Prior to disbursing financial aid to your account, your Account Summary will look like the image below.

The screen shows:

- Charges (tuition, fees, and anything purchased in the bookstore).
- The amount of financial aid you will receive based on the number of credit hours for which you are registered at the time we process financial aid.
- Your balance – A negative balance reflects the amount you will receive in a refund.
- If the balance is positive, this would be the amount you owe.

Once the semester has started and financial aid has been processed, your Account Summary will look like the screen below.

The screen shows:

- Charges
- The amount of financial aid you received
- The amount of your processed refund
- Any remaining balance (this amount varies due to the classes you are enrolled in)
 - o This amount can be positive or negative

The charges and amount of financial aid in the above examples will vary depending on the student. Do not expect your amounts to be the same.
