

General Catalog 2016–2017 begins on the next page.

This page is a placeholder. It represents the blank back of the *Catalog* cover to show how the *Catalog* will appear in the printed version. When the *Catalog* is opened, the blank back of the cover will be on the left, and the first page will be on the right. When the *Catalog* is opened, even-numbered pages will appear on the left and odd-numbered pages on the right.

Tips for Using the Online *General Catalog 2016–2017*:

1. Scroll through the *Catalog* to the “Table of Contents” (PDF page 7 or *Catalog* page 6) and then click any heading in the table to jump directly to that section.
2. Click the Bookmarks icon in Adobe Reader (or the bookmarks tab in earlier versions). The list of major sections of the *Catalog* will appear on the left. Each section can be expanded by clicking the + sign in front of the section name. You can then click on the particular subheading or topic under the heading to jump to that section of the *Catalog*. You can read that section and then use the bookmark to jump to another section. The *Catalog* will always remain open on the right side of the screen. You can expand the viewing size by changing from 34%, for example, to 100% or hide the bookmarks and then open the bookmarks again if you want to jump to another section.

The provisions of this publication are not to be regarded as an irrevocable contract between the student and Sandhills Community College. The College reserves the right to change any provision or requirement at any time within the student's term of residence or to add or withdraw course offerings. Updates to this printed edition that reflect such changes will be available on the Sandhills website at www.sandhills.edu. The official version of the current *Catalog* is the online document. The College further reserves the right, at any time, to request that a student withdraw when such action is considered to be in the best interest of the institution.

WELCOME TO SANDHILLS COMMUNITY COLLEGE

College Telephone Numbers

Administrative offices are open Monday through Friday from 8 a.m. until 5 p.m. During the summer sessions, some offices may have an abbreviated schedule. The summer schedule, the academic calendar, and a telephone directory of faculty and staff are available online at www.sandhills.edu.

Accreditation

Sandhills Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, diplomas, and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Sandhills Community College.

Visitors

Sandhills Community College welcomes visitors to campus and encourages them to explore the gardens, to use the Katharine Boyd Library, and to attend various public college functions. The Campus Map on page 4 provides directions. It is important that visitors respect the educational mission of the College and the necessity for campus safety and tranquility. If disruptive visitors are observed, those noting the behavior are asked to relay that information to the switchboard located in the Dempsey Student Center 910-692-6185 or 800-338-3944. The College reserves the right to ask disruptive visitors to leave the campus.

Non-Discrimination Statement

Sandhills Community College is committed to the elimination of all discrimination in its educational programs, activities, and employment practices on the basis of race, color, national or ethnic origin, ancestry, age, religion or religious creed, disability or handicap, sex or gender, gender identity and/or expression (including a transgender identity), sexual orientation, military or veteran status, genetic information, or any other characteristic protected under applicable federal, state or local law, regulations and orders, including those that promote equal protection and equal opportunity for students, employees, and applicants. More detailed policies and procedures on this topic may be found in the [Policies and Procedures Handbook](#) accessible on our website.

WELCOME

President John R. Dempsey

Welcome to Sandhills Community College. I am thrilled that you have chosen to call Sandhills home for the next two years. Since the college's founding in 1963, Sandhills has been providing high quality education to the people of our community. A lot has changed in the fifty-plus years we've been around, but the core values that started the college are still operative today. Those values are INTEGRITY, HELPFULNESS, EXCELLENCE, RESPECT, and OPPORTUNITY. They guide and inspire the work we do at Sandhills, and we hope they will have a profound influence on your education.

This college catalog has lots of information to help you on your educational journey. We think it will answer most of the questions you will have about the college — and about your program of study. If this book does not answer your questions, or if anything isn't clear, please call your advisor, the nice folks in Student Services, Executive Assistant Heather Lyons (910-695-3701), or me (910-695-3700) for help. Helping students is why we are here.

Again, welcome to Sandhills. I think you've made a really good college choice, and I wish you all the success in the world while you are here. For over fifty years now, we've been taking good care of students and helping them get the education they need to lead productive and fulfilling lives. We hope to do that with you, and we thank you for choosing Sandhills.

A handwritten signature in black ink, which appears to read "John R. Dempsey". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

John R. Dempsey

COLLEGE MISSION AND PROGRAMS

College History

Sandhills Community College was established in December 1963 under authority of the 1963 State Community College Act. Following the leadership of Representative H. Clifton Blue, Moore County citizens petitioned the State Board of Education for approval to establish a community college in the county and voted overwhelmingly for a one million dollar bond issue for construction and a tax levy for operation and maintenance of facilities. Before the end of 1963, a board of trustees had been named, an organizational meeting held, an architect selected, and Dr. Raymond Stone chosen as first President of the College.

In 1964, construction of facilities began on land given for the campus by Mrs. Mary Luman Meyer of Pinehurst. Temporary college offices were located in downtown Southern Pines. Classes began on October 1, 1965, in nine scattered locations.

Following Dr. Stone's retirement in 1989, Dr. John R. Dempsey was selected to serve as President of the College.

The College's main campus in Moore County has expanded significantly since the 1960s. Little Hall, a facility for culinary technology and the engineering and computer programs, and Dempsey Student Center opened in 2006. In addition, Steed Hall, home of the Landscape Gardening program, opened in 2010 to replace its former home, Huette Hall. Logan Hall, a 36,000 square-foot general purpose office and classroom building, opened in 2012. Blue Hall, one of the earlier structures on campus, underwent a major renovation in 2012 and is now the home to Counseling Services, Institutional Effectiveness, Basic Law Enforcement Training, and Health and Fitness Technology classes. The 2012 opening of a new maintenance building allowed the old maintenance facility to become the focal point of Continuing Education trades programs.

The College's presence and capabilities are also growing at the Hoke County Center in Raeford, where a third classroom building opened in fall 2010 to house the SandHoke Early College High School, adding to Johnson and Upchurch Halls, in which Continuing Education and Curriculum classes are provided to Hoke County citizens. Mobile classroom cottages were added in spring 2013 to house an expansion of the SandHoke Early College High School.

Sandhills has been fortunate in attracting a highly competent faculty and staff. Experienced faculty members bring to the classroom a spirit of dedication to teaching and a willingness to advise students in course selection and academic

planning. Professional counselors provide assistance with admissions, counseling, financial aid, and student life.

Mission Statement

The Mission of Sandhills Community College is to provide educational opportunities of the highest quality to all the people of the Sandhills.

What We Believe...

The college is committed to the five core values of INTEGRITY, HELPFULNESS, EXCELLENCE, RESPECT, and OPPORTUNITY. These values guide and direct Sandhills Community College as it seeks:

- To welcome students of all ability levels and to provide programs that prepare them for employment or for transfer (EXCELLENCE);
- To develop student and academic support services that promote student success (HELPFULNESS);
- To provide training for local businesses and to enhance the economic well-being of the region (OPPORTUNITY);
- To contribute to the cultural and artistic richness of the community and to the educational needs of our retired population (INTEGRITY);
- To create a campus environment that celebrates its faculty and staff and supports their personal and professional development (RESPECT).

College Goals

1. **For-Credit Academic Programs**
To educate students for professional and personal opportunities by providing technical and transfer programs.
2. **Support Services**
To provide beneficial student services and academic support programs that help students live better lives through meeting their career, academic, and personal goals.
3. **Access and Opportunity**
To ensure access and opportunity by minimizing barriers to employment and/or to college credit and non credit courses.
4. **Economic Development**
To provide the necessary training to help recruit businesses and to drive entrepreneurial growth in our service area, to promote workplace learning, and to prepare students for employment through credit and non credit courses and programs.
5. **Campus and Community Life**
To provide opportunities for cultural enrichment, life-long learning, student involvement, and community service.
6. **Campus Resources**

To ensure that the college has the necessary financial, human, technological, and physical resources to advance the excellence of its programs.

Sandhills Community College is a comprehensive community college chartered in 1963 and is a member of the North Carolina Community College System. The Sandhills Community College mission statement and supporting goals were revised and approved by the Board of Trustees in October 2011.

Core Values at Sandhills Community College

Integrity

Sandhills treats its students, faculty, and staff fairly and stands behind the commitments that are stated or implied in its policy documents and promotional materials. The College demands academic work that is honest and rigorous and that meets the expectations of employers and baccalaureate-level institutions.

Helpfulness

The faculty and staff of Sandhills are genuinely and eagerly helpful to the College's students and to each other. Going the extra mile is expected behavior at Sandhills.

Excellence

Sandhills provides educational programs of the highest quality and then provides the support necessary to promote student success. Similarly, the College employs faculty and staff who are exceptionally well-qualified to promote educational excellence and, in addition, encourages and supports them in the performance of their jobs.

Respect

The atmosphere of Sandhills Community College is one of respect, friendliness, and civility — values that are taught to students by the way in which faculty and staff interact with them and with each other.

Opportunity

Opportunity is at the core of Sandhills' mission. The College provides educational opportunities to the students who enter through its open doors, opportunities for growth to the area's businesses and lifelong learners, and opportunities for professional and personal development to its faculty and staff.

Performance Measures and Standards, 2015-2016

North Carolina Community College System

The most recent data are from the North Carolina Community College System from May 2016.

Student Success Rate in College-Level English Courses

- Percentage of first-time Associate Degree-seeking and transfer pathway students passing a credit-bearing English course with a “C” or better within their first two academic years.
- Data Source: CRPFAR student record report
- System Mean: 48.4% SCC Performance: 45.1%

Student Success Rate in College-Level Math Courses

- Percentage of first-time Associate Degree-seeking and transfer pathway students passing a credit-bearing mat course with a “C” or better within their first two academic years.
- Data Source: CRPFAR student record report
- System Mean: 28.1% SCC Performance: 22.5%

First Year Progression

- Percentage of first-time fall credential-seeking students attempting at least twelve hours within their first academic year who successfully complete (“C” or better) at least twelve of those hours.
- Data Source: CRPFAR student record report
- System Mean: 67.6% SCC Performance: 64.7 %

Licensure and Certification Passing Rate

- Aggregate institutional passing rate of first time test-takers on licensure and certification exams. Exams included in this measure are state mandated exams for which candidates must pass before becoming active practitioners.
- Data Source: Licensing agencies
- System Mean: 84.4% SCC Performance: 92.1%

College Transfer Performance

- Percent of overall GPA of 2.0+ after two consecutive semesters within an academic year at NC four-year institution.
- Data Source: UNC-General Administration
- System Mean: 82.4% SCC Performance: 79.4%

Curriculum Completion

- Percentage of first-time fall credential-seeking students who graduate, transfer, or are still enrolled with 36 hours after six years.
- Data Source: CRPFAR student record report and National Student Clearinghouse
- System Mean: 43.3% SCC Performance: 47.0%

Basic Skills Students Progress

- Percentage of students who progress as defined by an educational functioning level.
- Data Source: LEIS
- System Mean: 55.7% SCC Performance: 38.1%

Campus Services

Bookstore

Students can purchase textbooks, school supplies, sportswear, and other accessories at the college bookstore located in the Dempsey Student Center. Students may also locate course textbook selection and ISBN information online at sandhills.bncollege.com. Bookstore hours of operation are posted online at sandhills.bncollege.com and posted in the Dempsey Center. During the add/drop period, the bookstore will keep hours comparable to those of day and evening registration.

Cafeteria

The Sandhills cafeteria, located in the Dempsey Student Center, offers a quality assortment of reasonably priced breakfast and lunch items for students, employees, and visitors. Food sales are supplemented by vending machine selections. For special college events, the cafeteria provides professional catering services.

Disability Services

The College strives to provide an equal educational opportunity to all applicants and encourages students with disabilities to enroll. The College makes every effort to comply with the Americans with Disabilities Act, and reasonable accommodations will be made for all who demonstrate a documented legitimate need. The campus is largely barrier-free and accessible. Faculty and staff are available to assist where feasible. Students in need of special assistance should contact the Office of Disability Services in Logan Hall at their earliest convenience to obtain an information packet, which outlines the process for getting the required documentation. The “Compliance” section of this *Catalog* provides more information.

SCC Website

Interested parties may visit the Sandhills Community College website at www.sandhills.edu for a wide range of information about the college and its services. Visitors to the website will find class schedules, admissions and

registration information for both college credit and continuing education classes, and information pages for academic and extension departments and programs. The SCC homepage also provides links to information about student resources and library services. A calendar of upcoming events and new articles related to the college are also accessible from the site.

The MySCC page is designed specifically to be the information portal for students and acts as the central location for valuable resources. To support that role it contains the links for students to log into their online courses, email and WebAdvisor. In addition, students can access other material that will allow them to plan and be successful in their academic courses. Current students should access this page often for time-sensitive college announcements.

Student Printing

As part of student technology fees, students are allotted \$10 toward printing on campus each semester. To print using a campus printer, students will enter their username and password and select the account they will use for the print job. If the student exhausts their allotment of copies, he/she will have the option of adding money to their account either using a credit card online or through cash kiosks located in various locations on campus. Black and white copies are \$0.05 each and color copies are \$0.15 each.

Technology fee funds expire at the end of each semester. There will be no refund/carryover of unused technology fee funds. Money added by the student to their printing account will carryover from semester to semester as long as a break in enrollment does not exceed two years.

Instructional Programs and Delivery

College credit and non-credit classes and programs are offered for citizens with varied educational needs and backgrounds using traditional (classroom) settings and non-traditional (ITV, hybrid and distance learning) instructional methods. Courses are taught day and evening throughout the year on and off the main campus.

Credit Programs

University Studies Program

Courses that lead to the Associate in Arts, Associate in Engineering, Associate in Fine Arts, and Associate in Science degrees are offered at the freshmen and sophomore levels. Credits earned in college transfer courses may be transferred to senior colleges and universities where students may pursue a program of study leading to a baccalaureate degree. Advisors assist students

in selecting courses that will be appropriate for baccalaureate degree programs at senior institutions.

Applied Science Programs

Two-year programs are offered leading to the Associate in Applied Science degree. These programs are comprised of specialized and related courses required for successful employment in business, industry, health, horticulture, and service occupations.

Diploma Programs

One-year diploma programs are offered, leading to employment in health, business, industry, and service occupations. These programs include occupational specialty and related courses selected to give students the knowledge and skills needed for successful employment.

Certificate Options

Several of the occupational education programs have a certificate option that includes specialized courses but omits related and general education courses. Students who complete these programs are awarded a program certificate. Students not seeking a college degree, diploma, or certificate may enroll in selected occupational courses as long as the specific course prerequisites are met.

General Education Program

The College offers a non-transferable general education degree for students who want a more flexible two-year college degree. General education students are assisted in the selection of courses that will meet their own special needs and are awarded the Associate in General Education degree upon completion of the program requirements.

Developmental Education

Students whose placement test scores reveal a need to strengthen English, mathematics, reading, or study skills should enter developmental/pre-curriculum courses. These offerings are designed to prepare students for entrance into and success in curriculum programs.

Students who need more than one developmental course may wish to visit the Kelly Tutoring Center in Logan Hall to register for a tutor for academic support.

Special Credit Courses

The College encourages the enrollment of students who are not seeking a degree but wish to further their education by taking courses of special interest. Courses may be audited or taken for college credit. Students will qualify for special credit status only during the first 16 credit hours of course work. To enroll in additional course work, students must reapply to the college, declare a major, and meet enrollment requirements.

Continuing Education Programs (Non-Credit)

The Continuing Education Division offers a wide variety of courses designed to meet the needs and interests of the citizens of Moore and Hoke Counties. Through the Continuing Education Division, students may acquire basic academic skills and general knowledge, train or retrain for employment, and develop socially, culturally, and intellectually. Courses are offered on and off campus to meet the expressed needs of adults who wish to continue their education. The Continuing Education Division will award Continuing Education Units (CEUs) for appropriate programs and courses. A complete listing of the general programs offered begins in the “Continuing Education” section of this *Catalog*.

Instructional Delivery

In addition to offering traditional classroom instruction, the College also offers classes in non-traditional formats and at non-traditional times.

The College currently requires no additional fees related to verification of student identification in online courses. The student’s identification is verified through the LDAP Authentication system. Students enrolled in online and hybrid classes establish their identification in this system when they activate usernames and passwords at the start of their SCC experience. Additional information related to online student support and procedures is found in the *Online Education at SCC* guide that is available on the MySCC page of the Sandhills website at MySCC.sandhills.edu.

Hybrid Courses

Hybrid courses combine Internet and traditional classroom instruction. A designated portion of the class is delivered in a traditional classroom format, and the remaining portion is delivered in the online environment. The predetermined portions will vary according to the needs of the particular class, program, or instructor. Hybrid courses are advertised in the class schedules and are designated with an H in the section number. Students enrolled in these classes must follow the regular admissions and registration process, pay regular tuition and fees, and meet all course prerequisites.

Online Courses

Distance learning courses are delivered via the Internet using a learning management system (Moodle). Most online courses are asynchronous, meaning that students are not required to be online at a specific time to take part in course activities and most of the communication among students and instructors does not take place in real time. Although there are no specific access times, all online courses have a specific schedule of assignments with due dates. To establish enrollment, students must log into the course and submit the orientation assignment by the deadline designated by the instructor. Students are required to log into the course several times a week for the duration of the semester, and they must also meet course deadlines specified by the instructor, as would be the case in a traditional campus course. Online courses are identified in the class schedules by an N in the section number. Students enrolled in these classes must follow the regular admissions and registration process, pay regular tuition and fees, and meet all course prerequisites. As noted earlier, information related to online student support and procedures is found in the *Online Education at SCC* guide available on the MySCC page of the website at MySCC.sandhills.edu.

NC Information Highway Course Delivery

In some instances, the College can deliver select courses through the information highway. Companion classrooms at the main campus and off-campus sites allow proctored instructional delivery from an origin classroom to remote sites to allow broader student access to course offerings. The Microelectronic Center of North Carolina (MCNC) supports this course delivery.

Interactive Television System Courses

Interactive Television System, or ITV, is an instructional delivery format that allows an interactive environment where the instructor provides instruction to students at the Pinehurst campus and the Hoke Center simultaneously by transmitting video and audio via a special television system. The instructor can see and communicate live with students in both locations, and students in both locations can interact in real time as well. ITV courses are designated with a V in the section number. Students enrolled in these classes must follow the regular admissions and registration process, pay regular tuition and fees, and meet all course prerequisites.

COLLEGE ADMISSION AND REGISTRATION

Admission to the General College

Sandhills Community College maintains an open-door admission policy for high school graduates and others 16 or older who hold a high school equivalency or an adult high school diploma. Additionally, those who are at least 18 years of age but who do not have a high school diploma or equivalency may be accepted for admissions to an adult basic education or adult secondary education program; students may also enroll in continuing education classes or as a special, non-degree-seeking student. Admission to the College does not guarantee placement into a specific program of study.

Sandhills Community College reserves the right to deny admission or readmission to students whose presence on campus is construed by the administration as harmful or potentially harmful to Sandhills Community College students, faculty, and/or staff. Students admitted to the College must adhere to the Student Code of Conduct, which prohibits conduct that significantly impairs the welfare or the educational opportunities of others in the college community.

Exceptions to the admissions policy, including the U.S. Department of Education Ability to Benefit provision, may be determined after a conference with the Dean of Student Services.

Admission to Continuing Education

Detailed information regarding enrollment into Continuing Education programs and courses is available in the “Continuing Education” section of this *Catalog*.

Admission to Curriculum Education

Non-Degree-Seeking Student (Special and Visiting Students)

Admission as a Special or Visiting Student requires the following:

- Submission of a completed official admissions application form.
- Submission of documentation supporting that any applicable course prerequisites have been met or completion of the college placement test with applicable satisfactory score(s).

Special students may register for courses if course prerequisites are met and if space exists in the class. Further admission information concerning special and visiting students is available below in the “Student Classifications – Guidelines for Admission” section.

Degree-Seeking Student

Admission to associate's degree, diploma, and certain certificate programs requires the following:

- Submission of a completed official admissions application form.
- Submission of an official high school transcript indicating graduation with a diploma, a high school equivalency certificate (HSE), or an adult high school diploma.
- Submission of official college transcripts from all previously attended institutions.
- Completion of the college placement test (test and exemption details available in the "Placement Testing" section below).

It is the responsibility of the student to make certain the required documents are sent; however, the Student Services Division will provide guidance with admissions and placement testing.

Further admission information concerning specific student populations is available in the "Student Classifications – Guidelines for Admission" section.

Placement Testing

Placement testing is required for students who plan to enter an instructional program; special students who enroll in English, mathematics, or other restricted courses; and high school students taking college courses. The placement test assesses academic abilities in the areas of reading, writing, and mathematics. Placement test results are valid for five (5) years and are used by academic advisors to place students in the courses that are appropriate to their academic needs.

Placement testing is conducted through the Student Success Center Testing Lab in Stone Hall 219. Students requiring placement testing will be issued a testing ticket upon admission to the college. Students may be exempt from the placement test through Multiple Measures.

- Unweighted GPA of ≥ 2.6 and four qualifying math classes reflected on your high school transcript, graduation date must be within five years of the start term at SCC;
- ACCUPLACER, ASSET, COMPASS scores completed at another school within the last 5 years;
- College credits in English and mathematics awarded as transfer credit;
- Qualifying SAT or ACT scores completed within the last 5 years.

Students who do not achieve college level test scores may be advised to enroll in developmental courses to prepare them for future program placement. Students who do not make a satisfactory score on the placement test may be allowed to retest. **Please note:** In some instances, students may challenge a course by passing a departmental exam and earning Credit by Exam (CE). Such requests must be made through the appropriate department chair.

One Stop Shop

Upon completion of the placement test, students will have the option of meeting with a pre-advisor to discuss their placement results. Students will also be informed of their faculty advisor assignment for future course planning and curriculum guidance. During most times of the year, advisors will assist with first-semester registration immediately after testing.

Program Placement

Students who desire to enter a specific instructional program and who meet the testing and placement criteria will be placed in the program of their choice as long as vacancies exist. Placement of qualified candidates into the programs will be made according to the published program admission requirements, which may include the date by which the candidates successfully meet testing and placement criteria and the date by which all required records are received by the college. Program placement requirements and special program requirements are outlined on program sheets that can be obtained online through the Programs link located on the SCC homepage.

Student Classifications – Guidelines for Admission

New Students

New students enrolling in curriculum classes must meet the admissions requirements outlined above.

Readmitted Students

A student will maintain an active application status provided a break in enrollment does not equal or exceed two years. Students returning after an absence of two or more academic years and those students who applied but never attended must be readmitted following this procedure:

- Complete an application for readmission.
- Submit transcripts from all regionally accredited colleges or universities attended since applying to or attending Sandhills.
- Meet the admission and graduation requirements of the *Catalog* in effect at the time of readmission.

Students who have not attended Sandhills Community College in at least five years may be required to re-submit an official high school transcript indicating graduation with a diploma, a high school equivalency certificate (HSE), or an adult high school diploma, as well as transcripts from all regionally accredited colleges or universities previously attended. Re-admitting students may also be required to complete placement testing. The Admissions Office will make this determination.

In addition, students changing from Special Student status to Degree Seeking must submit a new admissions application and submit any required documents to the Admissions Office to become eligible for readmission.

Foreign Students

Permanent Residents

Applicants must provide current valid documentation from the Citizenship and Immigration Service (CIS) before being admitted and placed under regular admissions policies.

Other Visas

Applicants must provide current valid documentation from the Citizenship and Immigration Service (USCIS) before being admitted — as allowed — and placed under regular admissions policies

F-1 Visas

Applicants seeking an F-1 student visa must provide satisfactory academic records and have a sponsor. Other important factors are graduation from a secondary school that is equivalent to secondary schools in the United States. If EFL (English as Foreign Language) classes are not offered, applicants whose native language is other than English must submit TOEFL (Test of English as a Foreign Language) scores as evidence of ability to use English at a level of competence necessary for college work. (TOEFL test dates and further details may be viewed at www.ets.org.) A minimum score of 520 is required for the paper-based exam and 68 for the Internet-based TOEFL exam (iBT). Exceptions to the college policy may be granted in rare instances. Foreign applicants should contact the Admissions Department at Sandhills Community College for additional information. New international students must report to the Admissions Department in Stone Hall Student Services within 24 hours upon arrival to campus.

Undocumented Immigrants

According to North Carolina and federal legislation, community colleges are responsible for ensuring that a student who is lawfully present in the U.S. will always have priority for a space in a class or program of study over a student who is not lawfully present in the U.S., if there are space limitations. As such, Sandhills Community College follows these admission requirements for undocumented immigrants:

- Colleges should neither enroll undocumented students into a class or program of study for which there are waiting lists, nor should colleges register undocumented students for classes until the conclusion of the last published registration period.
- Colleges shall admit an undocumented immigrant only if he or she attended and graduated from a U.S. public high school, private high school, or home school that operates in compliance with State or local law. Undocumented immigrants with a HSE diploma are not considered to have "graduated from a U.S. public high school, private high school, or home school" and therefore are not eligible to be admitted to a community college. An undocumented immigrant with a diploma from an Adult High School that is located in the U.S. and operates or operated in compliance with State or local law is eligible to be admitted to a community college.
- Undocumented immigrants may not be admitted into a program of study that requires a professional license for admission since federal law prohibits states from granting professional licenses to undocumented immigrants.
- Undocumented immigrants will be charged out-of-state tuition whether or not they reside in North Carolina.

Foreign College Transcripts

Foreign college transcripts must be translated into English with a comprehensive course-by-course report before the Office of Records and Registration at Sandhills will evaluate these documents for potential transfer credits. Currently, World Educational Services, Inc. (WES) is the only company from which Sandhills will accept comprehensive course-by-course foreign college transcript reports.

Students must contact WES directly and instruct them to mail an official report directly to Sandhills. Students also must request a course-by-course evaluation. Document-by-document evaluations will not be accepted by Sandhills for transfer credit. The Office of Records and Registration, 910-695-3739, provides further information.

World Educational Services, Inc.
PO Box 745 Old Chelsea Station

New York, NY 10113-0745
Phone: 212-966-6311
Fax: 212-966-6395
Toll Free: 1-800-937-3895
Application forms: www.wes.org

Transfer Students

Transfer students must meet the same admission criteria as all new students. In addition to submitting all other application materials, transfer students must submit official transcripts of all post-secondary credits previously earned at other accredited institutions. Students will not be allowed to register beyond their first semester unless all required transcripts are received. These official transcripts become a part of the student's permanent record and cannot be sent to other institutions or returned to the student.

Sandhills Community College will consider granting credit for work done at other regionally accredited institutions of higher education. Courses accepted for transfer credit must parallel course offerings at Sandhills Community College as determined by the Director of Records and Registration, the Dean of Instruction, and/or the appropriate Department Chair. The *Higher Education Directory* is used for verification that colleges are accredited. This allows SCC to determine whether to accept transfer credits from that college. Upon review of the approved transfer credits, the Director of Records and Registration enters course information for any transferred classes into Colleague. Transfer credits are indicated by TR in the student record. The Director then files the official transcript from the accredited college in the student's permanent academic file. Courses approved to satisfy the NCCCS Comprehensive Articulation Agreement general education, pre-major or elective course requirement will also be considered for acceptance as transfer credit. Transfer credit may be allowed only for courses in which a student has earned a grade of a "C" or higher. Transfer credit for master's level coursework is not transferrable. Any exception to this policy must be approved by the Dean of Instruction.

A transfer student may be exempt from the placement test if appropriate math and/or English courses have been completed with a grade of "C" or better. The Director of Records and Registration will determine if placement testing is required.

Special Students

Any high school graduate or anyone 18 years of age or older who does not plan to earn a degree, diploma, or certificate but who wishes to enroll in a college credit course may be admitted as a special student. Special students may register for courses if course prerequisites are met and if space exists in

the class. A current SCC student's registration may take precedence over a special student's registration. Exceptions to any of the above statements must be approved by the Dean of Instruction.

Special students will be required to make a satisfactory score on the college placement test or show proof of course completion with a college transcript prior to enrolling in English, mathematics, or other restricted college-level courses. Students who have not met one of these requirements will be allowed to register only for non-restricted courses.

Special students are not eligible to receive financial aid or veterans benefits.

After successfully completing 16 semester hours of course work, a special student should meet with a counselor or with the Student Success Center concerning possible placement into a curriculum. Upon a later decision to pursue a degree, diploma, or certificate at Sandhills Community College, the special student will be asked to fill out another application, submit proof of high school graduation, and meet certain placement criteria.

Visiting Students

A visiting student is a student who is pursuing a degree at another institution but who is taking courses at Sandhills Community College with the intent of transferring credit for those courses to the home institution. A visiting student will be classified as a special student and may register for courses only if course prerequisites are met with supporting documentation and if space exists in the classes. A current SCC student's registration may take precedence over a visiting student's registration. A visiting student must submit an official completed admissions application form and is encouraged to obtain written permission with specific course information from the institution from which graduation is planned.

Home-Schooled Degree-Seeking Students

Students who have graduated from a home school must provide the following documentation for admission:

- Proof that the home school is listed with the NC Division of Non-Public Education. This can be verified by the admissions office at <http://www.ncdnpe.org/homechool.aspx> or a copy of the Certificate of Inspection issued by the State of North Carolina can be provided as verification.
- A final high school transcript, which includes the official school name and the principal's signature. The transcript must also include the graduation date and both the state and home school established minimum scores required on a Nationally Standardized Test.

If the above criteria cannot be met, home school applicants may also elect to take and pass the HSE exam in lieu of a high school diploma.

Career and College Promise

Career and College Promise offers structured opportunities for qualified high school juniors and seniors to enroll in community college courses. These provide pathways that lead to a certificate, diploma, or degree as well as provide entry-level job skills. Academic credits earned through Career and College Promise shall enable students who continue into postsecondary education after graduating from high school to complete a postsecondary credential in less time than would normally be required. Sandhills Community College offers three types of pathways: Career and Technical Education, College Transfer, and Cooperative Innovative High Schools Program.

Career Technical Education Pathway

The Career Technical Education Pathway leads to a certificate or diploma aligned with one or more high school Tech Prep Career Clusters. Additional information on this pathway is available online at the College Programs for High School Students at www.sandhills.edu/programs/high-school.

College Transfer Pathway

The College Transfer Pathway leads to a college transfer certificate requiring the successful completion of 32-35 semester hours of transfer courses, including English and mathematics, for qualified junior and senior high school students. Additional information on this pathway is available online at www.sandhills.edu/programs/high-school.

Cooperative Innovative High Schools Pathway

SandHoke Early College High School (SECHS) represents a partnership between the Hoke County School System and Sandhills Community College to implement a Cooperative Innovative High Schools program. SECHS is designed to introduce students to the college setting in their sophomore year of high school by taking Sandhills Community College courses along with honors-level high school courses. The school offers a five-year program through which students have the opportunity to earn both their high school diploma and an Associate in Arts degree or an Associate in Science degree by successfully completing two years of transferable college credit.

Registration for Curriculum Classes

Registration dates for each semester are listed in the academic calendar located in the front of this Catalog and online at www.sandhills.edu. Admission and

program placement requirements must be met before students may register. Students are not officially registered for classes until tuition and fees have been paid.

Last Day to Register

Academic integrity dictates that the “last day to register” (as noted in the Academic Calendar), generally, is the final opportunity for previously enrolled or new students to register for classes in any given semester.

Residence Status for Tuition Purposes

The basis for determining the appropriate tuition charges is contingent upon whether a student is a resident or a nonresident for tuition purposes. To qualify as a resident for tuition purposes, a person must become a legal resident and remain a legal resident for at least twelve consecutive months immediately prior to classification. Thus, there is a distinction between legal residence and residence for tuition purposes. Furthermore, “twelve months legal residence” means more than simple abode in North Carolina. In particular, it means maintaining a domicile (permanent home of indefinite duration) as opposed to “maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education.” The burden of establishing facts that justify classification of a student as a resident entitled to in-state tuition rates is on the applicant for such classification.

The Admissions Office provides further information at 910-695-3781.

TUITION AND FEES

Tuition

Fall and spring semester tuition for all courses is set by the North Carolina General Assembly and subject to change by its actions. The in-state curriculum tuition rate for the year 2015-2016 for all college credit courses was set at \$76.00 per credit hour up to a maximum of \$1,216.00 for sixteen (16) or more credits during the fall and spring semesters; however, at the time of publication of this document, the State of North Carolina had not set 2016-2017 tuition rates.

Out-of-state tuition for 2015-2016 was set at the rate of \$268.00 per credit hour each semester up to a maximum of \$4,288.00 for sixteen (16) or more credit hours for the fall and spring semesters; however, at the time of publication of this document, the State of North Carolina had not set 2015-2016 tuition rates.

Under North Carolina Community College System guidelines, SCC determines summer tuition based on a tiered classification system. As a result, in-state and out-of-state tuition rates for Tier I courses are determined using state guidelines. Tier I courses **are subject** to tuition waivers; however, Tier II self-supported courses **are not** subject to such waivers. The website link for Scheduled Classes provides a list of designated Tier I and Tier II courses.

Student Activity and Technology Fees

The fee structure at Sandhills Community College is in accordance with policies established by the State Board of Community Colleges and is subject to change without notice. All students enrolled are charged a student activity fee of \$35.00. In addition, a technology fee of \$48 is charged each semester. The student activity fee covers the cost of a parking sticker, an I.D. card, accident insurance coverage, library and audiovisual privileges, activities sponsored by the Student Government Association, a diploma for graduates, intramural and intercollegiate athletics, the use of the college fitness center, and other ancillary student-related college expenditures. The technology fee covers the cost of maintaining the computer labs, providing student printing, and supporting software updates.

Special Program/Course Expenses

Some programs and courses require miscellaneous expenses for supplies, tools, uniforms, equipment, liability insurance, or travel. The schedule of classes or the class instructor for the following programs will provide specific information about such costs:

Programs Requiring Additional Expenses

- Associate in Fine Arts
- Associate Degree Nursing
- Automotive Systems Technology
- Baking and Pastry Arts
- Basic Law Enforcement Training
- Collision Repair & Refinishing
- Cosmetology
- Culinary Technology
- Early Childhood Education
- Emergency Medical Science
- Health and Fitness Science
- Landscape Gardening
- Medical Laboratory Technology
- Nurse Aide
- Ophthalmic Medical Assistant
- Polysomnography
- Radiography
- Respiratory Care
- Surgical Technology
- Therapeutic Massage

Courses Requiring Additional Expenses

- BIO-110, 111, 112, 120, 130, 140A, 163, 165, 166, 175, 275
- CHM-130, 151, 152, 251, 252
- GEL-111 Geology
- HEA-112 First Aid & CPR
- HUM-120 Cultural Studies
- HUM-220 Human Values & Meaning
- PED-163 Kayaking-Basic
- PED-173 Rock Climbing
- PED-181 Snow Skiing-Beginning
- PED-212 Snowboarding-Beginning
- PHY-110A, 151, 152, 251, 252
- PSF-218 Lifestyle Chng & Wellness
- PSY-118 Interpersonal Psychology
- SCI-110 Science
- SPA-161 Cultural Immersion

Students in Health Science and Nursing Programs (excluding Health and Fitness, Nurse Aide, and Therapeutic Massage) will be assigned a \$20 fee for medical record tracking in their first curriculum course. This fee is required for clinical participation in these classes:

TUITION AND FEES

- EMS-121 AEMT Clinical Practicum
- EMS 122 EMS Clinical Practicum I
- MLT-110 Intro to MLT
- NUR-111 Introduction to Health Concepts
- NUR-214 Nursing Transition Concepts
- OPH-150 Intro to Ophth Med Assist
- PSG-110 Intro to Polysomnography
- RAD-110 Rad Intro & Patient Care
- RCP-110 Intro to Respiratory Care
- SUR-110 Intro to Surgical Technology

In addition, students enrolled in courses that take part in personal service or medical-related situations such as clinical or work-based learning experiences will be required to pay a fee of \$18 per year for professional liability insurance.

Criminal Background Check and Drug Screen Testing

It is the procedure of Sandhills Community College Health Sciences and the Nursing Departments to adhere to all policies of clinical agencies with which the College contractually affiliates for student clinical learning experiences. Drug screens and criminal background checks are required by clinical healthcare affiliates in order to attend clinical rotations. Therefore, students admitted to programs with a clinical component are also required to pay for an official criminal background check and drug screen to meet the requirements of the clinical agencies.

Tuition Payments

Students have a number of options when paying tuition:

- They can pay online by accessing their account through WebAdvisor.
- They can make payments in person Monday–Friday during business office hours. Additional payment dates and times are located on or attached to the back of each student’s registration form and are also posted online at www.sandhills.edu.
- A drop box is located on the outside wall of Stone Hall and is available for payment twenty-four (24) hours a day, seven (7) days a week, unless otherwise posted.
- Students can mail payments to SCC, Attn: Business Office, 3395 Airport Road, Pinehurst, NC 28374.

Students should not make out checks in advance as payment is required in full and cash refunds are not given. When making or scheduling payments, students must include fines and fees in the total balance. An unpaid balance on an account can cause a student’s schedule to be cleared of classes.

Students with account balances after the “last payment day” will be dropped from their classes.

Tuition and Fees Waivers for Qualified High School Students and Full-Time College Employees

Qualified students may receive a tuition or fees waiver, which will automatically post upon registration. High school students enrolled through one of the pathways of Career and College Promise will receive a waiver of tuition, activity fees, and technology fees for each fall and/or spring semester, subject to change by action of the North Carolina General Assembly. Full-time employees of Sandhills do not receive a waiver of tuition, but the college may pay for one class (up to 3 credits) each fall and/or spring semester.

Payment Responsibility

Students are responsible to pay for classes from which they do not officially withdraw prior to the first day of classes. If financial aid is removed or the third-party sponsor does not pay due to a student’s lack of attendance, the student is liable for the tuition and/or fee charges. It is important that official withdrawal occur if a student does not plan to attend class so that the class seat is available for other students.

Graduation Fee

Graduating students are expected to participate in commencement exercises. All students participating in commencement exercises should order a cap and gown from the Logan Bookstore. The cost of the cap and gown is approximately \$40.00.

Refund of Tuition and Fees: State Refund Policy

The refund policy is set by the North Carolina General Assembly and is subject to change by its actions. A pre-registered curriculum student who officially drops one or more classes prior to the first day of the semester will be eligible for a one hundred percent (100%) tuition refund. The student activity and technology fee will also be refunded if the student drops all classes prior to the first day of the semester. Thereafter, a refund of seventy-five percent (75%) of only the tuition will be made through the ten percent (10%) date of the semester. Students do not qualify for a refund of fees after the one hundred percent (100%) date. All tuition will be refunded if a class is canceled. The 100% and 75% dates are published on or attached to the back of the schedule form and are posted online at www.sandhills.edu.

Refunds will be processed within four weeks of the 10% date. Students should ensure that their address is correct with the Admissions Office so that they receive their refund check in a timely manner. Payments made by credit card will be refunded directly to the credit card account on file in the Business Office.

Refund Policies for Financial Aid Students Who Withdraw from Courses

North Carolina Policy

If a student receives North Carolina grant aid and drops all of his or her classes, a State refund calculation must be performed to determine how much aid the student has earned. The earned amount is determined by calculating the number of class days prior to the date of withdrawal. The unearned portion must be returned. This may require repayment by the student of all or part of any State money that the student received. The return of State funds required by this policy will be applied in the following order up to the maximum amount of funds disbursed from each program:

1. Education Lottery Scholarship Program (ELS);
2. Institution-Specific State Grants:
 - a. UNC Need-Based Grant (UNC NBG);
 - b. North Carolina Community College Grant; or
 - c. North Carolina Need-Based Scholarship Programs (NBS);
3. North Carolina National Guard Tuition Assistance Program
4. UNC Campus Scholarships;
5. North Carolina School of Science and Mathematics Tuition Grant for UNC;
6. John B. McLendon Scholarship Fund.

Federal Refund Policy

The Federal Refund Policy applies to all students receiving federal financial aid funds, including those who qualify for the state refund policy mentioned above. This policy requires the school to determine the amount of Title IV aid a student has earned. The earned amount is determined by calculating the number of class days prior to the date of withdrawal. The unearned portion must be returned. This may require repayment by the student of all or part of any federal money that the student received.

Refunds will be allocated by law according to the following order:

1. Loans

2. Grants

SANDHILLS COMMUNITY COLLEGE

Federal Unsub Direct loans	Federal Pell Grant
Federal Subsidized Direct loans	FSEOG
Federal Perkins loans	TEACH
Federal Direct PLUS loans	Iraq/Afghan Service Grant

Students may obtain further information regarding these refund policies and refund calculations from the Financial Aid Office located in Stone Hall.

STUDENT RECORDS

The personal records of students are supervised by the Director of Records and Registration. Material contained in students' personal folders, with the exception of confidential letters of recommendation written prior to January 1, 1975, may be reviewed by students upon request to the Director of Records and Registration. In accordance with the Family Rights and Privacy Act of 1974, certain student information categorized as "directory information" may be provided to persons other than the student. Directory information includes the student's name, city & county of residence, photograph, major field of study, participation in officially recognized activities and sports, dates of attendance, grade level, student email address, degrees and awards received, and the most recent educational agency or institution attended by the student. A student who desires that any or all of the above-stated directory information not be released must sign a request in the Office of Records and Registration no later than two (2) weeks after the first day of class each semester. More information related to the privacy of student records can be found in the "Compliance" section of this *Catalog*.

Grades

Grades are available at the end of each semester by viewing your transcript on WebAdvisor. Any errors and omissions must be reported to the Registrar's Office within two (2) weeks of the close of the semester. Please contact the instructor of the class for assistance with this as well.

Grades are provided to other schools, parents, guardians, or others only with the written and signed authorization of the student. This authorization must be given to the Office of Records and Registration.

Graduation Requirements

Upon recommendation of the faculty and the approval of the Director of Records and Registration, degrees, diplomas, and/or certificates will be awarded to students successfully completing the requirements of the program in which they are enrolled.

To be eligible for graduation, all students must do the following:

- Successfully complete course requirements as prescribed in the *Catalog* in effect at the time of entry into the program. If students have an interruption in enrollment from their designated program of study of two or more years, they will be subject to the program requirements prescribed in the *Catalog* in effect upon their re-entry into the program.
- Earn a minimum of a 2.0 grade point average in the required courses of the program of study for which they are applying for graduation. ***With the exception of Emergency Medical Science, all health***

science students must earn a minimum grade of C for all courses with their major prefix (e.g., RCP for Respiratory Therapy students). All nursing students must complete all courses required for graduation with a C or better.

- Successfully complete a minimum of 25 percent of course credit hours of the certificate, diploma, or associate degree requirements at Sandhills Community College, with that 25 percent coming from major and other major hours, and not from general education hours, for the program of study. The Director of Records and Registration verifies completion of 25 percent as part of the graduation application process.
- Fall completers apply for graduation with their faculty advisor by November 3, 2016; Spring/Summer completers apply by February 9, 2017. Graduation applications are available in the Office of Records and Registration or on the SCC website under “Graduation Information.” In order to participate in the May commencement and be considered a 2017 Sandhills Community College graduate, all of the above academic requirements must be met by the end of the summer semester 2017. Those who submit late applications for graduation run the risk of not being included in the commencement program. Honor distinctions for late applicants will not be recognized during commencement.
- Clear all financial obligations to the College.

Students are eligible to graduate with honors if their major GPA is a 3.5 or higher.

Students may apply to graduate with both a certificate and associate degree in the same program for the same academic year if the certificate contains technical electives not specified by course in the degree program.

Students cannot apply to graduate from both the Associate in Science and Associate in Arts degree programs for the same academic year.

Students cannot apply to graduate with the Associate of General Education or the Associate of General Occupational Technology if they are graduating or *have* graduated with another associate’s degree (A.A.S, A.S. or A.A).

Students are required to wear academic regalia during commencement. Regalia (caps and gowns) should be purchased from the Sandhills Community College Logan Bookstore in the Dempsey Student Center.

Transcripts

Transcripts are issued at the request of the student. Sandhills Community College has authorized the National Student Clearinghouse to provide

STUDENT RECORDS

transcript ordering via the web. Orders may be placed 24 hours a day, 7 days a week and transcripts can be sent by electronic exchange, electronic PDF, or mail. Sandhills Community College certifies that an electronic transcript issued by the National Student Clearinghouse is an official college transcript. The acceptability of an electronic transcript will be determined by the recipient in accordance with their policies and procedures.

For those who choose not to use the National Student Clearinghouse, orders may be placed in person in the Office of Records and Registration located in Stone Hall. No official transcript will be issued to or for an enrolled or former student who is indebted to the College.

FINANCIAL AID

Financial assistance at SCC is available for degree-seeking students in qualified programs through grants, scholarships, and/or work-study employment. A student must apply for financial assistance and may be offered a single type of assistance or a combination package depending on the level of need and eligibility requirements. Aid may be provided by or through the college, federal and state agencies, foundations, or corporations. The student or the student's family is considered primarily responsible for paying for educational expenses. Financial assistance from the College and other sources should be considered only as a supplement to the efforts of the student or family. All policies pertaining to financial aid regulations and procedures are available for viewing in the Financial Aid Office. Most financial aid is awarded on a first-come, first-served basis, so students are encouraged to apply for financial aid as early as possible.

Financial Aid Programs

Federal Pell Grant

The Federal Pell Grant Program is the largest federal student financial aid program. Pell grants are awarded to help undergraduates who are in curriculum programs pay for their education after high school. These grant may require repayment if the student does not fully complete the term. A student is eligible to receive the Federal Pell Grant for the equivalent of six (6) years or twelve (12) fulltime semesters of combined enrollment at all institutions; enrollment is not limited to time spent at Sandhills. To apply for a Federal Pell Grant, students need to complete the Free Application for Federal Student Aid (FAFSA). The grant amount is determined by the federal government and awarded based on need. Students must complete the financial aid process prior to their last date of attendance in an academic year.

Federal Supplemental Opportunity Grant

Federal Supplemental Educational Opportunity Grants (FSEOG) are awarded to Federal Pell Grant recipients with exceptional financial need. These grants may require repayment if the student does not fully complete the term. Candidates for this grant are selected from applicants who have completed the FAFSA, and funding is limited.

Federal and Institutional Work-Study Program

The Federal and Institutional College Work-Study (WS) Programs provide jobs for students who need additional financial aid. WS gives students a chance to earn money to pay for their educational expenses and is a great way for students to gain valuable work experience. WS students work an average

of ten (10) hours a week at a rate determined by the institution. Open positions and correlating job descriptions are posted as positions are available.

The student must complete an online WS application found at www.sandhills.edu, and then the WS Coordinator will determine financial eligibility. Placement is based upon job availability and student skills. Students must be enrolled in at least six credit hours to participate in the program. Before beginning work, all participants must review the *Work-Study Handbook* and complete all required employment paperwork. When a student is placed in a position, a supervisor is assigned to monitor the work performed. WS students are required to complete a monthly timesheet and are paid at the end of the following month. Eligible students are placed in WS positions for each academic year based upon available funds.

Student Loans

Sandhills Community College does not participate in the Federal Direct Loan Program. Alternative loans may be available for curriculum students. Please see the Financial Aid Office for more information.

NC Community College Grant

The North Carolina Community College Grant (NCCCG) is awarded to NC residents. These grants may require repayment if the student does not fully complete the term. Eligibility is determined by the State, is limited to six (6) semesters for the individual grant, and is based on the Expected Family Contribution (EFC) calculated in the FAFSA form. Funding for the NCCCG is limited and only available in the fall and spring semesters.

NC Education Lottery Scholarship

The NC Education Lottery Scholarship (NCELS) is awarded to NC residents. These grants may require repayment if the student does not fully complete the term. Eligibility is determined by the State, is limited to ten (10) semesters, and is based on the Expected Family Contribution (EFC) calculated in the FAFSA form. Funding for the NCELS is limited and only available in the fall and spring semesters.

Childcare Grants

Limited childcare subsidies are available to economically disadvantaged students. An application may be obtained online or in the Financial Aid Office. The open application period begins in June, and the process of awarding childcare subsidies starts in July. Applications are received on a continuing basis during the school year, and a waiting list is maintained until the following June. At that time, continuing students receiving subsidies are re-certified. Re-certification is not guaranteed. Students not receiving previous

subsidies may re-apply, and new students may apply. A history of satisfactory academic progress is required, and the student must maintain satisfactory academic progress to continue receiving a childcare subsidy.

Endowed and Donor Scholarships

SCC offers many endowed and donor scholarships. A student completes a single application to apply for all SCC Scholarships. The application must be completed online at www.sandhills.edu beginning in January of each year. Selection of recipients is made by the College during the spring term for scholarship funds to be used for the upcoming school year beginning in the fall.

Other Funds and Outside Scholarships

Other outside scholarships and funds are available to assist students. Some of these include employer-paid tuition, the Workforce Investment Act through the Employment Security Commission, Vocational Rehabilitation, Department of Social Services, and Veterans Administration. Please see the appropriate agency to determine qualification for any of these programs.

Federal Aid Eligibility Requirements

To receive aid, a student must follow these guidelines:

- File a Free Application for Federal Student Aid (FAFSA) application each school year.
- Take only courses that are needed to fulfill graduation requirements.
- Enroll as a degree-seeking student in an eligible program.
- Have an official high school or HSE transcript on file with the Admissions Office.
- Have all college transcripts on file with the Admissions Office.
- Be a U. S. citizen or an eligible non-citizen.
- Demonstrate financial need.
- Make satisfactory academic progress.
- Not be in default on a federally subsidized education loan.
- Not owe a federal refund due to a withdrawal from all courses during a term of enrollment.
- Not have been convicted of a drug-related offense while receiving federal financial aid.

Federal Aid Enrollment Classification

For all semesters of enrollment (fall, spring, summer), full-time credit hours for financial aid is 12 or more credit hours. Financial Aid for students registered for fewer than 12 total credit hours per semester will be prorated as follows:

FINANCIAL AID

- 9 to 11 credit hours = $\frac{3}{4}$ time or 75% of the award
- 6 to 8 credit hours = $\frac{1}{2}$ time or 50% of the award
- Fewer than 6 credit hours = 25% of the award or less — see below

Students who are enrolled for fewer than 6 credit hours per semester may be eligible for only a small amount of Pell Grant, or no Pell Grant at all. Students enrolled for fewer than 6 credit hours are not eligible to receive certain State and Federal grants. NC Community College Grant (NCCCG) and NC Education Lottery Grant (NCELS) are not awarded to students who are less than half-time credit hours. NCELS is awarded on a full- or half-time amount only. NCELS and NCCCG are not funded in the summer terms.

Federal Aid Enrollment Status Determination for Clock Programs

The determination of enrollment status (full, $\frac{3}{4}$, $\frac{1}{2}$, or less) is, by federal regulations, different for the following programs of study:

- Cosmetology Certificate (C55140)
- Cosmetology Diploma (D55140)

The programs are paid based on clock hours, not credit hours. For more information regarding clock hour programs, please see the Financial Aid Office.

Unusual Enrollment History (UEH)

Purpose

In order to prevent fraud and abuse in the Federal Pell Grant Program, the Federal Department of Education (DOE) identifies students with unusual enrollment histories. This policy describes what steps a student must take to resolve questions about his/her enrollment history and how Sandhills Community College (SCC) will handle the review process to determine the student's future eligibility for federal and state financial aid at SCC.

Scope

During the 2015-2016 award year, when the Department of Education identifies a student with an unusual enrollment history with regard to the receipt of Pell Grant funds and/or Federal Direct Loan funds, SCC must examine the student's academic and enrollment records to determine whether there are valid reasons for the unusual enrollment history. The outcome of the review will determine whether the evidence supports the continuation of Title IV, HEA program assistance eligibility for the student (which includes but is

not limited to the Pell Grant, Federal Work Study, the Federal Supplemental Educational Opportunity Grant, as well as all state grants). SCC may also review the enrollment history of a student not identified by DOE as having an unusual enrollment history if it believes the student's prior academic history warrants such a review.

Unusual Enrollment History Comment Codes

After a student submits a FAFSA (or makes a change to his/her FAFSA) or the Department of Education generates an update that reflects a change in student eligibility, the student receives a Student Aid Report (SAR). If the SAR shows a Comment Code 359 or 360, SCC must review the student's academic and enrollment records to determine if additional information must be collected about the student's prior enrollment. A student selected by SCC for UEH review will be treated as though DOE had assigned Comment Code 360. Examples of unusual enrollment histories that must be reviewed are when a student received Pell Grant and/or Federal Direct Loan funds at three institutions over two award years or at three or more institutions in one award year. Any federal or state aid that has already been awarded for the current award year will be placed on hold pending the outcome of the student's review by the Financial Aid Office. If a student is deemed ineligible, all funds will be sent back to the government, and the student will owe SCC for all semester costs.

Resolving Unusual Enrollment Histories

SCC Financial Aid must review a student identified as having an unusual enrollment history when he or she has indicated intent to enroll at SCC using financial aid. The student must complete an **Unusual Enrollment History Form** from SCC Financial Aid and provide copies of academic transcripts to the Financial Aid Office for *each* institution attended (other than SCC) *where the Pell Grant and/or Federal Direct Loan funds were received* during the review period which includes the four award years prior to the current award year. A student may view his/her Pell Grant and/or Federal Direct Loan history by going to www.nsls.ed.gov and logging in using his/her Federal Student Aid PIN. Official academic transcripts for all other institutions attended during the review period must be sent to the SCC Admissions Department (if not already on file) *before* the student's record can be reviewed by SCC Financial Aid. Students may obtain copies of the official transcripts already on file with SCC by completing a **Request for Unofficial Copy of Other College Transcripts Form** available from SCC Admissions or Registrar. During the review, SCC Financial Aid will use information from the National Student Loan Data System (NSLDS) to identify/verify the institutions where the student received Pell Grant and/or Federal Direct Loan funding over the past four award years.

SAR Comment Code 359

The institution must review the student's enrollment and financial aid records to determine if, during the four award years prior to the current award year, the student received a Pell Grant at SCC that is performing the review. (Federal Direct Loans are not included in this section because SCC has not participate in the Federal Direct Loan Program during the review period.)

- If the student received the Pell Grant at SCC during the review period, SCC will look to see if the student successfully completed any credits and, if the student dropped or withdrew from classes, the last date of attendance. No additional action is required unless SCC has reason to believe that the student is one who remains enrolled just long enough to collect student aid funds. In this case, SCC must follow the guidance that is provided below for Comment Code 360.
- If the student did not receive the Pell Grant at SCC during the review period, SCC must follow the guidance provided below for Comment Code 360.

SAR Comment Code 360

SCC must review the student's academic records to determine if the student received academic credit at the institutions the student attended during the four award years prior to the current award year. Based upon the academic transcripts provided by the student, SCC must determine, for each of the previously attended institutions, whether academic credit was earned during the award year in which the student received Pell Grant and/or Federal Direct Loan funds. Academic credit is considered to have been earned if the academic records show that the student completed any credit hours or clock hours, or if a grade was earned for any remedial classes.

- **Academic Credit Earned:** If SCC determines that the student earned any academic credit at *each* of the previously attended institutions during the relevant award years, no further action is required unless SCC has other reasons to believe that the student is one who enrolls just to receive the credit balance. In such instances, SCC must require the student to provide additional information as discussed below under "Academic Credit Not Earned." If it is determined that academic credit was not earned at one or more of the previously attended institutions, SCC must follow the "Academic Credit Not Earned" guidance below.
- **Academic Credit Not Earned:** If the student did not earn academic credit at a previously attended institution and, if applicable, at the institution performing the review, SCC must obtain documentation from the student explaining why the student failed to earn academic credit.
 - **Documentation Required:** The student must have completed an **Unusual Enrollment History Form** from

SCC Financial Aid to explain the failure to earn academic credit. Personal reasons may include illness, family emergency, a change where the student is living, and military obligations. Academic reasons may include unexpected academic challenges or that the academic program did not meet the student's needs. Whatever the reason, the student must, to the extent possible, submit third party documentation to support his/her claims. *SCC may be unable to approve a claim that is submitted without supporting documentation.*

SCC UEH Review Process

The SCC Financial Aid administrator will determine whether the circumstances of the failure of the student to receive academic credit, as evidenced by the student's academic records and other documentation, support the continuation of Title IV, HEA program assistance eligibility. Specifically, the institution must determine whether the documentation supports (1) the reasons given by the student for the student's failure to earn academic credit; and (2) that the student did not enroll only to receive credit balance funds. The Financial Aid administrator will review the student's documentation, and the student will be informed of the decision in writing.

Denial of Continued Eligibility

If a student did not earn academic credit at one or more of the relevant institutions and does not provide, to the Financial Aid administrator's satisfaction, an acceptable explanation and documentation for each of those failures, SCC must deny the student any additional Title IV, HEA program assistance and any state grants. If a student disagrees with the determination by the Financial Aid administrator, he or she may appeal the decision to the Vice President of Student Services. This appeal must be submitted in writing within five (5) business days from the date of the letter from the Financial Aid administrator. The decision of the Vice President of Student Services is final and is not appealable to the Department of Education.

Regaining Aid Eligibility

If SCC denies a student continued Title IV, HEA program assistance under the circumstances described above, the student who attends Sandhills Community College (without federal or state financial aid) may regain financial aid eligibility upon successful completion of academic credit and his/her subsequent written request to the Financial Aid Office for renewal of Title IV, HEA program eligibility. Once approved, the student would regain eligibility for the Pell Grant, campus-based aid programs, and state grants beginning with the payment period in which the student met the eligibility requirements.

Veterans Benefits, Programs, and Guidelines

Veterans Affairs

Sandhills Community College education programs are approved by the North Carolina State Approving Agency for the enrollment of persons eligible for education assistance benefits from the U.S. Department of Veterans Affairs (VA). Those entitled to VA benefits are eligible veterans, participants in the Montgomery G.I. Bill contributory program, active duty military in voluntary education programs, drilling National Guard, drilling Reservists, and spouses and children of disabled or deceased veterans. The VA certifying official in the Financial Aid Office provides information and assistance to students applying for VA education benefits. Following is a general description of the veteran benefit programs available at SCC. Please see the VA certifying official regarding any specific questions regarding these programs.

Sandhills Community College is a member of the Service Members Opportunity Colleges (SMOC), a participant in the Concurrent Admissions Program (ConAP), and a Principles of Excellence educational institution.

Montgomery GI Bill (MGIB)

The MGIB program provides up to 36 months of education benefits. This benefit may be used for approved degree and certificate programs at SCC. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Generally, benefits are payable for 10 years following an individual's release from active duty. This program is also commonly known as Chapter 30.

Montgomery GI Bill-Selected Reserve (MGIB-SR)

The MGIB-SR program may be available to a student if he/she is a member of the Selected Reserve. The Selected Reserve includes the Army Reserve, Navy Reserve, Air Force Reserve, Marine Corps Reserve and Coast Guard Reserve, and the Army National Guard and the Air National Guard. This benefit may be used for approved degree and certificate programs here at SCC. Remedial, deficiency, and refresher courses may be approved under certain circumstances.

Post-9/11 GI Bill

The Post-9/11 GI Bill provides up to 36 months of education benefit. This benefit is for eligible individuals who served on active duty after 09/10/01. This benefit may be used for approved degree and certificate programs at SCC. Remedial, deficiency, and refresher courses may be approved under certain circumstances. Generally, benefits are payable for 15 years following an individual's eligibility date. There is a transferability component for eligible

individuals to transfer this benefit to spouse or dependents. This program is known as Chapter 33.

Reserve Education Assistance Program (REAP)

REAP supports a member of a reserve component who served on active duty for a contingency operation after September 11, 2001, and who served at least 90 or more consecutive days. Benefits are paid at a percentage of the Chapter 30 pay rate based on the time served and the rate during the year the educational training occurred. More information on the application process and rates of pay for REAP can be obtained from the VA certifying official or www.gibill.va.gov.

Survivors' and Dependents' Educational Assistance Program (DEA)

DEA provides education and training opportunities to eligible dependents of veterans who are permanently and totally disabled due to a service-related condition or who died while on active duty or as a result of a service-related condition. The program offers up to 45 months of education benefits. These benefits may be used for approved degree and certificate programs at SCC. Remedial, deficiency, and refresher courses may be approved under certain circumstances.

VA Work-Study Program

Work-study is available on a limited basis to students receiving VA education benefits and attending school at least three-quarter time. An individual working under this program may work at the college's VA office or at approved state employment offices. Work-study is paid at the minimum wage rate, and students can work up to 25 hours a week.

NC National Guard Tuition Assistance Program (TAP)

TAP is available to any student who is a member of the North Carolina National Guard and pays tuition/fees. Students who wish to apply for the benefits must do so through the website www.goarmyed.com.

The Yellow Ribbon Program

The Yellow Ribbon Program offers tuition assistance to Chapter 33 veterans whose out-of-state tuition costs are not fully covered by their benefits and their maximum benefit payable is 100%. It is a federal program funded by both the Department of Veterans Affairs and Sandhills Community College. The program is administered on a first-come, first-served basis each academic year. For questions regarding the program, please visit the Financial Aid Office.

VA General Eligibility Requirements

To be eligible for educational benefits, the student must be enrolled in an approved curriculum, taking only those courses required for graduation in the chosen curriculum. Students must make and maintain academic progress in their program of study in order for their benefits to be continuously certified.

The VA will not pay for enrollment in the following: (1) course audits, (2) repeated courses previously passed, (3) credit by examination, (4) courses not required in chosen curriculum, (5) continuing education classes, and (6) dropped or withdrawn classes.

VA Documentation

VA regulations governing institution-approved training of veterans and/or dependents of veterans require that certain documents be on file prior to certification of enrollment. Certification will not be made until the VA certifying official receives all documentation. It takes 60-90 days from the date of certification for benefits to start. Required documentation is as follows:

1. Application for admission with all required documentation;
2. Proper Application for VA benefits (form 22-1990, 22-5490, or 28-1990) and all required supporting documentation, including but not limited to the following items:
 - (a) Copy of Page 4 of the DD-214 or National Guard form DD-2384 "NOBE" signed by the Unit Commander;
 - (b) Copy of marriage certificate (if applicable);
 - (c) Copy of divorce decree (if applicable);
 - (d) Dependent children's birth certificates (if applicable);
3. Official high school transcript or HSE scores and all academic transcripts from each college previously attended.

If VA benefits have been received for prior training, the student must submit form 22-1995, Change of Program or Place of Training.

All veterans and dependents of veterans are required to submit a copy of their class schedule to the VA certifying official each semester. A student will not be certified for benefits until this schedule is submitted.

Students receiving VA benefits must notify the VA certifying official of any changes in class load, attendance, or enrollment status within three days of the change. Failure to notify the VA certifying official of these changes may result in termination of benefits and certification of future benefits at the end of the subsequent term upon receipt of the student's official grade report.

STUDENT SERVICES

Campus Health and Safety

Sandhills Community College is committed to maintaining a safe, healthy, and positive work and learning environment. Toward that end, in a good faith effort to ensure the safety and welfare of all the campus community, the college has adopted codes, statements, and policies that are detailed in the college's *Catalog* and the *Policy and Procedures Manual*, as well as being posted online at www.sandhills.edu.

Campus Health and Safety Awareness Activities

Guest speakers, hosted by Student Services, provide workshops on such topics as alcohol/substance abuse, campus security, crime and crime prevention, stress management, financial awareness and credit management, and safety issues. Referrals are made, as needed, to local agencies such as hospitals, mental health centers, social services, Friend-to-Friend, private counselors, and self-help groups. Literature on many health and safety issues is provided in the Dempsey Student Center and in the Counseling Center in Stone Hall. Every other year, the Safety and Environmental Committee hosts a health fair for faculty, staff, students, and community.

Communicable Disease

Any individual who knows or has a reasonable basis for believing that he or she is infected with a communicable disease (including but not limited to chickenpox, hepatitis, measles, Acquired Immune Deficiency Syndrome [AIDS], meningitis, mononucleosis, and whooping cough) has an obligation to protect himself or herself and others from the ramifications of the disease. Specifically, such individuals should report this information to the appropriate person (see below). Every effort will be made to try to keep the matter confidential. Only persons with a need to know will be informed and only with prior direct knowledge of the individual who is or believes he or she may be infected.

Curriculum students should report a communicable disease condition to the Dean of Student Services, who will contact the Vice President of Student Services. Continuing Education students should report such conditions to the Vice President for Continuing Education and Workforce Development. The Director of Moore County Health Department will be immediately notified. At the Hoke Center, communicable disease conditions should be reported to the Dean of the Hoke Center who will then report them to the Vice President of Student Services and to the Hoke County Health Department.

The appropriate Vice President will take appropriate steps to ensure the medical safety of the student and the college community; if deemed necessary for the good of all, the student may be asked to remove himself or herself from the campus until a necessary evaluation of the condition is completed and the President of the College issues a final ruling concerning the enrollment status of the student.

This policy is one part of the College's on-going attempt to promote awareness, education, and counseling on communicable diseases. More information is available in the "Compliance" section of this *Catalog*.

Student Accident Insurance

Each year, the Student Government Association (SGA) purchases a student accident insurance plan, an excess policy that may cover medical expenses of students caused by accidental bodily injury during college-related academic and social activities. The provisions governing this policy are contained in the master policy issued to the school and may be viewed during the school's office hours. A brief description of the policy, which varies from year to year, will be available through the Office of Student Services at the beginning of each academic year. Students may obtain a brochure or file a claim with the Administrative Assistant to the Executive Vice President in Stone Hall, 105A, 695-3702.

Counseling and Career Services

Personal Counseling

Licensed professional counselors are available to assist all enrolled students with concerns or difficulties they may experience while attending college, such as developmental or personal issues, mental health concerns, and career choices. Counseling sessions normally are scheduled by appointment and may last up to forty-five (45) minutes. These sessions provide opportunities for students to explore their issues with a counselor, share concerns about college life, and gain important tools to create success in an academic environment. Sandhills Community College does not charge students a fee for counseling sessions or for assessments used in providing counseling services. For students who choose to seek professional counseling services from off-campus providers, our counselors can assist these students with appropriate referrals. The Counseling Center's offices are located on the Pinehurst campus at 228-229 Stone Hall and at the Hoke Center at 112 Johnson Hall. For additional information or to schedule an appointment, students may call 910-695-3968 (Pinehurst campus) or 910-875-5804 (Hoke Center).

Career Development & Employment Services

The Career Development professionals provide services that prepare college graduates for a successful transition in the following areas: oral/written communication skills, professionalism/work ethic, resume writing, interviewing skills, and career management. The Career Resource Library also houses career-related materials to further assist students with gaining these skills.

Student employment services are available for current and prospective students, as well as alumni. Services and resources include career assessments, job searching strategies, career counseling, student engagement, career workshops, business referrals, networking, and an online job search link. Our online job search link provides access to current job market information.

Guidance related to any of the above services is available in the Career Development Center located in Blue Hall, Room 103.

Job Fairs

The SCC Career Center hosts a fall and spring job fair every year on campus. Job Fairs provide students with networking and job opportunities with local and regional employers. Resources to assist students with preparing for our job fairs are available in the career Development Center located in Blue Hall, Room 103.

Guarantee to Employers

Sandhills Community College guarantees that its graduates are proficient in the areas of knowledge and skill covered by their educational programs. In the event that an employer finds a Sandhills graduate deficient in such an area, the employer should — within 90 days of the graduate's employment — contact the Vice President of Academic Affairs. The Vice President of Academic Affairs will arrange to re-enroll the graduate in up to three (3) courses at the College at no charge to the graduate or the employer. This guarantee applies to graduates of two-year associate in applied science degree programs and one-year diploma programs.

Student Involvement in the Institution

Student Government Association (SGA)

Many student activities at Sandhills Community College are sponsored by the Student Government Association (SGA). Efforts are made to provide students with cultural, social, recreational, and service-oriented activities. Activities

sponsored by the SGA include free food days, the annual Fall Fest and Spring Fling, holiday festivities, coffee and doughnuts during exams, and a variety of other events.

The SGA is always looking for new ideas and new Senators. To become a Senator, students must complete a simple application, maintain at least a 2.0 GPA, contribute at least two hours per week to SGA activities, and possess high motivation. Every student on campus is a member of the SGA, and the SGA acts as the students' voice at SCC. Not only does the SGA sponsor fun events and activities, but it also presents student comments and concerns to the administration and the Board of Trustees. In fact, the SGA President is a trustee of the College.

The SGA office is located upstairs in the Dempsey Student Center.

Student's Role in Institutional Decision-Making

By statutory requirement, the President of the Student Government Association serves ex officio on the Board of Trustees, the governing body of the College. Students are appointed to the following standing committees: Safety and Environmental, Scholarships, and Student Grievance Committee. In these committees, students have opportunities to study and comment on proposed policies and procedures and to rule on appeals related to student disciplinary cases.

Most significantly, the Student Government Association gives students experience in representative government. Officers are elected by the student body. Students interested in serving in the SGA can get information directly from the Sandhills website or the Director of Student Life located in the Dempsey Student Center.

Student Publications

Although the College has no systematic schedule of student publications, the Student Government Association periodically produces an in-house bulletin written by and designed for students.

This bulletin, when it is published, is overseen by the SGA Public Information Officer and the Director of Student Life, with content by members of the SGA and the student body. While it is an informal publication, this bulletin, like all student publications, is expected to observe the guidelines for student publications.

Student Publications Guidelines

Student publications guidelines at Sandhills Community College are expected to represent the student body at its best. The content of such publications must

be in concert with the college Student Code of Conduct. Specifically, all contributors to such publications are bound by the elements of this code:

- Writing that communicates a true threat to an individual or group is prohibited.
- Writing that communicates *harassment* that rises to the level of severe or pervasive is prohibited.
- Writing that involves libelous charges is prohibited.
- Writing that makes use of obscene language and/or expletives is prohibited.

Because this is an educational institution, writing that appears in student created publications is expected to be clear, correct, and well-reasoned. Documents should be well-designed and inviting to the reader.

All materials for student publications must be approved prior to publication by the Director of Student Life. Any disputes about content may be taken to the Vice President of Student Services for resolution in concert with the Director of Student Life, the SGA President, and the student-writer. There is an inherent right to appeal. The appeal shall be in accordance with the Student Grievance Procedure.

Photo and Video Use

Sandhills Community College does not collect photo/video release forms. Instead, the College assumes that faculty, staff, and students are the best resources for marketing the College and welcome student involvement in these activities.

Still or video photo shoots may be informal (candid photos of campus scenes, athletic events, performances, events, or activities) or formal (planned visits to classrooms, headshots or video shoots on campus). All photographic/video images become the property of Sandhills Community College. Marketing and Public Relations staff members add the photos or video footage to the College's library of images (maintained by Marketing & Public Relations), which becomes a resource for the College's online and print publications.

The Marketing and Public Relations Department attempts to inform the campus when far-reaching photography projects are planned (all user e-mail notice to faculty and staff, announcements on campus TV monitors, etc.).

Students participating in a formal photo shoot (*Career Focus* magazine, billboards, schedules, etc.) are giving their permission for their image to be used as the College sees fit. Students may opt out if that is their choice. If a student does not wish to be photographed but fails to identify himself or

herself to the photographer, it will be very difficult to exclude that person from the resulting images.

Concerns about the uses of individual images may be communicated to the Marketing & Public Relations Department, who will try to resolve individual complaints while still meeting the institutional goals of visually representing the College. Expense is sometimes a consideration in the ability to change a photograph; usually an inventory of printed publications must be exhausted before the change can be implemented.

Supervisory Role of the Institution over Student Activities

While Sandhills Community College takes very seriously its commitment to creating an atmosphere that encourages maximum student self-governance and a range of stimulating activities, the College is also mindful of its responsibility to oversee student life in a responsible and proactive fashion. The supervision of student activities is a function of the Division of Student Services. The Vice President of Student Services charges the Director of Student Life to direct student activities and serve as advisor to the Student Government Association (SGA). The Advisor attends all SGA meetings and sponsored activities and serves as a liaison between the SGA and the Vice President of Student Services. A description of the supervisory role of the SGA Advisor over the SGA and student activities is found in the *Student Government Association Constitution and Bylaws*.

The SGA is the official sanctioning body for all campus clubs and organizations. The *SGA Constitution and Bylaws* notifies students of their responsibility in initiating and participating in a student club or organization, which must be recognized as such in order to be permitted to use college facilities. Each club or organization has a faculty or staff member who serves as advisor and meets regularly with the group. Additional information may be found in the *Student Club and Advisor Handbook* which may be obtained through the Director of Student Life.

Student activities at Sandhills Community College are evaluated regularly through student surveys. Results provide insight into student needs, interests, satisfaction, and level of participation. These insights are used in determining and planning appropriate student activities.

Student Fundraisers

All student fundraiser events must be approved by the Director of Student Life prior to the event. Proper scheduling will help prevent the possibility of two events occurring on the same day. Activities on campus, including requests for donations or funds, must be submitted in writing using the *Club Fundraiser Form*. Before approval is given for soliciting prizes, funds, or donations from the public, the Director of Student Life will consult the Sandhills Community

College Institutional Advancement Office to ensure the activity relates directly to the purpose of the College and does not conflict with other fundraising activities or plans (More information is available under “Fundraising Procedure” in the *Policies and Procedures Manual*.)

Student Life

There is something special for everyone at SCC. Sandhills Community College sponsors a wide variety of organizations and clubs designed to enhance the educational opportunities available to our students.

ACES (Association for Architecture, Construction, Engineering and Surveying)

Contact: Ed Spittle, Little 167, 695-3797, spitlere@sandhills.edu

The Association for Architecture, Construction, Engineering and Surveying, otherwise known as the ACES Club, provides students with knowledge of these and related fields outside of the classroom. Each year, the ACES members participate in the Experience Engineering Project, through which students explore exciting projects and sites related to their industries. Students have toured the Washington Nationals Baseball Stadium construction, the Freedom Tower construction, the Brooklyn Bridge, the Smithsonian Air & Space Museum, the Skyscraper Museum, the Hoover Dam, the Chunnel, the Big Dig, as well as many other interesting sites.

Athletics

Contact: Aaron Denton, Dempsey 115, 246-4121, dentona@sandhills.edu

Sandhills Athletics works to support the mission and purpose of Sandhills Community College. As a member of the National Junior College Athletic Association (NJCAA), SCC athletics provide opportunities for development and competition that support the educational goals of the College. Athletics were founded to serve the individual student as well as to enrich the college environment for all students, faculty, and staff. The Athletics Department works with students to promote leadership and involvement within our community. While many of our athletes will likely continue competing at a four-year college or university, it is our purpose to inspire all student athletes to better themselves academically, socially, and physically.

Computer Technology Club

Contact: Paul Steel, Little 213, 695-3815, steelp@sandhills.edu

The Computer Technology Club gives students the opportunity to meet others with similar interests in computer technology. The club facilitates communication, discussion and dispersion of information relating to computer applications, services and technologies. The club includes students from all areas of computer instruction offered on the campus including, but not limited to, computer programming, computer engineering, digital media, networking, and simulation and game development. Club members are encouraged, through outreach programs, to give back to the SCC campus community and the Sandhills community at large. Above all else this club is open to all who WANT to know more....

Criminal Justice Club

Contact: Teresa Hall, Van Dusen 231, 695-3931, hallt@sandhills.edu

The Criminal Justice Club is for students who have been or plan to be involved in the field of criminal justice. It promotes professional awareness and standards, a unified professional voice, high standards of conduct, fellowship, community service, and professional development. The mission of the organization includes such personal and professional goals as (1) not judging others, (2) being unified in service, (3) being professional, (4) working as a team, (5) using integrity in all efforts, (6) creating new ideas, and (7) upholding educational standards.

Dance Club

Contact: Shauntel Gaines, Dempsey 223, 695-3786, gainessh@sandhills.edu

The Sandhills Community College Dance Club (SCCDC) provides students who are interested in dancing an outlet to explore and enhance their abilities. Participating in this club offers opportunities to learn about everything that goes into dance performances. You will learn how to plan rehearsals, choreograph, teach dance to others and enjoy performance. No experience is necessary; the only thing required is dedication and an open mind.

Early Childhood Club

Contact: Susan Wright, Van Dusen 230, 246-5360, wrightsu@sandhills.edu

The purpose of The Early Childhood Education Club is to promote the importance of early childhood care and education and to develop club members into advocates and leaders for the early childhood field.

Horticulture Club

Contact: Dee Johnson, Steed 209, 695-3883, johnsond@sandhills.edu

One of the oldest and most renowned organizations on the SCC campus is the Sandhills Horticulture Club. The club's primary purpose is to provide a vehicle to support outside activities and competitions in which the Landscape Gardening students participate. The club hosts special events such as bedding plant sales and other creative projects to support student trips, competitions, and student career days.

Human Services Club

Contact: Trish Harris, Van Dusen 219, 695-3871, harrist@sandhills.edu

The purpose of this organization is to support the activities and projects of SCC; to further civic, campus, professional and social activities of interest to its members; and to promote community awareness through service.

Intramurals

Contact: Shauntel Gaines, Dempsey 107, 695-3786, gainesh@sandhills.edu

The Intramural Sports Program at Sandhills is designed to serve the recreational needs of current students. The program offers a variety of sports and activities for every type of student. Intramurals bring together the entire campus community to participate in friendly athletic competition.

Mentoring, Supporting, Affirming, Cultivating and Empowering Women (MSACE)

**Contact: Tarshima Hackett, Logan 132, 695-3862, hackettt@sandhills.edu
Tonelli Hackett, Stone 221A, 695-3737, hackettto@sandhills.edu**

MSACE is the Mentoring, Supporting, Affirming, Cultivating, and Empowering of women. This organization desires to promote the women of Sandhills Community College to areas of greatness through the connection of sisterhood. This is established by honoring the complexity and diversity of women through academic excellence, cultural enrichment, community involvement, and social affirmation.

Musical Theatre Club

Contact: Jennifer Thomas, Wellard 123, 695-3830, thomasj@sandhills.edu

The SCC Musical Theatre Club is an organization that provides students the opportunity to express themselves through singing, dancing, and acting. Our goals are to put on at least two productions a year – one in the fall and one in the spring. These productions may be compilations of musical scenes, acting

scenes, choral arrangements, dance pieces, plays and musicals. We hope to provide the community with a myriad of creative art expressions.

NAMI on Campus at Sandhills Community College

Contact: Dr. Randal Foster, Stone 229, 695-3968, fosterr@sandhills.edu

NAMI on Campus at Sandhills Community College is an exciting student-led extension of the National Alliance on Mental Illness (NAMI) organization. This student-led club tackles mental health issues on campus by raising mental health awareness, educating the campus community, supporting students, promoting services, and advocating for student success. NAMI on Campus aims to address the mental health needs of all students so they have positive, successful, and fun college experiences.

New American Culture Arrival Club (NACA)

Contact: Bill Pope, Van Dusen 223, 695-3864, popew@sandhills.edu

NACA is a supportive group designed for multi-ethnic and multi-racial students. Both Spanish and English are spoken at club functions. Club meetings serve as a forum to discuss the challenges that students face regarding their education, and to aid in finding solutions to their problems. In addition to serving those on campus, the group has visited community organizations in order to share their educational experiences and encourage others to pursue their educational dreams.

Outdoor Adventure Program

Contact: Shauntel Gaines, Dempsey 223, 695-3786, gainessh@sandhills.edu

The goal of the program is to provide a wide range of outdoor activities at a variety of skill levels for the SCC community. Participants have the opportunity to develop lifetime recreational skills, learn about safety and proper technique, gain an appreciation and concern for our natural environment, meet new people, and have a great time!

Phi Theta Kappa – Alpha Tau Beta

Contact: Jackie Babb, Little 207, 695-3802, babbj@sandhills.edu
Scott Robinson, Little 206, 695-3869, robinsons@sandhills.edu

Phi Theta Kappa is the international honor society for two-year colleges. Membership is available to students by invitation only and requires a 3.7 GPA based on 16+ hours of college credit courses (100 level or higher) in a degree-granting program. Invitees who choose to join are inducted in either spring or fall semesters. The hallmarks of Phi Theta Kappa are scholarship, leadership, fellowship, and service. Kappans serve as hosts for the college

lecture series, as marshals at graduation, and as assistants with on-campus activities.

Radiography Club

Contact: Pat Brannan, Kennedy 157, 695-3841, brannanp@sandhills.edu

The Radiography Technology Club is made up of students who are currently enrolled in the SCC Radiography Program. Club members host fundraisers to offset the costs associated with attendance at conferences and workshops. This organization provides opportunities for students to extend their education beyond the classroom and is of great benefit to anyone whose goal is to be a radiographer.

Rotaract

**Contact: Mary Bridschge, Stone 104A, 246-4128, bridschgem@sandhill.edu
Jessica Locklear, Stone 110C, 695-3856, locklearj@sandhills.edu**

Rotaract is a service organization sponsored by the Rotary Club of the Sandhills and other area Rotary Clubs. The Rotaract motto is “Service above self.” Rotaract is open to all students and inducts new members throughout the academic year. This organization meets monthly and is involved in many community service projects and provides students the chance to attend working sessions of the local Rotaract organization in order to better understand and support its mission.

Sandhills Association of Nursing Students

**Contact: Kathy McNamara, Kennedy 121, 695-3843,
mcnamaraka@sandhills.edu**

The Sandhills Association of Nursing Students (SANS) seeks to introduce participants to the nursing profession through their professional organization and to provide a setting for professional socialization. Active membership is available to all ADN (Associate Degree Nursing) students. SANS also promotes and encourages participation in community affairs and activities related to improving healthcare. SANS provides opportunities for state and national networking with their professional organization. Fundraisers, service projects, social events, educational programs, and mentoring and recruitment opportunities are all part of the experience available to SANS members.

Student Government Association

Contact: Shenika Ward, Dempsey 224, 695-3858, wards@sandhills.edu

The student activities program at SCC is sponsored by the Student Government Association. Members of the SGA make a concerted effort to provide students with cultural, social, recreational, and service-oriented

activities. Activities sponsored by the SGA include free food days, the annual Fall Fest and Spring Fling, holiday festivities, doughnuts during exams, student accident insurance, and scholarships and awards. The SGA is always looking for new ideas and is the students' voice at SCC.

Turfgrass Club

Contact: Mike Ventola, Little 202, 695-3941, ventolam@sandhills.edu

Golf Course/Turfgrass Management students participate in the Turfgrass Club at SCC. Club activities are designed to develop students' business and interpersonal skills. Fellowship activities are scheduled throughout the year to assist in this effort.

Ultimate Frisbee Club

Contact: Rick Oelfke, Stone 113, 246-5365, oelfker@sandhills.edu

Played much like football and soccer combined, "Ultimate" is a transition game in which players move quickly from offense to defense on turnovers that occur with a dropped pass, an interception, a pass out of bounds, or a player caught holding the disc for more than ten seconds. Ultimate is governed by Spirit of the Game, a tradition of sportsmanship that places the responsibility for fair play on the players rather than referees. Since 2005, Sandhills Community College has sponsored its own club to participate in local tournaments, and expose its students to this exciting game.

STUDENT CONDUCT

Student Conduct in the Instructional Environment

Faculty teaching courses for Sandhills Community College and students taking courses at Sandhills Community College have the right to an instructional environment that is conducive to study, thought, and full concentration on study topics selected by the instructor. It is expected that students conduct themselves in a manner that does not disrupt the learning and teaching environment. The faculty and administration reserve the right to remove a student from a course or a program or to deny his or her admission to a course or a program if the student's behavior is determined to be detrimental to the teaching environment.

The Sandhills Community College faculty, staff, and administration expect student behavior that assures an instructional environment:

- where students arrive and depart on time,
- where there is no disruptive behavior,
- where the rights of others are respected and where students treat each other with politeness and respect,
- that is free from menacing or threatening language or disrespectful behavior directed at either the professor or other students,
- where a student's attire is within the generally accepted bounds of good taste and does not disrupt the learning process, and
- where students are allowed to bring guests (including children) only with the expressed permission of the professor.

Part of Sandhills Community College's responsibility is to prepare students for the world of work, where they will be expected to dress appropriately. Students at Sandhills are therefore expected to dress in a manner that reflects generally accepted standards of modesty and good taste. Faculty members have the right to establish dress standards for their classrooms, and — after appropriate counseling — to ban or remove students who do not meet those standards.

Student Code of Conduct

Students are adults and are, of course, expected to know what constitutes "acceptable" behavior. The College prefers to emphasize counseling and guidance in promoting good student conduct. However, when this approach fails, our only option is disciplinary action. If a student has any questions concerning appropriate conduct, he/she should see a college counselor, the Dean of Instruction or Dean of Student Services (curriculum students), Vice President for Continuing Education and Workforce Development (continuing education students), or the Dean of the Hoke Center (Hoke Center/SandHoke

STUDENT CONDUCT

students).

Sandhills Community College reserves the right to deny admission or readmission to students whose presence on campus is construed by the administration as harmful or potentially harmful to Sandhills Community College students, faculty, and/or staff. Moreover, Sandhills Community College may refuse to admit any applicant **during any period of time that the student is suspended or expelled from any other education entity.** Students admitted to the College must adhere to the Student Code of Conduct, which prohibits conduct that impairs significantly the welfare or the educational opportunities of others in the college community. The college may disclose educational information (which includes disciplinary information/records) with postsecondary institutions where the student seeks to enroll, intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer. Students may request a copy of their records by contacting the Dean of Student Services.

The Student Code of Conduct has one purpose: to ensure the existence at Sandhills Community College of opportunities and conditions that are conducive to effective learning, teaching and living together. This document is the product of the cooperative thought and dialogue of students, instructors and administrators of the College.

The following Code of Conduct applies to all students enrolled in courses with Sandhills Community College. The code should not be considered an exclusive list of acceptable and unacceptable behavior.

1. Each student is held responsible for information in the college *Catalog* published online at www.sandhills.edu.
2. Students who lose, damage, deface, destroy, sell, vandalize, or otherwise dispose of college property placed in their possession or entrusted to them will be charged for the full extent of the damage or loss and are subject to disciplinary action.
3. Under no conditions will students be in possession of alcoholic beverages, narcotics, or illicit drugs on college property or at college sponsored events. Students under the influence of or possessing alcohol or drugs will be in violation of this policy and subject to disciplinary action. The College will comply fully with local and state laws concerning the possession of and/or sale of alcohol and drugs. *In addition, students might not be able to receive federal student aid if they are or have been convicted of selling or possessing illegal drugs, if the drug offense for which they are/were convicted occurred while they were receiving federal student aid. To regain eligibility, students must provide to the Dean of Student Services documentation of a minimum of six months rehabilitation and an ongoing plan to remain drug or alcohol-free.*

4. Acts such as stealing, fraud, forgery, falsifying documents, gambling, fighting, and destruction of property will not be permitted. Any violation of this regulation may result in expulsion from the College on the FIRST offense.
5. Under no condition will the possession of a dangerous weapon, including but not limited to handguns, be permitted on college property. Such acts of possession may result in expulsion from the college on the first offense.
6. The College will comply fully with existing North Carolina laws that make possession of firearms or explosives on campus a Class I Felony and ALL weapons on campus unlawful. Sandhills Community College will immediately report ANY and ALL violations to local authorities.
7. In the interest of protecting students, faculty, staff, or property from harm, the College reserves the right to take disciplinary action in response to behavior off-campus that violates college expectations and policies or could be detrimental to the College.
8. Smoking is permitted only in the following locations on the main campus: Covered pavilion on the parking lot side of Dempsey Student Center; Picnic Shelter near Causey Hall; and parking lots. The use of tobacco is prohibited by students, staff, faculty, or visitors in all campus buildings at all campus locations and in any college owned vehicles. For purposes of this policy, tobacco is defined as any type of tobacco product including, but not limited to, cigarettes, cigars, cigarillos, e-cigarettes, pipes, smokeless or spit tobacco, or snuff.
9. Students are not to bring children or anyone not enrolled to class except under exceptional circumstances and with prior approval of the faculty member.
10. All vehicles must be properly registered, display appropriate stickers, and abide by posted and announced parking and traffic regulations. Violators of traffic and parking regulations are subject to fines, wheel locks, towing, or possible revocation of campus parking privileges. Student records may also be withheld until fines are paid.
11. Fiscal irresponsibility such as failure to pay college-levied fines, failure to repay college-funded loans, or the passing of worthless checks to college officials is subject to disciplinary action.
12. True threats directed at a student or faculty/staff member are prohibited. Any or all verbal, written, or physical injury from violence to oneself or others will be taken seriously.
13. Prospective students visiting campus must report to Student Services or the Continuing Education Division upon arrival. Those failing to do so may be asked to leave.

STUDENT CONDUCT

14. The Dempsey Student Center and other campus facilities are for student use and for authorized activities. Thus, unauthorized individuals may be asked to leave.
15. All curriculum students are required to have and to carry a student ID. Students may be asked to show their ID at random. Failure to comply may result in disciplinary action.
16. Language or behavior that is harassing that rises to the level of severe or pervasive is prohibited by Sandhills Community College.
17. Faculty and students at Sandhills Community College – on the main campus or off-campus locations, including online — have the right to an instructional environment that is conducive to study, thought, and full concentration on study topics. Student behavior that substantially disrupts learning and teaching activities--including unauthorized use of technology--will be subject to disciplinary actions.
18. Appropriate attire, including shoes, must be worn at all times. It is expected that attire reflect the generally accepted bounds of good taste and not disrupt the learning process.
19. Part of Sandhills Community College’s responsibility is to prepare students for the world of work, where they will be expected to dress appropriately. Students at Sandhills are therefore expected to dress in a manner that reflects generally accepted standards of modesty and good taste. Faculty members have the right to establish dress standards for their classrooms, and – after appropriate counseling – to ban or remove students who do not meet those standards
20. If, in the opinion of college officials, clothing and/or behavior (including droops or the presence of gang colors, signs, and or symbols) is deemed obscene or incites an immediate breach of peace, sanctions may be imposed immediately.
21. For the safety of all concerned, the college campus is open during the following hours: Monday through Thursday, 6 a.m. to 12 a.m.; Friday, 6 a.m. to 10 p.m.; Saturday, 7 a.m. to 7 p.m.; Sunday, 7 a.m. to 5 p.m. The college is closed during holidays and times not listed above, except for special events. Students using classrooms and laboratories after scheduled class hours must obtain prior approval from the appropriate faculty/staff member.
22. Failure to abide by the SCC Information Technology Resources Acceptable Use Policy may lead to disciplinary action, including loss of computer privileges, dismissal from the College, and/or criminal prosecution. The college expects and requires ethical and responsible behavior of individuals using information services.
23. Providing false information or fraudulent documents to college officials or procuring any money, goods, or services under false pretense is prohibited.

24. Rudeness and lying to school officials as well as failing to comply with instructions of college officials acting in performance of their duties are subject to disciplinary action.
25. In the interest of civility, privacy, and safety, coed accommodations on any club, class, or SCC sponsored trip is prohibited.
26. Any and all other offenses that may need the attention of the Dean of Student Services or Dean of Instruction (all curriculum students), the Vice President for Continuing Education and Workforce Development (continuing education students), the Dean of the Hoke Center (all students taking classes at the Hoke Center) are subject to this code.

Academic Honesty

Sandhills Community College believes that the pursuit of knowledge requires honesty. Academic dishonesty includes but is not limited to the following:

1. Copying the work of another.
2. Collaboration: Working with another person on a test, examination, or paper without expressed authorization and without indicating that collaboration has occurred.
3. Plagiarism: The representation of the work of another person as one's own; the failure to cite the source of an idea, information, or words that come from someone other than the author of the paper or the exam.
4. Use of books, notes and/or electronic devices in examinations without the explicit permission of the professor.

Penalties for academic dishonesty may include the following:

1. Zero grade on the test or assignment on which cheating occurs.
2. Failing grade for the course.
3. Failing grade and immediate dismissal from the course.

When a student is accused of academic dishonesty, the resolution of the accusation is between the professor and the student. If the solution is unsatisfactory, there is an inherent right to appeal, however, while the accusation of academic dishonesty may be appealed, the penalty may not. The appeal shall be in accordance with the Student Grievance Procedure.

Disciplinary Procedures

- A. Report of offenses: Students, faculty members, staff or administrators should immediately report incidents that violate the Student Code of Conduct to the Dean of Student Services or the Dean of Instruction (all curriculum students), Vice President for Continuing Education and Workforce Development (continuing education students) or Dean of the Hoke Center (all students taking classes at the Hoke Center). When possible, the report should be documented through email or written report.

STUDENT CONDUCT

- B. The Vice President/Dean will confer with all parties involved and decide on one of the following options:
1. To declare the case closed immediately for lack of evidence and to notify in writing the accused and the accuser.
 2. To refer the case to the risk assessment team for review and recommendation.
 3. To issue warning that repeated violation of the Code of Conduct may necessitate further disciplinary action.
 4. To reserve the right to deny admission or readmission to any student whose presence on campus is disruptive to other students.
 5. To invoke penalties. A student may be placed on probation, suspended, or expelled from the College for conduct or personal behavior that is in violation of the Student Code of Conduct. The appropriate Vice President or Dean will, in writing, identify the claimed misconduct and present a statement of any penalty imposed. There is an inherent right to appeal. The appeal shall be in accordance with the Student Grievance Procedure.
 6. As a general rule, the status of a student accused of a violation of these regulations should not be altered until a final determination has been made in regard to the charges. Interim suspension may be imposed, however, upon a finding by the appropriate institutional official that the continued presence of the accused on campus constitutes an immediate threat to the physical safety and well-being of the accused or any other member of the institution's community or its guests, poses a threat of destruction of property, or shows a potential for substantial disruption of classroom or other campus activities.

Student Grievance

Grievance is defined as any matter of student concern or dissatisfaction within the control of the College, except for the following:

- grades, which shall be subject to the decision of the professor unless related to some type of suspected discrimination;
- attendance policies and matters of a purely academic nature, which shall be adjudicated through the Dean of Instruction;
- some matters involving allegations of sexual harassment, which are addressed elsewhere in this *Catalog* and published online at www.sandhills.edu;
- residency classification, which shall be subject to the residency appeal process outlined by the North Carolina Community College System and the State of North Carolina; and

- Financial Aid awards and eligibility, which shall be subject to review by the Financial Aid Appeals Committee with a final ruling by the Vice President of Student Services.

Student Grievance Procedure

The purpose of the Student Grievance Procedure is to assure students of Sandhills Community College that their grievances will be considered fairly, rapidly, and in a non-threatening atmosphere. This process is designed to be used by students, not their surrogates. In keeping with the college practice of addressing all grievances informally prior to resorting to formal procedures, it is assumed that prior to embarking on the formal Student Grievance Procedure, students will initially address problems and matters of concern informally with the faculty and/or staff members involved.

However, the College recognizes that not all student grievances will be satisfactorily settled on an informal basis. Therefore, this Student Grievance Procedure has been adopted and applies to all appeals of disciplinary actions, appeals regarding student records and privacy rights. Appeals based on charges of discrimination will be handled by the Title IX coordinator in Human Resources. Students should follow these procedures first in all applicable situations.

Any student electing initially to pursue a grievance outside of these procedures has thereby waived the ability to pursue his or her grievance hereunder. A complete copy of the Student Grievance Procedure may be obtained from the Dean of Student Services or Dean of Instruction.

Student grievances resulting from academic practices or learning environment activities other than disruptive student behavior should be referred to the attention of the Dean of Instruction (curriculum students), Vice President for Continuing Education and Workforce Development (continuing education students), or Dean of the Hoke Center (Hoke Center students) after the student has met with the faculty member or department chair and attempted an informal resolution of the problem. Student grievances that affect an individual's welfare and are not directly related to academic or classroom activities of the College should be brought to the attention of the Dean of Student Services (curriculum students), Vice President for Continuing Education and Workforce Development (continuing education students), or Dean of the Hoke Center (Hoke Center students) after the student has made every effort to resolve the problem in an informal basis through conversation with the individuals involved.

Student Grievance Procedure Steps

1. **Informal Resolution:** The student obtains the *Student Grievance Form* from the office of the Dean of Student Services or the Dean of

STUDENT CONDUCT

Instruction. In non-academic disciplinary issues initiated by student, the informal grievance procedure begins with Section C of the *Student Grievance Form*. In academic disciplinary issues, the student must meet with the instructor and department chair in turn to seek an informal resolution. If a satisfactory informal resolution is achieved at any point, the grievance process stops. If an informal resolution is not achieved, the student grievance procedure continues to appropriate Vice President/Dean, who renders a decision within five (5) business days. The student may elect to continue the appeal in accordance with the following:

- a. Curriculum students will proceed to Step 2 of the Student Grievance Procedure and appeal to the Student Grievance Committee.
 - b. Continuing education students may appeal within three (3) business days to the Vice President of Continuing Education and Workforce Development. A decision will be rendered in ten (10) business days. The decision of the Vice President of Continuing Education and Workforce Development is final. Exceptions to the procedure include continuing education certificate programs: BLET and NA. These students should proceed in accordance with Step 2.
2. **Student Grievance Committee Hearing:** The student submits the *Student Grievance Form* to the Student Grievance Committee Chair within three (3) business days of the Vice President's/Dean's decision. The Student Grievance Committee renders a decision within ten (10) business days. Following a discussion by the Student Grievance Committee, the student may elect to continue the appeal to Step 3. (The Student Grievance Committee may choose to discontinue a hearing if the student fails to attend two or more scheduled meetings.)
 3. **President's Review:** The student submits a written request for review to the college President within three (3) business days after the Student Grievance Committee's decision. The President renders a decision within ten (10) business days. The President's decision will be final.

Sexual Harassment Policy

Sexual harassment is unacceptable behavior and a violation of the law. Language or behavior that is sexually harassing and rises to the level of severe or pervasive is prohibited in nature is prohibited by Sandhills Community College. The College prohibits any form of harassment of employees and/or students based upon age, race, sex, color, creed, handicap/disability, religion, national origin, political affiliation, gender identity, genetic information, and marital status. Students have the responsibility to bring any such incident (via written as well as verbal report)

to the attention of an administrator so that the matter can be resolved informally. Curriculum students should contact the Dean of Student Services; continuing education students should contact the Vice President of Continuing Education and Workforce Development; students at the SCC Hoke Center should contact the Dean of the Hoke Center. The administrator will then contact the Title IX coordinator in the Human Resources Department. Any student who feels uncomfortable going to the Vice President/Dean should go directly to Associate Vice President of Human Resources or the Executive Vice President. Grievances regarding sexual harassment will be handled by the Title IX coordinator and Title IX investigators.

There are two categories of sexual harassment:

1. Sexual harassment in which a person in authority makes sexual demands upon another individual in exchange for favors, and
2. Sexual harassment in which a hostile or uncomfortable college environment is created by unwelcome or offensive sexual conduct.

Thus, it is important to understand that sexual harassment does not require physical contact. A hostile environment may be created by, but certainly is not limited to, the following unwelcome and offensive behaviors: repeated and unwelcome sexual advances, comments, contact, jokes, flirtations or any abuse of a sexual nature.

Students may reference information about sexual violence on the Safe at SCC website, www.sandhills.edu/safe.

CAMPUS POLICE AND PUBLIC SAFETY

Traffic Rules and Regulations

All students, faculty, and staff are required to adhere to all rules and regulations related to vehicle use on campus. The complete guide to those rules and regulations can be found on the SCC Homepage under the quick links to Security.

Automobile Registration

All students who park vehicles on campus must register their vehicles at the time of course registration. The cost of parking stickers is included in the student fees payable at registration.

Parking Regulations

Students are required to park in paved parking spaces that are not reserved for visitors or for faculty/staff. Reserved parking applies to vehicles 8 a.m.–3 p.m., Monday–Friday, after which time anyone may park in these spaces. This does not apply to visitor parking. A one-hour time limit applies to all visitor spaces. When paved parking spaces are filled, the College will provide designated unpaved areas for temporary student use. Restricted parking, including handicapped parking, is marked with appropriate signs.

Parking Permit

All students are required to obtain a permit that enables them to park at the College. Students must register for the permit through the MySCC page prior to pick up in the Dempsey Center. **The permit must be affixed to the left rear bumper or displayed in the left rear window of the vehicle.** This permit will also enable staff to notify the student in the event of an emergency (e.g., **someone hits the car**). If a student temporarily drives a vehicle without a permit, he/she must obtain a temporary permit from the switchboard receptionist in Dempsey Hall. Vehicles parked on campus without permits will be in violation. Repeated violations of the campus parking regulation will be considered an offense of the Student Code of Conduct. Disabled students may receive handicapped parking permits after presenting appropriate DMV documentation to the campus switchboard receptionist. Campus parking lots have designated areas for the disabled.

Temporary Parking

For the first few days of the fall/spring semesters, staff members may need to direct vehicles into temporary parking areas. Students should follow the instructions given during this time period.

Parking Violations

Violations of parking regulations will result in fines and/or the vehicle’s being towed. Violations that are potentially dangerous, such as speeding and reckless driving, are subject to disciplinary action in addition to any fines levied. Violations for which citations may be issued include, but are not limited to the following:

Fines

The Business Office is hereby authorized to collect a \$25.00 fine for any of the following violations:

- Parked in visitor space
- Parked in faculty space
- Parked in student space
- Failure to display current parking decal
- Failure to register vehicle
- Improper display of parking decal

The following violations shall be considered infractions. The Business Office is hereby authorized to collect fines at the rates noted below for any of the following violations:

- Driving in a hazardous manner/speeding/careless and reckless.... \$100
- Driving wrong way in drive lanes..... \$50
- Exceeding a safe speed \$25
- Failure to heed a stop or yield sign \$25
- Parking incorrectly in a parking space \$25
- Parked in driveway/access \$50
- Parking in manner creating a hazard..... \$50
- Parking in more than one space \$25
- Parked in no parking space/area \$25
- Parked in unauthorized/handicap space \$100
- Unsafe Movement..... \$25
- Any traffic violation (not listed) \$25

The student is responsible for any violation incurred by individuals who bring the student to campus. Payments of fines should be made to cashier in Stone Hall. Failure to pay parking tickets will result in the fines’ being added to the student registration fees. **Persons who have received five (5) or more tickets may have the vehicle towed or may be subject to other disciplinary action.**

Identification Card

During registration, the student will need to obtain a student ID. *An ID is required — the student must carry it at all times on campus!* ID cards issued during a student’s initial enrollment should be used during the student’s entire academic career at Sandhills Community College. This card allows students to checkout library books, use the Learning Resource Computer Lab, use college equipment, and participate in SCC activities. Financial aid recipients will be able to purchase books more easily from the Logan Bookstore using an ID card. Curriculum students may receive one card per school year at no charge. A replacement card costs \$10. A paid receipt and a valid government photo ID or passport are necessary to have an ID made. ID cards are made 8 a.m.–9 p.m. Monday–Thursday and 8 a.m.–4 p.m. Friday in the Dempsey Student Center during fall and spring semesters. Students that are enrolled for the fall semester do not need to renew their card for the spring semester. **Please note:** Online students use their assigned student ID number to gain their password-protected user account that then allows them to access campus resources and services via electronic means. Online students are encouraged to obtain an ID card upon their first visit to campus.

Campus Crime

In accordance with the Student Right-to-Know, Campus Crime Security Act of 1990, and the Clery Act, SCC exhibits “zero tolerance” toward violence on campus, including sexual assault, aggravated assault, physical confrontations of any kind, verbal threats of intent to cause harm, harassment designed to intimidate another, hate crimes, robbery, burglary, and property crimes such as destruction, theft, and sabotage. The “Compliance” section of this *Catalog* provides more information.

Security and Access to Campus Facilities

The college campus is open during the following hours:

- Monday through Thursday6 a.m. to 12 p.m.
- Friday 6 a.m. to 10 p.m.
- Saturday..... 7 a.m. to 7 p.m.
- Sunday..... 7 a.m. to 5 p.m.

The college is closed during holidays and times not listed above, except for special events. Students using classrooms and laboratories after scheduled class hours must obtain prior approval from the appropriate faculty/staff member.

Campus Law Enforcement Authority

Sandhills Community College retains its own police department. Campus police officers have full police powers on Sandhills Community College

property and all public property immediately adjacent to the college property. Campus officers are responsible for all law-enforcement-related matters on campus property to include the enforcement of applicable North Carolina criminal and traffic laws. In situations where law enforcement authority is required at satellite campuses, the James H. Garner Center for Community Education in Westmoore contacts the Moore County Sheriff's Office.

Campus police personnel work closely with local, state and federal police agencies and have direct radio communication with Moore County "911."

Emergency Services

Campus police, security and maintenance employees are the primary First Responders. They respond to campus emergencies such as injury, illness, fire, and tornadoes. In the event of an emergency, students and campus visitors should follow the instructions of college officials. In addition, emergency instructions are posted throughout the campus.

Emergency Phones

In case of an emergency, emergency phones are located at strategic points around campus. To use one of these phones, students should push the red emergency button. During college operational hours, the call goes to Campus Police and Public Safety. When the College is closed, the call is automatically sent to "911."

Emergency Code Blue Boxes

The SGA donated funds to purchase two Code Blue boxes. These emergency boxes provide users with a simple way to call for emergency assistance by pressing the large red button and speaking clearly into the telephone. During college operational hours, the call goes to Campus Police and Public Safety. When the College is closed, the call is automatically sent to "911."

Reporting Crimes

Because the College operates in multiple venues, these specific instructions apply when reporting crimes.

- **Main [Moore County] Campus:** To report a crime/emergency, individuals should call 911. Sandhills Community College encourages accurate and prompt reporting of incidents.
- **Hoke Center:** During hours of operation all crimes/emergencies are to be reported to Hoke Center police Officer or the Dean of the Hoke Center (910-875-8589). After hours, individuals should contact "911."
- **James H. Garner Center for Community Education in Westmoore:** During hours of operation, all crimes/emergencies are

to be reported to James H. Garner Center for Community Education in Westmoore Security or the Vice President for Continuing Education and Workforce Development (910-695-3974). After hours, individuals should call 911.

- **Off-Campus Crimes:** Students in off-campus classes should follow the same procedures outlined above for reporting crimes. Immured students are encouraged to review and follow emergency procedures specific to their institution of residence. After College hours, individuals should call 911. Campus Police and Public Safety is to be notified of the details of the incident as soon as possible.

Investigation of Crime Reports

All reasonable efforts will be made to maintain confidentiality. Upon receiving the report, an investigation into the incident will begin immediately, involving Campus Police and Public Safety, who will determine if other law enforcement authorities should be involved. The Campus Police and Public Safety Director and the Executive Vice President will determine if a campus and/or community alert should be issued in the interest of public safety.

Students who participate in campus violence will be subject to disciplinary actions up to and including expulsion (as noted in “Student Code of Conduct”). There is an inherent right to appeal.

Documentation of Crime Reports

Campus Police and Public Safety will maintain a daily log documenting all crimes reported to Campus Police and Public Safety or other law enforcement agencies. The information found in this report shall be open for public knowledge within two business days, except when the release of the information is prohibited by law or would jeopardize an investigation or the victim’s confidentiality.

Crime Statistics

In accordance with the Student Right-to-Know, the Campus Crime Security Act of 1990, and the Clery Act, the College is required to provide information about serious crimes on campus, as defined by the acts, which have occurred during the last three (3) calendar years. This report is updated annually to the U.S. Department of Education, in accordance with the law, in October of each year. Copies of the Campus Crime Statistics Report and Annual Security Report may be obtained by contacting the main campus switchboard (910-692-6185) or the Dean of the Hoke Center (910-875-8589). Information can also be found online at www.sandhills.edu/security.

Sexual Assault Policy

In accordance with the U.S. Department of Education requirements of Section 485 of the Higher Education Act (also known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act [20 U.S.C. Section 1092]), SCC recognizes that sexual offenses, forcible and non-forcible, are violent, demeaning crimes and will not be tolerated. SCC will support this policy and increase awareness through educational prevention seminars, special literature, and counseling. Services and resources for victims will also be provided. The State Bureau of Investigation maintains a registry of convicted sex offenders that can be accessed online at www.sexoffender.ncdoj.gov. Students may reference information about sexual violence on the Safe at SCC website, www.sandhills.edu/safe.

Reporting Sexual Assault

The College encourages all victims of sexual offenses to report the incident as soon as possible. The College understands the sensitive issues involved with this type of crime; therefore, the following individuals may be contacted: Campus Police and Public Safety (910-695-3831 or “0”), Vice President for Continuing Education and Workforce Development (910-695-3767), Dean of Instruction (910-695-3715), or Dean of Student Services (910-695-3714), who will also contact the Title IX coordinator in the Human Resources Department.

Individuals at the Hoke Center and James H. Garner Center for Community Education in Westmoore should follow the same procedures; however, they may feel more comfortable making the initial report to one of the following: Hoke Center Police Officer or the Dean of the Hoke Center (910-875-8589) or the Vice President for Continuing Education and Workforce Development (910-695-3767).

In an emergency or after hours, students should use the emergency telephones or the CODE BLUE devices to contact the switchboard or “911.” They should contact the designated college officials as soon as possible if assistance is needed. The College emphasizes the importance of preserving all evidence for the proof of a criminal offense.

Options: There are several options and resources for individuals who have been sexually assaulted. Seeking assistance does not require the victim to take further legal or disciplinary actions; it allows the victim to receive private and confidential treatment and emotional and psychological support. Students may reference information about sexual violence on the Safe at SCC website, www.sandhills.edu/safe.

Disciplinary and/or Legal Actions Related to Sexual Assault

The process against the alleged assailant will begin immediately. An investigation will be conducted in a timely manner. All parties will be treated with confidentiality and respect. Both the accuser and the accused will be given equal opportunity to present their views of the incident. A determination will be made by the Title IX coordinator and Title IX investigators. Both parties involved will be informed of the determination or outcome and will have the right to appeal. **With the final determination, the appropriate corrective actions will be implemented.** The College reserves the right to make changes to either party's academic situations if deemed necessary or if the request is a reasonable option. Disciplinary actions may include expulsion from the College. The College will retain as confidential all documentation of allegations, investigations, and determinations. *In addition, both parties must maintain the confidentiality of all aspects of the incident, disclosing no information whatsoever without the written consent of the other party.*

The college is required to inform both the accuser and accused in writing of the final results within one business day of the outcome of the investigation.

The victim has the option to report the assault to the appropriate law enforcement authority. Reporting an assault does not obligate the victim to proceed with legal prosecution. It is the victim's right to decide whether or not to continue with or to halt legal proceedings.

College personnel will assist the victim with whatever services or support is available, as appropriate.

Telephone Calls

The College cannot accept incoming calls for students except in extreme emergencies. Students should let their families know that, if a genuine crisis arises, Student Services is the office to call to contact that student. The College does not have a paging system; therefore, it is difficult to deliver messages to students. *If a student has a child in daycare or school, it is essential to have an additional contact person listed with the daycare or school in the event that the SCC student cannot be reached.*

Lost and Found

The switchboard receptionist in the Dempsey Student Center keeps all items found on campus. Students should see the College Receptionist in the Dempsey Student Center if they have lost any belongings while on campus.

Pets on Campus

The campus is not an appropriate place for the pets of students or for the pets of faculty/staff members. For the safety of the pets and the campus community, the College requires that pets not be on campus during regular hours of operation. In addition, pet owners should not leave unattended pets in vehicles during their time on campus. Pets, except for guide animals, are not allowed in campus buildings.

Walking Track

For the student's safety, the track is for walking or jogging. Wheeled vehicles — mopeds, bicycles, roller skates/blades, skateboards, etc. — are prohibited.

Smoking Policy

Smoking is permitted only in the following locations on the main campus: the Covered Pavilion on the parking lot side of Dempsey Student Center; Picnic Shelter near Causey Hall; and parking lots. The use of tobacco is prohibited by students, staff, faculty, or visitors in all campus buildings at all campus locations, in any college-owned vehicles, or in other posted locations. For purposes of this policy, tobacco is defined as any type of tobacco product including, but not limited to, cigarettes, cigars, cigarillos, pipes, smokeless or spit tobacco, snuff, and “vaping” with e-cigarettes.

Inclement Weather

Decisions to close the College for adverse weather and other emergency situations will be made by the college administration. Missed classes and assignments will be made up in accordance with the best judgment of college officials and the guidelines promulgated by the North Carolina Community College System Office.

“Colleges have an obligation to deliver the instructional services for which students pay tuition and fees. Therefore, curriculum and continuing education classes that are missed or not held for any reason — including inclement weather — should be rescheduled or the instruction should be made-up by some other alternative. Alternatives may include extra class sessions, extended class sessions, individual conferences, or other options approved by the college’s administration. It is assumed that alternative arrangements for making-up missed class time will be made by the College.” NCCCS *Numbered Memo March 8, 1996.*

When severe weather forces a departure from regular scheduling, announcements will be posted on the SCC homepage and the MySCC page. Students enrolled in distance learning and hybrid courses are also notified via the Internet course delivery system (Moodle learning management system). Additionally, announcement will be issued by local and regional radio and television stations. Below is a list of those stations contacted by the College.

WTVD-TV (11)	Durham	WAZZ-AM 1490	Fayetteville
WRAL-TV (5)	Raleigh	WFLB-FM 96.5	Fayetteville
Carolina 14-TV (14)	Raleigh	WKML-FM 95.7	Fayetteville
WNCN-TV (17)	Raleigh	WZFX-FM 99.1	Fayetteville
WUKS-FM 107.7	Fayetteville	WIOZ-FM 102.5	Southern Pines

Students may also call the College at 910-246-2865 to hear a recorded message indicating whether the College will have a delayed opening or will be closed. The College also notifies students of inclement weather via telephone or text message through its ReGroup system.

INFORMATION TECHNOLOGY

Information Technology Resources Acceptable Use Policy

Purpose

To enhance its educational, cultural, and economic missions in service to the community, Sandhills Community College provides students, faculty, staff, and community members with computers, tools, instruments, and facilities that provide access to campus and global information resources. The College expects and requires ethical and responsible behavior of individuals using information resources. This policy statement identifies acceptable uses of these resources and includes circumstances in which the interests and rights of others must be protected and preserved.

These procedures apply to all Sandhills Community College students, faculty, and staff as well as members of the community who use or access college information technology resources.

Definition

The term "information technology resources" includes all computers, tools, instruments, or facilities which enable individuals to access or interact with information available through, but not limited to, the library automation system, the Internet, the World Wide Web, or local campus networks. Resources may be individually controlled or shared, stand alone, or networked. Included in this definition are classroom technologies, computing and electronic communication devices and services, modems, electronic mail, phone access, voice mail, fax transmissions, video, multimedia and hyper-media information, instructional materials, and related supporting devices or technologies.

Use Agreement

By using college-supplied information technology resources, individuals, groups, or organizations agree to abide by all policies and procedures adopted by Sandhills Community College as well as all current federal, state, and local laws. These include college policies and procedures against harassment, plagiarism, and unethical conduct; as well as local, state, and federal laws prohibiting theft, copyright infringement, insertion of malicious software into computer systems, and other unlawful intrusions.

In the event of violation of any of these policies, procedures, or laws, the college will follow established disciplinary policies, including those regulating the provision of information to law enforcement authorities. The

college shall not examine or disclose the contents of electronic files except when authorized by the owner of the information, when approved by an appropriate institutional official, or as required by law.

Because electronic information is volatile and easily reproduced, respect for the work and personal expression of others is especially critical in computer environments. Violations of authorial integrity — including invasion of privacy, unauthorized access, and trade secret and copyright violations — may be grounds for sanctions against users of information technology resources.

User Responsibilities

Anyone using college information technology resources is responsible for:

1. recognizing and honoring the intellectual property rights of others, making attribution as appropriate;
2. refraining from any illegal and improper intrusions into the accounts of others or into any College information technology resources or systems;
3. taking all reasonable steps to insure the accuracy and the security of information compiled, accessed, or provided;
4. being ethical and respectful of the rights of others and of the diversity of the College community, including the rights to privacy and all other legal requirements and restrictions regarding access to and use of information; and refraining from acts that waste resources and prevent others from having broad access to College information technology resources;
5. abiding by all other applicable College policies and standards relating to information technology resources. These policies and standards include, but are not limited to software, wireless, remote access, and email.

Network Access

All equipment attached to the college network, including wireless networks, must be approved by the Network Administrator except in specifically identified public access areas.

Establishing Procedures

Individual organizations within the College may establish and define procedures or conditions for use of information technology resources under their control. Established procedures or conditions must be consistent with this overall policy but may provide additional detail, guidelines, or restrictions. In addition, all interactions outside the College are subject to the acceptable use policies of the outside agencies such as network access providers, telecommunications companies, or software developers.

Please note: College adherence to NCCCS IIPS Information Security Manual (and any subsequent revisions): the College will reference the NCCCS IIPS Information Security Manual in developing any procedures related to employee use of system access and data management. The manual is housed in the office of the Chief Information Officer and Human Resources.

Intellectual Property, Copyright and Fair Use

As a public, non-profit institution, the College recognizes that its resources must be used for the express purpose of the college mission, must be allocated wisely, and must recover the cost for use of its resources. This policy supports the College's mission while it encourages and supports the intellectual property rights of the faculty, staff, and students of the College, including its facilities, equipment, and all other resources. Sandhills Community College complies with all federal and state laws governing the educational use of copyrighted material. It is the policy of Sandhills Community College to comply with the U.S. Copyright Act of 1976. All Sandhills Community College faculty, staff, and students are expected to act as responsible users of the copyrighted works of others which includes making informed decisions based on the fair use exemptions to the copyright laws.

Sandhills Community College provides an environment that supports the academic activities of the faculty, staff, and students. The College encourages the development, writing, invention, and production of intellectual property designed to improve the productivity of the College and/or to enhance the teaching/learning environment. It is the intent of the College to maintain a positive atmosphere for scholarly development.

Definitions

As used in this Policy, the following words shall have the following meanings:

1. *Intellectual property*: Intellectual property is defined as intellectual and creative works that can be copyrighted or patented, such as literary, dramatic, musical and artistic works, computer software, multimedia presentations, inventions, etc. Intellectual Property includes any materials specifically created for use in a distance education course. These materials could include, but are not limited to: study guides, software, videotaped lectures, databases, lectures, transparencies, visual aids, lab manuals, syllabi, bibliographies, glossaries, tests, assignments, course documents, and other instructional materials.
2. *Copyrightable work*: Copyrightable work includes all creative work that is protectable under the copyright laws of the United States or other countries. Copyright protection is available for most literary,

musical, dramatic, and other types of creative works, including but not limited to computer software, teaching materials, multimedia works, proposals, and research reports.

3. *Significant college support*: Significant college support means the use of specialized, experimental equipment, or computer facilities; or the use of any College resource in a way that leads to an appreciable expenditure of College funds if that expenditure would not otherwise have occurred. Occasional use of office or classroom space, libraries, or general computer hardware and software will not ordinarily constitute significant use.

Please note that notwithstanding the following information and conditions; a student retains portfolio rights to works created be the student as a class assignment or as part of a pro-bono commission approved as a student project by an instructor. A pro-bono commission is work that an instructor may approve for students to undertake as a skill-building opportunity. Students may receive token payments provided by the person or group that commissions such a work.

The ownership of a copyright resulting from the development of intellectual property and any rewards or recognition attributed to the copyright or patent will be determined according to the following conditions:

Ownership of Intellectual Property

1. *Ownership resides with the employee or student*: Ownership resides with the employee or student if the following criteria are met:
 - a. The work is the result of individual initiative, not requested by the college.
 - b. The work is not the product of a specific contract or assignment made as a result of employment or enrollment at the college.
 - c. The work is not prepared within the scope of the employee's job duties or the student's enrollment.
 - d. The work involves no use of significant college support including facilities, time, and/or other resources.
2. *Ownership resides with the College*: Ownership resides with the College if the following criteria apply:
 - a. The work is prepared within the scope of the employee's job duties or the student's enrollment.
 - b. The work is the product of a specific contract or assignment made in the course of the employee's employment with the college or the student's enrollment.
 - c. The development of the work involved significant college resources including the use of facilities, time, and/or other resources of the college including, but not limited to,

released time, grant funds, college personnel, salary supplement, leave with pay, equipment or other materials, or financial assistance.

- d. The college and the employee or student may enter into an agreement for an equitable arrangement for joint ownership, sharing of royalties, or reimbursement to the college for its costs and support. When it can be foreseen that commercially valuable property will be created, the college and the employee or student shall negotiate an agreement for ownership and the sharing of benefits prior to creation of the property. In all such cases, the agreement shall provide that the college will have a perpetual license to use the work without compensation to the employee or student for such use.
- e. If an employee is granted full or partial leave with pay (e.g. release time or educational leave), to write, develop, produce, or invent intellectual property, the employee and the college will share in any financial gain, and the college's share will be negotiated prior to the time the leave is taken.
- f. The College owns all rights to its logo, seal, and other related materials.
- g. The College, at its sole discretion, may release its rights of ownership in Intellectual Property. However, the College shall retain a royalty-free license to use said Intellectual Property for research and education.
- h. Notwithstanding the provisions of this policy, in the case of a work created under a grant accepted by the college, the ownership provisions of the grant shall prevail.

Liability Issues

All College faculty and staff will ensure that the intellectual property created by them are original except for such materials from copyrighted sources that are reproduced with the written permission of the copyright holder; that the intellectual property in no way constitute a violation of or an infringement upon any copyright belonging to any other party; that the intellectual property will contain no information previously published or copyrighted by the faculty member unless such information is noted in the material; and that the it contains no matter which is libelous or in any way contrary to law.

Disciplinary Action

Individuals are responsible and liable for their own actions in the creation, use, and distribution of intellectual property. Violations of this policy may also result in disciplinary action by the College including expulsion from the College and/or termination of employment.

ACADEMIC POLICIES AND PROCEDURES

Academic Advising

Upon enrollment at Sandhills, all regular students are assigned a faculty advisor to assist in course scheduling, registration, and program planning, as well as to evaluate academic progress periodically. Students who place into first-level developmental courses (zero-prefix courses) may be temporarily assigned to an advisor in the Developmental Education Department or advisors who teach developmental courses who will guide them through prerequisite coursework in English, math, and reading.

Courses selected by students must be approved by the faculty advisor or the Student Success Center prior to registration. It is the intent of the advisor and the Student Success Center to place students receiving financial aid into only the courses required by their program of study. The advisor or the Student Success Center must also approve registration changes, such as dropping and adding courses, unless the student is merely changing sections of the same course. Students receiving financial aid should always consult staff in the Financial Aid Office located in Student Services when dropping and/or adding courses.

Although the faculty advisor will help students become familiar with degree and diploma requirements in a chosen field, each student is ultimately responsible for the proper completion of his or her academic program, for familiarity with the college *Catalog*, for maintaining the grade average required, and for meeting all other degree requirements. The advisor will advise, but the final responsibility remains that of the student. In addition, college transfer students should know the requirements of both Sandhills Community College and the transferring institution.

Students whose advisors are not available or who are designated “special” may receive advising help in the Student Success Center located in Stone Hall.

Academic Freedom and Integrity

The faculty and staff at SCC recognize that student learning lies at the heart of all they do. To support student learning, they abide by the principles of academic freedom and integrity. Faculty and students must be free to examine all pertinent data, question assumptions, be guided by the evidence of scholarly research, and teach and study the substance of their discipline. Instructors are afforded the freedom to manage the learning environment of their courses. At the same time, students will be afforded a quality educational experience where learning is encouraged, evaluations are substantive and meaningful, and grades are awarded fairly.

College General Education Requirements

Sandhills Community College faculty has identified four primary goals of general education: social and personal responsibility, communication, critical thinking, and technology literacy. For each of these four goals, competencies have been developed to assess student attainment. Course-embedded assessments are used to measure the four competencies in the appropriate general education courses. The general education courses used for assessment are selected from various disciplines (humanities, science, mathematics, etc.) to capture a variety of ways to assess each of the core general education goals. Standard rubrics are used to assess student attainment of competencies.

Social and Personal Responsibility

Social and Personal Responsibility is the ability to analyze similarities and differences in human experiences and perspectives, exhibit a greater awareness of ethical and social concerns, and demonstrate respect for self and others.

Demonstrated competencies:

- Students will demonstrate respect for self and others by working in groups.
- Students will analyze ethical or social concerns.

Communication

Communication is the ability to apply college-level language skills individually and collaboratively to discover, organize, and convey information, ideas, and arguments in a manner appropriate to audience and purpose.

Demonstrated competencies:

- Students will demonstrate college-level language skills.
- Students will create a summary of information using discipline-specific material.

Critical Thinking

Critical Thinking is the ability to use appropriate inquiry to reach a reasoned conclusion.

Demonstrated competencies:

- Students will demonstrate analytical reasoning abilities by drawing inferences.
- Students will use evidence, logic, and organization to defend a position.

Technology Literacy

Technology Literacy is the ability to use appropriate technology, communications tools, and/or networks to access, manage, integrate, evaluate, and/or create information.

Demonstrated competencies:

- Students will use technology to integrate information into a final product.

General education outcomes assessment results will be reported in the aggregate because the results represent the college and not individual students or faculty. In addition, assessment results will be shared with faculty, staff, and students. The assessment results are to be regularly and systematically considered by the faculty, staff, and administrators in order to take action to improve student learning. General education assessment tools (tasks and scoring rubrics) and the process will be reviewed every three years to improve process validity and efficiency.

Alternative Methods for Achieving Course Credit

Credit by Examination

Students enrolled in Sandhills Community College may have developed knowledge and skills that match the knowledge and skills to be achieved in certain courses in the College. These achievements may be the result of work experience, military experience, or informal study.

To receive credit by examination, students must demonstrate proficiency by taking challenge examinations developed by departmental faculty or a standardized examination such as the College Level Examination Program (CLEP) or the United States Armed Forces Institute (USAFI).

Although any faculty advisor or counselor may initiate a credit by examination request, the specific courses to which credit by examination applies will be determined by the instructional departments. Students who seek consideration for credit by examination must obtain permission from the chairperson of the department in which the course is offered. Where applicable, the chairperson will arrange for the examination to be administered. The Dean of Instruction must approve all credit awarded by challenge examination.

Students who wish to receive credit by examination through CLEP or USAFI should submit such certifications to the Director of Records and Registration. The Office of Records and Registration will evaluate the certifications in consultation with the appropriate department chairperson.

Upon the student’s successful completion of credit by examination, the symbol “CE” will be shown on academic transcripts, and credit hours will be awarded; however, no quality points will be assigned. Students should note that, typically, credit by examination hours do not transfer.

ACA Credit by Exam

The College requires most incoming freshmen to take one of two freshman orientation courses: (1) ACA-115 for students pursuing the A.A.S. degree, or (2) ACA-122 for students pursuing the A.A., A.E., A.S. or A.F.A. transfer degree. Students who have earned a bachelor’s degree or higher within the last five years may be eligible for the Credit by Examination for ACA 115 and should see their academic program advisor. Students who transfer in 18 or more hours from an accredited four-year college or university may be eligible for Credit by Examination for ACA-122 and should contact the Coordinator of University Studies.

Advanced Placement

Students who have taken any of the following Advanced Placement courses in high school and who have made the appropriate score on the AP exam can receive credit for the courses as part of the general education courses under the Comprehensive Articulation Agreement (CAA). The AP exam must be administered by the College Board and submitted to the SCC Office of Records and Registration. The Director of Records and Registration will verify AP examination scores and record appropriate credit on the student’s transcript. One exception to this policy is the AP Art Studio course. Determination of credit for AP Studio Art will be made by the appropriate department chair with approval by the Dean of Instruction. **Please note:** Students should be aware that if they receive AP course credit at Sandhills Community College but “do not complete the associate in arts or associate in science degree” before transferring to a UNC university, their AP scores will be evaluated on the “basis of the receiving institution’s AP policy,” according to the CAA. For the Associate in Engineering degree, AP course credits “awarded for a score of three or higher, are acceptable as part of a student’s successfully completed AE degree under the AE to BSE AA.”

Approved AP Courses

Each of the following AP courses will receive college credit with the appropriate score on the AP exam administered by the College Board and submitted to the Office of Records and Registration.

AP Course	College Course and Required AP Exam Score
Art History	ART-114 and 115 with a score of 5; ART-114 only with a score of 3 or 4

ACADEMIC POLICIES AND PROCEDURES

AP Course	College Course and Required AP Exam Score
Biology	BIO-111 and 112 with a score of 5; BIO-111 only with a score of 3 or 4
Calculus AB	MAT-271 with a score of 3, 4, or 5
Calculus BC	MAT-271 and MAT-272 with a score of 3, 4, or 5
Chemistry	CHM-151 and 152 with a score of 5; CHM-151 only with a score of 3 or 4
Computer Science A or Computer Science AB	CIS-115 with a score of 3, 4, or 5
Macroeconomics	ECO-252 with a score of 3, 4, or 5
Microeconomics	ECO-251 with a score of 3, 4, or 5
English Language	ENG-111 with a score of 3, 4, or 5
English Literature	ENG-112 with a score of 3, 4, or 5
Environmental Science	BIO-140 with a score of 3, 4, or 5
French Language	FRE-211 with a score of 3, 4, or 5
French Literature	FRE-212 with a score of 3, 4, or 5
Comp Government & Politics	POL-210 with a score of 3, 4, or 5
U.S. Government & Politics	POL-120 with a score of 3, 4, or 5
Human Geography	GEO-111 with a score of 3, 4, or 5
Music Theory	MUS-114 with a score of 3, 4, or 5
Physics B	PHY-151 and 152 with a score of 5; PHY-151 only with a score of 3 or 4
Physics C	PHY-251 and 252 with a score of 5; PHY-251 only with a score of 3 or 4
Psychology	PSY-150 with a score of 3, 4, or 5
Spanish Language	SPA-211 with a score of 3, 4, or 5
Spanish Literature	SPA-212 with a score of 3, 4, or 5
Statistics	MAT-151 with a score of 3, 4, or 5
Studio Art	ART-121, ART-122, or ART-131, based upon portfolio
U.S. History	HIS-131 and HIS-132 with a score of 5; HIS-131 only with a score of 3 or 4
World History	HIS-111 and HIS-112 with a score of 5; HIS-111 only with a score of 3 or 4.

College Credit for College Tech Prep Students

Students who successfully completed high school College Tech Prep courses with a grade of B or higher in the course and a score of 93 or higher on the course post-assessment may receive credit for Sandhills Community College courses that cover the same content or skills development as identified in the

North Carolina High School to Community College Articulation Agreement. For some college courses, students must also demonstrate mastery of course knowledge and skills by passing an examination administered by college personnel. To receive articulated credit, students must enroll in the community college within two years of their high school graduation date.

Credit for Experiential Learning

Students enrolled in degree, certificate, or diploma programs that have had career experience that they believe duplicates that required for a course may apply for credit by contacting the Director of Records and Registration and requesting the form on which the students will document the career experience. The Director of Records and Registration assesses the career experience in consultation with faculty in a program and the Dean of Instruction. In some instances, that assessment includes a review of state, regional, or national certifications that verify a student's knowledge in content parallel to a course.

If these parties determine that the experience duplicates the knowledge required for a course, the faculty member will recommend credit be given for courses for which required knowledge and skills have been demonstrated. Credit will be awarded by the Director of Records and Registration upon approval by the appropriate Department Chair and the Dean of Instruction. The symbol "EL" on academic transcripts will indicate credit earned for experiential learning. Credit hours will be awarded for such credit; however, no quality points will be assigned. In determining experiential credit for coursework completed in continuing education non-credit coursework, the college references the NCCCS *Continuing Education Master Course Listing and Business and Industry Guidelines*.

The College periodically validates the evaluation process for awarding credit for experiential learning by reviewing the performance of students receiving such credit in follow-on courses or their program of study.

Credit for Military Training

Credit may be awarded to enrolled students for educational experience in the armed services. The student must submit an official transcript from the Army/American Council on Education Registry Transcript System (AARTS). The Director of Records and Registration will evaluate the transcript and determine any applicable credit. Credit hours will be awarded for such credit; however, no quality points will be assigned.

Academic Petition/Course Substitution

Students may, under unusual circumstances, petition that one course substitute for another in a curriculum program. The *Academic Petition Form* must have

the approval of the faculty advisor, the Program Coordinator, the Department Chair, and the Dean of Instruction.

Course Prerequisite Waiver

A student who has not completed the prerequisite or corequisite courses may satisfy those requirements by demonstrating to the subject-area department chair that he/she has the appropriate knowledge and skills required for admission to the course. The student must submit the *Prerequisite Waiver Form* to the Department Chair; if the Department Chair approves the request, the Department Chair will sign the form, register the student, and send the form to the Dean of Instruction and Vice President of Academic Affairs for approval immediately after registering the student. This process must be completed prior to prerequisite checking and the printing of class rosters.

Special Course Enrollment

Enrollment in Courses Unique to Concentration Programs

Some programs in the North Carolina Community College System have “concentrations” identified, such the Substance Abuse concentration of the Human Services Technology program. Each concentration has certain “concentration courses” identified that must be unique to the concentration. These courses are identified by a sentence in the course description that reads, “This course is a unique concentration requirement of....”

Students who are not enrolled in the particular concentration program may enroll in and take unique concentration courses for credit if the students are otherwise eligible to participate in the class by, for example, meeting prerequisite and corequisite requirements. Such classes may be counted as elective credits for other applied science programs. Students not enrolled in the concentration program must receive approval from the instructor of the course. The instructor will indicate approval by signing a student’s *Course Planning Form* or *Course Change Form*.

Independent Study

Under unusual circumstances, a student may have a need to enroll in a course of independent study under the guidance of an instructor. A student must first substantiate the need and then secure the written approval of the instructor and advisor. Next, an Independent Study Contract must be prepared by the instructor with whom the work will be done. Finally, written approval must be obtained from the chairperson of the department in which the course is requested. The registration form should also indicate the course will be taken by independent study. The registration process cannot be initiated unless a copy of the contract accompanies the registration form. Enrollment in more

than one independent study course per semester will be allowed only under exceptional circumstances.

Auditing Courses

Students who do not desire credit or a grade may audit any course for which prerequisites are met. Students who wish to audit a course must complete an *Audit Permission Form* and submit the form to the Director of Records and Registration prior to the end of the drop period. Requirements for auditing will be determined by the instructor. Auditors will register and pay the same tuition and fees as students who take the course for credit. Students with a recorded audit grade for a course may repeat the course one time on an audit basis.

External Instruction

The College maintains full responsibility for the academic requirements and standards of students who participate in credit courses that require work-site experiences, such as clinical or internship courses. Each program using such courses will provide written policies and requirements to students and will maintain reporting and monitoring procedures that are consistent with program standards.

Course Load

Depending on the program, the usual course load for students is 12 to 18 semester hours during fall and spring terms. The usual course load for students during any entire summer session (two five-week sessions or one ten-week session) is 6 to 12 semester hours. Registration for more than 18 hours in the fall and spring or 12 hours for the entire summer (7 semester hours for a single five-week session) must carry the approval and signature of the Advisor and the Dean of Instruction. Mini-mester and 8-week session (short session) registration is limited to 2 concurrently scheduled online course. A student may take 2 online Mini-mester courses if they are NOT enrolled in an online 8-week course. If enrolled in an online 8-week course in one or both 8-week sessions, the student may enroll in 1 Mini-mester online course. Students are able to take additional short-session classes offered through classroom and hybrid delivery.

Classification of Students

For purposes of administration, excluding financial aid, the following student classifications have been specified:

- Full-time student: The student is enrolled in 12 or more credit hours. During the summer semester, a full-time student must be enrolled with 9 or more credit hours.

- Part-time student: The student is enrolled in fewer than 12 credit hours. During the summer semester, a part-time student is enrolled in fewer than 9 credit hours.
- Freshman: The student has successfully completed 32 or fewer semester hours.
- Sophomore: The student has successfully completed more than 32 semester hours.

Attendance Procedures

Entry into Courses

Students must attend a seated or hybrid course (meeting in a traditional classroom setting) or must complete an assignment/activity as directed by the instructor for an online course during the first 10 percent of the semester to be considered entered into the course for academic and financial aid purposes. If a student does not meet this criterion, the student will be recorded as having never attended (NA) the course and will be ineligible for course completion and no refund will be given.

Attendance

Because the College realizes that academic success is tied to regular attendance, students are expected to attend all class sessions, laboratories, and clinical experiences. Faculty members are responsible for informing students in writing at the first class meeting of attendance expectations and identifying all classes, laboratories, and clinical experiences that must be attended at the scheduled times. Faculty members will inform students at the first class period if tardiness is to be computed as an absence. Absence from class must be satisfactorily explained to and/or documented for the instructor, and the student is held responsible for all work missed.

Unsatisfactory attendance may adversely affect a student's grade for the course. Any student who violates the attendance policy of the course during the 65% point of a semester (or summer session) may be required to drop the course. Any student who violates the attendance policy of the course after the 65% point of the semester (or summer session) may be required to withdraw from the course with a grade of "WP" or "FW," depending upon his or her grade in the course at the time of withdrawal. Attendance policies for online courses are detailed in the course syllabi for the individual courses. Generally, these attendance policies reflect the instructor's expectations regarding the frequency of posted interactions.

Class sessions that are missed by late-enrolling students may be counted as absences.

Sandhills Community College will excuse two days each academic year for religious observances required by the faith of a student. Students must provide a written notice to the instructor at least two weeks prior to the absence. Students are required to make up work missed due to absences.

Students will not be charged when an absence is due to participation in an activity specifically approved by the Dean of Instruction or the Dean of Student Services.

Schedule of Last Class Sessions

The last four days of each semester are used to provide classes with a concluding session related to the final assessment activity the instructor has designed. Meeting times for classes during the last four days of the semester are provided in the final exam schedule which is posted on the Sandhills website at www.sandhills.edu. The last class sessions are used for final examinations or for other activities that are designed to bring the course to a successful conclusion and meet the requisite contact hours for the course. Last class sessions must meet whether or not a final examination is to be given.

Grading Policies and Procedures

Grading

Grading the performance of students in course work is the responsibility of individual faculty members.

Grade Categories for Completing a Course

Categories of institutional grades and symbols for students who have met minimum course requirements are as follows:

Course Completion Grade Chart

Superior	A	Superior academic performance
Good	B	Good academic performance
Average	C	Average academic performance. Students in zero-prefix courses must earn a "C" or better to enter subsequent developmental or curriculum course(s).

Course Completion Grade Chart

Passing	D	Academic performance that has met minimum course requirements and that will allow students to enter the subsequent course or courses in a series, unless a higher grade is specified in the course prerequisite. Students who make a “D” grade in a zero-prefix course may not progress to the next course. Credits for courses in which a “D” is earned do not normally transfer.
Pass	P	Proficiency (DMA and DRE courses only)
Credit by Examination	CE	Credit earned by examination procedures of the College
Experiential Learning	EL	Credit earned for life experience
Transfer Credit	TR	Credit earned from courses taken at other accredited educational institutions or military education experiences in the armed services
Audit	AU	Participation as an auditor of a course

Grade Categories for Not Completing a Course

Categories of institutional grades and symbols for students who have not met minimum course requirements are as follows:

Course Non-Completion Grade Chart

Failure to Meet Course Requirements	F	Student performance judged to require repetition of the course. Students who make an “F” grade in a zero-prefix course may not progress to the next course.
Re-enroll	R	Non-punitive grade used when the student’s final grade for the class is less than 80 on a 100-point scale. (DMA and DRE courses only)
Drop	DR	Courses dropped during the first 10% of the class will not appear on the transcript. Between the 10% and 65% date, the class will be listed on the transcript as “DR.”
Withdraw Passing	WP	Used to indicate that a student currently passing a course has withdrawn or been withdrawn from a course after the 65% date of the semester.
Failing Withdraw	FW	Used to indicate that a student currently failing a course has withdrawn or been withdrawn from a course after the 65% date of the semester.

Course Non-Completion Grade Chart

Incomplete	I	Punitive grade used when the instructor determines that at least the minimum course requirements may be met by a student during the next consecutive semester without repeating the course.
------------	---	---

Removing Incomplete “I” Grades

1. When grades are reported, it is the responsibility of the instructor to inform the appropriate department chairperson in writing of the reasons for an “I” grade and the conditions that must be met to remove it.
2. It is the student’s responsibility to contact the instructor or department chair regarding work to be completed for the removal of the “I” grade.
3. When removing an “I” grade during the next consecutive semester, a student should continue working under the instructor’s direction and should not re-register for the course.
4. If a student has not removed the “I” grade by the end of the next consecutive semester, it may be necessary to re-register and re-take the course. “I” grades not removed during the allowed time may remain on the student’s record. “I” grades have the same effect as “F” grades.
5. When a student performs the work that allows the removal of the grade of “I,” it will be deleted from the transcript, and the new grade will be entered.
6. If a student receives an “I” and the instructor is not at the institution the next consecutive semester, the student should meet the requirements of the course under the supervision of the department chairperson.
7. A grade of “I” may be replaced by a grade of “F” if a student, in attempting to remove an “I,” completes the work required but averages an “F” in the course.

Grade Point Average

Grade point averages are based on points assigned as follows:

Grade	Grade Points
A	4
B	3
C	2
D	1
F	0
FW	0

Grade	Grade Points
I	0
WP	Not computed
DR	Not computed
P	Not computed
R	Not computed

A minimum major grade point average of 2.0 is required for graduation. In addition, students enrolled in health science programs will be required to achieve a minimum overall average of “C” (or 2.0) in all required specialty and clinical courses.

In the computation of the grade point average for determining graduation eligibility, only grades for courses required for the completion of the current program of study will be computed. All other grades will remain on the student’s record but will not be computed. Grades earned in developmental courses (indicated by numbers ranging from 010 through 098) will not be used in the computation of the grade point average for graduation, but those grades will be included in the grade point average to determine academic progress.

Students who plan to transfer to a four-year college/university should be aware that many four-year colleges/universities re-compute the grade point average based on all college-level hours that the student attempts. Students who have a cumulative grade point average of less than 2.0 may not be accepted by the University of North Carolina System institutions.

Course Repetition

A student who has earned a grade of “C” or better in a course may repeat the course one time in an effort to earn a higher grade or to add to his or her mastery of course content. A student who has not earned a grade of “C” or better may repeat the course as many times as necessary in order to earn a higher grade. When a course is repeated, only the higher grade will be counted in determining the hours earned and the grade point average at Sandhills Community College.

Students planning to transfer should realize that universities do not have consistent policies regarding grade forgiveness. University admissions personnel will review the transcripts of transfer applicants and may re-compute grade point averages and could include forgiven low grades. The Comprehensive Articulation Agreement (CAA) with the University of North Carolina System requires that a student earn a grade of “C” or better in each transfer course completed.

Students with a recorded “Audit” (or grade of “AU”) for a course may repeat the course one time on an “Audit” basis. Exceptions to this must be approved by the Dean of Instruction.

Inter-Curricular Transfer of Credit

When a student transfers from one curriculum program to another within the College, all courses with passing grades that are applicable to the new program will be transferred and included in the computation of the student’s grade point average.

Course Change Procedures

Drop/Add Procedure

Students should follow these practices when adding or dropping courses:

Adding Courses: A student may add a course with permission of the advisor through the second day of the semester. After that point, permission of the advisor and the instructor is needed in order to add a course through the 10% census date.

Dropping Courses: The Last Date of Attendance is required for all course drop requests. A student may drop (DR) a course at any time during the first 65% point of the semester or summer session by completing a *Course Change Form*, obtaining the signatures of the advisor and the instructor, and filing the form with the Office of Records and Registration. A student may withdraw (WP or FW – the instructor of record makes the determination of WP or FW) from a course at any time after the 65% point of the semester by completing a *Course Change Form*, obtaining the signatures of the advisor and the instructor, and filing the form with the Office of Records and Registration. **Please note:** Online students should consult the Student Success Center and/or the *Online Education at SCC* brochure located on the Sandhills website at www.sandhills.edu to initiate a drop.

Fall and Spring Semesters: To drop/add a class, a student must: (1) meet with the assigned advisor to complete and to sign a *Course Change Form*, (2) obtain an instructor’s signature for all classes dropped/added, (3) submit this form to the Registrar’s Office for approval and processing, and (4) submit the form to the Business Office.

Students should familiarize themselves with these guidelines for dropping and adding during the fall and spring semesters:

1. Students who drop (DR) a class during the 65% point of a semester may do so without academic penalty. If the course is dropped during

the first 10% of the semester, the student will not receive a grade for the class and no record of enrollment in the class will appear on the student's transcript.

2. If the student drops the course after the 10% and prior to 65% point, the class will be listed on the student's transcript with a grade of "DR." The "DR" grade will not be computed in the calculation of the student's grade point average.
3. Emergency situations that make it necessary for a student to withdraw from a course, a program, or the College may arise after the 65% point of the semester. In this case, the student may officially withdraw from the course by completing the withdrawal portion of the *Course Change Form*. This form must be signed by the instructor of the course and the student's advisor, and then submitted to the Director of Records and Registration prior to the end of the semester. If the student is passing at the time of withdrawal, the student will receive a grade of "WP" (withdraw passing). If the student is failing, the student will receive a grade of "FW" (failing withdrawal). The "WP" grade will not be computed in the calculation of the student's grade point average. The "FW" grade will be computed in the calculation of the student's grade point average and will have the same effect as a grade of "F."
4. Students who stop attending class but fail to officially drop or withdraw may receive an "F" or "FW" in the course.

Summer Semester: During the summer semester, the same drop/add procedure will be in effect. However, the last day to drop will vary, depending on the length of the summer semester session(s). The last day to drop and other enrollment information will be listed in the college *Catalog*.

Adding a Course: Through the second day of the semester, a student may add a course with the permission of the advisor. After that point, both the advisor's and the instructor's permission are needed in order to add a course.

Instructor-Initiated Drop or Withdrawal

An instructor will drop a student if the student has failed to attend two consecutive weeks' worth of class. Additionally, an instructor may drop or withdraw a student from a course under any of the following conditions:

- Student fails to meet the attendance policy of the course, if that policy is more restrictive than what is stated above.
- Student fails to upload, post, or otherwise participate in an online class within the time period prescribed in the online syllabus, if that policy is more restrictive than what is stated above.
- Student is absent from the final exam without the instructor's permission.
- Student misconduct.

Withdrawal from a Course, Program, or the College

As noted above, emergency situations may arise after the no-penalty drop period whereby students must leave involuntarily. In this case, students may withdraw from the course by completing a *Course Change Form*. Students must obtain signatures from their advisor and instructor on the *Course Change Form* (drop/add form). Students withdrawing from all courses or from their last ungraded course must also obtain signatures from the business office, library, and financial aid office. This form must be completed and filed with the Office of Records and Registration and shared with the Financial Aid Office.

Students who are passing at the time of withdrawal may receive a grade of “WP.” Students who are failing at the time of withdrawal may receive a grade of “FW.” Students who stop attending class without officially withdrawing from the course may receive a failing grade in the course.

Change of Major, Re-entry, and Readmission

Change of Major

Students are never “locked in” a program of study for longer than one semester. Any time a student considers making a change, the student should immediately meet with a counselor, instructor, or advisor to discuss the advantages and disadvantages of the proposed change. Students should explore all program offerings at SCC, and Career Counseling located in Blue Hall is prepared to help in that exploration.

If the advisor feels that a student is not making satisfactory progress or has reason to doubt the validity of the program placement of the student, the advisor may refer the student to the Student Success Center, located in Stone Hall, for a change of major.

If a student wishes to change from one instructional program to another, the student must complete a *Change of Major Form*. This form is available in the Student Success Center in Stone Hall. Students may change their major at any time during the academic year, but the students who are on financial aid should seek counsel from a Financial Aid official in Stone Hall.

Re-entry into a Program

When a student wishes to be considered for re-entry into a program that has special placement requirements or enrollment limitations, these procedures will be followed:

ACADEMIC POLICIES AND PROCEDURES

1. The student should check with the Admissions Office to see if his or her application is current. If necessary, a new advisor will be assigned at that time.
2. The student should schedule an appointment with the assigned advisor to discuss re-entry into the desired program.
3. The advisor may recommend to the appropriate department chairperson that the student be permitted to re-enter the program. Such recommendation should be based upon the student's demonstration that remedial action has been taken that would prevent a repeat of earlier failure to succeed in the program.
4. The department chairperson will have responsibility for approving a student's re-entry into a program within that department.
5. Nursing and Health Science students should consult the department chair and/or program coordinator to review specific re-entry requirements as detailed in the program policy manual that applies.
6. Students who interrupt their program of study will be subject to the program requirements of the *Catalog* in effect at the time of their re-entry into the program.

Academic Forgiveness

A student may request academic forgiveness for grades lower than a "C," if the following conditions are met:

1. The student has not been enrolled in curriculum courses for 36 consecutive months.
2. During the previous enrollment period, the student experienced extenuating circumstances that contributed to grades lower than a "C."

The student requesting academic forgiveness must contact the Dean of Instruction and verify conditions 1 and 2 above.

If a student is granted academic forgiveness, the following conditions apply:

1. The student's entire academic record at Sandhills Community College will be recorded on any subsequent transcript.
2. The subsequent grade point average of a student who is granted academic forgiveness will be computed without inclusion of previous coursework in which a grade below "C" was received. However, unless the courses are completed with a better grade, this work may be included in calculations for consideration for honors.
3. A student may be granted academic forgiveness only one time.
4. This forgiveness policy is used for academic purposes only. Due to federal regulations, the Financial Aid Office is required to count all courses listed on a student's transcript when calculating financial aid eligibility.

Academic Progress

Students who enroll in curriculum programs, or who enroll as special students, are expected to maintain satisfactory academic progress.

Academic Probation and Suspension

Following the first ten semester hours of coursework at Sandhills Community College, a student who does not attain a semester grade point average (GPA) of 2.0 may be placed on academic probation. The semester GPA is based on all courses taken during a single semester for which a grade is given.

The purpose of the probation program is to identify when students are having academic difficulties that might jeopardize their reaching their educational goals. Since a 2.0 GPA in a program is required for completion, students who fall below this standard in any given semester are placed on academic probation and are required to seek advice or counseling to identify ways to improve their academic achievement. Advisors may recommend that the student continue with his or her current program or they may recommend that the student interview with a counselor to consider other academic or program options.

Students on academic probation will not be permitted to participate in early or pre-registration without approval from an advisor or the Dean of Instruction.

Students will be returned to normal academic status upon attaining a 2.0 or better semester GPA or upon returning to the College after an absence of at least one semester.

Students who continue on probation for a second semester may be suspended from their program and must attend an advising session with the Dean of Instruction. Suspended students may remain in their programs with permission from the individual program coordinator.

Students who are suspended from a second program may be suspended from the College. To be readmitted, the student must interview with a counselor and obtain permission from the Dean of Instruction.

The Satisfactory Academic Progress Policy for Students Receiving Financial Aid

Purpose

All financial aid recipients are required to meet Satisfactory Academic Progress (SAP) according to Federal regulations and policies set by Sandhills Community College (SCC). The intent of these policies is to ensure that

students who are receiving financial aid are making measurable progress toward completion of an approved degree, diploma, or certificate program in a reasonable period of time and within a reasonable number of credit hours attempted in their program of study.

Scope

Regulations require a student's progress for financial aid purposes to be measured both quantitatively and qualitatively. In addition to a student's cumulative grade point average, students are also required to pass a percentage of all attempted coursework, and to complete their program of study within the maximum time frame established by the institution. To reasonably measure a student's academic progress for financial aid, the student's academic record will be evaluated including credit hours earned at other post-secondary institutions and transferred into the student's program of study at SCC. This requirement applies to all students who apply for financial assistance from Federal, State and Institutional Aid.

For students receiving financial aid, Satisfactory Academic Progress will be reviewed at the end of each semester of enrollment. Students who have attended SCC in the past without receiving financial aid will be evaluated for SAP based on their prior academic record, and subsequently, at the end of each semester of enrollment. Returning students are evaluated on a continuing basis from the first enrollment at Sandhills. Returning students who were previously enrolled under a Satisfactory Academic Progress Policy other than the current Satisfactory Academic Progress Policy will be required to meet the standards of the current policy upon returning. There is no requirement in the federal regulations for institutions to notify students who are not applying for or receiving Title IV, HEA aid of their eligibility under SAP.

Standards of Progress

To receive financial aid, the student must maintain Satisfactory Academic Progress toward an eligible program of study. There are two standards in the Financial Aid Office's standards of progress that students receiving financial aid must meet in order to maintain Satisfactory Academic Progress:

1. **Qualitative Standard:** The minimum cumulative grade point average (GPA) requirement the student must maintain to receive and/or continue receiving financial aid assistance is **2.0**. This includes all degree, diploma and certificate programs.
2. **Quantitative Standard:** 67 % Completion Rate and 150% Maximum Time Frame.

The student must maintain the minimums as listed below:

- **Completion Rate Requirement:** The student must successfully complete 67% of the cumulative credit hours attempted to meet the minimum requirement. Example: if the student attempts 59 credit hours during enrollment, the student must successfully complete 40 credit hours ($40 \text{ hours completed} \div 59 \text{ hours attempted} = .67$ or 67%). Successful completion is defined as receiving a grade of A, B, C, D, or P (Pass).
- **Maximum Time Frame:** The maximum timeframe for a student to complete a program is 150% of the published length of the program. Example: if 75 credit hours are required to complete a degree, the student may attempt a maximum of 113 credit hours before the student exceeds his eligibility for financial aid ($75 \text{ credit hour program} \times 150\% = 113$). One academic year of credit (30 credit hours) may be added for required remedial coursework. If a student is pursuing more than one program of study, maximum time frame standards of 150% will be applied toward each program for all attempted hours. If a student should need additional periods of enrollment to complete his/her program or if the student has a valid reason for pursuing an additional program of study, appeal procedures noted within this Satisfactory Academic Progress policy may be applied.

Please note: Both pace and maximum time frame are measured in credit hours (except for Clock Hour programs – see below), regardless of full time or part time attendance.

If a student does not meet any ONE of the above three criteria, he/she has failed to maintain Satisfactory Academic Progress, and failure to do so will result in termination of eligibility to receive funds from federal Title IV, state, and institutional financial aid programs.

Treatment of Selected Grades

Withdrawals/Drops

Credit hours in which a student receives a grade of Drop (DR) and Withdraw Passing (WP) do not affect a student's GPA; however, Failing Withdraw (FW) is calculated as 0.0 in the GPA calculation for SAP. Grades of DR, WP, and FW are included in the number of attempted hours, but do not count toward successfully completed hours. Students who withdraw may have difficulty meeting the satisfactory academic progress requirements. Courses dropped during the official add/drop period (usually the first 8 days of the semester) are not included as attempted and/or unsuccessful credits.

Incomplete and Failing Grades

Credit hours in which a student receives a grade of Incomplete (I), Repeat (R), or Fail (F) are included in the number of attempted hours, but do not count toward successfully completed hours. All are calculated as 0.0 in the GPA calculation for SAP. Students with incompletes may have difficulty meeting the satisfactory academic progress requirements at the time of evaluation, but may request reevaluation upon completion.

Transfer Credit

Students transferring from another college will be considered making satisfactory progress at the time of initial enrollment at SCC. Grades from courses taken at other institutions that are accepted toward the student's educational program at SCC are not included in the GPA calculation for SAP. Any such transfer credits will be included in the completion rate requirement as both attempted and completed credits, while a student's maximum time to receive financial aid will be reduced by the equivalent transfer of credit hours towards his/her educational program.

Audit and Never Attend

Audit (AU) or Never Attend (NA) grades are not considered attempted course work and are not included in the grade point average or completion rate determinations. A student cannot receive financial aid for courses that he or she audits or is considered a no show (AU or NA).

Repeat Courses

For financial aid purposes, all hours attempted will continue to be counted in each component of the student's academic progress.

Credit by Exam

While Credit by Exam (CE) is not included in enrollment status for purposes of awarding financial aid, the attempted and completed credits are counted in each component of the quantitative standard. The grade CE has no numerical value at SCC and, therefore, does not affect the GPA.

Experiential Learning

When a student earns credit for Experiential Learning (EL) which is given for career experience that duplicates experience required for a course, it is not included in enrollment status for purposes of awarding financial aid; however, the attempted and completed credits are counted in each component of the quantitative standard. The grade EL has no numerical value at SCC and, therefore, does not affect the GPA.

Developmental Courses

Courses numbered less than 100 (i.e., BIO-094, DMA-010, DRE-096, etc.) are included in GPA calculations for SAP, as well as when calculating the 67% Completion Rate. One academic year of credit (30 credit hours) may be added for required developmental coursework when calculating the 150% Maximum Time Frame. Only 30 credit hours of developmental coursework will be included in a student's enrollment status for federal financial aid.

Developmental Math Modules (DMA) and Developmental English Modules (DRE): DMA and DRE courses are included in GPA calculations for SAP, as well as when calculating the 67% Completion Rate. When calculating cumulative GPA, a P grade is the equivalent of a grade of A. An R grade is the equivalent of a grade of F and is calculated as 0.0 in the GPA calculation for SAP. Also note, credit hours in which a student receives a grade of R are included in the number of attempted hours but do not count toward successfully completed hours.

Summer Session

Credit hours attempted and earned during summer session will be included in the calculation of Satisfactory Academic Progress, just as any other enrollment period. For purposes of financial aid, full time enrollment in summer is 12 credit hours.

Clock Hour Programs

Students enrolled in clock hour programs (i.e., BLET) will have SAP evaluated at the end of each payment period. At the time of review, students must have successfully completed both the clock hours and weeks of instructional time required for the payment period. Maximum Time Frame is measured in cumulative clock hours required to complete the program and expressed in calendar time. (Note that a student in a clock hour program cannot receive aid for hours beyond those in the program; the maximum time frame applies to the amount of calendar time the student takes to complete those hours.) For example, if the program is 1200 clock hours and meets 30 clock hours per week, that means the program is 40 weeks in length. 150% of 40 weeks is 60 weeks. A student may receive aid while enrolled in this program for up to 60 weeks to complete the 1200 clock hours required for graduation.

Complete Academic Record

In order to measure a student's satisfactory progress toward degree, diploma, or certificate requirements, the student's total academic record at Sandhills Community College must be evaluated whether or not the student received financial aid for the entire time of enrollment. This includes, but is not limited to, courses taken through dual enrollment, the Huskins program, the Career

and College Promise program, and the SandHoke Early College program. When students complete course work for more than one major, college and financial aid academic progress standards must be met to receive student financial aid.

Financial Aid Eligibility Status

Eligibility Status

Satisfactory status is achieved when all the criteria explained above are met.

Financial Aid Warning

Students (not currently on Warning, Suspension, or Probation) who do not have the required cumulative grade point average of 2.0 and/or have not successfully completed 67% of their attempted credit hours, will be placed on Warning for the following semester. A student on financial aid Warning may continue to receive Title IV aid for one payment period. Satisfactory progress will be monitored at the end of the semester to determine if the student has met the standards of progress and is eligible to continue to receive financial aid.

Financial Aid Suspension

Students on financial aid Warning who have not attained at least a cumulative 67% completion rate and/or earned the minimum required cumulative grade point average of 2.0 will have their financial aid suspended at the conclusion of the Warning period.

Financial Aid Probation

If a status of Suspension is appealed and approved, a status of Probation is assigned. This status requires students to maintain both a term GPA greater than or equal to 2.5 and a term completion rate equal to 100%. In order to achieve a completion rate equal to 100%, a student must successfully complete each course enrolled for the term. The pace component may also require a course by course plan toward degree completion. If a student withdraws or fails a course during the Probation term dropping the term completion rate below 100%, or does not maintain a term GPA greater than or equal to 2.5, the appeal is terminated and the student will be placed on financial aid Suspension status.

Warning Near Maximum Time Frame

Students who have attempted approximately 100% of the maximum allowable credit hours for their program of study will receive a courtesy notification status of Warning Near Maximum Time Frame. Students receiving this status

will continue to receive financial aid until they reach 150% of the program of study, at which time they will have their financial aid suspended and be assigned a status of Maximum Time Frame.

Maximum Time Frame

Students who have attempted the maximum allowable credit hours, 150%, of their program of study will have their financial aid suspended.

Notification of Financial Aid Warning, Suspension, Probation, Warning Near Maximum Time Frame, or Maximum Time Frame

The Financial Aid Office will send correspondence to any student who is placed on financial aid Warning, Suspension, Warning Near Maximum Time Frame, or Maximum Time Frame.

Regaining Eligibility

Students who attend Sandhills Community College (without federal financial aid) may regain financial aid eligibility by achieving a 67% completion rate and earning the required GPA based on hours attempted. A student may request reconsideration of eligibility for financial aid by submitting a written request to the Financial Aid Office once all requirements are met.

Appeal of Satisfactory Academic Progress Standards

Students who have been disqualified from receiving financial aid may appeal to the Financial Aid Office to waive the satisfactory progress requirements only where there are extenuating circumstances. A student may submit written documentation to the Financial Aid Office by completing the Satisfactory Academic Progress Appeal Request form explaining the circumstances that have affected academic performance and what has changed that will allow him/her to make Satisfactory Academic Progress at the end of the next term of enrollment or within a reasonable period of time prior to program graduation. Supporting documentation, including documents previously submitted for past appeals, must be presented for each semester at SCC that the student did not successfully complete/pass all classes or the semester GPA was below 2.0. Circumstances that may be considered include death in the family, accident, illness, military deployment, or other serious personal problems that were beyond the control of the student and can be supported with proper documentation from involved third party sources.

Students who have exceeded the maximum allowable time frame to complete a program of study may also appeal. These students must explain what caused them to exceed the Maximum Time Frame allowed for their major and how many credits are required to complete it. They must provide a graduation plan

completed and signed by their academic advisor that lists the courses needed to graduate and when each course will be taken. If the plan is considered reasonable, the student may receive financial aid with his or her progress being monitored for one or more semesters until the degree is completed, as long as the conditions set forth are met.

A student whose appeal is approved and is allowed to continue on Financial Aid Probation based on extenuating circumstances may receive Title IV funds for one payment period. At that point, to maintain Title IV eligibility, the student must meet SCC's SAP standards or the requirement of an established individual academic plan that will ensure that the student is able to meet SAP standards by a specific time prior to graduation.

Appeal Process

A student may appeal in writing to the Financial Aid Office using the Satisfactory Academic Progress Appeal Request form explaining why satisfactory academic progress requirements were not met and what has changed that will allow him/her to make Satisfactory Academic Progress. Supporting documentation for the extenuating circumstance is required and specified according to the student's situation on the Satisfactory Academic Progress Appeal Request form. The Financial Aid Appeals Committee will review the appeal and a decision will be rendered within fifteen (15) business days. The student will be informed of the committee's appeal decision by letter.

If a student disagrees with the determination by the Financial Aid Appeals Committee, he or she may appeal their decision to the Vice President of Student Services. This appeal must be submitted in writing within five (5) business days from the date of the letter from the Financial Aid Appeals Committee. The decision of the Vice President of Student Services is final.

Academic Progress of Health Sciences and Nursing

Academic Progress Standards for Health Science Programs

To remain in good academic standing, students in health science programs must not only satisfy the general academic progress requirements of the College but must also maintain 2.0 or higher average for all required specialty courses and meet the required prerequisites for each specialty course. Any student earning less than an overall 2.0 GPA may be suspended or placed on probation or not be allowed to continue; students must confer with the program coordinator or department chair to review policies for a specific health science program.

Academic Progress Standards for Nursing Programs

To remain in good academic standing, students in nursing programs must not only satisfy the general academic progress requirements of the College but must also achieve a letter grade of “C” or better in all required nursing specialty courses and all corequisite courses. Students who do not achieve this will not be allowed to progress and will be subject to program suspension.

Academic Progress Standards for Therapeutic Massage Program

To remain in good academic standing, students in therapeutic massage program must not only satisfy the general academic progress requirements of the College but must also achieve a letter grade of “C” or better in all required Therapeutic Massage specialty courses and all corequisite courses.

In the event that a student withdraws from the program due to academic shortfall or life circumstance, the Therapeutic Massage program follows these guidelines for readmission:

Students who receive a “C” or better in one portion of the curriculum but who fail out of or leave the program during subsequent semesters must demonstrate proficiency in completed courses in order to be given credit for the courses taken earlier.

Recognition of Outstanding Academic Performance

President’s List

The names of students who have achieved a 4.0 grade point average (for all non-developmental courses attempted) on twelve or more semester hours of college-level work during the semester will be placed on the President’s List. Developmental courses (indicated by prefix number 010-098) are not considered college-level work and will not be included in the computation of the grade point average for the President’s List. The list will be published following the reporting of semester grades for the fall and spring academic semesters.

Dean’s List

The names of students who have achieved a grade point average of 3.5 or higher (for all non-developmental courses attempted) on twelve or more semester hours of college-level work during the semester will be placed on the Dean’s List. The student can have no grade below a “C” on any college-level course. Developmental courses (indicated by prefix number 010-098) are not considered college-level work and will not be included in the computation of the grade point average for the Dean’s List. The list will be published

following the reporting of semester grades for the fall and spring academic semesters.

Honors Graduates

Students who will receive a degree or diploma and will have earned a cumulative grade point average of 3.5 or higher in their major by the end of the semester preceding their graduation semester will be recognized during graduation exercises for having achieved one of the following honors designations, which will also be noted on their diploma:

- **Cum Laude:** Grade point average between 3.5 and 3.74.
- **Magna Cum Laude:** Grade point average between 3.75 and 3.89.
- **Summa Cum Laude:** Grade point average between 3.9 and 4.0.

Developmental courses (indicated by prefix number (010-098) are not considered college-level work and will not be included in the computation of the grade point average for honors designation.

Honors graduates must have completed at least one-half of the credit hours required for their degree or diploma at Sandhills Community College.

Resources for Learning and Support

Disability Services

The College strives to provide an equal educational opportunity to all applicants and encourages students with disabilities to enroll. The College makes every effort to comply with the Americans with Disabilities Act, and reasonable accommodations will be made for all who demonstrate a documented legitimate need. The campus is largely barrier-free and accessible. Faculty and staff are available to assist where feasible. Students in need of special assistance should contact the Office of Disability Services in Logan Hall at their earliest convenience to obtain an information packet, which outlines the process for getting the required documentation. The “Compliance” section of this *Catalog* provides more information.

Distance Learning Students

In order to accommodate the needs of distance learning students, Sandhills Community College has implemented policies and procedures to protect student rights and to provide Student and Curriculum Support Services. These procedures are available on the Sandhills website at www.sandhills.edu and on the MySCC Student Cyber Connection page at MySCC.sandhills.edu.

Information Technology Resources

Sandhills Community College provides up-to-date information technology resources for students, faculty, staff, and community members. There are many on-campus microcomputer laboratories that are available for use by students and community members. All of the main buildings on the campus are networked, providing access to the Internet and the administrative computer center. A wide variety of software is available for use on these computers. (More information is available in the *Information Technology Resources Acceptable Use Policy* in this *Catalog* and online at www.sandhills.edu.)

Katharine L. Boyd Library

The Katharine L. Boyd Library, houses the Learning Resource Computer Lab, the Barbara H. Cole Children's Literature Center, the Teresa Wood Reading Room and the Jeanne Hastings Gallery. Boyd Room 101 is a 24-seat computer classroom used predominantly by the English and Humanities Dept. Boyd Library provides comfortable, pleasant surroundings for study and reading in a 26,000 square-foot building. Faculty, staff and students are provided an SCC ID card which serves as the library card. Library and inter-library loan privileges are available to Moore and Hoke County residents (and those who work in Moore and Hoke County but reside elsewhere) if those individuals are 18 years of age and older and provide a photo ID. Such privileges are granted via a community patron card. Boyd Library is open 70 hours per week and has a seating capacity of 300.

The library collection includes 78,182 print and 228 periodical holdings, instructional and entertainment multimedia 2170 DVDs and 221 CDs, and 107,000 microforms (including the *New York Times* dating from 1851), as well as myriad hardbound and electronically accessible reference materials. The library provides 7 public-access computer stations for accessing the online card catalog and/or community patron general use. Boyd Library provides access online at www.sandhills.edu/library/ to a wide variety of online research databases both directly and via NCLIVE for traditional and distance-learning students. Faculty, staff and students can learn more about NCLIVE password access in person at the Circulation Desk or via email by following the REMOTE ACCESS link on the Library website.

Learning Resource Computer Lab

The Learning Resource Computer Lab (LRC) is located in Boyd Library. The LRC is a staffed student computer lab with 50 computers available for course-requirements-based Internet access, word processing, computer-based tutorials, assistance with distance learning coursework and a wide variety of software applications. The LRC is restricted to use by students with valid ID's. Continuing Education/HSE students and students home on holiday from other

colleges are welcome to sign in to the LRC. The LRC is a proctoring site. Students at the Hoke Center in Hoke County, including students enrolled in the SandHoke Early College High School, can access resources online or through the Learning Resources lab in Upchurch Hall, which allows video reference access to librarians on the main campus.

Men of Valor and Excellence (M.O.V.E.)

Men of Valor and Excellence (M.O.V.E.) seeks to enhance the success of minority male students at Sandhills through collegial guidance, seamless support, social and leadership opportunities, and academic and professional mentoring. The program's ultimate goal is to increase graduation and retention rates among minority males. MOVE is supported through the North Carolina Assembly appropriated funds administered through the NC Community College System and the Minority Male Mentoring (3MP) Grant. Contact Dwight Threet at 695.3831 or threetd@sandhills.edu for additional information.

Student Success Center

The Student Success Center is available to assist students whose advisor may not be available or who have a program code of T90990 special student. The Student Success Center also assists students with administrative procedures, such as change of majors and advisors, course withdrawal notices, audit procedures, and drop/add forms.

Testing

The College administers the General Education Development (HSE) high school equivalency test, the ACCUPLACER North Carolina Diagnostic and Placement Test, and the ACCUPLACER WritePlacer Assessment Test for students entering college programs, and a variety of academic achievement and screening examinations requested by instructional departments. HSE testing is located in Van Dusen Hall. Those wishing to take the college placement test must see the Testing Department in Stone Hall.

Tutorial Services

An organized program of free tutorial assistance is provided to supplement the instruction given in the classroom. These services are provided by students and community volunteers. The Kelly Tutoring Center is located in Room 114 in Logan Hall.

There are also drop-in labs on campus to assist students with their course work. Students should see their instructors for information regarding these labs.

UNIVERSITY STUDIES PROGRAMS

The University Studies Program provides opportunities for students to complete coursework that will transfer as baccalaureate credit to four-year colleges and universities. By completing courses in the Arts and Sciences, students can earn Associate in Arts (A.A.), Associate in Engineering (A.E.), Associate in Science (A.S.), or Associate in Fine Arts (A.F.A.) degrees. These degrees are designed to prepare students to continue their education as juniors in their field of study.

Sandhills actively and fully complies with the 2014 Comprehensive Articulation Agreement between the North Carolina Community College System (NCCCS) and the University of North Carolina (UNC) System. This agreement establishes college transfer courses, degrees and policies that are accepted by all 58 community colleges and all 16 UNC colleges and universities. Students who complete degree requirements and are admitted to a UNC university will have certain guarantees that credits earned will transfer. These guarantees are discussed in the “degree requirements” sections that follow.

Students who do not complete all degree or general education requirements of the Comprehensive Articulation Agreement (CAA) will be able to transfer credit on a course-by-course basis and must comply with the requirements of the receiving institution. In all cases, it remains the responsibility of the student to be aware of special requirements of a particular institution or program. (Detailed information is available at www.northcarolina.edu.)

Please note: Students planning to transfer to four-year UNC institutions must comply with the University of North Carolina Minimum Course Requirements (MCR), published at www.northcarolina.edu. Students who do not satisfy these requirements in high school may comply with the MCR in one of the following ways:

- They can receive an Associate in Arts or Science, Associate in Fine Arts, Bachelor of Arts or Science, or any higher degree.
- They may complete at least 6 semester hours of credit in each of the following subjects: English, mathematics, natural sciences, social and behavioral sciences, and (for students who graduate high school in or after 2004) a second language.

Associate’s Degree Requirements

To be awarded an associate’s degree, a student must complete 60 to 61 semester hours of credit, which include all requirements applicable to a particular degree program. At least 25 percent of semester hours of credit must be completed at Sandhills Community College. Students must maintain a 2.0

grade point average, and only courses completed with a grade of “C” or higher will qualify for transfer.

Courses required are part of the **Universal General Education Transfer Component (UGETC)**, **Additional General Education Hours**, or **Other Required Hours**.

Universal General Education Transfer Component

The Universal General Education Transfer Component (UGETC) includes study in the areas of the humanities, fine arts, communication, social and behavioral sciences, natural sciences, mathematics, and English composition. Within the component, students receive opportunities to achieve greater competence in reading, writing, communicating, demonstrating mathematical skills, understanding science concepts, and using computers. More specifically, students foster a greater understanding of social and personal responsibility, communication, critical thinking, and technical literacy as student learning outcomes.

Additional General Education Hours

Additional General Education Hours allow transfer students to take more general education courses based on their intended major and transfer university.

Other Required Hours

Other Required Hours provide the opportunity for students to specialize and tailor their degree programs to particular interests, majors or career fields. These hours should be chosen from courses designated as pre-major, elective, or general education in the Comprehensive Articulation Agreement, and should be selected based on students’ intended major and transfer university.

University Studies Transfer Course List

The following lists contain Sandhills Community College courses approved for college transfer under the Comprehensive Articulation Agreement (CAA). These lists contain three categories of courses:

Universal General Education Transfer Component (UGETC): These courses will satisfy universal general education transfer component requirements for the college transfer programs. Exceptions to this list are only for the Associate in Engineering degree (A.E.) Please see the A.E. requirements. They may also be used to satisfy the Additional General Education Hours requirements and the Other Required Hours requirements. No other courses may be used as UGETC courses.

ART-111, 114, 115
 AST-111 and AST-111A (A.A. and A.F.A. only)
 BIO-110 (A.A. and A.F.A. only)

Associate in Arts Degree Requirements (A10100)

The Associate in Arts degree is designed for students who wish to transfer to a university to earn a Bachelor of Arts (or Bachelor of Science, depending upon the university) degree in one of the following fields of study: anthropology, architecture, business administration (accounting, finance, and marketing), communication, economics, education, English language and

literature, foreign languages, geography, linguistics, history, humanities, interdisciplinary studies, journalism, library science, philosophy, political science, psychology, religion, social sciences, and visual and performing arts. Students who are interested in a career in dentistry, law, medicine, theology or ministry, optometry, pharmacy, physical therapy, or veterinary medicine are usually required or at least strongly encouraged to earn a bachelor's degree before applying to one of these graduate or professional degree programs.

The Associate in Arts degree shall be granted for a planned program of study consisting of a minimum of 60 and a maximum of 61 semester hours of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic computer use. More specifically, students foster a greater understanding of social and personal responsibility, communication, critical thinking, and technical literacy as student learning outcomes.

Courses are approved for transfer through the Comprehensive Articulation Agreement. Community college graduates who have earned 60 semester hours of academic credit in approved transfer courses with a grade of "C" or better in each course and an overall GPA of at least 2.0 on a 4.0 scale will receive at least 60 semester hours of academic credit upon admission to a university. Courses may also transfer through bilateral agreements between institutions. Courses offered through bilateral agreements may not transfer to all receiving institutions.

Through careful selection of courses with your advisor and/or the University Studies Coordinator, this degree can be completed as a Distance Learning Online Degree Program.

COURSES	SEMESTER HOURS
UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT	
(31-32 SHC)*	31-32
The Universal General Education Component (UGETC) includes study in the areas of humanities, fine arts, communication, social and behavioral sciences, natural sciences, mathematics, and English composition.	
English Composition (6 SHC)	6
Two English composition courses are required: ENG-111 and ENG-112	
Humanities/Fine Arts (9 SHC)	9
Select three courses from at least two different disciplines areas: Art (ART-111, 114, 115) Communication (COM-231) Literature (ENG-231, 232, 241, 242)	

 UNIVERSITY STUDIES PROGRAM

Music (MUS-110, 112)
 Philosophy (PHI-215, 240)

Social/Behavioral Sciences (9 SHC) 9

Select **three** courses from at least **two** different disciplines areas:

Economics (ECO-251, 252)
 History (HIS-111, 112, 131, 132)
 Political Science (POL-120)
 Psychology (PSY-150)
 Sociology (SOC-210)

Mathematics (3-4 SHC) 3-4

Select one course from the following: MAT-143, 152, 171

Natural Science (4 SHC)..... 4

Select 4 SHC from the following:

Astronomy (AST-111 & 111A)
 Biology (BIO-110, 111)
 Chemistry (CHM-151)
 Geology (GEL-111)
 Physics (PHY-110 & 110A)

ADDITIONAL GENERAL EDUCATION HOURS (13-14 SHC)13-14

An additional 13-14 SHC of courses should be selected from courses classified as general education within the Comprehensive Articulation Agreement. Students should select these courses based on their intended major and transfer university.

TOTAL GENERAL EDUCATION HOURS REQUIRED (45 SHC) 45

OTHER REQUIRED HOURS (15 SHC)* 15

Academic Transition (1 SHC)..... 1

The following course is required:

ACA-122 College Transfer Success

An additional 14 SHC of courses should be selected from courses classified as pre-major, elective or general education courses within the Comprehensive Articulation Agreement. Students should select these courses based on their intended major and transfer university.

TOTAL SEMESTER HOURS CREDIT (SHC) IN PROGRAM.....60-61

**Students must meet the receiving university's foreign language and/or health and physical education requirements, if applicable, prior to or after transfer to the senior institution.*

		***	***	14
<u>Total Required Minimum Semester Hours Credit</u>				<u>60</u>

Please note: Students are strongly encouraged to complete their UGETC requirements during their *first two semesters* at Sandhills.

Associate in Engineering Degree Requirements (A10500)

The Associate in Engineering degree is designed for students who wish to transfer to a state funded university with a Bachelor of Engineering program and earn a Bachelor of Science in Engineering.

The Associate in Engineering shall be granted for a planned program of study consisting of a minimum of 60 and a maximum of 61 semester hours

 UNIVERSITY STUDIES PROGRAM

of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and basic computer use. The degree plan includes required general education and prerequisite courses that are acceptable to all state funded Bachelor of Engineering programs. Students who follow the degree progression plan will meet the entrance requirements at all of the North Carolina public Bachelor of Science Engineering programs. Associate in Engineering graduates may then apply to any of these programs without taking additional and sometimes duplicative courses. *Admission to Engineering programs is highly competitive and admission is not guaranteed.* To be eligible for the transfer of credits under the AE to the Bachelor of Science in Engineering Articulation Agreement, community college graduates must obtain a grade of “C” or better in each course and an overall GPA of at least 2.5 on a 4.0 scale.

COURSES	SEMESTER HOURS
GENERAL EDUCATION (42 SHC)*	42
The general education courses includes study in the areas of English composition; humanities and fine arts; social and behavioral sciences; natural sciences and mathematics.	
UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT (UGETC) * <i>Courses that are not classified as UGETC are italicized</i>	
English Composition (6 SHC)	6
Two English composition courses are required: ENG-111 and ENG-112	
Humanities/Fine Arts and Communication (6 SHC)	6
Humanities: Choose one: Literature (ENG-231, 232) Philosophy (PHI-215, 240)	
Fine Arts and Communication: Choose one: Art (ART-111, 114, 115) Communication (COM-231) Music (MUS-110, 112)	
Social/Behavioral Sciences (6 SHC)	6
One course required: Economics (ECO-251)	
Select second course from the following: History (HIS-111, 112, 131, 132) Political Science (POL-120) Psychology (PSY-150) Sociology (SOC-210)	

Mathematics (12 SHC).....12

Calculus I (MAT-271) is the lowest level math course that will be accepted by the engineering programs for transfer as a math credit. Students who are not calculus-ready must take additional math courses.

Calculus (MAT-271, 272, 273*) *Note: MAT-273 is not a UGETC course.*

Natural Sciences (12 SHC).....12

Take all of the following:

Chemistry (CHM-151)

Physics (PHY-251, 252)

TOTAL GENERAL EDUCATION HOURS REQUIRED (42 SHC).... 42**OTHER REQUIRED HOURS (18 SHC)..... 18****Academic Transition (1 SHC)**

The following course is required:

ACA-122 College Transfer Success 1

Students must complete ACA-122 within the first 30 hours of enrollment.

Pre-major Elective (2 SHC)

EGR-150 Introduction to Engineering.....2

Other General Education and Pre-major Elective Hours (15 SHC)15

Select 15 SHC of course from the following courses classified as pre-major, elective, or general education courses within the Comprehensive Articulation Agreement. Students should choose courses appropriate to the specific university and engineering major requirements.

Biology (BIO-111)

Chemistry (CHM-152)

Communication (COM-110)

Computer Science (CSC-134, 151)

Drafting (DFT-170)

Economics (ECO-252)

Engineering (EGR-220)

Humanities (HUM-110)

Mathematics (MAT-285)

Physical Education (PED-110)

TOTAL SEMESTER HOURS CREDIT (SHC) IN PROGRAM . 60-61**

**Students must meet the receiving university's foreign language and/or health and physical education requirements, if applicable, prior to or after transfer to the senior institution.*

 UNIVERSITY STUDIES PROGRAM

***One semester hour of credit may be included in a 61 SHC associate in engineering program of study. The transfer of this hour is not guaranteed.*

Associate in Science Degree Requirements (A10400)

The Associate in Science degree is designed for students who wish to transfer to a university to earn a Bachelor of Science degree in one of the following fields: architecture; agriculture; biological and life sciences; business, management, and marketing; computer and information sciences; corrections and criminal justice; engineering; engineering technologies; health professions and clinical sciences; mathematics and statistics; parks, recreation, and fitness studies; physical sciences; science education; social sciences; and

transportation and materials moving. Students who are interested in a career in dentistry, law, medicine, theology or ministry, optometry, pharmacy, physical therapy, or veterinary medicine are usually required or at least strongly encouraged to earn a bachelor's degree before applying to one of these graduate or professional degree programs.

The Associate in Science degree shall be granted for a planned program of study consisting of a minimum of 60 and a maximum of 61 semester hours of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic computer use. More specifically, students foster a greater understanding of social and personal responsibility, communication, critical thinking, and technical literacy as student learning outcomes.

Courses are approved for transfer through the Comprehensive Articulation Agreement. Community college graduates who have earned 60 semester hours of academic credit in approved transfer courses with a grade of "C" or better in each course and an overall GPA of at least 2.0 on a 4.0 scale will receive at least 60 semester hours of academic credit upon admission to a university. Courses may also transfer through bilateral agreements between institutions. Courses offered through bilateral agreements may not transfer to all receiving institutions.

COURSES	SEMESTER HOURS
UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT	
(34 SHC)*	34
The Universal General Education Transfer Component (UGETC) includes study in the areas of humanities, fine arts, communication, social and behavioral sciences, natural sciences, mathematics, and English composition.	
English Composition (6 SHC)	6
Two English composition courses are required: ENG-111 and ENG-112

**At least one math UGETC course must be a 200-level course.

Please note: Students are strongly encouraged to complete their UGETC Requirements during their *first two semesters* at Sandhills.

Associate in Fine Arts in Art Degree Requirements (A1020A)

The Associate in Fine Arts in Art degree is designed to prepare students to transfer to a Bachelor of Fine Arts degree program at a senior college or university. Students will receive a foundation in color, design, drawing and fundamentals of studio techniques. Upon completion, they should be able to present a portfolio of work that is strong enough to allow them to continue

their work as juniors and begin an area of concentration at the senior transfer institution. Because the AFA curriculum standard includes only 28 semester hour credits of universal general education transfer courses, AFA students who transfer must meet the general education requirements of the receiving institution. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic use of computers. More specifically, students foster a greater understanding of social and personal responsibility, communication, critical thinking, and technical literacy as student learning outcomes.

The transfer of AFA degree courses is subject to the approval of the receiving institution. Therefore, AFA students should quickly decide upon their intended transfer university, and align their AFA coursework at Sandhills with their intended university's BFA (Bachelor of Fine Arts) degree requirements.

COURSES	SEMESTER HOURS
UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT (28 SHC)*	28
The universal general education transfer component (UGETC) includes study in the areas of humanities, fine arts, communication, social and behavioral sciences, natural sciences, mathematics, and English composition.

Associate in Fine Arts in Music and Music Education Degree Requirements (A1020D)

The Associate in Fine Arts in Music and Music Education degree is designed to prepare students for transfer to a Bachelor of Fine Arts degree program at a senior college or university. Students will receive a foundation in music theory, music history, and applied music performance skills. They should be able to audition on their primary instrument or voice and complete theory, piano, and history placement exams to allow them to continue work as juniors and to begin an area of concentration at the transfer institution. Because the AFA curriculum standard includes only 28 semester hour credits of universal

general education transfer courses, AFA students who transfer must meet the general education requirements of the receiving institution. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic use of computers. More specifically, students foster a greater understanding of social and personal responsibility, communication, critical thinking, and technical literacy as student learning outcomes.

The transfer of AFA degree courses is subject to the approval of the receiving institution. Therefore, AFA students should quickly decide upon their intended transfer university, and align their AFA coursework at Sandhills with their intended university's BFA (Bachelor of Fine Arts) degree requirements.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

APPLIED SCIENCE PROGRAMS

Sandhills Community College offers a variety of occupational programs designed to prepare the graduate for immediate employment. A minimum of 25 percent of the program must be completed at Sandhills Community College, with that 25 percent coming from major and other major hours, and not from general education hours, for the program of study. In some cases, graduates of Associate in Applied Science (A.A.S.) programs may wish to pursue a baccalaureate degree at a senior institution. Those considering such a course of action are encouraged to discuss the transferability of courses with their advisors. Certain A.A.S. programs offer transferable relationships with four-year institutions.

The acceleration of today's technology has led to many new programs at the college. These programs provide the training necessary to permit entry into increasingly complex and sophisticated employment in business, industry, health, and public service. The technicians and/or paraprofessionals who graduate from these programs assume key roles in our technological society.

Successful completion of a two-year technical program leads to an Associate in Applied Science degree. Each program combines a solid foundation in general education with specialized knowledge and skills.

Applied Science Advisory Committees

In order to ensure that programs stay abreast of current employment needs, workplace requirements, and technology advances, each occupational program makes use of an advisory committee. The purpose of advisory committees is to assist and advise program coordinators and faculty members in establishing, operating, and evaluating programs so that they meet the needs of students and employees and fulfill their obligations to various accrediting agencies. The Office of the Dean of Instruction monitors and responds to advisory committee recommendations.

Associate in Applied Science Degree Requirements

Candidates for the Associate in Applied Science degree must complete general education and major courses required for the program in which they are enrolled. Students must successfully complete a minimum of 25 percent of course credit hours of the certificate, diploma, or associate degree requirements at Sandhills Community College, with that 25 percent coming from major and other major hours, and not from general education hours, for the program of study. **Please note:** In accordance with accreditation standards, 1) All associate degree students must either place out of DMA-010 through 030 or successfully completed DMA-010 through 030 to demonstrate competence in fundamental mathematical skills. 2) All graduates of associate

degree programs are required to complete successfully at least one mathematic or laboratory-based quantitative science course.

Associate in Applied Science General Education Electives

General Education electives for Associate in Applied Science degrees should be chosen from the list below:

GENERAL EDUCATION COURSES	SEMESTER HOURS
Communication	6
Select two courses from the following: COM-110, COM-120, COM-231, ENG-111, ENG-112, ENG-114	
Humanities/Fine Arts	3
Select one of the following:	
ART-111, 114, 115, 121, 131, 132, 171, 240, 241, 283	
DRA-111, 126	
ENG-125, 131, 231, 232, 241, 242, 261, 262, 273	
HUM-110, 115, 120, 122, 130, 150, 160, 161, 170, 211, 212, 220, 230	
MUS-110, 111, 112, 121, 122, 210	
PHI-215, 240	
REL-110, 211, 212, 221	
FRE-211	
SPA-211	
Natural Sciences and Mathematics	3
Select one of the following:	
AST-111 & 111A	
BIO-110, 111, 140 & 140A, 163, 165	
CHM-130 & 130A, 151	
GEL-111	
MAT-121, 143, 152, 171	
PHY-110, 110A	
SCI-110	
Social and Behavioral Science	3
Select one of the following:	
ANT-210, 220, 221, 240	
ECO-151, 251, 252	
GEO-111	
HIS-111, 112, 121, 122, 131, 132, 236	
POL-110, 120, 210, 220	
PSY-118, 141, 150, 237, 239, 241, 249, 255, 259, 263, 265, 271, 275, 281	
SOC-210, 213, 220, 225, 230, 234, 240, 242	

Diploma Programs

One-year diploma programs have been established at the college to prepare students for entrance to or advancement in skilled occupations. To qualify for a diploma, students must successfully complete the course requirements for the diploma program in which they are enrolled. A minimum of 25 percent of the program must be completed at Sandhills Community College, with that 25 percent coming from major and other major hours, and not from general education hours, for the program of study. The requirements for each diploma program are listed under the name of the degree in the “Applied Science Program of Study” section of this *Catalog*.

Certificate Programs

Many A.A.S. programs offer a certificate option for students who complete twelve to 18 hours of designated courses in the curriculum. A minimum of 25 percent of the program must be completed at Sandhills Community College. The requirements for each certificate program are listed under the name of the degree in the “Applied Science Program of Study” section of this *Catalog*.

APPLIED SCIENCE PROGRAMS OF STUDY

Accounting

The Accounting curriculum is designed to provide students with the knowledge and the skills necessary for employment and growth in the accounting profession. Using the “language of business,” accountants assemble and analyze, process, and communicate essential information about financial operations.

In addition to course work in accounting principles, theories, and practice, students will study business law, finance, management, and economics. Related skills are developed through the study of communications, computer applications, financial analysis, critical-thinking skills, and ethics.

Graduates should qualify for entry-level accounting positions in many types of organizations including accounting firms, small businesses, manufacturing firms, banks, hospitals, school systems, and governmental agencies. With work experience and additional education, an individual may advance in the accounting profession.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Architectural Technology

Architectural and Construction Pathway: These programs are designed to prepare individuals to apply technical knowledge and skills to the fields of architecture, construction, construction management, and other associated professions.

Course work includes instruction in sustainable building and design, print reading, building codes, estimating, construction materials and methods, and other topics related to design and construction occupations.

Graduates of this pathway should qualify for entry-level jobs in architectural, engineering, construction and trades professions as well as positions in industry and government.

Architectural Technology: A program that prepares individuals to assist architects, engineers, and construction professionals in developing plans and related documentation for residential and commercial projects in both the private and public sectors. Includes instruction in architectural drafting, computer-assisted drafting, construction materials and methods,

Associate Degree in Nursing

The Associate Degree Nursing curriculum provides knowledge, skills, and strategies to integrate safety and quality into nursing care, to practice in a dynamic environment, and to meet individual needs which impact health, quality of life, and achievement of potential.

Course work includes and builds upon the domains of healthcare, nursing practice, and the holistic individual. Content emphasizes the nurse as a member of the interdisciplinary team providing safe, individualized care while employing evidence-based practice, quality improvement, and informatics.

Graduates of this program are eligible to apply to take the National Council Licensure Examination (NCLEX-RN). Employment opportunities are vast within the global health care system and may include positions within acute, chronic, extended, industrial, and community health care facilities.

 APPLIED SCIENCE PROGRAMS

Because the use of computers is integral to this curriculum, some portions of courses are web-enhanced to provide students resource material related to their studies.

The Associate Degree Nursing program at Sandhills is approved by the North Carolina Board of Nursing.

Automotive Systems Technology

Curriculums in the Mobile Equipment Maintenance and Repair pathway prepare individuals for employment as entry-level transportation service technicians. The program provides an introduction to transportation industry careers and increases student awareness of the diverse technologies associated with this dynamic and challenging field.

Course work may include transportation systems theory, braking systems, climate control, design parameters, drive trains, electrical/electronic systems, engine repair, engine performance, environmental regulations, materials, product finish, safety, steering/suspension, transmission/transaxles, and sustainable transportation, depending on the program major area chosen.

Graduates of this pathway should be prepared to take professional licensure exams, which correspond to certain programs of study, and to enter careers as entry-level technicians in the transportation industry.

Automotive Systems Technology: A program that prepares individuals to apply technical knowledge and skills to repair, service, and maintain all types of automobiles. Includes instruction in brake systems, electrical systems, engine performance, engine repair, suspension and steering, automatic and manual transmissions and drive trains, and heating and air conditioning systems

Upon completion of this curriculum, students should be prepared to take the ASE exams and be ready for full-time, entry-level employment in dealerships and repair shops in the automotive service industry.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Baking and Pastry Arts

This Baking and Pastry Arts Curriculum is designed to provide students with the skills and knowledge required for employment in the baking/pastry industry, including restaurants, hotels, independent bakeries/pastry shops, wholesale/retail markets, and high-volume bakeries, and/or further academic studies.

Students will be provided theoretical knowledge/practical applications that provide critical competencies to meet industry demands, including environmental stewardship, operational efficiencies and professionalism. Course work includes specialty/artisanal breads, desserts/pastries, decorative work, high-volume production, and food marketing.

Graduates should qualify for entry-level positions, such as pastry/bakery assistant, area pastry chef and assistant pastry chef. American Culinary Federation certification may be available to graduates.

Basic Law Enforcement Training

Basic Law Enforcement Training (BLET) is designed to give students essential skills required for entry-level employment as law enforcement officers with state, county or municipal governments, or with private enterprise.

This program utilizes State-Commission-mandated topics and methods of instruction. General subjects include, but are not limited to, criminal, juvenile, civil, traffic, and alcoholic beverage laws; investigative, patrol, custody, and court procedures; emergency responses; and ethics and community relations.

Students must successfully complete and pass all units of study mandated by the North Carolina Criminal Justice Education and Training Standards Commission and the North Carolina Sheriffs' Education and Training Standards Commission to receive a certificate.

**Students successfully completing a Basic Law Enforcement Training course, accredited by the North Carolina Justice Education and Training Standards Commission and the North Carolina Sheriffs' Education and Training Standards Commission will receive credit for CJC-113 Juvenile Justice, CJC-120 Interviews and Interrogation, CJC-131, Criminal Law, CJC-132 Court Procedure and Evidence, and CJC-221 Investigative Principles, and CJC-231 Constitutional Law toward the Associate in Applied Science degree in Criminal Justice Technology. Students must have completed Basic Law Enforcement Training since 1985.

Business Administration

The Business Administration Curriculum is designed to introduce students to the various aspects of the free enterprise system. Students will be provided with a fundamental knowledge of business functions, processes, and an understanding of business organizations in today's global economy.

Course work includes business concepts such as accounting, business law, economics, management, and marketing. Skills related to the application of these concepts are developed through the study of computer applications, communication, team building, and decision making.

Through these skills, students will have a sound business education base for lifelong learning. Graduates are prepared for employment opportunities in government agencies, financial institutions, and large to small businesses or industries.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Through careful selection of courses, both the Business Administration and Business Administration Hospitality Management Concentration degrees can be completed as a Distance Learning Online Degree Program.

Special Options for students graduating with the A.A.S. in Business Administration: The Department of Management and Business Technologies has articulation agreements with St. Andrews University, UNC-Pembroke and UNC-Greensboro. Students can earn their A.A.S. at Sandhills CC and then continue to earn the BSBA and MBA from St. Andrews University or UNC-Pembroke, or transfer to UNC-Greensboro and earn the BSBA under the 2Plus agreement. *UNC-G does not offer classes on the Sandhills CC campus.*

Business Administration (C25120B)

Banking and Finance Certificate Program

The Banking and Finance certificate curriculum is a two-semester program designed to prepare individuals for entry level positions in banking and finance. Course work includes principles of banking, money and banking, fundamentals of banking, survey of real estate and practices in the areas of accounting and spreadsheets.

Graduates should qualify for a variety of entry-level jobs in banking and finance. Also available are employment opportunities with insurance, brokerage and mortgage companies, and governmental lending agencies.

Special Program Requirements: Students must have credit for ENG-095 or DRE-098 Reading & Comp. Strategies and credit for MAT-060 Essential Mathematics, or DMA-010, DMA-020, and DMA-030.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Business Administration (C25120)

Entrepreneurship Certificate Program

The Business Administration–Entrepreneurship Certificate is a three-semester program to help students become entrepreneurial thinkers for starting their own ventures, working on management teams of entrepreneurial ventures, or applying their entrepreneurial skills to existing businesses.

Special Program Requirements: Students must have credit for ENG-095 or DRE-098 Reading & Comp. Strategies, have credit for MAT-060 Essentials of Mathematics, or DMA-010, DMA-020, and DMA-030, and have successfully completed BUS-137 Principles of Management and ACC-120 Principles of Financial Accounting. Students can either complete these classes prior to enrolling in the Entrepreneurship Certificate program or take them concurrently as part of their studies.

All courses in the Entrepreneurship Certificate program, including the prerequisites, are courses in the A.A.S in Business Administration.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Business Administration (C25120S)

Small Business Management Certificate Program

The Small Business Management certificate program is a one-semester program designed to prepare individuals whose primary degree is in a specialty other than business. Degrees that will prepare the individual with marketable skills that may be considering opening their own business in a field such as massage therapy, cosmetology, landscape gardening, culinary, and many others. Individuals wanting to go into business in their chosen field of training will require basic business skills in order to succeed. This certificate is designed to supplement that specific training with business fundamentals to provide small business startups an overview of basic skills to succeed.

Course work includes topics related to small business accounting principles including basic bookkeeping, government requirements, and payroll. Additional course work in business law, topics relating to management, and small business management topics such as writing a business plan are included in the certificate.

Special Program Requirements: Students must have credit for ENG-095 or DRE-098 Reading & Comp. Strategies and credit for MAT-060 Essential Mathematics, or DMA-010, DMA-020, and DMA-030.

All courses in the Small Business Management Certificate Program are courses in the A.A.S in Business Administration.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Civil Engineering Technology

Engineering and Technology Pathway: These curriculums are designed to prepare students through the study and application of principles from mathematics, natural sciences, and technology and applied processes based on these subjects.

Course work includes mathematics, natural sciences, engineering sciences and technology.

Graduates should qualify to obtain occupations such as technical service providers, materials and technologies testing services, engineering technicians, construction technicians and managers, industrial and technology managers, or research technicians.

Civil Engineering Technology: A course of study that prepares students to use basic engineering principles and technical skills to carry out planning, documenting and supervising tasks in sustainable land development and public works and facilities projects. Includes instruction in the communication and computational skills required for materials testing, structural testing, field and laboratory testing, site analysis, estimating, project management, plan preparation, hydraulics, environmental technology, and surveying. Graduates should qualify for technician-level jobs with both public and private engineering, construction, and surveying agencies.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Collision Repair & Refinishing Technology

Curriculums in the Mobile Equipment Maintenance and Repair pathway prepare individuals for employment as entry-level transportation service technicians. The program provides an introduction to transportation industry careers and increases student awareness of the diverse technologies associated with this dynamic and challenging field.

Course work may include transportation systems theory, braking systems, climate control, design parameters, drive trains, electrical/electronic systems, engine repair, engine performance, environmental regulations, materials, product finish, safety, steering/suspension, transmission/transaxles, and sustainable transportation, depending on the program major area chosen.

Graduates of this pathway should be prepared to take professional licensure exams, which correspond to certain programs of study, and to enter careers as entry-level technicians in the transportation industry.

Collision Repair and Refinishing Technology: A program that prepares individuals to apply technical knowledge and skills to repair, reconstruct and finish automobile bodies, fenders, and external features. Includes instruction in structural analysis, damage repair, non-structural analysis, mechanical and electrical components, plastics and adhesives, painting and refinishing techniques, and damage analysis and estimating.

Upon completion of this curriculum, students should be prepared to take the ASE exams and be ready for full-time, entry-level employment in dealerships and repair shops in the automotive service industry.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format

Computer Engineering Technology

Pathway Description: These curriculums are designed to prepare students through the study and application of principles from mathematics, natural sciences, and technology and applied processes based on these subjects.

Course work includes mathematics, natural sciences, engineering sciences and technology.

Graduates should qualify to obtain occupations such as technical service providers, materials and technologies testing services, process improvement technicians, engineering technicians, construction technicians and managers, industrial and technology managers, or research technicians.

Computer Engineering Technology: A course of study that prepares the students to use basic engineering principles and technical skills for installing, servicing, and maintaining computers, peripherals, networks, and microprocessor and computer controlled equipment. Includes instruction in mathematics, computer electronics and programming, prototype development and testing, systems installation and testing, solid state and microminiature circuitry, peripheral equipment, and report preparation.

Graduates should qualify for employment opportunities in electronics technology, computer service, computer networks, server maintenance, programming, and other areas requiring knowledge of electronic and computer systems. Graduates may also qualify for certification in electronics, computers, or networks.

Cosmetology

The Cosmetology curriculum is designed to provide competency-based knowledge, scientific/artistic principles, and hands-on fundamentals associated with the cosmetology industry. The curriculum provides a simulated salon environment which enables students to develop manipulative skills.

Course work includes instruction in all phases of professional imaging, hair design, chemical processes, skin care, nail care, multi-cultural practices, business/computer principles, product knowledge, and other selected topics.

Graduates should qualify to sit for the State Board of Cosmetic Arts examination. Upon successfully passing the State Board exam, graduates will

 APPLIED SCIENCE PROGRAMS

be issued a license. Employment is available in beauty salons and related businesses.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format for the A.A.S., Diploma and Certificate programs.

Criminal Justice Technology

The Criminal Justice Technology Curriculum is designed to provide knowledge of criminal justice systems and operations. Study will focus on local, state, and federal law enforcement, judicial processes, corrections, and security services. The criminal justice system's role within society will be explored.

Emphasis is on criminal justice systems, criminology, juvenile justice, criminal and constitutional law, investigative principles, ethics, and community relations. Additional study may include issues and concepts of government, counseling, communications, computers, and technology.

Employment opportunities exist in a variety of local, state, and federal law enforcement, corrections, and security fields. Examples include police officer, deputy sheriff, county detention officer, state trooper, intensive probation/parole surveillance officer, correctional officer, and loss prevention specialist.

The courses in the first year will be offered either in traditional or hybrid formats, with the exception of ACA 115. After the first year, courses may also be delivered in an online format. For more information, please contact the program coordinator.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

**Students successfully completing a Basic Law Enforcement Training course, accredited by the North Carolina Justice Education and Training Standards Commission and the North Carolina Sheriffs' Education and Training Standards Commission will receive credit for CJC-113 Juvenile Justice, CJC-120 Interviews and Interrogation, CJC-131, Criminal Law, CJC-132 Court Procedure and Evidence, and CJC-221 Investigative Principles, and CJC-231 Constitutional Law toward the Associate in Applied Science degree in Criminal Justice Technology. Students must have completed Basic Law Enforcement Training since 1985.

Culinary Arts

This curriculum provides specific training required to prepare students to assume positions as trained culinary professionals in a variety of foodservice settings including full service restaurants, hotels, resorts, clubs, catering operations, contract foodservice and health care facilities.

Students will be provided theoretical knowledge/practical applications that provide critical competencies to meet industry demands, including environmental stewardship, operational efficiencies and professionalism. Courses include sanitation/safety, baking, garde manger, culinary fundamentals/production skills, nutrition, customer service, purchasing/cost control, and human resource management.

 APPLIED SCIENCE PROGRAMS

Graduates should qualify for entry-level opportunities including prep cook, line cook, and station chef. American Culinary Federation certification may be available to graduates. With experience, graduates may advance to positions including sous chef, pastry chef, executive chef, or foodservice manager.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Digital Media Technology

The Digital Media program prepares students for entry-level jobs in the digital design and multimedia industry. Students learn to synthesize multimedia, hypertext, computer programming, information architecture, and client/server technologies using both Internet and non-network-based media.

 APPLIED SCIENCE PROGRAMS

Students develop skills in communication, critical thinking, and problem solving as well as interface design, multimedia formats, application programming, data architecture, and client/server technologies. The program develops technical skills through practical applications that employ current and emerging standards and technologies.

Graduates should qualify for employment as web designers, graphic artists/designers, multimedia specialists, web developers, web content specialists, media specialists, information specialists, digital media specialists, animation specialists, interface designers, and many new jobs yet to be defined in this expanding field.

This curriculum utilizes industry-standard software such as Adobe Creative Cloud™.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Digital Media (C25210DM)

Certificate Program

The Digital Media Certificate is designed to develop digital media skills for the creation of Web-based materials and interactive products. Emphasis is placed on desktop production. Skills in editing, compositing and visual effects are developed using cutting edge software. The certificate also emphasizes the underlying theories of design and learning that are essential for high quality products. This program is ideal for someone who has already earned a degree or is working in a related field who would like to update their skills.

A prerequisite to this certificate is the passing of a departmental computer skill competency exam or the completion of CIS-110 or CIS-111. Students may apply all coursework from this certificate program to the Associate Degree in Digital Media Technology.

Print Design (C25210PD)

Certificate Program

With the availability of affordable publishing software for personal computers and low-cost printing devices, many individuals, businesses and organizations now produce their own print material in-house. Creating print material that is effective requires an understanding of key design elements. The Print Design Certificate is designed to develop the fundamental skills, techniques, and software knowledge necessary to conceive, lay out, and produce graphics and type for print media. Topics include design theory as well as hands-on projects.

A prerequisite to this certificate is the passing of a departmental computer skill competency exam or the completion of CIS110 or CIS-111. Students may apply all coursework from this certificate program to the Associate Degree in Digital Media Technology.

		Course Hours		Semester

Web Content Management (C25210C1)

Certificate Program

Many of today's Web sites contain dynamic interactive pages created in CMS (Content Management Systems) with content managed by databases. This

certificate has as its goal the training of individuals in “client-side” programming skills to create effective database-driven Web sites. Topics also include learning HTML syntax to code pages, understanding how databases work, and developing actual projects utilizing the latest open source CMS.

A prerequisite to this certificate is the passing of a departmental computer skill competency exam or the completion of CIS-110 or CIS-111. Students may apply all coursework from this certificate program to the Associate Degree in Digital Media Technology.

Web Design (C25210D)

Certificate Program

In today’s world, a Web presence is becoming increasingly vital. However, it is just as important to understand what happens behind current software applications as well as online design principles and standards. This certificate covers Web page creation from hand coding to understanding how to best utilize Web creation software. Web design theory is stressed from the creation and manipulation of graphics on industry-standard software through optimization for the Web to actual hands-on projects.

A prerequisite to this certificate is the passing of a departmental computer skill competency exam or the completion of CIS-110 or CIS-111. Students may apply all coursework from this certificate program to the Associate Degree in Digital Media Technology.

Early Childhood Education

The Early Childhood Education curriculum prepares individuals to work with children from birth through eight in diverse learning environments. Students will combine learned theories with practice in actual settings with young children under the supervision of qualified teachers.

Course work includes child growth and development, physical/nutritional needs of children, care and guidance of children, and communication skills with families and children. Students will foster the cognitive/language, physical/motor, social/emotional, and creative development of young children.

Graduates are prepared to plan and implement developmentally appropriate programs in early childhood settings. Employment opportunities include child development and child care programs, preschools, public and private schools, recreational centers, Head Start Programs, and school-age programs.

Emergency Medical Science

The Emergency Medical Science curriculum provides individuals with the knowledge, skills and attributes to provide advanced emergency medical care

as a paramedic for critical and emergent patients who access the emergency medical system and prepares graduates to enter the workforce.

Students will gain complex knowledge, competency, and experience while employing evidence based practice under medical oversight, and serve as a link from the scene into the healthcare system.

Graduates of this program may be eligible to take state and/or national certification examinations. Employment opportunities include providers of emergency medical services, fire departments, rescue agencies, hospital specialty areas, industry, educational and government agencies.

The Sandhills Community College Paramedic program has been issued a Letter of Review by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP). This letter is NOT a CAAHEP accreditation status, it is a status signifying that a program seeking initial accreditation has demonstrated sufficient compliance with the accreditation Standards through the Letter of Review Self Study Report (LSSR) and other documentation. Letter of Review is recognized by the National Registry of Emergency Medical Technicians (NREMT) for eligibility to take the NREMT's Paramedic credentialing examination(s). However, it is NOT a guarantee of eventual accreditation.

Geomatics Technology (Surveying)

Engineering and Technology Pathway: These curriculums are designed to prepare students through the study and application of principles from mathematics, natural sciences, and technology and applied processes based on these subjects.

Course work includes mathematics, natural sciences, engineering sciences and technology.

Graduates should qualify to obtain occupations such as technical service providers, materials and technologies testing services, engineering technicians, construction technicians and managers, industrial and technology managers, or research technicians.

Geomatics Technology: A course of study that prepares students to use mathematical and scientific principles for the delineation, determination, planning and positioning of land tracts, boundaries, contours and features applying principles of route surveying, construction surveying, photogrammetry, mapping, global positioning systems, geographical

information systems, and other kinds of property description and measurement to create related maps, charts and reports.

Includes instruction in applied geodesy, computer graphics, photointerpretation, plane and geodetic surveying, mensuration, traversing, survey equipment operation and maintenance, instrument calibration, and basic cartography.

Graduates should qualify for jobs as survey party chief, instrument person, surveying technician, highway surveyor, mapper, GPS technician, and CAD operator. Graduates will be prepared to pursue the requirements necessary to become a Registered Land Surveyor in North Carolina.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Golf Course Management

Plant Systems Pathway: These curricula are designed to prepare individuals for various careers in horticulture. Classroom instruction and practical laboratory applications of horticultural principles and practices are included in the program of study.

Course work includes plant identification, pest management, plant science and soil science. Also included are courses in sustainable plant production and management, landscaping, and the operation of horticulture businesses.

Graduates should qualify for employment in a variety of positions associated with nurseries, garden centers, greenhouses, landscape operations, governmental agencies/parks, golf courses, sports complexes, highway vegetation, turf maintenance companies, and private and public gardens. Graduates should also be prepared to take the North Carolina Pesticide Applicator's Examination and/or the North Carolina Certified Plant Professional Examination.

Golf Course Management Technology: A program that prepares individuals to manage the operation of golf courses. Potential course work includes instruction in turf grass science and management, golf course design and construction, grounds equipment and operation, pest control, and grounds management.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Health and Fitness Science

The Health and Fitness Science program is designed to provide students with the knowledge and skills necessary for employment in the fitness and exercise industry.

Students will be trained in exercise science and be able to administer basic fitness tests and health risk appraisals, teach specific exercise and fitness classes and provide instruction in the proper use of exercise equipment and facilities.

Graduates should qualify for employment opportunities in commercial fitness clubs, YMCA's/YWCA's, wellness programs in business and industry, Parks & Recreation Departments and other organizations implementing exercise & fitness programs.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Health Information Technology

The Health Information Technology Curriculum provides individuals with the knowledge and skills to process, analyze, abstract, compile, maintain, manage, and report health information.

Students will supervise departmental functions; classify, code, and index diagnoses and procedures; coordinate information for cost control, quality management, statistics, marketing, and planning; monitor governmental and non-governmental standards; facilitate research; and design system controls to monitor patient information security.

Graduates of this program may be eligible to write the national certification examination to become a Registered Health Information Technician (RHIT). Employment opportunities include hospitals, rehabilitation facilities, nursing homes, health insurance organizations, outpatient clinics, physicians' offices, hospice, and mental health facilities.

This program is an NCCCS partner program delivered under an Instructional Service Agreement that allows SCC to offer general education courses related to degree completion, but Pitt Community College awards the degree.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Pitt CC/Sandhills CC Partner Program

Pitt Community College (PCC) has entered into a unique learning partnership with SCC to provide SCC students the opportunity to complete up to 35 credit hours at SCC to be used toward completion of the 77- to 78-hour A.A.S. in the PCC Health Information Technology program.

Students accepted into this program can explore two options:

1. Complete the 35 hours of general requirements prior to application to the program, or
2. Complete some or all of those courses at SCC while concurrently enrolled in the PCC program online.

PLEASE NOTE: Entry into the HIT program is contingent upon PCC requirements and acceptance. Application to the program must be made with PCC.

The Health Information Technology Program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

Human Services Technology

The Human Services Technology Curriculum prepares students for entry-level positions in institutions and agencies that provide social, community, and educational services. Along with core courses, students take courses which prepare them for specialization in specific human services areas.

Students will take courses from a variety of disciplines. Emphasis in core courses is placed on development of relevant knowledge, skills, and attitudes in human services. Fieldwork experience will provide opportunities for application of knowledge and skills learned in the classroom.

Graduates should qualify for positions in mental health, child care, family services, social services, rehabilitation, correction, and educational agencies. Graduates choosing to continue their education may select from a variety of transfer programs at senior public and private institutions.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Human Services Technology Substance Abuse Concentration (A4538E)

The Human Services Technology/Substance Abuse concentration prepares students to assist in drug and alcohol counseling, prevention-oriented educational activities, rehabilitation with recovering clients, managing community-based programs, counseling in residential facilities, and pursuit of four-year degrees.

Course work includes classroom and experiential activities oriented toward an overview of chemical dependency, psychological/sociological process, the twelve Core Functions, intervention techniques with individuals in groups, and follow-up activities with recovering clients.

Graduates should qualify for positions as substance abuse counselors, DUI counselors, halfway house workers, residential facility employees, and substance education specialists. With educational and clinical experiences, graduates can obtain certification by the North Carolina Substance Abuse Board.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Information Technology

The Information Technology (IT) curriculum prepares graduates for employment in the technology sector as designers, testers, support technicians, system administrators, developers, or programmers who use computer software and/or hardware to design, process, implement and manage information systems in specialties such as database services, security, business intelligence, healthcare informatics and others depending on the technical path selected within this curriculum.

Course work includes development of a student's ability to create, store, communicate, exchange and use information to solve technical issues related to information support and services, interactive media, network systems, programming and software development, information security and other emerging technologies based on the selected area of study.

Graduates should qualify for employment in entry-level positions with businesses, educational systems, and governmental agencies which rely on computer systems to design and manage information. The program will incorporate the competencies of industry-recognized certification exams.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Landscape Gardening

These curricula are designed to prepare individuals for various careers in horticulture. Classroom instruction and practical laboratory applications of horticultural principles and practices are included in the program of study.

Course work includes plant identification, pest management, plant science and soil science. Also included are courses in sustainable plant production and management, landscaping, and the operation of horticulture businesses.

Graduates should qualify for employment in a variety of positions associated with nurseries, garden centers, greenhouses, landscape operations, government agencies/parks, golf courses, sports complexes, highway vegetation, turf maintenance companies, and private and public gardens. Graduates should also be prepared to take the North Carolina Pesticide Applicator's Examination and/or the North Carolina Certified Plant Professional Examination.

Landscape Gardening: A program that prepares individuals to manage and maintain indoor and/or outdoor ornamental and recreational plants and groundcovers and related conceptual designs established by landscape architects, interior designers, enterprise owners or managers, and individual clients. Potential course work includes instruction in applicable principles of horticulture, gardening, plant and soil irrigation and nutrition, turf maintenance, plant maintenance, equipment operation and maintenance, personnel supervision, and purchasing.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Medical Laboratory Technology

The Medical Laboratory Technology curriculum prepares individuals to perform clinical laboratory procedures in chemistry, hematology, microbiology, and immunohematology that may be used in the maintenance of health and diagnosis/treatment of disease.

Course work emphasizes mathematical and scientific concepts related to specimen collection, laboratory testing and procedures, quality assurance and reporting/recording and interpreting findings involving tissues, blood, and body fluids.

Graduates may be eligible to take the examination given by the Board of Certification of the American Society of Clinical Pathology. Employment opportunities include laboratories in hospitals, medical offices, industry, and research facilities.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

The MLT program is accredited by the:

Medical Office Administration

The Medical Office Administration Curriculum prepares individuals for employment in medical and other health-care related offices.

Course work will include medical terminology; information systems; office management; medical coding, billing and insurance; legal and ethical issues; and formatting and word processing. Students will learn administrative and support functions and develop skills applicable in medical environments.

Employment opportunities are available in medical and dental offices, hospitals, insurance companies, laboratories, medical supply companies, and other health-care-related organizations.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Nurse Aide

The Nurse Aide curriculum prepares individuals to work under the supervision of licensed nursing professionals in performing nursing care and services for persons of all ages.

 APPLIED SCIENCE PROGRAMS

Topics include growth and development, personal care, vital signs, communication, nutrition, medical asepsis, therapeutic activities, accident and fire safety, household environment and equipment management, family resources and services, and employment skills.

Upon completion, the student may be eligible for listing as a Nurse Aide I and other selected Nurse Aide registries as determined by the local program of study.

Office Administration

The Office Administration Curriculum prepares individuals for positions in administrative support careers. It equips office professionals to respond to the demands of a dynamic computerized workplace.

Students will complete courses designed to develop proficiency in the use of integrated software, oral and written communication, analysis and coordination of office duties and systems, and other support topics. Emphasis is placed on non-technical as well as technical skills.

Graduates should qualify for employment in a variety of positions in business, government, and industry. Job classifications range from entry-level to supervisor to middle management.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Ophthalmic Medical Assistant

The Ophthalmic Medical Assistant Program prepares individuals to perform ophthalmic procedures under the supervision of a licensed physician specializing in Ophthalmology. Course work includes lecture, laboratory, and clinical training in ocular measurements; ocular testing; lensometry; administering topical and oral medications; eye care; and caring for instruments.

Graduates are employed in medical institutions, clinics, or physician practices.

 APPLIED SCIENCE PROGRAMS

Graduates may qualify as candidates to take the Joint Commission on Allied Health Personnel, Ophthalmology National Certification Exam.

Radiography

The Radiography curriculum prepares the graduate to be a radiographer, a skilled health care professional who uses radiation to produce images of the human body.

Course work includes clinical rotations to area health care facilities, radiographic exposure, image processing, radiographic procedures, physics, pathology, patient care and management, radiation protection, quality assurance, anatomy and physiology, and radiobiology.

Graduates of accredited programs are eligible to apply to take the American Registry of Radiologic Technologists' national examination for certification and registration as medical radiographers. Graduates may be employed in hospitals, clinics, physicians' offices, medical laboratories, government agencies, and industry.

Because the use of computers is integral to this curriculum, some portions of courses are web-enhanced to provide students resource material related to their studies.

Respiratory Therapy

The Respiratory Therapy Curriculum prepares individuals to function as respiratory therapists. In these roles, individuals perform diagnostic testing, treatments, and management of patients with heart and lung diseases.

Students will master skills in patient assessment and treatment of cardiopulmonary diseases. These skills include life support, monitoring, drug administration, and treatment of patients of all ages in a variety of settings.

Graduates of accredited programs may be eligible to take entry-level examinations from the National Board of Respiratory Care. Therapy graduates may also take the Advanced Practitioner examination. Graduates may be employed in hospitals, clinics, nursing homes, education, industry, and home care.

Because the use of computers is integral to this curriculum, some courses are Web-enhanced to provide students materials related to their studies.

Simulation and Game Development

The Simulation and Game Development curriculum provides a broad background in simulation and game development with practical applications in creative arts, visual arts, audio/video technology, creative writing, modeling, design, programming and management.

Students will receive hands-on training in design, 3D modeling, and programming for the purpose of creating simulations and games.

Graduates should qualify for employment as designers, artists, animators, programmers, testers, quality assurance analysts, engineers, and

 APPLIED SCIENCE PROGRAMS

administrators in the entertainment industry, health care, education, corporate training, and government organizations.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Surgical Technology

The Surgical Technology curriculum prepares individuals to assist in the care of the surgical patient in the operating room and to function as a member of the surgical team.

Students will apply theoretical knowledge to the care of patients undergoing surgery and develop skills necessary to prepare supplies, equipment, and

 APPLIED SCIENCE PROGRAMS

instruments; maintain aseptic conditions; prepare patients for surgery; and assist surgeons during operations.

Employment opportunities include labor/delivery/emergency departments, inpatient/outpatient surgery centers, dialysis units/facilities, physicians' offices, and central supply processing units.

Students of Commission on Accreditation of Allied Health Education Programs (CAAHEP) accredited programs are required to take the national certification exam administered by the National Board on Certification in Surgical Technology and Surgical Assisting (NBSTSA) within a four-week period prior to or after graduation.

The Surgical Technology Curriculum offers two options – a degree and a diploma program. Completion of a diploma program from an accredited college will qualify students for entry into the Associate Degree program. Certification in Surgical Technology is preferred but not mandatory. Completion of the associate degree program is highly recommended as it prepares the graduate to be a practitioner with a broader knowledge base in the field of Surgical Technology.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

Surveying Technology (See Geomatics)

Surveying Technology's name has been changed and now appears in the *Catalog* under the title "Geomatics Technology."

Therapeutic Massage

The Therapeutic Massage Curriculum prepares graduates to work in direct client care settings to provide manipulation, methodical pressure, friction and kneading of the body for maintaining wellness or treating alterations in wellness throughout the lifespan.

Courses will include content in normal human anatomy and physiology, therapeutic massage, ethical/legal issues, business practices, nutrition, and psychology.

Employment opportunities include hospitals/rehabilitation centers, health departments, home health, medical offices, nursing homes, spas/health/sports clubs, and private practice. Graduates may be eligible to take the Massage and Bodywork Licensing Exam.

The North Carolina Board of Massage and Bodywork Therapy may deny a license to practice massage and bodywork therapy if an applicant has a criminal record or there is other evidence that indicates the applicant lacks good moral character.

Because the use of computers is integral to this curriculum, some courses are delivered in an online format.

GENERAL DEGREE PROGRAM

Sandhills Community College offers a general associate degree program, the Associate in General Education. This program is designed for students who wish to earn a two-year associate's degree and choose courses related to their personal or occupational interests.

Associate in General Education

The Associate in General Education degree is designed for the academic enrichment of students who wish to broaden their education, with emphasis on personal interest, growth and development.

Course work includes study in the areas of humanities and fine arts, social and behavioral sciences, natural sciences and mathematics, and English composition. Opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic use of computers will be provided.

Through these skills, students will have a sound base for lifelong learning. Graduates are prepared for advancements within their fields of interest and become better qualified for a wide range of employment opportunities. Students who decide to continue their studies at a senior institution may receive transfer credit for many of the courses taken at Sandhills. Acceptance of courses for transfer credit will be evaluated on a course-by-course basis by the receiving institution.

Associate in General Education (A10300) Requirements

COURSES	SEMESTER HOURS
English Composition	6
ENG-111 and one of the following: ENG-112 or 114	
Humanities/Fine Arts	3
Select one course from the approved general education courses in the following areas:	
Art (ART-111, 114, 115, 121, 131, 132, 171, 240, 241, 283)	
Drama (DRA-111, 126)	
Foreign Languages (FRE-211, 212; SPA-211, 212)	
Interdisciplinary Humanities (HUM-110, 115, 120, 122, 130, 150, 160, 161, 170, 211, 212, 220, 230)	
Literature (ENG-125, 131, 231, 232, 241, 242, 261, 262, 273)	
Music (MUS-110, 111, 112, 121, 122, 210)	
Philosophy (PHI-215, 240)	
Religion (REL-110, 211, 212, 221)	

Social/Behavioral Sciences..... 3

Select **one** course from the approved general education courses in the following areas:

- Anthropology (ANT-210, 220, 221, 240)
- Economics (ECO-151, 251, 252)
- Geography (GEO-111)
- History (HIS-111, 112, 121, 122, 131, 132, 236)
- Political Science (POL-110, 120, 210, 220)
- Psychology (PSY-118, 141, 150, 237, 239, 241, 249, 255, 259, 263, 265, 271, 275, 281)
- Sociology (SOC-210, 213, 220, 225, 230, 234, 240, 242)

Natural Sciences/Mathematics 3

Select one course from the approved general education courses in the following areas. In addition, you must also place out of or successfully complete DMA-010-030 to demonstrate competence in fundamental mathematical skills.

- Astronomy (AST-111, 111A)
- Biology (BIO-110, 111, 112, 120, 130, 140 and 140A, 163, 165, 166, 271, 275)
- Chemistry (CHM-130 and 130A, 151, 152, 251, 252)
- Computer Science (CIS-110, 115)
- Geology (GEL-111)
- Mathematics (MAT-121, 143, 152, 171)
- Physics (PHY-110 and 110A, 131, 151, 152)
- Science (SCI-110)

Other Required Hours 49-50

Other required hours include additional general education and professional courses.

- ACA-115 or 122 (1 SHC) is required at Sandhills Community College for college orientation.
- A maximum of 7 SHC in health (HEA 112), physical education (any PED course), and college orientation and/or study skills (ACA-115 and 122) may be included as other required hours.
- Any 100-level or higher curriculum course taught by the College.

Total Semester Hours Credit (SHC) in Program 64-65

COLLEGE PROGRAMS FOR HIGH SCHOOL STUDENTS

Career and College Promise provides a focused means for students to begin completion of college transfer credits or career training prior to their graduation from high school. Courses under Career and College Promise are offered to high school students with no charge for tuition.

Eligible high school students may earn:

- College credit, which is completely transferrable to all UNC System Institutions, as well as many private schools and out-of-state universities and colleges.
- College credit toward a credential, certificate or diploma in a technical career.
- A high school diploma and two years of college credit in four to five years through innovative cooperative high schools (Hoke County students only).

Upon meeting eligibility requirements, students may enroll in a college transfer pathway, a career-technical pathway, or the SandHoke Early College (Hoke County students only).

Students may be enrolled in two pathways: two career-technical pathways or, if eligible, students may enroll in a college transfer pathway and career technical pathway during the same semester. Students may change pathways after each semester. Students must maintain a 2.0 grade point average in college courses to participate in the program.

College Transfer Pathways

Students may earn college transfer credits toward 32-35 hours of college credit that will transfer to any public North Carolina university as long as a grade of C or better is earned in each course. Credits may also be accepted for transfer by private or out-of-state schools. Courses may be offered on the SCC campus, on one of the high school campuses or online. Not all courses are offered at all of the high schools.

Career & College Promise College Transfer Pathway Leading to the Associate in Arts (P1012C)

The CCP College Transfer Pathway Leading to the Associate in Arts is designed for high school juniors and seniors who wish to begin study toward the Associate in Arts degree and a baccalaureate degree in a non-STEM major.

GENERAL EDUCATION (31-32 SHC)..... 31-32

The general education requirement includes study in courses selected from the Universal General Education Transfer Component (UGETC) component of the Comprehensive Articulation Agreement.

English Composition (6 SHC) 6

The following two English composition courses are required:

ENG-111 Writing and Inquiry (3 SHC)

ENG-112 Writing/Research in the Disc (3 SHC)

Humanities/Fine Arts/Communication (9 SHC)..... 9

Select three courses from the following from at least two different disciplines:

ART-111 Art Appreciation (3 SHC)

ART-114 Art History Survey I (3 SHC)

ART-115 Art History Survey II (3 SHC)

COM-231 Public Speaking (3 SHC)

- HIS-132 American History II (3 SHC)
- POL-120 American Government (3 SHC)
- PSY-150 General Psychology (3 SHC)
- SOC-210 Introduction to Sociology (3 SHC)

Math (8 SHC) 8

Select two courses from the following:

- MAT-171 Precalculus Algebra (4 SHC)
- MAT-172 Pre-calculus Trigonometry (4 SHC)
- MAT-263 Brief Calculus (4 SHC)
- MAT-271 Calculus I (4 SHC)
- MAT-272 Calculus II (4 SHC)

Natural Sciences (8 SHC) 8

Select an 8 SHC two-course sequence from the following course(s):

- BIO-111 General Biology I (4 SHC) *and* BIO-112 General Biology II (4 SHC)
- CHM-151 General Chemistry I (4 SHC) *and* CHM-152 General Chemistry II (4 SHC)
- PHY-151 College Physics I (4 SHC) *and* PHY-152 College Physics II (4 SHC)
- PHY-251 General Physics I (4 SHC) *and* PHY-252 General Physics II (4 SHC)

Academic Transition (1 SHC) 1

The following course is required:

- ACA-122 College Transfer Success (1 SHC)

TOTAL SEMESTER HOURS CREDIT (SHC) IN PATHWAY..... 35

Career Technical Pathways

Students may earn college credits toward a credential, certificate or diploma in a technical career. These pathways allow students to explore potential career areas. Courses may be offered on the SCC campus, on one of the high school campuses or online. Not all courses are offered at all of the high schools. A description of the curriculum standards can be found under the specific program in the Applied Science programs section of this *Catalog*.

SandHoke Early College**(A10100SH) & (A10400SH)**

Through participation in the SandHoke Early College on our Hoke County campus, students may complete a high-school diploma and an Associate of Arts or Associate of Science in five years or less by successfully completing two years of transferable college credit. High-school and college-level credits are earned at an accelerated rate. Students gain support and preparation for college and university success. A description of the Associate of Arts and Associate of Science curriculum standards can be found in the University Studies Program section of this *Catalog*.

CONTINUING EDUCATION

The Continuing Education Division offers a wide variety of courses designed to meet the needs and interests of the citizens of Moore and Hoke Counties. Through the Continuing Education Division, students may acquire or enhance basic academic skills and general knowledge; train or retrain for employment; and develop socially, culturally, and intellectually.

Some courses are offered on a continuing basis while others are developed and offered in response to requests by individuals, business and industry, or other community and public service groups. A printed class schedule is available approximately three weeks prior to the beginning of a term and is also posted and updated on the Sandhills website at www.sandhills.edu.

Admission

Any person 18 years or older may enroll in continuing education classes. Exceptions can be made for 16 and 17 year-olds who have not completed high school. Students who request admission under these exceptions should contact the Continuing Education Division for special instructions concerning admission and registration.

Registration

Registration for continuing education classes may be completed by contacting our registration office at 910-695-3980. Class registration is ongoing and start dates are announced in the printed class schedule or on the Sandhills website at www.sandhills.edu.

Fees

The N.C. Legislature establishes all fees charged except for self-supporting classes. Fees vary according to specific programs in Continuing Education. College and Career Readiness (Basic Skills), Career Development (HRD) (for those students who qualify), and most small business seminars are offered to students at no cost. Registration fees for occupational classes are determined by the legislature. Classes designated “self-supporting” require varying registration fees. All registration fees are advertised in the printed class schedules. A \$5.00 technology fee is charged for some classes.

A full refund can be made if the class is canceled by the College or if the student requests the refund before the class starts. After the class begins, 75% of the registration fee can be refunded if requested by the 10% attendance point.

Continuing education students with any outstanding balance may still enroll in occupational extension certification classes and receive continuing

education units (CEUs) **1**) if the course section is offered for the benefit of a company or agency and **2**) when course attendance is limited to employees of said company/agency, and **3**) the company/agency pays the tuition. The students will be made aware that the outstanding balance remains on their account. They will be restricted to taking company/agency sponsored classes until the outstanding balance is paid in full.

Location of Classes

Classes are held on the campuses of Sandhills Community College in both Moore and Hoke Counties, at the James H. Garner Center for Community Education in Westmoore, and at designated locations throughout the communities.

Continuing Education Units (CEUs)

The Continuing Education Division will award Continuing Education Units (CEUs) for appropriate programs. The Commission on Colleges defines the CEU as follows: "One Continuing Education Unit (CEU) is ten (10) contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified instruction."

Scholarships

The Continuing Education Division has a variety of scholarships made available by donors. Applications are available through the Office of Continuing Education located in Van Dusen Hall.

Student Records

In accordance with the Family Rights and Privacy Act of 1974, student records are maintained in the college's information system. Student information requested consists of social security number, name, address, telephone number, date of birth, county of residence, email address, place of employment, and level of education completed.

Transcripts

Transcripts will be issued only upon students' written authorization to the Office of Continuing Education. A three-day advance notice should be given for requests.

CONTINUING EDUCATION PROGRAMS

The Continuing Education Division offers a wide range of courses through four primary centers of learning.

D.L. “Doc” Furches Center for Lifelong Learning

College and Career Readiness (Basic Skills)

The Furches Center for Lifelong Learning offers a variety of College and Career Readiness (CCR) Programs. The programs provide educational opportunities at no cost to adults who would like to improve their academic skills to function more effectively in society or on the job. Students have the option to enroll in a career pathway program while attending a literacy program so they may reach their career goals sooner. Each of the CCR literacy programs are designed to meet students’ unique learning needs. Classes are available during daytime and evening hours at several convenient locations in Moore and Hoke counties. Students may enroll in classes as space allows during the school year. Specific program areas are described below.

Adult Basic Education (ABE)

Adult Basic Education (ABE) classes provide adults 18 or older an opportunity to learn basic reading, writing, and math skills. Students experience firsthand how these skills relate to daily living and the workplace by completing such tasks as reading a newspaper, helping their children with homework, writing a letter, calculating a budget and so much more. Upon completion of eighth grade level work, students may progress into the High School Equivalency (HSE) program to pursue their HSE diploma.

High School Equivalency (HSE)

The High School Equivalency program offers free classes to provide students the knowledge and skills needed to successfully complete the high school equivalency test credential. Students have the option to take either the GED® test or the HiSET® test. Successful completion of either test results in the same High School Equivalency Diploma issued by the North Carolina Board of Community Colleges.

Applicants ages 16 and 17 may apply to the HSE program contingent upon an interview with a CCR Coordinator. All accepted minor applicants must present a signed and notarized *Petition for Admission of a Minor Form* which can be obtained at the minor applicant’s interview.

The completed petition will indicate applicant's parents, legal guardian, or other person or agency having legal custody and control. It will certify place of residence and date of birth and appropriate legal relationship of the petitioner to the applicant and official school drop date as determined by the previous school.

Adult High School (AHS)

Adult High School (AHS) Diploma classes are offered on both the Pinehurst campus and Hoke campus in conjunction with Hoke and Moore County Public Schools. AHS classes provide academic courses to students working to complete their requirements for a high school diploma. Students are placed in courses based on their high school transcripts and on assessment scores. Classes are offered in a lab setting and provide course work in English, mathematics, social studies, science, and electives. The number of credits required are determined by local public school standards. There are no tuition fees.

English Language Acquisition (ELA)

English Language Acquisition (ELA) classes are offered at no cost to adults 18 or older having limited skills in the English language. Instruction is provided in life skills, communication, family and workplace literacy, reading and writing, U.S. culture, and civics. Preparation for the U.S. citizenship test is also available through the ELA class.

Robert H. Dedman, Sr. Center for Business Leadership

The Dedman Center for Business Leadership provides occupational training and retraining, professional development classes, employability skills training, career development, and skills upgrade training for individuals, businesses, organizations, and professionals in the community. Through its customized training program and Small Business Center (SBC), the department offers consultation, counseling, and training targeted to the specific needs of a business. The department provides a number of pre-licensing and certification programs in a variety of fields. Two computer labs dedicated for the department's use allow for a broad offering of computer classes from introductory subjects to more specific hardware and software topics. The department also houses trades training facility on both the Pinehurst campus and the Hoke center providing classroom and lab facilities to teach both construction and industrial trades training programs. The Robert H. Dedman, Sr. Center for Business Leadership has been designated a Career Readiness Center, allowing it to offer the North Carolina Career Readiness Certificate (CRC) workforce credential and is an authorized Prometric Testing Center for the Automotive Service Excellence (ASE) assessments.

Career Training (Professional Development)

The Dedman Center's Career Training courses provide instruction and training to enhance skills and knowledge necessary to compete in today's workforce. Classes are offered to a wide variety of individuals seeking to improve their job marketability by learning new skills and to seasoned professionals seeking CEU credit courses to stay abreast of new business practices, to gain understanding of new technologies, or to comply with State and/or Federal licensing regulations. For the individual seeking to learn new job skills, courses are offered in areas such as Hospitality, Business and Office Management, and Medical Careers. For the individual seeking CEU credit or recertification, courses are offered in areas such as Automotive, Education, and Real Estate. Many special interest classes and workshops are available for those interested in lifelong learning. New classes are offered every semester. Professional development opportunities range from one-day workshops to semester-long certification programs in both traditional and online class venues.

Medical Careers/Allied Health Training

The Dedman Center's Medical Careers/Allied Health Training courses provide a broad scope of specialized training to meet the local demand of area health care industry providers. Included are courses and certification in areas such as Nursing Assistant (Levels I and II), Phlebotomy, EKG (Electrocardiogram Monitoring), Medication Aide, Medical Billing and Coding, Medical Terminology and Anatomy, and Home Health Care Aide.

Trades Program

The Trades Program provides training for students seeking to learn new job skills in the construction and industrial trade's field. Included are National Center for Construction Education and Research (NCCER) certification programs in Electrical and Welding and training in the Manufacturing Skills Standards Council (MSSC) Certified Production Technician (CPT) certification program. Additional certification preparation training programs are provided in the industrial electricity and electronics fields. Training is provided at both the Palmer Trades Center on the main campus and the Hoke Trades Center on the Raeford campus. The program provides employment preparation and job opportunity identification for the students.

Customized Training Program

The Dedman Center administers the North Carolina Community College System Customized Training Program for its service area. This program provides free training for qualifying companies new to the service area or those companies expanding their employment base, implementing new

technology, or enhancing the skills of their current workforce to increase their productivity. Through consultation with the Center, the company creates a customized training program specific to the needs of the company. This program is then funded by the North Carolina Community College Customized Training Program and implemented by the Center and the company. Through the Customized Training Program's Business and Industry Support initiative, the Dedman Center receives annual funding to assist local qualifying companies with one-time training needs targeting smaller numbers of incumbent workers and for training that will enhance their incumbent workers' skills and productivity.

Small Business Center

In an effort to increase the success rate and the number of viable small businesses in North Carolina, the Small Business Center provides high quality, readily accessible assistance to prospective and existing small business owners ultimately leading to job creation and retention. The Sandhills Community College Small Business Center is a community-based provider of education and training, counseling, referrals and information.

Technology Training (Computer Applications and Systems)

The Dedman Center's Technology Training Program offers up-to-date instruction in many areas of technology for adult learners of all experience levels. The program includes instruction in both the Apple and Personal Computer platforms including such topics as current and past operating systems, applications software, personal computer maintenance and repair, and other technology such as tablets and digital cameras.

Career Development Program (Human Resources Development)

The Dedman Center's Career Development Program provides skill assessment services, employability skills training, and career development counseling to unemployed and underemployed adults. Services and training are designed to assess individuals' assets and limitations, develop the student's positive self-concept, communicate and problem solve, locate and secure employment, and develop computer skills. These goals are achieved through individual classes, coaching, and counseling. The program is free to those that qualify.

Career Readiness Assessment Center

The Dedman Center has been designated a Career Readiness Assessment Center by the North Carolina Community College System. Through the Career Assessment Readiness Center, the department is authorized to assess individuals for the Career Readiness Certificate (CRC) workforce

credentialing system. The credentialing system is based on three ACT WorkKeys assessments: Reading for Information, Applied Mathematics, and Locating Information. CRC's are awarded on three levels (Bronze, Silver, and Gold) and are based on the levels scored on the assessments. The Dedman Center is an authorized ACT WorkKeys assessment site.

C. Harlan McCaskill Center

The C. Harlan McCaskill Center offers programs to meet the training needs of the public service sector and to enhance the cultural, academic, and social enrichment of area citizens.

Emergency Medical Services

The McCaskill Center offers a wide variety of comprehensive programs to meet the special needs of EMS personnel. The Center emphasizes initial and upgrade certification programs from the basic First Responder to Advanced Life Support. Specialized lifesaving programs are offered to the general public and on site for business and industry.

Larry R. Caddell Public Safety Training Center

Fire and Rescue Training

The Caddell Public Safety Training Center serves the training needs of approximately thirty (30) fire departments in Moore and Hoke counties. Under the auspices of the North Carolina Fire Commission, the majority of training focuses on fire fighter standards programs. The College offers a Fire Academy each year that provides cadets their Firefighter certification as well as additional Office of the State Fire Marshall Certifications.

Law Enforcement Training

Law Enforcement Certification programs and Basic Law Enforcement Training (BLET) are offered. The College provides upgrade and re-certification training programs for law enforcement and corrections personnel. Emphasis is placed on officer skills and duties necessary to enhance job performance and courses required for continued certification in these careers. Special law enforcement topic classes are offered to respond to a rapidly changing environment and based on the needs of the community. These classes equip law enforcement personnel with the information and skills necessary to serve. Instructional delivery is offered in both traditional and distance learning formats.

Creative Living (Community Service Education)

Creative Living programs seek to facilitate the learning and participation of adults in the region. Short-term courses are offered throughout the year allowing participants to strengthen proficiencies; experience cultural, personal, or academic enrichment; and investigate new curiosities promoting self-expansion and lifelong learning. Course topics and offerings range from academics such as foreign languages, art history or debates on issues regarding our current legal processes to developing cultural and personal enrichment through healthy living, art, music, or literature, gardening and green living.

Civic and cultural activities such as art exhibits and lectures are sponsored or co-sponsored by Creative Living.

Operating through the Continuing Education Division at Sandhills Community College, Creative Living's purpose is to provide programs and resources that enhance the intellectual, physical, and personal well-being of the Sandhills community. It seeks to create new and innovative programs, to promote access to services and community resources, and to participate and collaborate with various community organizations and agencies.

CURRICULUM COURSE DESCRIPTIONS

How to Read the Course Description

Each course description begins with a three-letter prefix and a three-digit number that indicate the curriculum and the level of the course. Courses that prepare a student for college-level work are indicated by numbers ranging from 010-098. These courses do not satisfy the requirements for degrees, diplomas, or certificates. Freshman-level University Studies courses (senior college and university transfer) and Applied Science (technical) courses are indicated by numbers ranging from 100 to 199; sophomore-level college transfer and technical courses are numbered 200 through 299.

Courses are listed by course discipline prefix, number, course title, number of semester hours of credit, and, in parentheses, the number of lecture, laboratory and/or work experience/clinical hours, followed by the course prerequisites and corequisites. The symbols F, S, and SS indicate that the course is offered during the fall, spring, or summer semesters. The symbol “AND” indicates the course will be offered “As Needs Demand.” The symbol UGETC represents the Universal General Education Transfer Component as described in the Comprehensive Articulation Agreement (CAA).

Student Learning Outcomes

The three-sentence course description states the purpose of the course, the course content, and course objectives that students must develop in order to complete the course successfully. Each “Course Syllabus” will describe the course objectives in terms of student learning outcomes and describe the methods of assessment that will be used to determine if students have successfully met the course objectives.

Semester Hours of Credit

One semester hour of credit, as indicated in the course descriptions, is earned for a class meeting one hour each week during the semester, with the exception of regular laboratories and manipulative laboratories (experience designed to develop specific job skills). One semester hour of credit is given for each of two or three regular laboratory hours depending upon the type of program. Credit of one semester hour is given for each three hours of manipulative laboratory experience. A credit hour is based upon a 16-week semester or the equivalent amount of time when courses are offered in a mini-mester, four-week, eight-week, or summer session. The descriptions below indicate the total amount of class (lecture), lab, clinical, or work-based learning experience time during a semester per credit hour. For each credit hour, students are also expected to complete two additional hours of study and reflection related to the student learning outcomes.

- **Lecture Hours:** Credit of one semester hour is awarded for each 16 hours of “class work” (or “lecture hour”). Class work is lecture and other classroom instruction. Class work is under the supervision of an instructor.
- **Experiential Lab Hours:** Credit of one semester hour is awarded for each 32 hours of “experiential laboratory work.” Experiential laboratory work means instruction given to a student by an instructor to increase the student's knowledge and skills without immediate student application.
- **Faculty Directed Lab Hours:** Credit of one semester hour is awarded for each 48 hours of “faculty directed laboratory work.” Faculty directed laboratory involves structured and coordinated demonstration by an instructor with immediate student application.
- **Clinical Practice Hours:** Credit of one semester hour is awarded for each 48 hours of “clinical practice.” Clinical practice is a structured, faculty-directed learning experience in a health sciences program which develops job proficiency. Clinical practice requires significant preparation, coordination, and scheduling by the faculty and is under the supervision of an instructor or preceptor who is qualified for the particular program.
- **Work-Based Learning Hours:** Credit of one semester hour is awarded for each 160 hours of “work experience” such as cooperative education courses. Work experience involves the development of job skills by providing the student with employment that is directly related to, and coordinated with, the educational program. Student activity in work experience is planned and coordinated by a college representative, and the employer is responsible for the control and supervision of the student on the job.
- **Distance Learning and Hybrid:** Distance learning (course delivery is 100% online) and hybrid courses (a portion of the course delivery is lecture or lab with the remaining required time to be in appropriate online activities) require that the amount of course time is equivalent to the “class work” and “laboratory work” that is expected in traditional face-to-face lecture, laboratory, clinical, and practicum courses.

Course Prerequisites and Corequisites

Some course prerequisites and corequisites are specified in the statewide Combined Course Library (CCL); others are specified as local (Sandhills Community College) requirements. Students who have not completed the specified courses may satisfy prerequisites and corequisites prior to course enrollment by following one of the following procedures described in the “Academic Policies and Procedures” section of this *Catalog*: Credit by examination, credit for military training, advanced placement (AP) courses,

CURRICULUM COURSE DESCRIPTIONS

academic petition/course substitution, credit for college tech prep students, course requisites waiver, or credit for experiential learning.

DMA, DRE, ENG, and MAT Prerequisites	
To enroll in the courses in Column 1, you must also complete, have transfer credit for, or place out of the DMA, DRE, ENG, and MAT courses in Column 2 in addition to other course pre- and co-requisites listed in the “Curriculum Course Descriptions.”	
ACC-120, 131	DRE-098 (ENG-095) and DMA-010 through 030
ANT-210, 220, 221, 240	DRE-097 (ENG-085)
ARC-119, 214, 215, 230	MAT-121
ART-111	DRE-097 (ENG-085)
ART-114, 115	DRE-098 (ENG-095)
AST-111, 111A	DRE-097 (ENG-085), DMA-010 through 030
BIO 094	DRE-097 (ENG-085); DRE-098 (ENG-095) is a corequisite
BIO-110, 140, 140A, 155	DRE-097 (ENG-085)
BIO-163, 165	DRE-098 (ENG-095), minimum grade C
BPA-210, 220, 250	DRE-097 (ENG-085)
BUS-110, 115, 125, 137, 139, 153, 230, 255	DRE-098 (ENG-095)
BUS-121	DRE-098 (ENG-095), DMA-010 through 030
BUS-228	DRE-098 (ENG-095), MAT-143
BUS-260	ENG-111
CEG-211	MAT-121, MAT-171, or DMA-060 through 080
CHM-151	DMA-010 through 040
CIS-115	DMA-010 through 040, MAT-121, MAT-143, or MAT-171
COM-150	ENG-111
COS-111, 112	DRE-096 (ENG-075), minimum grade C
CSC-134, 139, 151, 153	DMA-010 through 040
CST-241	MAT-121 or MAT-171
CUL-120, 140, 160, 170	DMA-010 through 030
CUL-214, 240, 260	DRE-097 (ENG-085)
DMA-020	DMA-010
DMA-030	DMA-010, 020
DMA-040	DMA-010, 020, 030
DMA-050	DMA-010, 020, 030, 040
DMA-060	DMA-010, 020, 030, 040, 050
DMA-070	DMA-010, 020, 030, 040, 050, 060
DMA-080	DMA-010, 020, 030, 040, 050, 060, 070
DRE-097	DRE-096 (ENG-075)
DRE-098	DRE-097 (ENG-085)

DMA, DRE, ENG, and MAT Prerequisites	
To enroll in the courses in Column 1, you must also complete, have transfer credit for, or place out of the DMA, DRE, ENG, and MAT courses in Column 2 in addition to other course pre- and co-requisites listed in the "Curriculum Course Descriptions."	
ECM-210	DRE-097 (ENG-085)
ECO-151	DRE-098 (ENG-095) and DMA-010 through 050
ECO-251, 252	DRE-098 (ENG-095) and DMA-010 through 050
EDU-119, 146, 151, 153, 157, 184	DRE-097 (ENG-085), minimum grade of C
EDU-131, 144, 145, 221, 223, 234, 235, 251, 259, 261, 262, 271, 275, 280, 284, 288	DRE-098 (ENG-095), minimum grade of C
ENG-111	DRE-098 (ENG-095), minimum grade C
ENG-112, 114, 125	ENG-111
ENG-126	ENG-125
ENG-131	ENG-111; ENG-112 or ENG-114 is also a corequisite.
ENG-231, 232, 241, 242, 261, 262, 273	ENG-112 or ENG-114
GCM-110	MAT-110
GCM-220	ENG-111 and MAT-110
GEO-111	DRE-097 (ENG-085)
HIS-111, 112, 131, 132, 236	DRE-097 (ENG-085)
HIS-121, 122	DRE-096 (ENG-075)
HOR-112, 114, 166	MAT-110
HRM-210, 215, 220, 230, 235, 240, 245, 280	DRE-097 (ENG-085)
HUM-110, 122, 130, 150, 170	DRE-096 (ENG-075)
HUM-115	DRE-098 (ENG-095)
HUM-120, 160, 211, 212, 220, 230	ENG-111
MAT-110	DMA-010 through 030
MAT-121	DMA-010 through 060
MAT-122	MAT-121, minimum grade C
MAT-143	DMA-010 through 050, DRE-098 (ENG-095)
MAT-152	DMA-010 through 050, DRE-098 (ENG-095)
MAT-171	DMA-010 through 080, or MAT-121
MAT-172, 263	MAT-171, minimum grade C
MAT-271	MAT-172, minimum grade C
MAT-272	MAT-271, minimum grade C
MAT-273, 285	MAT-272, minimum grade C
MED-121	DRE-097 (ENG-085)
MKT-120	DRE-097 (ENG-085)
MUS-210	DRE-098 (ENG-095)

 CURRICULUM COURSE DESCRIPTIONS

DMA, DRE, ENG, and MAT Prerequisites	
To enroll in the courses in Column 1, you must also complete, have transfer credit for, or place out of the DMA, DRE, ENG, and MAT courses in Column 2 in addition to other course pre- and co-requisites listed in the “Curriculum Course Descriptions.”	
NAS-101, 102	DRE-097 (ENG-085)
NUR-111	DMA-010 through 080
NUR-214	DMA-010 through 080; ENG-111; ENG-112 or 114 is corequisite
OST-136, 137, 149, 164, 184	ENG-111
OST-141	DRE-097 (ENG-085)

 CURRICULUM COURSE DESCRIPTIONS

ACC-120 Prin of Financial Accounting 4 (3-2) FS SS

Prerequisites: ENG-095 or DRE-098, DMA-010 through 030

Corequisites: None

This course introduces business decision-making accounting information systems. Emphasis is placed on analyzing, summarizing, reporting, and interpreting financial information. Upon completion, students should be able to prepare financial statements, understand the role of financial information in decision-making and address ethical considerations. (2003 FA) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

ACC-121 Prin of Managerial Accounting 4 (3-2) FS SS

Prerequisites: ACC-120

Corequisites: None

This course includes a greater emphasis on managerial and cost accounting skills. Emphasis is placed on managerial accounting concepts for external and internal analysis, reporting and decision-making. Upon completion, students should be able to analyze and interpret transactions relating to managerial concepts including product-costing systems. (2003 FA) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course or A.A. and A.S.*

ACC-131 Federal Income Taxes 3 (2-2) F

Prerequisites: ENG-095 or DRE-098, DMA-010 through 030

Corequisites: None

This course provides an overview of federal income taxes for individuals, partnerships, and corporations. Topics include tax law, electronic research and methodologies and the use of technology for the preparation of individual and business tax returns. Upon completion, students should be able to analyze basic tax scenarios, research applicable tax laws, and complete federal tax returns for individuals, partnerships, and corporations. (2003 FA)

ACC-140 Payroll Accounting 2 (1-2) S

Prerequisites: ACC-115 or ACC-120

Corequisites: None

This course covers federal and state laws pertaining to wages, payroll taxes, payroll tax forms, and journal and general ledger transactions. Emphasis is placed on computing wages; calculating social security, income, and unemployment taxes; preparing appropriate payroll tax forms; and journalizing/posting transactions. Upon completion, students should be able to analyze data, make appropriate computations, complete forms, and prepare accounting entries using appropriate technology. (2003 FA)

ACC-149 Intro to Acc Spreadsheets 2 (1-2) FS

Prerequisites: ACC-115 or ACC-120

Corequisites: None

This course provides a working knowledge of computer spreadsheets and their use in accounting. Topics include pre-programmed problems, model-building problems, beginning-level macros, graphics, and what-if analysis enhancements of template problems. Upon completion, students should be able to use a computer spreadsheet to complete many of the tasks required in accounting. (1999 FA)

ACC-150	Accounting Software Appl	2 (1-2)	S
Prerequisites:	ACC-115 or ACC-120		
Corequisites:	None		
<p>This course introduces microcomputer applications related to accounting systems. Topics include general ledger, accounts receivable, accounts payable, inventory, payroll, and correcting, adjusting, and closing entries. Upon completion, students should be able to use a computer accounting package to solve accounting problems. <i>These concepts are taught using Quickbooks and hands-on training that will provide students with practical experience to take into the workplace. (2003 FA)</i></p>			
ACC-151	Acct Spreadsheet Appl	2 (1-2)	S
Prerequisites:	ACC-149		
Corequisites:	None		
<p>This course is designed to facilitate the use of spreadsheet technology as applied to accounting principles. Emphasis is placed on using spreadsheet software as a problem-solving and decision-making tool. Upon completion, students should be able to demonstrate an understanding of the principles involved and display an analytical problem-solving ability for the topics covered. <i>(1997 SU)</i></p>			
ACC-180	Practices in Bookkeeping	3 (3-0)	S
Prerequisites:	ACC-120		
Corequisites:	None		
<p>This course provides advanced instruction in bookkeeping and record-keeping functions. Emphasis is placed on mastering adjusting entries, correction of errors, depreciation, payroll, and inventory. Upon completion, students should be able to conduct all key bookkeeping functions for small business. <i>(2003 FA)</i></p>			
ACC-220	Intermediate Accounting I	4 (3-2)	F
Prerequisites:	ACC-120, ACC-121		
Corequisites:	None		
<p>This course is a continuation of the study of accounting principles with in-depth coverage of theoretical concepts and financial statements. Topics include generally accepted accounting principles and extensive analyses of financial statements. Upon completion, students should be able to demonstrate competence in the conceptual framework underlying financial accounting, including the application of financial standards. <i>(2006 SP)</i></p>			
ACC-221	Intermediate Acct II	4 (3-2)	S
Prerequisites:	ACC-220		
Corequisites:	None		
<p>This course is a continuation of ACC-220. Emphasis is placed on special problems which may include leases, bonds, investments, ratio analyses, present value applications, accounting changes, and corrections. Upon completion, students should be able to demonstrate an understanding of the principles involved and display an analytical problem-solving ability for the topics covered. <i>(1997 SU)</i></p>			

 CURRICULUM COURSE DESCRIPTIONS

ACC-225 **Cost Accounting** **3 (3-0)** **S**

Prerequisites: **ACC-121**

Corequisites: **None**

This course introduces the nature and purposes of cost accounting as an information system for planning and control. Topics include direct materials, direct labor, factory overhead, process, job order, and standard cost systems. Upon completion, students should be able to demonstrate an understanding of the principles involved and display an analytical problem-solving ability for the topics covered. (1997 SU)

ANT Anthropology

ANT-210 **General Anthropology** **3 (3-0)** **AND**

Prerequisites: **ENG-085 or DRE-097**

Corequisites: **None**

This course introduces the physical, archaeological, linguistic, and ethnological fields of anthropology. Topics include human origins, genetic variations, archaeology, linguistics, primatology, and contemporary cultures. Upon completion, students should be able to demonstrate an understanding of the four major fields of anthropology. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

ANT-220 **Cultural Anthropology** **3 (3-0)** **AND**

Prerequisites: **ENG-085 or DRE-097**

Corequisites: **None**

This course introduces the nature of human culture. Emphasis is placed on cultural theory, methods of fieldwork, and cross-cultural comparisons in the areas of ethnology, language, and the cultural past. Upon completion, students should be able to demonstrate an understanding of basic cultural processes and how cultural data are collected and analyzed. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

ANT-221 **Comparative Cultures** **3 (3-0)** **AND**

Prerequisites: **ENG-085 or DRE-097**

Corequisites: **None**

This course provides an ethnographic survey of societies around the world covering their distinctive cultural characteristics and how these relate to cultural change. Emphasis is placed on the similarities and differences in social institutions such as family, economics, politics, education, and religion. Upon completion, students should be able to demonstrate knowledge of a variety of cultural adaptive strategies. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

ANT-240 Archaeology 3 (3-0) AND

Prerequisites: ENG-085 or DRE-097

Corequisites: None

This course introduces the scientific study of the unwritten record of the human past. Emphasis is placed on the process of human cultural evolution as revealed through archaeological methods of excavation and interpretation. Upon completion, students should be able to demonstrate an understanding of how archaeologists reconstruct the past and describe the variety of past human cultures. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- Social/Behavioral Science Gen. Ed. course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

ARC Architectural Technology

ARC-111 Intro to Arch Technology 3 (1-6) F

Prerequisites: None

Corequisites: None

This course introduces basic architectural drafting techniques, lettering, use of architectural and engineer scales, and sketching. Topics include orthographic, axonometric, and oblique drawing techniques using architectural plans, elevations, sections, and details; reprographic techniques; and other related topics. Upon completion, students should be able to prepare and print scaled drawings within minimum architectural standards. Students will also learn to use the HP48 calculator. (1997 SU)

ARC-112 Constr Mats & Methods 4 (3-2) F

Prerequisites: None

Corequisites: ARC-111

This course introduces construction materials and methodologies. Topics include construction terminology, traditional and alternative materials and their properties, manufacturing processes, construction techniques, and other related topics. Upon completion, students should be able to detail construction assemblies and identify construction materials and properties. (2013 FA)

ARC-113 Residential Arch Tech 3 (1-6) F

Prerequisites: ARC-111, ARC-112

Corequisites: None

This course covers intermediate residential working drawings. Topics include residential plans, elevations, sections, details, schedules, and other related topics. Upon completion, students should be able to prepare a set of residential working drawings that are within accepted architectural standards. (1997 SU)

ARC-114 Architectural CAD 2 (1-3) S

Prerequisites: None

Corequisites: None

This course introduces basic architectural CAD techniques. Topics include basic commands and system hardware and software. Upon completion, students should be able to prepare and plot architectural drawings to scale within accepted architectural standards. (1998 FA)

 CURRICULUM COURSE DESCRIPTIONS

ARC-114A	Architectural CAD Lab	1 (0-3)	AND
Prerequisites:	None		
Corequisites:	ARC-114		
<p>This course provides a laboratory setting to enhance architectural CAD skills. Emphasis is placed on further development of commands and system operation. Upon completion, students should be able to prepare and plot scaled architectural drawings. Students will develop basic CAD skills using a variety of CAD software. (1997 SU)</p>			
ARC-119	Structural Drafting	3 (2-2)	AND
Prerequisites:	ARC-113, ARC-114, ARC-114A, MAT-121		
Corequisites:	None		
<p>This course introduces basic concepts associated with sizing and detailing structural assemblies. Topics include vocabulary, span-to-depth ratios, code requirements, shop drawings, and other related topics. Upon completion, students should be able to perform simple calculations and prepare shop drawings and preliminary structural plans. (1997 SU)</p>			
ARC-160	Residential Design	3 (1-6)	AND
Prerequisites:	ARC-111, ARC-114, ARC-114A		
Corequisites:	ARC-112		
<p>This course introduces the methodology of basic residential design. Topics include residential site design, space organization and layout, residential styles, and the development of schematic design. Upon completion, students should be able to design a residence. (1998 FA)</p>			
ARC-211	Light Constr Technology	3 (1-6)	AND
Prerequisites:	ARC-111, ARC-114, ARC-114A		
Corequisites:	ARC-112		
<p>This course covers working drawings for light construction. Topics include plans, elevations, sections, and details; schedules; and other related topics. Upon completion, students should be able to prepare a set of working drawings which are within accepted architectural standards. (1997 SU)</p>			
ARC-213	Design Project	4 (2-6)	S
Prerequisites:	ARC-111, ARC-112, ARC-114		
Corequisites:	None		
<p>This course provides the opportunity to design and prepare a set of contract documents within an architectural setting. Topics include schematic design, design development, construction documents, and other related topics. Upon completion, students should be able to prepare a set of commercial contract documents. (1998 FA)</p>			
ARC-214	Architectural Statics	3 (3-0)	AND
Prerequisites:	ARC-111, ARC-112, MAT-121		
Corequisites:	ARC-215		
<p>This course covers the concepts of elementary statics as applied to architecture. Topics include forces, resultants, and types of force system; equations of equilibrium; reactions of simple architectural structures; internal forces in architectural roof trusses; frames and beams; centroids and moments of inertia as applied to architecture. Upon completion, students should be able to solve problems which require the ability to analyze systems of forces in static equilibrium as applied to architectural forms. (1998 FA)</p>			

ARC-215 Architect Strength of Mat 3 (3-0) AND
Prerequisites: ARC-111, ARC-112, MAT-121
Corequisites: ARC-214

This course covers the concepts of elementary strength of materials within architecture. Topics include structural form, architectural strength of materials, structural behavior, and the relationship between structures and architectural form. Upon completion, students should be able to size simple structural elements to specific architectural forms. (1998 FA)

ARC-230 Environmental Systems 4 (3-3) S
Prerequisites: ARC-111; MAT 121 or MAT-171
Corequisites: None

This course introduces plumbing, mechanical (HVAC), and electrical systems for the architectural environment. Topics include basic plumbing, mechanical, and electrical systems for residential and/or commercial buildings with an introduction to selected code requirements. Upon completion, students should be able to develop schematic drawings for plumbing, mechanical, and electrical systems and perform related calculations. (2014 FA)

ARC-231 Arch Presentations 4 (2-4) AND
Prerequisites: ARC-111, ARC-114, ARC-114A
Corequisites: None

This course introduces architectural presentation techniques. Topics include perspective drawing, shadow projection, texturization, rendered plans, elevations, and other related topics. Upon completion, students should be able to present ideas graphically and do rendered presentation drawings. (1997 SU)

ART Art

ART-111 Art Appreciation 3 (3-0) FS SS
Prerequisites: ENG-085 or DRE-097
Corequisites: None

This course introduces the origins and historical development of art. Emphasis is placed on the relationship of design principles to various art forms including but not limited to sculpture, painting, and architecture. Upon completion, students should be able to identify and analyze a variety of artistic styles, periods, and media. (1997 SU)
This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.E., and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ART-114 Art History Survey I 3 (3-0) F
Prerequisites: ENG-095 or DRE-098
Corequisites: None

This course covers the development of art forms from ancient times to the Renaissance. Emphasis is placed on content, terminology, design, and style. Upon completion, students should be able to demonstrate an historical understanding of art as a product reflective of human social development. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A., A.E., and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

 CURRICULUM COURSE DESCRIPTIONS

ART-115 Art History Survey II 3 (3-0) S
Prerequisites: ENG-095 or DRE-098
Corequisites: None

This course covers the development of art forms from the Renaissance to the present. Emphasis is placed on content, terminology, design, and style. Upon completion, students should be able to demonstrate an historical understanding of art as a product reflective of human social development. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A., A.E., and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ART-121 Two-Dimensional Design 3 (0-6) F
Prerequisites: None
Corequisites: None

This course introduces the elements and principles of design as applied to two-dimensional art. Emphasis is placed on the structural elements, the principles of visual organization, and the theories of color mixing and interaction. Upon completion, students should be able to understand and use critical and analytical approaches as they apply to two-dimensional visual art. (2012 SP) *This course has been approved to satisfy the following requirement(s):*

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ART-122 Three-Dimensional Design 3 (0-6) S
Prerequisites: ART-121
Corequisites: None

This course introduces basic studio problems in three-dimensional visual design. Emphasis is placed on the structural elements and organizational principles as applied to mass and space. Upon completion, students should be able to apply three-dimensional design concepts. (2012 SP) *This course has been approved to satisfy the following requirement(s):*

- Premajor and/or Elective course for A.A. and A.S.

ART-131 Drawing I 3 (0-6) FS
Prerequisites: None
Corequisites: None

This course introduces the language of drawing and the use of various drawing materials. Emphasis is placed on drawing techniques, media, and graphic principles. Upon completion, students should be able to demonstrate competence in the use of graphic form and various drawing processes. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ART-132 Drawing II 3 (0-6) S
Prerequisites: ART-131
Corequisites: None

This course continues instruction in the language of drawing and the use of various materials. Emphasis is placed on experimentation in the use of drawing techniques, media, and graphic materials. Upon completion, students should be able to demonstrate

- *Premajor and/or Elective course for A.A. and A.S.*

ART-283 Ceramics I 3 (0-6) F
Prerequisites: None
Corequisites: None

This course provides an introduction to three-dimensional design principles using the medium of clay. Emphasis is placed on fundamentals of forming, surface design, glaze application, and firing. Upon completion, students should be able to demonstrate skills in slab and coil construction, simple wheel forms, glaze technique, and creative expression. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

AST Astronomy

AST-111 Descriptive Astronomy 3 (3-0) AND
Prerequisites: ENG-085 or DRE-097, DMA-010 through 030
Corequisites: AST-111A

This course introduces an overall view of modern astronomy. Topics include an overview of the solar system, the sun, stars, galaxies, and the larger universe. Upon completion, students should be able to demonstrate an understanding of the universe around them. Emphasis will be on the fundamental physics concepts underlying topics studied; students can expect to use computers and the Internet for study and research. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A.*
- *Natural Science Gen. Ed. course for A.S.*
- *Natural Science Gen. Ed. course for A.A.S. and A.G.E.*

AST-111A Descriptive Astronomy Lab 1 (0-2) AND
Prerequisites: ENG-085 or DRE-097, DMA-010 through 030
Corequisites: AST-111

The course is a laboratory to accompany AST-111. Emphasis is placed on laboratory experiences which enhance the materials presented in AST-111 and which provide practical experience. Upon completion, students should be able to demonstrate an understanding of the universe around them. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A.*
- *Natural Science Gen. Ed. course for A.S.*
- *Natural Science Gen. Ed. course for A.A.S. and A.G.E.*

ATT Alternative Transportation Tech

ATT-115 Green Trans Safety & Service 2 (1-2) AND
Prerequisites: None
Corequisites: None

This course covers workplace safety, hazardous material and environmental regulation relevant to electric, hybrid and alternative fueled vehicles. Topics include safety of high voltage vehicle systems, gaseous fuel systems and alternative liquid fuels. Upon completion, students should be able to demonstrate safe work practices, utilize appropriate shop tools and explain government regulations associated with alternative transportation. (2013 FA)

AUB-131	Structural Damage I	4 (2-4)	S
Prerequisites:	None		
Corequisites:	None		
This course introduces safety, equipment, structural damage analysis, and damage repairs. Topics include shop safety, design and construction, structural analysis and measurement, equipment, structural glass, repair techniques, and other related topics. Upon completion, students should be able to analyze and perform repairs to a vehicle which has received light/moderate structural damage. <i>(1997 SU)</i>			
AUB-132	Structural Damage II	4 (2-6)	SS
Prerequisites:	AUB-131		
Corequisites:	None		
This course provides an in-depth study of structural damage analysis and repairs to vehicles that have received moderate to heavy structural damage. Topics include shop safety, structural analysis and measurement, equipment, structural glass, advanced repair techniques, structural component replacement and alignment, and other related topics. Upon completion, students should be able to analyze and perform repairs according to industry standards. <i>(1997 SU)</i>			
AUB-136	Plastics & Adhesives	3 (1-4)	S
Prerequisites:	None		
Corequisites:	None		
This course covers safety, plastic and adhesive identification, and the various repair methods of automotive plastic components. Topics include safety, identification, preparation, material selection, and the various repair procedures including refinishing. Upon completion, students should be able to identify, remove, repair, and/or replace automotive plastic components in accordance with industry standards. <i>(1997 SU)</i>			
AUB-150	Automotive Detailing	2 (1-3)	AND
Prerequisites:	None		
Corequisites:	None		
This course covers the methods and procedures used in automotive detailing facilities. Topics include safety, engine, interior and trunk compartment detailing, buffing/polishing exterior surfaces, and cleaning and reconditioning exterior trim, fabrics, and surfaces. Upon completion, students should be able to improve the overall appearance of a vehicle. <i>(1997 SU)</i>			
AUB-160	Body Shop Operations	1 (1-0)	AND
Prerequisites:	None		
Corequisites:	None		
This course introduces the day-to-day operations of autobody repair facilities. Topics include work habits and ethics, customer relations, equipment types, materials cost and control, policies and procedures, shop safety and liabilities, and other related topics. Upon completion, students should be able to understand the general operating policies and procedures associated with an autobody repair facility. <i>(1997 SU)</i>			
AUB-162	Autobody Estimating	2 (1-2)	SS
Prerequisites:	None		
Corequisites:	None		
This course provides a comprehensive study of autobody estimating. Topics include collision damage analysis, industry regulations, flat-rate and estimated time, and			

 CURRICULUM COURSE DESCRIPTIONS

collision estimating manuals. Upon completion, students should be able to prepare and interpret a damage report. (1997 SU)

AUC Automotive Customizing

AUC-117 **Custom Airbrushing** **4 (2-6)** **AND**
Prerequisites: **None**
Corequisites: **None**

This course covers custom airbrushing techniques, finish application, and equipment selection. Emphasis is placed on the design and application of custom airbrushing techniques and proper equipment maintenance. Upon completion, students should be able to design and apply custom air brush graphics using a variety of techniques. (2011 SP)

AUT Automotive

AUT-113 **Automotive Servicing I** **2 (0-6)** **AND**
Prerequisites: **None**
Corequisites: **None**

This course is a lab used as an alternative to co-op placement. Emphasis is placed on shop operations, troubleshooting, testing, adjusting, repairing, and replacing components using appropriate test equipment and service information. Upon completion, students should be able to perform a variety of automotive repairs using proper service procedures and to operate appropriate equipment. (2007 FA)

AUT-114 **Safety and Emissions** **2 (1-2)** **S**
Prerequisites: **None**
Corequisites: **None**

This course covers the laws, procedures, and specifications needed to perform a North Carolina State Safety and Emissions inspection. Topics include brake, steering and suspension, lighting, horn, windshield wiper, tire, mirrors, and emission control devices inspection. Upon completion, students should be able to perform complete and thorough North Carolina State Safety and Emissions inspections. (2007 FA)

AUT-116 **Engine Repair** **3 (2-3)** **F**
Prerequisites: **None**
Corequisites: **AUT-116A**

This course covers the theory, construction, inspection, diagnosis, and repair of internal combustion engines and related systems. Topics include fundamental operating principles of engines and diagnosis, inspection, adjustment, and repair of automotive engines using appropriate service information. Upon completion, students should be able to perform basic diagnosis, measurement and repair of automotive engines using appropriate tools, equipment, procedures, and service information. (2007 FA)

AUT-116A **Engine Repair Lab** **1 (0-3)** **F**
Prerequisites: **None**
Corequisites: **AUT-116**

This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include diagnosis, inspection, adjustment, and repair of automotive engines using appropriate service information. Upon completion, students should be able to perform basic diagnosis, measurement and

BAF Banking and Finance

BAF-110 **Principles of Banking** **3 (3-0)** **F**

Prerequisites: **None**

Corequisites: **None**

This course covers the fundamentals of bank functions in a descriptive fashion. Topics include banks and the monetary system, the relationship of banks to depositors, the payment functions, bank loans and accounting, regulations, and examinations. Upon completion, students should be able to demonstrate an understanding of the business of banking from a broad perspective. (2015 FA)

BAF-233 **Commercial Lending** **3 (3-0)** **S**

Prerequisites: **None**

Corequisites: **None**

This course introduces the basic principles and procedures used in commercial lending. Topics include the commercial customer, types of commercial loans, the commercial lending process, financial reports, and regulatory requirements. Upon completion, students should be able to demonstrate the knowledge and skills needed to effectively and profitably service the commercial loan customer. (1997 SU)

BIO Biology

Initial student placement in developmental courses is based on individual college placement testing policies and procedures. Students should begin developmental course work at the appropriate level indicated by the college's placement test.

BIO-094 **Concepts of Human Biology** **4 (3-2)** **FS**

Prerequisites: **None**

Corequisites: **ENG-095 or DRE-098**

This course focuses on fundamental concepts of human biology. Topics include terminology, biochemistry, cell biology, tissues, body systems, and other related topics. Upon completion, students should be able to demonstrate preparedness for college-level anatomy and physiology courses. (2014 FA)

BIO-110 **Principles of Biology** **4 (3-3)** **FS SS**

Prerequisites: **ENG-085 or DRE-097**

Corequisites: **None**

This course provides a survey of fundamental biological principles for non-science majors. Emphasis is placed on basic chemistry, cell biology, metabolism, genetics, evolution, ecology, diversity, and other related topics. Upon completion, students should be able to demonstrate increased knowledge and better understanding of biology as it applies to everyday life. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A.*
- *Natural Science Gen. Ed. course for A.S.*
- *Natural Science Gen. Ed. course for A.A.S. and A.G.E.*

BIO-140 Environmental Biology 3 (3-0) AND
Prerequisites: ENG-085 or DRE-097
Corequisites: BIO-140A

This course introduces environmental processes and the influence of human activities upon them. Topics include ecological concepts, population growth, natural resources, and a focus on current environmental problems from scientific, social, political, and economic perspectives. Upon completion, students should be able to demonstrate an understanding of environmental interrelationships and of contemporary environmental issues. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Natural Science Gen. Ed. course for A.A. and A.S.*
- *Natural Science Gen. Ed. course for A.A.S. and A.G.E.*

BIO-140A Environmental Biology Lab 1 (0-3) AND
Prerequisites: ENG-085 or DRE-097
Corequisites: BIO-140

This course provides a laboratory component to complement BIO-140. Emphasis is placed on laboratory and field experience. Upon completion, students should be able to demonstrate a practical understanding of environmental interrelationships and of contemporary environmental issues. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Natural Science Gen. Ed. course for A.A. and A.S.*
- *Natural Science Gen. Ed. course for A.A.S. and A.G.E.*

BIO-155 Nutrition 3 (3-0) S SS
Prerequisites: ENG-085 or DRE-097
Corequisites: None

This course covers the biochemistry of foods and nutrients with consideration of the physiological effects of specialized diets for specific biological needs. Topics include cultural, religious, and economic factors that influence a person's acceptance of food, as well as nutrient requirements of the various life stages. Upon completion, students should be able to identify the functions and sources of nutrients, the mechanisms of digestion, and the nutritional requirements of all age groups. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

BIO-163 Basic Anat & Physiology 5 (4-2) FS
Prerequisites: ENG-095 or DRE-098, minimum grade C
Corequisites: None

This course provides a basic study of the structure and function of the human body. Topics include a basic study of the body systems as well as an introduction to homeostasis, cells, tissues, nutrition, acid-base balance, and electrolytes. Upon completion, students should be able to demonstrate a basic understanding of the fundamental principles of anatomy and physiology and their interrelationships. This course is designed for allied health curricula. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*
- *Natural Sciences Gen. Ed. course for A.A.S. and A.G.E.*

BPR-115 **Elc/Fluid Power Diagrams** **2 (1-2)** **S**

Prerequisites: **None**

Corequisites: **None**

This course covers sketching of detail and assembly drawings and reading of hydraulic, pneumatic, electrical, mechanical, and piping schematics. Emphasis is placed on interpretation and communication skills utilizing sketches, symbols, diagrams, and other related topics. Upon completion, students should be able to read, demonstrate an understanding of, and draw sketches and schematics commonly used in industry. (1997 SU)

BPR-130 **Print Reading-Construction** **3 (3-0)** **F**

Prerequisites: **None**

Corequisites: **ARC-111 or EGR-115**

This course covers the interpretation of interpretation of prints and specifications that are associated with design and construction projects. Topics include interpretation of documents for foundations, floor plans, elevations, and related topics. Upon completion, students should be able to read and interpret construction prints and documents. (2013 FA)

BUS Business

BUS-110 **Introduction to Business** **3 (3-0)** **FS SS**

Prerequisites: **ENG-095 or DRE-098**

Corequisites: **None**

This course provides a survey of the business world. Topics include the basic principles and practices of contemporary business. Upon completion, students should be able to demonstrate an understanding of business concepts as a foundation for studying other business subjects. (2015 FA) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

BUS-115 **Business Law I** **3 (3-0)** **FS**

Prerequisites: **ENG-095 or DRE-098**

Corequisites: **None**

This course introduces the student to the legal and ethical framework of business. Contracts, negotiable instruments, the law of sales, torts, crimes, constitutional law, the Uniform Commercial Code, and the court systems are examined. Upon completion the student should be able to identify legal and ethical issues that arise in business decisions and the laws that apply to them. (2015 FA) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

BUS-116 **Business Law II** **3 (3-0)** **AND**

Prerequisites: **BUS-115**

Corequisites: **None**

This course includes the study of the legal and ethical framework of business. Business Organizations, property law, intellectual property law, agency and employment law, consumer law, secured transactions, and bankruptcy are examined. Upon completion, the student should be able to identify legal and ethical issues that arise in business decisions and the laws that apply to them. (2015 FA)

 CURRICULUM COURSE DESCRIPTIONS

BUS-121 Business Math 3 (2-2) FS
Prerequisites: ENG-095 or DRE-098, DMA-010 through 030
Corequisites: None

This course covers fundamental mathematical operations and their application to business problems. Topics include payroll, pricing, interest and discount, commission, taxes, and other pertinent uses of mathematics in the field of business. Upon completion, students should be able to apply mathematical concepts to business. (1997 SU)

BUS-125 Personal Finance 3 (3-0) S
Prerequisites: ENG-095 or DRE-098
Corequisites: None

This course provides a study of individual and family financial decisions. Emphasis is placed on building useful skills in buying, managing finances, increasing resources, and coping with current economic conditions. Upon completion, students should be able to develop a personal financial plan. (1997 SU)

BUS-137 Principles of Management 3 (3-0) FS SS
Prerequisites: ENG-095 or DRE-098
Corequisites: None

This course is designed to be an overview of the major functions of management. Emphasis is placed on planning, organizing, controlling, directing, and communicating. Upon completion, students should be able to work as contributing members of a team utilizing these functions of management. (2015 FA) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

BUS-139 Entrepreneurship I 3 (3-0) F
Prerequisites: ENG-095 or DRE-098
Corequisites: None

This course provides an introduction to the principles of entrepreneurship. Topics include self-analysis of entrepreneurship readiness, the role of entrepreneur in economic development, legal problems, organizational structure, sources of financing, budgeting, and cash flow. Upon completion, students should have an understanding of the entrepreneurial process and issues faced by entrepreneurs. (2008 FA)

BUS-148 Survey of Real Estate 3 (3-0) F
Prerequisites: None
Corequisites: None

This course introduces real estate principles and practices. Topics include real estate finance, real estate law, brokerage, land use planning, property management, and valuation. Upon completion, students should be able to explain basic procedures involved in the lease, purchase, and sale of real property. (1997 SU)

BUS-153 Human Resource Management 3 (3-0) F
Prerequisites: ENG-095 or DRE-098
Corequisites: None

This course introduces the functions of personnel/human resource management within an organization. Topics include equal opportunity and the legal environment, recruitment and selection, performance appraisal, employee development,

compensation planning, and employee relations. Upon completion, students should be able to anticipate and resolve human resource concerns. (1997 SU)

BUS-225 Business Finance 3 (2-2) F

Prerequisites: ACC-120

Corequisites: None

This course provides an overview of business financial management. Emphasis is placed on financial statement analysis, time value of money, management of cash flow, risk and return, and sources of financing. Upon completion, students should be able to interpret and apply the principles of financial management. (1997 SU)

BUS-228 Business Statistics 3 (2-2) AND

Prerequisites: ENG-095 or DRE-098 and MAT-143

Corequisites: None

This course introduces the use of statistical methods and tools in evaluating research data for business applications. Emphasis is placed on basic probability, measures of spread and dispersion, central tendency, sampling, regression analysis, and inductive inference. Upon completion, students should be able to apply statistical problem solving to business. (2014 FA)

BUS-230 Small Business Management 3 (3-0) FS

Prerequisites: ENG-095 or DRE-098

Corequisites: None

This course introduces the challenges of entrepreneurship including the startup and operation of a small business. Topics include market research techniques, feasibility studies, site analysis, financing alternatives, and managerial decision making. Upon completion, students should be able to develop a small business plan. (1997 SU)

BUS-238 Integrated Management 3 (3-0) S

Prerequisites: BUS-137; ACC-121 or BUS-225

Corequisites: None

This course provides a management simulation exercise in which students make critical managerial decisions based upon the situations that arise in operating competitive business enterprises. Topics include operations management, forecasting, budgeting, purchasing, facility layout, aggregate planning, and work improvement techniques. Upon completion, students should be able to perform the variety of analytical and decision-making requirements that will be faced in a business. (1997 SU)

BUS-255 Org Behavior in Business 3 (3-0) S

Prerequisites: ENG-095 or DRE-098

Corequisites: None

This course covers the impact of different management practices and leadership styles on worker satisfaction and morale, organizational effectiveness, productivity, and profitability. Topics include a discussion of formal and informal organizations, group dynamics, motivation, and managing conflict and change. Upon completion, students should be able to analyze different types of interpersonal situations and determine an appropriate course of action. (1997 SU)

 CURRICULUM COURSE DESCRIPTIONS

BUS-260 Business Communication 3 (3-0) FS

Prerequisites: ENG-111

Corequisites: None

This course is designed to develop skills in writing business communications. Emphasis is placed on business reports, correspondence, and professional presentations. Upon completion, students should be able to communicate effectively in the work place. (2014 SP)

CCT Cyber Crime Technology

CCT-110 Intro to Cyber Crime 3 (3-0) AND

Prerequisites: None

Corequisites: None

This course introduces and explains the various types of offenses that qualify as cyber crime activity. Emphasis is placed on identifying cyber crime activity and the response to these problems from both the private and public domains. Upon completion, students should be able to accurately describe and define cyber crime activities and select an appropriate response to deal with the problem. (2001 FA)

CEG Civil Engineering and Geomatics

CEG-111 Intro to GIS and GNSS 4 (2-4) S

Prerequisites: None

Corequisites: CIS-110 or CIS-111

This course introduces the methods and techniques used in the Geographic Information Systems (GIS) and Global Navigation Satellite Systems (GNSS) professions. Emphasis is placed on data collection and mapping using GIS software. Upon completion, students should be able to use GNSS technologies to collect field data and create GIS maps. (2013 FA)

CEG-210 Construction Mtls & Methods 3 (2-3) F

Prerequisites: None

Corequisites: EGR-115

This course covers the behavior and properties of Portland cement, asphaltic concretes, and other construction materials, including construction methods and equipment. Topics include cementing agents, aggregates, water and admixture materials with their proportions, production, placement, consolidation, curing; and their inspection. Upon completion, students should be able to proportion Portland concrete mixes to attain predetermined strengths, perform standard control tests on Portland cement concrete, identify inspection criteria for concretes, identify construction equipment and applications. (2013 FA)

CEG-211 Hydrology & Erosion Control 3 (2-3) F

Prerequisites: MAT-121, MAT-171, or DMA-060 through 080

Corequisites: None

This course introduces basic engineering principles and characteristics of hydrology, erosion and sediment control. Topics include stormwater runoff, gravity pipe flow, open channel flow, low impact development (LID), erosion control devices and practices. Upon completion, students should be able to analyze and design gravitational drainage structures, identify LID and erosion control elements, and prepare a stormwater drainage plan. (2014 FA)

CEG-212 Intro to Environmental Tech 3 (2-3) S

Prerequisites: EGR-251

Corequisites: None

This course introduces basic engineering principles of hydraulics, and water and wastewater technologies. Topics include fluid statics, fluid dynamics, flow measurement, the collection, treatment, and distribution of water and wastewater. Upon completion, students should be able to identify water and wastewater system elements, describe water and wastewater system processes and perform basic hydraulics and treatment computations. (2013 FA)

CEG-230 Subdivision Planning & Design 3 (1-6) S

Prerequisites: EGR-120, CEG-211, SRV-111

Corequisites: None

This course covers the planning and design concepts related to subdivisions including analysis of development standards, engineering, and the creation of CAD drawings. Topics include applicable codes, lot creation, roadway system layout, stormwater drainage, low impact development (LID) concepts, and related topics. Upon completion, students should be able to prepare a set of subdivision plans. (2013 FA)

CEG-235 Project Management/Estimating 3 (2-3) S

Prerequisites: CEG-115, CIS-110, CIS-111, EGR-115, or EGR-125

Corequisites: None

This course covers planning and estimating practices which are applicable to the civil engineering and related construction industries. Emphasis is placed on construction project planning and management, material take-offs labor and equipment requirements in accordance with industry formats, and other economic topics. Upon completion, students should be able to accurately complete material take-offs, prepare cost estimates, and prepare construction schedules. (2014 SU)

CET Computer Engineering Technology

CET-111 Computer Upgrade/Repair I 3 (2-3) F SS

Prerequisites: None

Corequisites: None

This course covers repairing, servicing, and upgrading computers and peripherals in preparation for industry certification. Topics include CPU/memory/bus identification, disk subsystems, hardware/software installation/configuration, common device drivers, data recovery, system maintenance, and other related topics. Upon completion, students should be able to safely repair and/or upgrade computer systems to perform within specifications. (2007 FA)

CET-150 Computer Forensics I 3 (2-3) AND

Prerequisites: None

Corequisites: None

This course is an introduction to computer forensic concepts, with emphasis on computer forensic methods and best practices. Topics include computer system analysis, physical and logical storage methods for different types of media, tools to recover and analyze data from storage media, system security. Upon completion, students should be able to use diagnostic and investigative techniques to identify and retrieve data from various types of computer media. (2007 FA)

CIV-221 Steel and Timber Design 3 (2-3) F

Prerequisites: EGR-251

Corequisites: None

This course introduces the basic elements of steel and timber structures. Topics include strength of materials applications, the analysis and design of steel and timber beams, columns, and connections and concepts of structural detailing. Upon completion, students should be able to analyze, design, and draw simple plans using Computer Aided Drafting and Design software (CADD). (2013 FA)

CIV-222 Reinforced Concrete 3 (2-3) S

Prerequisites: EGR-251

Corequisites: None

This course introduces the basic elements of reinforced concrete structures. Topics include analysis and design of reinforced concrete beams, slabs, columns, footings, and retaining walls. Upon completion, students should be able to analyze and design components of a structure using reinforced concrete and draw simple plans using Computer Aided Drafting and Design software (CADD). (2013 FA)

CJC Criminal Justice

Admission to the BLET program is required before enrolling in CJC-100. Students with credit for CJC-100 should consult with the program coordinator about credits for some CJC course offerings as noted in the program catalog entry.

CJC-100 Basic Law Enforcement Training 19 (9-30) FS SS

Prerequisites: None

Corequisites: None

This course covers the basic skills and knowledge needed for entry-level employment as a law enforcement officer in North Carolina. Topics are divided into general units of study: legal, patrol duties, law enforcement communications, investigations, practical application and sheriff-specific. Upon successful completion, the student will be able to demonstrate competence in topics and areas required for the state comprehensive certification examination. *This is a certificate-level course.* (2006 SP)

CJC-111 Intro to Criminal Justice 3 (3-0) F

Prerequisites: None

Corequisites: None

This course introduces the components and processes of the criminal justice system. Topics include history, structure, functions, and philosophy of the criminal justice system and their relationship to life in our society. Upon completion, students should be able to define and describe the major system components and their interrelationships and evaluate career options. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- Premajor and/or Elective course for A.A. and A.S.

 CURRICULUM COURSE DESCRIPTIONS

CJC-112	Criminology	3 (3-0)	F
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces deviant behavior as it relates to criminal activity. Topics include theories of crime causation; statistical analysis of criminal behavior; past, present, and future social control initiatives; and other related topics. Upon completion, students should be able to explain and discuss various theories of crime causation and societal response. (1997 SU)</p>			
CJC-113	Juvenile Justice	3 (3-0)	FS
Prerequisites:	None		
Corequisites:	None		
<p>This course covers the juvenile justice system and related juvenile issues. Topics include an overview of the juvenile justice system, treatment and prevention programs, special areas and laws unique to juveniles, and other related topics. Upon completion, students should be able to identify/discuss juvenile court structure/procedures, function and jurisdiction of juvenile agencies, processing/detention of juveniles, and case disposition. <i>Students who have successfully completed CJC-100, Basic Law Enforcement, may receive credit for CJC-113.</i> (1997 SU)</p>			
CJC-120	Interviews/Interrogations	2 (1-2)	FS
Prerequisites:	None		
Corequisites:	None		
<p>This course covers basic and special techniques employed in criminal justice interviews and interrogations. Emphasis is placed on the interview/interrogation process, including interpretation of verbal and physical behavior and legal perspectives. Upon completion, students should be able to conduct interviews/interrogations in a legal, efficient, and professional manner and obtain the truth from suspects, witnesses, and victims. <i>Students who have successfully completed CJC-100, Basic Law Enforcement, may receive credit for CJC-120.</i> (1997 SU)</p>			
CJC-121	Law Enforcement Operations	3 (3-0)	FS
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces fundamental law enforcement operations. Topics include the contemporary evolution of law enforcement operations and related issues. Upon completion, students should be able to explain theories, practices, and issues related to law enforcement operations. (1997 SU) <i>This course has been approved to satisfy the following requirement(s):</i></p> <ul style="list-style-type: none"> • <i>Premajor and/or Elective course for A.A. and A.S.</i> 			
CJC-131	Criminal Law	3 (3-0)	S
Prerequisites:	None		
Corequisites:	None		
<p>This course covers the history/evolution/principles and contemporary applications of criminal law. Topics include sources of substantive law, classification of crimes, parties to crime, elements of crimes, matters of criminal responsibility, and other related topics. Upon completion, students should be able to discuss the sources of law and identify, interpret, and apply the appropriate statutes/elements. <i>Students who have successfully completed CJC-100, Basic Law Enforcement, may receive credit for CJC-131.</i> (1997 SU)</p>			

CJC-132 Court Procedure & Evidence 3 (3-0) S**Prerequisites:** None**Corequisites:** None

This course covers judicial structure/process/procedure from incident to disposition, kinds and degrees of evidence, and the rules governing admissibility of evidence in court. Topics include consideration of state and federal courts, arrest, search and seizure laws, exclusionary and statutory rules of evidence, and other related issues. Upon completion, students should be able to identify and discuss procedures necessary to establish a lawful arrest/search, proper judicial procedures, and the admissibility of evidence. *Students who have successfully completed CJC-100, Basic Law Enforcement, may receive credit for CJC-132. (1997 SU)*

CJC-141 Corrections 3 (3-0) FS**Prerequisites:** None**Corequisites:** None

This course covers the history, major philosophies, components, and current practices and problems of the field of corrections. Topics include historical evolution, functions of the various components, alternatives to incarceration, treatment programs, inmate control, and other related topics. Upon completion, students should be able to explain the various components, processes, and functions of the correctional system. *(1997 SU)*
This course has been approved to satisfy the following requirement(s):

- *Premajor and/or Elective course for A.A. and A.S.*

CJC-212 Ethics & Comm Relations 3 (3-0) S SS**Prerequisites:** None**Corequisites:** None

This course covers ethical considerations and accepted standards applicable to criminal justice organizations and professionals. Topics include ethical systems; social change, values, and norms; cultural diversity; citizen involvement in criminal justice issues; and other related topics. Upon completion, students should be able to apply ethical considerations to the decision-making process in identifiable criminal justice situations. *(1997 SU)*

CJC-221 Investigative Principles 4 (3-2) FS**Prerequisites:** None**Corequisites:** None

This course introduces the theories and fundamentals of the investigative process. Topics include crime scene/incident processing, information gathering techniques, collection/preservation of evidence, preparation of appropriate reports, court presentations, and other related topics. Upon completion, students should be able to identify, explain, and demonstrate the techniques of the investigative process, report preparation, and courtroom presentation. *Students who have successfully completed CJC-100, Basic Law Enforcement, may receive credit for CJC-221. (1997 SU)*

CJC-225 Crisis Intervention 3 (3-0) F**Prerequisites:** None**Corequisites:** None

This course introduces critical incident intervention and management techniques as they apply to operational criminal justice practitioners. Emphasis is placed on the victim/offender situation as well as job-related high stress, dangerous, or problem-

COM-120 Intro Interpersonal Com 3 (3-0) FS SS

Prerequisites: None

Corequisites: None

This course introduces the practices and principles of interpersonal communication in both dyadic and group settings. Emphasis is placed on the communication process, perception, listening, self-disclosure, speech apprehension, ethics, nonverbal communication, conflict, power, and dysfunctional communication relationships. Upon completion, students should be able to demonstrate interpersonal communication skills, apply basic principles of group discussion, and manage conflict in interpersonal communication situations. (2007 FA) *This course has been approved to satisfy the following requirement(s):*

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.
- Communication course for A.A.S. and A.G.E.

COM-150 Intro. to Mass Comm. 3 (3-0) AND

Prerequisites: ENG-111

Corequisites: None

This course introduces print and electronic media and the new information technologies in terms of communication theory and as economic, political, and social institutions. Topics include the nature, history, functions, and responsibilities of mass communication industries in a global environment and their role and impact in American society. Upon completion, students should be able to demonstrate awareness of the pervasive nature of mass media and how media operate in an advanced post-industrial society. (2010 SP) *This course has been approved to satisfy the following requirement(s):*

- Premajor and/or Elective course for A.A. and A.S.

COM-231 Public Speaking 3 (3-0) FS SS

Prerequisites: None

Corequisites: None

This course provides instruction and experience in preparation and delivery of speeches within a public setting and group discussion. Emphasis is placed on research, preparation, delivery, and evaluation of informative, persuasive, and special occasion public speaking. Upon completion, students should be able to prepare and deliver well-organized speeches and participate in group discussion with appropriate audiovisual support. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A., A.E., and A.S.
- Communication course for A.A.S. and A.G.E.

COS Cosmetology

COS-111 Cosmetology Concepts I 4 (4-0) FS

Prerequisites: ENG-075 or DRE-096, minimum grade C

Corequisites: COS-112

This course introduces basic cosmetology concepts. Topics include safety, first aid, sanitation, bacteriology, anatomy, diseases and disorders, hygiene, product knowledge, chemistry, ethics, manicures, and other related topics. Upon completion, students should be able to safely and competently apply cosmetology concepts in the salon setting. (1997 SU)

 CURRICULUM COURSE DESCRIPTIONS

COS-112	Salon I	8 (0-24)	FS
Prerequisites:	ENG-075 or DRE-096, minimum grade C		
Corequisites:	COS-111		
This course introduces basic salon services. Topics include scalp treatments, shampooing, rinsing, hair color, design, haircutting, permanent waving, pressing, relaxing, wigs, and other related topics. Upon completion, students should be able to safely and competently demonstrate salon services. <i>(1997 SU)</i>			
COS-113	Cosmetology Concepts II	4 (4-0)	FS
Prerequisites:	COS-111, minimum grade C		
Corequisites:	COS-114		
This course covers more comprehensive cosmetology concepts. Topics include safety, product knowledge, chemistry, manicuring, chemical restructuring, and hair coloring. Upon completion, students should be able to safely and competently apply these cosmetology concepts in the salon setting. <i>(1997 SU)</i>			
COS-114	Salon II	8 (0-24)	FS
Prerequisites:	COS-111, minimum grade C		
Corequisites:	COS-113		
This course provides experience in a simulated salon setting. Topics include basic skin care, manicuring, nail application, scalp treatments, shampooing, rinsing, hair color, design, haircutting, chemical restructuring, pressing, wigs, and other related topics. Upon completion, students should be able to safely and competently demonstrate these salon services. <i>(1997 SU)</i>			
COS-115	Cosmetology Concepts III	4 (4-0)	SS
Prerequisites:	COS-111, minimum grade C		
Corequisites:	COS-116		
This course covers more comprehensive cosmetology concepts. Topics include safety, product knowledge, salon management, salesmanship, skin care, electricity/light therapy, wigs, thermal hair styling, lash and brow tinting, superfluous hair removal, and other related topics. Upon completion, students should be able to safely and competently apply these cosmetology concepts in the salon setting. <i>(1997 SU)</i>			
COS-116	Salon III	4 (0-12)	SS
Prerequisites:	COS-111, minimum grade C		
Corequisites:	COS-115		
This course provides comprehensive experience in a simulated salon setting. Emphasis is placed on intermediate-level of skin care, manicuring, scalp treatments, shampooing, hair color, design, haircutting, chemical restructuring, pressing, and other related topics. Upon completion, students should be able to safely and competently demonstrate these salon services. <i>(1997 SU)</i>			
COS-117	Cosmetology Concepts IV	2 (2-0)	FS
Prerequisites:	None		
Corequisites:	COS-118		
This course covers advanced cosmetology concepts. Topics include chemistry and hair structure, advanced cutting and design, and an overview of all cosmetology concepts in preparation for the licensing examination. Upon completion, students should be able to demonstrate an understanding of these cosmetology concepts and meet program completion requirements. <i>(1997 SU)</i>			

COS-118 Salon IV 7 (0-21) FS
Prerequisites: None
Corequisites: COS-117

This course provides advanced experience in a simulated salon setting. Emphasis is placed on efficient and competent delivery of all salon services in preparation for the licensing examination and employment. Upon completion, students should be able to demonstrate competence in program requirements and the areas covered on the Cosmetology Licensing Examination and meet entry-level employment requirements. (1998 SP)

COS-223 Contemp Hair Coloring 2 (1-3) FS
Prerequisites: COS-111 and COS-112
Corequisites: None

This course covers basic color concepts, hair coloring problems, and application techniques. Topics include color theory, terminology, contemporary techniques, product knowledge, and other related topics. Upon completion, students should be able to identify a client's color needs and safely and competently perform color applications and correct problems. (1998 FA)

COS-224 Trichology & Chemistry 2 (1-3) AND
Prerequisites: None
Corequisites: None

This course is a study of hair and the interaction of applied chemicals. Emphasis is placed on pH actions and the reactions and effects of chemical ingredients. Upon completion, students should be able to demonstrate an understanding of chemical terminology, pH testing, and chemical reactions on hair. (1998 FA)

COS-240 Contemporary Design 2 (1-3) AND
Prerequisites: COS-111 and COS-112
Corequisites: None

This course covers methods and techniques for contemporary designs. Emphasis is placed on contemporary designs and other related topics. Upon completion, students should be able to demonstrate and apply techniques associated with contemporary design. (1998 FA)

COS-250 Computerized Salon Ops 1 (1-0) AND
Prerequisites: None
Corequisites: None

This course introduces computer and salon software. Emphasis is placed on various computer and salon software applications. Upon completion, students should be able to utilize computer skills and software applications in the salon setting. (1998 FA)

COS-260 Design Applications 2 (1-3) AND
Prerequisites: None
Corequisites: None

This course provides an overview of the design concepts used in cosmetology. Topics include the application of art principles and elements to artistically design hair, nails, and make-up and other related topics. Upon completion, students should be able to demonstrate knowledge and techniques associated with design concepts. (1998 FA)

merchandising, service styles and reservations. Upon completion, students should be able to demonstrate competence in human relations and the skills required in the service of foods and beverages. (2011 FA)

CUL-135A Food & Beverage Serv Lab 1 (0-2) FS

Prerequisites: None

Corequisites: CUL-135

This course provides a laboratory experience for enhancing student skills in effective food and beverage service. Emphasis is placed on practical experiences including greeting/service of guests, dining room set-up, profitability, menu sales and merchandising, service styles and reservations. Upon completion, students should be able to demonstrate practical applications of human relations and the skills required in the service of foods and beverages. (2011 FA)

CUL-140 Culinary Skills I 5 (2-6) FS

Prerequisites: DMA-010 through 030

Corequisites: CUL-110

This course introduces the fundamental concepts, skills and techniques in basic cookery, and moist, dry and combination heat. Emphasis is placed on recipe conversion, measurements, terminology, classical knife cuts, safe food/equipment handling, flavorings/seasonings, stocks/sauces/soups, and related topics. Upon completion, students should be able to exhibit the basic cooking skills used in the foodservice industry. (2011 FA)

CUL-160 Baking I 3 (1-4) FS

Prerequisites: DMA-010 through 030

Corequisites: CUL-110

This course covers basic ingredients, techniques, weights and measures, baking terminology and formula calculations. Topics include yeast/chemically leavened products, laminated doughs, pastry dough batter, pies/tarts, meringue, custard, cakes and cookies, icings, glazes and basic sauces. Upon completion, students should be able to demonstrate proper scaling and measurement techniques, and prepare and evaluate a variety of bakery products. (2011 FA)

CUL-170 Garde Manger I 3 (1-4) F SS

Prerequisites: DMA-010 through 030

Corequisites: CUL-110

This course introduces basic cold food preparation techniques and pantry production. Topics include salads, sandwiches, appetizers, dressings, basic garnishes, cheeses, cold sauces, and related food items. Upon completion, students should be able to present a cold food display and exhibit an understanding of the cold kitchen and its related terminology. (2011 FA)

CUL-214 Wine Appreciation 2 (1-2) F

Prerequisites: ENG-085 or DRE-097

Corequisites: None

This course provides an introduction to information about wine from all the major wine producing regions. Emphasis is placed on the history of wine, production, characteristics, wine list development, laws, purchasing and storing requirements. Upon completion, students should be able to evaluate varietal wines and basic food pairings. (2011 FA)

 CURRICULUM COURSE DESCRIPTIONS

CUL-230 Global Cuisines 5 (1-8) F

Prerequisites: CUL-110, CUL-110A, CUL-140, CUL-160, CUL-240

Corequisites: None

This course provides practical experience in the planning, preparation, and presentation of representative foods from a variety of world cuisines. Emphasis is placed on indigenous ingredients and customs, nutritional concerns, and cooking techniques. Upon completion, students should be able to research and execute a variety of international and domestic menus. (2011 FA)

CUL-240 Culinary Skills II 5 (1-8) S

Prerequisites: ENG-085 or DRE-097, CUL-110, CUL-110A, CUL-140

Corequisites: None

This course is designed to further students' knowledge of the fundamental concepts, skills, and techniques involved in basic cookery. Emphasis is placed on meat identification/fabrication, butchery and cooking techniques/methods; appropriate vegetable/starch accompaniments; compound sauces; plate presentation; breakfast cookery; and quantity food preparation. Upon completion, students should be able to plan, execute, and successfully serve entrees with complementary side items. (2011 FA)

CUL-245 Contemporary Cuisines 5 (1-8) S

Prerequisites: CUL-110, CUL-110A, CUL-140, CUL-230, CUL-240

Corequisites: None

This course introduces students to current culinary trends which include a variety of preparation methods. Topics include current and developing trends such as adaptation of native/regional ingredients and preparation methods into contemporary cuisines. Upon completion, students should be able to demonstrate knowledge of a variety of contemporary cuisines. (2011 FA)

CUL-260 Baking II 3 (1-4) F

Prerequisites: ENG-085 or DRE-097, CUL-110, CUL-110A, CUL-160

Corequisites: None

This course is designed to further students' knowledge in ingredients, weights and measures, baking terminology and formula calculation. Topics include classical desserts, frozen desserts, cake and torte production, decorating and icings/glazes, dessert plating and presentation. Upon completion, students should be able to demonstrate pastry preparation, plating, and dessert buffet production skills. (2011 FA)

DBA Database Management Technology

DBA-110 Database Concepts 3 (2-3) S

Prerequisites: None

Corequisites: None

This course introduces database design and creation using a DBMS product. Emphasis is placed on data dictionaries, normalization, data integrity, data modeling, and creation of simple tables, queries, reports, and forms. Upon completion, students should be able to design and implement normalized database structures by creating simple database tables, queries, reports, and forms. (2006 SP)

DBA-120 Database Programming I 3 (2-2) AND

Prerequisites: None

Corequisites: None

This course is designed to develop SQL programming proficiency. Emphasis is placed on data definition, data manipulation, and data control statements as well as on report generation. Upon completion, students should be able to write programs which create, update, and produce reports. (2006 SP)

DBA-221 SQL Server DB Prog II 3 (2-2) AND

Prerequisites: DBA-120

Corequisites: None

This course is designed to enhance programming skills developed in DBA-120. Topics include application development with GUI front-ends and embedded programming. Upon completion, students should be able to develop a SQL Server DBMS application which includes a GUI front-end and report generation. (2006 SP)

DFT Drafting

DFT-170 Engineering Graphics 3 (2-2) AND

Prerequisites: None

Corequisites: None

This course introduces basic engineering graphics skills and applications. Topics include sketching, selection and use of current methods and tools, and the use of engineering graphics applications. Upon completion, students should be able to demonstrate an understanding of basic engineering graphics principles and practices. (2005 SP) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*
- *Other Gen. Ed. and Premajor Elective Hours course for A.E.*

DMA Developmental Mathematics

DMA-010 Operations with Integers 1 (.75-.50) FS SS

Prerequisites: None

Corequisites: None

This course provides a conceptual study of integers and integer operations. Topics include integers, absolute value, exponents, square roots, perimeter and area of basic geometric figures, Pythagorean Theorem, and use of the correct order of operations. Upon completion, students should be able to demonstrate an understanding of pertinent concepts and principles and apply this knowledge in the evaluation of expressions. (2012 SP)

DMA-020 Fractions and Decimals 1 (.75-.50) FS SS

Prerequisites: DMA-010

Corequisites: None

This course provides a conceptual study of the relationship between fractions and decimals and covers related problems. Topics include application of operations and solving contextual application problems, including determining the circumference and area of circles with the concept of pi. Upon completion, students should be able to demonstrate an understanding of the connections between fractions and decimals. (2012 SP)

 CURRICULUM COURSE DESCRIPTIONS

DMA-030 **Propor/Ratio/Rate/Percent** **1 (.75-.50) FS SS**
Prerequisites: **DMA-010 and 020**
Corequisites: **None**

This course provides a conceptual study of the problems that are represented by rates, ratios, percent, and proportions. Topics include rates, ratios, percent, proportion, conversion of English and metric units, and applications of the geometry of similar triangles. Upon completion, students should be able to use their understanding to solve conceptual application problems. (2012 SP)

DMA-040 **Express/Lin Equat/Inequal** **1 (.75-.50) FS SS**
Prerequisites: **DMA-010, 020, and 030**
Corequisites: **None**

This course provides a conceptual study of problems involving linear expressions, equations, and inequalities. Emphasis is placed on solving contextual application problems. Upon completion, students should be able to distinguish between simplifying expressions and solving equations and apply this knowledge to problems involving linear expressions, equations, and inequalities. (2012 SP)

DMA-050 **Graphs/Equations of Lines** **1 (.75-.50) FS SS**
Prerequisites: **DMA-010, 020, 030, and 040**
Corequisites: **None**

This course provides a conceptual study of problems involving graphic and algebraic representations of lines. Topics include slope, equations of lines, interpretation of basic graphs, and linear modeling. Upon completion, students should be able to solve contextual application problems and represent real-world situations as linear equations in two variables. (2012 SP)

DMA-060 **Polynomial/Quadratic Appl** **1 (.75-.50) FS SS**
Prerequisites: **DMA-010, 020, 030, 040, and 050**
Corequisites: **None**

This course provides a study of problems involving algebraic representations of quadratic equations. Topics include basic polynomial operations, factoring polynomials, and solving polynomial equations by means of factoring. Upon completion, students should be able to find algebraic solutions to contextual problems with quadratic applications. (2014 FA)

DMA-070 **Rational Express/Equation** **1 (.75-.50) FS SS**
Prerequisites: **DMA-010, 020, 030, 040, 050, and 060**
Corequisites: **None**

This course provides a study of problems involving algebraic representations of rational equations. Topics include simplifying and performing operations with rational expressions and equations, understanding the domain, and determining the reasonableness of an answer. Upon completion, students should be able to find algebraic solutions to contextual problems with rational applications. (2014 FA)

DMA-080 **Radical Express/Equations** **1 (.75-.50) FS SS**
Prerequisites: **DMA-010, 020, 030, 040, 050, 060, and 070**
Corequisites: **None**

This course provides a study of problems involving algebraic representations of the manipulation of radical expressions and the application of radical equations. Topics include simplifying and performing operations with radical expressions and rational

 CURRICULUM COURSE DESCRIPTIONS

DME-210	User Interface Design	3 (2-2)	AND
Prerequisites:	DME-110		
Corequisites:	None		
<p>This course covers current design approaches and emerging standards related to the design and development of user interfaces. Emphasis is placed on conducting research, and analyzing and reviewing current practices in effective interface design. Upon completion, students should be able to intelligently discuss and evaluate new and existing digital media products in terms of the user interface. (2004 FA)</p>			
DME-215	Adv Graphic Design Tools	3 (2-2)	AND
Prerequisites:	DME-115		
Corequisites:	None		
<p>This course provides students with advanced design techniques in a digital environment. Emphasis is placed on understanding principles of design and topography and applying them effectively in projects. Upon completion, students should be able to design and produce a range of visual products using advanced digital design techniques and principles. (2011 SU)</p>			
DME-220	Interactive Multimedia Prog	3 (2-2)	AND
Prerequisites:	DME-120		
Corequisites:	None		
<p>This course is designed to build on concepts developed in DME-120 and teaches students to apply custom programming to develop advanced applications and components. Emphasis is placed on scripting language functionalities associated with a variety of software packages. Upon completion, students should be able to produce advanced, high-quality interactive multimedia applications. (2004 FA)</p>			
DME-260	Emerging Tech Digital Media	3 (2-2)	AND
Prerequisites:	DME-120, DME-130		
Corequisites:	None		
<p>This course provides students with the latest technologies and strategies in the field of digital media. Emphasis is placed on the evaluation of emerging digital media technologies and presenting those findings to the class. Upon completion, students should be able to critically analyze emerging digital media technologies and establish informed opinions. (2004 FA)</p>			
DME-270	Prof Pract Digital Media	3 (2-2)	AND
Prerequisites:	DME-120, DME-130		
Corequisites:	None		
<p>This course introduces students to business skills needed to succeed in the digital media workplace. Topics include portfolio development, resume design, and preparation of media contacts. Upon completion, students should be able to prepare themselves and their work for a career in the digital media workplace. (2004 FA)</p>			
DME-285	Systems Projects	3 (2-2)	S
Prerequisites:	DME-115, DME-120, DME-130, GRA-152, WEB-210		
Corequisites:	None		
<p>This course provides an opportunity to complete a significant digital media project from the design phase through implementation with minimal instructor support. Emphasis is placed on project definition, testing, presentation, and implementation.</p>			

 CURRICULUM COURSE DESCRIPTIONS

DRE Developmental Reading/English

DRE-096 Integrated Reading and Writing 3 (2.50-1) FS SS

Prerequisites: None

Corequisites: None

This course is designed to develop proficiency in specific integrated and contextualized reading and writing skills and strategies. Topics include reading and writing processes, critical thinking strategies, and recognition and composition of well-developed, coherent, and unified texts; these topics are primarily taught at the introductory level using texts primarily in a Lexile (TM) range of 960 to 1115. Upon completion, students should be able to apply those skills toward understanding a variety of academic and career-related texts and composing effective paragraphs. Please note: (TM) stands for registered trademark. (2013 SU)

DRE-097 Integrated Reading Writing II 3 (2.50-1) FS SS

Prerequisites: DRE-096

Corequisites: None

This course is designed to develop proficiency in integrated and contextualized reading and writing skills and strategies. Topics include reading and writing processes, critical thinking strategies, and recognition and composition of well-developed, coherent, and unified texts; except where noted, these topics are taught at a reinforcement level using texts primarily in a Lexile (TM) range of 1070 to 1220. Upon completion, students should be able to demonstrate and apply those skills toward understanding a variety of complex academic and career texts and composing essays incorporating relevant, valid evidence. Note: (TM) represents registered trademark. (2013 SU)

DRE-098 Integrated Reading Writing III 3 (2.50-1) FS SS

Prerequisites: DRE-097

Corequisites: None

This course is designed to develop proficiency in integrated and contextualized reading and writing skills and strategies. Topics include reading and writing processes, critical thinking strategies, and recognition and composition of well-developed, coherent, and unified texts; these topics are taught using texts primarily in the Lexile (TM) range of 1185 to 1385. Upon completion, students should be able to apply those skills toward understanding a variety of texts at the career and college ready level and toward composing a documented essay. Note: (TM) represents registered trademark. (2013 SU)

ECM Electronic Business

ECM-210 Intro. to E-Commerce 3 (2-2) S

Prerequisites: ENG-085 or DRE-097; CIS-110 or CIS-111

Corequisites: None

This course introduces the concepts and tools to implement electronic commerce via the Internet. Topics include application and server software selection, securing transactions, use and verification of credit cards, publishing of catalogs, and site administration. Upon completion, students should be able to setup a working e-commerce Internet web site. (2003 FA)

ECO Economics

ECO-151 Survey of Economics 3 (3-0) F

Prerequisites: **ENG-095 or DRE-098, DMA-010 through 050**

Corequisites: **None**

This course, for those who have not received credit for ECO-251 or 252, introduces basic concepts of micro- and macroeconomics. Topics include supply and demand, optimizing economic behavior, prices and wages, money, interest rates, banking system, unemployment, inflation, taxes, government spending, and international trade. Upon completion, students should be able to explain alternative solutions for economic problems faced by private and government sectors. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

ECO-251 Prin of Microeconomics 3 (3-0) FS SS

Prerequisites: **ENG-095 or DRE-098; DMA-010 through 050**

Corequisites: **None**

This course introduces economic analysis of individual, business, and industry choices in the market economy. Topics include the price mechanism, supply and demand, optimizing economic behavior, costs and revenue, market structures, factor markets, income distribution, market failure, and government intervention. Upon completion, students should be able to identify and evaluate consumer and business alternatives in order to efficiently achieve economic objectives. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A., A.E., and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

ECO-252 Prin of Macroeconomics 3 (3-0) FS

Prerequisites: **ENG-095 or DRE-098; DMA-010 through 050**

Corequisites: **None**

This course introduces economic analysis of aggregate employment, income, and prices. Topics include major schools of economic thought; aggregate supply and demand; economic measures, fluctuations, and growth; money and banking; stabilization techniques; and international trade. Upon completion, students should be able to evaluate national economic components, conditions, and alternatives for achieving socioeconomic goals. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A. and A.S.*
- *Other Gen. Ed. and Premajor Elective course for A.E.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

EDU Education

EDU-119 Intro to Early Child Educ 4 (4-0) F

Prerequisites: **ENG-085 or DRE-097, minimum grade C**

Corequisites: **None**

This course introduces the foundations of early childhood education, the diverse educational settings for young children, professionalism and planning intentional developmentally appropriate experiences for each child. Topics include theoretical foundations, national early learning standards, NC Foundations for Early Learning and

EDU-151 Creative Activities 3 (3-0) S**Prerequisites:** ENG-085 or DRE-097, minimum grade C**Corequisites:** None

This course covers planning, creation and adaptation of developmentally supportive learning environments with attention to curriculum, interactions, teaching practices and learning materials. Emphasis is placed on creating and adapting integrated, meaningful, challenging and engaging developmentally supportive learning experiences in art, music, movement and dramatics for all children. Upon completion, students should be able to create, adapt, implement and evaluate developmentally supportive learning materials, experiences and environments. (2013 FA)

EDU-153 Health, Safety, & Nutrit 3 (3-0) F**Prerequisites:** ENG-085 or DRE-097, minimum grade C**Corequisites:** None

This course covers promoting and maintaining the health and well-being of all children. Topics include health and nutritional guidelines, common childhood illnesses, maintaining safe and healthy learning environments, recognition and reporting of abuse and neglect and state regulations. Upon completion, students should be able to demonstrate knowledge of health, safety, and nutritional needs, safe learning environments, and adhere to state regulations. (2013 FA)

EDU-157 Active Play 3 (2-2) AND**Prerequisites:** ENG-085 or DRE-097, minimum grade C**Corequisites:** None

This course introduces the use of indoor and outdoor physical activities to promote the physical, cognitive, and social/emotional development of children. Topics include the role of active play, development of play skills, playground design, selection of safe equipment, and materials and surfacing for active play. Upon completion, students should be able to discuss the stages of play, the role of teachers in play, and the design of appropriate active play areas and activities. (2013 FA)

EDU-184 Early Child Intro Pract 2 (1-3) AND**Prerequisites:** EDU-119; ENG-085 or DRE-097, minimum grade C**Corequisites:** None

This course introduces students to early childhood settings and applying skills in a three star (minimum) or NAEYC accredited or equivalent, quality early childhood environment. Emphasis is placed on observing children and assisting in the implementation of developmentally appropriate activities/environments for all children; and modeling reflective/professional practices. Upon completion, students should be able to demonstrate developmentally appropriate interactions with children and ethical/professional behaviors as indicated by assignments and onsite faculty visits. (2014 SP)

EDU-221 Children with Exceptional 3 (3-0) F**Prerequisites:** EDU-144, EDU-145; ENG-095 or DRE-098, minimum grade C**Corequisites:** None

This course introduces children with exceptionalities, their families, support services, inclusive/diverse settings, and educational/family plans based on the foundations of child development. Emphasis is placed on the characteristics of exceptionalities, observation and assessment of children, strategies for adapting the learning

experiences. Upon completion, students should be able to evaluate children's development, critique curriculum, plan for individual and group needs, and assess and create quality environments. (2013 FA)

EDU-261 Early Childhood Admin I 3 (3-0) AND
Prerequisites: ENG-095 or DRE-098, minimum grade C
Corequisites: EDU-119

This course introduces principles of basic programming and staffing, budgeting/financial management and marketing, and rules and regulations of diverse early childhood programs. Topics include program structure and philosophy, standards of NC child care programs, finance, funding resources, and staff and organizational management. Upon completion, students should be able to develop components of program/personnel handbooks, a program budget, and demonstrate knowledge of fundamental marketing strategies and NC standards. (2013 FA)

EDU-262 Early Childhood Admin II 3 (3-0) AND
Prerequisites: EDU-119, EDU-261; ENG-095 or DRE-098, minimum grade C
Corequisites: None

This course focuses on advocacy/leadership, public relations/community outreach and program quality/evaluation for diverse early childhood programs. Topics include program evaluation/accreditation, involvement in early childhood professional organizations, leadership/mentoring, family, volunteer and community involvement and early childhood advocacy. Upon completion, students should be able to define and evaluate all components of early childhood programs, develop strategies for advocacy and integrate community into programs. (2013 FA)

EDU-271 Educational Technology 3 (2-2) SS
Prerequisites: ENG-095 or DRE-098, minimum grade C
Corequisites: None

This course introduces the use of technology to enhance teaching and learning in all educational settings. Topics include technology concepts, instructional strategies, materials and adaptive technology for children with exceptionalities, facilitation of assessment/evaluation, and ethical issues surrounding the use of technology. Upon completion, students should be able to apply technology enhanced instructional strategies, use a variety of technology resources and demonstrate appropriate technology skills in educational environments. (2013 FA)

EDU-275 Effective Teach Train 2 (2-0) AND
Prerequisites: ENG-095 or DRE-098, minimum grade C
Corequisites: None

This course provides specialized training using an experienced-based approach to learning. Topics include instructional preparation and presentation, student interaction, time management, learning expectations, evaluation, and curriculum principles and planning. Upon completion, students should be able to prepare and present a six-step lesson plan and demonstrate ways to improve students' time-on-task. (2013 FA)

EDU-280 Language & Literacy Exp 3 (3-0) S
Prerequisites: ENG-095 or DRE-098, minimum grade C
Corequisites: None

This course is designed to expand students' understanding of children's language and literacy development and provides strategies for enhancing language/literacy

 CURRICULUM COURSE DESCRIPTIONS

experiences in an enriched environment. Topics include selection of diverse literature and interactive media, the integration of literacy concepts throughout the curriculum, appropriate observations/assessments and inclusive practices. Upon completion, students should be able to select, plan, implement and evaluate developmentally appropriate and diverse language/literacy experiences. (2013 FA)

EDU-284 Early Child Capstone Prac 4 (1-9) S
Prerequisites: EDU-119, EDU-144, EDU-145, EDU-146, EDU-151; ENG-095 or DRE-098, minimum grade C

Corequisites: None

This course is designed to allow students to apply skills in a three star (minimum) or NAEYC accredited or equivalent, quality early childhood environment. Emphasis is placed on designing, implementing and evaluating developmentally appropriate activities and environments for all children; supporting/involving families; and modeling reflective and professional practices. Upon completion, students should be able to demonstrate developmentally appropriate plans/assessments, appropriate guidance techniques and ethical/professional behaviors as indicated by assignments and onsite faculty visits. (2013 FA)

EDU-288 Adv Issues/Early Child Ed 2 (2-0) AND
Prerequisites: ENG-095 or DRE-098, minimum grade C

Corequisites: None

This course covers advanced topics and issues in early childhood. Emphasis is placed on current advocacy issues, emerging technology, professional growth experiences, and other related topics. Upon completion, students should be able to list, discuss, and explain advanced current topics and issues in early childhood education. (2013 FA)

EGR Engineering

EGR-110 Intro to Engineering Tech 2 (1-2) F
Prerequisites: None

Corequisites: None

This course introduces general topics relevant to engineering technology. Topics include career assessment, professional ethics, critical thinking and problem solving, usage of college resources for study and research, and using tools for engineering computations. Upon completion, students should be able to choose a career option in engineering technology and utilize college resources to meet their educational goals. (2005 SP)

EGR-115 Intro to Technology 3 (2-3) F
Prerequisites: None

Corequisites: EGR-115A

This course introduces the basic skills and career fields for technicians. Topics include career options, technical vocabulary, dimensional analysis, measurement systems, engineering graphics, calculator applications, professional ethics, safety practices, and other related topics. Upon completion, students should be able to demonstrate an understanding of the basic technologies, prepare drawings and sketches, and perform computations using a scientific calculator. (2005 SP)

ELC-115 Industrial Wiring 4 (2-6) AND

Prerequisites: None

Corequisites: None

This course covers layout, planning, and installation of wiring systems in industrial facilities. Emphasis is placed on industrial wiring methods and materials. Upon completion, students should be able to install industrial systems and equipment. (2013 FA)

ELC-117 Motors and Controls 4 (2-6) AND

Prerequisites: None

Corequisites: None

This course introduces the fundamental concepts of motors and motor controls. Topics include ladder diagrams, pilot devices, contactors, motor starters, motors, and other control devices. Upon completion, students should be able to properly select, connect, and troubleshoot motors and control circuits. (2013 FA)

ELC-131 Circuit Analysis I 4 (3-3) F

Prerequisites: None

Corequisites: None

This course introduces DC and AC electricity with an emphasis on circuit analysis, measurements, and operation of test equipment. Topics include DC and AC principles, circuit analysis laws and theorems, components, test equipment operation, circuit simulation, and other related topics. Upon completion, students should be able to interpret circuit schematics; design, construct, verify, and analyze DC/AC circuits; and properly use test equipment. (2013 FA)

ELC-229 Applications Project 2 (1-3) S

Prerequisites: None

Corequisites: None

This course provides an individual and/or integrated team approach to a practical project as approved by the instructor. Topics include project selection and planning, implementation and testing, and a final presentation. Upon completion, students should be able to plan and implement an applications-oriented project. (2007 FA)

ELN Electronics

ELN-131 Analog Electronics I 4 (3-3) S

Prerequisites: None

Corequisites: None

This course introduces the characteristics and applications of semiconductor devices and circuits. Emphasis is placed on analysis, selection, biasing, and applications. Upon completion, students should be able to construct, analyze, verify, and troubleshoot analog circuits using appropriate techniques and test equipment. (2013 FA)

ELN-133 Digital Electronics 4 (3-3) SS

Prerequisites: None

Corequisites: None

This course covers combinational and sequential logic circuits. Topics include number systems, Boolean algebra, logic families, Medium Scale Integration (MSI) and Large Scale Integration (LSI) circuits, analog to digital (AD) and digital to analog (DA) conversion, and other related topics. Upon completion, students should be able to

patient assessments, treatments, and interactions appropriate at the Advanced EMT level of care. Upon completion, students should be able to demonstrate competence at the Advanced EMT skill level. (2014 SP)

EMS-122 EMS Clinical Practicum I 1 (0-0-3) S
Prerequisites: EMS-110
Corequisites: EMS-130

This course introduces provides and introductory hospital clinical experience for the paramedic student. Emphasis is placed on mastering fundamental paramedic skills. Upon completion, students should be able to demonstrate competence with fundamental paramedic skills. (2014 SP)

EMS-125 EMS Instructor Methodology 2 (1-2-0) AND
Prerequisites: None
Corequisites: None

This course covers the information needed to develop and instruct EMS courses. Topics include instructional methods, lesson plan development, time management skills, and theories of adult learning. Upon completion, students should be able to teach EMS courses and meet the North Carolina EMS requirements for instructor methodology. (1997 SU)

EMS-130 Pharmacology 4 (3-3-0) S
Prerequisites: EMS-110
Corequisites: EMS-122

This course introduces the fundamental principles of pharmacology and medication administration and is required for paramedic certification. Topics include medical terminology, pharmacological concepts, weights, measures, drug calculations, vascular access for fluids and medication administration and legislation. Upon completion, students should be able to accurately calculate drug dosages, properly administer medications, and demonstrate general knowledge of pharmacology. (2014 SP)

EMS-131 Advanced Airway Management 2 (1-2-0) S
Prerequisites: EMS-110
Corequisites: None

This course is designed to provide advanced airway management techniques and is required for paramedic certification. Topics include respiratory anatomy and physiology, airway/ventilation, adjuncts, surgical intervention, and rapid sequence intubation. Upon completion, students should be able to properly utilize all airway adjuncts and pharmacology associated with airway control and maintenance. (2014 SP)

EMS-140 Rescue Scene Management 2 (1-3-0) AND
Prerequisites: None
Corequisites: None

This course introduces rescue scene management. Topics include response to hazardous material conditions, incident command, and extrication of patients from a variety of situations. Upon completion, students should be able to recognize and manage rescue operations based upon initial and follow-up scene assessment. (2014 SP)

 CURRICULUM COURSE DESCRIPTIONS

EMS-150	Emergency Vehicles & EMS Comm	2 (1-3-0)	AND
Prerequisites:	None		
Corequisites:	None		
<p>This course covers the principles governing emergency vehicles, maintenance of emergency vehicles, and EMS communication equipment. Topics include applicable motor vehicle laws affecting emergency vehicle operation, defensive driving, collision avoidance techniques, communication systems, and information management systems. Upon completion, students should have a basic knowledge of emergency vehicles, maintenance, and communication needs. (2014 SP)</p>			
EMS-160	Cardiology I	2 (1-3-0)	S
Prerequisites:	EMS-110		
Corequisites:	None		
<p>This course introduces the study of cardiovascular emergencies and is required for paramedic certification. Topics include anatomy and physiology, pathophysiology, electrophysiology, and basic rhythm interpretation in the monitoring leads. Upon completion, students should be able to recognize and interpret basic rhythms. (2014 SP)</p>			
EMS-220	Cardiology II	3 (2-3-0)	SS
Prerequisites:	EMS-122, EMS-130, and EMS-160		
Corequisites:	None		
<p>This course provides an in-depth study of cardiovascular emergencies and is required for paramedic certification. Topics include assessment and treatment of cardiac emergencies, application and interpretation of advanced electrocardiography utilizing the twelve-lead ECG, cardiac pharmacology, and patient care. Upon completion, students should be able to assess and treat patients utilizing American Heart Association guidelines. (2014 SP)</p>			
EMS-221	EMS Clinical Practicum II	2 (0-0-6)	SS
Prerequisites:	EMS-122 and EMS-130		
Corequisites:	None		
<p>This course provides clinical experiences in the hospital and/or field. Emphasis is placed on increasing the proficiency of students' skills and abilities in patient assessments and the delivery of care. Upon completion, students should be able to demonstrate continued progress in advanced-level patient care. (2014 SP)</p>			
EMS-231	EMS Clinical Pract III	3 (0-0-9)	F
Prerequisites:	EMS-130 and EMS-221		
Corequisites:	None		
<p>This course provides clinical experiences in the hospital and/or field. Emphasis is placed on enhancing the students' skills and abilities in providing advanced-level care. Upon completion, students should be able to demonstrate continued progress in advanced-level patient care. (2014 SP)</p>			
EMS-235	EMS Management	2 (2-0-0)	AND
Prerequisites:	None		
Corequisites:	None		
<p>This course stresses the principles of managing a modern emergency medical service system. Topics include structure and function of municipal governments, EMS grantsmanship, finance, regulatory agencies, system management, legal issues, and</p>			

- *UGETC course for A.A., A.E., and A.S.*
- *English Composition Gen. Ed. course for A.A.S. and A.G.E.*

ENG-112 Writing/Research in the Disc 3 (3-0) FS SS

Prerequisites: ENG-111

Corequisites: None

This course, the second in a series of two, introduces research techniques, documentation styles, and writing strategies. Emphasis is placed on analyzing information and ideas and incorporating research findings into documented writing and research projects. Upon completion, students should be able to evaluate and synthesize information from primary and secondary sources using documentation appropriate to various disciplines. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A., A.E., and A.S.*
- *English Composition Gen. Ed. course for A.A.S. and A.G.E.*

ENG-114 Prof Research & Reporting 3 (3-0) FS SS

Prerequisites: ENG-111

Corequisites: None

This course, the second in a series of two, is designed to teach professional communication skills. Emphasis is placed on research, listening, critical reading and thinking, analysis, interpretation, and design used in oral and written presentations. Upon completion, students should be able to work individually and collaboratively to produce well-designed business and professional written and oral presentations. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Additional Gen. Ed. course for A.A. and A.S.*
- *English Composition Gen. Ed. course for A.A.S. and A.G.E.*

ENG-125 Creative Writing I 3 (3-0) AND

Prerequisites: ENG-111

Corequisites: None

This course is designed to provide students with the opportunity to practice the art of creative writing. Emphasis is placed on writing, fiction, poetry, and sketches. Upon completion, students should be able to craft and critique their own writing and critique the writing of others. (2001 FA) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

ENG-126 Creative Writing II 3 (3-0) AND

Prerequisites: ENG-125

Corequisites: None

This course is designed as a workshop approach for advancing imaginative and literary skills. Emphasis is placed on the discussion of style, techniques, and challenges for first publications. Upon completion, students should be able to submit a piece of their writing for publication. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

 CURRICULUM COURSE DESCRIPTIONS

ENG-131 Introduction to Literature 3 (3-0) FS SS
Prerequisites: ENG-111
Corequisites: ENG-112 or ENG-114

This course introduces the principal genres of literature. Emphasis is placed on literary terminology, devices, structure, and interpretation. Upon completion, students should be able to analyze and respond to literature. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-231 American Literature I 3 (3-0) FS SS
Prerequisites: ENG-112 or ENG-114
Corequisites: None

This course covers selected works in American literature from its beginnings to 1865. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to analyze and interpret literary works in their historical and cultural contexts. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A., A.E., and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-232 American Literature II 3 (3-0) FS SS
Prerequisites: ENG-112 or ENG-114
Corequisites: None

This course covers selected works in American literature from 1865 to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to analyze and interpret literary works in their historical and cultural contexts. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A., A.E., and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-241 British Literature I 3 (3-0) F SS
Prerequisites: ENG-112 or ENG-114
Corequisites: None

This course covers selected works in British literature from its beginnings to the Romantic Period. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to literary works in their historical and cultural contexts. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A., A.E., and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-242 British Literature II 3 (3-0) S
Prerequisites: ENG-112 or ENG-114
Corequisites: None

This course covers selected works in British literature from the Romantic Period to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to literary works in their historical and cultural

contexts. (1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.E., and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-261 World Literature I 3 (3-0) AND

Prerequisites: ENG-112 or ENG-114

Corequisites: None

This course introduces selected works from the Pacific, Asia, Africa, Europe, and the Americas from their literary beginnings through the seventeenth century. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to selected works. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-262 World Literature II 3 (3-0) AND

Prerequisites: ENG-112 or ENG-114

Corequisites: None

This course introduces selected works from the Pacific, Asia, Africa, Europe, and the Americas from the eighteenth century to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to selected works. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

ENG-273 African-American Literature 3 (3-0) AND

Prerequisites: ENG-112 or ENG-114

Corequisites: None

This course provides a survey of the development of African-American literature from its beginnings to the present. Emphasis is placed on historical and cultural context, themes, literary traditions, and backgrounds of the authors. Upon completion, students should be able to interpret, analyze, and respond to selected texts. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Premajor and/or Elective course for A.A. and A.S.

FRE French

FRE-111 Elementary French I 3 (3-0) AND

Prerequisites: None

Corequisites: None

This course introduces the fundamental elements of the French language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written French and demonstrate cultural awareness. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.

capable of setting up and operating maintenance programs at golf courses. *This course is a unique concentration requirement in the Golf Course Management concentration in the Turfgrass Management Technology program. (1997 FA)*

GCM-230 **Golf Course Org and Admin** **3 (3-0)** **F**
Prerequisites: **WBL-121, GCM-220**
Corequisites: **WBL-131, TRF-230**

This course provides a detailed analysis of golf course and landscape operations and administration. Topics include personnel, planning, budgeting, purchasing, records, labor management, and other day-to-day administrative functions. Upon completion, students should be able to understand the complicated roles and functions of golf course operations. *This course is a unique concentration requirement in the Golf Course Management concentration in the Turfgrass Management Technology program. (1997 FA)*

GCM-240 **Golf Course Design** **3 (3-0)** **F**
Prerequisites: **None**
Corequisites: **None**

This course provides a detailed study of the application of design principles to golf courses. Emphasis is placed on specific areas associated with golf courses and surrounding structures. Upon completion, students should be able recognize the application of design principles as applied to golf courses. *This course is a unique concentration requirement in the Golf Course Management concentration in the Turfgrass Management Technology program. (1997 FA)*

GCM-244 **Advanced Issues/GCM** **2 (2-0)** **S**
Prerequisites: **WBL-131**
Corequisites: **None**

This course covers advanced topics and field applications in golf course management. Emphasis is placed on management issues and professional growth experiences of current interest to golf course operations professionals. Upon completion, students should be able to demonstrate an understanding of advanced topics and critically analyze issues in golf course management. *(2008 SP)*

GEL Geology

GEL-111 **Geology** **4 (3-2)** **AND**
Prerequisites: **None**
Corequisites: **None**

This course introduces basic landforms and geological processes. Topics include rocks, minerals, volcanoes, fluvial processes, geological history, plate tectonics, glaciers, and coastal dynamics. Upon completion, students should be able to describe basic geological processes that shape the earth. *(2014 FA) This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A.*
- *Natural Science Gen. Ed. course for A.S.*
- *Natural Science Gen. Ed. course for A.A.S. and A.G.E.*

 CURRICULUM COURSE DESCRIPTIONS

GEO Geography

GEO-111 World Regional Geography 3 (3-0) AND
Prerequisites: **ENG-085 or DRE-097**
Corequisites: **None**

This course introduces the regional concept which emphasizes the spatial association of people and their environment. Emphasis is placed on the physical, cultural, and economic systems that interact to produce the distinct regions of the earth. Upon completion, students should be able to describe variations in physical and cultural features of a region and demonstrate an understanding of their functional relationships. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

GRA Graphic Arts

GRA-151 Computer Graphics I 2 (1-3) S
Prerequisites: **None**
Corequisites: **None**

This course introduces the use of hardware and software for production and design in graphic arts. Topics include graphical user interface and current industry uses such as design, layout, typography, illustration, and imaging for production. Upon completion, students should be able to understand and use the computer as a fundamental design and production tool. (1997 SU)

GRA-152 Computer Graphics II 2 (1-3) F
Prerequisites: **GRA-151**
Corequisites: **None**

This course covers advanced design and layout concepts utilizing illustration, page layout, and imaging software in graphic arts. Emphasis is placed on enhancing and developing the skills that were introduced in GRA-151. Upon completion, students should be able to select and utilize appropriate software for design and layout solutions. (1997 SU)

GRD Graphic Design

GRD-121 Drawing Fundamentals I 2 (1-3) S
Prerequisites: **None**
Corequisites: **None**

This course increases observation skills using basic drawing techniques and media in graphic design. Emphasis is placed on developing the use of graphic design principles, media applications, spatial considerations, drawing styles, and approaches. Upon completion, students should be able to show competence and proficiency in finished works. (1997 SU)

GRD-151 Computer Design Basics 3 (1-4) F
Prerequisites: **None**
Corequisites: **None**

This course covers designing and drawing with various types of software applications for advertising and graphic design. Emphasis is placed on creative and imaginative use

 CURRICULUM COURSE DESCRIPTIONS

GRO Gerontology

GRO 120	Gerontology	3 (3-0)	SS
Prerequisites:	None		
Corequisites:	None		

This course covers the psychological, social, and physical aspects of aging. Emphasis is placed on the factors that promote mental and physical well-being. Upon completion, students should be able to recognize the aging process and its psychological, social, and physical aspects. (2011 FA)

HEA Health

HEA-112	First Aid & CPR	2 (1-2)	FS SS
Prerequisites:	None		
Corequisites:	None		

This course introduces the basics of emergency first aid treatment. Topics include rescue breathing, CPR, first aid for choking and bleeding, and other first aid procedures. Upon completion, students should be able to demonstrate skills in providing emergency care for the sick and injured until medical help can be obtained. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

HIS History

HIS-111	World Civilizations I	3 (3-0)	AND
Prerequisites:	ENG-085 or DRE-097		
Corequisites:	None		

This course introduces world history from the dawn of civilization to the early modern era. Topics include Eurasian, African, American, and Greco-Roman civilizations and Christian, Islamic and Byzantine cultures. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in pre-modern world civilizations. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A., A.E., and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

HIS-112	World Civilizations II	3 (3-0)	AND
Prerequisites:	ENG-085 or DRE-097		
Corequisites:	None		

This course introduces world history from the early modern era to the present. Topics include the cultures of Africa, Europe, India, China, Japan, and the Americas. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in modern world civilizations. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A., A.E., and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

HIS-121 Western Civilization I 3 (3-0) AND**Prerequisites:** ENG-075 or DRE-096**Corequisites:** None

This course introduces western civilization from pre-history to the early modern era. Topics include ancient Greece, Rome, and Christian institutions of the Middle Ages and the emergence of national monarchies in western Europe. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in early western civilization. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

HIS-122 Western Civilization II 3 (3-0) AND**Prerequisite:** ENG-075 or DRE-096**Corequisites:** None

This course introduces western civilization from the early modern era to the present. Topics include the religious wars, the Industrial Revolution, World Wars I and II, and the Cold War. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in modern western civilization. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

HIS-131 American History I 3 (3-0) AND**Prerequisites:** ENG-085 or DRE-097**Corequisites:** None

This course is a survey of American history from pre-history through the Civil War era. Topics include the migrations to the Americas, the colonial and revolutionary periods, the development of the Republic, and the Civil War. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in early American history. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A., A.E., and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

HIS-132 American History II 3 (3-0) AND**Prerequisites:** ENG-085 or DRE-097**Corequisites:** None

This course is a survey of American history from the Civil War era to the present. Topics include industrialization, immigration, the Great Depression, the major American wars, the Cold War, and social conflict. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in American history since the Civil War. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A., A.E., and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

 CURRICULUM COURSE DESCRIPTIONS

HIS-236 North Carolina History 3 (3-0) AND
Prerequisites: ENG-085 or DRE-097
Corequisites: None

This course is a study of geographical, political, economic, and social conditions existing in North Carolina from America's discovery to the present. Topics include native and immigrant backgrounds; colonial, antebellum, and Reconstruction periods; party politics; race relations; and the transition from an agrarian to an industrial economy. Upon completion, students should be able to analyze significant political, socioeconomic, and cultural developments in North Carolina. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- Premajor and/or Elective course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

HOR Horticulture

HOR-112 Landscape Design I 3 (2-3) F
Prerequisites: HOR-114, HOR-161, MAT-110
Corequisites: None

This course covers landscape principles and practices for residential and commercial sites. Emphasis is placed on drafting, site analysis, and common elements of good design, plant material selection, and proper plant utilization (encouraged use of native plants and discouraged use of invasive species). Upon completion, students should be able to read, plan, and draft a landscape design according to sustainable practices. (2013 FA)

HOR-114 Landscape Construction 3 (2-2) SS
Prerequisites: MAT-110
Corequisites: None

This course introduces the design and fabrication of landscape structures/features. Emphasis is placed on safety, tool identification and use, material selection, construction techniques, and fabrication. Upon completion, students should be able to design and construct common landscape structures/features. *Prerequisites and corequisites are applicable to Landscape Gardening program students. (1997 SU)*

HOR-134 Greenhouse Operations 3 (2-2) S
Prerequisites: None
Corequisites: None

This course covers the principles and procedures involved in the operation and maintenance of greenhouse facilities. Emphasis is placed on the operation of greenhouse systems, including the environmental control, record keeping, scheduling, and production practices. Upon completion, students should be able to demonstrate the ability to operate greenhouse systems and facilities to produce greenhouse crops. (1997 SU)

HOR-142 Fruit & Vegetable Prod 2 (1-2) S
Prerequisites: None
Corequisites: None

This course introduces the principles and techniques of growing fruits and field-grown vegetables. Topics include site selection, proper varietal selection, nutritional values, cultural techniques, harvesting and marketing, and insect and disease control. Upon

HRM-230	Club & Resort Management	3 (3-0)	S
Prerequisites:	ENG-085 or DRE-097		
Corequisites:	None		
<p>This course introduces specific principles of managing a hospitality operation in a resort or club setting. Topics include operational efficiencies, resort and club marketing, recreational and sport activity management, and retail management. Upon completion, students should be able to demonstrate an understanding of the specialized skills involved in resort and club management. <i>(2011 FA)</i></p>			
HRM-235	Quality Mgmt-Hospitality	3 (3-0)	S
Prerequisites:	ENG-085 or DRE-097		
Corequisites:	None		
<p>This course introduces the various schools of thought in achievement and implementation of quality standards for the hospitality industry. Emphasis is placed on developing and maintaining quality in the delivery of the tangible and intangible aspects of the service product. Upon completion, students should be able to demonstrate an understanding of quality service principles and apply them within a hospitality/service environment. <i>(2011 FA)</i></p>			
HRM-240	Marketing for Hospitality	3 (3-0)	S
Prerequisites:	ENG-085 or DRE-097		
Corequisites:	None		
<p>This course covers planning, organizing, directing, and analyzing the results of marketing programs for the hospitality industry. Emphasis is placed on target marketing, marketing mix, analysis, product and image development, use of current media, sales planning, advertising, public relations, and collateral materials. Upon completion, students should be able to apply the marketing process as it relates to the hospitality industry. <i>(2011 FA)</i></p>			
HRM-245	Human Resource Mgmt-Hosp	3 (3-0)	FS
Prerequisites:	ENG-085 or DRE-097		
Corequisites:	None		
<p>This course introduces a systematic approach to human resource management in the hospitality industry. Topics include training/development, staffing, selection, hiring, recruitment, evaluation, benefit administration, employee relations, labor regulations/laws, discipline, motivation, productivity, shift management, contract employees and organizational culture. Upon completion, students should be able to apply human resource management skills for the hospitality industry. <i>(2011 FA)</i></p>			
HRM-275	Leadership-Hospitality	3 (3-0)	F
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces leadership traits, styles, and the roles and responsibilities of successful hospitality leaders while developing the student's personal leadership skills. Topics include formal and informal hospitality leadership; defining effective and ineffective leadership behavior; and leadership organizational change and planning within the hospitality industry. Upon completion, students will be able to apply appropriate leadership actions in real-world situations ranging from local to global hospitality environments. <i>(2011 FA)</i></p>			

 CURRICULUM COURSE DESCRIPTIONS

HRM-280 **Mgmt Problems-Hospitality** **3 (3-0)** **S**
Prerequisites: **ENG-085 or DRE-097, HRM-110**
Corequisites: **None**

This course is designed to introduce students to timely issues within the hospitality industry and is intended to move students into a managerial mindset. Emphasis is placed on problem-solving skills using currently available resources. Upon completion, students should be able to demonstrate knowledge of how hospitality management principles may be applied to real challenges facing industry managers. (2011 FA)

HSE Human Services

HSE-110 **Intro to Human Services** **3 (2-2)** **F**
Prerequisites: **None**
Corequisites: **None**

This course introduces the human services field, including the history, agencies, roles, and careers. Topics include personal/professional characteristics, diverse populations, community resources, disciplines in the field, systems, ethical standards, and major theoretical and treatment approaches. Upon completion, students should be able to identify the knowledge, skills, and roles of the human services worker. (1997 SU)

HSE-112 **Group Process I** **2 (1-2)** **S**
Prerequisites: **None**
Corequisites: **None**

This course introduces interpersonal concepts and group dynamics. Emphasis is placed on self-awareness facilitated by experiential learning in small groups with analysis of personal experiences and the behavior of others. Upon completion, students should be able to show competence in identifying and explaining how people are influenced by their interactions in group settings. (1997 SU)

HSE-123 **Interviewing Techniques** **3 (2-2)** **F**
Prerequisites: **None**
Corequisites: **None**

This course covers the purpose, structure, focus, and techniques employed in effective interviewing. Emphasis is placed on observing, attending, listening, responding, recording, and summarizing of personal histories with instructor supervision. Upon completion, students should be able to perform the basic interviewing skills needed to function in the helping relationship. (1997 SU)

HSE-125 **Counseling** **3 (2-2)** **S**
Prerequisites: **None**
Corequisites: **None**

This course covers the major approaches to psychotherapy and counseling, including theory, characteristics, and techniques. Emphasis is placed on facilitation of self-exploration, problem solving, decision making, and personal growth. Upon completion, students should be able to understand various theories of counseling and demonstrate counseling techniques. (2008 SP)

HSE-210 Human Services Issues 2 (2-0) S

Prerequisites: None

Corequisites: None

This course covers current issues and trends in the field of human services. Emphasis is placed on contemporary topics with relevance to special issues in a multi-faceted field. Upon completion, students should be able to integrate the knowledge, skills, and experiences gained in classroom and clinical experiences with emerging trends in the field. (1997 SU)

HSE-225 Crisis Intervention 3 (3-0) S

Prerequisites: None

Corequisites: None

This course introduces the basic theories and principles of crisis intervention. Emphasis is placed on identifying and demonstrating appropriate and differential techniques for intervening in various crisis situations. Upon completion, students should be able to assess crisis situations and respond appropriately. (1997 SU)

HUM Humanities

HUM-110 Technology and Society 3 (3-0) FS SS

Prerequisites: ENG-075 or DRE-096

Corequisites: None

This course considers technological change from historical, artistic, and philosophical perspectives and its effect on human needs and concerns. Emphasis is placed on the causes and consequences of technological change. Upon completion, students should be able to critically evaluate the implications of technology. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.
- Other Gen. Ed. and Premajor Elective course for A.E.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-115 Critical Thinking 3 (3-0) FS SS

Prerequisites: ENG-095 or DRE-098

Corequisites: None

This course introduces the use of critical thinking skills in the context of human conflict. Emphasis is placed on evaluating information, problem solving, approaching cross-cultural perspectives, and resolving controversies and dilemmas. Upon completion, students should be able to demonstrate orally and in writing the use of critical thinking skills in the analysis of appropriate texts. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

HUM-120 Cultural Studies 3 (3-0) S

Prerequisites: ENG-111

Corequisites: None

This course introduces the distinctive features of a particular culture. Topics include art, history, music, literature, politics, philosophy, and religion. Upon completion, students should be able to appreciate the unique character of the study culture. A field trip is required. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

ISC-130	Intro to Quality Control	3 (3-0)	F
----------------	---------------------------------	----------------	----------

Prerequisites: None

Corequisites: None

This course introduces the philosophies, principles, and techniques of managing quality. Topics include the functions, responsibilities, structures, costs, reports, personnel, and vendor-customer relationships associated with quality control and management. Upon completion, students should be able to demonstrate an understanding of quality control and management. (1997 FA)

ISC-243	Prod & Oper Management I	3 (2-3)	S
----------------	-------------------------------------	----------------	----------

Prerequisites: None

Corequisites: None

This course introduces concepts used to analyze and solve productivity and operational problems. Topics include operations strategy, forecasting, resource allocation, and materials management. Upon completion, students should be able to recognize, analyze, and solve a variety of productivity and operational problems. (2005 SP)

LDD Light Duty Diesel

LDD-112	Intro Light-Duty Diesel	3 (2-2)	AND
----------------	--------------------------------	----------------	------------

Prerequisites: None

Corequisites: None

This course covers the history, evolution, basic design and operational parameters for light-duty diesel (LDD) engines used in on-road applications. Topics include familiarization with the light-duty diesel, safety procedures, engine service and maintenance procedures, and introduction to combustion and emission chemistry. Upon completion, students should be able to describe the design and operation of the LDD, perform basic service operations, and demonstrate proper safety procedures. (2013 FA)

LDD-181	Ldd Fuel Systems	4 (2-6)	AND
----------------	-------------------------	----------------	------------

Prerequisites: None

Corequisites: None

This course covers the light-duty diesel fuel delivery systems in on-road applications including hydraulic electronically controlled unit injectors, common-rail, mechanical pumps, and emerging technologies. Topics include diesel combustion theory, fuel system components, electronic and mechanical controls, and fuel types and chemistries that are common to the light-duty diesel engines. Upon completion, students should be able to demonstrate skills necessary to inspect, test, and replace fuel delivery components using appropriate service information and tools. (2013 FA)

LSG Landscape Gardening

Admission to the Landscape Gardening or Golf Course Management Program is required before enrolling in LSG-121.

 CURRICULUM COURSE DESCRIPTIONS

LSG-111	Basic Landscape Technique	2 (2-0)	F
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces basic principles essential to landscape gardening. Topics include soils, propagation, watering, fertilizing, pruning, pest control, and planting. Upon completion, students should be able to perform sustainable gardening techniques essential to maintaining a sustainable landscape. (2013 FA)</p>			
LSG-121	Fall Gardening Lab	2 (0-6)	F
Prerequisites:	None		
Corequisites:	LSG-111		
<p>This course provides basic hands-on experience in fall gardening techniques. Emphasis is placed on pruning, irrigation, planting, fertilizing, pest control, equipment operation, and turf maintenance. Upon completion, students should be able to perform various techniques essential to maintaining the fall landscape. (2001 FA)</p>			
LSG-122	Spring Gardening Lab	2 (0-6)	S
Prerequisites:	LSG-121		
Corequisites:	TRF-110, WBL-111		
<p>This course provides familiarization with basic gardening techniques by performing practical hands-on exercises required for the spring season. Emphasis is placed on pruning, irrigation, planting, fertilizing, pest control, equipment operation, turf maintenance, and landscape construction. Upon completion, students should be able to satisfactorily perform various practices essential to maintaining the landscape in the spring season. (2001 FA)</p>			
LSG-123	Summer Gardening Lab	2 (0-6)	SS
Prerequisites:	LSG-122		
Corequisites:	WBL-121		
<p>This course provides basic hands-on experience in summer gardening techniques. Emphasis is placed on pruning, irrigation, planting, fertilizing, pest control, equipment operation, turf maintenance, landscape construction, and maintaining fruits and vegetables. Upon completion, students should be able to perform various techniques essential to maintaining the summer landscape. (2001 FA)</p>			
LSG-231	Landscape Supervision	4 (2-6)	F
Prerequisites:	LSG-123 and HOR-161		
Corequisites:	None		
<p>This course provides experience in planning, implementing, and supervising various landscape management projects. Emphasis is placed on supervisory skills, organizing, and scheduling. Upon completion, students should be able to supervise employees in various landscape management jobs. (2014 FA)</p>			
LSG-244	Advanced Issues/LSG	2 (2-0)	S
Prerequisites:	None		
Corequisites:	None		
<p>This course covers advanced topics and issues in landscape gardening. Emphasis is placed on current issues, emerging technology, professional growth experiences, and other related topics. Upon completion, students should be able to demonstrate an understanding of advanced topics and critically analyze issues in landscape gardening. (2008 SP)</p>			

 CURRICULUM COURSE DESCRIPTIONS

- *Mathematics Gen. Ed. course for A.A.S. and A.G.E.*

MAT-122 Algebra/Trigonometry II 3 (2-2) S

Prerequisites: MAT-121, minimum grade C

Corequisites: None

This course is designed to cover concepts in algebra, function analysis, and trigonometry. Topics include exponential and logarithmic functions, transformations of functions, Law of Sines, Law of Cosines, vectors, and statistics. Upon completion, students should be able to demonstrate the ability to use mathematics and technology for problem-solving, analyzing and communicating results. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- *Mathematics Gen. Ed. course for A.A.S. and A.G.E.*

MAT-143 Quantitative Literacy 3 (2-2) FS SS

Prerequisites: DMA-010 through 050, and DRE-098

Corequisites: None

This course is designed to engage students in complex and realistic situations involving the mathematical phenomena of quantity, change and relationship, and uncertainty through project- and activity-based assessment. Emphasis is placed on authentic contexts which will introduce the concepts of numeracy, proportional reasoning, dimensional analysis, rates of growth, personal finance, consumer statistics, practical probabilities, and mathematics for citizenship. Upon completion, students should be able to utilize quantitative information as consumers and to make personal, professional, and civic decisions by decoding, interpreting, using, and communicating quantitative information found in modern media and encountered in everyday life. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A.*
- *Mathematics Gen. Ed. course for A.S.*
- *Mathematics Gen. Ed. course for A.A.S. and A.G.E.*

MAT-152 Statistical Methods I 4 (3-2) FS SS

Prerequisites: DMA-010 through 050, and DRE-098

Corequisites: None

This course provides a project-based approach to introductory statistics with an emphasis on using real-world data and statistical literacy. Topics include descriptive statistics, correlation and regression, basic probability, discrete and continuous probability distributions, confidence intervals and hypothesis testing. Upon completion, students should be able to use appropriate technology to describe important characteristics of a data set, draw inferences about a population from sample data, and interpret and communicate results. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A.*
- *Mathematics Gen. Ed. course for A.S.*
- *Mathematics Gen. Ed. course for A.A.S. and A.G.E.*

MAT-171 Precalculus Algebra 4 (3-2) FS SS

Prerequisites: DMA-010 through 080, or MAT 121

Corequisites: None

This course is designed to develop topics which are fundamental to the study of Calculus. Emphasis is placed on solving equations and inequalities, solving systems of equations and inequalities, and analysis of functions (absolute value, radical,

polynomial, rational, exponential, and logarithmic) in multiple representations. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to algebra-related problems with and without technology. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A. and A.S.
- Mathematics Gen. Ed. course for A.A.S. and A.G.E.

MAT-172 Precalculus Trigonometry 4 (3-2) FS SS

Prerequisites: MAT-171, minimum grade C

Corequisites: None

This course is designed to develop an understanding of topics which are fundamental to the study of Calculus. Emphasis is placed on the analysis of trigonometric functions in multiple representations, right and oblique triangles, vectors, polar coordinates, conic sections, and parametric equations. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to trigonometry-related problems with and without technology. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.S.

MAT-263 Brief Calculus 4 (3-2) FS

Prerequisites: MAT-171, minimum grade C

Corequisites: None

This course is designed to introduce concepts of differentiation and integration and their applications to solving problems. Topics include graphing, differentiation, and integration with emphasis on applications drawn from business, economics, and biological and behavioral sciences. Upon completion, students should be able to demonstrate an understanding of the use of basic calculus and technology to solve problems and to analyze and communicate results. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.S.
- Mathematics Gen. Ed. course for A.A.

MAT-271 Calculus I 4 (3-2) FS SS

Prerequisites: MAT-172, minimum grade C

Corequisites: None

This course is designed to develop the topics of differential and integral calculus. Emphasis is placed on limits, continuity, derivatives and integrals of algebraic and transcendental functions of one variable. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to derivative-related problems with and without technology. (2014 FA)

A student may place directly into MAT 271 if the student has met at least one (1) of the following criteria within the past five (5) years:

1. A score of 2 or higher on the AP Calculus AB Exam.
2. A grade of C or higher in an AP Calculus course and an unweighted HS GPA of 3.0 or higher.
3. A score of 90 or higher on the ACCUPLACER College-Level Math (CLM) test.
4. A score of 46 or higher on the trigonometry section of the ACT Compass Math Placement Test.

MLT-130	Clinical Chemistry I	4 (3-3-0)	S
Prerequisites:	None		
Corequisites:	None		
This course introduces the Quantitative Literacy of blood and body fluids and their variations in health and disease. Topics include clinical biochemistry, methodologies, instrumentation, and quality control. Upon completion, students should be able to demonstrate theoretical comprehension of clinical chemistry, perform diagnostic techniques, and correlate laboratory findings with disorders. (1997 SU)			
MLT-140	Intro to Microbiology	3 (2-3-0)	F
Prerequisites:	None		
Corequisites:	None		
This course introduces basic techniques and safety procedures in clinical microbiology. Emphasis is placed on the morphology and identification of common pathogenic organisms, aseptic technique, staining techniques, and usage of common media. Upon completion, students should be able to demonstrate theoretical comprehension in performing and interpreting basic clinical microbiology procedures. (1997 SU)			
MLT-215	Professional Issues	1 (1-0-0)	S
Prerequisites:	None		
Corequisites:	None		
This course surveys professional issues in preparation for career entry. Emphasis is placed on work readiness and theoretical concepts in microbiology, immunohematology, hematology, and clinical chemistry. Upon completion, students should be able to demonstrate competence in career entry-level areas and be prepared for the national certification examination. (1997 SU)			
MLT-240	Special Clin Microbiology	3 (2-3-0)	S
Prerequisites:	MLT-140		
Corequisites:	None		
This course is designed to introduce special techniques in clinical microbiology. Emphasis is placed on advanced areas in microbiology. Upon completion, students should be able to demonstrate theoretical comprehension in performing and interpreting specialized clinical microbiology procedures. (1997 SU)			
MLT-252	MLT Practicum I	2 (0-0-6)	F SS
Prerequisites:	None		
Corequisites:	None		
This course provides entry-level clinical laboratory experience. Emphasis is placed on technique, accuracy, and precision. Upon completion, students should be able to demonstrate entry-level competence on final clinical evaluations. (1997 SU)			
MLT-255	MLT Practicum I	5 (0-0-15)	F S
Prerequisites:	None		
Corequisites:	None		
This course provides entry-level clinical laboratory experience. Emphasis is placed on technique, accuracy, and precision. Upon completion, students should be able to demonstrate entry-level competence on final clinical evaluations. (1997 SU)			

 CURRICULUM COURSE DESCRIPTIONS

MLT-265	MLT Practicum II	5 (0-0-15)	F S
Prerequisites:	None		
Corequisites:	None		
This course provides entry-level clinical laboratory experience. Emphasis is placed on technique, accuracy, and precision. Upon completion, students should be able to demonstrate entry-level competence on final clinical evaluations. (1997 SU)			
MLT-275	MLT Practicum III	5 (0-0-15)	F S
Prerequisites:	None		
Corequisites:	None		
This course provides entry-level clinical laboratory experience. Emphasis is placed on technique, accuracy, and precision. Upon completion, students should be able to demonstrate entry-level competence on final clinical evaluations. (1997 SU)			
MLT-288	MLT Practicum IV	5 (0-0-15)	F S
Prerequisites:	None		
Corequisites:	None		
This course provides entry-level clinical laboratory experience. Emphasis is placed on technique, accuracy, and precision. Upon completion, students should be able to demonstrate entry-level competence on final clinical evaluations. (2000 SP)			

MNT Maintenance

MNT-110	Intro to Maint Procedures	2 (1-3)	S
Prerequisites:	None		
Corequisites:	None		
This course covers basic maintenance fundamentals for power transmission equipment. Topics include equipment inspection, lubrication, alignment, and other scheduled maintenance procedures. Upon completion, students should be able to demonstrate knowledge of accepted maintenance procedures and practices according to current industry standards. (2013 FA)			

MTH Therapeutic Massage

Admission to the Therapeutic Massage program is required before enrolling in MTH courses.

MTH-110	Fundamentals of Massage	10 (6-9-3)	F
Prerequisites:	None		
Corequisites:	BIO-163 or BIO-165, MED-120, PSY-150		
This course introduces concepts basic to the role of the massage therapist in a variety of clinical settings. Emphasis is placed on beginning theory and techniques of body work as well as skill in therapeutic touch. Upon completion of the course, the student should be able to apply basic practical massage therapy skills. (2008 SP)			
MTH-120	Ther Massage Applications	10 (6-9-3)	S
Prerequisites:	BIO-163 or BIO-165, MED-120, MTH-110, PSY-150		
Corequisites:	BIO-166 (unless student completed BIO-163), ENG-111		
This course provides an expanded knowledge and skill base for the massage therapist in a variety of clinical settings. Emphasis is placed on selected therapeutic approaches			

throughout the lifespan. Upon completion, students should be able to perform entry level therapeutic massage on various populations. (2008 SP)

MTH-125 Ethics of Massage 2 (2-0) SS

Prerequisites: MTH-110

Corequisites: BIO-271 and MTH-130

This course is designed to explore issues related to the practice of massage therapy. Emphasis is placed on ethical, legal, professional, and political issues. Upon completion, students should be able to discuss issues relating to the practice of massage therapy, client/therapist relationships as well as ethical issues. (2005 FA)

MTH-130 Therapeutic Massage Mgmt 2 (2-0) SS

Prerequisites: MTH-110

Corequisites: BIO-271 and MTH-125

This course introduces the basic responsibilities in the development of a professional massage practice. Emphasis is placed on identifying successful practice management methods such as selecting a business structure, negotiating a contract/lease, developing a business/marketing plan, designing a massage space, differentiating spa from clinical practice, management of client/financial records and physician referral. Upon completion, students should be able to demonstrate the knowledge and skills necessary to develop and manage a massage therapy practice. (2012 FA)

MTH 210 Adv Skills of Massage 8 (4-9-3) F

Prerequisites: MTH-120

Corequisites: BUS-230

This course provides knowledge and skills in diverse body work modalities in a variety of clinical settings. Emphasis is placed on selected techniques such as Neuromuscular Therapy, Sports Massage, Soft Tissue Release, Spa Approaches, Oriental Therapies, and energy techniques. Upon completion, students should be able to perform basic skills in techniques covered. (2008 SP)

MTH 220 Outcome-Based Massage 7 (4-6-3) S

Prerequisites: MTH-120

Corequisites: WBL-111

This course provides knowledge and skills in more complex body works modalities in a variety of clinical settings. Emphasis is placed on developing advanced skills in outcome-based Massage. Upon completion, students should be able to perform basic skills in techniques covered. (2008 SP)

MUS Music

Students who wish to enroll in the Associate in Fine Arts in Music and Music Education (A1020D) program must demonstrate the appropriate level of vocal or instrument proficiency. Non-music majors may be allowed to enroll in music theory and performance classes only after demonstrating the appropriate level of proficiency prior to registering for MUS-121, 131, 133, 135, 137, 141, and 161. Students with little or no music background should enroll in MUS-111 and MUS-151.

 CURRICULUM COURSE DESCRIPTIONS

MUS-110 Music Appreciation 3 (3-0) FS SS

Prerequisites: None

Corequisites: None

This course is a basic survey of the music of the Western world. Emphasis is placed on the elements of music, terminology, composers, form, and style within a historical perspective. Upon completion, students should be able to demonstrate skills in basic listening and understanding of the art of music. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A., A.E., and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

MUS-111 Fundamentals of Music 3 (3-0) FS

Prerequisites: None

Corequisites: None

This course is an introductory course for students with little or no music background. Emphasis is placed on music notation, rhythmic patterns, scales, key signatures, intervals, and chords. Upon completion, students should be able to demonstrate an understanding of the rudiments of music. (1999 FA) *This course has been approved to satisfy the following requirement(s):*

- Premajor and/or Elective Course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

MUS-112 Introduction to Jazz 3 (3-0) FS

Prerequisites: None

Corequisites: None

This course introduces the origins and musical components of jazz and the contributions of its major artists. Emphasis is placed on the development of discriminating listening habits, as well as the investigation of the styles and structural forms of the jazz idiom. Upon completion, students should be able to demonstrate skills in listening and understanding this form of American music. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A., A.E., and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

MUS-121 Music Theory I 4 (3-2) F

Prerequisites: None

Corequisites: None

This course provides an in-depth introduction to melody, rhythm, and harmony. Emphasis is placed on fundamental melodic, rhythmic, and harmonic analysis, introduction to part writing, ear-training, and sight-singing. Upon completion, students should be able to demonstrate proficiency in the recognition and application of the above. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- Premajor and/or Elective course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

MUS-122 Music Theory II 4 (3-2) S

Prerequisites: MUS-121

Corequisites: None

This course is a continuation of studies begun in MUS-121. Emphasis is placed on advanced melodic, rhythmic, and harmonic analysis and continued studies in part-

 CURRICULUM COURSE DESCRIPTIONS

MUS-135 Jazz Ensemble I 1 (0-2) FS

Prerequisites: None

Corequisites: None

This course provides an opportunity for those who play an appropriate instrument to gain experience playing in a jazz ensemble. Emphasis is placed on jazz ensemble techniques and the study and performance of a variety of styles of jazz literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. (1997 SU) *This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-136 Jazz Ensemble II 1 (0-2) FS

Prerequisites: MUS-135

Corequisites: None

This course is a continuation of MUS-135. Emphasis is placed on jazz ensemble techniques and the study and performance of a variety of styles and periods of jazz literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. (1997 SU) *This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-137 Orchestra I 1 (0-2) FS

Prerequisites: None

Corequisites: None

This course provides an opportunity for those who play an orchestral instrument to gain experience playing in an ensemble. Emphasis is placed on orchestral techniques and the study and performance of a variety of styles and periods of orchestral and string ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. (1997 SU) *This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-138 Orchestra II 1 (0-2) FS

Prerequisites: MUS-137

Corequisites: None

This course is a continuation of MUS-137. Emphasis is placed on orchestral techniques and the study and performance of a variety of styles and periods of orchestral and string ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. (1997 SU) *This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-141 Ensemble I 1 (0-2) FS

Prerequisites: None

Corequisites: None

This course provides an opportunity to perform in any combination of instrumental, vocal, or keyboard groups of two or more. Emphasis is placed on the development of performance skills and the study of a variety of styles and periods of ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. (1997 SU) *This course has been approved to satisfy the following requirements:*

 CURRICULUM COURSE DESCRIPTIONS

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-162 Applied Music II 2 (1-2) FS

Prerequisites: MUS-161

Corequisites: None

This course is a continuation of MUS-161. Emphasis is placed on techniques and styles and the exploration and study of appropriate literature. Upon completion, students should be able to demonstrate proficiency in the studied skills and repertoire through performance. The following letter suffixes designate a specific instrument or voice: A-Voice, B-Piano, C-Organ, D-Flute, E-Oboe/Bassoon, F-Clarinet, G-Saxophone, H-Trumpet, J-French Horn, K-Trombone, L-Baritone/Tuba, M-Violin, N-Viola, P-Cello, R-Double Bass, S-Percussion, T-Guitar, U-Bass Guitar. (1999 FA) *This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-210 History of Rock Music 3 (3-0) AND

Prerequisites: ENG 095 or DRE-098

Corequisites: None

This course is a survey of Rock music from the early 1950's to the present. Emphasis is placed on musical groups, soloists, and styles related to the evolution of this idiom and on related historical and social events. Upon completion, students should be able to identify specific styles and to explain the influence of selected performers within their respective eras. (2003 FA) *This course has been approved to satisfy the following requirement(s):*

- *Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.*
- *Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.*

MUS-221 Music Theory III 4 (3-2) F

Prerequisites: MUS-122

Corequisites: None

This course is a continuation of MUS-122. Emphasis is placed on altered and chromatic harmony, common practice era compositional techniques and forms, and continued studies in part-writing, ear-training, and sight-singing. Upon completion, students should be able to demonstrate proficiency in the recognition and application of the above. (1997 SU) *This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-222 Music Theory IV 4 (3-2) S

Prerequisites: MUS-221

Corequisites: None

This course is a continuation of studies begun in MUS-221. Emphasis is placed on continued study of common practice era compositional techniques and forms, 20th century practices, ear-training, and sight-singing. Upon completion, students should be able to demonstrate proficiency in the recognition and application of the above. (1997 SU) *This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

 CURRICULUM COURSE DESCRIPTIONS

MUS-236 Jazz Ensemble IV 1 (0-2) FS
Prerequisites: MUS-235
Corequisites: None

This course is a continuation of MUS-235. Emphasis is placed on jazz ensemble techniques and the study and performance of a variety of styles and periods of jazz literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. *(1997 SU) This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-237 Orchestra III 1 (0-2) FS
Prerequisites: MUS-138
Corequisites: None

This course is a continuation of MUS-138. Emphasis is placed on orchestral techniques and the study and performance of a variety of styles and periods of orchestral and string ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. *(1997 SU) This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-238 Orchestra IV 1 (0-2) FS
Prerequisites: MUS-237
Corequisites: None

This course is a continuation of MUS-237. Emphasis is placed on orchestral techniques and the study and performance of a variety of styles and periods of orchestral and string ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. *(1997 SU) This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-241 Ensemble III 1 (0-2) FS
Prerequisites: MUS-142
Corequisites: None

This course is a continuation of MUS-142. Emphasis is placed on the development of performance skills and the study of a variety of styles and periods of ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. *(1997 SU) This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-242 Ensemble IV 1 (0-2) FS
Prerequisites: MUS-241
Corequisites: None

This course is a continuation of MUS-241. Emphasis is placed on the development of performance skills and the study of styles of ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. *(1997 SU) This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

 CURRICULUM COURSE DESCRIPTIONS

MUS-271 Music History I 3 (3-0) F
Prerequisites: MUS-122
Corequisites: None

This course is the first of a two-semester, in-depth study of music history. Emphasis is placed on the history and literature of music from Antiquity through the Baroque Period. Upon completion, students should be able to trace important musical developments and demonstrate an understanding of the composers' styles. (1997 SU) *This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

MUS-272 Music History II 3 (3-0) S
Prerequisites: MUS-271
Corequisites: None

This course is the second of a two-semester, in-depth study of music history. Emphasis is placed on the history and literature of music from the Classical Period to the present. Upon completion, students should be able to trace important musical developments and demonstrate an understanding of the composers' styles. (1997 SU) *This course has been approved to satisfy the following requirements:*

- *Premajor and/or Elective course for A.A. and A.S.*

NAS Nurse Aide

Admission to the Nurse Aide Program is required before enrolling in NAS courses.

NAS-101 Nurse Aide I 6 (3-4-3) FS
Prerequisites: ENG-085 or DRE-097
Corequisites: None

This course includes basic nursing skills required to provide safe, competent personal care for individuals. Emphasis is placed on person-centered care, the aging process, communication, safety/emergencies, infection prevention, legal and ethical issues, vital signs, height and weight measurements, elimination, nutrition, basic restorative care/rehabilitation, dementia, mental health and end-of-life care. Upon completion, students should be able to demonstrate knowledge and skills and be eligible to test for listing on the North Carolina Nurse Aide I Registry. *This is a certificate-level course. (2015 SP)*

NAS-102 Nurse Aide II 6 (3-2-6) FS
Prerequisites: NAS-101; ENG-085 or DRE-097
Corequisites: None

This course provides training in Nurse Aide II tasks. Emphasis is placed on the role of the Nurse Aide II, sterile technique and specific tasks such as urinary catheterization, wound care, respiratory procedures, ostomy care, peripheral IV assistive activities, and alternative feeding methods. Upon completion, students should be able to demonstrate knowledge and skills and safe performance of skills necessary to be eligible for listing on the North Carolina Nurse Aide II Registry. *This is a certificate-level course. (2015 SP)*

 CURRICULUM COURSE DESCRIPTIONS

NET-241 Introduction to VOIP 3 (2-3) F

Prerequisites: None

Corequisites: None

This course introduces students to the terms and definitions of analog phone systems and voice over internet protocol (VOIP) networks and how to configure, maintain, and troubleshoot said networks. Topics include configuring and maintaining an internet protocol (IP) telephony system, provisioning phones and users, configuring call features, and establishing voicemail over VOIP networks. Upon completion, students should be able to discuss the terms and definitions of VOIP as well as configure and maintain an IP telephony system, provision phones and users, configure call features and voicemail. (2015 SU)

NET-289 Networking Project 3 (1-4) S

Prerequisites: CTI-110, CTI-120, and CTS-115

Corequisites: None

This course provides an opportunity to complete a significant networking project from the design phase through implementation with minimal instructor support. Emphasis is placed on project definition, documentation, installation, testing, presentation, and training. Upon completion, students should be able to complete a project from the definition phase through implementation. (2016 FA)

NOS Network Operating System

NOS-120 Linux/UNIX Single User 3 (2-2) S SS

Prerequisites: None

Corequisites: None

This course develops the necessary skills for students to develop both GUI and command line skills for using and customizing a Linux workstation. Topics include Linux file system and access permissions, GNOME Interface, VI editor, X Window System expression pattern matching, I/O redirection, network and printing utilities. Upon completion, students should be able to customize and use Linux systems for command line requirements and desktop productivity roles. (2016 FA)

NOS-130 Windows Single User 3 (2-2) FS SS

Prerequisites: None

Corequisites: None

This course introduces operating system concepts for single-user systems. Topics include hardware management, file and memory management, system configuration/optimization, and utilities. Upon completion, students should be able to perform operating systems functions at the support level in a single-user environment. (2016 FA)

NOS-220 Linux/Unix Admin I 3 (2-2) AND

Prerequisites: NOS-120

Corequisites: None

This course introduces the Linux file system, group administration, and system hardware controls. Topics include installation, creation and maintaining file systems, NIS client and DHCP client configuration, NFS, SMB/Samba, Configure X, Gnome, KDE, basic memory, processes, and security. Upon completion, students should be

able to perform system administration tasks including installation, configuring and attaching a new Linux workstation to an existing network. (2006 SP)

NOS-230 Windows Administration I 3 (2-2) SS
Prerequisites: None
Corequisites: None

This course covers the installation and configuration of a Windows Server operating system. Emphasis is placed on the basic configuration of core network services, Active Directory and group policies. Upon completion, students should be able to install and configure a Windows Server operating system. (2014 FA)

NUR Nursing

Admission to the Associate Degree Nursing program is required before enrolling in NUR-111.

NUR-111 Intro to Health Concepts 8 (4-6-6) F
Prerequisites: DMA-010 through 080
Corequisites: BIO-165, PSY-150, ENG-111

This course introduces the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts within each domain including medication administration, assessment, nutrition, ethics, interdisciplinary teams, informatics, evidence-based practice, individual-centered care, and quality improvement. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course. (2009 FA)

NUR-112 Health-Illness Concepts 5 (3-0-6) S
Prerequisites: NUR-111; BIO-165, PSY-150, ENG-111; all min. grade C
Corequisites: BIO-166, ENG-112 or ENG-114, ACA-115

This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of acid-base, metabolism, cellular regulation, oxygenation, infection, stress/coping, health-wellness-illness, communication, caring interventions, managing care, safety, quality improvement, and informatics. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course. (2009 FA)

NUR-113 Family Health Concepts 5 (3-0-6) F
Prerequisites: NUR-111, NUR-112, NUR-114, NUR-211, BIO-165, BIO-166, PSY-150, PSY-241, ENG-111, ENG-112 or ENG-114, ACA-115; all min. grade C
Corequisites: BIO-275, SOC-210

This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of oxygenation, sexuality, reproduction, grief/loss, mood/affect, behaviors, development, family, health-wellness-illness, communication, caring interventions, managing care, safety, and advocacy. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course. (2009 FA)

 CURRICULUM COURSE DESCRIPTIONS

OPH-107	Ophthalmic Clin Proc II	2 (1-2-0)	S
Prerequisites:	OPH-105, OPH-150, OPH-151		
Corequisites:	None		
<p>This course introduces more advanced clinical procedures for the ophthalmic practice. Topics include coding and testing associated with the treatment of glaucoma, cataracts and refractive errors. Upon completion, the student should understand coding for ophthalmic procedures and perform automated perimetry, A scan biometry, keratometry and pachymetry. (2012 SP)</p>			
OPH-108	Ophthalmic Patient Care	2 (2-0-0)	S
Prerequisites:	OPH-150, OPH-151		
Corequisites:	None		
<p>This course is an overview of the care of the ophthalmic patient. Topics include systemic diseases in the eye, review of first aid, emergency equipment and supplies, infection control, identification and sterilization of minor surgical equipment, and aseptic technique. Upon completion, the students should be able to apply these principles in their interactions with patients. (2012 SP)</p>			
OPH-109	Ophtha Optics & Basic Refract	2 (2-0-0)	F
Prerequisites:	OPH-150, OPH-151		
Corequisites:	None		
<p>This course introduces basic theoretical and clinical optics. Topics include interaction of light and lenses, refractive states of the eye, and principles of retinoscopy and refractometry. Upon completion, the student will demonstrate physical and geometric optics, and basic refractometry techniques. (2012 SP)</p>			
OPH-110	Op Med Asst Practicum II	7 (0-0-21)	S
Prerequisites:	OPH-106, OPH-150, OPH-151		
Corequisites:	None		
<p>This course provides additional clinical experience in ophthalmic patient care procedures. Topics include interpersonal skills with patients, work and legal ethics, confidentiality, appearance and performance. Upon completion, the student will be able to demonstrate basic skills in patient care and examination techniques. Actual patient examination by student is performed under supervision (2014 SP)</p>			
OPH-150	Intro to Ophth Med Assist	2 (2-0-0)	SS
Prerequisites:	None		
Corequisites:	OPH-151		
<p>This course introduces the role, scope, and duties of the ophthalmic assistant. Topics include medical ethics, duties of assistant, medical history, basic medical terminology, and an overview of human anatomy and physiology. Upon completion, students should be able to demonstrate knowledge of medical history taking, preliminary patient examination, basic ophthalmic equipment, and office efficiency. (2000 FA)</p>			
OPH-151	Ocular Anat. & Physiology	2 (2-0-0)	SS
Prerequisites:	None		
Corequisites:	OPH-150		
<p>This course studies the normal anatomy and physiology of eye and orbit. Topics include structures of the eye, functioning process of the eye and correct medical terminology of the structures and functions of the eye. Upon completion, the student</p>			

 CURRICULUM COURSE DESCRIPTIONS

OST-138 **Advanced Software Appl** **3 (2-2)** **F**
Prerequisites: **OST-137**
Corequisites: **None**

This course is designed to improve the proficiency in the utilization of software applications used in business offices through a hands-on approach. Emphasis is placed on in-depth usage of software to create a variety of documents applicable to current business environments. Upon completion, students should be able to master the skills required to design documents that can be customized using the latest software applications. (2008 FA)

OST-141 **Med Terms I-Med Office** **3 (3-0)** **F**
Prerequisites: **ENG-085 or DRE-097**
Corequisites: **None**

This course uses a language-structure approach to present the terminology and vocabulary that will be encountered in medical office settings. Topics include word parts that relate to systemic components, conditions, pathology, and disorder remediation in approximately one-half of the systems of the human body. Upon completion, students should be able to relate words to systems, pluralize, define, pronounce, and construct sentences with the included terms. (1997 SU)

OST-142 **Med Terms II-Med Office** **3 (3-0)** **S**
Prerequisites: **OST-141 or MED 121**
Corequisites: **None**

This course is a continuation of OST-141 and continues the study, using a language-structure approach, of medical office terminology and vocabulary. Topics include word parts that relate to systemic components, conditions, pathology, and disorder remediation in the remaining systems of the human body. Upon completion, students should be able to relate words to systems, pluralize, define, pronounce, and construct sentences with the included terms. (1997 SU)

OST-148 **Med Coding Billing & Insu** **3 (3-0)** **F**
Prerequisites: **OST-141 or MED-121**
Corequisites: **None**

This course introduces fundamentals of medical coding, billing, and insurance. Emphasis is placed on the medical billing cycle to include third party payers, coding concepts, and form preparation. Upon completion, students should be able to explain the life cycle of and accurately complete a medical insurance claim. (2008 FA)

OST-149 **Medical Legal Issues** **3 (3-0)** **F**
Prerequisites: **ENG-111, OST-131**
Corequisites: **None**

This course introduces the complex legal, moral, and ethical issues involved in providing health-care services. Emphasis is placed on the legal requirements of medical practices; the relationship of physician, patient, and office personnel; professional liabilities; and medical practice liability. Upon completion, students should be able to demonstrate a working knowledge of current medical law and accepted ethical behavior. (1999 FA)

OST-164	Text Editing Applications	3 (3-0)	S
Prerequisites:	ENG-111, OST-131		
Corequisites:	None		
This course provides a comprehensive study of editing skills needed in the workplace. Emphasis is placed on grammar, punctuation, sentence structure, proofreading, and editing. Upon completion, students should be able to use reference materials to compose and edit text. (1997 SU)			
OST-184	Records Management	3 (2-2)	F
Prerequisites:	ENG-111, OST-131		
Corequisites:	None		
This course includes the creation, maintenance, protection, security, and disposition of records stored in a variety of media forms. Topics include alphabetic, geographic, subject, and numeric filing methods. Upon completion, students should be able to set up and maintain a records management system. (2008 FA)			
OST-223	Admin Office Transcript I	3 (2-2)	F
Prerequisites:	OST-134, OST-136, OST-164		
Corequisites:	None		
This course provides experience in transcribing documents. Emphasis is placed on appropriate formatting, advanced text editing skills, and transcription techniques. Upon completion, students should be able to transcribe office documents. (2008 FA)			
OST-233	Office Publications Design	3 (2-2)	S
Prerequisites:	OST-136		
Corequisites:	None		
This course provides entry-level skills in using software with desktop publishing capabilities. Topics include principles of page layout, desktop publishing terminology and applications, and legal and ethical considerations of software use. Upon completion, students should be able to design and produce professional business documents and publications. (1997 SU)			
OST-236	Adv Word/Information Proc	3 (2-2)	F
Prerequisites:	OST-136		
Corequisites:	None		
This course develops proficiency in the utilization of advanced word/information processing functions. Emphasis is placed on advanced word processing features. Upon completion, students should be able to produce a variety of complex business documents. (2008 FA)			
OST-241	Med Ofc Transcription I	2 (1-2)	F
Prerequisites:	OST-142 or MED-122, OST-134, OST-136, OST-164		
Corequisites:	None		
This course introduces machine transcription techniques as applied to medical documents. Emphasis is placed on accurate transcription, proofreading, and use of reference materials as well as vocabulary building. Upon completion, students should be able to prepare accurate and usable transcripts of voice recordings in the covered specialties. (1997 SU)			

 CURRICULUM COURSE DESCRIPTIONS

OST-243	Med Office Simulation	3 (2-2)	S
Prerequisites:	OST-148		
Corequisites:	None		
<p>This course introduces medical systems used to process information in the automated office. Topics include traditional and electronic information resources, storing and retrieving information, and the billing cycle. Upon completion, students should be able to use the computer accurately to schedule, bill, update, and make corrections. (1998 FA)</p>			
OST-247	Procedure Coding	2 (1-2)	F
Prerequisites:	MED-121 or OST-141, OST-148		
Corequisites:	None		
<p>This course provides in-depth coverage of procedural coding. Emphasis is placed on CPT and HCPCS coding systems. Upon completion, students should be able to properly code procedures and services performed in a medical facility. (2008 FA)</p>			
OST-248	Diagnostic Coding	2 (1-2)	F
Prerequisites:	MED-121 or OST-141, OST-148		
Corequisites:	None		
<p>This course provides an in-depth study of diagnostic coding. Emphasis is placed on ICD coding system. Upon completion, students should be able to properly code diagnoses in a medical facility. (2008 FA)</p>			
OST-284	Emerging Technologies	2 (1-2)	S
Prerequisites:	OST-138, OST-236		
Corequisites:	None		
<p>This course provides opportunities to explore emerging technologies. Emphasis is placed on identifying, researching, and presenting current technological topics for class consideration and discussion. Upon completion, students should be able to understand the importance of keeping abreast of technological changes that affect the office professional. (1999 FA)</p>			
OST-286	Professional Development	3 (3-0)	S
Prerequisites:	ENG-112 or ENG-114, OST-134		
Corequisites:	None		
<p>This course covers the personal competencies and qualities needed to project a professional image in the office. Topics include interpersonal skills, health lifestyles, appearance, attitude, personal and professional growth, multicultural awareness, and professional etiquette. Upon completion, students should be able to demonstrate these attributes in the classroom, office, and society. (1999 FA)</p>			
OST-289	Administrative Office Mgt	3 (2-2)	S
Prerequisites:	ENG-112 or ENG-114, OST-134, OST-136, OST-164		
Corequisites:	None		
<p>This course is designed to be a capstone course for the office professional and provides a working knowledge of modern office procedures. Emphasis is placed on scheduling, telephone procedures, travel arrangements, event planning, office design, and ergonomics. Upon completion, students should be able to adapt in an office environment. (2008 FA)</p>			

PED-143 Volleyball-Beginning 1 (0-2) FS

Prerequisites: None

Corequisites: None

This course covers the fundamentals of volleyball. Emphasis is placed on the basics of serving, passing, setting, spiking, blocking, and the rules and etiquette of volleyball. Upon completion, students should be able to participate in recreational volleyball. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-145 Basketball-Beginning 1 (0-2) FS

Prerequisites: None

Corequisites: None

This course covers the fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. Upon completion, students should be able to participate in recreational basketball. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-147 Soccer 1 (0-2) AND

Prerequisites: None

Corequisites: None

This course introduces the basics of soccer. Emphasis is placed on rules, strategies, and fundamental skills. Upon completion, students should be able to participate in recreational soccer. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-149 Flag Football 1 (0-2) AND

Prerequisites: None

Corequisites: None

This course introduces the fundamentals and rules of flag football. Emphasis is placed on proper techniques and strategies for playing in game situations. Upon completion, students should be able to participate in recreational flag football. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-152 Swimming-Beginning 1 (0-2) AND

Prerequisites: None

Corequisites: None

This course is designed for non-swimmers and beginners. Emphasis is placed on developing confidence in the water, learning water safety, acquiring skills in floating, and learning elementary strokes. Upon completion, students should be able to demonstrate safety skills and be able to tread water, back float, and use the crawl stroke for 20 yards. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-163 Kayaking-Basic 1 (0-2) AND**Prerequisites: None****Corequisites: None**

This course is designed to teach the basic skills of kayaking. Topics include forward and reverse strokes, sweeps, Eskimo roll, and self-rescue skills. Upon completion, students should be able to maneuver and demonstrate safe kayaking practices. (2007 SP) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-169 Orienteering 1 (0-2) AND**Prerequisites: None****Corequisites: None**

This course introduces the various types of orienteering and proper orienteering techniques. Emphasis is placed on defining various types of orienteering and recognizing and drawing topographic map symbols. Upon completion, students should be able to draw topographic map symbols and negotiate a 3-5 km cross-country orienteering course in a specified time period. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-170 Backpacking 1 (0-2) FS**Prerequisites: None****Corequisites: None**

This course covers the proper techniques for establishing a campsite, navigating in the wilderness, and planning for an overnight trip. Topics include planning for meals, proper use of maps and compass, and packing and dressing for extended periods in the outdoors. Upon completion, students should be able to identify quality backpacking equipment, identify the principles of no-trace camping, and successfully complete a backpacking experience. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-173 Rock Climbing 1 (0-2) AND**Prerequisites: None****Corequisites: None**

This course teaches the fundamental skills and safety of rock climbing. Topics include rock climbing, bouldering, rappelling, the correct method of belaying for climbing and rappelling, and knowledge of equipment. Upon completion, students should be able to demonstrate strong and skillful techniques in climbing and rappelling. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-174 Wilderness Pursuits 1 (0-2) AND**Prerequisites: None****Corequisites: None**

This course covers the skills necessary to prepare for and participate in a wilderness trip. Emphasis is placed on planning, preparing, and participating in a wilderness pack trip. Upon completion, students should be able to safely participate in overnight wilderness pack trips. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

the body's core muscles. (2005 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-218 Pilates II 1 (0-2) AND
Prerequisites: PED-217
Corequisites: None

This course provides continued instruction in the Pilates method of body conditioning exercise. Topics include instruction in intermediate and advanced Pilates exercises using a mat or equipment, relevant anatomy and physiology, and further discussion of related concepts. Upon completion, students should be able to perform intermediate and advanced exercises, and possess the autonomy to maintain their own personal Pilates practice. (2005 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-219 Disc Golf 1 (0-2) AND
Prerequisites: None
Corequisites: None

This course introduces the fundamentals of disc golf. Emphasis is placed on basic throwing techniques, putting, distance driving, scoring, and single and doubles play. Upon completion, students should be able to perform the skills required in playing situations. (2009 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PED-254 Coaching Basketball 2 (1-2) AND
Prerequisites: None
Corequisites: None

This course introduces the theory and methods of coaching basketball. Emphasis is placed on rules, game strategies, and selected techniques of coaching basketball. Upon completion, students should be able to demonstrate competent coaching skills in basketball. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

PHI Philosophy

PHI-215 Philosophical Issues 3 (3-0) FS SS
Prerequisites: ENG-111
Corequisites: None

This course introduces fundamental issues in philosophy considering the views of classical and contemporary philosophers. Emphasis is placed on knowledge and belief, appearance and reality, determinism and free will, faith and reason, and justice and inequality. Upon completion, students should be able to identify, analyze, and critically evaluate the philosophical components of an issue. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A., A.E., and A.S.*
- *Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.*

 CURRICULUM COURSE DESCRIPTIONS

PHI-240 Introduction to Ethics 3 (3-0) FS SS
Prerequisites: ENG-111
Corequisites: None

This course introduces theories about the nature and foundations of moral judgments and applications to contemporary moral issues. Emphasis is placed on moral theories such as consequentialism, deontology, and virtue ethics. Upon completion, students should be able to apply various ethical theories to moral issues such as abortion, capital punishment, poverty, war, terrorism, the treatment of animals, and issues arising from new technologies. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A., A.E., and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

PHY Physics

PHY-110 Conceptual Physics 3 (3-0) FS
Prerequisites: DMA-010 through 030
Corequisites: PHY-110A

This course provides a conceptually-based exposure to the fundamental principles and processes of the physical world. Topics include basic concepts of motion, forces, energy, heat, electricity, magnetism, and the structure of matter and the universe. Upon completion, students should be able to describe examples and applications of the principles studied. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A.
- Natural Science Gen. Ed. course for A.S.
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

PHY-110A Conceptual Physics Lab 1 (0-2) FS
Prerequisites: DMA-010 through 030
Corequisites: PHY-110

This course is a laboratory for PHY-110. Emphasis is placed on laboratory experiences that enhance materials presented in PHY-110. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in PHY-110. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A.
- Natural Science Gen. Ed. course for A.S.
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

PHY-131 Physics-Mechanics 4 (3-2) SS
Prerequisites: MAT-121 or MAT-171
Corequisites: None

This algebra/trigonometry-based course introduces fundamental physical concepts as applied to engineering technology fields. Topics include systems of units, problem-solving methods, graphical analysis, vectors, motion, forces, Newton's laws of motion, work, energy, power, momentum, and properties of matter. Upon completion, students should be able to apply the principles studied to applications in engineering technology fields. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

PHY-151 College Physics I 4 (3-2) F SS**Prerequisites:** MAT-171**Corequisites:** None

This course uses algebra- and trigonometry-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include units and measurement, vectors, linear kinematics and dynamics, energy, power, momentum, fluid mechanics, and heat. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. (2014 FA) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.S.
- Natural Science Gen. Ed. course for A.A.
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

PHY-152 College Physics II 4 (3-2) S**Prerequisites:** PHY-151**Corequisites:** None

This course uses algebra- and trigonometry-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include electrostatic forces, electric fields, electric potentials, direct-current circuits, magnetostatic forces, magnetic fields, electromagnetic induction, alternating-current circuits, and light. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.S.
- Natural Science Gen. Ed. course for A.A.
- Natural Science Gen. Ed. course for A.A.S. and A.G.E.

PHY-251 General Physics I 4 (3-3) F**Prerequisites:** MAT-271**Corequisites:** MAT-272

This course uses calculus-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include units and measurement, vector operations, linear kinematics and dynamics, energy, power, momentum, rotational mechanics, periodic motion, fluid mechanics, and heat. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.E. and A.S.
- Natural Science Gen. Ed. course for A.A.

PHY-252 General Physics II 4 (3-3) S**Prerequisites:** MAT-272 and PHY-251**Corequisites:** None

This course uses calculus-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include electrostatic forces, electric fields, electric potentials, direct-current circuits, magnetostatic forces, magnetic fields, electromagnetic induction, alternating-current circuits, and light. Upon completion, students should be able to demonstrate an understanding of the principles involved and

 CURRICULUM COURSE DESCRIPTIONS

display analytical problem-solving ability for the topics covered. (1997 SU) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.E. and A.S.
- Natural Science Gen. Ed. course for A.A.

PKG Packaging

PKG-110 **Pkg Machinery I** **3 (1-4)** **S**
Prerequisites: **None**
Corequisites: **None**

This course covers the PMM I self-study module for packaging machinery mechanics. Topics include an overview of electricity, fluid power, mechanics, and packaging machinery components. Upon completion, students should be able to demonstrate the knowledge necessary for successful completion of the PMM I self-study module. (1997 SU)

POL Political Science

POL-110 **Intro to Political Science** **3 (3-0)** **AND**
Prerequisites: **ENG-085 or DRE-097**
Corequisites: **None**

This course introduces basic political concepts used by governments and addresses a wide range of political issues. Topics include political theory, ideologies, legitimacy, and sovereignty in democratic and non-democratic systems. Upon completion, students should be able to discuss a variety of issues inherent in all political systems and draw logical conclusions in evaluating these systems. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

POL-120 **American Government** **3 (3-0)** **FS SS**
Prerequisites: **ENG-085 or DRE-097**
Corequisites: **None**

This course is a study of the origins, development, structure, and functions of American government. Topics include the constitutional framework, federalism, the three branches of government including the bureaucracy, civil rights and liberties, political participation and behavior, and policy process. Upon completion, students should be able to demonstrate an understanding of the basic concepts and participatory processes of the American political system. (2014 FA) This course has been approved to satisfy the following requirement(s):

- UGETC course for A.A., A.E., and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

POL-210 **Comparative Government** **3 (3-0)** **AND**
Prerequisites: **ENG-085 or DRE-097**
Corequisites: **None**

This course provides a cross-national perspective on the government and politics of contemporary nations such as Great Britain, France, Germany, and Russia. Topics include each country's historical uniqueness, key institutions, attitudes and ideologies, patterns of interaction, and current political problems. Upon completion, students should be able to identify and compare various nations' governmental structures,

processes, ideologies, and capacity to resolve major problems. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

POL-220 International Relations 3 (3-0) AND

Prerequisites: ENG-085 or DRE-097

Corequisites: None

This course provides a study of the effects of ideologies, trade, armaments, and alliances on relations among nation-states. Emphasis is placed on regional and global cooperation and conflict, economic development, trade, non-governmental organizations, and international institutions such as the World Court and UN. Upon completion, students should be able to identify and discuss major international relationships, institutions, and problems. (1997 SU) This course has been approved to satisfy the following requirement(s):

- Social/Behavioral Science Gen. Ed. course for A.A. and A.S.
- Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.

PSF Physical Fitness Technology

PSF-110 Exercise Science 4 (4-0) FS

Prerequisites: ENG-085 or DRE-097

Corequisites: None

This course is a survey of scientific principles, methodologies, and research as applied to exercise and physical adaptations to exercise. Topics include the basic elements of kinesiology, biomechanics, and motor learning. Upon completion, students should be able to identify and describe physiological responses and adaptations to exercise. (1998 SP)

PSF-111 Fitness & Exer Testing I 4 (3-2) F

Prerequisites: ENG-085 or DRE-097

Corequisites: None

This course introduces the student to graded exercise testing. Topics include various exercise testing protocols with methods for prescribing exercise programs based on exercise tolerance tests and the use of various equipment and protocols. Upon completion, students should be able to conduct specific exercise tests and the use of various equipment. (1998 SP)

PSF-116 Pvnt & Care Exer Injuries 3 (2-2) S

Prerequisites: ENG-085 or DRE-097

Corequisites: None

This course provides information about the care and prevention of exercise injuries. Topics include proper procedures, prevention techniques, and on-site care of injuries. Upon completion, students should be able to demonstrate the knowledge and skills necessary to prevent and care for exercise related injuries. (2009 FA)

PSF-118 Fitness Facility Mgmt 4 (4-0) S

Prerequisites: None

Corequisites: None

This course provides information about the management and operation of health and fitness facilities and programs. Topics include human resources, sales and marketing,

PSY Psychology

PSY-118 Interpersonal Psychology 3 (3-0) F

Prerequisites: **ENG-075 or DRE-096**

Corequisites: **None**

This course introduces the basic principles of psychology as they relate to personal and professional development. Emphasis is placed on personality traits, communication/leadership styles, effective problem solving, and cultural diversity as they apply to personal and work environments. Upon completion, students should be able to demonstrate an understanding of these principles of psychology as they apply to personal and professional development. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-141 Psych of Death and Dying 3 (3-0) F

Prerequisites: **ENG-075 or DRE-096**

Corequisites: **None**

This course presents psychological perspectives on death and dying. Topics include the culturally diverse aspects of death and the grieving process, adjustment mechanisms, interventions, and the psychological and ethical dimensions of death and dying. Upon completion, students should be able to demonstrate an understanding of the psychosocial aspects of death and dying. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-150 General Psychology 3 (3-0) FS SS

Prerequisites: **ENG-085 or DRE-097**

Corequisites: **None**

This course provides an overview of the scientific study of human behavior. Topics include history, methodology, biopsychology, sensation, perception, learning, motivation, cognition, abnormal behavior, personality theory, social psychology, and other relevant topics. Upon completion, students should be able to demonstrate a basic knowledge of the science of psychology. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *UGETC course for A.A., A.E., and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-231 Forensic Psychology 3 (3-0) S

Prerequisites: **PSY-150**

Corequisites: **None**

This course introduces students to concepts which unite psychology and the legal system. Topics include defining competency, insanity, involuntary commitment as well as introducing forensic assessment techniques, such as interviewing process, specialized assessments, and collecting collateral information. Upon completion, students should be able to demonstrate knowledge in areas of forensic psychology: risk assessment, criminal competencies, insanity, psychopathology, and mentally disordered offenders. (2004 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*

 CURRICULUM COURSE DESCRIPTIONS

PSY-237 Social Psychology 3 (3-0) AND
Prerequisites: PSY-150 or SOC-210
Corequisites: None

This course introduces the study of individual behavior within social contexts. Topics include affiliation, attitude formation and change, conformity, altruism, aggression, attribution, interpersonal attraction, and group behavior. Upon completion, students should be able to demonstrate an understanding of the basic principles of social influences on behavior. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-239 Psychology of Personality 3 (3-0) F
Prerequisites: PSY-150
Corequisites: None

This course covers major personality theories and personality research methods. Topics include psychoanalytic, behavioristic, social learning, cognitive, humanistic, and trait theories including supporting research. Upon completion, students should be able to compare and contrast traditional and contemporary approaches to the understanding of individual differences in human behavior. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-241 Developmental Psych 3 (3-0) FS SS
Prerequisites: PSY-150
Corequisites: None

This course is a study of human growth and development. Emphasis is placed on major theories and perspectives as they relate to the physical, cognitive, and psychosocial aspects of development from conception to death. Upon completion, students should be able to demonstrate knowledge of development across the life span. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-249 Psychology of Aging 3 (3-0) AND
Prerequisites: PSY-150
Corequisites: None

This course covers the particular needs and behaviors of the maturing adult. Emphasis is placed on psychosocial processes; biological and intellectual aspects of aging; adjustments to retirement, dying, bereavement; and the stereotypes and misconceptions concerning the elderly. Upon completion, students should be able to show an understanding of the psychological factors related to the aging process. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-255 Intro to Exceptionality 3 (3-0) S**Prerequisites:** PSY-150**Corequisites:** None

This course introduces the psychology of the exceptional person. Topics include theoretical perspectives, terminology, and interventions pertaining to various handicapping conditions as well as the resulting psychosocial adjustments. Upon completion, students should be able to demonstrate a basic understanding of the potentials and limitations of the exceptional person. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-259 Human Sexuality 3 (3-0) AND**Prerequisites:** PSY-150**Corequisites:** None

This course provides the biological, psychological, and sociocultural aspects of human sexuality and related research. Topics include reproductive biology, sexual and psychosexual development, sexual orientation, contraception, sexually transmitted diseases, sexual disorders, theories of sexuality, and related issues. Upon completion, students should be able to demonstrate an overall knowledge and understanding of human sexuality. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-263 Educational Psychology 3 (3-0) AND**Prerequisites:** PSY-150**Corequisites:** None

This course examines the application of psychological theories and principles to the educational process and setting. Topics include learning and cognitive theories, achievement motivation, teaching and learning styles, teacher and learner roles, assessment, and developmental issues. Upon completion, students should be able to demonstrate an understanding of the application of psychological theory to educational practice. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-265 Behavioral Modification 3 (3-0) S**Prerequisites:** PSY-150**Corequisites:** None

This course is an applied study of factors influencing human behavior and strategies for behavioral change. Emphasis is placed on cognitive-behavioral theory, behavioral assessment, practical applications of conditioning techniques, and maintenance of adaptive behavior patterns. Upon completion, students should be able to implement basic learning principles to effect behavioral changes in self and others. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

 CURRICULUM COURSE DESCRIPTIONS

PSY-271 Sports Psychology 3 (3-0) AND

Prerequisites: PSY-150

Corequisites: None

This course provides an overview of the field of sports and exercise psychology. Topic include concentration, goal setting, arousal level, exercise psychology, mental imagery, confidence, and other issues related to sport and exercise performance. Upon completion, students should be able to demonstrate knowledge of psychological factors involved in sport and exercise. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-275 Health Psychology 3 (3-0) AND

Prerequisites: PSY-150

Corequisites: None

This course covers the biopsychosocial dynamics of stress and the maintenance of good health. Topic include enhancing health and well-being, stress management, lifestyle choices and attitudes, the mind-body relationship, nutrition, exercise, and fitness. Upon completion, students should be able to demonstrate an understanding of psychological factors related to health and well-being. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Premajor and/or Elective course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

PSY-281 Abnormal Psychology 3 (3-0) FS SS

Prerequisites: PSY-150

Corequisites: None

This course provides an examination of the various psychological disorders, as well as theoretical, clinical, and experimental perspectives of the study of psychopathology. Emphasis is placed on terminology, classification, etiology, assessment, and treatment of the major disorders. Upon completion, students should be able to distinguish between normal and abnormal behavior patterns as well as demonstrate knowledge of etiology, symptoms, and therapeutic techniques. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

RAD Radiography

Admission to the Radiography program is required before enrolling in RAD courses.

RAD-110 Rad Intro & Patient Care 3 (2-3-0) F

Prerequisites: None

Corequisites: RAD-111 and RAD-151

This course provides an overview of the radiography profession and student responsibilities. Emphasis is placed on basic principles of patient care, radiation protection, technical factors, and medical terminology. Upon completion, students should be able to demonstrate basic skills in these areas. (1997 SU)

RAD-111	RAD Procedures I	4 (3-3-0)	F
Prerequisites:	None		
Corequisites:	RAD-110 and RAD-151		
This course provides the knowledge and skills necessary to perform standard radiographic procedures. Emphasis is placed on radiography of the chest, abdomen, extremities, spine, and pelvis. Upon completion, students should be able to demonstrate competence in these areas. (1997 SU)			
RAD-112	RAD Procedures II	4 (3-3-0)	S
Prerequisites:	RAD-110, RAD-111, RAD-151		
Corequisites:	RAD 121, RAD 161		
This course provides the knowledge and skills necessary to perform standard radiographic procedures. Emphasis is placed on radiography of the skull, bony thorax, and gastrointestinal, biliary, and urinary systems. Upon completion, students should be able to demonstrate competence in these areas. (1997 SU)			
RAD-121	Radiographic Imaging I	3 (2-3-0)	S
Prerequisites:	RAD-110, RAD-111, RAD-151		
Corequisites:	RAD 112, RAD 161		
This course provides the basic principles of imaging. Emphasis is placed on the factors that impact density, contrast, recorded detail, and distortion. Upon completion, students should be able to demonstrate an understanding of basic radiographic imaging. (2014 SP)			
RAD-122	Radiographic Imaging II	2 (1-3-0)	SS
Prerequisites:	RAD-112, RAD-121, RAD-161		
Corequisites:	RAD-131 and RAD-171		
This course provides advanced principles of imaging including digital radiography. Emphasis is placed on the factors that impact brightness, contrast, recorded detail, and distortion. Upon completion, students should be able to demonstrate an understanding of advanced principles of imaging. (2010 SP)			
RAD-131	Radiographic Physics I	2 (1-3-0)	SS
Prerequisites:	RAD-121		
Corequisites:	RAD-122 and RAD-171		
This course introduces the principles of radiation characteristics and production. Emphasis is placed on imaging equipment. Upon completion, students should be able to demonstrate a basic understanding of radiation characteristics and production. (2014 SP)			
RAD-151	RAD Clinical Ed I	2 (0-0-6)	F
Prerequisites:	None		
Corequisites:	RAD-110 and RAD-111		
This course introduces patient management and basic radiographic procedures in the clinical setting. Emphasis is placed on mastering positioning of the chest and extremities, manipulating equipment, and applying principles of ALARA. Upon completion, students should be able to demonstrate successful completion of clinical objectives. (1997 SU)			

 CURRICULUM COURSE DESCRIPTIONS

RAD-161	RAD Clinical Ed II	5 (0-0-15)	S
Prerequisites:	RAD-110, RAD-111, RAD-151		
Corequisites:	RAD-112 and RAD-121		
<p>This course provides additional experience in patient management and in more complex radiographic procedures. Emphasis is placed on mastering positioning of the spine, pelvis, head and neck, and thorax and adapting procedures to meet patient variations. Upon completion, students should be able to demonstrate successful completion of clinical objectives. (1997 SU)</p>			
RAD-171	RAD Clinical Ed III	4 (0-0-12)	SS
Prerequisites:	RAD-112, RAD-121, RAD-161		
Corequisites:	RAD-122 and RAD-131		
<p>This course provides experience in patient management specific to fluoroscopic and advanced radiographic procedures. Emphasis is placed on applying appropriate technical factors to all studies and mastering positioning of gastrointestinal and urological studies. Upon completion, students should be able to demonstrate successful completion of clinical objectives. (1997 SU)</p>			
RAD-211	RAD Procedures III	3 (2-3-0)	F
Prerequisites:	RAD-122, RAD-131, and RAD-171		
Corequisites:	RAD-231, RAD-241, RAD-251		
<p>This course provides the knowledge and skills necessary to perform standard and specialty radiographic procedures. Emphasis is placed on radiographic specialty procedures, sectional anatomy, and advanced imaging. Upon completion, students should be able to demonstrate an understanding of these areas. (2014 SP)</p>			
RAD-231	Radiographic Physics II	2 (1-3-0)	F
Prerequisites:	RAD-131 or RAD-171		
Corequisites:	RAD-211, RAD-241, and RAD-251		
<p>This course provides advanced principles of radiation characteristics and production including digital imaging and Computed Tomography (CT). Emphasis is placed on imaging equipment. Upon completion, students should be able to demonstrate an understanding of radiation characteristics and production. (2014 SP)</p>			
RAD-241	Radiobiology/Protection	2 (2-0-0)	F
Prerequisites:	RAD-122, RAD-131, RAD-171		
Corequisites:	RAD-211, RAD-231, RAD-251		
<p>This course covers the principles of radiation protection and radiobiology. Topics include the effects of ionizing radiation on body tissues, protective measures for limiting exposure to the patient and personnel, and radiation monitoring devices. Upon completion, students should be able to demonstrate an understanding of the effects and uses of radiation in diagnostic radiology. (2005 FA)</p>			
RAD-245	Image Analysis	2 (1-3-0)	S
Prerequisites:	RAD-211, RAD-231, RAD-241, RAD-251		
Corequisites:	RAD-261, RAD 271		
<p>This course provides an overview of image analysis and introduces methods of quality management. Topics include image evaluation, pathology, quality control, and quality assurance. Upon completion, students should be able to demonstrate a basic knowledge of image analysis and quality management. (2014 SP)</p>			

 CURRICULUM COURSE DESCRIPTIONS

RCP-113	RCP Pharmacology	2 (2-0-0)	S
Prerequisites:	None		
Corequisites:	None		
<p>This course covers the drugs used in the treatment of cardiopulmonary diseases. Emphasis is placed on the uses, actions, indications, administration, and hazards of pharmacological agents. Upon completion, students should be able to demonstrate competence through written evaluations. (1997 SU)</p>			
RCP-114	C-P Anatomy & Physiology	3 (3-0-0)	F
Prerequisites:	None		
Corequisites:	None		
<p>This course provides a concentrated study of cardiopulmonary anatomy and physiology essential to the practice of respiratory care. Emphasis is placed on cardiovascular and pulmonary physiology, acid/base balance, and blood gas interpretation. Upon completion, students should be able to demonstrate competence in these concepts through written evaluation. (2008 SP)</p>			
RCP-115	C-P Pathophysiology	2 (2-0-0)	SS
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces the etiology, pathogenesis, and physiology of cardiopulmonary diseases and disorders. Emphasis is placed on clinical signs and symptoms along with diagnoses, complications, prognoses, and management. Upon completion, students should be able to demonstrate competence in these concepts through written evaluations. (1998 SP)</p>			
RCP-169	RCP Clinical Apps I	11 (0-0-33)	F
Prerequisites:	None		
Corequisites:	RCP-210		
<p>This course provides a variety of clinical experience. Emphasis is placed on therapeutic and diagnostic patient management. Upon completion, students should be able to demonstrate clinical competence in required performance evaluations. (1997 SU)</p>			
RCP-210	Critical Care Concepts	4 (3-3-0)	SS
Prerequisites:	RCP-111		
Corequisites:	None		
<p>This course provides further refinement of acute patient care and underlying pathophysiology. Topics include a continuation in the study of mechanical ventilation, underlying pathophysiology, and introduction of critical care monitoring. Upon completion, students should be able to demonstrate competence in concepts and procedures through written and laboratory evaluations. (1997 SU)</p>			
RCP-211	Adv Monitoring/Procedures	4 (3-3-0)	F
Prerequisites:	RCP-210		
Corequisites:	None		
<p>This course includes advanced information gathering and decision making for the respiratory care professional. Topics include advanced cardiac monitoring and special procedures. Upon completion, students should be able to evaluate, design, and recommend appropriate care plans through written and laboratory evaluations. (1997 SU)</p>			

RCP-213 Neonatal/Ped's Concepts 2 (2-0-0) S

Prerequisites: RCP-111

Corequisites: None

This course provides in-depth coverage of the concepts of neonatal and pediatric respiratory care. Emphasis is placed on neonatal and pediatric pathophysiology and on the special therapeutic needs of neonates and children. Upon completion, students should be able to demonstrate competence in these concepts through written evaluations. (1997 SU)

RCP-269 RCP Clinical Apps II 11 (0-0-33) S

Prerequisites: None

Corequisites: RCP-210

This course is a continuation of RCP 169 and provides a variety of clinical experience. Emphasis is placed on therapeutic and diagnostic patient management. Upon completion, students should be able to demonstrate clinical competence in required performance evaluations. (1997 SU)

RCT Race Car Technology

RCT-110 Introduction to Racing 2 (2-0) AND

Prerequisites: None

Corequisites: None

This course covers safe working practices for the shop and race track environments, various types of racing, race vehicles, and organizations that sponsor events. Topics include circle track racing, drag racing, road racing on asphalt and dirt, knowledge and personal motivation, and safety in the racing environment. Upon completion, students should demonstrate knowledge of the professional aspects of racing. (2008 FA)

RCT-112 Race Car Dynamics 2 (2-0) AND

Prerequisites: None

Corequisites: None

This course covers the physical principles of race vehicle dynamics. Emphasis is placed on principles of controlling a vehicle's performance through various design and adjustment techniques that positively affect acceleration, traction, weight transfer, and aerodynamics. Upon completion, students should be able to describe how the physics of race car dynamics affects decisions about function, operation, design, and adjustments. (2009 SP)

RCT-258 Drag Race Veh/Track Prep 3 (2-3) AND

Prerequisites: None

Corequisites: None

This course introduces students to the overall drag racing process, from vehicle preparation to preparing the track surface. Topics include set-up and adjustment to power train/driveline components, track surfaces, track measuring/timing devices, and crew member responsibilities before and during the racing event. Upon completion, students should be able to prepare a drag racing vehicle and track surface, and possess a good understanding of the drag racing process. (2009 SP)

 CURRICULUM COURSE DESCRIPTIONS

RCT-260 Race Veh Data Acquisition 2 (1-3) AND

Prerequisites: None

Corequisites: None

This course covers the various sensors and computer systems used in the collection of race vehicle data that is crucial for success in professional motorsports. Topics include data acquisition/collection systems, throttle controls, sensors, gauges, and actuators. Upon completion, students should be able to select and install race vehicle data systems, and collect and analyze data to enhance vehicle performance. (2009 SP)

REL Religion

REL-110 World Religions 3 (3-0) FS SS

Prerequisites: None

Corequisites: None

This course introduces the world's major religious traditions. Topics include Primal religions, Hinduism, Buddhism, Islam, Judaism, and Christianity. Upon completion, students should be able to identify the origins, history, beliefs, and practices of the religions studied. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

REL-211 Intro to Old Testament 3 (3-0) FS SS

Prerequisites: None

Corequisites: None

This course is a survey of the literature of the Hebrews with readings from the law, prophets, and the writings. Emphasis is placed on the use of literary, historical, archeological, and cultural analysis. Upon completion, students should be able to use the tools of critical analysis to read and understand Old Testament literature. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

REL-212 Intro to New Testament 3 (3-0) FS

Prerequisites: None

Corequisites: None

This course is a survey of the literature of first-century Christianity with readings from the gospels, Acts, and the Pauline and pastoral letters. Topics include the literary structure, audience, and religious perspective of the writings, as well as the historical and cultural context of the early Christian community. Upon completion, students should be able to use the tools of critical analysis to read and understand New Testament literature. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.
- Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.

REL-221 Religion in America 3 (3-0) AND

Prerequisites: None

Corequisites: None

This course is an examination of religious beliefs and practice in the United States. Emphasis is placed on mainstream religious traditions and non-traditional religious

movements from the Colonial period to the present. Upon completion, students should be able to recognize and appreciate the diversity of religious traditions in America. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Humanities/Fine Arts Gen. Ed. course for A.A. and A.S.*
- *Humanities/Fine Arts Gen. Ed. course for A.A.S. and A.G.E.*

SAB Substance Abuse

SAB-110 Substance Abuse Overview 3 (3-0) F

Prerequisites: None

Corequisites: None

This course provides an overview of the core concepts in substance abuse and dependence. Topics include the history of drug use/abuse, effects on societal members, treatment of addiction, and preventive measures. Upon completion, students should be able to demonstrate knowledge of the etiology of drug abuse, addiction, prevention, and treatment. (1997 SU)

SAB-120 Intake and Assessment 3 (3-0) S

Prerequisites: None

Corequisites: None

This course develops processes for establishment of client rapport, elicitation of client information on which therapeutic activities are based, and stimulation of client introspection. Topics include diagnostic criteria, functions of counseling, nonverbal behavior, collaterals and significant others, dual diagnosis, client strengths and weakness, uncooperative clients, and crisis interventions. Upon completion, students should be able to establish communication with clients, recognize disorders, obtain information for counseling, and terminate the counseling process. *This course is a unique concentration requirement of the Substance Abuse concentration in the Human Services Technology program. (1997 SU)*

SAB-125 SA Case Management 3 (2-2) SS

Prerequisites: None

Corequisites: None

This course provides case management activities, including record keeping, recovery issues, community resources, and continuum of care. Emphasis is placed on establishing a systematic approach to monitor the treatment plan and maintain quality of life. Upon completion, students should be able to assist clients in the continuum of care as an ongoing recovery process and develop agency networking. *This course is a unique concentration requirement of the Substance Abuse concentration in the Human Services Technology program. (2010 SP)*

SAB-135 Addictive Process 3 (3-0) F

Prerequisites: None

Corequisites: None

This course explores the physical, emotional, psychological, and cultural aspects of the addictive process. Emphasis is placed on addictions to food, sex, alcohol, drugs, work, gambling, and relationships. Upon completion, students should be able to identify the effects, prevention strategies, and treatment methods associated with addictive disorders. (2008 SP)

 CURRICULUM COURSE DESCRIPTIONS

SGD-112	SGD Design	3 (2-3)	F
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces the fundamentals of simulation and game design. Topics include industry standards and design elements for simulations and games. Upon completion, students should be able to design simple simulations and/or games. (2006 SP)</p>			
SGD-113	SGD Programming	3 (2-3)	F
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces the fundamentals of programming languages and tools employed in simulation and game development. Emphasis is placed on programming concepts used to create simulations and games. Upon completion, students should be able to program simple games and/or simulations. (2006 SP)</p>			
SGD-114	3D Modeling	3 (2-3)	S
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces the tools required to create three dimensional (3D) models. Emphasis is placed on exploring tools used to create 3D models. Upon completion, students should be able to create and animate 3D models using 3D modeling tools. (2006 SP)</p>			
SGD-116	Graphic Design Tools	3 (2-2)	AND
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces students to computer-based graphic design tools and their use within the context of simulation and game design. Topics include texture creation, map creation, and introduction to advanced level graphic design techniques. Upon completion, students should be able to competently use and explain industry-standard graphic design software. (2009 SP)</p>			
SGD-117	Art for Games	3 (2-3)	AND
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces students to the basic principles of art and how they apply to simulations and games. Emphasis is placed on learning to develop industry quality concept art for characters and other assets, as well as techniques needed to create such art. Upon completion, students should be able to create their own industry standard concept art for use in SGD projects. (2009 SP)</p>			
SGD-159	SGD Production Management	3 (3-0)	AND
Prerequisites:	None		
Corequisites:	None		
<p>This course introduces the techniques and methods used in interactive game production and how to manage a project. Emphasis is placed on scheduling, production plans, marketing and budgeting. Upon completion, students should be able to manage a team, track production, and understand the process of project management. (2007 SU)</p>			

SGD-162	SG 3D Animation	3 (2-3)	S
Prerequisites:	None		
Corequisites:	None		
This course introduces the fundamental principles of 3D animation used in simulation and game development. Emphasis is placed on a historical survey of 3D animation, aspects of the 3D animation process and 3D animation techniques. Upon completion, students should be able to produce 3D character sketches, morph simple objects, create walk and run cycles and develop professional storyboards. (2006 SP)			
SGD-163	SG Documentation	3 (2-3)	AND
Prerequisites:	None		
Corequisites:	None		
This course introduces the techniques and methods used to create simulation and game production and design documents. Emphasis is placed on the design document to include scheduling, production plans, marketing and budgeting. Upon completion, students should be able to create design and produce documents for any simulation or game. (2006 SP)			
SGD-167	SG Ethics	3 (3-0)	AND
Prerequisites:	None		
Corequisites:	None		
This course introduces principles of philosophy and ethics as they relate to simulation and game development. Topics include moral philosophy and ethics. Upon completion, students should be able to discuss philosophical and ethical issues related to simulation and game development. (2006 SP)			
SGD-171	Flash SG Programming	3 (2-3)	AND
Prerequisites:	None		
Corequisites:	None		
This course introduces the Flash programming environment for use in simulation and game development. Topics include timeline effects, extensibility layers, alias text, globalization tools, ActionScript and lingo programming. Upon completion, students should be able to create a simple simulation or game using Flash. (2006 SP)			
SGD-174	SG Level Design	3 (2-3)	F
Prerequisites:	None		
Corequisites:	None		
This course introduces the tools used to create levels for real-time simulations and games. Topics include level design, architecture theory, modeling for 3D engines and texturing methods. Upon completion, students should be able to design simple levels using industry standard tools. (2006 SP)			
SGD-212	SGD Design II	3 (2-3)	S
Prerequisites:	SGD-112		
Corequisites:	None		
The course covers the advanced principles of simulation and game design. Topics include advanced design concepts in simulation and game development. Upon completion, students should be able to design an advanced simulation or game. (2006 SP)			

 CURRICULUM COURSE DESCRIPTIONS

SGD-213 **SGD Programming II** **3 (2-3)** **F**

Prerequisites: **SGD-113, CSC-134, CSC-151 or CSC-153**

Corequisites: **None**

This course covers advanced programming concepts used to create simulations and games. Emphasis is placed on acquiring advanced programming skills for use in creating simulations and games. Upon completion, students should be able to program an advanced simulation or game. (2012 SP)

SGD-214 **3D Modeling II** **3 (2-3)** **F**

Prerequisites: **SGD-114**

Corequisites: **None**

This course introduces the tools used to create and animate advanced 3 dimensional models. Emphasis is placed on identifying and utilizing the tools required to create and animate advanced 3D models. Upon completion, students should be able to create and animate advanced 3D models using 3D modeling tools. (2006 SP)

SGD-274 **SG Level Design II** **3 (2-3)** **S**

Prerequisites: **SGD-174**

Corequisites: **None**

This course introduces the advanced tools used to create levels for real-time simulations and games. Topics include advanced level design and architecture theory, concepts related to “critical path” and “flow,” game balancing, playtesting and storytelling. Upon completion, students should be able to design complex levels using industry standard tools. (2006 SP)

SGD-285 **SG Software Engineering** **3 (2-3)** **S**

Prerequisites: **SGD-212, SGD-213, or SGD-214**

Corequisites: **None**

This course introduces object oriented software engineering concepts related to simulation and game development. Topics include systematic approaches to the development, operation and maintenance of simulations and games. Upon completion, students should be able to apply software engineering techniques to the development of simulations and games. (2009 FA)

SGD-289 **SGD Project** **3 (2-3)** **SS**

Prerequisites: **SGD-212, SGD-213, SGD-214, or SGD-285**

Corequisites: **None**

This course provides students with the opportunity to create a functional simulation or game with minimal instructor support. Emphasis is placed upon verbal and written communication, skill documentation, professional presentation and user training. Upon completion, students should be able to create and professionally present a fully functional simulation or game. (2009 FA)

SOC Sociology

SOC-210 **Introduction to Sociology** **3 (3-0)** **FS SS**

Prerequisites: **ENG-075 or DRE-096**

Corequisites: **None**

This course introduces the scientific study of human society, culture, and social interactions. Topics include socialization, research methods, diversity and inequality, cooperation and conflict, social change, social institutions, and organizations. Upon

completion, students should be able to demonstrate knowledge of sociological concepts as they apply to the interplay among individuals, groups, and societies. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- UGETC course for A.A., A.E., and A.S.
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

SOC-213 Sociology of the Family 3 (3-0) FS SS

Prerequisites: **ENG-085 or DRE-097**

Corequisites: **None**

This course covers the institution of the family and other intimate relationships. Emphasis is placed on mate selection, gender roles, sexuality, communication, power and conflict, parenthood, diverse lifestyles, divorce and remarriage, and economic issues. Upon completion, students should be able to analyze the family as a social institution and the social forces which influence its development and change. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

SOC-220 Social Problems 3 (3-0) FS SS

Prerequisites: **ENG-085 or DRE-097**

Corequisites: **None**

This course provides an in-depth study of current social problems. Emphasis is placed on causes, consequences, and possible solutions to problems associated with families, schools, workplaces, communities, and the environment. Upon completion, students should be able to recognize, define, analyze, and propose solutions to these problems. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

SOC-225 Social Diversity 3 (3-0) AND

Prerequisites: **ENG-085 or DRE-097**

Corequisites: **None**

This course provides a comparison of diverse roles, interests, opportunities, contributions, and experiences in social life. Topics include race, ethnicity, gender, sexual orientation, class, and religion. Upon completion, students should be able to analyze how cultural and ethnic differences evolve and how they affect personality development, values, and tolerance. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*
- *Social/Behavioral Science Gen. Ed. course for A.A.S. and A.G.E.*

SOC-230 Race and Ethnic Relations 3 (3-0) AND

Prerequisites: **ENG-085 or DRE-097**

Corequisites: **None**

This course includes an examination of the various aspects of race and ethnicity and how these lead to different experiences, opportunities, problems, and contributions. Topics include prejudice, discrimination, perceptions, myths, stereotypes, and intergroup relationships. Upon completion, students should be able to identify and analyze relationships among racial and ethnic groups within the larger society. (1997 SU) *This course has been approved to satisfy the following requirement(s):*

- *Social/Behavioral Science Gen. Ed. course for A.A. and A.S.*

SST Sustainability Technologies

SST-140 Green Building & Design Concepts 3 (3-0) F

Prerequisites: None

Corequisites: None

This course is designed to introduce the student to sustainable building design and construction principles and practices. Topics include sustainable building rating systems and certifications, energy efficiency, indoor environmental quality, sustainable building materials and water use. Upon completion, students should be able to identify the principles and practices of sustainable building design and construction. (2013 FA)

SUR Surgery

Admission to the Surgical Technology program is required before enrolling in SUR courses.

SUR-110 Intro to Surg Tech 3 (3-0-0) F

Prerequisites: None

Corequisites: SUR-111

This course provides a comprehensive study of peri-operative care, patient care concepts, and professional practice concepts within the profession of surgical technology. Topics include: introductory concepts, organizational structure and relationships, legal, ethical and moral issues, medical terminology, pharmacology, anesthesia, wound healing management concepts, and the technological sciences. Upon completion, students should be able to apply theoretical knowledge of the course topics to the practice of surgical technology. (2012 SP)

SUR-111 Periop Patient Care 7 (5-6-0) F

Prerequisites: None

Corequisites: SUR-110

This course provides the surgical technology student the theoretical knowledge required to function in the pre-operative, intra-operative, and post-operative role. Topics include asepsis, disinfection and sterilization, physical environment, instrumentation, equipment, peri-operative patient care, and peri-operative case management. Upon completion, students should be able to apply the principles and practice of the peri-operative team member to the operative environment. (2012 SP)

SUR-122 Surgical Procedures I 6 (5-3-0) S

Prerequisites: SUR-110, SUR-111

Corequisites: SUR-123

This course provides an introduction to selected basic and intermediate surgical specialties that students are exposed to the first clinical rotation. Emphasis is placed on related surgical anatomy, pathology, and procedures that enhance theoretical knowledge of patient care, instrumentation, supplies, and equipment. Upon completion, students should be able to correlate, integrate, and apply theoretical knowledge of the course topics to the clinical operative environment. (2016 SP)

 CURRICULUM COURSE DESCRIPTIONS

SUR-123	Surg Clinical Practice I	7 (0-0-21)	S
Prerequisites:	SUR-110 and SUR-111		
Corequisites:	SUR-122		
<p>This course provides clinical experience with a variety of perioperative assignments to build upon skills learned in SUR-111. Emphasis is placed on the scrub and circulating roles of the surgical technologist including aseptic technique and basic case preparation for selected surgical procedures. Upon completion, students should be able to prepare, assist with, and dismantle basic surgical cases in both the scrub and circulating roles. (1997 SU)</p>			
SUR-134	Surgical Procedures II	5 (5-0-0)	SS
Prerequisites:	SUR-123		
Corequisites:	SUR-135 and SUR-137		
<p>This course provides a comprehensive study of intermediate and advanced surgical specialties that students are exposed to in the second clinical rotation. Emphasis is placed on related surgical anatomy, pathology, and procedures that enhance theoretical knowledge of patient care, instrumentation, supplies, and equipment. Upon completion, students should be able to correlate, integrate, and apply theoretical knowledge of the course topics to the clinical operative environment. (2016 SP)</p>			
SUR-135	SUR Clinical Practice II	4 (0-0-12)	SS
Prerequisites:	SUR-123		
Corequisites:	SUR-134 and SUR-137		
<p>This course provides clinical experience with a variety of perioperative assignments to build skills required for complex perioperative patient care. Emphasis is placed on greater technical skills, critical thinking, speed, efficiency, and autonomy in the operative setting. Upon completion, students should be able to function in the role of an entry-level surgical technologist. (2010 FA)</p>			
SUR-137	Prof Success Prep	1 (1-0-0)	SS
Prerequisites:	SUR-123		
Corequisites:	SUR-134 and SUR-135		
<p>This course provides employability skills and an overview of theoretical knowledge in preparation for certification. Topics include test-taking strategies, resume preparation, interviewing strategies, communication skills, and teamwork concepts. Upon completion, students should be able to prepare a resume, demonstrate appropriate interview techniques, and identify strengths and weaknesses in preparation for certification. (2012 SP)</p>			
SUR-210	Adv SUR Clinical Practice	2 (0-0-6)	S
Prerequisites:	SUR-137		
Corequisites:	SUR-211		
<p>This course is designed to provide individualized experience in advanced practice, education, circulating, and managerial skills. Emphasis is placed on developing and demonstrating proficiency in skills necessary for advanced practice. Upon completion, students should be able to assume leadership roles in a chosen specialty area. (2010 FA)</p>			

SUR-211 Adv Theoretical Concepts 2 (2-0-0) S

Prerequisites: SUR-137

Corequisites: SUR-210

This course covers theoretical knowledge required for extension of the surgical technologist role. Emphasis is placed on advanced practice in complex surgical specialties, educational methodologies, and managerial skills. Upon completion, students should be able to assume leadership roles in a chosen specialty area. (2010 FA)

TRF Turfgrass Management

TRF-110 Intro Turfgrass Cult & ID 4 (3-2) S

Prerequisites: LSG-111, LSG-121, MAT-110

Corequisites: None

This course covers the principles of reproduction, growth development, species characteristics, establishment and maintenance of golf courses and sports fields, and lawns. Topics include principles of reproduction, growth development, species characteristics, establishment and maintenance of golf courses and sports fields, and lawn applications. Upon completion, students should be able to identify turfgrass species and develop an establishment and maintenance plan for high quality turf areas in accordance with sustainable practices. (2013 FA)

TRF-120 Turfgrass Irrigat & Design 4 (2-4) F

Prerequisites: MAT-110, TRF-110

Corequisites: WBL-131, TRF-260

This course covers the basic techniques involved in the design, layout, installation, and use of water-wise turfgrass irrigation systems. Topics include types of irrigation systems, components of the systems, materials available for use, and economic considerations. Upon completion, students should be able to complete a functional design for a turfgrass irrigation system according to sustainable practices. (2013 FA)

TRF-130 Native Flora ID 2 (1-3) S

Prerequisites: None

Corequisites: None

This course covers identification of selected native ground covers and woodland trees by summer and/or winter characteristics. Emphasis is placed on mature age, fall colors, site adaptability, and habit of growth for special turf-related areas. Upon completion, students should be able to identify native plants by size and leaf, bud, twig, and limb formation. *Emphasis will be placed on plant selection for the golf course.* (1997 SU)

TRF-230 Turfgrass Mgmt Apps 2 (1-2) F

Prerequisites: ENG-112 or ENG-114; HOR-166, MAT-110

Corequisites: WBL-131, GCM-230

This course introduces specific sports field design, installation, and maintenance. Topics include natural grass croquet courts and baseball, soccer, and football fields. Upon completion, students should be able to perform specific tasks in layout, field marking, and preparing for tournament play. *Major emphasis will be placed on golf courses.* (1997 SU)

 CURRICULUM COURSE DESCRIPTIONS

TRF-260 Adv Turfgrass Mgmt 4 (3-2) F
Prerequisites: ENG-112 or ENG-114; TRF-110
Corequisites: GCM-230

This course covers the principles and practices involved in turfgrass management. Topics include choosing the best management practice in mowing, pest control, fertilization, irrigation, traffic control, air control, budgeting, and materials procurement. Upon completion, students should be able to demonstrate knowledge of the principles covered and select and apply the best practices in turfgrass management. (1997 SU)

TRN Transportation Technology

TRN-110 Intro to Transport Tech 2 (1-2) FS
Prerequisites: None
Corequisites: None

This course covers workplace safety, hazardous materials, environmental regulations, hand tools, service information, basic concepts, vehicle systems, and common transportation industry terminology. Topics include familiarization with major vehicle systems, proper use of various hand and power tools, material safety data sheets, and personal protective equipment. Upon completion, students should be able to demonstrate appropriate safety procedures, identify and use basic shop tools, and describe government regulations regarding transportation repair facilities. (2013 FA)

TRN-120 Basic Transp Electricity 5 (4-3) FS
Prerequisites: None
Corequisites: None

This course covers basic electrical theory, wiring diagrams, test equipment, and diagnosis, repair and replacement of batteries, starters, and alternators. Topics include Ohm's Law, circuit construction, wiring diagrams, circuit testing, and basic troubleshooting. Upon completion, students should be able to properly use wiring diagrams, diagnose, test, and repair basic wiring, battery, starting, charging, and electrical concerns. (2013 FA)

TRN-130 Intro to Sustainable Transp 3 (2-2) S
Prerequisites: None
Corequisites: None

This course provides an overview of alternative fuels and alternative fuel vehicles. Topics include composition and use of alternative fuels including compressed natural gas, biodiesel, ethanol, hydrogen, and synthetic fuels, hybrid/electric, and vehicles using alternative fuels. Upon completion, students should be able to identify alternative fuel vehicles, explain how each alternative fuel delivery system operates, and perform minor repairs. (2013 FA)

TRN-140 Transp Climate Control 2 (1-2) S SS
Prerequisites: None
Corequisites: None

This course covers the theory of refrigeration and heating, electrical/electronic/pneumatic controls, and diagnosis and repair of climate control systems. Topics include diagnosis and repair of climate control components and systems, recovery/recycling of refrigerants, and safety and environmental regulations.

Upon completion, students should be able to diagnose and repair vehicle climate control systems. (2013 FA)

TRN-140A Transp Climate Cont Lab 2 (1-2) S SS
Prerequisites: None
Corequisites: TRN-140

This course provides experiences for enhancing student skills in the diagnosis and repair of transportation climate control systems. Emphasis is placed on reclaiming, recovery, recharging, leak detection, climate control components, diagnosis, air conditioning equipment, tools and safety. Upon completion, students should be able to describe the operation, diagnose, and safely service climate control systems using appropriate tools, equipment, and service information. (2013 FA)

TRN-180 Basic Welding for Transp 3 (1-4) AND
Prerequisites: None
Corequisites: None

This course covers the terms and procedures for welding various metals used in the transportation industry with an emphasis on personal safety and environmental health. Topics include safety and precautionary measures, setup/operation of MIG equipment, metal identification methods, types of welds/joints, techniques, inspection methods, cutting processes and other related issues. Upon completion, students should be able to demonstrate a basic knowledge of welding operations and safety procedures according to industry standard. (2013 FA)

WBL Work-Based Learning

WBL-110 AUT World of Work 1 (1-0) AND
Prerequisites: None
Corequisites: None

This course covers basic knowledge necessary for gaining and maintaining employment. Topics include job search skills, work ethic, meeting employer expectations, workplace safety, and human relations. Upon completion, students should be able to successfully make the transition from school to work. (2014 FA)

WBL-110 AUB World of Work 1 (1-0) AND
Prerequisites: None
Corequisites: None

This course covers basic knowledge necessary for gaining and maintaining employment. Topics include job search skills, work ethic, meeting employer expectations, workplace safety, and human relations. Upon completion, students should be able to successfully make the transition from school to work (2014 FA)

WBL-110 GCM World of Work 1 (1-0) F
Prerequisites: None
Corequisites: None

This course covers basic knowledge necessary for gaining and maintaining employment. Topics include job search skills, work ethic, meeting employer expectations, workplace safety, and human relations. Upon completion, students should be able to successfully make the transition from school to work (2014 FA)

 CURRICULUM COURSE DESCRIPTIONS

WBL-111 AUT Work-Based Learning I 1 (0-10) AND

Prerequisites: None

Corequisites: None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. (2014 FA)

WBL-111 AUB Work-Based Learning I 1 (0-10) AND

Prerequisites: None

Corequisites: None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. (2014 FA)

WBL-111 BPA Work-Based Learning I 1 (0-10) F

Prerequisites: None

Corequisites: None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. (2014 FA)

WBL-111 CJC Work-Based Learning I 1 (0-10) SS

Prerequisites: ENG-085 or DRE-097; CJC-241, CJC-132, CJC-141, or CJC-121

Corequisites: WBL-115

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. *Students should plan their prerequisite course based upon where they plan to complete their co-op work: CJC-132, Courthouse; CJC-141, Department of Corrections; CJC-121, Law Enforcement Agency; CJC-241, Community Corrections.* (2014 FA)

WBL-111 COS Work-Based Learning I 1 (0-10) FS SS

Prerequisites: None

Corequisites: WBL-115

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. This course provides the internship work experience for cosmetology students specified by the North Carolina Board of Cosmetic Art and all requirements for enrollment must be fulfilled prior to enrolling in this class. (2014 FA)

WBL-111 CUL Work-Based Learning I 2 (0-10) F

Prerequisites: None

Corequisites: None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. (2014 FA)

WBL-111 GCM Work-Based Learning I 1 (0-10) S

Prerequisites: ENG-111, LSG-121

Corequisites: HOR-166

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. Approved situations will include golf courses within ten (10) miles of Sandhills Community College. (2014 FA)

WBL-111 HRM Work-Based Learning I 1 (0-10) F

Prerequisites: None

Corequisites: None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. (2014 FA)

WBL-111 HST Work-Based Learning I 1 (0-10) FS SS

Prerequisites: HSE-110, HSE-123, PSY-150, SOC-210

Corequisites: WBL-115

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. (2014 FA)

WBL-111 IS Work-Based Learning I 1 (0-10) AND

Prerequisites: None

Corequisites: WBL-115

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. (2014 FA)

 CURRICULUM COURSE DESCRIPTIONS

WBL-111 LSG Work-Based Learning I **1 (0-10)** **S**
Prerequisites: LSG-111, LSG-121, MAT-110
Corequisites: LSG-122, TRF-110, HOR-134

This course provides work experience at Sandhills Horticultural Gardens under the supervision of the SCC faculty in areas related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. Students will be assigned projects in college greenhouses and on campus property. (2014 FA)

WBL-111 MTH Work-Based Learning I **1 (0-10)** **AND**
Prerequisites: None
Corequisites: None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. (2014 FA)

WBL-111 PSF Work-Based Learning I **1 (0-10)** **F**
Prerequisites: None

 CURRICULUM COURSE DESCRIPTIONS

WBL-214 GCM Work-Based Learning IV **4 (0-40)** **S**

Prerequisites: None

Corequisites: None

This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies. (2014 FA)

WEB Web Technologies

WEB-110 Internet/Web Fundamentals **3 (2-2)** **FS**

Prerequisites: None

Corequisites: None

This course introduces World Wide Web Consortium (W3C) standard markup language and services of the Internet. Topics include creating Web pages, search engines, FTP, and other related topics. Upon completion, students should be able to deploy a hand-coded website created with mark-up language, and effectively use and understand the function of search engines. (2008 FA)

WEB-111 Intro to Web Graphics **3 (2-2)** **S**

Prerequisites: GRD-151

Corequisites: None

This course introduces the creation of Web graphics, and addressing problems peculiar to WWW display using appropriate software. Topics include Web graphics file types, optimization, RGB color, Web typography, elementary special effects, transparency, animation, slicing, basic photo manipulation, and other related topics. Upon completion, students should be able to create graphics, such as animated banners, buttons, backgrounds, logos, and manipulate photographic images for Web delivery. (2010 SP)

WEB-115 Web Markup and Scripting **3 (2-2)** **S**

Prerequisites: WEB-110

Corequisites: None

This course introduces Worldwide Web Consortium (W3C) standard client-side Internet programming using industry-established practices. Topics include JavaScript, markup elements, stylesheets, validation, accessibility, standards, and browsers. Upon completion, students should be able to develop hand-coded Web pages using current markup standards. (2008 FA)

WEB-120 Intro to Internet Multimedia **3 (2-2)** **AND**

Prerequisites: None

Corequisites: None

This course introduces the creation of rich media for the Internet. Topics include the design, production and delivery of interactive content, rich media, digital video, and digital audio. Upon completion, students should be able to create multimedia projects incorporating graphics, text, video, and audio using industry standard authoring software or web standards. (2015 FA)

WEB-140	Web Development Tools	3 (2-2)	AND
Prerequisites:	WEB-115		
Corequisites:	None		
This course provides an introduction to Web development software suites. Topics include the creation of Web sites and applets using Web development software. Upon completion, students should be able to create entire Web sites and supporting applets. (2006 SP)			
WEB-151	Mobile Application Dev I	3 (2-2)	AND
Prerequisites:	DMA-010 through 040		
Corequisites:	None		
This course introduces students to programming technologies, design and development related to mobile applications. Topics include accessing device capabilities, industry standards, operating systems, and programming for mobile applications using an OS Software Development Kit (SDK). Upon completion, students should be able to create basic applications for mobile devices. (2011 FA)			
WEB-180	Active Server Pages	3 (2-2)	AND
Prerequisites:	None		
Corequisites:	None		
This course introduces active server programming. Topics include HTML forms processing and other issues related to developing active web applications. Upon completion, students should be able to create and maintain a dynamic website. (2016 FA)			
WEB-182	PHP Programming	3 (2-2)	AND
Prerequisites:	None		
Corequisites:	None		
This course introduces students to the server-side, HTML-embedded scripting language PHP. Emphasis is placed on programming techniques required to create dynamic web pages using PHP scripting language features. Upon completion, students should be able to design, code, test, debug, and create a dynamic web site using the PHP scripting language. (2016 FA)			
WEB-187	Prog for Mobile Devices	3 (2-2)	AND
Prerequisites:	None		
Corequisites:	None		
This course introduces content development for mobile electronic devices with a focus on business-related, social media, and entertainment applications. Emphasis is placed on developing web content and creating applications for mobile devices, including internet/business practices and techniques for delivery on mobile platforms. Upon completion, students should be able to develop web content and business or entertainment applications for use on mobile electronic devices. (2016 FA)			
WEB-210	Web Design	3 (2-2)	F
Prerequisites:	WEB-111 and WEB-115		
Corequisites:	None		
This course introduces intermediate to advanced Web design techniques. Topics include customer expectations, advanced markup language, multimedia technologies, usability and accessibility practices, and techniques for the evaluation of Web design.

Distinguished Professors

Since its inception, Sandhills Community College has been blessed to secure the long-term commitment of caring and dedicated faculty. Among that group,

these professors have achieved the rare distinction of serving the College in excess of thirty (30) years of full-time faculty service.

Such an achievement, and such a level of devotion to a single institution, is rare in any college or university, and Sandhills Community College has determined that such devotion should be recognized. Thus, the President of the College has bestowed upon the following faculty Distinguished Professor status in perpetuity. The professors are listed with their academic discipline.

Alex Cameron	<i>Automotive</i>
Sandhills Community College, Western Carolina University, NC State University	
Barbara Cole	<i>English and Humanities</i>
UNC at Greensboro	
Willie Gray Harris, Jr.	<i>Religion and Humanities</i>
High Point College, Southeastern Baptist Theological Seminary	
Timothy Howle	<i>Architectural Engineering</i>
Sandhills Community College	
Cynthia Kennedy	<i>Physical Fitness</i>
Appalachian State University, UNC Pembroke	
Richard N. Lewis, Jr.	<i>English and Humanities</i>
UNC at Chapel Hill	
John McInerney	<i>Mathematics</i>
Holy Cross College, UNC at Chapel Hill	
Judy McInerney	<i>Mathematics</i>
University of Chattanooga, UNC at Chapel Hill	
William Clifton Stuckey, III	<i>Fine Arts – Art</i>
East Carolina University	
Frances Wilson	<i>Fine Arts - Music</i>
Lenoir-Rhyne College, Appalachian State University	

Adjunct Faculty

Dr. Mamie Allen	<i>Developmental Education</i>
Marsha Apke	<i>Mathematics</i>
Mike Apple	<i>Mathematics</i>
Oluwunmi Ariyo	<i>English and Humanities</i>
Michael Bachman	<i>Health Sciences</i>
Dr. Robin Bairley	<i>Science</i>
Angela Ball	<i>Physical Education</i>
Gail Barget	<i>Nursing</i>
Kym Barker	<i>Social & Behavioral Sciences</i>
Rosemary Barker	<i>Mathematics</i>
Indrayani Battle	<i>Social & Behavioral Sciences</i>
Sara Bell	<i>English and Humanities</i>
Jackie Boron	<i>Management & Business Technologies</i>
Susan Boulton	<i>Health Sciences</i>

COLLEGE PERSONNEL

Gwen Bratcher.....	<i>Health Sciences</i>
Suzanna Bryant.....	<i>Mathematics, Developmental Education</i>

Rodney Lane.....	Engineering Technologies
Marc Leake.....	Social & Behavioral Sciences
Larry Little.....	Management & Business Technologies
Marciarose Long	English & Humanities
Heather Lyons	Social & Behavioral Sciences
Kathy Macaulay	Science
Joe Mancos	Health Sciences
Adam Matthews	Physical Education
Janna May.....	Health Sciences
Dr. Carmen McCann	Fine Arts
Dorothy McFadden	Nursing
Dr. Rufus McLean	Science
Lindsay McManamon	Engineering Technologies
Lisa Michno.....	Public Service
Lindsay Miller	English and Humanities
Teena Mitchell.....	Nursing
Antoinette Morello	Mathematics
Carol Mulcahy	Nursing
John Neiswender	Mathematics
Stephany Newberry-Davis.....	English and Humanities
Sandra Oakley	Nursing
Gayle Parker	English and Humanities
Dr. Robert Patrick	Social & Behavioral Sciences
Sarah Peterson	Health Sciences
Janae Poe	Developmental Education
Wendy Powers.....	Cosmetology
Allison Pozezanac	English and Humanities
Allison Metro	English & Humanities
Dr. Cynthia Reeves	English & Humanities, Social & Behavioral Sciences
Diane Reynolds	Public Service
Todd Richter.....	Culinary and Pastry Arts
Imogene Roper	Nursing
Robin Rourke	Computer Technologies
Carol Sayre	Social & Behavioral Sciences
John Sayre	Social & Behavioral Sciences
Lynn Sazama	Nursing
Cindy Scheib-Novosel	Nursing
Les Scott	Mathematics
Grant Shymske	English and Humanities
Dr. Kyle Siddons.....	Fine Arts
Eileen Sikinger	Nursing

 COLLEGE PERSONNEL

Heather Silvas	<i>English and Humanities</i>
Kachina Singletary	<i>Developmental Education</i>
Pamela Smith	<i>Nursing</i>
Mary Socha	<i>Nursing</i>
Jean Squier	<i>Mathematics</i>
Amanda Steed	<i>Nursing</i>
Lisha Steed	<i>Nursing</i>
Court Stewart	<i>Fine Arts</i>
Kris Terry	<i>Nursing</i>
Karen Tharrington	<i>English and Humanities</i>
Jason Thomas	<i>Computer Technologies</i>
Robert Thome	<i>Social & Behavioral Sciences</i>
George Thompson	<i>Engineering Technologies</i>
Kathryn Thwaites	<i>Management & Business Technologies</i>
Denise Twyford	<i>English and Humanities</i>
Christy Weaver	<i>Physical Education</i>
Beverly Williams	<i>Cosmetology</i>
Rachel Williams	<i>Health Sciences</i>
Molly Wilson	<i>Nursing</i>
Faydra Womble	<i>English and Humanities</i>
Heather Zerbel	<i>Nursing</i>

Athletics

Aaron Denton	<i>Athletic Director</i>
Alicia Riggan	<i>Assistant Athletic Director</i>

Audio Visual/Campus Services

Steve Melone	<i>Director of Auditorium and Audio Visual Services</i>
Chris Waldrop	<i>Audio Visual Technical Specialist</i>
Regina M. Ritter	<i>Telecommunications Services Coordinator</i>
Daniel Shea	<i>Printing Services Coordinator</i>
Tara Taylor	<i>Receptionist/Switchboard Operator</i>
Charlotte Tomeski	<i>Receptionist/Switchboard Operator</i>

Buildings and Grounds Maintenance

Douglas Smith	<i>Facilities Director</i>
Kenneth Dowdy	<i>Construction and Safety Coordinator</i>
Charla Matthews	<i>Administrative Assistant</i>
Vernon Morrison	<i>Safety Coordinator</i>
Ellen Spencer	<i>Office Coordinator</i>

DAY STAFF

Jeremy Beal	<i>General Maintenance</i>
Jonathan Black	<i>General Maintenance</i>

George Bridschge.....	<i>General Maintenance</i>
Eddie Brown.....	<i>Grounds Maintenance</i>
Randall Burns	<i>HVAC Electrical Technician</i>
Thomas Burns	<i>Grounds Maintenance</i>
David Clevenger	<i>Maintenance Technician/HVAC/Electrical</i>
John Drybeard	<i>HVAC Technician</i>
J.P. Easterly	<i>General Maintenance</i>
Steven Garner	<i>Structural Supervisor</i>
Dennis Holder	<i>Grounds Supervisor</i>
Daniel Kennedy.....	<i>Grounds Maintenance</i>
Kenneth F. Locklear	<i>Custodian</i>
Lee Short.....	<i>Fleet Mechanic</i>
Howard Threatt	<i>Mail/Shipping/Receiving Clerk</i>
Phillip Williams	<i>Housekeeping Supervisor</i>

EVENING STAFF

David Horton.....	<i>Custodian</i>
Curtis L. McLeod	<i>Evening Operations Supervisor</i>
Ricky Stephens	<i>Custodian</i>

Business Office and Finance

Elizabeth Thomas	<i>Chief Financial Officer</i>
Joe Brown	<i>Director of Finance and Student Accounts</i>
Portia F. Clark	<i>Accounts Payable Specialist</i>
Royilyn Derr	<i>Purchasing Specialist</i>
Rachel T. Gagliardi	<i>Payroll Accountant</i>
Rhonda Gamble	<i>Director of Business Services</i>
Marla Goodwin	<i>Inventory Control Specialist</i>
Stephanie Lang	<i>Accounts Receivable Specialist</i>
Melissa Sherman	<i>Accounts Payable/Receivable Specialist</i>
Pam Taylor	<i>Cash Receipts Specialist</i>

Campus Police and Public Safety

Dwight Threet	<i>Director of Police and Public Safety</i>
Rick Bickel	<i>Emergency Preparedness/Campus Police Officer</i>
Joseph Steppe	<i>Crime Prevention Office/Campus Police Officer</i>

Continuing Education Division

Andi Korte.....	<i>Vice President for Continuing Education and Workforce Development</i>
Michelle Bauer	<i>Coordinator, Fire and Rescue Programs</i>
Kimberly Blue	<i>Director of Compliance and Accountability</i>
Amy Caliri.....	<i>Program Associate</i>
Denise Cameron	<i>Coordinator, Law Enforcement/EMS</i>
Maria Campbell	<i>Coordinator, ELA/Family Literacy</i>

COLLEGE PERSONNEL

Karen DeCata.....	<i>Transitions Coordinator, College and Career Readiness</i>
Lori Degre.....	<i>Coordinator of Career Training and Online Programs</i>
Alan Duncan	<i>Dean for Business and Industry Services</i>
Rose George.....	<i>Program Associate, Business and Industry Services</i>
Anna Harrington.....	<i>High School Equivalency (HSE) Test Administrator</i>
Rose Highland-Sharpe	<i>Recruiter, College and Career Readiness</i>
Jason Levister	<i>Registrar</i>
Tammi Maynor.....	<i>Coordinator, College and Career Readiness</i>
Belinda McFerrin.....	<i>Coordinator, Trades Programs</i>
Sandy Perry.....	<i>Program Associate</i>
Teresa Reynolds ..	<i>Director of Creative Living, Technology and Professional Development</i>
Angie Swayne	<i>Coordinator, LEIS, College and Career Readiness</i>
Jenny Troyer	<i>Coordinator, Career Development Programs</i>
Meg Wilkins	<i>Program Associate, College and Career Readiness</i>
Lori Williams.....	<i>Director of Small Business Center</i>
Terrie Williams.....	<i>Administrative Assistant</i>

Distance Learning

Wendy Kauffman	<i>Director/Chair, Distance Learning</i>
Taylor McCaskill.....	<i>QEP Director</i>
Jaime McLeod	<i>Distance Learning Design Specialist</i>
Scott Robinson.....	<i>Associate Director, Distance Learning</i>

High School Liaisons

Kimberly Conyers	<i>Director of High School and College Relations, Hoke County</i>
Phyllis Dowdy	<i>Coordinator of High School Programs, Moore County</i>

Hoke County Center

Twana McKnight	<i>Dean of the Hoke Center</i>
Obie Blue	<i>Maintenance/Grounds Technician</i>
Marco Clark	<i>Instructor, College and Career Readiness</i>
Kimberly Conyers	<i>Director of High School & College Relations, Hoke County</i>
Jenny Freeman	<i>Instructor, Career Development (Hoke Correctional)</i>
Larry Grant	<i>Instructor, College and Career Readiness (Hoke Correctional)</i>
Dion Hice.....	<i>Campus Police Officer</i>
Rose Highland-Sharpe	<i>Recruiter, College and Career Readiness</i>
Tammi Maynor.....	<i>Coordinator, College and Career Readiness</i>
Rosa McAllister-McRae	<i>Director of Student Services Operations — Hoke County</i>
Sharon Parter	<i>Instructor, Nursing Assistant Program</i>
Diane Reynolds	<i>Program Associate</i>
Cindy White.....	<i>Campus Police Officer</i>

Human Resources

Wendy Dodson *Associate Vice President of Human Resources*
 Sheryl Comer *Human Resources Specialist*

Information Technology Services

Roderick B. Brower *Chief Information Officer*
 Billy Barber *Information Technology Analyst II*
 Jerry Brunson *CIS System Administrator*
 Bobby Henderson *Senior Network Administrator*
 Brandon Hussey *Information Technology Analyst I*
 Jonathan McLeod *Programmer Analyst/Project Manager*
 Chad Parrish *Web Developer/Content Strategist*
 Debi Ring *Data Analyst*
 Suzanne Via *Director of Technology Support*

Instructional Support

Lavada Alsbrook *Administrative Assistant for Distance Learning/Faculty Secretary*
 Emily Alston *Faculty Secretary*
 Traci Batson *Faculty Secretary*
 MaryLou Coffey *BLET Records Management Specialist*
 Teryl J. Dailey *Faculty Secretary*
 Jessica Locklear *Curriculum Associate - Curriculum*
 Patricia G. Mabe *Faculty Secretary*
 Cathy McLean *Faculty Secretary*
 Shalishah Russell *Coordinator of Tutoring, Disability, and Volunteer Services*
 Nicole Worley *Curriculum Associate - Instruction*

Landscape Gardening Support

Josh Stoeltzing *Field Laboratory Technician*

Learning Resources

(Boyd Library and Learning Resources Computer Lab)

Dr. John Stacey *Dean of Learning Resources*
 Yvette Ausby *Learning Resources Computer Lab Assistant*
 Windie Barnes *Boyd Library Technical Services Supervisor*
 Dr. Patricia Buelt *Head Librarian*
 Maggie Dougherty *Librarian*
 Judy Hines *Learning Resources Computer Lab Supervisor*
 Micky Konold *Administrative Assistant to Dean of Learning Resources*
 Brenda Quick *Boyd Library Circulation Services Supervisor*
 Martha Smolenski *Boyd Library Learning Resources Associate*

Minority Male Mentoring NCCCS Grant

Dwight Threet *Program Director*
 Jason Levister *Program Associate*

Planning and Research

Dr. Kristie H. Sullivan *Dean of Planning and Research/SACSCOC Liaison*
 Rebecca Graham *Data Specialist*
 Deneane Smith *Planning and Research Associate*

Student Services Division

Kellie Shoemake *Vice President of Student Services*
 Kimberly Aliago *Admissions Associate*
 Barbara Baer *Administrative Assistant to Vice President and Dean of Student Services*
 Cassidy Benjamin *Advising Specialist*
 Jean Blue *Director of Records and Registration*
 Sally Bowen *Student Services Data Manager*
 Kathy Carpenter *Placement Specialist*
 Ellen Durkee *Financial Aid Associate, Verification and Loans*
 DJ Farmer *Dean of Student Services*
 Lindsey Farmer *Director of Financial Aid & Veterans Affairs*
 Jennifer Fields *Financial Aid Associate*
 Marina Figueroa *Recruiter*
 Laura Flynn *Assistant Director of Records & Registration*
 Randal Foster *Coordinator, Personal Counseling Services*
 Linda Fowler *Records and Registration Associate*
 Shauntel Gaines *Student Life Associate*
 Jonathan Garrison *Financial Aid Associate, Scholarships and Work Study*
 Cary Greene *Director of Admissions*
 Tonelli Hackett *Student Success Specialist*
 April Ikner *Admissions Associate*
 Karen Manning *Director of Marketing and Public Relations*
 Rosa McAllister-McRae *Director of Student Services Operations — Hoke County*
 Rick Oelfke *Recruiter*
 Gwendolyn Russell *Director of Career Development Services*
 Davis Smith *Director of Student Success*
 Fredanel Story *Student Success Specialist*
 Teresa Taylor *Veterans Affairs Coordinator*
 Cynthia Thomas *Assistant Director of Financial Aid*
 Shenika Ward *Director of Student Life*

COMPLIANCE STATEMENTS

Sandhills Community College is committed to the elimination of all discrimination based on race, color, national origin, religion, sex, age, sexual orientation, gender identity, or disability. While aware that the College bears a significant responsibility for aggressively pursuing an equal opportunity policy designed to ensure the employment of qualified men and women, Sandhills Community College is also firmly committed to day-by-day policies that ensure that students, faculty, and staff members of any race, color, national or ethnic origin, ancestry, age, religion or religious creed, disability or handicap, sex or gender, gender identity and/or expression (including a transgender identity), sexual orientation, military or veteran status, genetic information, or any other characteristic protected under applicable federal, state or local law will receive fair, courteous, and congenial treatment commensurate with the atmosphere of the College as a whole. Denial of such treatment to any individual on the Sandhills campus will not be tolerated.

In terms of hiring practices, the College has established policies and procedures to ensure that no person who is qualified shall be excluded from employment on the basis of any race, color, national or ethnic origin, ancestry, age, religion or religious creed, disability or handicap, sex or gender, gender identity and/or expression (including a transgender identity), sexual orientation, military or veteran status, genetic information, or any other characteristic protected under applicable federal, state or local law. In addition, Sandhills has established a college-wide outcome that states, “The diversity of Sandhills faculty and staff will reflect the respective diversity in the college service areas of Moore and Hoke Counties.” Employees should at least be equal to their proportionate representation in the relevant labor markets for faculty, administrative, and non-academic staff positions. This outcome has been approved by the Trustees of the College. The President of the College shall oversee and monitor the use of this outcome assessment through the Associate Vice President of Human Resources in cooperation with the faculty and staff.

Equal employment opportunity is viewed as an integral part of the mission and purpose of Sandhills Community College. The College is dedicated to the upward mobility and advancement of all people within its reach and seeks to comply with all federal, state, and local statutes, regulations, and orders, including those that promote equal protection and equal opportunity for students, employees, and applicants.

It shall be the policy of Sandhills Community College to comply with all federal and state statutes that are pertinent to the operation of institutions of higher learning. These statutes include but are not limited to those listed on the following pages.

COMPLIANCE STATEMENTS

Civil Rights Act of 1964

Sandhills Community College complies with the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity, and national origin in programs and activities.

Age Discrimination in Employment Act of 1967

Sandhills Community College complies with the Age Discrimination in Employment Act of 1967 (ADEA), which protects certain applicants and employees 40 years of age and older from discrimination on the basis of age in hiring, promotion, discharge, and compensation; or in the terms, conditions, and privileges of employment.

Age Discrimination Act of 1975

Sandhills Community College complies with the Age Discrimination Act of 1975, which prohibits discrimination on the basis of age in programs and activities receiving federal financial assistance. The Act, which applies to all ages, permits the use of certain age distinctions and factors other than age that meet the Act's requirements.

Occupational Safety and Health Act of 1970

Sandhills Community College complies with the Federal Occupational Safety and Health Act of 1970 (PL 91-596). The College shall comply with occupational safety and health standards and all rules, regulations, and orders issued pursuant to college policies developed for the purpose of implementation of the Act.

Hepatitis B Vaccine Policy

Sandhills Community College complies with OSHA regulations requiring that college employees who may encounter occupational exposure to Hepatitis B through contact with blood and/or other bodily fluids be provided – at no cost – the Hepatitis B vaccine.

Title IX of the Educational Amendments of 1972

Sandhills Community College complies with Title IX of the Educational Amendments of 1972, 20 U.S.C. § 1681 et seq. (“Title IX”), in assuring that no student or employee shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any program or activity of the College. In accordance with the requirements of Title IX of the Educational Amendments of 1972, Sandhills Community College ensures equality of treatment and access for all students and employees, female or male. Complaints related to sex discrimination or sexual harassment should be filed with the Associate Vice

President of Human Resources or the Executive Vice President. The Associate Vice President of Human Resources, Wendy Dodson, located in Stone Hall, Office 110, is the designated Title IX Coordinator for Sandhills Community College. The department of Human Resources may be reached by email at scchr@sandhills.edu or by telephone at 910-246-2868.

Section 504 of the Rehabilitation Act of 1973

Sandhills Community College provides equality of treatment and access for disabled students as required by Section 504 of the Rehabilitation Act of 1973, which guarantees protection of disabled persons against discrimination. Employees and students are expected to assist disabled students in ways that will facilitate their participation in campus life and their access to programs and activities.

Family Educational Rights and Privacy Act of 1974

Definition of the Law

The Family Educational Rights and Privacy Act of 1974 (FERPA) protects the privacy and accessibility rights of eligible students enrolled in a postsecondary institution in relation to their education records.

- “Eligible student” is defined as a student 18 years of age or older, or a student who enters a postsecondary institution at any age.
- “Education record” is defined as those records that contain information directly related to the student and that are maintained by the educational institution.

Specific FERPA Rights

The law provides eligible students with specific rights under FERPA:

- The right to inspect and review information contained in their education records within 45 days after the institution receives the request.
- The right to challenge the contents of their education records, which are believed to be inaccurate, misleading, or in violation of the student’s privacy right under FERPA.
- The right to have a hearing if the outcome of the challenge is unsatisfactory.
- The right to submit explanatory statements for inclusion in their files if they feel that the decisions of the hearing panel are unacceptable.
- The right to file a complaint with the U.S. Department of Education (Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC, 20202) concerning alleged failures by the institution to comply with FERPA requirements.
- The right to provide written consent prior to the institution disclosing personally identifiable information from the student’s education

COMPLIANCE STATEMENTS

records, except to the extent that FERPA authorizes disclosure without consent.

Limitations for Record Review

Students may not inspect and review the following:

- Education records of other students, even if they are contained within the same record of the student requesting the review
- Financial information, including parental records
- Confidential letters and recommendations associated with admission, employment, or academic honors

Directory Information

FERPA permits the release of some general student information known as “directory information” without written approval of students.

Sandhills Community College considers the following directory information:

- The student’s name
- City and county of residence
- Photograph
- Major field of study
- Participation in officially recognized activities and sports
- Dates of attendance
- Grade level
- Degrees, honors, and awards received
- The most recent educational agency or institution attended by the student
- Student email address

Students who do not want any or all of this information released to the general public must sign a request form in the Office of Records and Registration no later than two (2) weeks after the first day of class each semester.

Third Parties Exempt from Consent Requirements

The College does not provide access to or disclose a student’s education records to third parties without the student’s written consent except in cases of:

- Authorized personnel within the institution, including administrators, faculty, and staff members with legitimate educational interest seeking to fulfill their job responsibilities.
- Authorized officials of other institutions in which student seeks to enroll.
- Persons or organizations providing the student financial aid.
- Accrediting agencies carrying out their accreditation function.
- Persons involved in an emergency situation in order to protect the health or safety of students or of other persons.

- Persons in compliance with a judicial order or lawfully issued subpoena.
- Federal, state and local authorities involved in the audit or evaluation of compliance with educational programs.
- Organizations conducting studies for or on behalf of the institution.
- Parents of a dependent student as defined by the IRS for tax purposes.
- Directory information being released
- An alleged victim of a violent crime or non-forcible sex offense, to whom the results of a disciplinary hearing may be disclosed.
- Parents of a student related to the student's violation of any Federal, State, local or institutional law or policy regarding the use or possession of alcohol or controlled substance if the student perpetrated a disciplinary violation, as determined by the institution, and the student is under that age of 21 years of age.

Personnel Contact Information

- The Director of Records and Registration directs the procedures for students interested in inspecting or reviewing their education records and for student who do not want their directory information released by the institution.
- The Dean of Student Services has been designated by the College to consider and coordinate inspection and review requests from third parties for students' educational records.
- The Administrative Assistant to the Vice President of Student Services oversees the process and maintains the records of FERPA release forms for eligible students.

Drug-Free Workplace Act and the Drug-Free Schools & Communities Act of 1988

In accordance with the Drug-Free Workplace Act of 1998 and the Drug-Free Schools and Communities Act of 1989 (Public Law 101–226), as well as the Underage Drinking Laws and the laws of the state of North Carolina, the College has endorsed the following drug and alcohol policy.

The abuse and use of drugs and alcohol are subjects of immediate concern in our society. These problems are extremely complex and ones for which there are no easy solutions.

From a safety perspective, the users of drugs or alcohol may impair the well-being of all employees, students, and the public at large; drug and alcohol uses may also result in damage to college property. Therefore, it is the policy of this College that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance or alcohol is prohibited while in the workplace, on college premises, or as part of any college-sponsored

COMPLIANCE STATEMENTS

activities. Any employee or student violating this policy will be subject to disciplinary action up to and including termination or expulsion and referral for prosecution.

The specifics of this policy are as follows:

1. Sandhills Community College does not differentiate between drug users or sellers. Any employee* or student who possesses, uses, sells, gives, or in any way transfers a controlled substance to another person or manufactures a controlled substance while in the workplace, on college premises, or as part of any college-sponsored activity will be subject to disciplinary action up to and including termination or expulsion and referral for prosecution.
2. The term “controlled substance” means any drug listed in 21 CFR PART-1308 and other federal regulations, as well as those listed in Article V, Chapter 90 of the North Carolina General Statutes. Generally, these are drugs that have a high potential for abuse. Such drugs include, but are not limited to, heroin, marijuana, cocaine, PCP, and “crack.” They also include “legal drugs” that are not prescribed by a licensed physician.
3. If any employee or student is convicted of violating any criminal drug statute while in the workplace, on college premises, or as part of any college-sponsored activity, he or she will be subject to disciplinary action up to and including termination or expulsion. Alternatively, the College may require the employee or student to successfully finish a drug abuse program sponsored by an approved private or governmental institution as a precondition for continued employment or enrollment at the College.
4. Each employee or student is required to inform the College, in writing, within five (5) days after he or she is convicted for violation of any federal, state, or local criminal drug statute wherein such violation occurred while in the workplace, on college premises, or as part of any college-sponsored activity. A conviction means a finding of guilt (including a plea of *nolo contendere*) or the imposition of a sentence by a judge or jury in any federal or state court. Students may lose federal student aid eligibility as a result of drug violations. The institution must provide notice describing the ways in which the student can regain eligibility.
5. Convictions of employees working under federal grants, for violating drug laws in the workplace, on college premises, or as part of any college-sponsored activity shall be reported to the appropriate federal agency. The Associate Vice President of Human Resources must notify the U. S. government agency with which the grant was made within ten (10) days after receiving notice from the employee or otherwise receives actual notice of a violation of a criminal drug statute occurring in the workplace. The College shall take appropriate disciplinary action within 30 calendar days from receipt of notice. As

a condition of further employment on any federal government grant, the law requires all employees to abide by this policy.

6. Any employee or student who unlawfully possesses, uses, sells, or transfers alcoholic beverages to another person while in the workplace, on college premises, or as part of any college-sponsored activity will be subject to disciplinary action up to and including termination or expulsion and referral for prosecution.
7. If an employee or student is convicted of violating any alcoholic beverage control statute while in the workplace, on college premises, or as part of any college-sponsored activity, he or she will be subject to disciplinary action up to and including termination or expulsion. Alternatively, the College may require the employee or student to complete successfully an alcoholic rehabilitation program sponsored by an approved private or governmental institution as a precondition for continued employment or enrollment at the College.
8. The term "alcoholic beverage" includes beer, wine, whiskey, and any other beverage listed in Chapter 18B of the General Statutes of North Carolina.
9. Each employee or student is required to inform the College, in writing, within five (5) days after he or she is convicted of any alcoholic beverage control statute where such violation occurred while in the workplace, on college premises, or as part of any college-sponsored activity.

*Students employed under the College Work Study Program are considered to be employees of the College if the work is performed for the College in which the student is enrolled. For work performed for a federal, state, local public agency, a private non-profit or a private for-profit agency, students are considered to be employees of the College unless the agreement between the College and the organization specifies that the organization is considered to be the employer.

Educational Programs & Activities: The College provides a variety of opportunities for students to learn more about the dangers of alcohol and drug abuse.

1. Annual written notification during registration informing every student of the college policy concerning alcohol and substance abuse.
2. A variety of special events, speakers, workshops, and programs that address current issues as related to alcohol and substance abuse.
3. Academic courses in health, physical education, and wellness.
4. Academic courses in drug abuse prevention, chemical dependency, and family therapy.
5. Academic courses in student success.

Counseling Provisions: In addition to providing counseling for students with alcohol/drug-related problems by members of the counseling staff of the

COMPLIANCE STATEMENTS

Student Services Division, the College also provides the following assistance to those with abuse issues.

- Referral resource for students requiring long-term counseling or hospitalization
- Schedules for area meetings of AA, NA, Al-Anon support groups
- Schedule AA meeting on campus upon request
- Materials for dissemination on related topics

Student Right-to-Know, the Campus Crime and Security Act, and the Jeanne Clery Act

Sandhills Community College fully complies with the disclosure and reporting requirements of the Student Right-to-Know, the Campus Crime and Security Act of 1990, and the Jeanne Clery Act, 1990, amended 1992, 1998, and 2000. These requirements include graduation or completion rates, campus security policies and procedures, and statistical reports on security matters. The Jeanne Clery Act expands on the security requirements and affords victims of campus sexual assault certain basic rights. SCC stands in full compliance with this Act.

The SCC sexual assault policy is detailed in the Sandhills Community College *Catalog* and in the *Policy and Procedures Manual*. It is also published online at www.sandhills.edu. Further information or copies of this policy can be obtained by calling 910-692-6185.

The College endeavors to provide an environment that is safe for all students, faculty, staff, and visitors. Under the reporting provisions of the Student Right-to-Know, the Campus Crime and Security Act, and the Clery Act, the College is required to provide information about serious crimes on campus, as defined by the Act, that have occurred within the last three years. A full copy of the college's annual report on this subject is available free of charge to all students, potential students, and other interested parties. Those interested are invited to call the College at 910-692-6185. The full annual security report is also published online at www.sandhills.edu.

Violence Against Women Act and the Sexual Violence Elimination (SaVE) Act

The College complies with the Violence Against Women Act (1994; Renewed 2013) and the SAVE Act in providing campus awareness of these acts. "SaVE requires that incidents of domestic violence, dating violence, sexual assault, and stalking be disclosed in annual campus crime statistic reports. Additionally, students or employees reporting victimization will be provided with their written rights to:

- Be assisted by campus authorities if reporting a crime to law enforcement;
- Change academic, living, transportation, or working situations to avoid a hostile environment;
- Obtain or enforce a no contact directive or restraining order;
- Have a clear description of their institution’s disciplinary process and know the range of possible sanctions;
- Receive contact information about existing counseling, health, mental health, victim advocacy, legal assistance, and other services available both on-campus and in the community.”

Students may reference information about sexual violence on the Safe at SCC website, www.sandhills.edu/safe.

IPEDS Graduation Rate

To determine its graduation rate, Sandhills Community College used the Federal cohort of students who entered fall 2011 as first-time diploma or degree-seeking full-time students and who graduated by August 2015. This graduation rate was 17%.

This rate is comparable with those of other community colleges. Students enrolled in community colleges often take several years to complete a degree as they balance studies with employment and other activities. Some choose to transfer instead of completing a degree. Sandhills does not collect transfer-out data.

Americans with Disabilities Act (ADA)

Sandhills Community College seeks to comply fully with the Americans with Disabilities Act (ADA), enacted July 26, 1991, as an extension of the Civil Rights Act of 1964 to the disabled and as amended in 2009 and 2011. The College is committed to removal of physical barriers, psychological barriers, and policies or procedures that hinder full access to enrollment or employment opportunities.

The Office of Disability Services also manages services for disabled students. Responsibilities of this office include advising the administration concerning academic barriers and the adequacy of policies and procedures for protecting and providing access for disabled students and prospective students, planning and developing training for ADA awareness concerning accommodations for the disabled, and providing suggestions for “reasonable accommodations” to faculty and staff members.

The College expects that all students and employees will be aware of, and sensitive to, the needs of persons with disabilities and that the administration and staff will make every effort to make those “reasonable accommodations”

that permit disabled persons to participate in the various programs and services offered by the College.

Procedure for Complaints of Discrimination

In accordance with Federal and State Office of Civil Rights guidelines, any staff member or student who believes that a Sandhills Community College employee has discriminated against him/her on the basis of race, color, national origin, gender, age, sexual orientation, gender identity, or disability may file a grievance. To file a grievance, complainants should be reported to the Title IX coordinator in the Human Resources Department.

Constitution and Citizenship Day

On September 17 of each year, Sandhills Community College commemorates the September 17, 1787, signing of the United States Constitution by holding a variety of educational programs for students, faculty and staff. This Congressional initiative is authorized by Section 111 of Division J of Pub. L. 108-447, the Consolidated Appropriations Act, 2005, "Dec. 8, 2004."

Public Complaints

In accordance with its *Policies and Procedures Manual*, Sandhills Community College offers a range of policies and procedures to address both student and public complaints.

- The Student Grievance Policy.
- The Student Grievance Procedure,
- The Mission Statement commitment to public satisfaction with the practices of the institution, and
- The associated Public Complaint Policy.

Procedure for Responding to Public Complaints

Sandhills Community College recognizes its obligation as a tax-supported member of the North Carolina Community College System (NCCCS) to provide the public the opportunity to direct both informal and formal complaints related to its adherence to its core values and its mission. To that end, the College has established the following procedure for addressing such complaints:

1. When a member of the public wishes to address an informal or formal complaint, that person should contact the Associate Vice President of Human Resources, who will gather information as necessary and convene the appropriate dean or administrator from that area of the college to which the complaint is linked.
2. When possible, the Associate Vice President of Human Resources will convene the concerned parties to reach an informal resolution to

the complaint. If an informal resolution cannot be reached, complainant will be apprised of his or her right to initiate a formal complaint.

3. The member of the public will draft and submit a letter to the Associate Vice President of Human Resources detailing the nature of the complaint. In instances in which the complaint is related to Human Resources, the letter should be submitted to the Executive Vice President.
4. The Associate Vice President of Human Resources will submit a written response to the complainant acknowledging receipt of that complaint and will provide a copy of the complaint and the written response to the academic or administrative officer under whose purview the complaint is directed.
5. In such cases, the administrative officer will gather information and provide a written response to the complainant within one week of receiving the complaint, addressing the issue and, where applicable, offering reasonable resolution to the complaint.
6. If the complainant is not satisfied with the response, the complainant may file a written complaint with the President. In such cases, the President will gather information and provide a final written response to the complainant.

Individuals are strongly encouraged to make every attempt to resolve matters through the aforementioned administrative processes. However, when matters cannot be resolved through these, the student or member of the public has these avenues of further recourse:

- For complaints associated with the institution's compliance with academic program quality, fulfillment of its mission, or adherence to accrediting standards, individuals should complete the Student Complaint Form (NCCCS) found at www.sandhills.edu/about/general/ and send it to NCCCS per directions in the text of the form.
- For issues related to specific compliance with the *Principles of Accreditation*, individuals should compose written evidence that all remedies available at the institution have been exhausted and then submit that evidence with the *SACSCOC Complaint Form* to the Southern Association of Colleges and Schools Commission on Colleges as directed in the front of the college *Catalog* and online at www.sandhills.edu. The Commission should be contacted only if there is evidence that appears to support SCC's non-compliance with a SACSCOC requirement or standard.
- Residents outside the state of North Carolina enrolled in online courses from SCC who wish to resolve a grievance should first follow the college's student grievance procedure outlined in the college *Catalog*. If the complaint is still not satisfactorily resolved,

COMPLIANCE STATEMENTS

the final step would be for the student to file a complaint with his or home state.

Each year, Sandhills Community College (Institution #199364) files an annual report via survey in accordance with the federal government's Equity in Athletic Disclosure Act (outlined below):

2014 Equity in Athletics Disclosure Act (EADA) Survey

The *Equity in Athletics Disclosure Act* is designed to make prospective students aware of a school's commitment to providing equitable athletic opportunities for its men and women students. Any co-educational institution of higher education that participates in a federal student aid program must prepare an EADA report by October 15. Institutions must also report data to the U.S. Department of Education via this online survey. This is a mandatory survey.

Data collected in this survey will be published by the Office of Postsecondary Education on the Equity in Athletics Data Analysis Cutting Tool website located at <http://ope.ed.gov/athletics>.

EADA and Title IX Compliance

The data collected in this survey are provided by institutions in accordance with the EADA and may not be the same as data used for determining compliance with other Federal or state laws, including Title IX of the Education Amendments of 1972.

The compiled data for the most recent academic term is posted on the SCC website so that students and the public have access to this information related to SCC compliance; it is updated prior to October 1st each year.
