NY Times Best-Sellers
Adult & Children DVD Loans
Children’s Section
Over 100 Audio and eBooks
Hard Copy and eMagsazines
Elementary & Middle School
“Battle of the Books” Available
Research Assistance
Community Computers • Free Wi-Fi

Monday - Thursday 7:45 am-8 pm • Friday 7:45 am-4 pm
Saturday 9 am-1 pm • Closed Sunday

Hours may vary on school holidays, please call 910-695-3819 to confirm.

SANDHILLS HORTICULTURAL GARDENS
14 Themed Gardens on 32 Acres
Picnic Area
Open Dawn to Dusk Year-Round

Designed and maintained by students and faculty of our Landscape Gardening program.

We are happy to offer a docent-guided tour for ten or more participants. Please call (910) 695-3882 at least two weeks prior.

Summer Concerts on the Green
A Sandhills Summer Tradition

June 10 • July 8 • August 12
Food Truck Service Begins at 5:30 pm
Music Begins at 6:30 pm

Bring your lawn chair or blanket and enjoy an evening under the pines with the SCC Jazz Band. In the event of rain, event will move into Dempsey Student Center
Sponsored by Star 102.5 FM radio.
Where every concert is a unique, unforgettable experience.

The Cosmos and Beyond
Wednesday, May 22 • 7:30 pm
Robert E. Lee Auditorium
Pinecrest High School

A grand symphonic tour of galactic music, from Holst’s Planets to Star Trek, depicting the cosmos through voyages of the imagination. Several of the musical selections will be accompanied by mind-expanding images from outer space.

Tickets available at carolinaphil.org or by calling 910-687-0287. Performances will return to Owens Auditorium fall 2019.

Walk through our Pinehurst campus, The Hoke Center or the Larry R. Caddell Public Safety Training Center.

Look inside our classrooms and labs, view the grounds and even take a walk through the Horticultural Gardens.

Use your desktop, tablet or mobile and follow the link to Campus Tours at www.sandhills.edu.

Click the building or area you wish to explore and follow the arrows.

360° — View up, down, and all around.

Can be viewed in Virtual Reality (viewer required).
The students seen on our cover are from our Business Law class. You can learn about all the programs we offer in our curriculum Business and Management program on page 5.

On page two of this issue, we introduce to you the incredible employees who manage our Distance Learning in both curriculum and Continuing Education.

Our men's basketball team had an outstanding season this year, champs in the region and district and coming in fifth in the nationals. See more about them and the Summer Youth Sports Camps on page 17.

Information about our College for Kids summer enrichment camps are found on page 19.

Owens Auditorium is undergoing a significant renovation which means the events you usually attend in Owens will be in other locations during the summer. We will still hold the Summer Concerts on the Green. See the inside front cover for the dates.

Have a great summer! We will be back in July with our fall semester class offerings and events.

Class Enrollment Form
Until recently, people scoffed at the idea that an online class could be of equal quality as traditional classroom instruction. Yet time has a way of improving the quality of not only wine but instruction delivery as well.

With the rapid rise of distance learning and the amazing potential it has for more people to receive an education, SCC undertook in 2014 a brave initiative to make each and every online curriculum class top-notch. The study was the focus of the Quality Enhancement Plan (QEP) called the Online Academic Success Initiative at Sandhills (OASIS). A QEP is required every ten years as a part of the reaffirmation process by the Southern Association of Colleges and Schools Commission on Colleges, the regional accreditation agency for an 11-state region. In the fall of this year, SCC will submit the Impact Report to the Commission with the results.

Through Continuing Education, SCC offers 293 Advanced Career Training programs through Ed2Go, with open enrollment allowing students to begin at any time. Also offered are instructor-led courses, allowing students to study and interact with a cohort over a six-week schedule. Courses start monthly with twice-weekly lesson plans. For the independent learner, the self-paced courses provide access to all lessons immediately with up to three months to complete.

Jaime McLeod

The Graduate Walk, the walkway of sponsored bricks engraved with alumni names which graduates pass over at commencement, is Jaime McLeod’s favorite spot on campus. In addition to himself, his father, brother, and sister graduated from Sandhills. “Sandhills feels like home to me,” he said.

After earning an Associate in Applied Science in Internet Technologies, Jaime went on to earn a Bachelor of Arts in Business Administration at St. Andrews Presbyterian College, a Master of Science in Instructional Technology at ECU, and a Doctor of Education in Community College Executive Leadership from Wingate University.

Jaime began working at Sandhills in 2006 as a Computer Support Specialist in Information Services and today is a Distance Learning Design Specialist. He helps students and faculty use technology to teach and learn predominantly through the Learning Management System, Moodle. Training, teaching, supporting, and keeping up with the latest changes in technology
are typically part of his workload. He is also an Associate Professor teaching courses in Digital Media.

“The college is fortunate because there is a tremendous amount of community support for education,” said Jaime. “I think the great importance the community places on education helps make Sandhills a special place.”

**Jenny Troyer**

A fondness for the area after visiting family living here is what brought Jenny Troyer all the way from Sugarcreek, Ohio, 30 years ago. She earned her bachelor’s degree from St. Andrews University and received a master’s from UNC-Greensboro.

Jenny began as a Continuing Education Evening Receptionist 23 years ago and is now the Director of the Career Development program and the Ed2Go online career programs and courses.

She receives calls and emails each day from people who want to learn more about the Ed2Go online programs and courses before registering. Jenny helps students navigate the online registration process, how to make a payment, and even helps them get to and move about the online classroom. She also sends an email to remind students that their class begins soon.

After a busy day on the computer, gardening is her therapy once she arrives home. Jenny also loves to read and enjoys time with her dog, Layla.

**Scott Robinson**

If you know where Dum-Dum® lollipops and the Etch A Sketch® originate, you know Scott Robinson’s home town.

Following his parents south over twenty-five years ago, Scott was first introduced to Sandhills when he took a few Continuing Education classes just for fun. He went on to earn three curriculum degrees from the college.

Scott has worked at Sandhills since 2001. As the Assistant Director of Distance Learning, he says that there is no typical day. “Every day brings a new challenge or an opportunity to help fellow faculty and students,” he said.

Scott is also an Associate Professor in Digital Media Technology.

Oh, Scott’s from Bryan, Ohio, where the Spangler Candy Company also makes Marshmallow Circus Peanuts®, Saf-T-Pops®, and is the largest producer of candy canes in the world.

**Wendy Kauffman**

Migrating southward, seeking refuge from the cold, snowy, dark days of winter 22 years ago, Wendy Kauffman came to Sandhills from a community college in Ohio where she taught for 14 years.

Beginning at Sandhills as an instructor in Information Systems, she found a passion for online instruction and eventually became the Distance Learning Coordinator. Wendy is now the Dean of Academic Support which allows her to continue her involvement in online learning. She also has oversight of the Kelly Tutoring Center, Disability Services, and the QEP. Wendy takes pride in ensuring students have the necessary support to be successful at Sandhills.

“Sandhills is not a typical community college,” Wendy said. “We are a step above the rest. The college takes pride in providing a student-centered, well-rounded experience.”

A dog-lover and rescue family, Wendy and her husband currently care for seven dogs which keep them very busy.

**Taylor McCaskill**

As with many native southern NC belles, Taylor McCaskill’s manner of speaking is often mistaken for a Texas accent. However, she is from Warsaw, NC. After receiving a Bachelor of Science in Elementary Education from NC State, she headed back east for grad school at ECU. There she earned a Master of Arts in Education in Instructional Technology.

After working as the Director of Distance Learning at Richmond Community College, Taylor came onboard at SCC when the college was planning for accreditation renewal. “The Quality Enhancement Plan (QEP) chosen to be addressed by the college as a part of renewal involved distance learning,” said Taylor. “I learned they would be hiring a QEP Director and the rest is history.”

As the QEP Director, Taylor has spent the past five years managing a project designed to improve the academic performance of distance learning students by ensuring course quality and helping faculty enhance their online courses.

“We also support others, helping everyone be their best. That sort of support begins at the top with our administrators.”

Taylor and her husband have three little girls who are their delight. “Our girls are lucky enough to have both sets of grandparents in the area – we have a great deal of support.”

**Denise Cameron**

A Union Pines High School graduate, Denise Cameron earned an Associate in Applied Science in Computer Engineering from Sandhills and later a Bachelor of Science in Business Education in Information Technologies from ECU.

Denise began at Sandhills as a Program Associate and is now the Director of Law Enforcement/EMS in the Continuing Education division. She works with Moore and Hoke County Public Safety agencies providing the classes they need to ensure their employees are current with training. Distance learning classes are provided to EMS employees, in addition to practical testing, delivering the annual mandatory training hours they need.

Denise says that the people she works with are what makes her job special. “Sandhills employees are genuine and friendly, and I thoroughly enjoy my work with the Public Safety personnel of Moore and Hoke Counties.”
Our local Public Safety Personnel Education Continuing Education programs are now available online through online classes.

In 2019, 1,122 Sandhills will teach 474 online curriculum classes.

During the 2018-19 Academic Year, 77% of Continuing Education curriculum was taken online or hybrid.

Education Edge offers 284 career training programs, 366 self-paced instruction-led courses, and 366 self-paced instruction-led courses.

Students took at least one online or hybrid class.
Preparing for a Career in Management & Business

SCC offers 13 degrees, one diploma, and five certificates that can put you on track to a successful future in business.

Whether you are seeking a position in retail, entertainment, recreation, health care, government, non-profit, or international commerce, studying management and business at Sandhills Community College will give you skills and experiences that transfer directly to the real world.

Are you into numbers?

Our Accounting and Finance program is designed to provide the knowledge and skills necessary for employment and growth in the accounting and finance profession. Accountants and finance professionals assemble and analyze, process, and communicate essential information about financial operations.

We award an Associate in Applied Science in Accounting, an Associate in Applied Science in Finance, and a Bookkeeping Certificate.

To learn more about the Accounting and Finance program, contact Kirk Lynch at lynchk@sandhills.edu or (910) 695-3866.

Are you destined run a business?

The course of study in Business Administration introduces various aspects of the free enterprise system and provides fundamental knowledge of business functions, processes, and an understanding of business organizations in today’s global economy.

Students can earn an Associate in Applied Science in Business Administration or Hospitality Management (both of which can be obtained entirely online), a Business Administration Diploma, and certificates in Banking and Finance, Entrepreneurship, or Small Business Management.

To learn more about the Hospitality Management program, contact Jacqueline McDonald at mcdonaldj@sandhills.edu or (910) 246-4966.

To find out more about all other Business Administration credentials, contact Nevius Toney at toneyn@sandhills.edu or (910) 695-3752.

Is an office environment up your alley?

The Office Administration program prepares students for positions in administrative support careers equipping office professionals to respond to the demands of a dynamic computerized workplace.

Students have many pathways from which to choose. We offer an Associate in Applied Science in Office Administration, Customer Service Representative, Legal Office, Office Finance, and Office Software.

To learn more about the Office Administration program, contact Victoria Collins at collinsv@sandhills.edu or (910) 246-4118.

Have you considered working in a medical office?

Our Medical Office Administration course of study prepares students for employment in medical and other health care related offices.

We award an Associate in Applied Science in Medical Office Administration, an Associate in Applied Science and a Certificate in Medical Coding and Billing, and an Associate in Applied Science in Patient Services Representative.

To learn more about this program, contact Victoria Collins at collinsv@sandhills.edu or (910) 246-4118.

We also offer a Health Information Technology program in partnership with Pitt Community College. General education courses related to degree completion are taken at SCC and the remainder of courses are taken through PCC, who awards the Associate in Applied Science degree.

To learn more about the Health Information Technology program, contact Nevius Toney at toneyn@sandhills.edu or (910) 695-3752.
Curriculum

Sandhills Community College provides a broad range of curriculum offerings for those interested in earning college credit.

Designed for students who want to transfer to a four-year institution or graduate with particular skill sets aimed at immediate employment, our curriculum offerings range from two-year associate degrees to shorter length certificates.

Curriculum classes are open to non-degree-seeking students as well. Many in the community take our curriculum classes for personal enrichment.

You can apply online by clicking “Apply Now” in the upper right-hand corner at sandhills.edu. The application is free, and it should only take 10 to 15 minutes to complete.

Once you have applied, there are a few important steps to complete before you register for classes.

- Apply for financial aid at fafsa.ed.gov.
- Submit all official transcripts from other institutions, both high school and college.
- Attend your scheduled orientation.

For more details regarding the necessary steps for enrolling, visit sandhills.edu/admissions/.

For details regarding the next semester’s curriculum course offerings, simply visit sandhills.edu and click on “Class Schedules” located in the gray box on the homepage.

If you have questions regarding our steps to enrollment or about any of our curriculum programs, please call our Admissions Office at (910) 695-3738.

Tips for Applying for Financial Aid

The financial aid application process may be lengthy, so it’s important to begin early. Students must complete the online Free Application for Federal Student Aid (FAFSA) for colleges to determine eligibility. The form is available each October and must be completed annually. Deadlines for the FAFSA form and required documentation submission are set each term: fall semester deadline is in early July, spring semester, in early December, and summer semester is in early May. Check the SCC website, or call the SCC Financial Aid Office for specific dates prior to each semester.

Some students may be asked to complete verification, which requires additional documentation be provided to the SCC Financial Aid Office. Documents may include tax returns or tax return transcripts, child support information and personal identification. The process may take additional time if outside agencies are asked for information.

Keys to a Smooth Process

- Begin early. The earlier you begin the application process, the more likely your aid will be processed in a timely manner.
- Allow yourself ample time to request and receive all required additional forms.
- Respond promptly to all requests.
- Thoroughly complete all financial aid forms.
- Be patient with the process.

FREE TUTORING

Free tutoring is available to students in the Kelly Tutoring Center located in Logan Hall.

One-on-one help from volunteer or peer tutors allow our students to become responsible learners by helping them stay on track, assisting in understanding assignments and offering ways to improve study skills.

Sandhills has an “open-door” admission policy. If you are a high school graduate or are 16 or older and hold a high school equivalency certificate or an adult high school diploma, you can take curriculum/college credit courses.

For information about SCC programs that award certificates or diplomas, or those that are Title IV eligible, concerning the graduation rates, the median debt of students completing the programs, and other relevant information, please visit: www.sandhills.edu/gainfulemployment/.
UNIVERSITY STUDIES
sandhills.edu/universitystudies

Associate in Arts
Associate in Science
Associate in Engineering
Associate in Fine Arts
in Visual Arts
Associate in Fine Arts
in Music

Courses that lead to our Associate in Arts, Associate in Engineering, Associate in Fine Arts, and Associate in Science degrees are offered at the freshmen and sophomore levels. Credits earned in our University Studies college transfer courses may be transferred to senior colleges and universities where you can pursue a program of study leading to a baccalaureate degree.

All instructors who teach in our University Studies program hold a master’s degree or higher. Nearly 80% of our courses are taught by full-time instructors.

New Spring Semester 2020: Associate in Fine Arts in Theatre Arts*

* Pending SACS approval.

SCC was the first comprehensive community college in North Carolina to offer a college transfer program. We have transfer agreements with all NC public universities and dozens of private colleges and universities.

- Abbe Allen
History and Humanities
Associate Professor

SCC → UNC-CH

ARE YOU INTERESTED IN A CAREER IN AGRICULTURE?

WOULD YOU LIKE TO EARN A BACHELOR’S DEGREE FROM NC STATE?

*NC State’s College of Agriculture and Life Sciences (CALS) PackTrac program may be for you.

Take at least 30 transferable credit hours at SCC and you will be guaranteed admission to NCSU for a bachelor’s degree in participating programs (specific criteria must be met.)

NC State advisors Tricia Buddin, Bianca Glaze, and Anne Hubbard may be reached at cals_advising@ncsu.edu or 919-515-2614. SCC Director of Recruiting Ryan Riggan can be contacted at riganr@sandhills.edu or 910-246-5365.

ARE YOU A MOTIVATED HIGH ACHIEVER?

WOULD YOU LIKE TO EARN A BACHELOR’S DEGREE FROM UNC-CHAPEL HILL?

The Carolina Student Transfer Excellence Program (C-STEP) may be for you.

Earn an Associate in Arts or Science from SCC and you will be guaranteed admission to UNC-Chapel Hill for a bachelor’s degree (specific criteria must be met.)

APPLICATION DEADLINES
Current High School Seniors: April 1 of Senior Year
SCC Students: Oct. 1 of First Year at SCC

Professor Tim Nocton
C-STEP Coordinator
noctont@sandhills.edu
Our Automotive Systems Technology and Collision Repair and Refinishing programs are taught using a combination of classroom instruction and hands-on application.

Automotive Systems Technology
Associate in Applied Science Diploma
Automotive Management Certificate
C-Tech Certificate
Light Duty Diesels & Emerging Technologies Certificate

The Automotive Systems program will provide you with the technical knowledge and skills required to repair, service, and maintain all types of automobiles.

Collision Repair & Refinishing
Associate in Applied Science Diploma
Fabrication Certificate
Non-Structural Repair Certificate
Paint & Refinishing Certificate
Structural Repair Certificate

Our Collision Repair and Refinishing program can prepare you to apply technical knowledge and skills to repair, reconstruct and finish automobile bodies, fenders, and external features.

Upon successful completion, you will be prepared to take the ASE exams and be ready for full-time, entry-level employment in dealerships and repair shops.

- Kevin Jones
Collision Repair and Technology Instructor

The field of automotive technologies is challenging, pays well, and has evolved into a high-tech industry. It now requires advanced education to work in the automotive field, and we are here to help you begin your training.

- Robert Brannum
Aviation Coordinator

Our Aviation degree program can prepare you for a variety of aviation and aviation-related careers. We offer generous academic credit for prior learning as a hobbyist or through military training.

Aviation
sandhills.edu/aviation

Associate in Applied Science in Aviation Management
Certificate
Career Pilot Technology

The Aviation Management and Career Pilot Technology curriculum can prepare you for a variety of aviation and aviation-related careers including the commercial airlines, general aviation, the aerospace industry, the military, unmanned aircraft systems industries, and state and federal aviation organizations.

Successful graduates may earn a commercial pilot certificate with an instrument rating, specialize in aviation management or in unmanned air systems, and may find employment as commercial, corporate, and military pilots,

Our Collision Repair and Refinishing program allows entry points into the program based on prior certifications. We also offer generous credit for prior learning as a hobbyist or through military training.

A business education provides one of the most versatile and flexible educational experiences available. The variety of skills and experiences you learn will transfer directly to the “real world” in virtually every industry. A business degree can provide you with a variety of skills including management, marketing, analytical abilities, financial analysis, problem solving, overcoming obstacles, and budgeting.

**BUSINESS ADMINISTRATION**

sandhills.edu/business

**Accounting & Finance**

Associate in Applied Science-Accounting
Associate in Applied Science-Finance
Certified Bookkeeper Certificate

The Accounting and Finance curriculum is designed to provide you with the knowledge and the skills necessary for employment and growth in the accounting and finance profession. Accountants and finance professionals assemble and analyze, process, and communicate essential information about financial operations.

Successful graduates should qualify for entry-level accounting and finance positions in many types of organizations including accounting firms, small businesses, manufacturing firms, banks, hospitals, school systems, and governmental agencies.

**Business Administration**

Associate in Applied Science
Diploma
Banking & Finance Certificate
Entrepreneurship Certificate
Small Business Management Certificate
Business Administration/Hospitality Management Associate in Applied Science

The Business Administration program is designed to introduce you to the various aspects of the free enterprise system. You will be provided with a fundamental knowledge of business functions and processes, and an understanding of business organizations in today’s global economy.

Through these skills, you will have a sound business education base for lifelong learning. Successful graduates are prepared for employment opportunities in government agencies, financial institutions, and large to small businesses or industries.

**Health Information Technology**

Associate in Applied Science

The Health Information Technology program is a partner program with Pitt Community College that can provide you with the knowledge and skills to process, analyze, abstract, compile, maintain, manage, and report health information.

Graduates may be eligible to write the national certification examination to become a Registered Health Information Technician (RHIT). Employment opportunities include hospitals, rehabilitation facilities, nursing homes, health insurance organizations, outpatient clinics, physicians’ offices, hospice, and mental health facilities.

**Medical Office Administration**

Associate in Applied Science
Associate in Applied Science-Medical Coding & Billing
Associate in Applied Science-Patient Service Rep
Medical Office Coding Certificate

The Medical Office Administration program can prepare you for employment in medical and other healthcare related offices.

Employment opportunities are available in medical and dental offices, hospitals, insurance companies, laboratories, medical supply companies, and other health-care-related organizations.

**Office Administration**

Associate in Applied Science
Associate in Applied Science-Customer Service Rep
Associate in Applied Science-Legal Office
Associate in Applied Science-Office Finance
Associate in Applied Science-Office Software

The Office Administration program can prepare you for positions in administrative support careers. It equips office professionals to respond to the demands of a dynamic computerized workplace.

Our successful graduates qualify for employment in a variety of positions in business, government, and industry. Job classifications range from entry-level to supervisor to middle management.
We have numerous options available in our Computer Technologies program that can prepare you for an outstanding career.

- Jackie Babb  
  Digital Media Technologies Coordinator, Professor

If computer operations, networking or repair are of interest to you, or if you are intrigued by the tasks computers can perform, we have a variety of career pathways.

**Computer Engineering Technology**
Associate in Applied Science  
Computer Upgrade & Repair Diploma  
Repair Certificate  
Advanced Repair Certificate  
Electronics Certificate  
Forensics Certificate  
Advanced Forensics Certificate  
Networking Certificate  
Security Certificate  
Advanced Security Certificate

Computer Engineering Technology will provide you with the skills required to install, service, and maintain computers, peripherals, networks, and microprocessor and computer-controlled equipment.

**Information Technology-Networking**
Associate in Applied Science  
Diploma  
Security Diploma  
Virtualization Diploma  
Virtualization Certificate  
Cisco Certificate  
Forensics Certificate  
Security Certificate

Our Information Technology sector has two tracks. The Programming and Development pathway can help you find entry-level employment as a database or mobile app specialist, or in C#, database, mobile app, or visual basic programming. We also offer a Networking track which includes security, virtualization, Cisco, and forensics.

**Digital Media Technology**
Associate in Applied Science  
Certificate  
Print Design Certificate  
Web Content Management Certificate  
Web Design Certificate

If digital design and multimedia are of interest to you, our Digital Media Technology program can prepare you for a rewarding career. We also offer options in print design, web content, and web design.

**Simulation and Game Development**
Associate in Applied Science  
Certificate

For a broad background in computer simulation and game development, our program is both creative and visual, yet utilizes cutting-edge technology.

---

**Summer Semester Curriculum Sessions**
Session A: May 21-July 25  
Session B: May 21-June 20  
Session C: June 25-July 25

Registration for Sessions A and B is now through May 20. Registration for Session C is now through June 24.
**COSMETOLOGY**

sandhills.edu/cosmetology

**Cosmetology**
Associate in Applied Science Diploma
Certificate

Our Cosmetology program will provide you with the knowledge, principles, and fundamentals associated with the beauty industry.

We instruct a simulated salon environment and offer services to the local community which will help develop your manipulative and personal skills.

The North Carolina State Board of Cosmetology allows us to offer an internship opportunity to students who qualify. In addition to regularly scheduled classes, students can complete 10 percent of their education in an approved salon.

---

**CULINARY ARTS**

**BAKING & PASTRY ARTS**

sandhills.edu/culinary
sandhills.edu/bakingpastry

**Culinary Arts**
Associate in Applied Science Certificate
Culinary Arts-Restaurant Management Certificate

Our Culinary Arts program provides specific training required to prepare you to assume a position as a trained culinary professional in a variety of foodservice settings including full-service restaurants, hotels, resorts, clubs, catering operations, contract foodservice, and health care facilities.

**Baking & Pastry Arts**
Associate in Applied Science Certificate

Our Baking and Pastry Arts program is designed to provide you with the skills and knowledge required for employment in the baking/pastry industry including restaurants, hotels, independent bakeries/pastry shops, wholesale/retail markets, and high-volume bakeries.

---

**Cosmetology**

When you finish our program, you will be qualified to sit for the State Board of Cosmetic Arts exam. Our graduates have a very high passage rate on this exam. By successfully passing it, you will be issued a license. You should be able to find employment in beauty salons, either renting a booth or as a salon assistant, or a related business.

- Kimberly Wade
  Cosmetology Professor

---

**Culinary Arts**

Culinary Arts-Baking & Pastry Arts

All instructors in our program bring many years of diverse hands-on experience to our classrooms and labs. Many of them have won highly-coveted medals in national and international competitions.

- Giorgia Rivera
  Culinary Arts Instructor
GOLF COURSE MANAGEMENT
sandhills.edu/golfturf

Golf Course Management
Associate in Applied Science

For over twenty years, we have been preparing students for a career managing the operations of golf courses.

With us, you can learn turf grass science and management, course design, grounds equipment operation, pest control, and grounds management.

Curriculum classes are open to non-degree seeking students — many in the community take our curriculum classes for personal enrichment.

We have 38 golf courses within ten miles of our campus which makes hand-on experience, field experiments, and labs on some of these courses possible. Our small class size allows for a great deal of personal attention. We help our students find part-time employment, co-ops, and internships, which leads to experience and, for most of our graduates, job offers.

Our graduates are prepared to take the North Carolina Pesticide Applicator’s Examination and/or the North Carolina Certified Plant Professional Examination.

Engineer Technology
We have transfer arrangements with several universities that allow our students to take the first two years here and transfer all credits into a Bachelor of Science program.

- Ed Spitler
Engineering Technologies Chair, Program Coordinator, and Professor

Architectural Technology
Associate in Applied Science Certificate

We will prepare you to assist architects, engineers, and construction professionals in developing plans and related documentation for projects.

Civil Engineering Technology
Associate in Applied Science Certificate

We will prepare you to use basic engineering principles and technical skills to carry out planning, documenting and supervising tasks in sustainable land development and public works and facilities projects.

Geomatics Technology
Associate in Applied Science Certificate

We have transfer arrangements with several universities that allow our students to take the first two years here and transfer all credits into a Bachelor of Science program.

- Ed Spitler
Engineering Technologies Chair, Program Coordinator, and Professor

Architectural Technology
Associate in Applied Science Certificate

We will prepare you for the delineation, determination, planning and positioning of land tracts, boundaries, contours and features applying principles of route surveying, construction surveying, photogrammetry, mapping, global positioning systems, geographical information systems, and other kinds of property description and measurement to create related maps, charts and reports.

Industrial Systems Technology
(Hoke Center Only)
Associate in Applied Science Diploma
Industrial Maintenance Certificate
Machining Technology Certificate
Production Technologies Certificate

Golf Course Management
Associate in Applied Science

Because of our small class size, we are able to provide a great deal of personal attention to our students.

- Bill Patton
Golf Course Management Instructor
LANDSCAPE GARDENING
sandhills.edu/landscapegrd

Landscape Gardening
Associate in Applied Science Certificate

Our Landscape Gardening program can prepare you to construct, manage and maintain indoor and/or outdoor ornamental and recreational plants and related conceptual designs established by landscape architects, interior designers, enterprise owners or managers and individual clients.

Our graduates have found employment in a variety of positions associated with nurseries, garden centers, greenhouses, landscape operations, government agencies/parks, golf courses, sports complexes, highway vegetation, turf maintenance companies, and private and public gardens.

Graduates are prepared to take the North Carolina Pesticide Applicator’s Examination and the North Carolina Certified Plant Professional Examination.

Curriculum classes are open to non-degree seeking students — many in the community take our curriculum classes for personal enrichment.

NURSING
sandhills.edu/nursing

NURSING
Associate Degree in Nursing

Our Associate Degree Nursing (ADN) curriculum provides knowledge, skills, and strategies to integrate safety and quality into nursing care.

Graduates of our program are eligible to apply to take the National Council Licensure Examination (NCLEX-RN) and we have a very high passage rate. Employment opportunities are vast within the global health care system.

Our program is approved by the North Carolina Board of Nursing.

There are three stages for admission to the nursing program with very specific tasks to accomplish and milestones to meet to advance to the next stage.

Earning an ADN at SCC can move you into earning a Bachelor of Science Degree in Nursing (BSN) at North Carolina universities.

We offer the RIBN program which is a partnership between Sandhills Community College and UNC-Pembroke that utilizes a dual enrollment and four-year shared curriculum pathway for you to achieve a BSN at the beginning of your nursing career.

Nursing

Our students consistently exceed the state average pass rate for NCLEX licensure exam.

- Hannah Altergott
Nursing Instructor
Emergency Medical Science
Associate in Applied Science Diploma
Advanced EMT Certificate
The Emergency Medical Science program is designed to prepare you to enter the workforce as a paramedic. Employment opportunities include ambulance services, fire and rescue agencies, air medical services, specialty areas of hospitals, industry, educational institutions and government agencies.

Health and Fitness Science
Associate in Applied Science Certificate
Our Health and Fitness Science program is designed to provide you with the knowledge and skills necessary for employment in the fitness and exercise industry. Successful graduates qualify for employment opportunities in commercial fitness clubs, YMCA’s/YWCA’s, wellness programs in business and industry, Parks and Recreation Departments and other organizations implementing exercise and fitness programs.

Nurse Aide Certificate
Our Nurse Aide program will prepare you to work under the supervision of licensed nursing professionals in performing nursing care and services for persons of all ages. Upon completion, you may be eligible for listing as a Nurse Aide I and other selected Nurse Aide registries as determined by the local program of study.

Ophthalmic Medical Assistant Diploma
The Ophthalmic Medical Assistant program prepares you to perform ophthalmic (eye) procedures under the supervision of a licensed physician specializing in Ophthalmology. You will be able to find work in medical institutions, in clinics, or in physician practices.

Radiography Associate in Applied Science
Our Radiography program prepares you to be a radiographer, a skilled health care professional who uses radiation to produce images of the human body (X-Rays). You could be employed in hospitals, clinics, physicians’ offices, medical laboratories, government agencies and industry.

Respiratory Therapy Associate in Applied Science
By studying Respiratory Therapy, you will be prepared to work as a respiratory therapist. You will perform diagnostic testing, explore treatments and help manage patients with heart and lung diseases. You will be able to find work in hospitals, clinics, nursing homes, education, industry and home care.

Surgical Technology Associate in Applied Science Diploma
Our Surgical Technology program prepares you to assist in the care of surgical patients in the operating room and to work as a member of the surgical team. Employment opportunities include labor and delivery, emergency departments, inpatient/outpatient surgery centers, dialysis units or facilities, physicians’ offices, and even central supply processing units.

Therapeutic Massage Associate in Applied Science Diploma
Our program will prepare you to work in direct client care settings to provide manipulation, methodical pressure, friction and kneading of the body for maintaining wellness or treating alterations in wellness throughout the lifespan. Employment opportunities include hospitals/rehabilitation centers, health departments, home health, medical offices, nursing homes, spas/health/sports clubs, and private practice.

Summer Semester Curriculum Sessions
Session A: May 21-July 25
Session B: May 21-June 20
Session C: June 25-July 25
Registration for Sessions A and B is now through May 20.
Registration for Session C is now through June 24.

- Sue Senior
Health Sciences and Office Systems Technology Professor
The public services field has very diverse workforce needs. We can help train you for a career in law enforcement, criminal justice, early childhood education, fire protection, or human services.

**Basic Law Enforcement Training Certificate**

Basic Law Enforcement Training (BLET) is designed to give you the essential skills required for entry-level employment as law enforcement officers with state, county or municipal governments, or with private enterprise.

**Criminal Justice Technology Associate in Applied Science**

Our Criminal Justice Technologies program is designed to provide you with the knowledge of the criminal justice systems and operations. Study will focus on local, state, and federal law enforcement, judicial processes, corrections, and security services. The criminal justice system’s role within society is explored.

Employment opportunities exist in a variety of local, state, and federal law enforcement, corrections, and security fields. Examples include police officer, deputy sheriff, county detention officer, state trooper, intensive probation/parole surveillance officer, correctional officer, and loss prevention specialist.

**Early Childhood Education**

- **Associate in Applied Science**
  - Licensure
  - Non-Licensure
- **Early Childhood Education- Infant/Toddler Care Certificate**
- **Early Childhood Education- Preschool Care Certificate**
- **Early Childhood Education- School-Age Care Certificate**

Our Early Childhood Education program will prepare you to work with children from birth through eight in diverse learning environments. Learned theories are combined with practice in actual settings with young children under the supervision of qualified teachers.

Our successful graduates are prepared to plan and implement developmentally appropriate programs in early childhood settings. Your employment opportunities will include child development and child care programs, preschools, public and private schools, recreational centers, Head Start Programs, and school-age programs.

**Fire Protection Technology**

**Have you ever seen the Sandhills campus?**

Yea, you can schedule a personal tour online.

They have an amazing drone video online you can watch.

And they have a virtual tour online — it’s also in Virtual Reality if you have a viewer.

Curriculum classes are open to non-degree seeking students — many in the community take our curriculum classes for personal enrichment.
Our Veterans Affairs Office provides information and assistance to students applying for VA education benefits.

Career Center Support for Transition to the Civilian Workforce

Visit the Ryan Veterans Center, located in Boyd Library, to learn how your military experience translates into college credit at SCC, and discover the benefits available to you as a veteran student on our campus.

Sandhills Community College implements an alert notification system in the event of weather delays or closures or if there is an emergency on campus.

A text message is sent, a call delivered, and an email sent.

When a curriculum student applies to the college, the phone number indicated is the one called and text sent to. The student email address issued by the college is the one used.

Continuing Education students can complete an online form to become a part of the notification system. Please visit www.sandhills.edu/continuing-education and click on “Sign up for the college emergency and weather alert notification system.” For students without Internet access, please complete a form available in the Registration Office Van Dusen Hall.

To be removed from the list, please call (910) 695-3980 or email williamslo@sandhills.edu.

No part of the material printed may be reproduced or used in any form or by any means, electronic or mechanical, including photocopying, recording, or by any information storage retrieval system without the permission of the publisher.

Costs, policies, regulations and procedures may be changed at any time because of legislative action, board action or state and federal laws and regulations. Information in this publication was accurate at the time it went to press. Classes may be added, changed or canceled based on demand and reasonable accommodations.

Sandhills Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, diplomas and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Sandhills Community College.

Sandhills Community College does not discriminate on the basis of race, color, national origin, sex, or disability.

For information concerning graduation rates, median debt of students completing programs, and other important information about SCC programs that award certificates or diplomas or are Title IV eligible, please visit www.sandhills.edu/gainfulemployment/.

Registration for Continuing Education Career Training classes is ongoing — classes begin throughout the semester.
The Advanced Manufacturing Program offers high-tech, in-demand career training through state-of-the-art equipment designed to meet the growing demand for skilled workers. Through partnerships with local employers, the Advanced Manufacturing Program aligns class offerings and curriculum to provide employers a pipeline of skilled workers with job-specific skills.

Classes prepare students to achieve national certifications from institutes such as the National Center for Construction Education Research (NCCER), Manufacturers’ Skills Standards Council (MSSC), Electronic Technicians’ Association (ETA), and the National Institute for Metalworking Skills (NIMS). Content focuses on safety and fundamental job skills preparing students for gainful employment. Job placement assistance and career coaching is offered to students who successfully complete the course.

Opportunities are also available for high school students. Please see your guidance counselor for more information regarding the high school track and visit sandhills.edu/ceccp for additional details.

For more information, contact Deneane Smith at (910) 246-4117 or smithl@sandhills.edu.

Fire Chiefs 101 (Full and Update)
The primary objective of the course is to inform current and future chief officers of the various aspects and complexities surrounding the operations and organization of North Carolina fire departments. Emphasis will be placed on ratings and inspections, NFIRS reporting, prevention and grant programs, basic line of duty death information, financial considerations, and an overview of the various expectations facing a Chief Officer. This class will satisfy the 9S insurance inspection criteria as specified by the North Carolina Administrative Code. This is a NC Fire and Rescue Commission certification course. Students just needing the update course will only be required to attend June 4th. Students that need the full course will need to attend both nights.

3D PRINTING
Introduction to 3D Printing
Explore 3D printing. Create 3D image files using the TinkerCAD 3D design and printing app. After file creation, we will print our objects. Participants will attend 2 Saturday classes to print their 3D objects. Upon completion, you will be able to demonstrate an understanding of the history, terminology and types of 3D Printing technology. You will also demonstrate an ability to create and print a simple project.

The mission of the Small Business Center at Sandhills Community College is to increase the success rate and numbers of viable small businesses in North Carolina by providing high quality, readily accessible assistance to prospective and existing small business owners leading to job creation and retention.

The NC Community College’s Small Business Center Network (SBCN) assists in starting an average of 700 businesses each year. Small Business Centers have an economic impact in 90% of NC counties annually, helping to create and retain nearly 3,800 jobs.

FREE Seminars, Resources & Counseling

The Small Business Center is located at the Dedman Center for Business Leadership in 101 Van Dusen Hall. The center offers free seminars targeted to the needs of small business owners and startups. To register for a free seminar, visit sandhills.edu/sbc.

For free one-on-one counseling and information about starting a business or about specific business needs, call Teresa Reynolds at (910) 695-3938 or email reynoldst@sandhills.edu.

The Dedman Center for Business Leadership

Each year, the Dedman Center offers the Dedman Institute for Business Leadership, a 48-hour program designed to prepare individuals to become effective leaders in their respective businesses or organizations. In four-months, participants are given a well-rounded look at the elements of leadership in corporate and institutional settings, including academia. Participation in the program is made possible through scholarships underwritten by the Robert Dedman Permanent Endowment to benefit Sandhills Community College.

The Annual Entrepreneurial Summit

The Entrepreneurial Summit is sponsored by the Sandhills Community College Center for Entrepreneurial Leadership and its partners. This annual event offers entrepreneurs, small business owners, their employees, community members and students a forum where they can come together to network and learn about the latest business trends and topics ranging from how to create a buzz about their business to how to increase brand recognition and consumer loyalty. If you are a budding entrepreneur, established business owner or someone interested in leading-edge business growth strategies, join us in 2020.

Sign up for our E-mail alerts for upcoming seminars and events. Send your email address to: reynoldst@sandhills.edu

Our upcoming seminars are listed at: bit.ly/2TVLipK

I certify that my answers are true and complete to the best of my knowledge. I understand that payment is expected at the time of registration and that registration is not complete until payment is made.

Signature ___________________________ Date __________________________________

Refund Policy: The entire cost of the course will be refunded if requested before it begins or if the course is canceled. Thereafter, a refund of seventy-five percent is provided if requested after a course begins and before ten percent of the total class meetings.

In the event a class is canceled, we will attempt to contact you by phone.

Completed forms with payment can be mailed to:
Sandhills Community College, Attn: Continuing Education, 3395 Airport Road, Pinehurst, NC 28374

This form can be faxed to: (910) 692-6998 • Call (910) 695-3980 to pay by credit card.
Construction Industry Training

HVAC
Electrical Levels I-IV
Plumbing
Auto-Cad
Construction Supervision

Local businesses need employees trained in these fields!

BEGINNING FALL SEMESTER 2019

ARE YOUR DUCKS IN A ROW?

To take curriculum classes you need to apply, submit transcripts, attend Orientation, and register for classes.

Moore and Hoke County residents who graduate from a public/private high school or registered home school having successfully completed four dual-enrollment courses at Sandhills will pay NO TUITION at the college for the TWO YEARS immediately following high school graduation.

For an information sheet, email Jonathan Garrison at garrisonj@sandhills.edu.
