tuesday, Wednesday and Thursdays beginning at 9 AM.
Chemical services must be assigned by 10 AM, all other services by 11 AM

Evening Services:
Wednesday & Thursdays
5-7 PM

The North Carolina Community College System is among the most comprehensive in the nation, with 58 institutions enrolling more than 800,000 students each year.

Sandhills HOKE CENTER

1110 E. Central Avenue • Raeford, NC

Our University Studies Associate in Arts, Criminal Justice Technology and BLET programs can be completed entirely at the Sandhills Hoke Center.

For questions regarding Curriculum/College Credit at the Hoke Center contact Rosa McAllister-McRae at 910-878-5804 or mcallisterr@sandhills.edu

From left to right: Jim Reid, Jeff Robinson, Francis Warren, Bill Scott, Harvey Safrit, Steve Paschal, Helen Apple, Wayne Williams, and Germann Bostic.

Hall of Fame Inducts Third Class

The Sandhills Athletic Hall of Fame inducted its third class on Saturday, November 7 prior to the second game in newly renovated Heins Gymnasium.

Helen Apple served the college faithfully for over 30 years in various roles but remained a key contact and support piece for student athletes, coaches and administrators.

Germann Bostic earned two time All-American status as part of the Flyers first two basketball teams from 2008-2010. He scored 50 and 47 points in games and earned a scholarship to Shaw University. He currently works for the Boys and Girls Club of the Sandhills.

Jeff Robinson led the Spartans to a ninth place national tournament finish in his freshman campaign. He recorded a low score of 63 while at SCC and later won both the Hillandale Memorial and Herald Sun Classic before competing on the mini-tour. He also enjoyed sustained success as a sales professional in the golf business working for the longest period of time for Titleist in Florida.

The first Sandhills basketball team (1965-66) joined the 2012 National Championship squad as teams in the Hall of Fame. Members included: Chris Cain, Herb Hampton, Jim Hogan, Steve Paschal, Jerry Phillips, Harvey Safrit, Bill Scott, Gary Walker, Francis Warren, Terry Williams, Wayne Williams, and Coach Jim Reid.

Front Row: Cheyenne Brown, Kaylee Lopez-Rosario, Haley Hill, Kimberly Ware, Celina West; Back Row: Chandler Adams, Courtney Grant, Tiffany Hicks, Illiyah White-Bennett, Holly Martindale

Flyers Volleyball Reaches New Heights

The 2015 Sandhills volleyball team will be remembered as one of the best Flyers squads in history. The team set records for wins in a season (24), Region X victories (11) and were nationally ranked for the first time in school history. In addition, six players were nationally ranked in the top 25 in various statistics. Sophomore Tiffany Hicks led the way earning Region X Player of the Year honors. She was joined on the All Region Team by fellow sophomore Courtney Grant (1st Team), Kimberly Ware (2nd Team) and Cheyenne Brown (2nd Team). Tiffany became the fifth player in seven years under Coach Alicia Riggan to earn player of the year honors.

Basketball Home Games Schedule

Come cheer on the Flyers in our newly renovated gym!

12/03	Mount Zion	7:00 pm

2/15	Vance-Granville CC	6:00 pm

** Region X Opponent*

Sandhills Community College
ALUMNI ASSOCIATION

Every Brick Has a Story

Next to each other on the Graduate Walk in the center of the Sandhills campus, engraved bricks of two Computer Engineering graduates are placed. The story behind the two people represented by these bricks is as touching as any Nicholas Sparks novel.

A few years after graduating from Pinecrest High School, Billy Barber began attending Sandhills part-time, taking classes during the evening.

When laid off from his job, he began as a full-time student and in 1994 Billy graduated magna cum laude and was awarded the Computer Engineering and the Donna Campbell Math Awards.

Fortunately for the college, Billy accepted a part-time position in the Engineering Department. He later moved to full-time employment in the Information Services Department, where he works to this day. He put even more time and effort into his education and in 2000 Billy graduated Cum Laude from UNC-Pembroke with a bachelor's degree in Computer Science. In 2004 he completed a master's degree in Industrial Technology with a concentration in Digital Communications from East Carolina University.

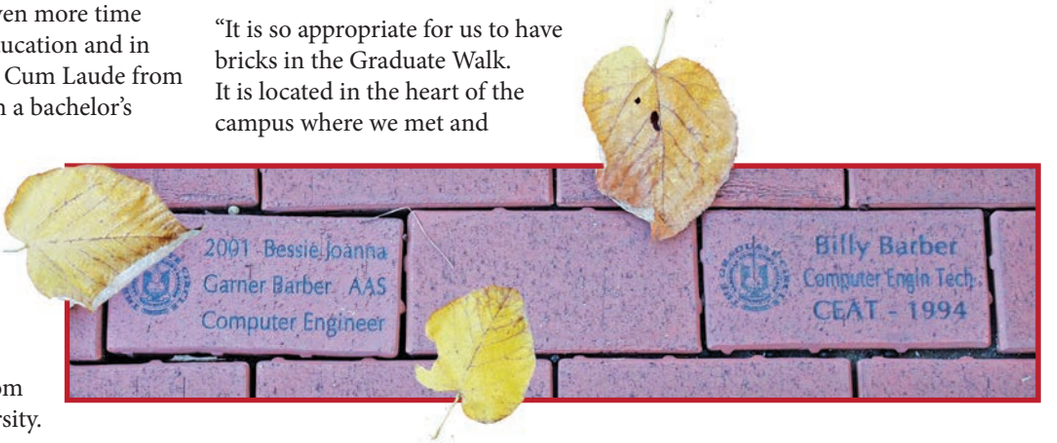
Joanna Garner attended Sandhills and began working in several capacities while a student and after graduating. She assisted in the Generations Program, taught computer classes for displaced workers, helped in the Office of Planning and Research, and worked for several years in the Learning Resource Center where she oversaw evening operations. She loved being able to assist Sandhills' students as well as those from many other colleges and universities who utilized the open computer lab facilities.

Billy and Joanna met at Sandhills and were married in 2002. Both had been single parents and now had a bustling household with three "tween-agers." Years later, they became the happy grandparents of four girls and one boy.

In August of 2014, Joanna had only recently filled out the form to obtain a Graduate Walk brick for herself to be located next to Billy's brick when she suddenly passed away.

"It is so appropriate for us to have bricks in the Graduate Walk. It is located in the heart of the campus where we met and enjoyed the happiest years of our lives," said Billy. "Not a day goes by that I don't think of her and passing by our bricks brings a flood of happy memories."

To join the Alumni Association or purchase a Graduate Walk brick for yourself or a loved one, contact Gayvin Powers at 910-695-3716 or powersg@sandhills.edu.



SANDHILLS COMMUNITY COLLEGE MISSION

To Provide

EDUCATIONAL OPPORTUNITIES

of the highest

Quality

to all the

PEOPLE

of the Sandhills.

Would You Still "Like Ike?"

2016 RETURN TO THE CLASSROOM

A special election year discussion by
John Dempsey, President of Sandhills Community College.

March 2
4 p.m.
Owens Auditorium

PLEASE JOIN US

As the U.S. years for a simpler time, Dr. Dempsey will delve into whether or not Dwight Eisenhower's values stand the test of time.

For more information, contact Jennifer Dail at (910) 695-3712 or dailj@sandhills.edu.
