Continuing Education Schedule of Summer Classes
Help a new generation develop a passion for your profession.

We have a need for tutors, especially in biology, chemistry, mathematics, and English. Many of our volunteers are retired engineers, doctors, and teachers.

To learn more, please contact our Tutoring Coordinator Shalishah Russell at 910.246.4138 or russells@sandhills.edu.

WE ARE OPEN
In fact, we never closed.

Come experience a campus buzzing with in-person classes and student life activities.

Based on the latest pandemic and vaccine rollout projections, we plan to offer a comprehensive on-campus experience, including extensive in-person classes and student clubs, organizations and Student Life activities.

We will still offer online and hybrid classes plus virtual activities and assistance.
Walk through our Pinehurst campus, The Hoke Center or the Caddell Public Safety Training Center.

Look inside our classrooms and labs, view the grounds and even take a walk through the Horticultural Gardens.

Use your desktop, tablet or mobile device and follow the link to Campus Tours at www.sandhills.edu.

Click the building or area you wish to explore and follow the arrows.

360° — View up, down, and all around.

Can be viewed in Virtual Reality (viewer required).
The pandemic brought our healthcare industry to the forefront in the past year. Because our College provides a steady pipeline of employees to hospitals, surgical centers, medical offices, and specialty centers, it was of utmost importance that our classes continued. We didn’t miss a beat, and our students graduated on schedule last May.

In this issue of flightPath, we are focusing on health-related topics. On pages 4-6 you can learn about the 17 programs and classes we offer allowing students to enter the health field. The College has partnered with FirstHealth to provide students with a very affordable telehealth plan. Read about FirstHealth On the Go on page 7. And on page 8, you can read about the upcoming construction of a Nursing and Health Sciences facility, Foundation Hall.

On page 12, you can read about our new Teacher Preparation Associate in Arts and Associate in Science degrees. We will also offer a new Environmental Engineering Technology program. Read about that on page 18.

And now that we have been given the go-ahead, we will resume our kid’s summer camps. You can find all about them on page 26.

Summer semester begins on May 25 for curriculum classes. Our Continuing Education classes have varied start dates as indicated in each class description.

The College offers practicing LPNs a pathway to an ADN to become eligible for licensure as a Registered Nurse.

As of February 2021, Sandhills Community College Associate Degree in Nursing program is accredited by the National League for Nursing Commission for Nursing Education Accreditation (NLN CNEA).

Nurse Aide

Our Nurse Aide program prepares students to work under the supervision of licensed nursing professionals in performing nursing care. There is a great need for Nurse Aides in our area of the state.

The Nurse Aide I class is taught every semester on the Pinehurst campus and at the Sandhills Hoke Center through Continuing Education and Curriculum. Upon completion, students may be eligible for listing as a Nurse Aide I. All students planning to enter our ADN program are required to successfully complete a Nurse Aide I course.

Nurse Aide II is offered through Curriculum each spring semester.

The College also offers a Continuing Education Nurse Aide Level I Refresher class for those whose listing has expired.

Emergency Medical Science

The Emergency Medical Science (EMS) program provides students with the knowledge, skills and attributes to provide advanced emergency medical care as a paramedic for critical and emergent patients who access the emergency medical system.

Our program is accredited by the Commission of Accreditation of Allied Health Education Programs on the recommendation of the Committee of Accreditation of Educational Programs for the Emergency Medical Services Profession. Graduates are eligible to take the NC EMT Exam.

EMS is taught in the Curriculum division. An Associate in Applied Science and Diploma can be completed in five semesters (August through May of the second year), and the Advanced EMT Certificate can be earned in two semesters.

Also offered is Emergency Medical Technician (EMT-Basic) through Continuing Education. Students completing the five-month course test for the NC EMT exam.
Health and Fitness Science

Our Health and Fitness Science (HFS) program is designed to provide students with the knowledge and skills necessary for employment in the fitness and exercise industry. Successful graduates qualify for employment opportunities in commercial fitness clubs, YMCA's/YWCA's, wellness programs in business and industry, Parks and Recreation Departments and other organizations implementing exercise and fitness programs.

Our HFS program is accredited by the American Council on Exercise and our graduates are eligible to take the Personal Trainer Certification Exam.

This program is taught in the Curriculum division. An Associate in Applied Science can be earned in five semesters (August through May of the second year) and the HSF Certificate can be earned in two semesters.

Medical Laboratory Technology

The Medical Laboratory Technology (MLT) program prepares students to perform clinical laboratory procedures in chemistry, hematology, microbiology, and immunohematology that may be used in the maintenance of health and the diagnosis and treatment of disease.

The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences and graduates are eligible to take the American Society for Clinical Pathology Board of Certification Exam;

MLT is taught in the Curriculum division. An Associate in Applied Science can be earned in five semesters (August through May of the second year).

Respiratory Therapy

The Respiratory Therapy program prepares individuals to function as respiratory therapists. In these roles, individuals perform diagnostic testing, treatments, and management of patients with heart and lung diseases.

Our program is accredited by the Commission on Accreditation for Respiratory Care and our graduates are eligible to take the Therapist Multiple choice exam, the Certified Respiratory Therapist exam, and be listed in the Clinical Symulation Registry.

Respiratory Therapy is taught in the Curriculum division and the Associate in Applied Science can be earned in five semesters (August through May of the second year).

Surgical Technology

The Surgical Technology program prepares individuals to assist in the care of surgical patients in the operating room and to function as a member of the surgical team.

Our program is accredited by the Commission on Accreditation of Allied Health Education Programs and the Accreditation Review Committee for Surgical Technology. Our graduates are eligible to take the National Board of Surgical Technology and Surgical Assisting National Exam.

Surgical Technology is taught in the Curriculum division. An Associate in Applied Science can be earned in five semesters (August through May of the second year) and a diploma can be earned in three semesters (August through July).

Therapeutic Massage

This program prepares students to work in direct client care settings to provide manipulation, methodical pressure, friction and kneading of the body for maintaining wellness or treating alterations in wellness throughout the lifespan. Employment opportunities include hospitals/rehabilitation centers, health departments, home health, medical offices, nursing homes, spas/health/sports clubs, and private practice.

Therapeutic Massage is taught in the Curriculum division. An Associate in Applied Science can be earned in five semesters (August through May of the second year) and a diploma can be earned in three semesters (August through July).

Ophthalmic Medical Personnel

Our Ophthalmic Medical Personnel (OMP) program prepares students to perform ophthalmic procedures under the supervision of a licensed physician specializing in Ophthalmology. The program is accredited by the International Joint Commission on Allied Health Personnel in Ophthalmology and graduates of the program may qualify to take the Certified Ophthalmic Assistant Exam.

OMP is taught in the Curriculum division. A diploma can be earned in one year and classes begin in May each year at the start of summer semester.

Radiography

The Radiography program prepares students to become a radiographer, a skilled health care professional who uses radiation to produce images of the human body.

Our program is accredited by The Joint Review Committee on Education in Radiologic Technology. Graduates are eligible to apply to take the American Registry of
Radiologic Technologists national examination for certification and registration.

Radiography is taught in the Curriculum division and the Associate in Applied Science can be earned in five semesters (August through May of the second year).

**Medical Assistant**

New in 2021, the three-part Medical Assistant class teaches the front and back office skills desired by medical offices such as Pinehurst Surgical Clinic, Pinehurst Medical, and FirstHealth. Upon successful completion, students will have the skills required to seek employment as a Medical Assistant.

Taught in the Continuing Education division, students learn anatomy and physiology, medical terminology, safety and infection controls, procedures and examinations, medical law and ethics, administrative procedures, billing, coding and insurance. Part One and Part Two are taught during the day Mondays through Thursdays. Part Three is the clinical portion of the training.

**Central Sterile Processing Technician**

A Central Sterile Processing Technician is responsible for decontaminating, sterilizing, assembling, storing and distributing medical devices and equipment needed for patient care, especially during surgery.

In this four month class, we teach the primary responsibilities and the practical applications of concepts and procedures. Students explore preparation, storage, distribution of instruments, supplies, and equipment, quality assurance and inventory management.

The class meets two evenings a week and prepares students to take the Certified Sterile Processing and Distribution Technician exam.

**EKG Technician**

Electrocardiography (EKG) technicians are essential team members at hospitals and clinics. They are responsible for performing diagnostic tests on patients, monitoring patients blood pressure, collecting medical data to be used by doctors, and administering tests to determine the cardiovascular health of a patient.

This class can be completed in four months and is offered in traditional, hybrid, and online formats two evenings a week. The topics include cardiac anatomy and physiology, cardiac cycle, EKG strip analysis, 12-lead EKG, and EKG procedures. Students are prepared to take an exam to become nationally certified.

**Pharmacy Technician**

A Pharmacy Technician performs basic supervised dispensing techniques in a community pharmacy setting.

This two evenings a week online or hybrid class prepares students for the Certified Pharmacy Technician (CPhT) Certification exam and entry-level employment. They learn technical procedures for preparing and dispensing prescriptions, packaging and labeling, controlled substance procedures, inventory control, pharmacy calculations and over-the-counter drugs. It can be completed in four months.

**Medical Administrative Assistant**

Certified Medical Administrative Assistants (CMAA) provide administrative support in physicians’ offices, healthcare clinics, and hospitals. They often register patients, make and receive telephone calls, schedule patients, obtain medical records, work in accounts receivable, data entry and help file medical claims.

Our four month class prepares individuals for the CMAA national certification exam offered by the National Healthcareer Association. It meets online and in a hybrid format two evenings per week.

**Medication Administration Aide**

Meeting the training requirements for the NC Board of Nursing Medication Aide Certification, this three full day class prepares Nurse Aides to administer medications to skilled nursing facility residents.

**Phlebotomy Technician**

Phlebotomy Technicians draw blood specimens in various healthcare settings and blood donation centers. Students learn sterile venipuncture, proper specimen handling, and record-keeping.

Classes are hybrid course delivery two evenings a week with weekday clinical rotations and one or two Saturday class. The program can be completed in four months.

Students are prepared to take the American Society for Clinical Pathology (ASCP) Phlebotomy Technician Certification exam.
Sandhills Community College has entered into a partnership with FirstHealth to provide telehealth services to curriculum students. If needed, a prescription for medications can be submitted by the provider. Typical reasons students may use the service would be for a cold, the flu, allergies, sexual health screening, asthma, sinus infections, pink eye, and other health issues.

The majority of the contacts will be with local physicians through a mobile app, computer, or phone. One face-to-face visit is included with an annual subscription. The platform is available 24-hours a day, seven days a week, and an appointment is not needed.

Sandhills students can choose to participate in the annual program at the start of the fall, spring, or summer semesters. The cost will be $120 per year.

Retired SCC Nursing faculty Trish Dykeman and Pam Garty administered COVID-19 vaccinations on campus to SCC students enrolled in the Nursing and Health Sciences programs.

Mickey Foster, CEO of FirstHealth of the Carolinas and SCC President John Dempsey formalize the new partnership with a friendly elbow bump.
New Nursing and Health Sciences Facility

Construction Set to Begin Soon on Foundation Hall

Sandhills Community College broke ground on April 20 for the new home of the Nursing and Health Sciences programs. Inspired by a statement by Stan Bradshaw and honoring a gift from the Stan and Jean Bradshaw Foundation, the facility will be named Foundation Hall. The striking architecture of the 35,154 square foot one-story structure will be built as an extension of Kennedy Hall and will blend perfectly with the design of both older and newer structures on campus.

In 2018, the citizens of Moore County voted to approve the sale and issuance of $20 million in general obligation bonds for the College to increase the square footage needed to teach Nursing and other Health Sciences. The Stan and Jean Bradshaw Foundation also presented the College with a gift to be used toward the facility.

Projected to be completed in the fourth quarter of 2022, the first classes will be held spring semester of 2023. The building will be constructed on the north end of Kennedy Hall where the Gauguin parking lot is currently located.

Once the new building is completed, Kennedy Hall will see a renovation of classrooms, labs, restrooms, and the fire alarm and sprinkler systems. New floors, ceilings, and lighting will be installed, and all walls will receive a fresh coat of paint. Foundation Hall, combined with Kennedy Hall, will bring the facility's square footage for health sciences and nursing education to 75,000.

The entrance to Foundation Hall will have an entrance lobby with a large student commons area that leads to a dramatic, naturally lit corridor connecting the new building to Kennedy Hall.

Students will be taught in 11 classrooms and can utilize ten labs, two computer labs, and a study area. There will be eight restrooms, 22 storage rooms, 47 offices, two lounges/workrooms, and three conference rooms.

The Department of Nursing area will consist of nine state-of-the-art simulation rooms with control rooms, four debriefing rooms, a faculty room, a prep area, and a large skills lab. The lab will be named The Terri McCaskill Stafford Nursing Skills Lab in honor of a gift from Ollie and Wanda Sweeney and Harlan McCaskill in memory of Wanda and Harlan's aunt.

The nursing simulation wing will be named The DiNapoli Nursing Simulation Center, honoring Len and Rita DiNapoli. Rita is a current Foundation Board member. Within this wing, there will be several simulation labs. One will honor college friends and board members Bob and Connie Lovell. Bob is a member of the College's Foundation Board and Connie is a member of the College's Board of Trustees. Another will be named for John and Nancy Ellis. Dr. John Ellis spent most of his career as a medical leader with FirstHealth. Nancy has been a member of the Sandhills Community College Foundation Board since 1998, serving in the past as both Chair and Vice-Chair. Another lab will honor Nancy Ellis's parents Paul and Miriam Borel.

The nursing faculty office wing, conference room, and workspace suite will be named The Doug and Ellen Leslie Nursing Education Faculty Wing. Additionally, the FirstHealth Professor of Clinical Nursing Education at Sandhills Community College will be honored in this area.

The Emergency Medical Science training lab will be named The Andrew and Anne Gordy Steidinger Emergency Medical Science Skills Lab to honor long-time friends of the College, Drew and Anne Steidinger.

A modern 225-seat auditorium/classroom, honoring a gift from Susan Fletcher, will be named The Fletcher Family Nursing Education Center. This new auditorium will allow the entire Nursing student body to meet in one location of their own for the first time. The space can be divided into three lecture halls providing a practical alternative purpose when the large auditorium is not in use.

“Education is the foundation of a purposeful life and medical services are the foundation of a strong community. There is no more important work than what will take place in Foundation Hall.”

Stan Bradshaw
Foundation Board Member
Foundation Hall is set for completion during the fourth quarter of 2022. It will be an addition to Kennedy Hall at the south end of Gauguin parking lot.

The architectural firm for Foundation Hall is LS3P and the General Contractor is Bordeaux Construction Company. Both companies are based in Raleigh.
$900,000 is awarded annually to students in the form of scholarships, Guarantor’s Aid and The Promise.

Curriculum Programs

Sandhills Community College provides over 60 different curriculum pathways to a degree. It is great news for you if you’re reading this because we probably have something you will find valuable and helpful moving forward. But that, as they say, is just the tip of the iceberg.

When you drive down Airport Road and turn into our main campus in Pinehurst, you’ll be viewing the second most beautiful community college campus in the United States as recently recognized by Great Value Colleges. And to top it off, the USA College Directory ranked us as the second safest of 500 colleges nation-wide.

Sandhills Community College is home to over 4,000 curriculum students ranging in age from dual-enrolled high schoolers to those who are moving from one career to their next adventure.

You can visit their offices and sit down for a face-to-face conversation.

What will you study? You may need a pathway that leads to a certificate or diploma in short order or an applied science program that can take only two years to complete. If you want to earn a bachelor’s degree and saving a lot of money and personal attention is important, begin with us — we have eight transfer pathways.

Where will the money come from? Our Financial Aid Office is here to assist you with the paperwork needed to apply for aid. Once the federal form is complete, you can apply for our own scholarships. Did you know that Sandhills Community College awards close to $1 million a year in scholarships? Guarantor Aid, and The Sandhills Promise? It is definitely worth the short time it takes to apply. We always tell people never to assume they will not qualify for aid. You never know unless you apply.

Is there anything fun happening on campus? Now that we have answered the academic and money questions, what else are we missing? How about the “college experience.” If you are a competitive athlete or crazy-wild fan, our intercollegiate athletics may be the perfect fit for you. Our Sandhills Flyers compete in the NJCAA and are nationally competitive across eight different teams. If you enjoy sports and activities but don’t want that level of commitment, try intramurals or pick up a PE class. You may develop an entirely new interest.

You can get involved with campus clubs through Student Life and meet other students with similar interests. Or join SGA and help run the school.

While on campus, visit the Boyd Library or enjoy an exhibit in the Hastings Gallery of Art. You can head to the Bradshaw Performing Arts Center for a concert or theatre production.

If you find yourself hungry while on campus, run by the Dempsey Student Center and grab a bite to eat at the Chuck Priest Kitchen or enjoy a delicious cup of Joe from the Mean Bean coffee bar. Stop by Hines Gym or the Game Room and see if anything is going on.

While on campus, drop by and say “Hello” to our President, Dr. John Dempsey. He’s been caring for our students, faculty, and staff since 1989.

If you’d rather not wander around by yourself and have a personal campus tour instead, call Ryan Riggan at (910) 246-5365 or rigganr@sandhills.edu.

One-on-one help from volunteer or peer tutors allows students to become responsible learners by helping them stay on track, assisting in understanding assignments and offering ways to improve study skills.

Online or face-to-face tutoring is available. Simply email tutoring@sandhills.edu.

Sandhills has an “open-door” admission policy. If you are a high school graduate or are 16 or older and hold a high school equivalency certificate or an adult high school diploma, you can take curriculum/college credit courses.

With so many students, you may wonder if you will receive the attention and support you need. That’s where our 13:1 student-to-instructor ratio comes in handy. Better still, 75% of our course hours are taught by full-time faculty which means you won’t spend an eternity trying to track someone down with phone calls or email — you
Our newest transfer program is designed for those who plan to go into K-12 education. It will allow students to begin with us and move into a bachelor’s program at a university.

- Sue Sheets
Coordinator of Teacher Preparation Program, Mathematics Instructor

**NEW PROGRAM!**

**Associate in Fine Arts in Visual Arts**

The Associate in Fine Arts in Visual Arts degree is designed for students who wish to transfer to one of the UNC Bachelor in Fine Arts (BFA) in Visual Arts programs under the Associate in Fine Arts in Visual Arts to Bachelor in Fine Arts Articulation Agreement. There are seven BFA-granting institutions within the UNC system whose focus is on the visual arts: Appalachian State University, East Carolina University (BFA in Studio Art), East Carolina University (BFA in Arts), UNC Asheville (BFA in Art), UNC Chapel Hill (BFA in Studio Art), UNC Charlotte (BFA in Art), UNC Greensboro (BFA in Studio Art), and Western Carolina University (BFA in Art).

**Associate in Fine Arts in Music**

The Associate in Fine Arts in Music degree is designed for students who wish to transfer to one of the UNC Bachelor in Music programs under the Associate in Fine Arts in Music to Bachelor in Music Articulation Agreement. There are ten granting institutions within the UNC system: Appalachian State University, East Carolina University, North Carolina Central University, UNC Chapel Hill, UNC Charlotte, UNC Greensboro, UNC Pembroke, UNC School of the Arts, UNCWilmington, and Western Carolina University.

**Associate in Arts and Associate in Science in Teacher Preparation**

The Associate in Arts and the Associate in Science in Teacher Preparation degrees are designed for students who wish to transfer to a university to earn a Bachelor of Arts or Bachelor of Science degree in education with the ultimate goal of teaching at the elementary, middle or high school levels.
NEW PROGRAM!

**Associate in Fine Arts in Theatre (Acting or Technical)**

The Associate in Fine Arts in Theatre program is scheduled to begin fall semester 2022.

Designed for students who plan to transfer to one of the UNC Bachelor in Arts in Theatre programs under the Associate in Fine Arts in Theatre to Bachelor in Arts Articulation Agreement, students will make use of the Bradshaw Performing Arts Center. They can transfer to one of the eleven BA-granting institutions within the UNC system whose focus is on theatre: Appalachian State University (BA in Theatre Generalist), East Carolina University (BA in Theater Arts), Fayetteville State University (BA in Theatre), North Carolina Central University (BA in Theatre), UNC Asheville (BA in Drama), UNC Chapel Hill (BA in Dramatic Art), UNC Charlotte (BA in Theatre), UNC Greensboro (BA in Drama), UNC Pembroke (BA in Theater Arts), UNC Wilmington (BA in Theatre), or Western Carolina University (BA in Arts in Stage and Screen).

In addition to our transfer opportunities with all public NC universities and numerous private colleges and universities, we partner with these universities:

**NC State’s College of Agriculture and Life Sciences (CALS) PackTrac Program** is for those interested in a career in agriculture

Contact NC State advisors at cals_advising@ncsu.edu, (919) 515-2614 or SCC Director of Recruiting Ryan Riggan at rigganrr@sandhills.edu, (910) 246-5365.

**The Carolina Student Transfer Excellence Program (C-STEP) Program** is for those interested in a bachelor’s degree from UNC

Contact C-STEP Coordinator Matthew Dial at dialm@sandhills.edu or (910) 695-3960.

**The Pathway to Excellence Program** for those interested in a bachelor’s degree from UNCW

Contact University Studies Coordinator Catherine Skura at skurac@sandhills.edu or (910) 695-3750.

**The BraveSTEP Program** is for those interested in a bachelor’s degree from UNCP

Contact University Studies Coordinator Catherine Skura at skurac@sandhills.edu or (910) 695-3750.

**The Pirate Promise Agreement** is for those interested in a bachelor’s degree from ECU

Contact University Studies Coordinator Catherine Skura at skurac@sandhills.edu or (910) 695-3750.

**For those interested in a bachelor’s degree from St. Andrews University**

Contact the Director of the Sandhills Program Robert Bell at bellrf2@sa.edu or (910) 695-3888.
Our Automotive Systems Technology and Collision Repair and Refinishing programs are taught using a combination of classroom instruction and hands-on application.

**Automotive Systems Technology**
- Associate in Applied Science Diploma
- Automotive Management Certificate
- C-Tech Certificate
- Light Duty Diesels and Emerging Technologies Certificate

The Automotive Systems program will provide you with the technical knowledge and skills required to repair, service, and maintain all types of automobiles.

**Collision Repair and Refinishing**
- Associate in Applied Science Diploma
- Automotive Fabrication Certificate
- Non-Structural Repair Certificate
- Paint and Refinishing Certificate
- Structural Repair Certificate

Our Collision Repair and Refinishing program can prepare you to apply technical knowledge and skills to repair, reconstruct and finish automobile bodies, fenders, and external features.

Upon successful completion, you will be prepared to take the ASE exams and be ready for full-time, entry-level employment in dealerships and repair shops.

**AVIATION**
- sandhills.edu/aviation

Associate in Applied Science in Aviation Management
- Associate in Applied Science in Professional Pilot Technology

The Aviation Management and Career Pilot Technology curriculum can prepare you for a variety of aviation and aviation-related careers including the commercial airlines, general aviation, the aerospace industry, the military, unmanned aircraft systems industries, and state and federal aviation organizations.

Successful graduates may earn a commercial pilot certificate with an instrument rating, specialize in aviation management or in unmanned air systems, and may find employment as commercial, corporate, and military pilots, fixed base operators and airport managers, as pilots or technicians in the unmanned aircraft systems industry, or as flight instructors, and flight dispatchers.

Sandhills Community College allows entry points into the program based on prior certifications. We also offer generous credit for prior learning as a hobbyist or through military training.

Our Aviation degree program can prepare you for a variety of aviation and aviation-related careers. We offer generous academic credit for prior learning as a hobbyist or through military training.

- **Keith Davies**
  Aviation Coordinator and Instructor
The variety of skills and experiences you can gain in earning a Management and Business Technologies credential will transfer directly to the ‘real world’ in virtually every industry.

- Victoria Collins
  Office and Medical Office Administration Coordinator, Associate Professor

**BUSINESS ADMINISTRATION**
sandhills.edu/business

A business education provides one of the most versatile and flexible educational experiences available. The variety of skills and experiences you learn will transfer directly to the “real world” in virtually every industry. A business degree can provide you with a variety of skills including management, marketing, analytical abilities, financial analysis, problem solving, overcoming obstacles, and budgeting.

**Accounting and Finance**
Associate in Applied Science-Accounting
Associate in Applied Science-Finance
Business Analytics Certificate
Bookkeeping Certificate
Finance Analytics Certificate
Marketing Analytics Certificate

The Accounting and Finance curriculum is designed to provide you with the knowledge and the skills necessary for employment and growth in the accounting and finance profession. Accountants and finance professionals assemble and analyze, process, and communicate essential information about financial operations.

Successful graduates should qualify for entry-level accounting and finance positions in many types of organizations including accounting firms, small businesses, manufacturing firms, banks, hospitals, school systems, and governmental agencies.

**Business Administration**
Associate in Applied Science
Diploma
Banking and Finance Certificate
Entrepreneurship and Small Business Management Certificate
Human Resources Certificate

Business Administration/Hospitality Management Associate in Applied Science
Business Administration/Hospitality Management Certificate

The Business Administration program is designed to introduce you to the various aspects of the free enterprise system. You will be provided with a fundamental knowledge of business functions and processes, and an understanding of business organizations in today’s global economy.

Through these skills, you will have a sound business education base for lifelong learning. Successful graduates are prepared for employment opportunities in government agencies, financial institutions, and large to small businesses or industries.

**Health Information Technology**
Associate in Applied Science

The Health Information Technology program is a partner program with Pitt Community College that can provide you with the knowledge and skills to process, analyze, abstract, compile, maintain, manage, and report health information. Graduates may be eligible to write the national certification examination to become a Registered Health Information Technician (RHIT). Employment opportunities include hospitals, rehabilitation facilities, nursing homes, health insurance organizations, outpatient clinics, physicians’ offices, hospice, and mental health facilities.

**Medical Office Administration**
Associate in Applied Science
Certificate
Associate in Applied Science-Medical Coding and Billing
Associate in Applied Science-Patient Service Rep
Medical Office Coding Certificate

The Medical Office Administration program can prepare you for employment in medical and other healthcare-related offices.

Employment opportunities are available in medical and dental offices, hospitals, insurance companies, laboratories, medical supply companies, and other health-care-related organizations.

**Office Administration**
Associate in Applied Science
Certificate
Associate in Applied Science-Customer Service Certificate
Associate in Applied Science-Legal Office Certificate
Associate in Applied Science-Office Software Certificate

The Office Administration program can prepare you for positions in administrative support careers. It equips office professionals to respond to the demands of a dynamic computerized workplace.

Our successful graduates qualify for employment in a variety of positions in business, government, and industry. Job classifications range from entry-level to supervisor to middle management.
If computer operations, networking or repair are of interest to you, or if you are intrigued by the tasks computers can perform, we have a variety of career pathways.

**Computer Engineering Technology**
- Associate in Applied Science - IT Support
- Associate in Applied Science - Networking
- Associate in Applied Science - Security

- Generalist Certificate
- IT Professional Certificate
- IT Support Certificate
- Networking Certificate
- Security Certificate

Computer Engineering Technology will provide you with the skills required to install, service, and maintain computers, peripherals, networks, and microprocessor and computer-controlled equipment. Included is instruction in mathematics, computer electronics and programming, prototype development and testing, systems installation and testing, solid state and microminiature circuitry, peripheral equipment, and report preparation.

**Information Technology**
- Associate in Applied Science - Computer Programming and Development
- Associate in Applied Science - Digital Media Production
- Associate in Applied Science - Gaming and Simulation

- Computer Database Certificate
- Digital Media Production Certificate
- Gaming and Simulation Certificate
- Generalist Certificate
- Programming C# Certificate

The Information Technology program prepares graduates for employment in the technology sector as designers, testers, support technicians, system administrators, developers, or programmers who use computer software and/or hardware to design, process, implement and manage information systems in specialties such as database services, security, business intelligence, healthcare informatics, gaming, simulation, and others depending on the technical path selected within the program.

---

**CAMPUS HEALTH PRECAUTIONS**

For the continued safety and well-being of students, faculty and staff, the college has undertaken efforts to stymie the spread of the COVID-19 virus on campus:
- All face-to-face classroom and lab instruction will require covering of the nose and mouth (mask, bandanna, or scarf) and proper physical distancing.
- A nose and mouth covering is required if within six feet of another person whether it be indoors or out.
- Additional touch-free hand sanitizing stations have been installed.
- Deep cleaning is carried out each evening using EPA-approved disinfectants and foggers.
- Campus-wide sanitation of door pulls and light switches is carried out twice every weekday.
- The use of water fountains has been discontinued.
- Service desk shields have been installed.
- Doors and hallways are marked as to traffic flow direction.
- Bathrooms have posters reminding of proper hand-washing techniques.

16 CURRICULUM  |  Apply at sandhills.edu/apply-now  |  910-695-3725
**COSMETOLOGY**  
sandhills.edu/cosmetology

Associate in Applied Science  
Diploma  
Certificate

Our Cosmetology program will provide you with the knowledge, principles, and fundamentals associated with the beauty industry.

We instruct a simulated salon environment and offer services to the local community which will help develop your manipulative and personal skills.

The North Carolina State Board of Cosmetology allows us to offer an internship opportunity to students who qualify. In addition to regularly scheduled classes, students can complete 10 percent of their education in an approved salon.

When you finish our program, you will be qualified to sit for the State Board of Cosmetic Arts exam. Our graduates have a very high passage rate on this exam.

- **Dena Cumberbatch**  
  Cosmetology Instructor

---

**CULINARY and PASTRY ARTS**  
sandhills.edu/culinary  
sandhills.edu/bakingpastry

**Culinary Arts**  
Associate in Applied Science  
Certificate  
Culinary Arts-Restaurant Management Certificate

Our Culinary Arts program provides specific training required to prepare you to assume a position as a trained culinary professional in a variety of food service settings including full-service restaurants, hotels, resorts, clubs, catering operations, contract food service, and health care facilities.

**Baking and Pastry Arts**  
Associate in Applied Science  
Certificate

Our Baking and Pastry Arts program is designed to provide you with the skills and knowledge required for employment in the baking/pastry industry including restaurants, hotels, independent bakeries/pastry shops, wholesale/retail markets, and high-volume bakeries.

When you finish our program, you will be qualified to sit for the State Board of Cosmetic Arts exam. Our graduates have an extremely high passage rate on this exam.

- **Erin Durkee**  
  Culinary Arts  
  Department Chair, Coordinator, Instructor

---

Our program, the Peggy Kirk Bell Culinary Arts Center, complete with our Whole Harvest Kitchen and Russell Dining Room, is second to none in culinary schools.
Architectural Technology
Associate in Applied Science Certificate

We will prepare you to assist architects, engineers, and construction professionals in developing plans and related documentation for residential and commercial projects in both the private and public sectors.

Included is the instruction in architectural drafting, computer-assisted drafting, construction materials and methods, environmental systems, codes and standards, structural principles, cost estimation, planning, graphics, and presentation.

Civil Engineering Technology
Associate in Applied Science Certificate

We will prepare you to use basic engineering principles and technical skills to carry out planning, documenting and supervising tasks in sustainable land development and public works and facilities projects.

Instruction provided in the communication and computational skills required for materials testing, structural testing, field and laboratory testing, site analysis, estimating, project management, plan preparation, hydraulics, environmental technology, and surveying. Graduates should qualify for technician-level jobs with both public and private engineering, construction, and surveying agencies.

Environmental Engineering Technology
Associate in Applied Science Certificate

We will prepare you to use mathematical and scientific principles to modify, test, and operate equipment and devices used in the prevention, control and remediation of environmental problems and development of environmental remediation devices.

Instruction covers environmental safety principles, environmental standards, testing and sampling procedures, laboratory techniques, instrumentation calibration, safety and protection procedures, equipment maintenance, and report preparation.

Geomatics Technology
Associate in Applied Science Certificate

We include instruction in applied geodesy, computer graphics, photointerpretation, plane and geodetic surveying, mensuration, traversing, survey equipment operation and maintenance, instrument calibration, and basic cartography.

Industrial Systems Technology
(Hoke Center Only)
Associate in Applied Science Diploma
Machining Technology Certificate
Production Technologies Certificate

We will prepare you to safely service, maintain, repair, or install equipment. Instruction includes theory and skill training needed for inspecting, testing, troubleshooting, and diagnosing industrial systems.
Emergency Medical Science
Associate in Applied Science Certificate
Our Emergency Medical Science program is designed to provide you with the knowledge and skills necessary for employment in the fitness and exercise industry. Successful graduates qualify for employment opportunities in commercial fitness clubs, YMCA's/YWCA's, wellness programs in business and industry, Parks and Recreation Departments and other organizations implementing exercise and fitness programs.

Medical Laboratory Technology
Associate in Applied Science
Our Medical Laboratory Technology program will prepare you to perform clinical laboratory procedures that are used in the maintenance of health and diagnosis and treatment of disease.

Ophthalmic Medical Personnel
Diploma
The Ophthalmic Medical Personnel program prepares you to perform ophthalmic (eye) procedures under the supervision of a licensed physician specializing in Ophthalmology.

Radiography
Associate in Applied Science
Our Radiography program prepares you to be a radiographer, a skilled health care professional who uses radiation to produce images of the human body (X-Rays). industry.

Respiratory Therapy
Associate in Applied Science
By studying Respiratory Therapy, you will be prepared to work as a respiratory therapist. You will perform diagnostic testing, explore treatments and help manage patients with heart and lung diseases.

Surgical Technology
Associate in Applied Science
Our Surgical Technology program prepares you to assist in the care of surgical patients in the operating room and to work as a member of the surgical team.

Our program was the first such program available through North Carolina community colleges beginning in 2007.

- Angela Ball
Health and Fitness Science Instructor

Our Ophthalmic Medical Personnel program can be completed in as fast as one year. We begin each program year with summer semester in May. Graduates usually have employment offers prior to graduation.

- Alberta Purvis
OMP Coordinator, Associate Professor

HEALTH and FITNESS SCIENCE
sandhills.edu/fitness

HEALTH SCIENCES
sandhills.edu/healthsciences
**LANDSCAPE GARDENING**
sandhills.edu/landscapegrd

Our graduates can be found owning and operating successful nurseries and managing many notable gardens.
- Jack Douglas
  Landscape Gardening Instructor

**NURSING**
sandhills.edu/nursing

Our innovative nursing program encourages excellence through the development of critical thinking and the use of evidence-based practice.
- Joanne Kulka
  Nursing Professor

---

**LANDSCAPE GARDENING**

Associate in Applied Science
Landscape Construction Certificate
Landscape Design Certificate
Greenhouse Grower Certificate
Associate in Applied Science - Turfgrass Management Turfgrass Management Certificate

Our Landscape Gardening program can prepare you to construct, manage and maintain indoor and/or outdoor ornamental and recreational plants and related conceptual designs established by landscape architects, interior designers, enterprise owners or managers and individual clients.

Our graduates have found employment in a variety of positions associated with nurseries, garden centers, greenhouses, landscape operations, government agencies/parks, golf courses, sports complexes, highway vegetation, turf maintenance companies, and private and public gardens.

Graduates are prepared to take the North Carolina Pesticide Applicator’s Examination and the North Carolina Certified Plant Professional Examination.

---

**NURSING**

Associate Degree in Nursing Nurse Aide Certificate

Our Associate Degree Nursing (ADN) curriculum provides knowledge, skills, and strategies to integrate safety and quality into nursing care. Graduates of our program are eligible to apply to take the National Council Licensure Examination (NCLEX-RN) and we have a very high passage rate. Employment opportunities are vast within the global health care system.

Our program is approved by the North Carolina Board of Nursing.

There are three stages for admission to the nursing program with very specific tasks to accomplish and milestones to meet to advance to the next stage.

Earning an ADN at SCC can move you into earning a Bachelor of Science Degree in Nursing (BSN) at North Carolina universities.

We offer the RIBN program which is a partnership between Sandhills Community College and UNC-Pembroke that utilizes a dual enrollment and four-year shared curriculum pathway for students to achieve a BSN at the beginning of their nursing career.

Our Nurse Aide program prepares students to work under the supervision of licensed nursing professionals in performing nursing care and services for persons of all ages. Upon completion, they may be eligible for listing as a Nurse Aide I and other selected Nurse Aide registries as determined by the local program of study.
PUBLIC SERVICES
 sandhills.edu/publicservices

The public services field has very diverse workforce needs. We can help train you for a career in law enforcement, criminal justice, early childhood education, or fire protection.

**Criminal Justice Technology**
Associate in Applied Science Certificate
Associate in Applied Science Forensics Certificate

Our Criminal Justice Technologies program is designed to provide you with the knowledge of the criminal justice systems and operations. Study will focus on local, state, and federal law enforcement, judicial processes, corrections, and security services. The criminal justice system's role within society is explored.

**Fire Protection Technology**
Associate in Applied Science*
Fire Inspection Certificate
Fire Management Certificate

The Fire Protection Technology curriculum is designed to provide you with knowledge and skills in the technical, managerial, and leadership areas necessary for advancement within the fire protection community and related firefighting industries, and to provide currently employed firefighters with knowledge and skills often required for promotional consideration.

* All courses required for this program be completed online. There are two work-based learning courses carried out at fire stations.

**Basic Law Enforcement Training**
Certificate

Basic Law Enforcement Training (BLET) is designed to give you the essential skills required for entry-level employment as law enforcement officers with state, county or municipal governments, or with private enterprise.

Summer BLET class begins in May and students will graduate in August. This day class meets five days a week and several Saturdays.

- Robert Kehoe
  BLET Director and Associate Professor

**Early Childhood Education**
Associate in Applied Science -Non-Teaching Licensure Transfer
Early Childhood Education-Infant/Toddler Care Certificate
Early Childhood Education-Preschool Care Certificate

Our Early Childhood Education program will prepare you to work with children from birth through eight in diverse learning environments. Learned theories are combined with practice in actual settings with young children under the supervision of qualified teachers.

- Samantha Allen
  Therapeutic Massage Coordinator and Professor

**THERAPEUTIC MASSAGE**
 sandhills.edu/nursing

Associate in Applied Science Diploma

Our program will prepare you to work in direct client care settings to provide manipulation, methodical pressure, friction and kneading of the body for maintaining wellness or treating alterations in wellness throughout the lifespan. Employment opportunities include hospitals/rehabilitation centers, health departments, home health, medical offices, nursing homes, spas/health/sports clubs, and private practice.

- Robert Kehoe
  BLET Director and Associate Professor

- Samantha Allen
  Therapeutic Massage Coordinator and Professor
Flyers Update

The 2020-21 athletic season was a tremendous success, even with the limitations put upon coaches and athletes by the Covid-19 pandemic.

Our men's cross country team made it to the Nationals in Fort Dodge, Iowa, with brothers Sam and Josh Patterson earning top 15 finishes and both receiving All-American status.

Our indoor volleyball team, playing up this season in the NJCAA Division II classification, finished with a 16 and 5 overall record, good enough for a Fourth place Region Ten finish. Morrigan Denman and Carley Modlin were First Team All-Region selections and Camryn Lowe and Alexus McCrimmon were on the second team. Carley Modlin was an All-American Nominee and made the All-Tournament Team.

Our men's basketball team, also playing in the NJCAA Division II classification, wrapped up their regular season with a second-place Region Ten finish and took a 17 and 3 overall record into tournament play. As this went to press, the Flyers were headed to the NJCAA Division II National Championship to be played April 20-24 in Danville, IL.

Men's golf recently began off with the team competing in three tournaments, winning one and finishing third in the other two.

The College's first beach volleyball season begins in April on the brand new sand courts located behind Dempsey Student Center.
Army Experience Led This Veteran to a Career in Nursing

A Google search led Nursing student Andrew Turner to Sandhills Community College, and the rest is history.

“I decided to pursue nursing after being exposed to combat casualty care in the Army,” Andrew said. “Nursing appealed to me because it is so broad, and you can do a lot of different things with it.”

Andrew grew up in Arkansas and was stationed at Fort Bragg. He met his wife in North Carolina and decided to make Pinehurst their home.

Andrew can often be found in Kennedy Hall. “I have spent many afternoons and very early mornings there with friends and classmates preparing for tests, projects, and check-offs,” he said.

His favorite part of training is the clinicals. “They allow us not only to put our skills into practice but to see everything we’ve learned in class in the real world and put it all together.” After graduating in May, Andrew plans to work in the Emergency Room at FirstHealth and begin his Bachelor of Science in Nursing.

“I haven’t met a Sandhills instructor yet that wouldn’t go out of their way to see a student reach that ‘Ah-ha!’ moment,” Andrew said.

“I haven’t met a Sandhills instructor yet that wouldn’t go out of their way to see a student reach that ‘Ah-ha!’ moment.”

As a veteran, Andrew receives support and guidance from Teresa Taylor in the Luke J. Ryan Veterans Center. “She’s always up to date on the changes the VA makes to our benefits and goes above and beyond to take care of the veteran students.

“Sandhills is a great community of support,” Andrew explained. “The different departments support each other and work together to bring out the best in their students. The students and faculty are also involved in the local community which, in turn, generates community involvement in Sandhills.”

Andrew currently works part-time at Dick’s Sporting Goods and enjoys projects around his house with his wife. “Since beginning college, we have remodeled two rooms and finished countless smaller projects,” he said.
Career and College Promise is the North Carolina program that offers structured opportunities at community colleges for qualified high school juniors and seniors to earn college credits or workforce continuing education credits toward an industry-recognized credentials or certifications.

Academic credits earned through Career and College Promise enable students who plan to continue into post-secondary education after graduating from high school to complete a post-secondary credential in less time than would normally be required.

Students who participate in the CCP program must be a NC resident or attend a NC high school.

To learn more, students are to contact their high school counselor or refer to our website (bit.ly/2W4srBq)

NEW SCHOLARSHIP PROGRAM

The Governor’s Emergency Education Relief (GEER) Scholarship Program provides scholarships of up to $500 for NC residents. Our qualifying classes are marked with an icon. The money can help cover the cost of tuition, fees, books, supplies, credentialing tests, transportation, childcare, and other items as deemed necessary.

Apply for the GEER Scholarship at: https://bit.ly/2H1312M

In addition to GEER, we have other funds to help students pay for Continuing Education courses.

Apply at: https://bit.ly/3nmJ2ep
STEAM Max Camp
Ages 8-11 and 12-14
Pinehurst Campus
$265 (T-shirt, snacks and drinks included, child must bring a lunch)
STEAM Max Camps include science, technology, engineering, visual arts, math and culinary.
• Hands-on learning opportunities and engaging activities in age-appropriate groups.
• Campers will rotate through five sessions each day. They will spend time each day creating their own 3D video games and 3D spaces they will explore using Virtual Reality and Augmented Reality.
• Part of each day will be spent uncovering mathematical concepts in visual arts and learning deliciously, creative tricks in the culinary portion of the camp.
• The engineering design room will give students the opportunity to tackle real-world challenges to increase problem-solving skills.

Course Code: 2001  Monday, July 12-Friday, July 16
8 am-3:30 pm

Course Code: 2002  Monday, July 19-Friday, July 23
8 am-3:30 pm

Camp in a Box
Ages 8-14
$150 (T-shirt will be included)
Bring STEAM (Science, Technology, Engineering, Art and Math) principles to new light for your child.
• Each Camp in a Box provides materials for five STEAM activities. Each activity has been designed by veteran educators and will have kids exploring, creating, and investigating the world.
• All materials and directions are included in each box.
• Campers will have the opportunity to share their creations through Padlet. Each box will include a QR code to scan with a smartphone to add pictures and videos and collaborate with fellow campers.

Limited space – Camp availability is based on current COVID-19 regulations and may change as needed for safety. Our policies include social distancing and masks are required while on campus.

Register for College For Kids Summer camps at summer.sandhills.edu or phone 910.695.3980.

Kids will be able to enjoy hands-on learning opportunities and engaging activities in age-appropriate groups.
- Tyler Callahan
Steam Max Leader
• Two STEAM Challenge Boxes available plus expansion boxes in the future.

Course Code: 2003  Box Pick Up: Mondays, July 12, 19 or 26 8:30 am-5 pm
Registration must be made by 5 pm the Thursday prior to selected Monday pick up.

Photography for Kids
Ages 10-14
Instructor: Mike Dubbs
$138
This is a fun course, designed to teach kids the basics of photography:
• A variety of cameras will be provided for course use.
• Campers will learn hands on the use of a Nikon D3200 digital camera.
• Each day will have a classroom portion followed by each day’s photo challenge.

Course Code: 2004  Monday, June 14-Thursday, June 17 1-4 pm
Course Code: 2005  Monday, July 26-Thursday, July 29 1-4 pm

Learn to Make T-Shirt Quilts
Ages: 11-16
Instructor: Jeanne McGrayne, Sandhills Quilters Guild member
Pinehurst Campus, 109 Van Dusen Hall
$150
If you have T-shirts you love but no longer wear, a T-Shirt quilt is the perfect thing to learn to make.
• Learn the steps to make a memory quilt for yourself or as a gift.
• Sewing or quilting experience is not required.
• Campers will need to bring several clean T-shirts and a working sewing machine.
• After designing and creating the quilt top, campers will apply backing and batting, encase and tie to finish the quilt.

Course Code: 2006  Monday, June 21-Friday, June 25 9 am-Noon

Line Dancing for Kids
Instructor: Belinda Musick
Pinehurst Campus, Blue Hall Gym
$55
In this four-day workshop campers will learn choreography for the most popular line dances.
• Included will be the Electric Slide, the Cupid Shuffle, and Copperhead Road.

Course Code: 2007  Monday, June 21-Thursday, June 24 2-4 pm

Introduction to Aerospace Technology
Instructor: Paul von Hardenberg
Pinehurst Campus
$150
This camp will give students a brief introduction to aerospace technology including airfoil design, rocket propulsion and drone technology.
• Campers will build and fly bottle rockets.
• They will explore airfoil design through rubber band powered airplanes and fly indoor drones.

Course Code: 2008  Monday, June 14-Thursday, June 17 9 am-Noon

Course Code: 2009  Monday, June 21-Thursday, June 24 1-4 pm
• Students will explore aviation career opportunities with a meet and greet with a NASA, Aerospace Engineer (currently working on drone technology) and/or an international drone racing expert (guest speakers will depend on which camp enrolled).
The Continuing Education Career Training program is a perfect local resource for adult learners who want to improve workplace skills, achieve job certification or recertification, improve employment marketability or explore new opportunities.

Career Training courses meet the criteria for Continuing Education Units (CEUs).

Early registration is encouraged. Call (910) 695-3980 to register.

Registration for Continuing Education Career Training classes is ongoing — classes begin throughout the semester.

HEALTH CARE OCCUPATIONS

Medical Assisting Part 1
Instructor: Lori Forrester
Pinehurst Campus, 104 Van Dusen Hall
$185.00 + texts
CEU: 39.6
Part 1 of a 3-part class to learn the front and back office skills required to become a Medical Assistant.
- Topics include A & P, medical terminology, safety and infection control, procedures/examinations, medical law and ethics, administrative procedures, billing, coding and insurance.
- This class gives students the skills needed to work as a Medical Assistant.
- Email: perrys@sandhills.edu for a complete list of program requirements.
- Prerequisites: WorkKeys Workplace Documents level 4 and Math level 3

Course Code: 1305 (Traditional)
Mondays-Thursdays, Oct. 4-Feb. 15  8:30 am-3 pm

EKG Technician
$185 + text
CEU: 9.6
Learn the required skills to become a certified EKG Technician and work in a variety of healthcare settings.
- Topics include cardiac anatomy and physiology, cardiac cycle, EKG strip analysis, 12 lead EKG, and EKG procedures.
- This class prepares students for the EKG certification with ASPT.

Course Code: 2306 (Traditional)
Pinehurst Campus, 104 Van Dusen Hall  Instructor: Jade Mashburn
Mondays and Wednesdays, May 17-Aug. 11  5:30-9:30 pm

Course Code: 2307 (Hybrid)  Instructor: Kerstyna Scott
Hoke Campus, 109 Johnson Hall
Tuesdays (classroom) and Thursdays (online), May 18-Aug. 5
5:30-9:30 pm

Course Code: 2308 (Online)  Instructor: Ann Rowe
Tuesdays and Thursdays, May 18-Aug. 5 5:30-9:30 pm

Central Sterile Processing
Instructor: Jeannine Kenzel
Pinehurst Campus, 204 Van Dusen Hall
$185 + texts
CEU: 9.6
Learn the primary responsibilities of a central sterile technician and the practical applications of concepts and procedures.
- Students will explore preparation, storage, distribution of instruments, supplies, and equipment, quality assurance and inventory management.
- Upon completion, students will be able to apply the principles of sterilization and disinfection in the workplace, as well as the principles of distribution of instruments and supplies.
- This class prepares students for the Sterile Processing Technician certification.

Course Code: 2309 (Hybrid)
Mondays and Wednesdays, May 17-Aug. 11  5:30-9:30 pm
Nurse Aide Level 1
Instructor: Margaret Dousharm  
Hoke Campus, 129 Upchurch Hall  
$205.50 + course pack  
CEU: 20.4
Prepare to work as a Nurse Aide under the supervision of licensed healthcare professionals by performing hands-on patient care.  
- Successful completion prepares students for the State Board examination for NC NA Registry listing.  
- Email: perrys@sandhills.edu for a complete list of program requirements.  
- Contact Jenell Powell at 695-3965 for enrollment approval.
Course Code: 2310 (Hybrid)  
Monday-Thursday, May 25-July 20  
Mandatory classroom meeting May 25  
8:30-10:30am  
Lab (to be scheduled)  
8:30 am-2 pm  
Clinical (to be scheduled)  
7:30 am-1:30 pm

Nurse Aid, Level 1 Refresher
Instructor: Jenell Powell  
Pinehurst Campus, 107 Van Dusen Hall  
$130  
CEU: 4.0
This 40-hour program is for those whose listing has expired on the NC Nurse Aide I Registry or those with a state-recognized or military healthcare credential.  
- There will be 10 hours of required online work. It is imperative that you attend all virtual meetings.  
- Eligible individuals must have completed a state-approved Nurse Aide I program and have a certificate or transcript supporting completion.  
- Contact Jenell Powell at 695-3965 for enrollment approval.
Course Code: 2314 (Hybrid)  
July 7-9, 13 and 14  
9 am-3 pm  
July 7 (mandatory class)  
9 am (please bring lunch and hydration)

Medical Administrative Assistant (CMAA)
$255 + text  
CEU: 9.6
Medical Administrative Assistants are valuable members of the healthcare team.  
- Students will learn patient registration, telephone, scheduling, medical records, accounts receivable, data entry, and medical claims.  
- This class prepares individuals for the Certified Medical Administrative Assistant (CMAA) national certification exam offered by the National Healthcareer Association (NHA).
Course Code: 2316 (Hybrid)  
Instructor: Terri Rush  
Pinehurst Campus, 113 Meyer Hall  
Mondays (classroom) and Wednesdays (online), May 17-Aug. 11  
5:30-9:30 pm

Course Code: 2317 (Hybrid)  
Instructor: Rachel Hall  
Hoke Campus, 109 Johnson Hall  
Tuesdays (online) and Thursdays (classroom), May 18-Aug. 5  
5:30-9:30 pm

Course Code: 2318 (Online)  
Instructor: Terri Rush  
Tuesdays and Thursdays, May 18-Aug. 5  
5:30-9:30 pm

Pharmacy Technician
$185 + texts  
CEU: 10.4
Prepare for the Pharmacy Technician Certification Exam and entry-level employment.  
- Topics include technical procedures for preparing and dispensing prescriptions, packaging and labeling, controlled substance procedures, inventory control, pharmacy calculations and over-the-counter drugs.  
- Upon completion, students will be able to perform basic supervised dispensing techniques in a community pharmacy setting.  
- Prerequisite: WorkKeys Math Level 3
Course Code: 2319 (Traditional)  
Instructor: Mia Bickel  
Pinheurst Campus, 204 Van Dusen Hall  
Tuesdays and Thursdays, May 18-Aug. 12  
6-10 pm

Course Code: 2320 (Online)  
Instructor: Ashley Rivera  
Tuesdays and Thursdays, May 18-Aug. 12  
5:30-9:30 pm

Phlebotomy Technician and Clinical Rotation
Instructor: Lavita Crichlow  
Pinehurst Campus, 104 Van Dusen Hall  
$205.50 + text  
CEU: 22.0
Learn the skills necessary to draw blood specimens in various healthcare settings and blood donation centers.  
- Topics include venipuncture, specimen handling, record-keeping and the healthcare profession.  
- A Work Keys Reading for Information test, drug screening, background check, and current immunizations are required for registration.  
- Email: perrys@sandhills.edu for a complete list of program requirements.
Course Code: 3322 (Hybrid)  
Instructor: Lavita Crichlow  
Pinehurst Campus, 104 Van Dusen Hall  
Aug. 17-Dec. 14  
Tuesdays (online) and Thursdays (classroom)  
6-9:30 pm  
Clinicals Mondays-Fridays  
8 am-4:30 pm  
One Saturday Class  
9 am-2 pm

Course Code: 3323 (Hybrid)  
Instructor: Rachel Hall, CPT  
Sandhills Hoke Center, 109 Johnson Hall  
Aug. 18-Dec. 13  
Mondays (online) and Wednesdays (classroom)  
6-9:30 pm  
Clinicals Mondays-Fridays  
8 am-4:30 pm  
Two Saturday Classes  
9 am-1 pm
# AUTOMOTIVE

**Auto Safety Inspection**  
Instructor: Wes Little  
Pinehurst Campus, 103 Sirotek Hall  
$75  
CEU: 0.8  
Successful completion certifies students to inspect motor vehicles under the NC Motor Vehicles Safety Inspection Law.  
- The prerequisite for this class is a valid driver's license.

See page 25 for more information about GEER Scholarships.
The Advanced Manufacturing program offers high-tech, in-demand career training through state-of-the-art equipment designed to meet the growing demand for skilled workers. Through partnerships with local employers, the Advanced Manufacturing Program aligns class offerings and curriculum to provide employers a pipeline of skilled workers with job-specific skills.

Classes prepare students to achieve national certifications from institutes such as the National Center for Construction Education Research (NCCER), Manufacturers’ Skills Standards Council (MSSC), Electronic Technicians’ Association (ETA), and the National Institute for Metalworking Skills (NIMS). Content focuses on safety and fundamental job skills preparing students for gainful employment. Job placement assistance and career coaching are offered to students who successfully complete the course.

Opportunities are also available for high school students. Please see your guidance counselor for more information regarding the high school track and visit sandhills.edu/ceccp for additional details.

For more information, contact Deneane Smith at (910) 246-4117 or smithl@sandhills.edu.

Advanced Manufacturing Education at SCC is made possible in part due to the generous contributions of these supporters:

- Duke Energy
- Golden Leaf Foundation
- Palmer
- ESAB

Classes are held at the Palmer Advanced Manufacturing Center on the Pinehurst Campus and at the Sandhills Hoke Center in Raeford.

Mechanical Power Transmission Fundamentals Level II
Instructor: James Marks
Prerequisites: MPTF Level 1
Hoke Campus, 107 Johnson Hall
$185.00
CEU: 10.5
Designed to provide the necessary foundation content to understanding working with mechanical power transmissions.

- Students will perform and understand safe proper service procedures, tools and proper installing.
- Set-up procedures and equipment necessary to analyze and repair typical industrial equipment will be taught.
- Emphasis is placed on mechanical equipment troubleshooting and repair, including common techniques and procedures.

Course Code: 3446
Mondays and Wednesdays, May 10-Sept. 27 6-9 pm

Mechanical Power Transmission Fundamentals Level III
Instructor: James Marks
Prerequisites: MPTF Level 1 & 2
Hoke Campus, MOD 6 & 7
$185.00
CEU: 11.1
Designed to provide the necessary foundation content to understanding working with mechanical power transmissions.

- Topics include filling, labeling, capping, carton forming, conveying, wrapping.
- Students learn about gear drives and hydraulics.
- Pneumatics, pumps and piping and power transmission accessories will be taught.

Course Code: 3447
Mondays and Wednesdays, May 10-Oct. 4 10 am-1 pm
VIRTUAL SKILLS ACADEMY

The Sandhills Community College Virtual Skills Academy offers a quick-start road map that allows students to build knowledge in preparation for a career in manufacturing. Unlike many other training programs, the Virtual Skills Academy requires minimal preparation. It is efficient, effective training that has been developed with input from manufacturing experts.

These online classes are self-paced, and easy to access through smart phones, tablets, and computers. Each course provides pre- and post-assessments and the ability to review and learn through a variety of engaging activities.

The engaging online classes are a preset curriculum with supplemental videos. There is pre- and post-training complete with knowledge assessments and guidance from Sandhills staff. By successfully completing the class, students are prepared for entry-level jobs in manufacturing and ready for further on-the-job training.

WELDING
Classes Begin Aug. 2021
Pinehurst Campus

Level I
Safety • Metal Cutting • Metal Fitting • Welding Skills

Level II
Physical & Mechanical Properties of Metal
Flux Cored Arc Welding
Interpreting Detailed Welding Drawings

ELECTRICAL
Levels I - IV
Classes Begin Sept. 2021
Pinehurst Campus

Taught by National Center for Construction Education and Research (NCCER) certified trainers and overseen by a master NCCER trainer.

BASIC MACHINING
Class Begins Aug. 2021
Pinehurst Campus

Skilled machinists are in high demand, and employment opportunities are possible in numerous industries. Learn to create and produce precision parts utilizing state-of-the-art industrial equipment.

See page 25 for more information about GEER Scholarships.
Technology course topics range from the most basic information for the absolute beginner to highly technical skills needed in the workplace. Whatever your stage in computer use, your classmates will be right there with you. Have fun, make new friends and learn to use computers and technology.

For additional information, contact Danaka Bunch 910-695-3775 or bunchd@sandhills.edu.

For the continued safety and well-being of students, faculty and staff, the college has undertaken efforts to stymie the spread of the COVID-19 virus on campus according to CDC guidelines.

All face-to-face classroom instruction will require covering of the nose and mouth (mask, bandanna, or scarf) and proper physical distancing.

The nose and mouth covering is required if within six feet of another person whether it be indoors or out.

Students must provide their own protective covering.

Continuing Education classes are subject to cancellation based on the status of the COVID-19 pandemic at the time of the class.

Registration for Continuing Education Technology classes is ongoing — classes begin throughout the semester.
INTERNET

**You Too Can YouTube**
Instructor: Phil Laton
Pinehurst Campus
$75
CEU: 1.2
YouTube is the premier online video sharing platform.
- Learn video production, promotion, procedures, and goal setting in this condensed instructor-led class.

Course Code: 2031  Fridays, July 9-Aug. 13  2-4 pm

**Getting Started with Google Drive**
Instructor: Will Allred
Pinehurst Campus
$75
CEU: 1.2
Google Drive is a free, versatile, web-based Microsoft Office alternative, suitable for both personal and professional use.
- Get a basic introduction to Google Drive as a file management resource, which will allow you access to your files anytime you have internet access.
- Learn to use Google's simple, flexible file and document sharing features.
- Become use Google's excellent suite of office software, including Google Docs, Google Slides, Google Sheets, Google Drawings, and Google Forms.

Course Code: 2032  Tuesdays & Thursdays, July 6-29  4:30-6:30 pm

IT CREDENTIALS AND CYBER SECURITY

**CompTIA A+ Certification**
Online Class
Instructor: Billy Barber
$185.00 + Test-out software ($129.00) to be purchased separately (provides 18 months of lab simulation and certification test preparation)
CEU: 12.6

This is the first in this series of our CompTIA IT Credentials and Cyber Security track of 3 certification preparation courses.
CompTIA A+ is the industry standard for establishing a career in IT and the preferred qualifying credential for technical support and IT operational roles — is about much more than PC repair. You will learn to:
- Become better prepared to troubleshoot and problem solve.
- Better understand a wide variety of issues ranging from networking and operating systems to mobile devices and security.
- Build the skills and knowledge to advance from A+ to Network+, and then to Security+ to complete the entire track and obtain these valuable credentials.
- Each course also counts toward DoD 8570 Information Assurance qualifications.

Course Code: 3101  Tuesday-Thursday, Aug. 17-Nov. 18  6-9 pm

**ARE YOU INTERESTED IN LEARNING PHOTOGRAPHY OR ADVANCING YOUR SKILLS?**

See all summer semester photography classes on page 41.

---

**CAMPUS HEALTH PRECAUTIONS**

For the continued safety and well-being of students, faculty and staff, the college has undertaken efforts to stymie the spread of the COVID-19 virus on campus:
- all face-to-face classroom and lab instruction will require covering of the nose and mouth (mask, bandanna, or scarf) and proper physical distancing,
- a nose and mouth covering is required if within six feet of another person whether it be indoors or out,
- additional touch-free hand sanitizing stations have been installed,
- deep cleaning is carried out each evening using EPA-approved disinfectants and foggers,
- campus-wide sanitation of door pulls and light switches is carried out twice every weekday,
- the use of water fountains has been discontinued,
- service desk shields have been installed,
- doors and hallways are marked as to traffic flow direction, and
- bathrooms have posters reminding of proper hand-washing techniques.
SELF-PACED ONLINE TUTORIALS

• build industry skills
• earn continuing ed credits
• begin anytime
• work at your own pace

Covering a wide variety of fields and subjects, you’ll have access to all course material and assessments from day one and many tutorials can be completed in just a few hours.

The course content is developed by industry leaders and you can get helpful student support whenever needed.

Upon finishing your tutorial with a passing score, you’ll receive a certificate of completion.

You will have up to three months to access course materials and complete the lessons.

INSTRUCTOR-LED ONLINE COURSES

Summer Semester Start Dates:
June 16, July 14, and August 18

We offer the highest-quality online continuing education courses and they are affordable, easy to use, and taught by top professionals in the field.

Whether you’re looking for professional development or personal enrichment, these six-week online courses are the perfect way to learn a new skill or enhance existing ones. You’ll spend roughly two to four hours each week completing two engaging lessons in an enjoyable, interactive learning environment.
With our ed2go Career Training programs, you can prepare for a nationally recognized certification in as little as six months. Our instructor-led programs will meet the needs of your busy lifestyle with an entirely online venue, self-paced programs and 24/7 access.

Military tuition assistance, student loans and government funding may be available. For complete information, go to: http://www.ed2go.com/career/financial-assistance.

We offer more than 100 courses. Visit http://careertraining.ed2go.com/sandhillscc/ to view course descriptions, tuition and registration information, or contact Jenny Troyer at (910) 695-3926 or troyerj@sandhills.edu.

**ONLINE CERTIFICATE PROGRAMS**

careertraining.ed2go.com/sandhillscc/

**ARTS AND DESIGN**

Online graphic design and web design programs make it easy for you to learn new skills or transition to a new career. Offers courses in Animation, Graphic Arts, and Web Design.

9 Programs

**BUSINESS**

Online management training and business skills programs can help you enter a new career field or advance your current skillset. Offers courses in Accounting, Administrative, Marketing and Sales, Operations, Project Management, and Small Business.

113 Programs

**CAREER ONLINE HIGH SCHOOL**

Earn your accredited high school diploma – online – and advance your employment or matriculate into a 2- or 4-year university.

2 Programs

**COMPUTER APPLICATIONS**

Whether you want to earn Microsoft certifications, learn QuickBooks, or even Photoshop, these online training programs can help you achieve your goals.

61 Programs

**COMPUTER SCIENCE**

Prepare for a career in software development or web development with online programming courses and programs. Programs include sought after programming languages like Java, C#, and HTML5.

15 Programs

**CONSTRUCTION AND TRADES**

The convenience of online construction training allows you to learn new concepts and skills at your own pace and in the comfort of your own home. Classes include Home Inspection Certificate, Principles of Green Buildings, Environmental and Energy classes, and Certified Indoor Air Quality Manager.

28 Programs

**HEALTH AND FITNESS**

Certificate programs in Administrative Medical Assistant, Certified Electronic Health Records Specialist, Certified Personal Trainer, Medical Billing and Coding + Medical Terminology, Pharmacy Technician, Administrative Dental Assistant, Physical Therapy Aide and other popular fields.

58 Programs

**HOSPITALITY**

Making a career out of helping others can be incredibly rewarding. Whether you want to be a travel agent, a wedding planner, or even a pastry artist, these online hospitality-training programs can help you get started.

20 Programs

**INFORMATION TECHNOLOGY**

Start your career in IT with foundational understanding of the industry. If you are an advanced professional, prepare for in-demand IT certifications to advance your career. Classes offered in Cloud computing, Networking, Security and many others.

48 Programs

**LANGUAGE**

Take your love for languages and turn it into a career with our online training programs. The professional Translator program prepares you to translate documents into English and into Spanish. It also prepares you to sit for the American Translators Association (ATA) certification exam.

1 Program

**LEGAL**

Did you know you can earn your paralegal certificate online? You can also become a Certified Mediator and Arbitrator. Each of these online training programs enables you to prepare for various legal careers. Classes offered: Certified Family Mediator, Certified Healthcare and Eldercare Mediator, Certified Mediator and Restorative Justice Practitioner, Legal Secretary, Paralegal, and more.

14 Programs

**TEACHER PROFESSIONAL DEVELOPMENT**

Whether you want to run an in-home daycare or want to learn more about child development, these online trainings are perfect for teachers or hopeful childcare professionals, alike.

3 Program

**WRITING**

Careers in writing are difficult to break into, even if you have a degree in writing studies. These online writing courses will teach you specialty careers and techniques to give you an edge within the industry.

1 Program
The Public Safety Department works in partnership with multiple accrediting agencies to provide training, certification and recertification, and specialty programs to assist the needs of local public safety agencies.

Whether you are seeking a career as a firefighter or are a seasoned veteran in Law Enforcement, EMS, or Fire and Rescue, the Public Safety Department has ongoing course offerings to assist. Engage in experiential learning developing the skills you need to be “Ready to Work and Ready to Respond.” Programs and course offerings are delivered in accordance with state agency requirements and standards.

For additional information, contact Denise Cameron at (910) 695-3944 or camerond@sandhills.edu or Tess Regan at (910) 695-3774 or regant@sandhills.edu.

Our Larry R. Caddell Public Safety Training Center is uniquely designed to provide the absolute best training for fire and rescue personnel.

ARTS, CRAFTS & HOBBIES

Landscape Design for the Sandhills
Instructor: Dee Johnson
Pinehurst Campus, 109 Van Dusen Hall
$75
CEU: 1.2
This condensed Summer course is for illustrating the principles of landscape design.
• Learn how to properly maintain plant materials, how to complete a design of your own, and proper maintenance.

Course Code: 2016    Thursdays, May 27-July 1    6-8 pm

ABC’s of Gardening in the Sandhills
Instructor: Dee Johnson
Pinehurst Campus, 109 Van Dusen Hall
$75
CEU: 0.8
Learn how to grow and care for plants in the Sandhills.
• Topics will include soil, water, pruning and fertilization.

Course Code: 2017    Tuesdays, June 8-29    3-5 pm

DANCE

Line Dancing - Beginner/Beginner+
Instructor: Belinda Musick
Pinehurst Campus, Blue Hall Gym
$75
CEU: 1.2
If you’re interested in improving your talent and confidence on the dance floor, this class is for you.
• This course is for beginners. We’ll begin with the basics, and you’ll be kicking up your heels before you know it. Leave your inhibitions at the door, and join in.
• The latest in country music will move us through fun choreographed dances.
• After six weeks, you’ll feel fearless on the dance floor at any party/event.

Course Code: 2018    Tuesdays, May 18-June 22    6-8 pm
Line Dancing - Improver/Intermediate  
Instructor: Belinda Musick  
Pinehurst Campus, Blue Hall Gym  
$75  
CEU: 1.2  
If you've been dancing for some time and mastered basic steps, it's time to tackle more complex moves.  
• This course is for non-beginner dancers.  
• We'll experience more counts, fun moves, and great music to move towards an improved foundation of dance.  
Course Code: 2019  
Thursdays, May 20-June 24  
6-8 pm

FILM & LECTURE  

Cinematic SeEquals: Films That Promote Cultural Awareness  
Instructor: Ron Layne, MA  
Pinehurst Campus, Clement Dining Room, Dempsey Center  
$25  
CEU: 1.2  
As the nation navigates issues of equity and inclusion, join us every other week this summer for a series of five films that explore the human dynamic across cultural divides.  
• This serio-comic cinematic journey explores both the comedy and tragedy of cultural clashes.  
• Discussions explore the avenues humans travel to reach greater levels of acceptance and understanding.  
Course Code: 2020  
Thursdays, May 27, June 10, 24, July 8 and 22  
2-4:30 pm

Land of the Free, Home of the Brave - Part V  
Instructor: Peter Yellen, former Chief Prosecutor for Military Trials with the 2nd Marine Division at Camp Lejeune and former Chief of Staff to the New York and Arkansas Attorneys General

FREE (Seating is limited. Early registration recommended.)  
CEU: 0.4  
Part V of candid and highly interactive discussions of contemporary events. This class will feature:  
• “The Rule of Law” as applied to the events of January 6th in Washington, DC, focusing on President Donald Trump’s final days in office, his speech on January 6, and the surprising events that followed.  
• The President’s request for a recalculation of votes in Georgia and the subsequent convening of a Fulton County Georgia Grand Jury in Atlanta.  
• The exploration of District Attorney Cyrus Vance, Jr’s convening of New York County Grand Jury related to the former President’s tax records.  
• Participants will be given a glimpse into a courtroom, where every phase of a criminal trial will be discussed—from arraignment and opening statements through verdict.  
Course Code: 2021  
Wednesdays, June 16 & 30  
1-3 pm

PHOTOGRAPHY

Course Code: 2024  
Mondays and Wednesdays, June 21-July 14  
1-3 pm
For the continued safety and well-being of students, faculty and staff, the college has undertaken efforts to stymie the spread of the COVID-19 virus on campus according to CDC guidelines.

All face-to-face classroom instruction will require covering of the nose and mouth (mask, bandanna, or scarf) and proper physical distancing. The nose and mouth covering is required if within six feet of another person whether it be indoors or out. **Students must provide their own protective covering.**

Continuing Education classes are subject to cancellation based on the status of the COVID-19 pandemic at the time of the class.

---

### CULINARY CLUB

For your safety, please bring an apron, wear long sleeves, long pants or skirts, and nonslip closed toe-shoes.

#### Cupcake Pull Apart Cake
Instructor: Chef Felicia Everts
Pinehurst Campus, Culinary Main Kitchen, Little Hall
$75
CEU: 0.3
Do you love the look of a birthday cake but want the ease of throwing a batch of cupcakes in the oven? Well, now you don’t have to choose between the two.
- Students will make cupcakes and then bake them off.
- While cupcakes are baking students will learn to make American buttercream.
- Once cupcakes are cooled students will then be show to how to build and ice the cupcakes to look like a cake.
- Cupcake cakes that can be made are an Ice Cream Cone Cupcake, a slice of pizza or a watermelon.

Course Code: 2025  Wednesday, June 2  5-8 pm

#### Cake Decorating
Instructor: Chef Felicia Everts
Pinehurst Campus, Culinary Main Kitchen, Little Hall
$75
CEU: 0.3
With practice and patience, magnificent cake decorating can be learned.
- Students will build and stack a 6” cake that has already been baked ahead of time then frost the stacked cake and decorate.
- Beginning with the basics, students will be shown how to use cake combs as well as basic piping techniques to decorate.

Course Code: 2026  Friday, June 11  10 am-1 pm

#### Anti-Gravity Cake
Instructor: Chef Felicia Everts
Pinehurst Campus, Culinary Main Kitchen, Little Hall
$75
CEU: 0.3
Learn how to create stunning cakes which defy gravity.
- Students will stack and ice a 6” cake and then learn how to make an anti-gravity cake.
- Students will choose from mini-Oreos, m&m’s or whoppers for the candy that will create the anti-gravity look.

Course Code: 2027  Wednesday, June 16  5-8 pm

#### Sugar Cookie Decorating
Instructor: Chef Felicia Everts
Pinehurst Campus, Culinary Main Kitchen, Little Hall
$75
CEU: 0.2
Would you like to learn how to better decorate cookies?
- Students will learn how to decorate sugar cookies with royal icing with the flooding method.
- Cookies will be baked ahead of time as will the icing, but tricks of the trade will be shared.

Course Code: 2028  Friday, June 25  10 am-1 pm
The Career Development Program at Sandhills Community College is a workforce development program providing skills assessment services, employability skills training, and career development counseling to individuals in transition and the emerging workforce.

Our goal is to assist students in assessing their interests, personality traits, and abilities, in setting career and/or educational goals, and in creating a pathway leading to economic, social, and educational success.

Career Development classes are available to all and may be free for qualified students. Students may also be eligible for a Continuing Education scholarship.

Contact Maria Campbell at (910) 695-3917 or campbellm@sandhills.edu for more information.

College and Career Readiness classes are offered at no cost to those in need of a high school equivalency diploma or those who need to improve their academic skills in preparation for college level courses. Each program is designed to meet students’ unique learning needs. Classes are available during the day and evening hours at several convenient locations in Moore and Hoke counties and online.

To provide safe, high quality learning opportunities to students, we will provide hybrid instruction (part in a classroom, part online) and state-approved paper learning packets with the ongoing, personalized support of dedicated instructors. Modified face-to-face classes may be provided in accordance with social distancing policies to ensure your safety and that of our staff.

We provide a variety of quality learning options to help students reach their educational goals which can lead to satisfying careers.

- Matthew Collier
CCR Instructor

ORIENTATION

Online orientations are available day and evenings (weekdays) for both Moore and Hoke Counties. Students with a valid score on assessment will be placed according to level.

Reserve Your Seat for the July Orientation
www.sandhills.edu/ccr or 910-695-3980

ADULT BASIC EDUCATION (ABE)

We offer ABE classes for the beginning, intermediate and advanced adult learners to help improve reading, writing, math, spelling, and language skills to fulfill educational and/or vocational goals.
- Various instructional methods available to meet all students’ needs.
- Limited face-to-face classes may be available during the week.
- Schedule may vary based on need and capacity limitations.

The mission of the Small Business Center at Sandhills Community College is to increase the success rate and numbers of viable small businesses in North Carolina by providing high quality, readily accessible assistance to prospective and existing small business owners leading to job creation and retention.

The NC Community College's Small Business Center Network (SBCN) assists in starting an average of 700 businesses each year. Small Business Centers have an economic impact in 90% of NC counties annually, helping to create and retain nearly 3,800 jobs.

**FREE WEBINARS, RESOURCES AND COUNSELING**

The Small Business Center is located at the Dedman Center for Business Leadership in 101 Van Dusen Hall. The center offers free seminars targeted to the needs of small business owners and startups. To register for a free seminar, visit sandhills.edu/sbc.

For free one-on-one counseling and information about starting a business or about specific business needs, contact Teresa Reynolds at (910) 695-3938 or reynoldst@sandhills.edu.

Currently, all Small Business Center classes are being delivered online as **LIVE** webinars. They will not be recorded. Registration is required for each webinar.

Classes may be added throughout the summer based on need and/or circumstances.

Upcoming classes are listed at: bit.ly/2H5VfAv

Be sure to check our website regularly or sign up for our e-mail alerts. Send your email address to: reynoldst@sandhills.edu.

LIKE us on Facebook at facebook.com/sbc.sandhills.edu. Here we will post updates regarding COVID-19, SBA Loan Programs, and other business support resources.

SANDHILLS COMMUNITY COLLEGE CORE VALUES

Integrity
Sandhills treats its students, faculty, and staff fairly and stands behind the commitments that are stated or implied in its policy documents and promotional materials. The college demands academic work that is honest and rigorous and that meets the expectations of employers and baccalaureate-level institutions.

Helpfulness
The faculty and staff of Sandhills are genuinely and eagerly helpful to the college’s students and to each other. Going the ‘extra mile’ is expected behavior at Sandhills.

Excellence
Sandhills provides educational programs of the highest quality and then provides the support necessary to promote student success. Similarly, the college employs faculty and staff who are exceptionally well-qualified to promote educational excellence and, in addition, encourages and supports them in the performance of their jobs.

Respect
The atmosphere of Sandhills Community College is one of respect, friendliness, and civility – values which are taught to students by the way in which faculty and staff interact with them and with each other.

Opportunity
Opportunity is at the core of Sandhills’ mission. The college provides educational opportunities to the students who enter through its open doors, opportunities for growth to the area’s businesses and lifelong learners, and opportunities for professional and personal development to its faculty and staff.

ALERTS
Sandhills Community College implements an alert notification system in the event of weather delays or closures or if there is an emergency on campus.

A text message is sent, a call delivered, and an email sent.
When a curriculum student applies to the college, the phone number indicated is the one called and text sent to. The student email address issued by the college is the one used.
Continuing Education students can complete an online form to become a part of the notification system. Please visit www.sandhills.edu/continuing-education and click on “Sign up for the college emergency and weather alert notification system.”
For students without Internet access, please complete a form available in the Registration in Office Van Dusen Hall.
To be removed from the list, please call (910) 695-3980 or email williamslo@sandhills.edu.
